## PERFORMANCE REVIEW

# FM to meet CEOs of PSBs on Aug 25

PRESS TRUST OF INDIA  
New Delhi, August 15

**FINANCE MINISTER NIRMALA** Sitharaman is scheduled to meet heads of public sector banks (PSBs) on August 25 to review financial performance of the lenders and progress made by them to support the economy battered by Covid-19 pandemic.

Given the importance of the banking sector in generating demand and boosting consumption, sources said the meeting with the MD and CEOs of PSBs is considered important.

Recently, the finance minister said the government is ready to do everything required to revive and support economic growth hit by the Covid-19 pandemic. "Growth will be given its importance. Growth will be pushed both by the Reserve Bank and by us..." she had said.

Interestingly, this would be the first physical review meeting since the outbreak of the pandemic in March last year.

The meeting is expected to take stock of the banking sector, progress on restructuring 2.0 scheme announced by Reserve Bank of India (RBI), sources said, adding that banks may be nudged to push loan growth in productive sectors.

The revamped ₹4.5 lakh crore Emergency Credit Line Guarantee Scheme (ECLGS) would also be reviewed during the meeting likely to be held in Mumbai, sources said.

Besides, the finance minister expected to take a stock of the bad loan or non-performing asset (NPA) situation, and discuss various recovery measures by banks, they said. As a result of government's strategy of recognition, resolution, recapitalisation and reforms, NPAs declined to ₹7,39,541 crore on March 31, 2019, ₹6,78,317 crore on March 31, 2020 and further to ₹6,16,616 crore as on March 31, 2021 (provisional data).

At the same time, comprehensive steps were taken to control and to effect recovery in NPAs, which enabled PSBs to re-

cover ₹5,01,479 crore over the last six financial years, the government informed Parliament recently.

As far as credit growth of scheduled commercial banks (SCBs) is concerned, it has remained positive for 2020-21 despite contraction in GDP (-7.3%) due to the pandemic.

Gross loans and advances - outstanding of SCBs increased from ₹109.19 lakh crore as of March 31, 2020 to ₹113.99 lakh crore as of March 31, 2021. Agriculture and allied activities, micro, small and medium enterprises, housing and auto have witnessed a year-on-year growth of 12.3%, 8.5%, 9.1% and 9.5%, respectively, during the year.

Notwithstanding economic disruptions caused by the pandemic, PSBs have managed to raise a record ₹58,700 crore from markets in 2020-21 through a mix of debt and equity to enhance capital base. As a result, the capital to risk weighted assets ratio rose to 14.04% as of March 31, 2021, as against regulatory requirement of 10.875%, boosting the ability of PSBs to further increase lending.

As a result, PSBs in aggregate recorded a profit of ₹31,816 crore, highest in five years.

# UP attracted investment worth ₹4 lakh crore: CM

PRESS TRUST OF INDIA  
Lucknow, August 15

**CELEBRATING THE 75TH INDEPENDENCE** Day on Sunday, Uttar Pradesh CM Yogi Adityanath said the state attracted investment worth ₹4 lakh crore while no communal riot took place under his tenure.

"The state, which was the sixth biggest economy in the country, has become the second biggest. Once associated with anarchy and known as a state of riots, UP today has become a role model in terms of law and order," he said after unfurling the Tricolour outside the UP Vidhan Bhavan.

"A new era of investment has started in the state and in the past four years, there has been an investment of ₹4 lakh crore," he said, adding that UP has come out of the BIMARU state tag.

Adityanath further claimed, "In the 53 months, not a single communal riot took place and there is a feeling of security in every citizen."

The chief minister also spoke of primacy of 'rashttra dharm' over all other duties.

"Our duty is our biggest 'rashttra dharm'. Our styles of worshipping may be different but our duty towards our nation is 'rashttra dharm'," he said.

"After prolonged freedom struggle and countless sacrifices, the country got freedom. The price of Independence can be

gauged from the numerous memorials built in the memory of martyrs and freedom fighters across the country. They are living proof of this," he said.

He said the first war of independence in 1857 gave the foreigners a taste of India's collective might.

"Rani Laxmibai was leading the fight in Jhansi while it was Ballia's Mangal Pandey, who was leading at some other place, as the collective fight was intensified by revolutionaries in Lucknow. And the result is that in barely 90 years, the foreigners were forced to leave the country," Adityanath said.

He paid tributes to Mahatma Gandhi and other freedom fighters on this occasion.

"It was in Lucknow in 1916, where Lokmanya Bal Gangadhar Tilak gave the slogan of 'Swaraj is my birth right and I shall have it'. This became the mantra for the entire nation. Revolutionary activities continued throughout the country and UP was one of

the hubs," he said.

