23RD ANNUAL REPORT

2021-2022

**STEELY RESOLVE FOR
IRONCLAD SUCCESS**

ABOUT US

GYSCOAL ALLOYS LIMITED (GAL) The Stainless Steel & Mild Steel Manufacturer was established in the late '90s. From ironore & stainless scrap to manufacturing diverse structural products in Stainless Steel and Mild Steel, Gyscoal has come a long way. The group has achieved for itself a pre-eminent position in the value-added product segment of the Indian steel industry. Gyscoal started with trading of metals and later went on to manufacturing mild steel products like CTD Bars and TMT Bars in the same year. Over a period, the company has acquired good deal of expertise with steel and hence have diversified their manufacturing activities in stainless steel to a large extent.

Under the proficient leadership of Mr. Viral Shah, CEO, the group has achieved perceptible heights in a very short duration. GAL has expanded and integrated in various ways but has adhered its focus on steel. With years of skilled craftsmanship GAL has been able to provide its clientele a broad product portfolio. The manufacturing capacities of Gyscoal are housed at the comprehensive manufacturing plant in Kukarwada of Gujarat state.

Gyscoal holds a peculiar commitment towards its employees. Since the beginning, the company has believed in working towards the welfare of its employees. With discipline and determined focus the company has been able to achieve the same.

We don't just follow industrial law but also consider Employee's well-being as our foremost responsibility. We

feel, people are our real strength and since there is a man behind each machine of ours, we value our people much more than just employees.

With continual efforts, we attain a professional yet open & friendly environment amongst the employees. We believe in nurturing the inner talents of the employees by rendering them a correct anchor.

Proud Moments in the Corporate Journey of Gyscoal Alloys Limited.

- Gyscoal Alloys Limited is one of the Asian Companies to use latest Corex steel technology and production technique for manufacturing steel.
- In the Year 2013 Gyscoal was awarded as one of the Top 100 SME Award by the SME FROM 2013.

- Company has implemented a Quality Management System in accordance with ISO 9001:2015 for the scope of Sales & Marketing of Stainless Steels & Mild steel Ignor, Angle, Channels, Flats, Round, Square, Bright & Black Bars.

One Step ahead towards future Goals

We see a future that resembles our base Product-Stainless Steel enduring and hard to shake down, stronger than others, and Dominant on the basis of better quality. We will formulate and implement more innovative knowledge sharing methodologies with our existent and potential customer, and reinforce our brand equity. We will make concerted efforts to enhance the value experience of the customers. We will launch focus marketing initiatives for key customer segments. We will expand our global presence geographically, and in terms of quality and quantity, thus garnering competitiveness.

We will expand our capacities more than four-fold, and attain an optimal product mix of stainless steel and Mild-steel products. We will launch a new range of specialized products which are not easily available in the market and emerge as a comprehensive single window source that meets all qualitative product demands in the field. In sum, we will reinforce our core business to build sustainable foundation for future leadership. Simultaneously, we will ensure that we seize the first-mover advantage in any emerging scenario worldwide, offer new product solutions, foray into new business areas and forge new strategic associations, to widen the future base of our business.

Company's goal is not only to enhance shareholders value but also to increase the value of all the stakeholders attached with organization whether directly or indirectly in anyway. Company is also focusing well on the Environmental, Social and Governance related issues which may affect the operational activity in long-term.

Company Strives to follow all the applicable Laws and Regulations in true letter and spirit promoting the Corporate Governance.

“Promise to deliver, promise to lead, promise to change the landscape with performance that is perfect. An entity blends in these outstanding promises to translate it to precision that stands out...”

Auditors

• Statutory Auditor

Pursuant to Section 139 (2) of the Companies Act, 2013 read with Companies (Audit and Auditors) Rules, 2014, the Company at its 22nd Annual General Meeting (AGM) held on September 29, 2021, had appointed M/s Ashok Dhariwal & Co. (FRN.: 100648W), Chartered Accountant as statutory auditor for a period of five years i.e. up to the conclusion of 27th AGM to be held in year 2026. Further as per Companies (Amendment) Act, 2017 effective from May 7, 2018, the provision relating to ratification of Statutory

The Auditor’s Report for the financial year ended March 31, 2022, contain qualification which is mentioned in the Notes to the Auditors report. The Notes on financial statements referred to in the Auditors’ Report are self-explanatory and do not call for any further comments. The report is enclosed with the financial statements in this annual report.

The Management gave following representation against the qualification remarks in auditors report

1. In respect of Inventories, during the reporting period, the management has not undertaken physical verification of Inventories at periodic intervals and has not obtained any technical /market/commercial

evaluation for the inventories. Hence, we are unable to comment on the realizable value of the same, which may be lower than the amount at which it has been reflected in the balance sheet. The Company has not maintained adequate inventory records at the factory. No provision has been made on diminution in the value of old and slow-moving inventory. The impact of the above remarks, presently not ascertainable and, therefore, cannot be commented upon.

In respect of inventory, we had valued inventory at cost or NRV whichever is lower. As per the requirement of Ind As – 2 as on 31.03.2022, we had raw material amounting to Rs. 916.96/- lakhs and finished goods amounting to Rs. 577.84/- lakhs which is aggregating to Rs. 1494.80/- lakhs which is stated in the balance sheet as well, also management has verified its stock at a periodic level and we have a stock statement of every month for the financial year 2021-22.

2. In respect of Trade Receivables amounting to Rs. 8,430.29 Lakhs, we have not received balance confirmations from the debtors. The reliability of these amounts is doubtful and company has not made any provision for Bad and Doubtful debts in respect of these receivables, other than specified in Note no. 11. In our opinion, the provision made is inadequate and the impact on loss and carrying value of trade receivables could not be ascertained.

In respect of Trade Receivables the balance sheet for the financial year 2021-22 contained 1975.90/- lakhs which is considered as good. In amounting to Rs. 8430.29 lakhs, 6454.39 is considered doubtful and taken as allowances of credit loss in the financial statement, apart from it we also recognize 838.01/- lakhs as impairment loss under the ECL model.

3. In respect of Property, Plant & Equipment as per Note 6 to the Standalone financial statements, physical inspection was not conducted by any technical personnel and the fair value report of gross fixed assets of Rs. 5,825 lakhs for Tangible Assets as at March 31, 2022 is not available. The said assets are not tested for impairment and hence no provision for impairment has been made. In absence of any alternative corroborative evidence, we are unable to comment on the recoverability of the same.

In respect of Property, Plant & Equipment, gross fixed assets are valued at 5825/- lakhs and we had not tested for impairment as management thinks that Property, Plant & Equipment recoverable amount does not exceed its carrying amount, hence no provision for impairment has been made, although we had charge depreciation as per the requirement of Ind AS 16.

4. We draw attention to Note 16 to the Standalone financial statements regarding preparation of the Standalone financial statements of the Company on a going concern. The Company has incurred operational losses and the net worth of the Company has been fully eroded. The Company has incurred net loss (before exceptional items) of Rs. 1,086.21 Lakhs during the year ended 31st March, 2022. These conditions, along with the outcome of other matters as set forth in Note 16, indicate existence of material uncertainty, which cast significant doubts about the Company's ability to continue as a going concern and consequently, the ability of the Company to realise its assets and discharge its liabilities in the normal course of business. The management has prepared the financial statements on a going concern basis, as they are reasonably certain that the Company will be able to successfully meet the production targets and raise additional capital. Hence,

no adjustments have been made to the carrying value of assets and liabilities and their presentation / classification in the Balance Sheet.

Although we had a net loss (before exceptional items) of Rs. 1,086.21 Lakhs, we had decreased net loss from 7402.18/- lakhs in FY 2020-21 to 551.69/- lakhs in FY 2021-22. In note no. 16.3.3 standalone financial statement itself indicates that the company has taken various steps to reduce cost and improve efficiency and make operational profitability. The company is further trying to arrange to fulfill its working capital requirement. The borrowing of the company also significantly decreased from Rs. 6108.51/- in FY 2020-21 to Rs. 347.58/- lakhs in FY 2021-22.

- **Internal Auditor**

The Board has appointed M/s. Radheshyam I Shah and Associates (FRN.:128398W), Chartered Accountant, appointed as an Internal Auditor of the Company w.e.f. February 11, 2022 to fill the vacancy arises due to resignation of Mr. Fenil P Shah & Associates, Chartered Accountant (FRN: 143571W), resigned on February 08, 2022.

MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT**SCENARIO OF STEEL INDUSTRY:****Global economic review:**

The global economy enters 2022 in weaker position than previously expected. As the new Omicron COVID-19 variant spreads, countries have reimposed mobility restriction. Rising energy prices and supply disruption have resulted in higher and more broad-based inflation than anticipated, notably in the United States and many emerging market and developing economies. Global growth is projected to slow down from an estimated 6.1% in 2021 to 3.6% in 2022 – 0.8 percentage point lower than what was envisioned in the last World Economic Outlook (WEO) of January, 2022, largely reflecting forecast markdown in USA and China.

The global steel industry has partially recovered with increase in global production by 3.7% during 2021, compared to 2020. This is primarily due to economies opening up after wide scale vaccinations, gradual commencement of economy activity, and significant change in retail consumer behavior mainly in automotive and construction sector.

World crude steel production for the 64 countries reporting to the World Steel Association was 161.0 million tonnes (MT) in March, 2022, a 5.8% decrease compared to March, 2021.

Global crude steel production was 456.6 MT in the First three month of 2022, down by 6.8 % compared to the same period in 2021. Asia and Oceania produced 331.3 MT of Crude steel in the first quarter of 2022, a decrease of 7.8% on the first quarter of 2021. The EU (27) produced 36.8 MT of crude steel in the First quarter of 2022, down by 3.8% compared to the same quarter, 2021. North's America crude steel production in the first three month of 2022 was 28.1 MT of crude steel the first quarter of 2022, a decrease of 8.5% on the first quarter of 2021.

China produced 88.3 MT in March, 2022, down 6.4% in March, 2021. India produced 10.9 MT, up 4.4% Japan produced 8.0 MT, down 4.3%. The United States produced 7.0 MT, Russia is estimated to have produced 6.6

MT, down 1.8% South Korea produced 5.7 MT, 6.1 % Germany produced 3.3 MT, down 11.8%. Turkey produced 3.3 MT, down 2.9%. Brazil is estimated to have produced 3.0 MT, up 5.4%. Iran is estimated to have produced 2.3 MT, down 6.1%.

F.Y. 2021-22: Review

Global economic growth remains volatile

The financial year 2021-22 started with volatility owing to widespread lockdowns across the globe induced by the second wave of COVID-19 infections and ended with rising geopolitical tensions between Russia and Ukraine. The FY 2021-22 began with the second wave hitting many parts of the world, which led to the global recovery losing pace. Impacted by the Delta variant, India's growth was also temporarily dented in Q1 FY 2021-22. The severity of the second wave resulted in the state governments and central government diverting substantial funds towards healthcare. In the second quarter, with reduction in caseload, easing of restrictions and steady vaccination ramp up, there was a strong bounce back in economic activity. Similarly, Indian economy also witnessed revival with moderate growth in consumption and stable macro indicators backed by steady investment push from the Indian Government.

In the third-quarter of FY 2021-22, with the Omicron variant outbreak and consequent imposition of restrictions, economic activity was impacted. This combined with continuing supply chain disruptions, rising commodity prices and inflationary pressures, dragged the growth prospects of many economies. However, widening reach of vaccines, pent up demand and timely policy measures helped the Indian economy to withstand the challenges. However, with geopolitical tensions in February, global trade was impacted severely. Moreover, use of sanctions by many developed economies has given rise to a medium-term downward risk to global trade.

According to the International Monetary Fund's April World Economic Outlook (WEO) global growth is expected to have grown at 6.1% in CY 2021, but going forward growth will be restrained owing to volatility and rising inflationary pressures across major economies.

On the domestic front, the Indian economy was on a steady footing despite global supply chain disruptions and looming uncertainty with possible resurgence of COVID-19 infections. Due to significant government investments, total consumption is estimated to have grown by 7% during the fiscal, and Gross Fixed Capital Formation has exceeded pre-pandemic levels on the back of ramped up public expenditure on infrastructure. According to the Economic Survey, India's GDP grew by 8.7% in FY 2021-22 after contracting by 6.6% in FY 2020-21.

Declining Chinese steel output drags global steel production

In CY 2021, the global steel industry witnessed volatile trends emanating from unsteady raw material prices, supply chain disruptions and overall demand shifts. The global steel industry began CY 2021 on positive note with improved demand following accelerated pace of vaccination programmes in developed countries and gradual opening up of economies. The industry witnessed continued support from uptick in economic activity and improved business sentiment. Hence, in the first quarter, global steel production was at 488 million tonnes (Source: world steel), 10% higher as compared to the same period in CY 2020. As the year progressed, China, the biggest steel market, started witnessing a gradual slowdown. The progress of the economy was marked down slightly by a stronger than anticipated fiscal tightening, uncertainties in the

property sector, surging coal prices and supply chain disruptions. In December, China's crude steel production dropped by 6.8% y-o-y, dragging down global output by 3% (y-o-y). On the other hand, World-ex China reported a 2% growth in steel production on a y-o-y basis. However, for CY 2021, global steel production increased by 3.6%, y-o-y to reach 1911 MnT, mostly supported by enhanced output from World-ex China, while China's production declined by 3% y-o-y and was at 1033 MnT.

Indian Economy and Steel Industry in India:

Steel is a champion industry with growing domestic demand and an opportunity to leverage the space vacated by Russia and Ukraine in the global market through exports. India remained a net importer of steel for several years. However, starting 2017 fuelled by larger-scale capex projects and the National Steel Policy, the country started contributing to the global steel markets more than ever, with nearly 18 MT steel exported in FY 2021-22. India is now reaching to build steel capacities that meet the domestic demand and at the same time can supply to the global markets. India is thus on its path to becoming an integral part of the global supply chain. In response to PLI scheme announced by government of India for specialty steel products, the steel industry is geared up to create capacity in this space.

The Indian steel industry also witnessed some volatility as at the start of FY 2021-22 as the domestic economic growth was temporarily dented in by the second wave of COVID-19. However, in the second quarter, with easing of COVID-19 restrictions and steady vaccination ramp-up, there was a strong bounce-back in economic activity. Hence, domestic crude steel production was 31% higher in H1 FY 2021-22 compared to the same period in FY 2020-21. Starting January 2022, even as the infections surged owing to new COVID-19 variant, economic activity was stable. The automobile sales of passenger and commercial vehicles were encouraging, and the construction and infrastructure sector witnessed steady investments owing to the government's focus on public infrastructure. Hence, the domestic steel industry recorded consistent demand trend with steel prices remaining stable. During the year, the Indian steel industry witnessed a 16% (y-o-y) rise in crude steel production. In FY 2021-22, finished steel consumption stood at 105.8 MnT, with an 11.5% rise y-o-y. Total finished steel exports for the same period was at 13.49 MnT, a growth of 25.1% over previous year and imports were at 4.67 MnT, y-o-y decline of 1.7%. The Indian steel industry recorded crude steel production of 120.01 MT in FY 2021-22, despite pandemic-induced disruption in Q1 FY 2021-22. Steel production showed a solid recovery and domestic finished steel consumption continued to grow. Finished steel consumption surpassed pre-pandemic levels and was supported by the governments improved infrastructure investments. Domestic finished steel production rose 18.1% y-o-y to touch 113.6 Mt. Finished steel consumption stood at 105.8 MT, up 11.4% y-o-y driven by the government's infrastructure spending and the resumption of the projects stalled due to pandemic.

Amidst the challenges brought by the COVID-19 pandemic leading to disruption in supply chain and surging inflation rate, the Indian Government introduced various policies to cushion the impact on the domestic economy and in specific vulnerable section of the society and the business sector. With the vaccination programme having covered the majority of the population, recovering economic momentum and the likely long term benefits of supply-side reforms in pipeline, the Indian economy is in good position to witness GDP growth of around 8.0%-8.5% in 2022-23. Despite the overall volatility arising out of new variants of COVID-19, inflationary pressures and geopolitical tensions, the Company improved its average capacity utilization and recorded growth in steel and alloys production, saleable steel sale volumes and sales realisation.

