Chairman Message

Dear Shareholders,

Greeting

It gives me pleasure to place before you the Annual Report of your Company for the financial year 2018-19. Your Company achieved a total turn-over of INR 3997 Million (Mn.) as against INR 8,584 Mn. of last year, the lower turnover is on account of erratic global rice market conditions and cash crunch faced by the Company. The rice export value stood at INR 171 Mn. as against INR 4,609 Mn. of last year. However, in domestic rice segment your company has registered a growth of 24.30% on YOY basis.

Basmati Rice Export is mainly driven by demand from some of the Middle East Countries like, Iran, Saudi Arabia, Yemen, Iraq, UAE etc. Iran, Yemen, Iraq are facing various problems making it difficult to export and realize sale proceeds from these countries.

Nevertheless, last year had been challenging one because of financial constraint and ongoing economic pressure. On the hindsight export market was low on sentiments & actual realization due to economic instability around countries beside our own constraint of business operation due to liquidity crunch. However Kohinoor is still striving to grow steadily and place its presence around world across renowned players.

KFL participates across nations and around world, under its few

prestigious brands for sale of rice and processed & packed food business.

However you will be glad to note that the company has done well in the current situation in domestic rice segment which has registered a Year on Year (YOY) growth of 24.30%.

Our UK operations continue to focus on growth both in Rice and processed food range of products.

We further inform the members that with an objective to improve the financials of the company, your company is exploring the possibilities such as:

- a. Monetising some of the assets of the company.
- b. Looking for Investor to infuse funds in the company.
- c. Negotiating with the Banks for restructuring of borrowings.

The company is working aggressively on the said lines to improve its financial/business to achieve the seamless working.

With the objective of bringing authentic Indian flavours to the people all over the world, we want your company Kohinoor Foods Ltd. to become a leading name in the food business globally as well. In pursuit of our vision to make Kohinoor the most trusted & preferred food brand in export markets, we would continue to develop products, increase operational efficiency and follow our successful strategies.

I am grateful to the Board of Directors for their unwavering support and guidance. I also take this opportunity to express my gratitude to all our consumers, business partners, employees and stakeholders who have shown their trust in us and have extended their constant support.

With best wishes,

Sincerely

Sd/-

Company – In General

Synonymous with the fine taste of India in its absolute authentic form, the sole objective of Kohinoor Foods Limited, since its inception, has been to make the world experience the true Indian flavor. The Company offers an extensive range that caters to consumers' need in all parts of the world – a wide variety of Basmati Rice, Ready to Eat Curries & Meals, Readymade Gravies, Cooking Pastes, Chutney's, Spices and Seasonings to Frozen Breads, Snacks & Paneer (Indian Cottage Cheese), healthy grains, edible oils. Today, the most powerful brand of the Company "Kohinoor" is a household name in the countries like UK, USA, UAE, Canada, Australia, Middle East, Singapore, Japan, Mauritius & other European countries. As of now, the brand 'Kohinoor' is known worldwide. During the current year the company is promoting its "MONSOON" brand in India as well as worldwide and started selling product under this new brand as well.

Your Directors have pleasure in presenting the 30th Annual Report and the Audited Annual Accounts of the Company for the Financial Year ended 31st March, 2019.

Financial Overview

The financial highlights for the year ending 31st March, 2019 are as under:

Particulars	FY'19	FY'18
Total Turnover	4065.84	8623.96
Profit/(Loss) Before Interest, Depreciation and Tax (PBIDT)	(1758.75)	274.87

Less: Tax Expense	941.86	14.48
Profit/(Loss) After Tax	(3855.75)	(710.28)
Total Comprehensive income for the year	(3854.50)	(709.73)

The Board's Report has been prepared based on the stand alone financial statements of the Company.

Operations:

For the financial year under review 2018-19, the company's Export stand at INR 265 million as against INR 5,322 million in previous year while as the Domestic Sales stood at INR 3,732 million as against INR 3,262 million in the last financial year.

The contribution made by Rice to the Company's business is INR 3802 million as against INR 7531 million in the last financial year, while the Food Business stood at INR 194 million as against INR 728 million in the previous year.

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

The year saw an increase of 24.30% in basmati rice domestic sales in value terms in comparison to last year sales. Export market was down due to political instability in countries such as Iraq & Syria and the financial constraint faced by the company. During the year under review export realisation price had an upward trend as it is evident from the fact that average sale price was Rs 75,778 per MT as compared to Rs. 70,987 during the last year. These phenomena in the pricing led to the sub-dude sentiment. Focused sales and marketing efforts in all the major basmati rice importing countries of the world viz. UK, Australia, Saudi Arabia, Iran, UAE, Yemen and US were exercised to control the steep debacle in sale of Basmati Rice in international market.

EXPORT MARKETS

Export- Basmati Rice

This year, in the Export of Basmati Rice, the company did the business of around INR 171 million as against INR 4,453 million in the previous financial year.

Export- Food

This year the export of processed & packaged food products the company did the business of around INR 93.8 million as against INR 713 million in the previous year. The new food factory has started its operation effectively which improved our production & revenues.

Subsidiaries / Joint Venture:

U.K Operations

Indo European Foods Limited (IEFL) was incorporated in year 2000 in United Kingdom (UK), as a wholly owned subsidiary of Kohinoor Foods Limited (KFL), India, to cater the markets of UK and Europe.

IEFL Sales show marginal decreases from last year i.e GBP 21.80 Million in comparison of last year GBP 24.15 Million. The Loss of this company decreased effective cost control. This operation continues to focus on profitable growth both in Rice and processed food range of products.

IEFL, has created a wide network of distribution for our Rice & Processed food items in UK market.

IEFL, in recent times has focused more on Kohinoor processed food products. Kohinoor cooking sauces and ready meals are currently listed and placed with prestigious multiple retail chains like -Tesco, Asda, Sainsburys, Aldi & Bookers etc.

IEFL marketing team is also focused in doubling the 'Kohinoor' processed foods, having re-launched the sauces & RTE lines in fresh packaging & refurbished recipes.

USA Operations:

Kohinoor Foods USA Inc. was incorporated in year 2000 in the state of New Jersey, USA, as a wholly owned subsidiary of Kohinoor Foods Limited (KFL), India, to cater to the markets of US Canada. The brand 'Kohinoor' is well known in USA for its quality rice and food items.

However during the current year this company did not carry any business nor earned any commission income. However it expects to restart its business and will soon improve its operations.

