From the desk of Chairman and Managing Director

Dear Friends and Fellow Shareholders,

Following an unprecedented FY2021, last year was a year of recovery. The curbs during the year were less restrictive compared to prior period. Also, the Company was better prepared this time to manage the unprecedented challenges.

During FY2022 as well, the restrictions were broadly during the peak season for the beer industry, which had severe impact on the performance of the Company. However, our preparedness enabled us to reduce losses during the year. Our mainline brands continued to gain market share across all our key markets which supported the utilization enhancement across our plants. During the last quarter of last fiscal year, the Company turned PAT positive and reduced the total loss to Rs. 9.8 crores compared to over Rs. 38 crores in FY2021. This was an encouraging development and testament to the customer inclination towards the Company's products.

During the year, we recorded a beer volume sale of 68.3 lakhs cases, an increase of 35% compared to the last year. This growth was achieved despite the loss of peak season sale in Q1 FY2022. The demand was driven by strong recovery in our traditional markets. In particular, the Karnataka market experienced robust market share gain to 6.9 % of the total beer segment compared to 3.5% markets share in the previous year.

We have been able to overcome all the challenges due to our ability to quickly adapt and respond to the pandemic led difficult situation. We undertook various initiatives such as focus on profitable markets and selective new market expansion with the objective to balance profitability and future growth prospects. Going forward, the prospects look very encouraging which is evident from our last quarter performance. We anticipate FY2023 to be the first year of our first full fledged operation post completion of expansion plan.

In terms of regulatory changes, there has been some positive developments across many states which have increased the point of sales for our products. Most notable and favourable development has been in our home market, Madhya Pradesh. The new excise policy of the state has indicated reducing price by 20%, which will enhance the affordability of our brands. It has also indicated allowing liquor sales through select supermarkets in four big cities, which would be beneficial from availability perspective for customers. Furthermore, the state has also allowed sale of beer and IML through country liquor outlets, which has resulted in increase in point of sales by over 3x. Our strategic initiatives coupled with such favourable market dynamics is anticipated to support our profitable growth in the next fiscal year.

The prevailing geo-political situation has posed some challenge to us as the resulting inflation is expected to impact margins. However, the Company is evaluating various options to offset the impact. We have taken price hikes in some of our key markets. We will continue to launch some premium variants of our popular brands to offset the margin impact to some extent.

Overall, our long-term growth story remains intact. We would continue to focus on driving our utilization levels which will enable strong cash generation and strengthening of balance sheet. Our products have a strong customer base and continues to add new customers, which would be the primary driver for our business going forward.

I would like to express my deepest thanks to all the stakeholders who have been our partners in our journey. I would like to thank you all for your unending support and belief in us and in our potential to grow.

Keep Safe!

MANAGEMENT DISCUSSION & ANALYSIS

1. Economy and Outlook

The global economy was severely impacted in 2020 due to the impact of the pandemic and related lockdowns to curtail the impact of the covid-19 virus. However, in 2021 the world economy recorded a remarkable recovery and recorded a growth of 6.1%, as per International Monetary Fund (IMF). This strong growth was supported by favorable economic and social policies. In addition, faster pace of vaccinations ensured gradual relaxations to support resumption of economic activities.

However, the pace of the recovery is expected to slow-down going forward in 2022 primarily due to prevailing uncertainties around resolution of geopolitical crisis. The economic cost of the conflict is anticipated to have severe impact on the commodity market and result in food and fuel rise. In addition, the global pandemic continues to resurface with new variants and has been impacting some of the countries. Considering the prevailing challenges, IMF has projected a moderation in the growth outlook to 3.6% in 2022 and 2023.

The Indian economy started the fiscal year with a strong recovery during the first nine months of FY2022. This recovery was driven primarily by less stringent restrictions on back of rapid pace of vaccination. India successfully ran one of the largest vaccination programme globally, which was instrumental in curbing the spread of the virus. Furthermore, supportive fiscal and monetary stance of the Government coupled with various incentive schemes also contributed to the growth. The pace of the economic growth slowed in the fourth quarter due to prevailing geopolitical instability arising from Russia and Ukraine conflict. This has also resulted in various supply chain restrictions resulting in higher inflationary conditions. As per the National Statistical Office (NSO), the latest estimate for India's GDP growth in FY2022 is 8.7%.

As per Economic Survey 2021-22, Indian economic growth is anticipated to remain in the range of 8.0% – 8.5%. This growth will be supported by long term benefits of supply side reforms coupled with building back of economic momentum.

2. Indian Alcobeve Industry

India is the third largest spirits market by volume in the world, just behind China and Russia. The Indian alcobeve industry can broadly be classified into five categories, namely Indian Made Foreign Liquor (IMFL), India Made Indian Liquor (IMIL), foreign liquor Bottled in Origin (BIO), Beer and Wine. IMFL primarily comprises of brown spirits such as whisky, rum, and brandy whereas white spirits comprises of gin, vodka and white rum. The alcoholic strength of IMFL generally does not exceeds 42.8%. IMIL is also referred as country liquor. It is produced in licensed distilleries and made of cheaper raw material, primarily rectified spirits of grains or molasses. IMIL generally has an alcohol content of around 30%. BIO forms a very small part of alcohol consumption in India. It is usually consumed by the rich and the upper middle class in metropolitan cities. It is also subject to customs duty which makes it much more expensive. Beer can broadly be classified into two subcategories, strong beer with an alcohol content of around 6-8% and mild or lager beer which has an alcohol content of 4-6%. Wine is an alcoholic drink made from fermented grapes. The major variants of wine are red, white and sparkling. The recent trends in the alcoholic beverages segments includes launch of flavoured alcoholic drinks and ready to drink (RTD).

The alcobeve sector was among the most impacted industry due to the pandemic. The impact was due to combination of factors such as production and sales restrictions, higher taxations / cess, limiting capacity and restaurants / pubs. The beer industry was further impacted as consumers preferred avoiding cold beverages. However, the pandemic also led to some structural changes in the industry such as home delivery. Many states have not allowed home delivery of liquor which is anticipated to be a big boost to the industry in the medium to long term. It is expected that the other states will also follow the trend and overall, the sector will benefit from increased number of point of sales.

The demand for alcoholic beverages has been steadily increasing driven by rapid urbanisation, changing consumer preferences and a sizeable and growing middle-class population with increased purchasing power. In addition, the alcohol consumption share by middle income group is steadily increasing and is currently around 21%, which is anticipated to reach over 40% by 2030. [Source: Indian Council for Research on International Economic Relations (ICRIER)].