India's finished steel consumption is anticipated to increase to 230 MT by 2030-31 from 86.3 MT in FY 2022 (till January). As of October 2021, India was the world's second largest producer of crude steel, with an output of 9.8 MT. The industry is witnessing consolidation of players, which has led to investment by entities from other sectors. The ongoing consolidation also presents an opportunity to global players to enter the Indian market. In October, 2021, the government announced guidelines for the approved specialty steel production linked incentive (PLI) scheme. Under the Union Budget 2022-23 the government allocated Rs. 47 crore to the Ministry of Steel. As of September, 2021 India was the world's second largest producer of crude steel with an output of 9.5 MT. Easy availability of low cost manpower and presence of abundant iron ore reserves make India competitive in the global set up. India is home to fifth highest reserves of iron in the world.

Details of significant changes in key financial ratios:

For the details of significant changes in key ratios refer notes on financials. Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness. Credit risk arises primarily from financial assets such as trade receivables, cash and cash equivalent and other financial assets. In respect of trade receivables, credit risk is being managed by the company through credit approvals, establishing credit limits and continuously monitoring the

creditworthiness of customers to which the company grants credit terms in the normal course of business. The Company ensures that sales of products are made to customers with appropriate creditworthiness. All trade receivables are also reviewed and assessed for default on a regular basis. Credit risk arising from cash and cash equivalent and other financial assets is limited as the counterparties are banks and mainly Government companies respectively. The Company has analysed its trade receivables for aging analysis and grouped them accordingly and then applied year wise percentage to calculate the amount of Allowance for Credit Loss in respect of the same.

5. Recommending whether to extend or continue the term of appointment of independent director on the basis of the report of performance evaluation of Independent Directors.
6. Recommending to the Board, all remuneration, in whatever form, payable to Senior Management.

- **Performance evolution criteria for independent directors**

Pursuant to the provisions of the Companies Act, 2013 and Regulation 17(10) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board in consultation with its NRC committee has formulated a framework containing inter-alia, the process, format, attributes, and criteria for performance evaluation of the entire board of the company, its committees and individual directors including independent directors. The framework is monitored, reviewed and updated by the board in consultation with the NRC committee, based on need and compliance requirements. The evaluation criteria, inter-alia, covered various aspects, of the board functioning including its composition, attendance of directors, participation levels, bringing specialized knowledge for decision making, smooth functioning of the board and effective decision making.

The Company adopted the following criteria to carry out the evaluation of Independent Directors, in terms of the provisions of the Companies Act, 2013 and the SEBI (LODR) Regulations.

- The Nomination and Remuneration Committee (NRC) shall carry out evaluation of every Director's Performance.
- In addition, the evaluation of the Independent Directors shall be done by the entire Board, excluding the director being evaluated, which shall include:
 - a) Performance of the directors; and
 - b) Fulfilment of the independence criteria as specified in 16(1) (b) of SEBI (LODR) Regulations and their independence from the management.

This is to be done on an annual basis for determining whether to extend or continue the term of appointment of the independent director.

The Evaluation process of Independent Directors and the Board will consist of:

- Board Member Peer Evaluation - Each Board member is encouraged to rate his/her Peer's personal contribution/performance/conduct as a director with reference to a questionnaire.
- In the Overall Board and Committees' Performance Evaluation, each Board member will be asked to provide inputs on questions designed to elicit responses from the directors.
- The performance of the Chairperson of the Company shall be reviewed after taking into account the views of executive and non-executive directors on the Board with reference to a questionnaire.

Copies of the evaluation forms as applicable will be distributed to each Board Member. Board members shall complete the forms and return them to the Chairman's Office or to the Company Secretary, as may be informed.

The Company Secretary or Board member will tabulate the Forms. The Tabulated Report would be sent to all Board Members for evaluation and if any director disagrees with the self-evaluated results, he/she will suitably intimate the Chairman of the Board, else the same will be deemed to have been accepted.

The individually completed forms will be preserved by the Company Secretary and the Tabulated Report would be presented to the Board and NRC for evaluation.

Apart from the above, the NRC will carry out an evaluation of every director's performance. For this purpose, the NRC would review the Tabulated Report. The NRC would provide feedback to the Board on its evaluation of every director's performance and based on such feedback, the Board may recommend appointments, reappointments, and removal of the non-performing Directors of the Company.

During the year, performance of individual directors was evaluated on parameters such as level of engagements and contribution, independence of judgment and safeguarding the interest of the company etc. The directors expressed their satisfaction with the evaluation process.

Qualified Opinion

We have audited the Standalone financial statements of Gyscoal Alloys Limited ("the Company") which comprise the Standalone Balance Sheet as at March 31, 2022, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows for the year then ended, and notes to the Standalone financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

1. In respect of Inventories, during the reporting period, the management has not undertaken physical verification of Inventories at periodic intervals and has not obtained any technical /market/commercial evaluation for the inventories. Hence, we are unable to comment on the realizable value of the same, which may be lower than the amount at which it has been reflected in the balance sheet. The Company has not maintained adequate inventory records at the factory. No provision has been made on diminution in the value of old and slow-moving inventory. The impact of the above remarks, presently not ascertainable and, therefore, cannot be commented upon.
2. In respect of Trade Receivables amounting to Rs. 8,430.29 Lakhs, we have not received balance confirmations from the debtors. The reliability of these amounts is doubtful and company has not made any provision for Bad and Doubtful debts in respect of these receivables, other than specified in Note no. 11. In our opinion, the provision made is inadequate and the impact on loss and carrying value of trade receivables could not be ascertained.
3. In respect of Property, Plant & Equipment as per Note 6 to the Standalone financial statements, physical inspection was not conducted by any technical personnel and the fair value report of gross fixed assets of Rs. 5,825 lakhs for Tangible Assets as at March 31, 2022 is not available. The said assets are not tested for

impairment and hence no provision for impairment has been made. In absence of any alternative corroborative evidence, we are unable to comment on the recoverability of the same.

Material uncertainty related to Going Concern

We draw attention to Note 16 to the Standalone financial statements regarding preparation of the Standalone financial statements of the Company on a going concern. The Company has incurred operational losses and the net worth of the Company has been fully eroded. The Company has incurred net loss (before exceptional items) of Rs. 1,086.21 Lakhs during the year ended 31st March, 2022. These conditions, along with the outcome of other matters as set forth in Note 16, indicate existence of material uncertainty, which cast significant doubts about the Company's ability to continue as a going concern and consequently, the ability of the Company to realise its assets and discharge its liabilities in the normal course of business. The management has prepared the financial statements on a going concern basis, as they are reasonably certain that the Company will be able to successfully meet the production targets and raise additional capital. Hence, no adjustments have been made to the carrying value of assets and liabilities and their presentation / classification in the Balance Sheet.

The ultimate outcome of these matters at present is not ascertainable. Accordingly, we are unable to comment on the consequential impact, if any, on the accompanying Standalone financial statement.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to the following matters in the notes to the Standalone Financial Statements:

- a) Note no. 16 in respect of One-time settlement ("OTS") of SBI cash credit account and the resultant waiver of Principal & Interest amounts with respect to the OTS.
- b) Note no. 16 to the financial statements in respect of assignment of debts of UCO bank to M/s Omkara Assets Reconstruction Private Limited.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Qualified Opinion section and Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters

How the matter was addressed in our audit

- | | |
|--|--|
| <p>I. <u>Assessment of going concern basis (as described in note 16.3.2 & 16.3.3 of the financial statements)</u></p> | <p>Principal audit procedures performed:</p> |
|--|--|

As at 31st March, 2022, the net worth of the Company has been fully eroded. The Company has incurred net loss of Rs. 1086.21 Lakhs during the year ended 31st March, 2022 before exceptional items. The factors as mentioned in the above paragraph raises material uncertainty related to Going Concern assumption used by the Company in the preparation of the financial statements. Assessment of existence of material uncertainty related to Going Concern is considered as a Key Audit Matter as it involves significant management judgements and estimates for preparation of the cash flow forecast for next twelve months and management's mitigation plan which includes infusion of funds by way of Right Issue and commencement of production post July, 2022.