"The 1922 historic incident of Chauri Chaura in Gorakhpur in which farmers waged a decisive battle against the foreigners is in its centenary year. Who can forget the Kakori train cation in which revolutionaries like Ram Prasad Bismil, Chandrashekhar Azad, Rajendra Lahiri and others had participated," he said.

The UP chief minister also said under the leadership of Prime Minister Narendra Modi, the dreams of new India are being realised.

"Modiji has envisioned a healthy, prosperous and clean new India, and it will not take time to realise it," the CM said.

On Covid, he said the capacity to test four lakh samples has been developed and UP has administered the highest number of vaccines.

Deputy chief ministers Keshav Prasad Maurya and Dinesh Kumar, and UP BJP chief Swatantra Dev Singh were present on this occasion.

# Air India flight hovers over Kabul for an hour before getting landing permission

PRESS TRUST OF INDIA  
New Delhi, August 15

**AN AIR INDIA** flight from Delhi hovered over the Kabul airport for about an hour on Sunday, waiting for air traffic control (ATC) permission before it could finally land with 40 passengers on board. The corresponding return flight left the Afghanistan capital hours later with 129 passengers, as Taliban fighters closed in on the city, officials said.

According to Air India officials, there is no plan yet to cancel the Delhi-Kabul-Delhi flight, and it is scheduled to operate on Monday too. However, they said, the airline is monitoring the situation and will take appropriate action as and when required.

Currently, only Air India is operating flights between India and Afghanistan.

The national carrier operated the Delhi-Kabul leg of the flight (with call sign AI-243) on Sunday afternoon with around 40 passengers, officials said.

AI-243 departed from Delhi around 12.45 pm and had to hover for around one hour above the Kabul airport as it did not get permission to land from ATC. It was not clear what the reason for the delay in permission was, the officials said.

The flight time for AI-243 on Sunday was around two hours and fifty minutes instead of the usual one hour and forty minutes.

**Air India operated the Delhi-Kabul leg of the flight (with call sign AI-243) on Sunday afternoon with around 40 passengers**

The return flight (with call sign AI-244) departed from Kabul airport with 129 passengers around 5.35 pm (Indian Standard Time) and landed in Delhi around 7.40 pm.

India has put in place contingency plans to evacuate hundreds of its officials and citizens from Kabul, which has been gripped by fear and panic following reports of Taliban fighters entering the outskirts of the Afghan capital on Sunday.

People familiar with the development said the government will not put the lives of its staff at the Indian embassy and Indian citizens in Kabul at risk, and plans have already been finalised in case they require emergency evacuation.

# Paradeep Phosphates files IPO papers with Sebi

PRESS TRUST OF INDIA  
New Delhi, August 15

**FERTILISER COMPANY PARADEEP** Phosphates has filed draft papers with capital markets regulator Sebi to raise funds through an initial public offering.

The IPO comprises fresh issue of equity shares worth ₹1,255 crore and an offer for sale (OFS) of up to 120,035,800 shares by existing shareholders and promoters, according to the draft red herring prospectus (DRHP).

Under the offer for sale, Zuari Maroc Phosphates (ZMPPL) will offer up to 75,46,800 shares while the Government of India will offer 112,489,000 equity shares.

Currently, ZMPPL holds 80.45% and the Government of India owns 19.55% stake in the company.

Proceeds of fresh issue will be used to partly finance the acquisition of the fertiliser manufacturing facility in Goa, payment of debt and general corporate purposes.

Paradeep Phosphates is primarily engaged in manufacturing, trading, distribution and sales of a variety of complex fertilizers such as di-ammonium phosphate (DAP) and NPK fertilizers. Its fertilizers are marketed under some of the key brand names in the market 'Jai Kisaan - Navratna' and 'Navratna'.

Axis Capital, ICICI Securities, JM Financial and SBI Capital Markets are the lead managers to the issue.

# Sugar mills export 5.11 MT in seven-month period

FE BUREAU  
Pune, August 15

**SUGAR MILLS ACROSS** the country have exported 5.11 million tonne (MT) of sugar from January 2021 up until August 5, according to the All-India Sugar Trade Association (AISTA). India has managed to contract around 6 MT of sugar without export to Iran, which has the potential to buy 1.2 MT.

"With the changed political scenario in the global markets, it shall be prudent to find some mechanism to export sugar to Iran. This shall help India to widen its market and create a premium for the Indian sugar," AISTA added. As the current marketing year is coming to an end, there is an urgent need for a timely announcement of the sugar export policy for the next year, the industry body stated.

Of the total exports undertaken so far, maximum exports have been undertaken to Indonesia at 1.69 MT so far this year, followed by Afghanistan at 6.23,967 tonne and the UAE at 4.60,816 tonne and Sri Lanka at 3.78,280 tonne.