FOOD BUSINESS:

During the year 2018-19, in processed & packaged food products the company did the business of around INR 194 million as against INR 727 million in the previous year. The new food factory has started its operation effectively which improved our production & revenues.

UK, Australia, USA, Canada are major markets for our range processed & packaged food products.

Kohinoor has introduced the new packaging of ready to eat curries and simmer sauces to the World market where UK has got the maximum appreciation from the entire mainstream and got listed with top retails of the country such as TESCO, ASDA, COOP & many more

It's not just stop here strong Research and Development team has gained appreciation from leading retail giants like as ALDI Australia, ALDI UK, Coles, etc by submitting their new developments to these

clients and same would definitely go for the launch once their respective procedure will be completed.

Highlights (2018-19)

- Kohinoor has obtained 100% Export Oriented Unit (EOU) status for its food processing unit to fetch new businesses from Australia, UK & USA to and import all restricted Grains.
- Focus on mainstream private label of world leading retail giants of their respective local product lines which have bigger chunk in the market.
- Further introductions of new range of Ready to eat Curries & Simmer Sauces under Kohinoor brand in UK market.

CHALLENGES:

- Intermittent supplies from our major business partner resulted in delayed shipments.
- Export of Basmati Rice and ready to eat rice to US, UK etc. with respective allowed pesticide MRL's limit.
- Major changes in import procedures in markets like Australia, US & UK.

Overview - Ready To Eat Industry

India ready-to-eat food market stood at \$ 261 million in 2017 and is projected to grow at a CAGR of over 16% during 2018-2023 to reach \$ 647 million by 2023. Anticipated growth in the market can be attributed to rising urbanization, increasing disposable income of middle-class population and changing taste preferences of Indian consumers. Moreover, growing demand for quick food and presence of freshness and high nutritional value in these foods is further aiding growth of India ready-to-eat food market. Demand for ready-to-eat food products is recording high growth in metros where a lot of working people don't get enough time to cook proper meals. Additionally, longer shelf life and easy availability of ready-to-eat food products is further pushing their demand across the country. The most popular ready-to-eat items include preparations of paneer, chana masala, rajma masala, pav bhaji, etc. Rise in demand for ready-to-eat food products has created the interest among many companies to enter this space which is likely to contribute to the growth of the market in the coming years. Furthermore, innovation in products offerings, sustainable packaging, preference of single serving frozen products, aggressive marketing & promotional strategies would steer growth in the market during forecast period.

Convenience food is a concept that has been prevalent and popular in the western countries for a long time now. Globally, the demand for ready-to-eat (RTE) food products has been increasing over the

last few years on account of busier lifestyle of consumers and their rising income levels. Similar factors are fuelling the growth in the packaged food sector in India.

The Indian food and grocery market is the world's sixth largest, with retail contributing 70 percent of the sales. The Indian food processing industry accounts for 32 percent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth. It is believed that the Food Processing industry will be a US\$ 25 billion market in India by 2020. Out of which, the serviceable metro market is expected to be close to almost US\$ 20 billion. The past couple of years have seen a tremendous growth of this segment due to high consumer acceptance for convenience food nationwide.

Convenience food is a concept that has been prevalent and popular in the western countries for a long time now. Globally, the demand for ready-to-eat (RTE) food products has been increasing over the last few years on account of busier lifestyle of consumers and their rising income levels. Similar factors are fuelling the growth in the packaged food sector in India.

Increased employment opportunities have increased migration of people from tier 1 and tier 2 cities to metropolitans, which is an important driver for RTE food products in the country. Nuclear families and bachelors residing in metros for study or employment purpose are among the major consumers of RTE food products in India. The number of working women is particularly on the rise, which is again driving the demand. All these factors are creating significant awareness about ready meals among consumers. Growth in retail chains and outlets is also adding to the product awareness among consumers in the country's, supermarkets, convenience stores and hypermarkets, which are emerging as the key points-of-sale for offering a wide range RTE food products.

The Indian cooking styles have undergone considerable changes over the past few years owing to the advent of modern technology and several other changes such as urbanization, increasing working population, increase in female work population and the rise of nuclear families. People have been increasingly shifting to ready-to-eat food items in order to save the time involved in preparing meals.

With the growing media awareness, literacy rates and standard of living, people have grown more responsive towards the health and hygiene standards associated with food products. There has been a shift witnessed in the customers focus from price to quality in the recent years, particularly in the urban and a few semi-urban areas. Consumers have been drifting from openly or loosely sold food products to the consumption of hygienically packaged fortified RTE foods.

A recent survey done by Assocham (Associated Chamber of

Commerce and Industry of India) says about 79 percent of Indian households today prefer to have instant food due to time constraints. With two working parents and families becoming nuclear, people prefer authentic, nutritious store bought options rather than spending hours in the kitchen after work. In recent years, the focus of the ready-to-eat market has gradually shifted from just homemakers or students to young professionals and families.

It is found that 76 percent of parents in big cities, mostly both working with children under the age of five, are serving easy-to-make meals in some form or the other, at least 10-12 times every month! No wonder that the RTE market continues to expand at a brisk pace. The market for spreads, sauces and dips is now close to US\$ 2 billion and growing at 22 percent CAGR. The RTE meals market is currently valued at INR 23 crore. It grew at a compounded annual growth rate of 3-5 percent in the last five years. According to data research company Nielsen, the breakfast mixes market is growing at 17 percent and is currently pegged at Rs 275 crore.

However, as fancy as the various breakfast cereals available in the market might be, we crave the satisfaction that only a traditional dish can give. And hence the traditional brands are coming up with options that are suitable for the Indian palate. The traditional brands have forayed into items such as bhel bar, pot upma, poha which can be had on the go, anytime, anywhere. To fulfil the demand of this large section of consumers, one will find a lot of new RTE brands in the market.

Unlike the giant brands though, the new entrants are trying to create a niche category for themselves, be it breakfast cereals, canned, frozen foods, spreads, chutneys, and so on. Companies are looking to attract consumers within areas like olive oil, spreads and ready meals by offering promotions, new product developments, health and nutritional benefits and attractive packaging.

The Indian consumer behavior has been influenced by exposure to other cultures primarily in the West through travels, and popular literature. The ready-to-eat market is somewhat saturated in the West, hence developing countries like India are attracting the majority of big players in the promise of a high growth opportunity. The booming food sector, multiple food outlets, the popularity of international brands and distinctive distribution channels adopted by players are expected to help the market grow at a continuous pace.

