Sale of AAI's residual stakes in 4 JVs deferred

**New Delhi:** The government has decided to temporarily defer the proposed sale of AAI's stakes in the private joint ventures operating the airports at Delhi, Mumbai, Hyderabad and Bengaluru, according to a senior official. State-owned Airport Authority of India's residual stakes in the four major airports are to be sold under the government's National Monetisation Pipeline that was announced in August last year.

Oct retail inflation for industrial workers eases

**New Delhi:** Retail inflation for industrial workers rose to 6.08 per cent in October from 6.49 per cent in September mainly due to lower prices of certain food items, according to the government data released on Wednesday. "Year-on-year inflation for the month stood at 6.08 per cent compared to 6.49 per cent for the previous month (September) and 4.52 per cent during the corresponding month (October 2021) a year before," a Labour Ministry statement said. Similarly, it stated that food inflation stood at 6.52 per cent against 7.76 per cent of the previous month (September, 2022) and 2.20 per cent during the corresponding month (October 2021) a year ago.

I&B Ministry notifies norms for platform service channels

Our Bureau  
New Delhi

The Information & Broadcasting Ministry on Wednesday released norms for platform service channels for multi-system operators (MSOs). Platform services (PS) channels are exclusive programming services offered at the local level by MSOs and are not registered channels.

According to the guidelines, the number of platform service channels that MSOs are now permitted to carry has been capped at 5 per cent of their total carriage capacity.

"To cater to the need of the local language and culture of the subscribers, this cap on PS channels will be computed at the level of State/Union Territory. Also, additionally, two PS channels will be permitted at the level of each district to cater to the need of local content at the district level," the Ministry added in a statement. All such channels will also need to carry a caption to distinguish them from registered TV channels, the statement added.

MSOs will also need to register their PS channels online for a fee of ₹1,000 per channel. The Ministry said an online registration portal for this purpose is under preparation and will be notified shortly.

PROGRAMMING GUIDE

"The content of the PS should be exclusive to the platform and is not to be shared directly or indirectly with any other Distribution Platform Operator.

However, sharing of live feeds from the religious places like temples, Gurudwaras etc.

FM sees strong growth, low inflation next year

**EXUDING CONFIDENCE.** Currency volatility will settle on its own, says Sitharaman

Bloomberg

Finance Minister Nirmala Sitharaman expects strong growth and lower inflation next year, as central bank authorities seek to stabilise the economy amid tough global headwinds.

"External factors were very strong in the inflation-targeting exercise," Sitharaman said on Wednesday at a Reuters event, noting that they were beyond the control of the government and the Reserve Bank of India. "We expect currency volatility to settle on its own."

Consumer price gains fell below 7 per cent for the first time in three months in October. The RBI, which has raised its benchmark rate by 190 basis points this year, is expected to remain hawkish at a monetary policy review next week. Rate setters penned a letter this month

**LOOKING UPBEAT.** Finance Minister Nirmala Sitharaman

to the government explaining its failure to contain inflation between 2 per cent and 6 per cent and outlined a road map for returning prices to target.

CAPEX TARGET

Sitharaman declined to describe specifics from the letter, but added that the government's top three priorities for 2023 will be "growth, health and education." The Finance Minister

said capital expenditure is a key way to drive growth. The government is offering incentives to firms that scale up manufacturing in India, hoping to capitalise on appetite to diversify operations away from China, she added.

"We are well on the course of meeting the capex target for this year," Sitharaman said. "States have shown exceptional absorption capacity for taking

the monies and spending them on capital assets. That is the only way we think we can sustain our growth because that is the sure-shot way of achieving the multiplier that the economy requires."

Sitharaman also defended the use of foreign exchange reserves to address the volatility in the currency that toughed record lows about a month ago. "All of us are confident that what has happened in terms of using reserves to contain the volatility was the right thing to do," she said.

ON RUSSIAN OIL

India stands on the side of its own interest, Sitharaman said when asked about whether India will join the price cap on Russian oil.

"India needs to take care of its own interest on oil and needs to have affordable and sustainable oil."

Big companies should invest much more, says Uday Kotak

Reuters  
Mumbai

India's biggest companies should be investing much more than they are currently, said Uday Kotak, Chief Executive of Kotak Mahindra Bank, in an interview.

He said that while interest rates were going up and there were many uncertainties for the global economy, India had benefited from supportive government policies and businesses needed to show more "animal spirit".

"Taking those investment calls and being bold at this point of time is the right thing for Indian businesses to do," said Kotak.

Across the banking sector, lending has been rising steadily - a sign of a new private investment cycle in the world's fifth largest economy.

As of November 4, credit extended by banks was 17 per cent higher than a year ago period, although deposit

Uday Kotak

but did not elaborate. He also said it was critical for the government to follow through on plans to privatise most state-run companies.

At present, India has 12 state-owned banks. "My sense is four-five banks may remain in the government sector while the remaining over time could become players with broader public or private ownership."

The government's privatisation efforts this financial year has seen it gain ₹28,380 crore (\$3.5 billion), most of that from the sale of a 3.5 per cent stake in LIC. That's far short of its goal of ₹65,000 crore.

growth has lagged, up a milder 8.25 per cent, according to central bank data.

Kotak said he believes the gap between credit and deposit growth will narrow in the next three to six months,

India-Australia free trade pact to be effective Dec 29

Our Bureau  
New Delhi

The India-Australia free trade agreement will come into effect from December 29, allowing zero-duty access to over 96 per cent of India's exports, including labour-intensive items such as apparels, leather goods, several engineering products and gems & jewellery from the first day itself.

"India and Australia consolidate their long-standing partnership. Economic Cooperation & Trade Agreement (ECTA), realised under the guidance of leaders on both countries, comes into effect from December 29, 2022. It is the dawn of a whole new era for our businesses and people," Commerce & Industry Minister Piyush Goyal tweeted on Wednesday.

The interim-ECTA, expected to increase bilateral trade to an estimated \$45-50 billion in five years from existing \$31 billion, was approved by Australian Parliament earlier this month.

India will provide zero-duty market access to 85 per cent of Australian goods, such as wool, sheep meat, coal and identified metals, on the first day of implementation increasing it to 91 per cent in 10 years while Australia will

provide zero-duty access to 100 per cent of Indian goods in five years.

Negotiations for a comprehensive India-Australia ECTA are now likely to be launched during the Joint Ministerial Commission meeting in January 2023. The comprehensive pact will include areas that had not been fully included or were excluded in the interim deal such as digital trade, government procurement, product

specific (rules of origin) and market access for some goods.

Australia has agreed to liberalise its visa regime for Indians in a number of areas as part of ECTA. It has agreed to an annual quota of 1,800 visas for yoga teachers and Indian chefs. It will also allow post study work visa (18 months-4 years) for Indian students that is likely to benefit more than one lakh Indian students, per government estimates.