"We are proud to say that the value of the sugar exported or under the shipment process is over \$2.5 billion or about ₹18,600 crore, contributing to the country's export earnings, particularly in a pandemic year and increasing the liquidity in

the hands of sugar mills to pay cane price to farmers," AISTA stated. The international market has gone up from 17.28 cents per pound on July 10 to 19.59 cents per pound on August 11, on account of weather problems in Brazil.

AISTA also requested the government to clear the pending subsidy claims and address the shortage of containers and rise in ocean freight. Many export subsidy claims of previous years have not yet been settled. These claims may kindly be settled and paid expeditiously as mills will require funds before the start of the season, it said. The substantial increase in ocean freight and non-availability of containers have eroded the margins of export houses and are also proving to be a major bottleneck in export operations.

# Coal India sets ₹17,000-cr capex target for FY22

PRESS TRUST OF INDIA  
Kolkata, August 15

**COAL INDIA (CIL)** has set a capital expenditure target of ₹17,000 crore for the 2021-22 fiscal, which is around ₹4,000 crore more than its spending last year, an official said on Sunday.

The miner is expecting improvement in cash flow with rising demand for coal and higher realisation from e-auction sales, he said.

"The total capex for this year is ₹17,000 crore. This investment includes infusing of ₹3,000 crore in Hindustan Urvarak and Rasayan (HURL) and Talcher Fertilisers and spending of ₹1,000-1,500 crore for railway line construction through a joint venture company," the CIL official told PTI.

The state-owned miner had revised its capital expenditure budget to ₹13,115 crore for the 2020-21 fiscal from its initial estimate of ₹10,000 crore.

In view of the Covid-19 pandemic, the Centre had directed PSUs to ramp up capital expenditure to spur growth in the economy.

HURL, comprising CIL, NTPC, Indian Oil Corpora-

tion, Fertilizer Corporation of India, and Hindustan Fertilizer Corporation, was incorporated in 2016 as a joint venture entity.

It is involved in setting up 1.27 MTPA natural gas-based urea plants on the premises of closed fertiliser units of FCIL at Gorakhpur in Uttar Pradesh and Sindri in Jharkhand and that of HFCL at Barauni in Bihar.

# New airports being constructed at unprecedented speed: PM Modi

**PRIME MINISTER NARENDRA** Modi said on Sunday that new airports were being constructed and far-flung areas of the country connected through the UDAN scheme at an unprecedented speed.

The Centre has accorded in-principle approval for setting up of 21 greenfield airports across the country, of which six have been constructed and operationalised till now, Minister of State for Civil Aviation VK Singh said on August 5 in a written reply to a question in Lok Sabha.

Under the regional connectivity scheme UDAN, financial incentives from the Centre, state governments and airport operators are extended to selected airlines to encourage operations from unserved and underserved airports, and keep airfares affordable. The scheme was started in 2016.

In his Independence Day speech on Sunday, the PM said, "Today, the speed with which new airports are being constructed in the country, and the way UDAN scheme is connecting the far-flung areas, it is unprecedented. Today, we are seeing how better air connectivity is giving wings to people's dreams."

The Centre has accorded in-principle approval for setting up of 21 greenfield airports across the country: Mopa in Goa; Navi Mumbai, Sindhudurg and Shiridi in Maharashtra; Bijapur, Hassan, Kalaburagi and Shimoga in Karnataka; Dabra (Gwalior) in Madhya Pradesh; Kushinagar and Jewar (Noida) in Uttar Pradesh and more.

# Govt's right to intercept for duly authorised legal causes will always be there: MoS IT

PRESS TRUST OF INDIA  
New Delhi, August 15

**THE GOVERNMENT'S RIGHT** to intercept for duly authorised legal causes like security and terrorism will always exist with checks and balances in any democracy, Minister of State for Electronics and IT Rajeev Chandrasekhar said on Sunday.

At the minister, while speaking under the title 'India at 75: The Freedom Summit', said the right to free speech is a fundamental right that any elected government cannot contravene easily.

"As far as the government's

right to intercept for duly authorised, legal causes like security, terrorism, etc (is concerned), that right will always be there with every sovereign government in any democracy, but those are accompanied with checks and balances. We must understand that there is no utopian world or where George Orwell's sort of a situation is addressed completely," Chandrasekhar said.

He said that to remain confident, ignore the conspiracy theorists who will waive a fig leaf of truth and create a whole conspiracy around it.

The minister was responding to questions around con-

cerns on the back of certain controversies in worldwide expose, where the state is also being seen as a bit of a threat.