Consumers are increasingly realizing that majorly RTE foods are loaded with preservatives for a longer shelf life. Increasing health awareness, particularly in the young generation, is hindering the growth of this market. Still a large Indian population is price sensitive and therefore the price factor of RTE food makes them affordable only to select economic classes of the society. Hence it becomes all the more essential for new players in this field to marry convenience

with health benefits to ensure convenience food does not mean compromising on quality. The key is to provide RTE food options focused on Indian taste for everyday consumption, which are not harmful in the long run.

This is the challenge taken up specifically by food tech start-ups who want to be considered as serious players and are getting into the game after years of R&D. With state of the art technology in packaging and processing to ensure the end product is not just a world class product that can eventually be on the shelves in countries across the globe but a product that is a strong contender in being a game changer.

Basmati Rice

The year of 2019 has been a year of records of sorts for the Indian basmati rice industry as on the one side it is going to break all previous export figures in value terms, the total export value crossing 30,000 Crores & on the other the industry has concerns & issues to be addressed in terms of 'pesticide residues' & cash flows from its largest importing country viz. Iran.

For the year 2019 – 20, the scenario on the basmati rice horizon is quite bright as the coming harvest is indicating towards all time high bumper crop of 1121 variety & Iran, being the largest importer of this Indian 1121 quality of basmati, with payments of old dues now having started in right earnest from Iran, this will pave way for maintaining the basmati rice export figure of 30,000 Crores if not crossing this mark as well. The challenge of Pesticide residue shall remain, however, since Europe only contributes meagre 7 to 8% of total exports from India, the exporters shall recover the deficit from other emerging markets of Australia and the Far East along with North America, which too is showing an excellent growth in its demand for the king of rice i.e. Indian Basmati. The traditional basmati rice hub for India i.e. the Arab World (Middle East) in general and Saudi Arabia in particular is showing no slow down, the region is a bastion of Indian basmati rice and shall maintain the status quo in all probability.

Risks & Concern

The Banks have classified the Company's Accounts as Non Performing Asset and served Notice under section 13(2) of The Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, in the month of July 2018. The Company had replied of said notices and negotiating with different workable options.

The Banks have filed petition against Company before Hon'ble NCLT Bench Chandigarh, the company is contesting the matter and the petition is yet to be admitted.

The observations of the Auditor with regard to the management assessment of the company's ability to continue as going concern in

view of the liquidity problems/decrease in business. The management of the company believes that it can continue to retain as going concern, based on the Resolution plan submitted to the Banks by company and the interest shown by prospective investors in the company.

Macro-economic factors like recession, subdued demand and political uncertainty may affect the business of the Company and the industry at large as well. The Company is aware that uncertainties in business offer opportunities as well as downside risks and thus has identified and put in place mitigation tools for the same. Some key risk areas are:

Procurement risk:

In a country like India, where more than 60 per cent of the area under cultivation is not irrigated, farm production is highly vulnerable to fluctuations in rainfall. Beside production risk, Indian farmers also face high market risk. Farm harvest prices in the country show high inter and intra year volatility. Price variation is quite pronounced in the regions and commodities where price support mechanism is not operative. Further adequate availability of key raw materials at the right prices is crucial for the Company. Being a generic natural product with low yield concentrated in a small region of the World, production of Basmati depends on the vagaries of nature. Therefore, any disruption in the supply due to a natural or other calamity or violent changes in the cost structure could adversely affect the Company's ability to reach its consumers with the right value proposition. However, we are ready with plans that might help us at such times. However, the Company's long term relationship with farmers built on trust ensures constant supply and thus over the years it has not faced any procurement problems. Also, adequacy of irrigation facilities in the Basmati producing regions mitigates these uncertainties.

High working capital requirement: Basmati rice requires to be aged for 9-12 months before selling, leading to huge working capital requirements. This results in low ROCE for the industry. Combating this risk, efficient working capital management system has been set in place by the Company and cash flow is monitored on daily basis.

Intense competition from unorganized sector: Another characteristic of this industry is the presence of unorganized sector offering basmati in loose unbranded form which intensifies competition. The Company is moving towards branded products and has invested significantly in building a strong brand which helps in differentiating their product.

b) **Activities related to exports, initiative taken to increase exports, development of new export markets for products.**

During the year, Kohinoor Foods has put in a lot of emphasis to increase exports of value added food products, in International Market, from the country.

With its traditional strength in the exports of basmati gathered over the years, Kohinoor Foods has yet again put special efforts to increase the exports of value added food products in the last year. The Company having two subsidiaries in UK and USA, has been able to provide renewed impetus to the growth of exports of various agro commodities, produced in India.

It has now made substantial inroads in the overseas markets, particularly in Italy, Kuwait, New Zealand, Russia, Reunion & Saudi Arabia. Kohinoor Foods has concentrated in marketing of valued added food products and basmati rice in order to maximise selling under its own brand names even in the overseas markets

Independent Auditors' Report

TO THE MEMBERS OF KOHINOOR FOODS LIMITED

Qualified Opinion.

We have audited the accompanying Standalone Ind AS financial statements of Kohinoor Foods Limited ("the Company"), which comprise the Balance Sheet as at March 31st, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects/possible effects of the matters described in paragraph under 'Basis for Qualified Opinion', the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at March 31st, 2019, and profit/loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified opinion

