# HP champion, 100% adults given 1st dose: PM

PNS ■ NEW DELHI

Interacting with healthcare workers and beneficiaries of the Covid-19 vaccination programme in Himachal Pradesh, Prime Minister Narendra Modi on Monday praised their efforts against the pandemic saying the State has become the 'first State in India' to have administered at least one dose of corona vaccine to its entire eligible population.

This success has underlined the importance of 'Aamiriyas' and 'Aamiriyas' and 'Aamiriyas', Modi said in his address through the video-conferencing.

"Himachal Pradesh has emerged as a champion. It became the first State to vaccinate 100 per cent population of its eligible population with the first dose and one-third of the population with the second dose... Himachal Pradesh has

given me an opportunity to be proud. I have seen the State struggling for basic facilities but today we see them doing well. I want to congratulate and thank the Government and teams here," Modi said in the virtual address.

The Prime Minister expressed happiness that even in the remote district of Lahaul-Spiti, Himachal has been administered at least one dose of corona vaccine to its entire eligible population.

Calling for the need to complete the vaccination drive without leniency of any kind, Prime Minister noted that all the staff members including doctors, nurses and others worked as a team to carry out the vaccination drive in the State.

Modi pointed out that besides Himachal Pradesh, Sikkim, Dadra & Nagar Haveli have vaccinated 100 per cent of their eligible population with

the first dose of Covid-19 vaccines. More States are about to vaccinate their population with the first dose, he said.

The Prime Minister said the success of vaccination in India is the result of the spirit and hard work of its citizens. India has been vaccinating at the record speed of 1.25 crore doses a day. This means he said that the number of vaccinators in India in one day is more than the population of many countries.

Modi praised doctors, ASHA workers, Anganwadi workers, medical personnel, teachers, and women for their contribution to the vaccination campaign.

Referring to recently notified rules for operation of drones, Modi said these will be helpful especially in sectors like health and agriculture, opening doors for new possibilities.

## Tocilizumab gets nod for emergency use

NEW DELHI: The top drug regulator body, Drugs Controller General of India (DCGI) has approved emergency use of drug firm Hetero's Tocilizumab for treatment of hospitalised adults suffering from Covid-19.

Medical practitioners would be able to use the drug for treating Covid-19 in adults who receive systemic corticosteroids, and even those who require supplemental oxygen, non-invasive or invasive mechanical ventilation, or extracorporeal membrane oxygenation.

Tocilizumab, which is a biologic version of Roche's Actemra/RoActemra, would be available in the market by September end under the brand name Tocira.

In a statement, Dr P Sarin, Chairman, Hetero Group said that the approval was "extremely crucial" to ensure supply security in India due to a global shortage of Tocilizumab. "We are pleased with the approval of Hetero's Tocilizumab. This demonstrates our technical capabilities and commitment towards bringing important therapeutics relevant to Covid-19 care. We will work closely with the Government to ensure equitable distribution," Dr Sarin added.

The World Health Organization (WHO), in July, had recommended that the drug be used for critically ill Covid-19 patients.

## Rajnath, Gadkari to hold mock emergency landing on national highway in Barmer

PNS ■ NEW DELHI

An IAF plane with Defence Minister Rajnath Singh and Road Transport and Highways Minister Nitin Gadkari on board will conduct a mock emergency landing on a national highway in Rajasthan's Barmer this week.

This exercise is part of the two ministers inaugurating the 3.5 km-long strip on the national highway in Barmer, sources said here on Monday.

The highway is ready to handle emergency landings of the IAF's fighter jets and other aircraft, they said.

It is India's first national highway to be used for emergency landing of IAF aircraft, they added.

In October 2017, fighter jets and transport planes of the IAF had conducted mock landings on the Lucknow-Agra Expressway to show that such highways can be used by the IAF planes for landing in case of an emergency.

Officials said experts of the National Highway Authority of India (NHAI) worked in coordination with

IAF officials to develop the airstrip on the national highway in Barmer.

They said at least 12 national highways across the country besides the Barmer road are in the process of being upgraded so that they can be used as airstrips by the IAF planes in an emergency situation.

The parts of the national highways that are used as airstrips are being identified and prepared, sources added.

The use of highways for landing and take-off originated during World War two when Germany upgraded its roads known as autobahn for such purposes to facilitate its fighter jets.

Besides Germany, Sweden, South Korea, Taiwan, Switzerland, Singapore, China and some other countries have dedicated stretches of their highways and expressways to enable aircraft for landing and take-off.

In India, these dedicated stretches will also be used for facilitating relief work during natural disasters besides emergency landings.

## Study: Gilyo can be useful in treatment against Covid

PNS ■ NEW DELHI

In a first in the world, researchers at the Indian Institute of Science Education and Research (IISER), Bhopal, have sequenced the genome of Gilyo, a commonly available plant known for its medicinal properties. The genome sequencing of Gilyo (Tinospora cordifolia) is important due to its tremendous use in pharmaceuticals and ayurvedic formulations to treat various health conditions including Covid-19 and to provide deep insight into the genomic basis of its medicinal properties. Dr Vinet K. Sharma, Associate Professor, Department of Biological Sciences, IISER Bhopal, said, "Gilyo also has anti-microbial activity and is used in skin diseases, urinary tract infection, and dental plaque, among others. It is also found to reduce the clinical symptoms in HIV positive patients and its antioxidant activity, anti-cancer and chemo-protective properties. Gilyo extracts are found to be potential candidates in treating various cancers like brain tumour, breast cancer, and oral cancer, as well." The availability of sequencing of Gilyo genome will help in bridging the missing link between its genomic and medicinal properties. This study will provide leads for exploring the genomic basis of its medicinal properties. The research has been published in the international preprint server for biology bioRxiv.