We performed the following principal audit procedures in relation to management's assessment of going concern:

- Evaluated design and implementation of and tested the control relating to management's assessment of appropriateness of going concern assumption.
- Evaluated the appropriateness of identification of material uncertainties by the Management.
- Analysed and discussed cash flow, EBITDA and other relevant forecasts with management.
- Obtained understanding of the progress of raising additional capital through right issue and commencement of regular production.
- Performed the sensitivities and stress testing on the future cash flows that management has considered for the going concern assessment.
- Evaluated the adequacy of disclosures in the financial statements with respect to the going concern assumptions

II. Revenue Recognition

As required by Ind AS 115 Revenue from sale of goods is recognized when the control of the goods has transferred to the customer and when there are no longer any unfulfilled obligations to the customer. Revenue is adjusted for estimated sales returns, discounts and other similar allowances

Sales return estimation

As disclosed in Note 3.1 to the financial statements, revenue is recognised net of estimated sales returns. Estimation of sales returns involves significant judgement and estimates since it is dependent on various internal and external factors. Estimation of sales return amount together with the level of judgement involved make its accounting treatment a significant matter for our audit.

Our audit procedure included following:

- Understanding the process followed by the management for the purpose of identifying and determining the amount of provision of sales returns.
- Evaluating the data used by the management for the purpose of calculation of the provision for sales returns and checking of its arithmetical accuracy.
- Comparison between the estimate of the provision for sales returns created in the past with subsequent actual sales returns and analysis of the nature of any deviations to corroborate the effectiveness of the management estimation process -
 - Considering the appropriateness of the Company's accounting policies regarding revenue recognition as they relate to accounting for rebates and scheme allowances.
- Testing the Company's process and controls over the calculation of discounts, rebates and customer incentives.

- Selecting a sample on test check basis of revenue transactions and scheme circular to re-check that scheme allowance as at year end were calculated in accordance with the eligibility criteria mentioned in the relevant circulars.
- Selecting a sample (using statistical sampling) of credit note issued to the customers during the year and verifying the same is in accordance with the scheme.
- Evaluating the assumptions and judgements used by the Company in calculating rebates and schemes allowances, including the level of expected claims, by comparing historical trends of claims.

III. The company has material uncertain tax positions including matters under dispute relating to direct tax and indirect tax which involves significant judgment to determine the possible outcome of disputes.

Assessment of contingent liabilities disclosure requires Management to make judgments and estimates in relation to the issues and exposures. Whether the liability is Inherently uncertain, the amounts involved are potentially significant and the application of accounting standards to determine the amount, if any, to be provided as liability, is inherently subjective.

Our audit procedure included following:

- We tested the effectiveness of controls around the recording and re-assessment of contingent liabilities.
 - Obtained details of completed tax assessments and demands for the year ended March 31, 2022 from management.
 - We used our subject matter experts to assess the value of material contingent liabilities in light of the nature of exposures, applicable regulations and related correspondence with the authorities.
 - We discussed the status and potential exposures in respect of significant litigation and claims with the Company's Management including their views on the likely outcome of each litigations, claims and the magnitude of potential exposure and sighted any relevant opinions given by the Company's advisors.
 - We assessed the adequacy of disclosures made.
 - We discussed the status in respect of significant provisions with the Company's Management.
 - We performed retrospective review of management's judgements relating to accounting estimate including in the financial statement of prior year and compared with the outcome.
-

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The above-mentioned reports comprising of other information are expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the above-mentioned reports comprising other information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable in the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) the Act with respect to the preparation of these Ind AS Standalone Financial Statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity statement of the Company in accordance with the Accounting principles generally accepted in India, including the Accountant Standards (Ind AS) referred to in section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 (as amended). This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgements and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial control that we are operating effectively for ensuring the accuracy and completeness of accounting records relevant to the preparation and presentation of the Ind AS Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control with reference to Standalone financial statements that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section 11 of section 143 of the Act, we give in the "Annexure-A" statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Standalone Balance Sheet, Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Cash Flow Statement and Standalone Statement of Change in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the Standalone Ind AS financial statements comply with the Accounting Standards (Ind AS) referred to in section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) The matter described in the Material uncertainty related to Going Concern section above, in our opinion, may affect the functioning of the company but considering the financial plan by the management, they are confident of reviving the company in near future.
 - f) On the basis of written representations received from the directors as on March 31, 2022, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022, from being appointed as a director in terms of section 164(2) of the Companies Act, 2013.
 - g) With respect to the adequacy of the internal finance controls with reference to Standalone financial statements of the Company and the operating effectiveness of such control, refer to our separate Report in "Annexure-B". Our report expresses qualified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
 - h) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit & Auditors) Rules 2014, as amended in our opinion and to the best of

our information and according to explanations given to us by the management, the requirements of the same are duly complied with as under:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements by way of disclosure in Note no. 21 to the financial statements.
 - ii. Provision has been made in the Ind AS financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - a. The Management has represented that, to the best of its knowledge and belief, as disclosed in the note no. 47 to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note no. 48 to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
3. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the company to its directors is in accordance with the provisions of section

197 of the Act. The remuneration paid to any director by the company is not in excess of the limit laid down under section 197 of the Act.

Annexure “A” to Independent Auditor’s Report

Referred to in Paragraph 1 under the heading of “report on other legal and regulatory requirements” of our report of even date

In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that: -

- (i) In respect of its Property, Plant & Equipment & Intangible Assets:
- a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of the Property, Plant & Equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
 - b. The management has not conducted physical verification of Property, Plant & Equipment at reasonable intervals. In our opinion and according to the information and explanations given to us, the procedures of physical verification of Property, Plant & Equipment & Intangible Assets followed by the management are not reasonable and are inadequate in relation to the size of the Company and the nature of its business.
 - c. The title deeds of immovable properties (other than those that have been taken on lease and the lease agreements are duly executed in favour of the Company) are held in the name of the company as at the balance sheet date.
 - d. The Company has not revalued any of its Property, Plant & Equipment (including right of use of assets) and Intangible Assets during the year.
 - e. No proceedings have been initiated during the year or are pending against the Company as at 31st March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) In respect of its inventories:
- a. The management has not conducted physical verification of inventory at reasonable intervals. Hence, we are unable to determine whether there were any material discrepancies noticed on physical verification of inventories as compared to the book records and whether the same has been properly dealt with in the books of accounts.
 - b. According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Accordingly, this clause is not applicable.
- (iii) According to the information and explanations given to us, the Company has not made any investments in, provided any guarantee or security, granted any loans or advances, secured or unsecured to any

Companies, Firms, Limited Liability Partnerships or other parties during the year. Accordingly, the provisions of clause (iii) of paragraph 3 of the Order are not applicable to the Company.

- (iv) In our opinion and according to the information and explanations given to us, the Company has not advanced any loans to persons covered under the provisions of section 185 or granted securities under section 186 of the Act. Hence reporting under clause (iv) of the Order is not applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits from the public during the year. Therefore, the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the Company. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- (vi) As explained to us, the Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Therefore, the provisions of Clause (vi) of paragraph 3 of the order are not applicable to the Company.
- (vii) According to the information and explanations given to us in respect of statutory dues:
- a. Undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues applicable to the company have not been regularly deposited by it to the appropriate authorities & there have been delays in a number of cases given below:

Annexure – B to Independent Auditors’ Report

Referred to in paragraph 2(h) under 'Report on Other Legal and Regulatory Requirements' of our report of even date

Report on the Internal Financial Controls with reference to Standalone financial statements under section 143(3)(i) of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Standalone financial statements of Gyscoal Alloys Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”), issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Financial Statement based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to and audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain evidence about the adequacy of the internal financial controls system with reference to Standalone financial statement and their operating effectiveness. Our audit of internal financial controls with reference to financial statement included obtaining and understanding of internal financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial controls with reference to Standalone Financial Statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that,

- (1) Pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone financial statements to future periods are subject to the risk that the internal financial control with reference to Standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, except the following:

- Physical Verification of Property, Plant and Equipment have not been conducted at regular intervals. In our opinion and according to the information and explanations given to us, the procedures of physical verification of Property, Plant & Equipment & Intangible Assets followed by the management are not reasonable and are inadequate in relation to the size of the Company and the nature of its business. There is no practice of the testing the Property, Plant & Equipment are not tested for impairment.

- Physical Verification of Inventories have not been conducted at regular intervals, hence, we are unable to determine whether there were any material discrepancies noticed on physical verification of inventories as compared to the book records and whether the same has been properly dealt with in the books of accounts.
- Balance Confirmations from the debtors have not been received on the year end date. The reliability of these amounts is doubtful and company has not made any provision for Bad and Doubtful debts in respect of these receivables, other than specified in Note no. 11. In our opinion, the provision made is inadequate and the impact on loss and carrying value of trade receivables could not be ascertained.