1. Note No. 41 in the standalone financial statement discloses the management's assessment of the company's ability to continue as going concern. However, in view of the continuing default in re-payment of borrowings, significant decline of revenue, continuous losses, negative cash flows and negative net worth, resignation of KMP and senior management and due to financial constraints, material uncertainty exists about the company's ability to continue as going concern and the decision of the management of the company to prepare the accounts of the company on going concern basis. This assessment is based on Resolution plan submitted to the Banks by company and the interest shown by prospective investors in the company. There would arise a need to adjust the realizable value of assets and liabilities in the event of failure of assumption as to going concern.
2. Loss of the company is understated by Rs 5452.28 lakhs (approx.) due to non-provisioning of interest on bank loans after the accounts of the company were classified as NPA and further amount towards penal interest, any other penalty etc. as may be charged by lenders. In the absence of statement of account, the above amount has been arrived as per calculation made by the company. With the limited information the aggregate amount unprovided in books of account of the company is not ascertainable with accuracy.
3. The management of the company provided balance Confirmation of few debtors. However, as per information & explanation given by management that, "the company has dispute with its debtors due to quality issue of rice sold to them and most of the parties are claiming discount ranging 20%-40% due to quality issue. Therefore, management will have to accord them discount @25% to its debtors". Accordingly, the management has made a provision of 25% of bad debts on some of the debtors. However, the extent of provision required and number of debtors on which provision was required is not ascertainable. Accordingly, depending on the circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence generated internally by the entity. In the absence of above third-party confirmation and small recovery of amount from debtors till the date of audit, we are unable to comment on realizability of such amount due from debtors and its possible effect on financial statement of the company.
4. The management of company has provided confirmation of accounts of very few creditors only. Depending on the circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence generated internally by the entity. In the absence of above third-party confirmation, we are unable to comment on actual liability to creditors (including squared up accounts) and its possible effect on financial statement of the company.
5. In reference to note no 22 of financial statement, domestic sale made to various customers and as per information & explanation given by management that, "we are continuously following up for payment, but their customers are delaying it due to various reason, mainly because of quality problem. They have informed that their customers are not accepting this rice due to quality issue. Some of them are asking for huge discount and some want to return the rice. Some say that they will only pay to company when they receive money from their customers." Further, the company still retains significant risk of ownership because the company retains an obligation for unsatisfactory performance. The receipt of revenue from domestic sale is contingent on the derivation of revenue by the buyer from their onward sale of the goods. In such cases, it is not be probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed. Due to such uncertainty, it is not possible to adequately measure the amount of revenue. Thus, in the absence of any agreement, underlying terms & conditions, schedule of delivery, acceptance and recovery from customers and revenue recognition by the company not being in line with Ind AS for Revenue Recognition, we are unable to comment its impact on standalone financial statement.

6. The Company has recognised Revenue without negating the effect of re-purchase from debtors. As per Ind AS, Revenue Recognition criteria are applied to two or more transactions together when they are linked in such a way that the commercial effect cannot be understood without reference to the series of transactions as a whole. The company made sale and purchase transaction with the same parties during the year. The management informed us that each transaction is separate transaction not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, hence in the absence of such record we are unable to comment whether revenue recognised by the company is in line with Ind AS for Revenue Recognition and its impact on standalone financial statement.
7. As per Para 15 of Ind AS 105, an entity shall measure a non-current asset (or disposal group) classified as held for sale at the lower of carrying amount or fair value less costs to sell. As per board meeting held as on dated 14th November 2018, and 14th August, 2018, we understand that the company proposes to monetize its investment in UK based subsidiary company Indo European Food Ltd. However, the company has recognized such non-current assets held for sale at historical cost. We are unable to comment upon its impact on the standalone financial statement.
8. We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts (including accounts closed during the year) appearing in books of accounts of the company. In the absence of having aforementioned confirmation and reconciliation, the impact thereof is unascertainable, and therefore, is not being commented upon in this report.

Emphasis of Matters

We draw your attention to the following matters in the Notes to the financial statements:

- (1) As stated in Note 38 to the standalone financial statements, the company has not made Provision for the demand raised by various authorities as the matters are pending before various appellate forum. We are unable to comment upon possible impact in the standalone financial statement for the year ended 31st March 2019.
- (2) As stated in Note 7 to the standalone financial statements, management reviewed carrying amount of a deferred tax asset and on the basis of that review, balance of deferred tax assets has been written off by Rs 9,774.25 Lakhs as on 31st March 2019.
- (3) As stated in Note 4(c) to the standalone financial statements, the wholly owned subsidiary of the Company, Kohinoor Foods USA Inc. has been incurring continuous losses and its net worth is fully eroded, due to which Investments are written off by Rs 3,978.45 Lacs.
- (4) An amount of Rs 1780.54 lakh has been outstanding from its U.K. based subsidiary company, Indo-European Food Limited since long. It includes a stand by letter of credit amounting to Rs 814.80 Lakh (GBP 9,17,394/-) invoked by OBC bank on the account of default made by Indo-European Food Limited. As Indo-European Food Limited has written letters to bankers of the company that they will make the payment in instalments therefore the company has not made any provision on account of non-recoverability of the same.
- (5) As stated in Note No 13(a) in the standalone financial statement, the company has allotted 18,30,000 equity shares on conversion of warrant into equity shares issued on preferential basis to its promoters. The company has filed application for listing of 18,30,000 equity shares to both the stock exchange (NSE & BSE). However, the company is yet to receive the approval from the stock exchange (NSE & BSE). The consequential effect the above, on the standalone financial statement is not ascertainable.
- (6) A legal notice was issued to domestic debtor M/S. Kasturi Exim (P) Limited for recoverability of outstanding amount of Rs 2900 Lacs. The Company has made full provision of amount of Rs 2900 lacs on account of such debtor for the year ended 31st March 2019 and the company has submitted a claim under regulation 7 of the insolvency and bankruptcy board of India (Insolvency Resolution process for Corporate person) Regulation, 2016 to the interim resolution professional appointed by NCLT.
- (7) We draw attention to Note No. 17(c) of the statement of standalone financial statement of the company for the year ended 31st March 2019, that the lender of consortium bank "Oriental Bank of Commerce" have filed an application against company under section 7 of the Insolvency and Bankruptcy code, 2016 before National company Law Tribunal (NCLT) Chandigarh bench and the matter is adjourned to 19.07.2019.

ANNUAL REPORT 2018-19

Our opinion is not modified in respect of these matters.

Key Audit Matters.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition, the matters described in the "basis for qualified opinion" and "Emphasis of matters" paragraph are by their nature are key audit matters.

Responsibility of Management's and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as application, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those board of directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

Annexure – B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Kohinoor Foods Limited (“the Company”) as of 31st March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

Basis for Qualified Opinion

We draw attention to paragraph of "Basis for Qualified opinion" of our main report and the same to be read with our comments as stated below:

According to information and explanations given to us and based on our audit, the following material weakness has been identified as at March 31st, 2019.

1. The Company's did not have an appropriate internal control system for

- (a) Customer acceptance;
- (b) Customer credit evaluation;
- (c) Establishing customer credit limit for sales;
- (d) Acceptance of goods by customers and transfer of risk & reward at the time of sales.

which could potentially result in the company recognising revenue without establishing reasonable certainty of ultimate collection.

2. The company did not have any internal control system for follow-up/recovery/adjustment of old outstanding receivables and payables including balance confirmation and reconciliation.

A 'Material weakness' is a deficiency, or a combination of deficiency, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statement will not be prevented or detected on timely basis.

Opinion

In our opinion, except for the effects/possible effects of basis for qualified opinion, the Company has maintained, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the March 31, 2018 standalone financial statements of the Company and these material weaknesses does not affect our opinion on the standalone financial statements of the Company.

