RattanIndia's Revolt Motors announces - VOLT – Vehicle OnLine Tracking for customer deliveries; First Of Its Kind In The Automotive Sector

- First auto company that allows users to track their bike status from booking to delivery

National, July 5, 2021: RattanIndia's Revolt Motors, India's next gen-mobility company is going to launch **VOLT – Vehicle OnLine Tracking** system for its customers who have booked Revolt ebikes. The company is working at a feverish pace to expand the production capacities in order to fulfil the robust demand the company is witnessing. In the same direction, in order to give complete visibility of the delivery of bikes to its customers, company has launched VOLT system which enables the customer to track the status of their bike right from booking till the delivery of their bikes.

Revolt has deeply invested in its technology and AI platform. This system, which is currently available only with eCommerce giants, will be the first of its kind initiative in the auto industry which will give complete clarity to customers of bike deliveries. Consumers can track the delivery status of their motorcycle via their Booking IDs or mobile number by clicking on the “**Track Your Revolt**” button on the website.

Customer experience is central to Revolt Motors and company is taking steps towards offering a 100% online contactless sales experience for all customers. The Company is witnessing demand from all parts of the country and aims to scale up this online sales infrastructure to enable pan India sales in shortest possible time. Revolt shall set benchmarks and be future-ready for this pan India roll out.

Commenting on the announcement, **Anjali Rattan**, Business Chairman, RattanIndia Enterprises who is leading all new business initiatives said, “With the technology as the backbone, we are confident that Revolt shall set the gold standard for consumer buying experience in the entire automotive sector . This is the first step towards offering a 100% contactless experience for all our customers.”

Speaking on the announcement, **Mr. Rahul Sharma**, Founder, Revolt Motors said, “We are glad to introduce the first of its kind innovation in the auto industry. We are constantly striving to enhance our customer buying experience and disrupt the two-wheeler market by offering never seen before innovations. With this feature, we at Revolt Motors look forward to providing a holistic experience to our consumers right from the beginning of their purchase journey. Over the past few years, we have received an overwhelming response from our customers and we will continue to innovate and offer best-in-class technology.”

Revolt Intellicorp

Revolt Intellicorp is the next-gen mobility company, created for the smart world. Revolt is working with a vision of democratizing clean commutes using next-gen mobility solutions and a mission to create a future of next-gen mobility with 100% accessibility and 0% fuel residue. With technology

at its roots and class-apart products, Revolt has introduced India's first AI-enabled motorcycle without compromising on the performance or aesthetics of a regular ride.

Revolt Intellicorp commenced operations in 2019. The company offers two EV models in India currently, in addition to a full range of genuine parts and accessories available through its authorized dealerships.