# Forgery in Coast Guard promotion board to be probed

PNS ■ NEW DELHI

The defence ministry has initiated an internal probe against alleged forgery in records of officers due for promotion in the Coast Guard. A joint secretary will head the investigations into charges involving promotion to the second highest rank in the Coast Guard.

The decision to initiate a probe was taken after senior officers of the ministry were soured, sources said here on Monday adding the promotion board was also disbanded.

Giving details of the alleged forgery they said the issue surfaced in July this year when the promotion board was set up for considering a suitable candidate for the Additional Director General rank post.

The allegation is that there were anomalies in the marks given to the officers in the documents put up before the promotion board and the original documents with the defence ministry.

Officials said this discrepancy could have led to a junior officer being considered for the second highest rank in the Coast Guard. If the probe finds that charges of forgery are correct, the officers concerned may also be dismissed from service, they said.

The Indian Coast Guard is also part of the exercise. The participating Indian Naval Ships are the latest indigenous designed and built Guided Missile Stealth Frigate and Anti-Submarine Warfare Corvette respectively. They form part of the Indian Navy's Eastern Fleet based at Visakhapatnam under the Eastern Naval Command.

Commenced in 2015 as a bilateral maritime exercise, AUSINDEX has grown in complexity over the years and

the 3rd edition of the exercise, held in 2019 in the Bay of Bengal, included anti-submarine drills for the first time.

In the Fourth Edition, the surface units of both the countries will be exercising with Rankin, a Collins Class Australian submarine, Royal Australian Air Force P-8A and P-18A aircraft, along with integral helicopters of both the Navies.

The exercise will provide an opportunity for both Navies to further bolster interoperability, gain from best practices and develop a common understanding of procedures for Maritime Security Operations, navy officials said here on Monday.

The exercise is a true representation of Joint Guidance signed by the Chief of the Naval Staff of India and Chief of Australian Navy on August 18 this year.

This important document is aligned to the '2020 Comprehensive Strategic Partnership' between the two nations and aims to further consolidate shared commitment to regional and global security challenges, promoting peace, security and stability in the Indo-Pacific region.

India and Australia on Monday commenced a five day naval exercise off the Australian coast as part of the 4th edition of AUSINDEX. This edition of AUSINDEX includes complex surface, sub-surface and air operations between ships, submarines, helicopters and Long Range Maritime Patrol Aircraft of the participating Navies.

The Indian Navy Task Group comprises warships Shivalk and Kadmat, with Royal Australian Navy (RAN) Anzac Class Frigate, Warramunga which participated in Exercise MALABAR along with the Indian navy as well as of the exercise.

## ₹11K-cr road infra in Punjab, Haryana, Rajasthan inching to completion

PNS ■ NEW DELHI

The Centre on Monday said the road infrastructure across Punjab, Haryana and Rajasthan worth ₹11,000 crore are in a completion stage and the total highway strength of 315 km will be thrown open for the public by March 2022.

During a review meeting with Road Ministry officials, central road making agency NHAI and other stakeholders, Union Road Transport and Highways Minister Nitin Gadkari said in most of the projects 80 per cent works are completed and is ready for commissioning stages in many parts of the country.

The meeting was convened to take stock of the various highways, road and expressways projects which also saw participation from the State Public Works Departments (PWD), National Highway Authority of India (NHAI) and National Highway and Infrastructure Development Corporation (NHIDCL) and others.

While the Minister decided for a site visit for the ambitious Delhi Mumbai Expressway next week, for the poll bound Punjab, Gadkari said the six lane access controlled Amritsar-Kotpathi Greenfield Corridor is being constructed at record pace.

Minister of State for Road Gen Y K Singh was also present on the occasion of review meeting.

## Chandigarh gets its first pollen calendar

NEW DELHI (PNS): Chandigarh now has its first pollen calendar, which can identify potential allergy triggers and provide a clear understanding for clinicians as well as allergy sufferers about their causes to help limit their exposure during high pollen levels.

A group of scientists from Post Graduate Institute of Medical Education and Research (PGIMER) and Panjab University, both in Chandigarh, have developed this first of its kind calendar giving significant pollen types in Chandigarh. People can have access to the Pollen Calendar of Chandigarh through the website (<https://www.care4clearair.com/Champ>).

The study revealed the first pollen calendar for Chandigarh to provide up-to-date information.

## Rahul Gandhi a political cuckoo: BJP

PNS ■ NEW DELHI

The BJP on Monday described former BJP President Rahul Gandhi as a "political cuckoo" who never makes his own nest and "depends on others" for his political success.

Attacking Rahul at a press conference here, BJP spokesperson Sambhit Patra said a constantly tweeting Congress leader doesn't believe in the hard work and tweets for the wrong reasons. "He is a political cuckoo," quipped the BJP leader after Rahul posted a picture of an earlier farmers' rally instead of the mahapanchayat on Sunday.

"He attacked the world's biggest and the fastest vaccination drive that the world saw in the country but is not tweeting once for it... Patra said.

## Ants delay flight to London

PNS ■ NEW DELHI

Namgyel Wangchuck of Bhutan were found in a section of the business class just before the plane was about to take off. The plane was replaced with another Boeing 787-8 aircraft from the Delhi airport at around 5:20 pm.

Earlier an Air India Express flight on route Saudi Arabia made an emergency landing at Kerala's Thiruvananthapuram International Airport after a crack in the wind-