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

NOTES FORMING PART OF THE FINANCIAL STATEMENT

1. Company Information

Kohinoor Foods Limited was incorporated in 1989. It is a Public Limited company listed on the stock exchanges, BSE and NSE. The Company is a leading Basmati Rice player and has a Rice mill situated at Murthal, Sonapat. It also owns a Food Factory situated at Bahalgarh, Sonapat. The products of the company are known for superior quality and sell in more than 60 countries.

The company has two 100% wholly owned subsidiaries – Indo European Foods Limited, in UK and Kohinoor Foods USA Inc in USA.

2. Significant Accounting Policies

(a) Basis of Preparation

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The financial statements for the year ended March 31, 2018 were prepared by the company under Ind AS for the first time, with 01-04-2016 as date of transition.

The Financial Statements have been prepared on the historical cost convention on going concern basis and on accruals basis unless otherwise stated. The accounting policies are applied consistently to all the periods presented in the financial statements.

(b) Use of Estimates and Judgments

The preparation of Financial Statements requires management to make certain assumptions and estimates that affect the reported amount, the Financial Statements and Notes thereto. Difference between actual results and estimates are recognized in the period in which they materialize.

(c) Property, Plant and Equipment

The Company has adopted revaluation model for land & building. All the assets belonging to these classes of assets are carried at revalued amount being its fair value at the date of revaluation less subsequent depreciation. The Company shall carry out the revaluation of these assets periodically after every 3 to 5 years.

Property, Plant & Equipment under all other classes are stated at cost of acquisition/installation inclusive of freight, duties, and taxes and all incidental expenses and net of accumulated depreciation. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalized. Expenses capitalized also include applicable borrowing costs. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress" and stated at the amount spent up to the date of balance sheet.

Intangible assets are stated at their cost of acquisition.

(d) Depreciation

Depreciation on Property, Plant & Equipment is provided on written down value method, in terms of useful life of the Assets as prescribed in Schedule II to the Companies Act 2013. The depreciation rates which are different from the principal rates specified in Schedule-II are as follows: -

Tarpaulin	100% p.a.
Wooden & Plastic Crates	100% p.a.

(e) Financial Instruments

(1) Financial Assets

Initial recognition and measurement

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent measurement

i) Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Investment in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in Subsidiaries, Associates and Joint Venture at cost, subject to impairment loss if any.

Other Equity Investments

All other equity investments are measured at fair value. Investments which are not held for trading purposes and where the Company has exercised the option to classify the investment as Fair Value through other comprehensive income ('FVTOCI'), all fair value changes on the investment are recognised in OCI.

(2) Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(3) Derivative financial instruments

Derivative financial instruments such as forward contracts, option contracts and cross currency swaps, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(f) Fair value measurement

The Company classifies the fair value of its financial instruments, FVTPL and FVTOCI, in the following hierarchy, based on the inputs used in their valuation:

- i) Level 1 - The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date.
- ii) Level 2 - The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques using observable market data. Such valuation techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions.
- iii) Level 3 - The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs).

(g) Dividend to Equity Shareholders

Dividend to Equity Shareholders is recognised as a liability and deducted from shareholders' equity, in the period in which the dividends are approved by the equity shareholders in the general meeting.

(h) Inventories

Raw materials, traded and finished goods are stated at the lower of cost and net realisable value. Stores and spares are carried at cost.

Cost is determined on FIFO (First in First out) basis for raw material, and on weighted average method for all other categories of inventories. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition, where applicable, include appropriate overheads based on normal level of activity.

(i) Cash and Cash Equivalents

Cash and cash equivalents are short-term, highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

(j) Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable, net of discount, rebate, returns and value added taxes. The Company recognizes revenue when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the entity; and when specific criteria have been met for each of the Company activities.

Revenue from sale of goods is recognised when all the significant risk and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. On recognition of revenue the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Interest income is recognized using the effective interest method. Revenue in respect of Insurance / others claims, Commission, etc. is recognized only when it is reasonably certain that the ultimate collection will be made.

Revenue in respect of sale of licenses, duty drawback and other incentives is recognized on realization basis.

(k) Research and Development

Research expenditure is recognised in the statement of profit and loss as incurred. Development expenditure is capitalised

only if the costs can be reliably measured, future economic benefits are probable, the product is technically feasible and the Company has the intent and the resources to complete the project. Development assets are amortised based on the estimated useful life, as appropriate.

(l) Employee Benefits

Contributions to defined provident fund are charged to the statement of profit and loss on accrual basis. Present liability for future payment of gratuity is determined on the basis of actuarial valuation at the balance sheet date and the expenses is charged to the statement of profit and loss.

(m) Foreign Currency Transactions

Transactions in foreign currencies are recognized at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

(n) Government Grant

Grants from the government are recognised when there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Grant received from government towards property, plant & equipment's acquired/constructed by the Company is deducted out of gross value of the asset acquired/ constructed and depreciation is charged accordingly.

(o) Borrowing Costs

Borrowing costs consist of interest, ancillary and other costs that the Company incurs in connection with the borrowing of funds and interest relating to other financial liabilities. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Interest and other borrowing costs attributable to qualifying assets are capitalised as a part of such assets till such time the assets are ready for use. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(p) Income tax

Current Income Tax:

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961.

Deferred Tax:

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. The tax rates and tax laws used to compute the tax are those that are enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Current and Deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items

recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity.

Minimum Alternate Tax:

According to section 115JAA of the Income Tax Act, 1961, Minimum Alternative Tax ('MAT') paid over and above the normal income tax in a subject year is eligible for carry forward for fifteen succeeding assessment years for set-off against normal income tax liability. The MAT credit asset is assessed against the Company's normal income tax during the specified period.

(q) Leases

Lease of assets, where the Company, as a lessee, has substantially assumed all the risks and rewards of ownership are classified as finance leases. Assets acquired on finance lease are capitalised and depreciated as per Company's policy on Property, Plant and Equipment. Finance lease are measured at the lease's inception at the lower of fair value of the leased property and the present value of the minimum lease payments. The corresponding lease rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each year.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

r) Provisions, Contingent Liability and Contingent Assets

The Company creates a provision when there is a present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure of contingent liability is made when there is a possible obligation or a present obligation that will probably not require outflow of resources or where a reliable estimate of the obligation cannot be made. Contingent Assets are neither recognised nor disclosed in the Financial Statements.