3 Significant Accounting Policies

3.1 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. The Company is generally the principal as it typically controls the goods or services before transferring them to the customer.

3.1.1 Sale of Goods

Revenue is generated primarily from sale of S. S. Products. Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer in accordance with the terms of customer contracts. In case of domestic customers, generally revenue recognition take place when goods are dispatched and in case of export customers when goods are shipped onboard based on bill of landing as per the terms of contract. Revenue is measured based on the transaction price, which is the consideration, adjusted for trade discounts, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

A contract liability is the obligation to transfer goods to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

The Company does not expect to have any contracts where the period between the transfer of the promised goods to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

3.1.2 Sale of Services

Revenue is recognized from rendering of services when the performance obligation is satisfied and the services are rendered in accordance with the terms of customer contracts. Revenue is measured based on the transaction price, which is the consideration, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

A contract liability is the obligation to render services to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

The Company does not expect to have any contracts where the period between the rendering of promised services to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

3.1.3 Export Incentive

Export incentives are accounted on accrual basis at the time of export of goods, if the entitlement can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

3.1.4 Job Work

Revenue from job work services is recognised based on the services rendered in accordance with the terms of contracts.

3.1.5 Other Income

a Interest Income

Interest income is recognized using effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

b Dividend income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

c Gain or loss on derecognition of Financial Assets

Gain or Loss on derecognition of financial asset is determined as the difference between the sale price (net of selling costs) and carrying value of financial asset.

d All other Incomes are recognised and accounted for on accrual basis

3.2 Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

For transition to Ind AS, the carrying value of Property Plant and Equipment under previous GAAP as on 01 April 2016 is regarded as its cost. The carrying value was original cost less accumulated depreciation and cumulative impairment.

Property, Plant and Equipment not ready for the intended use on the date of the Balance Sheet are disclosed as "Capital work-in-progress".

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on Property, Plant and Equipment is calculated on written down value method basis using the ratio arrived as per the useful life prescribed under Schedule II to the Companies Act, 2013.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.3 Financial Instruments

3.3.1 Initial recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are recognized at fair value on initial recognition.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to or deducted from the fair value of financial assets or financial liabilities on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Regular way purchase and sale of financial assets are accounted for at trade date.

3.3.2 Subsequent Measurement

a Non-derivative financial instruments

i Financial assets measured at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii Financial assets measured at fair value through profit or loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

iv Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

v Investment in subsidiaries, associate and joint ventures

Investments in subsidiary companies, associate and joint venture companies are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary companies, associate and joint venture companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

b Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of equity instruments are recognized as a deduction from equity instrument net of any tax effects.

3.3.3 De-recognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when obligation specified in the contract is discharged or cancelled or expires.

3.3.4 Off-setting

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the company currently has a legally enforceable right to offset the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

3.4 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

3.5 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

3.5.1 Current Tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, wherever appropriate, on the basis of amounts expected to be paid to the tax authorities.

Current tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Current tax assets and current tax liabilities are offset, where company has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

3.5.2 Deferred Tax

Deferred tax is recognized in profit or loss, except when it relates to items that are recognized in other comprehensive income or directly in equity, in which case, the deferred tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax liabilities are recognized for all taxable temporary differences, except to the extent that the deferred tax liability arises from initial recognition of goodwill; or initial recognition of an asset or liability in a transaction which is not a business combination and at the time of transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rules and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset, where company has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.6 Impairment

3.6.1 Financial assets other than investments in subsidiary and associates

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the statement of profit and loss.

3.6.2 Financial assets – investment in subsidiary and associates

The company assesses at each reporting date whether there is an indication that an asset may be impaired. Such indications include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

If any indication exists, the company estimates the asset's recoverable amount based on value in use.

To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset.

Where the carrying amount of an asset exceeds its value in use amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognized in statement of profit and loss.

3.6.3 Non financial assets - Tangible assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists the company estimates the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognized in the statement of profit and loss.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

3.7 Borrowing Costs

Borrowing cost includes interest and other costs that company has incurred in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Investment income earned on temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

3.8 Employee Benefits

Short term employee benefits for salary and wages including accumulated leave that are expected to be settled wholly within 12 months after the end of the reporting period in which employees render the related service are recognized as an expense in the statement of profit and loss.

The company measures the expected cost of absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. As per Company's policy, no leave is expected to be carried forward beyond 12 months from the reporting date.

Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service.

The company operates one defined benefit plan for its employees, viz., gratuity plan. The costs of providing benefits under the plan are determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out using the projected unit credit method made at the end of each reporting date. Re-measurement of the net defined benefit liability (asset) comprise of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability (asset) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability / (asset)). Re-measurement are recognized in other comprehensive income and will not be reclassified to profit or loss in a subsequent period.

3.9 Provisions

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

3.10 Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

3.11 Contingent Asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. Contingent assets are neither recognised nor disclosed in the financial statements.

3.12 Foreign Currency

a Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

b Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

c Exchange difference

All exchange differences are recognized as income or as expenses in the year in which they arise.

3.13 Cash and cash equivalent

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.14 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.15 Inventories

Items of inventory are valued at cost or net realizable value, whichever is lower. Cost for raw materials, traded goods and stores and spares is determined on FIFO basis. Cost includes all charges in bringing the goods to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

3.16 Lease

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective approach.

The effect of this adoption is insignificant on the profit before tax, profit for the year and earnings per share.

(i) As a lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(ii) As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

3.17 Segment Reporting

An operating segment is component of the company that engages in the business activity from which the company earns revenues and incurs expenses, for which discrete financial information is available and whose operating results are regularly reviewed by the chief operating decision maker, in deciding about resources to be allocated to the segment and assess its performance. The company's chief operating decision maker is the managing Director.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as un-allocable.

Revenue and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as un-allocable expenses.

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

3.18 Cash Flow Statement

Cash flows are reported using indirect method whereby profit for the period is adjusted for the effects of the transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts and payments and items of income or expenses associated with investing and financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.19 Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

4 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions.

These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements are:

- Useful lives of Property, plant and equipment
- Valuation of financial instruments
- Provisions and contingencies
- Income tax and deferred tax
- Measurement of defined employee benefit obligations
- Export Incentive
- Provision for Loss Allowance using Expected Credit Loss Model in respect of Trade Receivables

5 Recent Accounting Developments

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

16.3.2 Steps proposed to be taken by Management:

It is pertinent to mention that the company is predominantly engaged in manufacturing and marketing of Stainless-Steel Products specifically SS Angels, SS Channels, Bright Bars, Right Angle Patti and Flat Bars.

In March, 2022, there was a major breakdown in the Machineries which had erupted the production cycle and accordingly the company could not continue its production during March and April, 2022. However, from May, 2022 the company has restarted its production specifically with respect to Bright Bars, Black Bars and SS Angels. The main Induction Furnace is still under maintenance and it will restart around 10th June, 2022. Therefore, by mid-July, 2022 production from Induction Furnace will commence on a regular basis.

The company is also in the process of raising additional capital of Rs. 80 Crores (approx.) September, 2022. The funds so raised will be used to finance the working capital needs of the company along with repayment of existing term liabilities.

16.3.3 Going Concern

Further to the steps mentioned above, the company has also taken various steps to reduce cost & improve efficiencies to make its operations profitable. The company is confident that the by mid-July, 2022 production from Induction Furnace will commence on a regular basis and additional funds so raised will be used to finance the working capital needs of the company along with repayment of existing term liabilities. The company is also confident that for the debts outstanding with UCO Bank, OTS with Omkara ARC will happen by September, 2022. The company has prepared the financial statements on going concern basis and therefore no adjustments have been made to the carrying values or classification of assets and liabilities.

33 Fair Value Measurement of Financial Asset and Financial Liabilities

The Fair value of current financial assets and current financial liabilities measured at amortised cost, are considered to be the same as their carrying amount as they are of short term nature. Hence fair value hierarchy is not given for the same.

The carrying amount of non - current financial assets and non - current financial liabilities measured at amortised cost are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled. Hence, fair value hierarchy is not given for the same.

34 Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

A Market Risk

C Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness.

Credit risk arises primarily from financial assets such as trade receivables, cash and cash equivalent and other financial assets.