Beer Industry

Indian beer industry is primarily dominated by strong beer which accounts for over 80% of the total beer volumes sold in India. The beer consumption in the country is driven by the demand from the southern states which accounts for more than half of the volumes consumed in India. Around 30% of the total consumption is contributed by western region and equally spread between northern and eastern states. Despite India being a tropical country, it has one of the lowest per capita alcohol consumption rates globally, which is an indicator of the prevailing opportunity.

The growth in the beer market is predominantly driven by young consumers and professionals who consider beer as a trendy drink, as compared with traditional spirits. In addition to factors such as favourable demographics, improving disposable income and increasing social acceptance, recent entry by new players have also resulted in wider options to the consumers. The Alcohol content is lower in beer which makes it preferred drink among youngsters, professionals, and females. Craft beer is a relatively new concept in the industry and has made a mark predominantly in the metro and mega metros, where customers are also looking for more variety. But from Indian context strong beer continues to dominate the overall market as the tier-2 and onwards market has its preference inclined towards it.

Indian beer industry is very seasonal as around 40-45% of the sales happen in the summer. The southern states, which have slightly humid weathers, sales are mostly spread throughout the year but still summer months account for around 30-40% of the annual sales. The consumption of beer dips during rainy and winter seasons as these seasons in India is also marked by some religious events during which people prefer to avoid alcoholic drinks. The pandemic led restrictions in last couple of years has significantly impacted the consumption of alcohol in restaurants and pubs. The situation is gradually improving, and people have now started going out of homes. As the situation gradually moves towards the normalcy, it is anticipated to be one of the major drivers for growth.

IMFL Industry

Although India is the largest whisky market in the world in volume terms, there is still a fair amount of opportunity to expand it further in value terms. A large part of the consumption is still in categories such as country liquor. The Indian IMFL industry is predominantly dominated by brown spirits accounting around 95% of the total volume sales and over 90% of the value sales. The segment is further segregated based on price points. The lower price point categories, typically less than Rs. 400 per bottle (750ml) is classified as regular or popular category and above that is known as premium or prestige categories. In volume terms the popular category dominates the market with around 75% of the volumes but accounts for only 50% of the sales value. The prestige segment has been primary growth driver for the segment over last few years. Also, given the limitations on price hikes, the higher mix of prestige brand aids the margin management.

3. Demand Drivers for the Alcobev Industry

India offers significant long-term potential for the alcobev industry, driven by favourable demographics, rapid urbanisation, increasing social acceptance and the emergence of a sizeable middle class.

- **Home Delivery:** Post the pandemic there has been a trend towards allowing home delivery / online sales of liquor. Currently, around 8 states have allowed home delivery and it is anticipated that other states will soon follow the trend. This is a very encouraging development and is anticipated to have positive impact on the industry over medium to long term.
- **Increase in Point of Sales:** States such as Uttar Pradesh and Delhi have increased the number of retail outlets. Madhya Pradesh has allowed sales of IMFL and beer through country liquor stores which has resulted in significant increase in point of sales. All such efforts by the state governments are a welcome move and will benefit the industry.
- **Social Acceptance:** Over the years, alcohol has gained acceptance as a socially acceptable drink. Earlier it was a taboo but now it is normal to have alcoholic drinks as part of family functions and social gatherings. The acceptability of social drinking by females and youngsters have also increased.
- **Improved Standard of Living:** The Indian population segmentation by income level has transitioned from pyramid shape to diamond shape, resulting in larger share of middle-class population. The Indian middle class has also been able to enhance their disposable income and resulting in increased consumer demand. In addition, the growing purchasing power and rising influence of the social media have enabled Indian consumers shift their preference towards more premium and lifestyle products. Furthermore, various measures undertaken by the government over last few years such as direct benefit transfer and various agricultural reforms are also anticipated to increase purchasing power of rural India and drive consumption further. The Indian middle class is moving to an upper income group with changing lifestyles, luxury preferences and ability to pay more for premium products.
- **Favourable Demographics:** The increasing mix of younger generation in India provides a significant opportunity for the alcobev industry in India. Currently, over 55% of the Indian population in the age group of 18-45 years and around 19 million people get added to the legal age for drinking every year.

- **Family Structure:** Indian families are shifting towards more nuclear structure as compared to traditional joint family. Also, unlike older days both partners are career oriented. It is common to have social gathering and post meeting celebrations.
- **Younger Decision Makers:** The decision makers in households are generally younger people who are more inclined towards affluent lifestyle.
- **Alcohol Availability:** Focus on premiumization coupled with entrance of international players in India has resulted in availability of a wide variety of choices for aspirational Indian population. Also, the trend for craft beer is picking up in India, which considered trendier, particularly in the metros. The availability of wider choice will cater to a broader target audience resulting in increased demand for the industry.
- **Low Penetration:** The current per capita consumption of beer in India is one of the lowest in the world. Also, alcohol is sold through a meagre 86,000 outlets, which is extremely low when compared to the rest of the world. Given the current low penetration level there is immense scope for enhancing the consumption which is expected to benefit the overall industry.

4. Business Overview

The only listed Beer and IMFL company in India, SOM Distilleries & Breweries Limited ('SDBL', 'SOM' or 'the Company') is based in Bhopal and is one of the leading alcoholic beverages manufacturers in India. SDBL is primarily engaged in the production of the beer and blending and bottling of IMFL. SOM offers a broad portfolio of products at every price point to cater to varied preferences of consumers. The product portfolio consists of various options across beer, rum, brandy, vodka and whisky categories.

The Company's flagship brands include Hunter, Black Fort, Power Cool and Woodpecker in the Beer segment and Pentagon, Milestone 100 whisky and White Fox vodka in the IMFL segment. Other popular IMFL brands of SOM include Legend, Genius, Sunny, Gypsy and Blue Chip. With around 90% of the topline coming from beer, the Company has three key millionaire brands (with sales more than 1 million cases per annum) – Hunter, Black Fort and Power Cool. Hunter and Woodpecker brands are supplied as draught beer to all major hotels in Madhya Pradesh. The Company has recently launched 'Woodpecker' Wheat Beer, India's first filtered wheat beer. The initial response has been encouraging and the brand sold over 1 lakh cases in its first year of launch, despite the pandemic related challenges.