(s) Impairment of Financial Assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

(t) Impairment of Non-Financial Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such Indication exists; the Company estimates the recoverable amount of assets. If such recoverable amount of the assets or the recoverable amount of the cash generating unit to which the assets belong is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of Profit & Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the assets is reflected at recoverable amount.

(u) Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the company. These are material items of income or expense that have to be shown separately due to their nature or incidence.

(v) Earnings per share

The Company presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

(w) Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

43. Financial Risk Management

The company has exposure to the following risks arising from Financial Instruments:

- Credit Risk
- Liquidity Risk
- Market Risk

CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including cash and cash equivalents and deposits with banks and financial institutions.

CREDIT RISK MANAGEMENT

Trade receivable related credit risk

All trade receivable are reviewed and assessed for default on routine basis. Our historical experience of collecting receivables is of low credit risk.

Other financial assets

The company maintains low exposure in cash and cash equivalents. The Company's maximum exposure to credit risk is the carrying value of each class of financial assets.

LIQUIDITY RISK:

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses.

Maturities of financial liabilities

The table below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

INDEPENDENT AUDITOR'S REPORT

TO

THE MEMBERS OF KOHINOOR FOODS LIMITED

Report on the Audit of the Consolidated Financial Statement

Qualified Opinion.

We have audited the accompanying Consolidated financial statements of Kohinoor Foods Limited (hereinafter referred to as “**the Holding Company**”) and its subsidiaries (the holding company and its subsidiaries together referred to as “**the Group**”), which comprise the Consolidated Balance Sheet as at March 31st, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, **except for the effects/possible effects of the matters described in paragraph under 'Basis of Qualified Opinion'**, the aforesaid Consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at March 31, 2019, and its consolidated profit/loss including other comprehensive income, its Consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Qualified opinion

1. Note No. 37 in the consolidated financial statement discloses the management's assessment of the company's ability to continue as going concern. However, in view of the continuing default in re-payment of borrowings, significant decline of revenue, continuous losses, negative cash flows and negative net worth, resignation of KMP and senior management and due to financial constraints, material uncertainty exists about the company's ability to continue as going concern and the decision of the management of the holding company to prepare the accounts of the Group company on going concern basis. This assessment is based on Resolution plan submitted to the Banks by holding company and the interest shown by prospective investors in the holding company. There would arise a need to adjust the realizable value of assets and liabilities in the event of failure of assumption as to going concern.
2. Loss of the company is understated by Rs 5452.28 lakhs (approx.) due to non-provisioning of interest on bank loans after the accounts of the company were classified as NPA and further amount towards penal interest, any other penalty etc. as may be charged by lenders. In the absence of statement of account, the above amount has been arrived as per calculation made by the holding company. With the limited information the aggregate amount unprovided in books of account of the company is not ascertainable with accuracy.
3. The management of holding company provided balance Confirmation of few debtors. However, as per information & explanation given by management of holding company, *“the company have dispute with its debtors due to quality issue of rice sold to them and most of the parties are claiming discount ranging 20%-40% due to quality issue. Therefore, management will have to accord them discount @25% to its debtors”*. Accordingly, the management has made a provision of 25% of bad debts on some of the debtors. However, the extent of provision required and number of debtors on which provision was required is not ascertainable. Accordingly, depending on the circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence generated internally by the entity. In the absence of above third-party confirmation and small recovery of amount from debtors till the date of audit, we are unable to comment on realizability of such amount due from debtors and its possible effect on consolidated financial statement of the group company.
4. The management of holding company has provided confirmation of accounts of very few creditors only. Depending on the circumstances of the audit, audit evidence in the form of external confirmations received directly by the auditor from confirming parties may be more reliable than evidence generated internally by the entity. In the absence of third-party confirmation, we are unable to comment on actual liability to creditors (including squared up accounts) and its possible effect on consolidated financial statement of the group company.
5. In reference to note no 21 of consolidated financial statement, domestic sale made to various customers and as per information & explanation given by management of holding company, *“we are continuously following up for payment, but their customers are delaying it due to various reason, mainly because of quality problem. They have informed that their customers are not accepting this rice due to quality issue. Some of them are asking for huge discount and some want to return the rice. Some say that they will only pay to company when they receive money from their customers.”* Further the company still retains significant

risk of ownership because the company retains an obligation for unsatisfactory performance. The receipt of revenue from domestic sale is contingent on the derivation of revenue by the buyer from their onward sale of the goods. In such cases, it is not probable that the economic benefits associated with the transaction will flow to the company until the consideration is received by its buyers and the uncertainty is removed. Due to such uncertainty, it is not possible to adequately measure the amount of revenue. Thus, in the absence of any agreement, underlying terms & conditions, schedule of delivery, acceptance and recovery from customers and revenue recognition by the holding company not being in line with Ind AS "Revenue Recognition", we are unable to comment its impact on consolidated financial statement.

6. The holding Company has recognised Revenue without negating the effect of re-purchase from debtors. As per Ind AS, Revenue Recognition criteria are applied to two or more transactions together when they are linked in such a way that the commercial effect cannot be understood without reference to the series of transactions as a whole. The holding company made sale and purchase transaction with the same parties during the year. The management informed us that each transaction is separate transaction not related to each other as quality of goods sold and purchased are different. However, we have not been provided any quality wise record of sale & purchase, hence in the absence of such record we are unable to comment whether revenue recognised by the holding company is in line with Ind AS Revenue Recognition and its impact on consolidated financial statement.
7. We were not provided with the balance confirmation and reconciliation, if any, of some bank accounts (including accounts closed during the year) appearing in books of accounts of the holding company. In the absence of having aforementioned confirmation and reconciliation, the impact there of is unascertainable, and therefore, is not being commented upon in this report.
8. We have not been provided the audited financial statement/financial information of U.K. based subsidiary companies Indo European Food Limited and Indian subsidiary company M/S. Sachdeva Brothers Private Limited. The Management of the holding company consolidated the financial statement on the basis of unaudited financial statement of these subsidiaries. We are unable to comment on adjustment that may have been required to these consolidated Ind AS financial statements, had such consolidated Ind AS financial statement been audited.
9. We have not been provided financial statement/financial information of jointly controlled entity "Rich Rice Raiser factory LLC. Therefore, we are unable to comment about any possible effect of these joint venture company in consolidated financial statement for the period ended 31st March 2019.
10. We draw attention on audit opinion in audit report of USA base subsidiary company Kohinoor foods USA INC. that *"The accompanying financial statements have been prepared assuming that the company will continue as a going concern. However, as discussed in Note 2 to the financial statements of this subsidiary company describing significant changes in business operations during the year what raise very substantial doubt about its ability to continue as a going concern. The financial statements include certain adjustments that result from the outcome of this uncertainty as discussed in Note 4 to the financial statements of this subsidiary."*