In respect of trade receivables, credit risk is being managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business. The Company ensures that sales of products are made to customers with appropriate creditworthiness. All trade receivables are also reviewed and assessed for default on a regular basis.

Credit risk arising from cash and cash equivalent and other financial assets is limited as the counterparties are banks and mainly Government companies respectively.

The Company has made assessment of Allowance for Credit Loss in respect of Trade Receivables for the first time. The Company has analysed its trade receivables for aging analysis and grouped them accordingly and then applied year wise percentage to calculate the amount of Allowance for Credit Loss in respect of the same.

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the Consolidated financial statements of Gyscoal Alloys Limited (“the Parent”) and its associates (“the Group”) which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

1. In respect of Inventories, during the reporting period, the management has not undertaken physical verification of Inventories at periodic intervals and has not obtained any technical /market/commercial evaluation for the inventories. Hence, we are unable to comment on the realizable value of the same, which may be lower than the amount at which it has been reflected in the balance sheet. The Company has not maintained adequate inventory records at the factory. No provision has been made on diminution in the value of old and slow-moving inventory. The impact of the above remarks, presently not ascertainable and, therefore, cannot be commented upon.
2. In respect of Trade Receivables amounting to Rs. 8,430.29 Lakhs, we have not received balance confirmations from the debtors. The reliability of these amounts is doubtful and company has not made any provision for Bad and Doubtful debts in respect of these receivables, other than specified in Note no. 11. In our opinion, the provision made is inadequate and the impact on loss and carrying value of trade receivables could not be ascertained.
3. In respect of Property, Plant & Equipment as per Note 6 to the Consolidated financial statements, physical inspection was not conducted by any technical personnel and the fair value report of gross fixed assets of Rs. 5,825 lakhs for Tangible Assets as at March 31, 2022 is not available. The said assets are not tested for

impairment and hence no provision for impairment has been made. In absence of any alternative corroborative evidence, we are unable to comment on the recoverability of the same.

Material uncertainty related to Going Concern

We draw attention to Note 16 to the consolidated financial statements regarding preparation of the consolidated financial statements of the Group on a going concern. The Group had incurred operational losses during the previous years and has continued to incur losses during the current year. The net worth of the Group has been fully eroded. The Group has incurred net loss (before exceptional items) of Rs. 1,086.21 Lakhs during the year ended 31st March, 2022. These conditions, along with the outcome of other matters as set forth in Note 16, indicate existence of material uncertainty, which cast significant doubts about the group's ability to continue as a going concern and consequently, the ability of the Group to realise its assets and discharge its liabilities in the normal course of business. The management has prepared the financial statements on a going concern basis, as they are reasonably certain that the group will be able to successfully meet the production targets and raise additional capital. Hence, no adjustments have been made to the carrying value of assets and liabilities and their presentation / classification in the Balance Sheet.

The ultimate outcome of these matters at present is not ascertainable. Accordingly, we are unable to comment on the consequential impact, if any, on the accompanying consolidated financial statement.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to the following matters in the notes to the Consolidated Financial Statements:

- c) Note no. 16 in respect of One-time settlement ("OTS") of SBI cash credit account and the resultant waiver of Principal & Interest amounts with respect to the OTS.
- d) Note no. 16 to the financial statements in respect of assignment of debts of UCO bank to M/s Omkara Assets Reconstruction Private Limited.
- e) Note no. 3.2 to the financial statements in respect of Company not recognizing its share of further losses of the associate and did not considering effect of accounting loss reported by the associate.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Adverse Opinion section and Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters

How the matter was addressed in our audit

I. Assessment of going concern basis (as described in note 16.3.2 and 16.3.3 of the financial statements)

As at 31st March, 2022, the net worth of the Group has been fully eroded. The Group has incurred net loss of Rs. 1086.21 Lakhs during the year ended 31st March, 2022. The factors as mentioned in the above paragraph raises material uncertainty related to Going Concern assumption used by the Company in the preparation of the financial statements. Assessment of existence of material uncertainty related to Going Concern is considered as a Key Audit Matter as it involves significant management judgements and estimates for preparation of the cash flow forecast for next twelve months and management's mitigation plan which includes infusion of funds by way of Right Issue and commencement of production post July, 2022.

Principal audit procedures performed:

We performed the following principal audit procedures in relation to management's assessment of going concern:

- Evaluated design and implementation of and tested the control relating to management's assessment of appropriateness of going concern assumption.
- Evaluated the appropriateness of identification of material uncertainties by the Management.
- Analysed and discussed cash flow, EBITDA and other relevant forecasts with management.
- Obtained understanding of the progress of raising additional capital through right issue and commencement of regular production.
- Performed the sensitivities and stress testing on the future cash flows that management has considered for the going concern assessment.
- Evaluated the adequacy of disclosures in the financial statements with respect to the going concern assumptions

II. Revenue Recognition

As required by Ind AS 115 Revenue from sale of goods is recognized when the control of the goods has transferred to the customer and when there are no longer any unfulfilled obligations to the customer. Revenue is adjusted for estimated sales returns, discounts and other similar allowances

Sales return estimation

As disclosed in Note 3.1 to the financial statements, revenue is recognised net of estimated sales returns. Estimation of sales returns involves significant judgement and estimates since it is dependent on various internal and external factors. Estimation of sales return amount together with the level

Our audit procedure included following:

- Understanding the process followed by the management for the purpose of identifying and determining the amount of provision of sales returns.
- Evaluating the data used by the management for the purpose of calculation of the provision for sales returns and checking of its arithmetical accuracy.
- Comparison between the estimate of the provision for sales returns created in the past with subsequent actual sales returns and analysis of the nature of any deviations to corroborate the effectiveness of the management estimation process -
 - Considering the appropriateness of the Company's accounting policies regarding revenue recognition as they

of judgement involved make its accounting treatment a significant matter for our audit.

relate to accounting for rebates and scheme allowances.

- Testing the Company's process and controls over the calculation of discounts, rebates and customer incentives.
- Selecting a sample on test check basis of revenue transactions and scheme circular to re-check that scheme allowance as at year end were calculated in accordance with the eligibility criteria mentioned in the relevant circulars.
- Selecting a sample (using statistical sampling) of credit note issued to the customers during the year and verifying the same is in accordance with the scheme.
- Evaluating the assumptions and judgements used by the Company in calculating rebates and schemes allowances, including the level of expected claims, by comparing historical trends of claims.

III. The Group has material uncertain tax positions including matters under dispute relating to direct tax and indirect tax which involves significant judgment to determine the possible outcome of disputes.

Assessment of contingent liabilities disclosure requires Management to make judgments and estimates in relation to the issues and exposures. Whether the liability is Inherently uncertain, the amounts involved are potentially significant and the application of accounting standards to determine the amount, if any, to be provided as liability, is inherently subjective.

Our audit procedure included following:

- We tested the effectiveness of controls around the recording and re-assessment of contingent liabilities.
- Obtained details of completed tax assessments and demands for the year ended March 31, 2022 from management.
- We used our subject matter experts to assess the value of material contingent liabilities in light of the nature of exposures, applicable regulations and related correspondence with the authorities.
- We discussed the status and potential exposures in respect of significant litigation and claims with the Company's Management including their views on the likely outcome of each litigations, claims and the magnitude of potential exposure and sighted any relevant opinions given by the Company's advisors.
- We assessed the adequacy of disclosures made.
- We discussed the status in respect of significant provisions with the Company's Management.

-
- We performed retrospective review of management's judgements relating to accounting estimate including in the financial statement of prior year and compared with the outcome.
-

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Parent's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The above-mentioned reports comprising of other information are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the above-mentioned reports comprising other information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable in the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's Management is responsible for the matters stated in section 134(5) the Act with respect to the preparation of these Ind AS Consolidated Financial Statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity statement of the Group in accordance with the Accounting principles generally accepted in India, including the Accountant Standards (Ind AS) referred to in section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 (as amended). This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgements and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial control that we are operating effectively for ensuring the accuracy and completeness of accounting records relevant to the preparation and presentation of the Ind AS Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using

the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Parent's Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control with reference to consolidated financial statements that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory requirements

4. As required by section 143(3) of the Act, we report that:
 - i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - j) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - k) The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Cash Flow Statement and Consolidated Statement of Change in Equity dealt with by this Report are in agreement with the books of account.
 - l) In our opinion, the Consolidated Ind AS financial statements comply with the Accounting Standards (Ind AS) referred to in section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - m) The matter described in the Material uncertainty related to Going Concern section above, in our opinion, may affect the functioning of the company but considering the financial plan by the management, they are confident of reviving the company in near future.
 - n) On the basis of written representations received from the directors as on March 31, 2022, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022, from being appointed as a director in terms of section 164(2) of the Companies Act, 2013.
 - o) With respect to the adequacy of the internal finance controls with reference to consolidated financial statements of the Company and the operating effectiveness of such control, refer to our separate Report in "Annexure-B". Our report expresses modified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.

