Statement of consolidated unaudited financial results for the quarter ended 30 June 2022

- 5 The figures for the quarter ended 31 March 2022 are the balancing figures between audited figures for the full year ended 31 March 2022 and the published un-audited figures for nine months ended 31 December 2021 being the date of the end of the third quarter of the financial year which were subject to a limited review.
- 6 The disruption created by the outbreak of Covid-19 pandemic had significantly impacted the operations of the Group earlier during the previous years. However, with the reopening of the economy, the sales have improved significantly during the recent quarters including the current quarter. The management of the Company has considered all internal and external sources of information, including economic forecasts and estimates from market sources as at the date of the approval of these consolidated unaudited financial results in determining its liquidity position for next one year, carrying value of assets as at the reporting date. On the basis of evaluation and current indicators of future economic conditions, the Company has concluded that no material adjustments are required in the consolidated unaudited financial results other than those already recognised as at the reporting date. Given the uncertainties associated with nature, condition and duration of Covid 19, the impact assessment on the Company's financial position will be continuously made and provided for as required.
- 7 Previous period figures have been regrouped/reclassified, wherever necessary, to make them comparable to current period figures.
- 8 The above results are also available on the Company's website <http://www.mayuruniquoters.com> and financial results under corporate section of www.bseindia.com and www.nseindia.com.