Emphasis of Matters

We draw your attention to the following matters in the Notes to the consolidated financial statements:

- (1) As stated in Note 35 to the consolidated financial statements, the company has not made Provision for the demand raised by various authorities as the matters are pending before various appellate forum. We are unable to comment upon possible impact in the consolidated financial statement for the year ended 31st March 2019.
- (2) As stated in Note 6 to the consolidated financial statements, management of holding company has reviewed carrying amount of a deferred tax asset and on the basis of that review balance of deferred tax assets has been written off by Rs 9,774.25 Lakhs as on 31st March, 2019.
- (3) As stated in Note No 12(a) in the consolidated financial statement, the holding company has allotted 18,30,000 equity shares on conversion of warrant into equity shares issued on preferential basis to its promoters. The holding company has filed application for listing of 18,30,000 equity shares to both the stock exchange (NSE & BSE). However, the holding company is yet to receive the approval from the stock exchange (NSE & BSE). The consequential effect the above, on the consolidated financial statement is not ascertainable.
- (4) A legal notice was issued to domestic debtor M/S. Kasturi Exim (P) Limited for recoverability of outstanding amount of Rs 2900 Lacs. The holding company has made full provision of amount of Rs 2900 lacs on account of such debtor for the year ended 31st March 2019 and the company has submitted a claim under regulation 7 of the insolvency and bankruptcy board of India (Insolvency Resolution process for Corporate person) Regulation, 2016 to the interim resolution professional appointed by NCLT.

- (5) We draw attention to Note No. 16(c) of the statement of consolidated financial statement of the holding company for the year ended 31st March 2019, that the lender of consortium bank "Oriental Bank of Commerce" have filed an application against holding company under section 7 of the Insolvency and Bankruptcy code, 2016 before National company Law Tribunal (NCLT) Chandigarh bench and the matter is adjourned to date 19.07.2019.

Our opinion is not modified in respect of these matters.

Key Audit Matters.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition, the matters described in the "basis for qualified opinion" and "Emphasis of matters" paragraph are by their nature key audit matters.

Responsibility of Management's and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statement, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as application, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those board of directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Other Matter

We did not audit the financial statements / financial information of three subsidiaries, whose financial statements / financial information reflect total assets of Rs. 2281 Lacs as at 31st March, 2019, total revenues of Rs. 19599 Lacs and net cash flows decrease amounting to Rs 99 Lacs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements include the Group's share of net loss of Rs 2411 Lacs for the year ended 2019, as considered in the consolidated financial statements, in respect of subsidiaries. Financial statements/financial information only of one subsidiary company Kohinoor Foods USA Inc. have been audited by other auditors whose reports have been furnished to us by the Management of holding company and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and(11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Except as stated in the "Basis for Qualified Opinion" paragraph, Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were

necessary for the purposes of our audit; except as stated in para under the head "Basis for Qualified Opinion".

ANNUAL REPORT 2018-19

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2019, we have audited the internal financial controls over financial reporting of Kohinoor Food Limited (hereinafter referred to as "the Holding Company").

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the ICAI and the Standards of Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain the reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company.

Meaning of Internal Financial Controls Over Financial Reporting

A Holding company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis of Qualified Opinion

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

According to information and explanations given to us and based on our audit, the following material weakness has been identified as at 31st March, 2019.

1. The Holding Company's did not have an appropriate internal control system for
 - (a) Customer acceptance;
 - (b) Customer credit evaluation;
 - (c) Establishing customer credit limit for sales;
 - (d) Acceptance of goods by customers and transfer of risk & reward at the time of sales.

which could potentially result in the company recognising revenue without establishing reasonable certainty of ultimate collection.

2. The Holding Company did not have any internal control system for follow-up/recovery/adjustment of old outstanding receivables and payables including balance confirmation and reconciliation.

A 'Material weakness' is a deficiency, or a combination of deficiency, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statement will not be prevented or detected on timely basis.

Opinion

In our opinion, except for the effects/possible effects of basis of qualified opinion, the holding Company has maintained, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing and extent of audit tests applied in our audit of the March 31, 2018 standalone financial statements of the Company and these material weaknesses does not affect our opinion on the standalone financial statements of the Company.

Kohinoor Foods Ltd.

ANNUAL REPORT 2018-19

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENT

1. Basis of Preparation of Consolidated Financial Statement

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The financial statements for the year ended March 31, 2018 were prepared by the company under Ind AS for the first time, with 01-04-2016 as date of transition.

The Financial Statements have been prepared on the historical cost convention on going concern basis and on accruals basis unless otherwise stated. The accounting policies are applied consistently to all the periods presented in the financial statements.

The financial statements of Kohinoor Foods Limited ("hereinafter referred to as company/ holding company/ parent company") together with its subsidiaries (hereinafter collectively referred to as "Group") are consolidated to form Consolidated Financial Statements (CFS). Consolidated Financial Statements consolidate the financial statements of KFL and its Wholly Owned Subsidiaries listed below

Wholly Owned Subsidiary(WOS)	Country of Incorporation
Sachdeva Brothers Pvt Ltd	India
Indo European Foods Ltd	United Kingdom
Kohinoor Foods USA Inc.	USA

The parent company has not received audited financial statement from its Joint venture company, Rich Rice Raisers LLC. Rich Rice Raisers LLC has closed its operations. KFL has 25% shareholding in this Joint Venture. The Management considers that the parent company is not in position to exercise control over this entity. Hence the results of Joint venture company Rich Rice Raisers LLC are not considered in the Consolidated Financial Statements.

The Company has not received the audited financial statement of U.K. based subsidiary company Indo European Foods Limited. The Consolidated financial statement has been prepared on the basis of unaudited financial statement of this subsidiary.

The company was holding 20% share capital in Al Dahra Kohinoor LLC and Al Dahra Kohinoor Industries LLC. Al Dahra Kohinoor LLC has exercised the call option which Kohinoor Foods Limited has accepted. Upon completion of formalities the shareholding of Kohinoor Foods Limited in both these companies has been reduced to NIL. Hence they are not considered as Associate Companies for the current year and their financial statements have not been considered in Consolidated Financial Statement.

2. Significant Accounting Policies

(a) Principles of Consolidation:

The financial statements of the parent company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS)21 "Consolidated Financial Statements".