SOM has a total capacity of 23.2 million cases per annum of beer and 3.9 million cases per annum of IMFL. This capacity is spread across three facilities located in Bhopal (Madhya Pradesh), Hassan (Karnataka) and Bamburi (Odisha).

5. Threats and Concerns

The alcobev industry in India is highly regulated. The industry also falls under the purview of national laws and regulatory bodies, such as the Food Safety and Standards Authority of India (FSSAI). Compliance with relevant regulations results in higher operating costs and also limits the Company's ability to quickly capitalise on the opportunities that Indian market offers.

- **Economic Activity:** The economic activity in India has recovered sharply post Pandemic. However, threat of new variants is impacting many countries globally. In addition, the ongoing geopolitical instability due to ongoing tension between Russia and Ukraine is adding concerns about the economic recovery globally. Any further extension of such events or any new such events can have adverse effect on the economic recovery and performance of the Company as well.
- **Additional Tax:** Under the current tax regime, state governments have only liquor and fuel under their control. Any additional taxation on liquor to meet target state revenue objectives can be detrimental for the industry as it will have severe impact on the demand.
- **Promotional Restrictions:** The alcobev industry cannot do direct promotion of its product as it is banned in India. Typically, the companies use surrogate advertisement to inform consumers about the product. Therefore, it becomes challenging to promote new brands which has limited brand recall.
- **Minimum Legal Age:** All the states in India have legal ages varying between 18-25 years. If these states increase the drinking age or states with lower age bracket decides to increase the age, it could impact sales of alcohol.
- **Limited Pricing Power:** In many states, where the government is also the biggest distributor, it fixes the prices at which it buys products from the alcoholic beverage companies and the prices at which they will sell to the end consumers. The state governments decide the end consumer price, leaving manufactures with no say in determining their selling price.

- **Complex Taxation Structure:** The alcohol industry has been kept outside the purview of GST. However, the industry would be liable to pay GST on the input raw materials, which may impact the gross margins. Taxation by volume continues to adversely impact the beer segment. The tax structure for alcoholic drinks does not adjust for the level of alcohol in a particular drink. Considering the ratio of excise duty adjusted to alcohol content, IMFL appears to be more affordable than beer because it has a higher alcohol/price ratio. This makes beer an expensive drink compared with other spirits in terms of price per unit of alcohol. The excise and other taxes put together comprise over 50% of the final retail price.
- **Affordability:** The high taxation on alcobev products results in higher MRPs for the end customer. So even a small change in price or taxes has severe impact on the purchasing power of the customer and can impact affordability of the product.
- **Barriers to Scale:** Every state government has its own rules and regulations in addition to the regulations set up by the central government. As a result, tax and duties are imposed on inter-state movement of alcohol which restricts consolidated operations and synergy benefits are not fully realized.
- **Volatility in Raw Material:** The beer and IMFL industry can be adversely impacted due to the volatility in key input raw material prices such as barley, ENA and glass bottles. Since the pricing power is limited, companies cannot fully pass on the higher costs to consumers thereby margins gets impacted.
- **Competition:** Over last few years, many international companies have entered the Indian market due to the immense potential prevailing in the country. These players could impact volumes primarily in the metros as their products are well known among affluent or lifestyle seeking consumers. Furthermore, increasing trend of the craft beer among urban population also increases the competition as beers can be manufactured with very limited investment in a smaller size brewery as compared to significant investment required in traditional breweries.

6. Performance Review

During FY2022, beer volumes sales stood at 68.3 lakh cases, an increase of 35% compared to same period last year. IMFL volumes stood at 5.7 lakh cases compared to 7.7 lakh cases in FY2021.

Total income for the year stood at Rs. 3,655 million, an increase of 26.0% compared to FY2021. Revenue from beer was Rs. 3,157 million and revenue from IMFL was Rs. 442 million. Of the total revenue 88% (FY2021: 76%) was contributed by beer and remaining 12% (FY2021: 24%) was contributed by IMFL. In FY2022, realization per case for beer and IMFL was Rs. 462 and Rs. 775, respectively.

EBITDA for the year was Rs. 196 million compared to a loss of Rs. 70 million in FY2021. The Company reported a net loss of Rs. 98 million compared to a net loss of Rs. 381 million in FY2021. During the last quarter of the year the Company turned PAT positive. During the year, the Company could not operate during the peak season (March to June), due to pandemic related restriction, which impacted the profitability. Typically, the peak season accounts for around 40-45% of the annual revenues.

Ratios	FY2022	FY2021	Comments
Debtor Turnover (Days)	65	95	Overall operational and financial performance during the year was severely impacted by the pandemic and related restrictions during the year. Loss of sales during the peak season was primary reason for losses and deterioration of return ratios during the year. However, given the less severity of the restrictions compared to the prior year, there has been some improvement in profitability compared to FY2021, which has resulted in some improvement in the metrics.

7. Liquidity

As of 31st March 2022, total debt stood at Rs. 1,973 million and cash and cash equivalent was Rs. 95 million, resulting in a net debt of Rs. 1,878 mn. Gross Debt to Equity ratio was 0.68x. During the year, the Company repaid around Rs. 120 million. SOM is focused on improving utilization levels to drive strong cash flow generation and deleveraging balance sheet.

8. Major Corporate Developments

- Market Share Enhancement in Karnataka:** The Company's market share in Karnataka beer segment increased to 6.9% from 3.9% a year ago.
- Hunter's Market Share:** In the month of May 2022, our mainline brand 'Hunter' had a market share of 55% in the premium beer segment in Madhya Pradesh. This is the first time in the history of the Company that the brand has gained such market share.
- Footprint Expansion:** The Company remains committed to its strategic objective of entering into new markets and further strengthen its foothold in existing markets. SOM will continue to evaluate markets based on its potential and profitability. It believes that this will enable the Company to enhance its market share in medium to long term.
- Contract Manufacturing:** Considering our quality, expertise in brewing and the capacities we have the following companies are getting their beers manufactured at our plants.
 - 7 Ink Brews Private Limited** – Brand manufactured Copter 7 Strong and Lager

9. Business Strategy

Portfolio Premiumisation: The Company predominantly caters to the strong beer segment. The Company's mainline brand 'Hunter' caters to customers in the premium strong beer segment. In FY2021, the Company has also launched 'Woodpecker' wheat beer in select markets in Northern India, which is India's first filtered wheat beer. In addition, the Company has also launched new variant / limited editions of its existing brands on an ongoing basis to enhance its customer experience.