- p) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit & Auditors) Rules 2014, as amended in our opinion and to the best of our information and according to explanations given to us by the management, the requirements of the same are duly complied with as under:
- vi. The Group has disclosed the impact of pending litigations on its financial position in its financial statements by way of disclosure in Note no. 21.2 to the financial statements.
 - vii. Provision has been made in the Ind AS financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - viii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.
 - ix.
 - a. The Management has represented that, to the best of its knowledge and belief, as disclosed in the note no. 47 to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note no. 48 to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - x. The Group has not declared or paid any dividend during the year and has not proposed final dividend for the year.
5. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Group to its directors is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director by the Group is not in excess of the limit laid down under section 197 of the Act.

6. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of the associate company included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks by the auditors in the CARO report of the said associate company included in the consolidated financial statements.

Annexure – A to Independent Auditors' Report

Referred to in paragraph 2(h) under 'Report on Other Legal and Regulatory Requirements' of our report of even date.

Report on the Internal Financial Controls with reference to Consolidated financial statements under section 143(3)(i) of the Companies Act, 2013("the Act")

We have audited the internal financial controls with reference to consolidated financial statements of Gyscoal Alloys Limited ("the Company") and its Associates ("the group") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note"), issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statement based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to and audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain evidence about the adequacy of the internal financial controls system with reference to consolidated financial statement and their operating effectiveness. Our audit of internal financial controls with reference to financial statement included obtaining and understanding of internal financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial controls with reference to Consolidated Financial Statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that,

- (4) Pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (5) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of management and directors of the company; and
- (6) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, except the following:

- Physical Verification of Property, Plant and Equipment have not been conducted at regular intervals. In our opinion and according to the information and explanations given to us, the procedures of physical verification of Property, Plant & Equipment & Intangible Assets followed by the management are not reasonable and are inadequate in relation to the size of the Company and the nature of its business. There is no practice of the testing the Property, Plant & Equipment are not tested for impairment.

- Physical Verification of Inventories have not been conducted at regular intervals, hence, we are unable to determine whether there were any material discrepancies noticed on physical verification of inventories as compared to the book records and whether the same has been properly dealt with in the books of accounts.
- Balance Confirmations from the debtors have not been received on the year end date. The reliability of these amounts is doubtful and company has not made any provision for Bad and Doubtful debts in respect of these receivables, other than specified in Note no. 11. In our opinion, the provision made is inadequate and the impact on loss and carrying value of trade receivables could not be ascertained.

Notes Forming Part of the Consolidated Financial Statements for the Year Ended March 31, 2022

1 Group Information

The consolidated financial statements (herein after referred to as "financial statements") comprise financial statements of Gyscoal Alloys Limited ("the Company" or the "the holding Company") and its associate (collectively, the Group) for the year ended March 31, 2022.

Gyscoal Alloys Limited (the 'Company') is a public limited Company and domiciled in India and is incorporated under the provisions of the Companies Act with its registered office located at Plot No. 2/3 GIDC, Ubkhal, Kukarwada, Tal. Vijapur, Dist.: Mehsana - 382 830. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Parent company is engaged in the manufacturing and selling of diverse range of SS products.

The Board of Directors approved the standalone financial statements for the year ended March 31, 2022 and authorised for issue on May 11, 2022.

2 Basis of Preparation and Presentation

2.1 Statement of Compliance

(i) Compliance with Indian Accounting Standards (Ind AS)

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

(ii) Historical Cost Convention

The Financial Statements have been prepared on the historical cost convention on the accrual basis except for following assets and liabilities which have been measured at fair value amount:

- i) Certain Financial Assets and Liabilities
- ii) Defined Benefit Plans - Present value of defined benefit obligations Less Plan Assets

(iii) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as Current when it is :-

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when :-

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(iv) Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.2 Functional and Presentation Currency

Indian rupee is the functional and presentation currency.

2.3 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

3 Significant Accounting Policies

3.1 Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services. The Company is generally the principal as it typically controls the goods or services before transferring them to the customer.

3.1.1 Sale of Goods

Revenue is generated primarily from sale of S. S. Products. Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer in accordance with the terms of customer contracts. In case of domestic customers, generally revenue recognition take place when goods are dispatched and in case of export customers when goods are shipped onboard based on bill of landing as per the terms of contract. Revenue is measured based on the transaction price, which is the consideration, adjusted for trade discounts, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

A contract liability is the obligation to transfer goods to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

The Company does not expect to have any contracts where the period between the transfer of the promised goods to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

3.1.2 Sale of Services

Revenue is recognized from rendering of services when the performance obligation is satisfied and the services are rendered in accordance with the terms of customer contracts. Revenue is measured based on the transaction price, which is the consideration, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

A contract liability is the obligation to render services to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

The Company does not expect to have any contracts where the period between the rendering of promised services to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

3.1.3 Export Incentive

Export incentives are accounted on accrual basis at the time of export of goods, if the entitlement can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

3.1.4 Job Work

Revenue from job work services is recognised based on the services rendered in accordance with the terms of contracts.

3.1.5 Other Income

a Interest Income

Interest income is recognized using effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

b Dividend income

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

c Gain or loss on derecognition of Financial Assets

Gain or Loss on derecognition of financial asset is determined as the difference between the sale price (net of selling costs) and carrying value of financial asset.

d All other Incomes are recognised and accounted for on accrual basis

3.2 Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less

Notes Forming Part of the Consolidated Financial Statements for the Year Ended March 31, 2022

accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

For transition to Ind AS, the carrying value of Property Plant and Equipment under previous GAAP as on 01 April 2016 is regarded as its cost. The carrying value was original cost less accumulated depreciation and cumulative impairment.

Property, Plant and Equipment not ready for the intended use on the date of the Balance Sheet are disclosed as "Capital work-in-progress".

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on Property, Plant and Equipment is calculated on written down value method basis using the ratio arrived as per the useful life prescribed under Schedule II to the Companies Act, 2013.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.3 Financial Instruments

3.3.1 Initial recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are recognized at fair value on initial recognition.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to or deducted from the fair value of financial assets or financial liabilities on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Regular way purchase and sale of financial assets are accounted for at trade date.

3.3.2 Subsequent Measurement

a Non-derivative financial instruments

i Financial assets measured at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii Financial assets measured at fair value through profit or loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 – Financial Instruments.

iv Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

v Investment in subsidiaries, associate and joint ventures

Investments in subsidiary companies, associate and joint venture companies are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary companies, associate and joint venture companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

b Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of equity instruments are recognized as a deduction from equity instrument net of any tax effects.

3.3.3 De-recognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when obligation specified in the contract is discharged or cancelled or expires.

3.3.4 Off-setting

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the company currently has a legally enforceable right to offset the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

3.4 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

3.5 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

3.5.1 Current Tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, wherever appropriate, on the basis of amounts expected to be paid to the tax authorities.

Notes Forming Part of the Consolidated Financial Statements for the Year Ended March 31, 2022

Current tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity, respectively.

Current tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Current tax assets and current tax liabilities are offset, where company has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

3.5.2 Deferred Tax

Deferred tax is recognized in profit or loss, except when it relates to items that are recognized in other comprehensive income or directly in equity, in which case, the deferred tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax liabilities are recognized for all taxable temporary differences, except to the extent that the deferred tax liability arises from initial recognition of goodwill; or initial recognition of an asset or liability in a transaction which is not a business combination and at the time of transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rules and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset, where company has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.6 Impairment

3.6.1 Financial assets other than investments in subsidiary and associates

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the statement of profit and loss.

3.6.2 Financial assets – investment in subsidiary and associates

The company assesses at each reporting date whether there is an indication that an asset may be impaired. Such indication include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

If any indication exists, the company estimates the asset's recoverable amount based on value in use.