The results and financial position of all the Group Companies are translated into the reporting currency as follows:

- Current Assets and Liabilities for each balance sheet presented are translated at the closing rate at the date of that balancesheet;

- (ii) Income and expenses for each income statement are translated at average exchange rates.
- (iii) All resulting exchange differences are accumulated in foreign currency translation reserve until the disposal of net investment.

(b) Use of Estimates and Judgments

The preparation of Financial Statements requires management to make certain assumptions and estimates that affect the reported amount, the Financial Statements and Notes thereto. Difference between actual results and estimates are recognized in the period in which they materialize.

(c) Property, Plant and Equipment

The Group has adopted revaluation model for land & building. All the assets belonging to these classes of assets are carried at revalued amount being its fair value at the date of revaluation less subsequent depreciation. The Group shall carry out the revaluation of these assets periodically after every 3 to 5 years.

Property, Plant & Equipment under all other classes are stated at cost of acquisition/installation inclusive of freight, duties, and taxes and all incidental expenses and net of accumulated depreciation. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalized. Expenses capitalized also include applicable borrowing costs. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress" and stated at the amount spent up to the date of balance sheet.

Intangible assets are stated at their cost of acquisition.

(d) Depreciation

Depreciation on Property, Plant & Equipment is provided on written down value method, in terms of useful life of the Assets as prescribed in Schedule II to the Companies Act 2013. The depreciation rates which are different from the principal rates specified in Schedule-II are as follows: -

Tarpaulin	100% p.a.
Wooden & Plastic Crates	100% p.a.

The subsidiaries, IEFL provides the depreciation on following basis: -

Depreciation is calculated as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that assets as follows:

Freehold Property	2% p.a. straight line basis
Plant and Machinery	Up to 25 Years
Fixtures and Fittings	15% p.a. reducing balance basis
Motor Vehicles	20% p.a. reducing balance basis
Computer Equipment & Software	20% p.a straight line basis

(e) Financial Instruments

(1) Financial Assets

Initial recognition and measurement

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent measurement

i) Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Other Equity Investments

Equity investments are measured at fair value. Investments which are not held for trading purposes and where the Company has exercised the option to classify the investment as Fair Value through other comprehensive income ('FVTOCI'), all fair value changes on the investment are recognised in OCI.

(2) Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(3) Derivative financial instruments

Derivative financial instruments such as forward contracts, option contracts and cross currency swaps, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(f) Fair value measurement

The Group classifies the fair value of its financial instruments, FVTPL and FVTOCI, in the following hierarchy, based on the inputs used in their valuation:

- i) Level 1 - The fair value of financial instruments quoted in active markets is based on their quoted closing price at the balance sheet date.
- ii) Level 2 - The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques using observable market data. Such valuation techniques include discounted cash flows, standard valuation models based on market parameters for interest rates, yield curves or foreign exchange rates, dealer quotes for similar instruments and use of comparable arm's length transactions.
- iii) Level 3 - The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs).

(g) Dividend to Equity Shareholders

Dividend to Equity Shareholders is recognised as a liability and deducted from shareholders' equity, in the period in which the dividends are approved by the equity shareholders in the general meeting.

(h) Inventories

Raw materials, traded and finished goods are stated at the lower of cost and net realisable value. Stores and spares are carried at cost.

Cost is determined on FIFO (First in First out) basis for raw material, and on weighted average method for all other categories of inventories. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition, where applicable, include appropriate overheads based on normal level of activity.

(i) Cash and Cash Equivalents

Cash and cash equivalents are short-term, highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

(j) Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable, net of discount, rebate, returns and value added taxes. The revenue is recognized when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the entity; and when specific criteria have been met for each of the activities.

Revenue from sale of goods is recognised when all the significant risk and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. On recognition of revenue the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Interest income is recognized using the effective interest method. Revenue in respect of Insurance / others claims, Commission, etc. is recognized only when it is reasonably certain that the ultimate collection will be made.

Revenue in respect of sale of licenses, duty drawback and other incentives is recognized on realization basis.

(k) Research and Development

Research expenditure is recognised in the statement of profit and loss as incurred. Development expenditure is capitalised only if the costs can be reliably measured, future economic benefits are probable, the product is technically feasible and the Company has the intent and the resources to complete the project. Development assets are amortised based on the estimated useful life, as appropriate.

(i) Employee Benefits

Contributions to defined contribution plans are charged to the statement of profit and loss on accrual basis. Present liability for future payment of gratuity is determined on the basis of actuarial valuation at the balance sheet date and the expenses is charged to the statement of profit and loss.

(m) Foreign Currency Transactions

Transactions in foreign currencies are recognized at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

(n) Government Grant

Grants from the government are recognised when there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Grant received from government towards property, plant & equipment's acquired/constructed by the Company is deducted out of gross value of the asset acquired/ constructed and depreciation is charged accordingly.

(o) Borrowing Costs

Borrowing costs consist of interest, ancillary and other costs that the group incurs in connection with the borrowing of funds and interest relating to other financial liabilities. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Interest and other borrowing costs attributable to qualifying assets are capitalised as a part of such assets till such time the assets are ready for use. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(p) Income tax

Current Income Tax:

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with applicable Income Tax law.

Deferred Tax:

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. The tax rates and tax laws used to compute the tax are those that are enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Current and Deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity.

(q) Leases

Lease of assets, where the Company, as a lessee, has substantially assumed all the risks and rewards of ownership are classified as finance leases. Assets acquired on finance lease are capitalised and depreciated as per the policy on Property, Plant and Equipment. Finance lease are measured at the lease's inception at the lower of fair value of the leased property and the present value of the minimum lease payments. The corresponding lease rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each year.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(r) Provisions, Contingent Liability and Contingent Assets

A provision is created when there is a present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation. A disclosure of contingent liability is made when there is a possible obligation or a present obligation that will probably not require outflow of resources or where a reliable estimate of the obligation cannot be made. Contingent Assets are neither recognised nor disclosed in the Financial Statements.

(s) Impairment of Financial Assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

(t) Impairment of Non-Financial Assets

An assessment is made at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such Indication exists; the Company estimates the recoverable amount of assets. If such recoverable amount of the assets or the recoverable amount of the cash generating unit to which the assets belong is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of Profit & Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the assets is reflected at recoverable amount.

(u) Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the company. These are material items of income or expense that have to be shown separately due to their nature or incidence.

(v) Earnings per share

The Consolidated statement of Profit and Loss presents basic and diluted earnings per share data for the ordinary shares of parent company. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

(w) Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.