Exports: The Company is focused on expanding its exports portfolio. Recently, SOM signed a Memorandum of Understanding (MOU) with Indian Fashion FZE, based out of the UAE for export of Beer and IMFL for West and Central Africa. Initially, the Company plans to start supply of 'Blackfort' beer and based on the traction will gradually start supplying other brands

over the period.

Pan India Expansion: The Company has a well-defined business strategy to expand its customer base and outreach. SOM's bottling agreement with two of the leading liquor manufacturers is aimed at enhancing the Company's supplies to the Canteen Store Departments as well as to some of the key markets in North India. The Company has a vision of becoming one of the top brewing companies in India. SOM regularly revisits its brand portfolio to cater changing consumer taste and this has helped the Company to continuously re-innovate their existing portfolio as well as launch new products to match the customer preferences.

10. Human Resources

The Company has established a robust Human Resources ('HR') system that nurtures a high performing, conducive and inclusive work culture. It has well-documented and disseminated employee friendly policies to enhance transparency, create a sense of teamwork, oneness, trust among employees and align employees' interests with the organization's strategic goals. These policies assist in providing a holistic workplace environment and plays a key role in right talent on-boarding, talent retention and leadership development. The company has developed well-designed and documented policies such as Whistleblower Policy and POSH ('Prevention of Sexual Harassment') Policy to prevent discrimination and harassment and to discourage wrong practices. The Company ensures equal access to opportunities in the areas of recruitment, learning & development, career progression and advancement. This is regardless of gender, age, racial/ethnic background, religion or social status.

We focus on developing and nurturing distributed leadership so that we are managed by a team of competent, passionate, and inspiring leaders, capable of building a future-ready organisation through continuous learning, innovation and world-class execution.

We have a very strong orientation towards learning and development. All our new joiners are provided a tailored learning as per the role and related requirements. We also provide our employees opportunities to learn, grow and enhance their career through internal job postings. We organise regular employee engagement and career development initiatives to equip them for ever evolving landscape. We are proud to say that our organization continues to listen to its employees and develop actionable insights for effective decision making. As on 31st March 2022, 153 employees are on our payroll and a well-diversified workforce structure at all levels.

Owing to the cordial rapport between management and employees, there was no industrial unrest causing loss in production across all manufacturing facilities. Our employees take pride in their workplace.

11. Internal Control Systems & Their Adequacy

SOM has a comprehensive internal control framework to ensure requisite control to its operations. The Company believes an adequate internal control system is a prerequisite for ensuring sustainable operations of the Company. Stringent and comprehensive controls are put in place to ensure the optimal and efficient utilization of resources and to ensure safety and protection of all assets. This ensures that the Company's assets and interests are carefully protected, and operations are conducted within a framework of appropriate checks and balances. The system helps mitigate and reduce risks that may prevent the Company from achieving its business objectives and to provide reasonable assurance that all material misstatements, frauds or violations of laws and regulations will be prevented. The existing controls have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable

statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance with corporate policies.

The Statutory Auditors also conduct the limited review as part of the listing obligations and the reports are placed before the Audit Committee and forwarded to the regulatory authorities. The observations of the Audit Committee with regard to the efficacy of audit report and the effective remedial measures that have been taken by the Company are placed before the Board for their consideration. The Company undertakes periodic review of its internal control practices and its adequacy and presents its findings to Audit committee with recommendations to enhance the control measures.

12. Corporate Social Responsibility

Corporate social responsibility forms an integral part of the Company's business activities. SOM actively contributes to the social, economic and environmental development of the community in which it operates, ensuring participation from the community and thereby creating value. The Company's CSR policy outlines its strategy to bring about a positive impact on the society through various initiatives relating to poverty, education, environment protection and healthcare. SOM endeavours to serve the society and achieve excellence. The Company continues to remain focused on improving the quality of life and engaging communities through ensuring environment sustainability, promoting healthcare, promoting education and many more activities.

The annual report on Corporate Social Responsibility activities as required under Sections 134 and 135 of the Companies Act, 2013 read with Rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014 and Rule 9 of the Companies (Accounts) Rules, 2014 is provided in the Annexure forming part of this Report. As per the section 135 of the Companies Act, 2013, a CSR committee is in place. During the year, SOM spent Rs. 2.35 million on CSR activities as per the CSR policy of the Board.

Some of the CSR activities carried out during the financial year are as follows:

- a. Contributions to the Asha Mohan Foundation for construction of a full-fledged diagnostic centre for the lesser privileged patients at substantial lower charges for tests as compared to conventional centres. We expect the centre to be completed in the next 2 year.
- b. Contributions to the school being run for underprivileged children. This is especially pertinent when the pandemic had impacted schooling of the children and for ensuring continuity for the education of the children.
- c. Contributions to the hospital: Its role even became more important during the pandemic in view of the spread of Corona in the adjoining villages.

13. Information Technology (IT)

SOM views IT as a necessary business enabler. The Company's operations are increasingly dependent on IT systems and there is a need to manage the information effectively. A strong IT infrastructure is critical as it binds the Company's varied operations into a cohesive unit. SOM is embracing digitisation to create engaging customers experiences. IT has been one of the key factors driving robust growth of the Company and facilitating it to effectively manage its network of distribution channels. The IT platform encompasses all core business processes and provides comprehensive data and analytics that enables better decision making. SOM continuously invests in upgrading to the latest technology enhancements to deliver business efficiencies.

During the year under review, digital initiatives were implemented for factory data analytics and dashboards. Transportation Management System (TMS) for efficient logistics execution and migration of legacy systems to more contemporary systems were undertaken during the year. We

have been working continually to improve current applications and adopt trending technologies. This is helping the Company drive customer centricity, reduce process cycle time, improve operational efficiencies and enhance user experience across internal and external stakeholders. Key focus areas include Integrated Business Planning solution to improve planning effectiveness and analytics solution to forecast demand and reduce sales returns.

The company has laid down adequate procedures and policies to guide the operations of our business. Unit/functional heads are responsible for ensuring compliance with the policies and procedures laid down by the management. The Company has implemented ERP systems with the aim of maximizing automated control transactions and digitizing all critical control processes.

The Internal Audit function conducts periodic verification of controls for smooth and accurate operations. The Head-Internal Audit reports functionally to the Chairperson of the Audit Committee which approves the internal audit plan at the beginning of each fiscal year. The audit plan is aligned with critical business risks, new business endeavors as well as key process risks.