"The senior minister (Ashwini Vaishnaw) in my ministry has very clearly and very simply put it out there that we are a country with checks and balances. We have systems. We have procedures for everything that a ministry or a government is able to do in its normal sort of a job of maintaining law and order," Chandrasekhar said.

He said that while the fears may be there, but the reciprocal confidence in some people, in terms of following the law,

the fact that the privacy and free speech are constitutionally guaranteed in India and it is not some favour that somebody is putting out there, has to be also in a sense understood.

The monsoon session of Parliament was disrupted with the Opposition kept demanding inquiry into Pegasus snooping row in which WhatsApp of some journalists and politicians were allegedly hacked for spying on them.

Chandrasekhar said people have started responding to politicians who have been peddling fake news.

He said fake news is not something that the governments in democracies are going to be ever able to do and is going to finally end up with the citizens who will say that they don't want to listen to the fake news.

"I think the Indian democracy is responding well. If you see the track record of politicians who have peddled fake news for the last six-seven years, and you correlate their political success to their track record on social media, I think the people of India are already responding to this," Chandrasekhar said.

He said the government's

mission is to use the large capable resources, the innovations, the talent and organisational depth of companies and entrepreneurs around the country to take technology to the last man or woman standing.

"We are today celebrating 75 years of independence, a lot of Indians there are almost 400 million Indians who are looking at what the next 25 years will be. I hope, to a large extent, my ministry will play a role in empowering them to be powerfully capable of following their dreams and becoming global citizens," the minister said.

# Mcap of 8 of top-10 valued firms zooms ₹1.6 lakh cr

PRESS TRUST OF INDIA  
New Delhi, August 15

**EIGHT OF THE 10** most-valued companies added a total ₹1,60,408.24 crore to their market valuation last week, with heavyweights Tata Consultancy Services and Reliance Industries contributing the most amid a bullish trend in equities.

During the last week, the 30-share BSE benchmark jumped 1,159.57 points or 2.13%. On Friday, the benchmark reached its lifetime high of 55,487.79, crossing the 55,000-mark for the first time.

From the top-10 list, State Bank of India and Bajaj Finance were the only laggards.

The valuation of TCS jumped ₹56,133.1 crore to reach ₹12,80,574.59 crore, becoming the biggest gainer among the most valued companies. RIL added ₹35,310.7 crore, taking its market valuation to ₹13,59,652.06 crore.

**During the last week, the 30-share BSE benchmark jumped 1,159.57 points or 2.13%**

The market capitalisation (mcap) of Infosys rallied ₹23,521.63 crore to ₹7,26,419.85 crore and that of HDFC Bank surged ₹17,370.86 crore to ₹8,43,703.53 crore. HDFC added ₹13,304.96 crore to ₹4,88,217.12 crore and the valuation of Hindustan Unilever rose by ₹7,671.41 crore to ₹5,64,782.42 crore.

ICICI Bank's valuation climbed ₹5,321.09 crore to ₹4,88,352.01 crore and that of Kotak Mahindra Bank jumped ₹1,774.49 crore to ₹3,54,482.60 crore. In contrast, the mcap of Bajaj Finance dipped ₹4,288.54 crore to ₹3,71,340.29 crore and that of SBI declined ₹3,837.58 crore to ₹3,84,963.12 crore.

# Global trends to dictate equity markets this week

PRESS TRUST OF INDIA  
New Delhi, August 15

**WITH THE CORPORATE** earnings season largely over, equity investors would focus on global trends for further direction in a holiday-shortened week ahead, analysts said. The equity markets would remain closed on Thursday for Muharram.

"The majority of India Inc's first-quarter earnings were stronger-than-expected and in the absence of a major event, global cues are expected to guide the market direction," said Niral Shah, head of equity research, Samco Securities.

Santosh Meena, head of research, Swastika Investment, said on the domestic front, WPI numbers will be released on Monday. "Our market will also have an eye on the behaviour of FIIs and the dollar index."

**On Friday, the benchmark reached its lifetime high of 55,487.79, crossing the 55,000-mark for the first time**

"With positive economic data pointing towards economic recovery, the market is expected to remain bullish in the long term while the possibility of a short correction in the near term cannot be ruled out," said Vinod Nair, head of research at Geojit Financial Services.

During the last week, the 30-share BSE benchmark jumped 1,159.57 points or 2.13%. On Friday, the benchmark reached its lifetime high of 55,487.79, crossing the 55,000-mark for the first time.

"Equity market is likely to continue with its strong positive momentum as the economic activities are expected to further pick up pace with the lockdown measures getting relaxed. The result season is now largely over with corporate earnings being in line to better-than-expectations," Siddhartha Khemka, head - retail research, Motilal Oswal Financial Services, said.

Apart from the rupee-dollar trend and foreign institutional investors' movement, Brent crude would also be watched by investors.