To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset

Where the carrying amount of an asset exceeds its value in use amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognized in statement of profit and loss.

3.6.3 Non financial assets - Tangible assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists the company estimates the asset's recoverable amount

An asset's recoverable amount is the higher of an assets net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The impairment loss is recognized in the statement of profit and loss.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

3.7 Borrowing Costs

Borrowing cost includes interest and other costs that company has incurred in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Investment income earned on temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

3.8 Employee Benefits

Short term employee benefits for salary and wages including accumulated leave that are expected to be settled wholly within 12 months after the end of the reporting period in which employees render the related service are recognized as an expense in the statement of profit and loss.

The company measures the expected cost of absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. As per Company's policy, no leave is expected to be carried forward beyond 12 months from the reporting date.

Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service.

The company operates one defined benefit plan for its employees, viz., gratuity plan. The costs of providing benefits under the plan are determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out using the projected unit credit method made at the end of each reporting date. Re-measurement of the net defined benefit liability (asset) comprise of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability (asset) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability / (asset)). Re-measurement are recognized in other comprehensive income and will not be reclassified to profit or loss in a subsequent period.

3.9 Provisions

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

3.10 Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the

Notes Forming Part of the Consolidated Financial Statements for the Year Ended March 31, 2022

obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

3.11 Contingent Asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. Contingent assets are neither recognised nor disclosed in the financial statements.

3.12 Foreign Currency

a Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

b Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

c Exchange difference

All exchange differences are recognized as income or as expenses in the year in which they arise.

3.13 Cash and cash equivalent

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.14 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

3.15 Inventories

Items of inventory are valued at cost or net realizable value, whichever is lower. Cost for raw materials, traded goods and stores and spares is determined on FIFO basis. Cost includes all charges in bringing the goods to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

3.16 Lease

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective approach.

The effect of this adoption is insignificant on the profit before tax, profit for the year and earnings per share.

(i) As a lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(ii) As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

3.17 Segment Reporting

An operating segment is component of the company that engages in the business activity from which the company earns revenues and incurs expenses, for which discrete financial information is available and whose operating results are regularly reviewed by the chief operating decision maker, in deciding about resources to be allocated to the segment and assess its performance. The company's chief operating decision maker is the managing Director.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as un-allocable.

Revenue and expenses directly attributable to segments are reported under each reportable segment. All other expenses which are not attributable or allocable to segments have been disclosed as un-allocable expenses.

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

3.18 Cash Flow Statement

Cash flows are reported using indirect method whereby profit for the period is adjusted for the effects of the transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts and payments and items of income or expenses associated with investing and financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.19 Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

3.20 Basis of consolidation and equity method

The Parent Company consolidates entities which it owns or controls and applies equity method of accounting where the Company has significant influence over the other entity.

a Consolidation of subsidiary

The Company controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Power is demonstrated through existing rights that give the current ability to direct the relevant activities of the entity that significantly affect the entity's returns.

Subsidiary is consolidated from the date control commences until the date control ceases.

Consolidated financial statements combine like items of assets, liabilities, equity, income, expenses and cash flows of the Company with those of the subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date. Offset the carrying amount of the Company's investment in subsidiary and the Company's portion of the equity of each subsidiary. Intragroup transactions, balances and unrealized gains and losses on transactions between entities of group are eliminated. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12, Income taxes, applies to temporary differences that arise from the elimination of profit and losses resulting from intragroup transactions.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and events in similar circumstances.

Non-controlling interests in the profit or loss and equity of subsidiary are shown separately in the consolidated financial statements of profit and loss and consolidated statement of changes in equity respectively.

Notes Forming Part of the Consolidated Financial Statements for the Year Ended March 31, 2022

In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve.

Equity method of accounting for investment in associate

An associate is an entity over which the Parent and its subsidiary have significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over the policies.

Investments in associates are accounted for using the equity method of accounting. The investments are initially recognized at cost, and the carrying amount is increased or decreased to recognize the Company's share of the profit or loss and other comprehensive income of the investee after the acquisition date. Distributions received from an investee reduce the carrying amount of the investment.

When Parent's share of losses of an associate equal or exceeds its interest in the associate, the Company discontinues recognizing its share of further losses unless it has incurred obligations or made payments on behalf of associate.

Unrealized gains and losses on transactions between entities of group are recognised to the extent of the group's interest in these entities.

Investments in associate are accounted for using equity method from the date significant influence commences until the date significant influence ceases.

Accounting policies of the associate are in line with the Parent's accounting policies.

Details of associate companies that have been considered in the preparation of the consolidated financial statements:

1. Name of the associates :	Goldman Hotels and Resorts Private Limited	
2. Relationship :	Associates	
3. Country of Incorporation and principal place of business:	India	
4. % of Holding and voting power	As on March 31, 2022	As on March 31, 2021
	26%	26%

As company's share of loss in associates exceeds the carrying amount of the investment in shares of associates i.e. Goldman Hotels and Resorts Private Limited, the company has reported investment at nil value. In view of this, the company did not consider accounting of loss reported by associates in the financial years 2021-22.

4 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions.

These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements are:

- Useful lives of Property, plant and equipment
- Valuation of financial instruments
- Provisions and contingencies
- Income tax and deferred tax
- Measurement of defined employee benefit obligations
- Export Incentive
- Provision for Loss Allowance using Expected Credit Loss Model in respect of Trade Receivables

5 Recent Accounting Developments

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the ‘10 percent’ test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

Debts due to UCO Bank:

During the year, necessary forms creating the charge of M/s Omkara Assets Reconstruction Private Limited (“Omkara ARC”) on the assets of the company were filed with Registrar of Companies. Accordingly in the books, necessary entries are passed during the year giving the effect of assignment of debt to Omkara ARC. The Company is also in the process of entering into OTS with M/s Omkara ARC in respect to its debts due to UCO Bank. The company is confident that the OTS would be entered into before September 2022.

16.3.2 Steps proposed to be taken by Management:

It is pertinent to mention that the company is predominantly engaged in manufacturing and marketing of Stainless-Steel Products specifically SS Angels, SS Channels, Bright Bars, Right Angle Patti and Flat Bars.

In March, 2022, there was a major breakdown in the Machineries which had erupted the production cycle and accordingly the company could not continue its production during March and April, 2022. However, from May, 2022 the company has restarted its production specifically with respect to Bright Bars, Black Bars and SS Angels. The main Induction Furnace is still under maintenance and it will restart around 10th June, 2022. Therefore, by mid-July, 2022 production from Induction Furnace will commence on a regular basis.

The company is also in the process of raising additional capital of Rs. 80 Crores (approx.) September, 2022. The funds so raised will be used to finance the working capital needs of the company along with repayment of existing term liabilities.

16.3.3 Going Concern

Further to the steps mentioned above, the company has also taken various steps to reduce cost & improve efficiencies to make its operations profitable. The company is confident that the by mid-July, 2022 production from Induction Furnace will commence on a regular basis and additional funds so raised will be used to finance the working capital needs of the company along with repayment of existing term liabilities. The company is also confident that for the debts outstanding with UCO Bank, OTS with Omkara ARC will happen by September, 2022. The company has prepared the financial statements on going concern basis and therefore no adjustments have been made to the carrying values or classification of assets and liabilities.

33 Fair Value Measurement of Financial Asset and Financial Liabilities

The Fair value of current financial assets and current financial liabilities measured at amortised cost, are considered to be the same as their carrying amount as they are of short term nature. Hence fair value hierarchy is not given for the same.

The carrying amount of non - current financial assets and non - current financial liabilities measured at amortised cost are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled. Hence, fair value hierarchy is not given for the same.

34 Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

A Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises interest rate risk and currency risk.

i Interest Rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. C Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness.

Credit risk arises primarily from financial assets such as trade receivables, cash and cash equivalent and other financial assets.

In respect of trade receivables, credit risk is being managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business. The Company ensures that sales of products are made to customers with appropriate creditworthiness. All trade receivables are also reviewed and assessed for default on a regular basis.

Credit risk arising from cash and cash equivalent and other financial assets is limited as the counterparties are banks and mainly Government companies respectively.

The Company has made assessment of Allowance for Credit Loss in respect of Trade Receivables for the first time. The Company has analysed its trade receivables for aging analysis and grouped them accordingly and then applied year wise percentage to calculate the amount of Allowance for Credit Loss in respect of the same.