The spread of the pandemic and the strictest lockdown announced by the Government of India made Work from Home (WFH) as the new normal. We are proud that our systems were robust enough to oversee this transition and we successfully implemented WFH for all our employees. This is a testament that our IT systems are well prepared for any such challenges.

14. Supply Chain Management

An effective supply chain system is a critical ingredient for ensuring smooth business operation and distribution of products. Having a robust supply chain is essential for SOM to adjust more dynamically to the fluctuating economies, improves responsiveness to the customer requirements and leads to a mutually beneficial relationship with our suppliers and dealers and hence is a core focus for us.

We aspire to be a benchmark in the industry by adopting global supply chain management practices aiming at improved service levels, bringing in cost efficiencies and optimizing inventories. We have implemented the best-in-class procurement solutions, transportation management system and trade management system.

Despite the rapid spread of Covid-19 and different lockdown measures announced both by the Central and State Governments to contain the rapid spread of the virus, our Supply Chain have been efficient and dynamic to overcome these challenges. This is evident from the fact that our production and distribution facilities are operating, and we continue to ensure that our product reaches our customers.

15. Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's objectives, expectations, predictions and assumptions may be 'forward looking' within the meaning of applicable Securities Laws and Regulations. Actual results may differ materially from those expressed herein, due to uncertainties related to the business model. Important factors that could influence the Company's operations include global and domestic economic conditions affecting demand, supply, price conditions, change in Government's regulations, tax regimes, other statutes and other factors such as litigation and industrial relations. The risk related information provided is not exhaustive and is for information purposes only. Readers are advised to refer to related disclosures in the Company's regulatory filings and exercise individual judgement in assessing risks associated with the Company.

Stakeholder Engagement Matrix

Stakeholder	Concerns	Channels of Engagement
Investors	Profitability, Governance, business strategy and market share	AGM and other relevant shareholders meeting, conference call, Investor's presentation and meeting and media release, shareholders compliance and grievance.
Customers	Quality of the product, value for money, business continuity, safety, and sustainability	Distributors' meet, customer's satisfaction and services, customer's compliance/grievance management, annual sales meet.
Suppliers	Timely payment, transparency in trade deals	Supplier meetings, online/offline information exchange, vendor compliance/grievance
Employees	Career growth, reward and recognition, safe and conducive workplace career growth, reward and recognition.	Performance reviews, new employee induction programme, trainings, seminars.
Community	Creating infrastructure, education, health and maintaining clean and safe environment	Quarterly review with implementing partners and site visit by members of the leadership team. Internal review and interaction with stakeholders.
Government and Regulatory body	Complying with all the provisions of the legal and regulatory authorities.	Periodic information submission engagement through industry bodies, Seminar other regular engagement with industry association.

Material Matrix Impact Strategy

Managing these issues effectively helps us to remain competitive.

	ISSUES	MITIGATION
Managing Market Volatility	COVID -19 lockdown disrupted economic activity and led to unprecedented market volatility. This had an unprecedented impact on the beer industry.	We tried withstand market volatility through proactive inventory, production and supply management and revised our operational strategies.
Optimizing Portfolio	Strengthening our portfolio helps transform the earnings profile and diversity risks.	We relied upon our already established brands to consolidate our market share in the key markets.
Improving culture	There is a need to continuously strengthen the culture, with a focus on embedding the right behavior going from the top to the bottom.	We are implementing a cultural transformation towards a diverse, inclusive, resilient, and sustainable organization considering operations in multiple geographies.
Maximizing value from business segments	Slowdown in economic growth, increase in raw material and packaging prices and rising variable costs put pressure on the margins of the business.	We are focusing on maximizing cash flows to manage liquidity and ensure we remain well positioned to service business needs. We do not have any planned large capex in the medium term.

RISK MANAGEMENT

RISKS	ISSUES	MITIGATION
Regulatory risk and Compliance with laws	Excise ban on sale of alcohol may lead to adverse impact on growth and profitability. Non-renewal of excise license.	Our endeavour is to keep track of emerging regulations, including environmental, social and governance risks and plan accordingly.
Climate change risk	Climate change can disrupt operations and/or reduce demand for products.	Geographic spread of business and a wide portfolio helps dampen the impact of climate related issues. We are using rain harvesting at all our factories to recharge the ground water level.
Supply chain management risk	Our supply chain network is exposed to potentially adverse events such as dependency on few vendors for key inputs, physical disruptions.	Our contingency plans are designed to secure alternative of key material supplies at short notice. Moreover, we are progressively strengthening our procurement process by diversifying our vendor base.
Environment risks	Our business involves processing of agricultural commodities and treatment thereof.	We have adopted globally accepted best manufacturing practices and installed treatment plants.
Talent Risk	A skilled workforce is essential for continued success of our business. Besides this, the loss of key personnel or inability to attract or retain talent can adversely affect operations and financial performance.	Our management development process includes regular performance reviews, backed by a common set of leadership behaviours, skills and competencies. We have development plans to upskill and reskill employees for future roles and targeted programmes to attract and retain talent.
Pandemic risk	The disruptions due to Covid -19 related lockdowns, loss of seasons, challenges in production, managing supply and distribution networks pose risks. These can disrupt supply chain and manufacturing processes and adversely impact business.	While the human impact of the virus takes precedence for all of us, we continue to monitor these developments closely and keep exploring alternative strategies to minimize its impact on the business.
Business Development and innovation risk	We operate in a highly competitive industry dominated by multinationals which have deep financial resources.	Our endeavour is to strengthen the distributor base and produce innovative as well as value for money products to widen reach and penetration in domestic markets.

SOCIAL WELFARE AND ACTIVITIES -

As a corporate, we have certain obligations toward the society and its people. As a part of social responsibility towards the betterment of society, the SOM Group set up Asha Mohan Foundation Society in the early 1995. It undertakes various welfare projects from time to time. The Society ensures that villagers and people in the neighboring areas are equipped with the basic amenities of education, health facilities, drinking water and so on.

SOM School In December 1995 – Asha Mohan Foundation established a school for providing free education to children in the surrounding rural areas. Started as the SOM Prarthmik Vidyalaya (Primary Education), it has now grown over the years into SOM High School i.e., from First standard till 10th. There are over 300 students taking advantage of this golden opportunity and 10 well qualified Faculty along with Guest Faculties are contributing to the cause. Students are provided with free textbooks, stationery, uniforms and all other

necessities. The students made us proud by achieving 100% pass rate in both the primary (5th std.) and middle (8th std.) level State Board exams and also ranking fifth in the district. This is especially pertinent when the pandemic had impacted schooling of the children and for ensuring continuity for the education of the children.

Temple SOMeshwara Dham Mandir was built in the year 1994 along the Raisen Road, Madhya Pradesh. Devotees from surrounding villages also go there. The temple comprises of the idols of Lord Krishna, Lord Hanuman, Goddess Durga and Lord Ganesha. All the funds collected from this temple are being utilized for running the SOM Madhyamik Vidhyalaya.

Hospital Asha Mohan Hospital is one of the charitable institutions established by the SOM Group, which provides free medical, and health facilities not only to its factory workers but also to the inhabitants of the Sehatganj village and other neighbouring areas. Its role even became more important during the pandemic in view of the spread of Corona in the adjoining villages.

SOM Encouragement to Youth With an aim to boost up the morale of the youth SOM sponsors merit based Scholarship award in few reputed schools of Bhopal. This award in the shape of financial support to meritorious students helps them to pursue their studies more seriously.

INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF SOM DISTILLERIES & BREWERIES LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of M/s Som Distilleries & Breweries Limited, New Delhi (“the Company”), which comprises the balance sheet as at 31st March 2022, the statement of Profit and Loss (including other comprehensive), the cash flow statement and statement of changes in equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its LOSS including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Companies Act, 2013 as amended (“the Act”). Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Standalone Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to the following Notes to the accompanying Standalone financial results:

- a) Note 39 regarding management’s assessment of the impact of COVID-19 pandemic of the Company’s operations for the period ending on 31st March, 2022.
- b) Note No. 41 regarding non availability of the necessary information of outstanding dues to Micro Enterprises and Small Enterprises.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit

of the standalone financial statements section of our report, including in relation to these matters.

Key audit matters (Refer 2.2 “revenue recognition” of standalone financial statements)	How our audit addressed the key audit matter
<p>Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.</p> <p>Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.</p> <p>Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India (“ICAI”), the recovery of excise duty flows to the Company on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Company on its own account, revenue includes excise duty. However, sales tax/value added tax (VAT), goods and services tax are not received by the Company on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> - Assessed the Company’s revenue recognition accounting policy for sale of products. - Understood, evaluated and tested on sample basis the design and operating effectiveness of key internal controls over recognition and measurement of revenue. - Performed test of details on a sample basis and inspected the underlying accounting documents relating to sales accrual. - Tested on a sample basis, sales transactions near year end date. - Performed analytical procedures on revenue. - Assessed the disclosures in the standalone financial statements in respect of revenue for compliance with disclosure requirements.

Other Information

The Company’s Board of Directors is responsible for preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not

include the Financial Statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in sub section (5) of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Accounting Principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, issued by the Government of India in terms of subsection 11 of section 143 of the Act (hereinafter referred to as the 'Order'), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to information and explanations given to us, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE B

REFERRED IN OUR REPORT OF EVEN DATE

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

{Referred to in Para 2 (f) under 'Report on other Legal and Regulatory Requirements' section of our Report of even date}

In conjunction with our audit of the financial statements of M/s Som Distilleries & Breweries Limited as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of the Company.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over the financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective companies policies, safeguarding the assets of the company, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparation of reliable financial information's, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the relevant Guidance Note (Audit of Internal Financial Controls Over Financial Controls) and the Standards on Auditing, both, issued by the ICAI and are deemed prescribed under sub-section (10) of the section 143 of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the

reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that;

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES ANNEXED TO AND FORMINE PART OF THE ACCOUNTS

FOR THE YEAR ENDED 31ST MARCH 2022

1. COMPANY INFORMATION

SOM Distilleries & Breweries Limited is a public company domiciled in India and incorporated under the provisions of Companies Act, 1956. Its shares are listed on the National Stock Exchange and Bombay Stock Exchange. The Company is engaged in the manufacture and sale of Beer and Indian Made Foreign Liquor (IMFL). The Company is a market leader in Beer in the State of Madhya Pradesh. The Company caters to both domestic and international markets.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis for preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis, and the provisions of the Companies Act, 2013 ('Act') to the extent notified. The Ind AS are prescribed under section 133 of the Act read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereof.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 70 days for the purpose of current/ non-current classification of assets and liabilities.

2.2 Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India ("ICAI"), the recovery of excise duty flows to the Company on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the Company on its own account, revenue includes excise duty. However, sales tax/ value added tax (VAT), goods and services tax are not received by the Company on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.

2.3 Expenditure

Expenses are accounted for on accrual basis and provision is made for all known losses and liabilities.

2.4 Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the Management.

The Company depreciates property, plant and equipment over their estimated useful lives using the straight line method. The estimated useful lives of assets are as follows:

Asset class	Useful Life (in years)
Building and civil work	
Roads	10
Labour Quarters	15
Factory Buildings	30
Computer Hardware	3
Electrical Installation	25
Furniture and Fixtures	10
Office Equipment	5
Plant & Machinery	25
Tubwell	5
Vehicles	8

The residual values, useful lives and methods of depreciation and amortization of property, plant and equipment and intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.5 Cash and cash equivalents

Cash and cash equivalent in the balance sheet and cash flow statement comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.6 Impairment

i) Financial Assets (other than at fair value)

The company assesses at each date of balance sheet whether a financial asset or a company of financial assets is impaired. IND AS 109 required expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all contract assets and/or all trade receivables that do not constitute of financial transaction. For all other financial asset, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non-financial assets

Tangible and Intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flow that are largely independent of those from other assets. In such, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount of the asset (or CGU) is reduced to its recoverable amount. An important loss is recognized in the statement of profit and loss.

2.7 Inventories

Inventories are stated at lower of cost and net realizable value. Costs are arrived at as follows:

- (i) Raw materials, components, packing material, stores and spares on first in first out basis.
- (ii) Stock in process and finished goods taking into account the annual average cost of materials consumed, direct production expenses, interest, depreciation and related Government duties.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.8 Foreign Currency Transactions

The functional currency of the Company is the Indian rupee (INR). These financial statements are presented in INR.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised as income or expenses in the period in which they arise

2.9 Retirement and other employee benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services. These benefits include performance incentives and compensated absences.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund. The Company has no obligation other than the contribution payable to the Provident Fund.

The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation done as per projected

unit credit method, carried out by an independent actuary at the end of the year.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss - Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements and net interest expense or income.

Remeasurements, comprising actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

2.10 Taxes on Income

Current income tax

Current income tax liabilities are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is also recognised outside profit or loss (either in OCI or in equity in correlation to the underlying transaction). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions, where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of business losses and unabsorbed depreciation. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of business losses and unabsorbed depreciation can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a

legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement, if any.

2.12 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

2.13 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. These exchange differences are presented in finance cost to the extent which the exchange loss does not exceed the difference between the cost of borrowing in functional currency when compared to the cost of borrowing in a foreign currency.

2.14 Earnings per equity share ('EPS')

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on

conversion of all the dilutive potential equity shares into equity shares.

2.15 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of financial asset gave rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Financial asset at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit and loss immediately recognized in statement of profit and loss.

Financial liabilities

Financial liabilities which carry a floating rate of interest are measured at amortised cost using the effective interest method.

Equity Instruments

An equity instrument is a contract that evidences residual interest in the asset of the company after deducting all its liabilities. Equity instrument by the company are recognised at the proceeds received net of direct issue cost.

Funding arrangements and funding policy

The company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the company. Any deficit in the assets arising as results of such valuation is funded by the company.

Expected contribution during the next annual reporting period

The Company's best estimate of Contribution during the next year	11.24	12.46
--	-------	-------

Sensitivity Analysis:

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Period	As on 31.03.2022
Defined Benefit Obligation (Base)	73.38 @ Salary Increase Rate : 5%, and discount rate :7.25%
Liability with x% increase in Discount Rate	69.10; x=1.00% [Change (6)%]
Liability with x% decrease in Discount Rate	78.18; x=1.00% [Change 7%]
Liability with x% increase in Salary Growth Rate	78.24; x=1.00% [Change 7%]
Liability with x% decrease in Salary Growth Rate	68.97; x=1.00% [Change (6)%]
Liability with x% increase in Withdrawal Rate	73.72; x=1.00% [Change 0%]
Liability with x% decrease in Withdrawal Rate	72.96; x=1.00% [Change 0%]

B. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also holds unquoted investments in a wholly owned subsidiary.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The senior management reviews and agrees policies for managing each of these risks, which are summarized below.

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Financial instruments affected by market risk include deposits, investments and borrowings.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the company's financial instruments will fluctuate because of changes in

market interest rates. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's borrowings with floating interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on borrowings affected, with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	As at 31.03.2022		As at 31.03.2021	
	0.25% increase	0.25% decrease	0.25% increase	0.25% decrease
Impact on profit before tax	(11 Lacs)	11 Lacs	(12 lacs)	12 lacs

(b) Commodity price risk

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase and manufacture of Beer and therefore require a continuous supply of Barley. The Company's Board of Directors has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The following table shows the effect of price changes in Barley:

Particulars	As at 31.03.2022		As at 31.03.2021	
	1% increase	1% decrease	1% increase	1% decrease
Impact on profit before tax	(16 Lacs)	16 Lacs	(5 lacs)	5 lacs

ii) Credit risk

Credit risk is the risk of financial loss arising from counter party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and credit worthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the other financial instruments of the company result in material concentration of audit risk.

ii) Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank borrowings. The table below summarises the maturity profile of the Company's financial liabilities:

As At March 31, 2022	Maturities			Total Carrying Value
	Upto 1 year	1-2 year	> 2 year

NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED 31.03.2022

39) Global Health Pandemic on Covid-19

During the first quarter of the current financial year there was a surge in the spread of COVID-19 in India and various state governments imposed restrictions ranging from curfew / lockdown to contain the spread of COVID19. The impact of COVID 19 has now affected the operations of the company for two consecutive seasons.

The business operations of the Company and its two subsidiaries have been significantly impacted by way of interruption of production, supply chain, since the start of the pandemic.

The impact of COVID-19 pandemic on the overall economic environment continues to be uncertain though there has been a revival in the volumes in this quarter.

The Company will continue to closely monitor the situation and any material changes to future economic conditions.

The outlook for the industry is positive yet remains volatile depending amongst others on the future trajectory of the pandemic as well as the state of the economy. The company continues to actively review costs and focus on working capital management. We remain optimistic about the long-term growth drivers of the industry.

40) Financial Ratio - "Disclosed in 40(i), annexed"

41) The company has sought information and certification from its vendors as to their being a micro, small or medium enterprise unit under the Micro, Small and Medium Enterprises Development Act, 2006, to comply with the requirements of law. However, till date replies have been received from very few vendors. Hence, amount due to micro, small scale enterprises outstanding as on March 31st, 2022 is not ascertainable. The process of collecting the information from the vendors is currently ongoing.

42) The Company's pending litigations pertain to claim and cases occurring in the normal course of business. The Company has reviewed its pending litigations and expects that the outcome of the proceedings will not have any material effect on its financial positions.

43) Balances standing at the debit or credit in the accounts of various parties are subject to confirmation and reconciliation.

44) Previous year's figures have been regrouped/ restated wherever considered necessary to make them comparable to those of the current year.

45) All figures in the Balance Sheet, Profit & Loss Account and Schedules have been rounded off to the nearest rupee in lakhs.

INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF SOM DISTILLERIES & BREWERIES LIMITED REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of M/S SOM DISTILLERIES & BREWERIES LIMITED, NEW DELHI (hereinafter referred to as the “Holding Company”) and its subsidiaries “WOODPECKER DISTILLERIES & BREWERIES PRIVATE LIMITED” and “SOM DISTILLERIES & BREWERIES ODISHA PRIVATE LIMITED” (Holding Company and its subsidiaries together referred to as “the Group”), which comprises the consolidated balance sheet as at 31st March 2022, the consolidated statement of Profit and Loss (including other comprehensive), the consolidated cash flow statement and consolidated statement of changes in equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the Consolidated Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2022, its consolidated LOSS including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Companies Act, 2013 as amended (“the Act”). Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to the following Notes to the accompanying consolidated financial statements:

- a) Note 37 regarding management’s assessment of the impact of COVID-19 pandemic of the Group’s operations for the period ending on 31st March, 2022.
- b) Note No. 49 regarding non availability of the necessary information of outstanding dues to Micro Enterprises and Small Enterprises.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2022. These matters

were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters.

Key audit matters	How our audit addressed the key audit matter
<p>Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the group expects to be entitled in exchange for those goods or services.</p> <p>Revenue is recognized to the extent it is probable that the economic benefits will flow to the group and the revenue can be reliably measured, regardless of when the payment is being received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.</p> <p>Based on the Educational Material on Ind AS 115 issued by the Institute of Chartered Accountants of India (“ICAI”), the recovery of excise duty flows to the Group on its own account and hence is a liability of the manufacturer which forms part of the cost of production, irrespective of whether the goods are sold or not. Since the recovery of excise duty flows to the group on its own account, revenue includes excise duty. However, sales tax/value added tax (VAT), goods and services tax are not received by the group on its own account and are taxes collected on value added to the commodity by the seller on behalf of the government. Accordingly, these are excluded from revenue.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> - Assessed the Group’s revenue recognition accounting policy for sale of products. - Understood, evaluated and tested on sample basis the design and operating effectiveness of key internal controls over recognition and measurement of revenue. - Performed test of details on a sample basis and inspected the underlying accounting documents relating to sales accrual. - Tested on a sample basis, sales transactions near year end date. - Performed analytical procedures on revenue. - Assessed the disclosures in the consolidated financial statements in respect of revenue for compliance with disclosure requirements.

Other Information

The Holding company's management and Board of Directors is responsible for preparation of the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with governance for the Consolidated Financial Statements

The Holding company's management and Board of Directors is responsible for the matters stated in sub section (5) of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the group in accordance with the Accounting Principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group companies.

Auditor's Responsibility for audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Group entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the holding company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with

governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we provide "Annexure-A", a statement on the matters specified in paragraphs 3 and 4 of the said order, to the extent applicable.

ANNEXURE B

Report on the Internal Financial Controls with reference to the aforesaid Consolidated Financial Statement under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')
{Referred to in Para 2 (f) under 'Report on other Legal and Regulatory Requirements' section of our Report of even date}

In conjunction with our audit of the consolidated financial statements of M/s Som Distilleries & Breweries Limited, New Delhi (hereinafter referred to as "the holding company") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the holding company and its subsidiaries companies, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective companies policies, safeguarding the assets of the company, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparation of reliable financial information's, as required under the Companies Act 2013 (hereinafter referred to as "the Act").

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the relevant Guidance Note (Audit of Internal Financial Controls Over Financial Controls) and the Standards on Auditing, both, issued by the ICAI and are deemed prescribed under sub-section (10) of the section 143 of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statement. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements, was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements, and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements, included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A Company's internal financial control with reference to consolidated financial statements, is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that;

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements, to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements, may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED 31ST MARCH 2022

1. GROUP INFORMATION

Som Distilleries & Breweries Ltd. (the 'Company') is a Public company domiciled in India and incorporated under the provisions of Companies Act, 1956. Its shares are listed on the National Stock Exchange and Bombay Stock Exchange. The Company is engaged in the manufacture and sale of Beer and Indian Made Foreign Liquor (IMFL). The Company is a market leader in Beer in the state of Madhya Pradesh. The company caters to both domestic and international markets.

The Company and its Subsidiaries (Referred to as 'Group' herein under) have been considered in these consolidated financial statements. The Company has following wholly owned subsidiaries

- i) Woodpecker Distilleries & Breweries Private Limited
- ii) Som Distilleries and Breweries Odisha Private Limited

The Group is engaged in the manufacture and sale of Beer and Indian Made Foreign Liquor (IMFL).

2. BASIS OF PREPARATION, CONSOLIDATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis for preparation and consolidation

- (a) These Consolidated Financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The Consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements. All assets and liabilities have been classified as current or noncurrent as per the Group normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 70 days for the purpose of current or non-current classification of assets and liabilities.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions

and other events in similar circumstances. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year. The consolidated financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances and intra-group transactions.

The Consolidated financial statements are presented in INR, the functional currency of the Group. Items included in the consolidated financial statements of the Group are recorded using the currency of the primary economic environment in which the Group operates (the 'functional currency').

Transactions and balances with values below the rounding off norm adopted by the Group have been reflected as "0" in the relevant notes in these consolidated financial statements.

The Consolidated Financial statements of the Company for the year ended 31st March, 2022 were approved for issue in accordance with the resolution of the Board of Directors on 26th Apr 2022.

(b) Basis of measurement

These Consolidated Financial statements are prepared under the historical cost convention unless otherwise indicated.

2.2 KEY ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of Consolidated Financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognized prospectively.

2.3 SIGNIFICANT ACCOUNTING POLICIES

- (a) These are set out under "Significant Accounting Policies" as given in the respective Company's standalone financial statements.
- (b) Other Accounting Policies applicable to Group.

Sensitivity Analysis:

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Period	As on 31.03.2022
Defined Benefit Obligation (Base)	100.13 @ Salary Increase Rate : 5%, and discount rate :7.25%
Liability with x% increase in Discount Rate	93.75; x=1.00%
Liability with x% decrease in Discount Rate	107.40; x=1.00%
Liability with x% increase in Salary Growth Rate	107.49; x=1.00%
Liability with x% decrease in Salary Growth Rate	93.56; x=1.00%

B. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also holds unquoted investments in a wholly owned subsidiary.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The senior management reviews and agrees policies for managing each of these risks, which are summarized below.

i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Financial instruments affected by market risk include deposits, investments and borrowings.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the company's financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's borrowings with floating interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on borrowings affected, with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	As at 31.03.2022		As at 31.03.2021	
	0.25% increase	0.25% decrease	0.25% increase	0.25% decrease
Impact on profit before tax	(22 lacs)	22 lacs	(22 lacs)	22 lacs

(b) Commodity price risk

The Group is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase and manufacture of Beer and therefore require a continuous supply of Barley. The Company's Board of Directors has developed and enacted a risk management strategy regarding commodity price risk and its mitigation. The following table shows the effect of price changes in Barley:

Particulars	As at 31.03.2022		As at 31.03.2021	
	1% increase	1% decrease	1% increase	1% decrease
Impact on profit before tax	(30 lacs)	30 lacs	(28 lacs)	28 lacs

ii) Credit risk

Credit risk is the risk of financial loss arising from counter party failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and credit worthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the other financial instruments of the company result in material concentration of audit risk.

ii) Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank borrowings. The table below summarises the maturity profile of the Company's financial liabilities:
