NOTES:-

1. The relative Statement pursuant to Section 102 of the Companies Act, 2013 with respect to the Special Business set out in the Notice is annexed thereto.
2. In view of the situation arising due to COVID-19 global pandemic, the Ministry of Corporate Affairs (MCA) has vide its General Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020 and Circular number SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and SEBI/HO/CFD/CMD2/CIR/P/2021/11 Dated January 15, 2021 issued by the Securities and Exchange Board of India (SEBI) (collectively referred to as "the Circulars") companies are allowed to hold Annual General Meeting (AGM) through video conferencing (VC) or other audio visual means (OAVM), without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC / OAVM.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. A Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to "the Circulars" through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
6. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020, MCA Circular No. 20/2020 dated May 05, 2020 and MCA circular no. 02/2021 dated January,13,2021.
8. Members of the Company under the category of Institutional Investors / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are encouraged to attend and vote at the AGM through VC. Corporate members intending to authorize their representatives to participate and vote at the AGM are requested to send a certified copy of the Board resolution / authorization letter to the Company or upload on the e-voting portal.
9. In compliance with the aforesaid Circulars, Notice of the 35th AGM and the Annual Report 2020-2021 are being sent only through electronic mode to those members whose email addresses are registered with the Company / DPs. Members may note that the Notice and Annual Report 2020-2021 will also be

available on the Company's website www.tspiritualworld.com, websites of the Stock Exchanges i.e. BSE Limited and The Calcutta Stock Exchange Limited at www.bseindia.com and www.cse-india.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

10. Company is providing two way teleconferencing facility or webex for the ease of participation of the members. Link for joining the meeting is being given separately.
11. Recorded transcript of the meeting shall be maintained in safe custody of the Company. The registered office of the company shall be deemed to be the place of meeting for the purpose of recording of the minutes of the proceedings of this AGM.

30. Since the AGM will be held through VC / OAVM, the Proxy Form, Attendance Slip and Route Map is not annexed in this Notice.
31. **Voting through electronic means:**
A remote e-voting facility is provided in terms of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is offering e-voting facility to its Members in respect of the business to be transacted at the Annual General Meeting (AGM) scheduled to be held on 17th Day of September, 2021 (Friday) at 04:00 P.M. IST through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM") with request to follow the instructions for voting electronically as under:-

Any person, who acquires shares of the Company and becomes a shareholder of the Company after dispatch/email of the Notice of AGM and holds shares as of the cut-off date i.e. September 10, 2021 may obtain the login ID and password by sending a request at complianceofficer@tspiritualworld.com.

The facility for voting during the AGM will also be made available. Members present in the AGM through VC and who have not cast their vote on the resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.

The voting rights of shareholders shall be in proportion to their shares of the paid up equity shares capital of the Company.

The Instructions of Shareholders for Remote E-Voting and E-Voting during AGM and joining meeting through VC/OAVM are as under:

- (i) The e-voting period begins on 14th day, September, 2021 (9.00 A.M.) and ends on 16th day, September, 2021 (5.00 P.M.). During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) i.e. 10th September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for **Individual shareholders holding securities in Demat mode** is given below:

A. De-mat initiative

Why Demat:-

- Easy portfolio monitoring
- No physical shares can be transferred from 1st April 2019
- Immediate transfer/trading of securities
- Periodic status reports and information available on internet

- Elimination of all risks associated with physical certificates
- Elimination of bad deliveries & Faster settlement cycle
- Immediate transfer/trading of securities
- No stamp duty is paid on transfer of shares
- Faster disbursement of non-cash corporate benefits like Rights, Bonus, etc.
- Saves the shareholder from going through cumbersome legal processes to reclaim the lost/pilfered certificates
- Postal delays and loss of shares in transit is prevented
- Ease related to change of address
- Ensures faster communication to investors
- Provides more acceptability and liquidity of securities

In view of the above, all the investors who are holding shares in physical form, should consider opening a de-mat account at the earliest and submit request for dematerialisation of their shares in order to protect the liquidity of the shares.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Pursuant to Listing Regulation of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 aligned with Companies Act, 2013, the Management Discussion & Analysis Report for the year under review is given below;

Background

The Management Discussion and Analysis Report sets out the developments in the business, the Company's performance since the last Report and the future outlook. This Report is part of the Director's Report and the Audited Financial Statements, forming part of the Annual Report. However, certain statements made in this Report relating to the projections, outlook, expectations, estimates, etc. may constitute "forward looking statements" within the meaning of applicable laws and regulations and may differ from actual. Several factors could make a significant difference to the Company's operations, including climatic conditions, economic conditions affecting demand and supply, government regulations, revision in government policies, taxation and natural calamities over which the Company does not have any control.

India in Global Market

India is presently known as one of the most important players in the global economic landscape. Its trade policies, government reforms and inherent economic strengths have attributed to its standing as one of the most sought after destinations for foreign investments in the world. Also, technological and infrastructural developments being carried out throughout the country augur well for the trade and economic sector in the years to come.

Global Scenario

Escalating trade tensions and a slowing global economy due to Covid-19 pandemic have led WTO economists to sharply downgrade their forecasts for trade growth in 2020 and 2021. The economists caution that downside risks remain high and that the 2021 projection depends on a return to more normal trade relations.

- World merchandise trade volume is forecast to grow 1.25% in 2020. This is substantially below the 2.5% trade growth that had been projected in April.
- Trade volume growth should accelerate slightly to 2.5% in 2021 while global GDP growth holds steady at 2.3% (at market exchange rates), but this depends on an easing of trade tensions.
- Trade conflicts pose the biggest downside risk to the forecast but macroeconomic shocks and financial volatility are also potential triggers for a steeper downturn.
- Trade-related indicators signal a worrying trajectory for world trade based on global export orders and economic policy uncertainty.
- Export and import growth slowed across all regions and at all levels of development in the first half of 2020-2021.

India's Trade Performance resilient during 2020-2021

The Indian Economy has shown significant resilience amidst the global pandemic and trade shock that began to impact the global economy towards the end of 2019-2020 and acquired catastrophic proportions in 2020-2021. Secretary, Department of Commerce, Government of India DrAnup Wadhawan today said during the virtual media interaction that the cumulative value of overall exports (merchandise & services) during April-March 2020-2021 has been estimated at USD 493.19 Billion compared to USD 528.37 Billion during April-March 2019-2020, registering a negative growth of (-) 6.66 percent. He added that it reflects a remarkable recovery over the course of the financial year after the huge downturn in April 2020 reflected in decline in merchandise exports by (-) 60.28% and services exports by (-) 8.92 %

Trade data for March 2021, the final month of 2020-2021 reflects the build-up of a strong recovery in exports despite several challenges. The overall export (merchandise and services) for March 2021 is

estimated at USD 52.20 Billion, registering a positive growth of 31.64 percent vis-à-vis March 2020. Merchandise exports in March 2021 grew by 60.29% as compared to March 2020, which was substantial even after factoring in the base effect. This was driven by healthy export growth in key sectors such as engineering goods (71.30%), gems & jewellery (78.93%), petroleum products (35.52%), drugs & pharmaceuticals (48.49%) and Organic & inorganic chemicals (46.50%). Merchandise Exports-other than POL and Gems & Jewellery had an even more impressive performance in March 2021 attaining a value of USD 27.42 Billion, as against USD 16.95 Billion in March 2020, an increase of 61.75%.

The cumulative value of merchandise exports during April-March 2020-2021 has been estimated at USD 290.63 Billion compared to USD 313.36 Billion during April-March 2019-2020, which is a negative growth of (-) 7.26 percent, which is fairly moderate given the prevailing global situation. If Gems & Jewelry and PoL exports, both involving very moderate value addition, are excluded, the growth in merchandise exports in 2020-2021 was actually (+) 1% i.e. an increase over 2019-2020, notwithstanding the Covid disruption. This reflects immense adaptability in our exporters in capturing new opportunities in sectors like other cereals, oil meals, rice, cereal preparations & miscellaneous processed items, drugs & pharmaceuticals, spices, fruits & vegetables, carpets, jute manufactures, ceramic products & glassware and organic & inorganic chemicals, while containing the downturn in other sectors in the face of huge challenges. The decline in export values in petroleum products and G&J also, predominantly reflected decline in global prices rather than volumes.

Petroleum products exports declined by \$15.4 Billion y-o-y during FY 2020-2021. This is a significant fraction of the decline in India's total merchandise exports in FY 2020-2021 of 22.7 USD billion. Export of Petroleum Products showcased a decline of (-) 37.3% YoY (-\$15.4 Billion) during FY 2020-2021. Share of Petroleum Products in overall exports also declined to 8.9% during FY 2020-2021 as compared to 13.2% in FY 2019-2020. Petroleum demand had been badly hit due to Covid-19 related lockdowns across the globe. Hence, the drop in exports was unavoidable during this period. Additionally, there has been a major decline in oil prices in the past year which has subdued the value of exports during this period. In this context it is mentioned that in Apr-Feb 2020-2021, Pol export has recorded negative growth of (-) 42.8% and (-) 10.9% in value and quantity respectively over Apr-Feb 2019-2020.

Decrease in exports of diamond and other jewellery further dragged down overall exports and showed a decline of USD 9.9 Billion y-o-y during FY 2020-2021, again a significant component in the overall fall of USD 22.7 Billion. Diamond and other jewellery registered a drop of 27.5% YoY (-\$9.9bn) during FY 2020-2021. Share of Gems & Jewellery in overall exports also declined to 9.0% during FY 2020-21 as compared to 11.5% in FY 2019-2020. Further, Indian industry imports rough or unpolished diamonds from other countries for finishing/polishing/cutting etc. Therefore, the import content is very high in exports of Diamonds and other jewellery resulting in low value addition.

The commodities/commodity groups which have recorded positive growth during 2020-2021 as compared to 2019-2020 are Other cereals (219.13%), Oil Meals (87.91%), Iron Ore (86.78%), Rice (37.06%), Cereal preparations & miscellaneous processed items (21.16%), Drugs & Pharmaceuticals (18.07%), Spices (10.37%), Fruits & Vegetables (8.63%), Carpet (8.39%), Jute Mfg. including Floor Covering (8.29%), Ceramic products & glassware (6.02%) and Organic & Inorganic Chemicals (0.51%).

The overall trade deficit, taking merchandise and services together, for April-March 2020-2021 is estimated at 12.74 USD billion as compared to the deficit of 77.76 US Billion in April-March 2019-2020. The merchandise trade deficit between 2019-2020 and 2020-2021 declined from USD 161.35 Billion to 98.56 Billion.

Prospects

Dr. Wadhawan said that prospects for a quick recovery in world trade have improved as merchandise trade expanded more rapidly than expected in the second half of last year. World merchandise trade volume is expected to increase by 8.0% in 2021 (Jan-Dec) after falling 5.3% in 2020 (Jan-Dec), as per the WTO. World

Trade continues its rebound from the pandemic-induced collapse that bottomed out in the second quarter of last year.

The Covid period has revealed new opportunities for Indian food sector. There is a rise in demand in US, Europe, Australia, New Zealand, Israel, Palestine and Egypt. Enquires for fresh/ dehydrated garlic, spices (chilli, turmeric, ginger), seed spices (cumin, fennel), sesame seeds/oil, sugar (new demand from Sri Lanka) and groundnut have been received by the exporters. The demand for non-basmati rice from new buyers such as Malaysia and the Philippines is likely to boost exports in the coming months.

India's dominance in the pharma sector has been reinforced with supply of critical covid related supplies to over 150 countries and rapid growth in exports during the Covid period.

Impact of Covid-19

India's economy, which was hit by the coronavirus pandemic and the nationwide lockdown imposed to curb the spread of infections last year, contracted during the first half of FY21.

The Indian economy rose by 1.6% in the January to March quarter (Q4 FY21) from the previous year but contracted by 7.3 per cent for the entire fiscal year, which was the worst in more than 40 years, data released by the government showed on Monday. The Indian economy continued its expansion in Q4 of FY21 in line with the forecasts by experts and is the second consecutive quarter when it has grown after being in the negative territory in the two previous ones.

The Indian economy contracted by 7.3 per cent in 2020-2021 against 4 per cent expansion in 2019-2020, showing the impact of the raging coronavirus pandemic. The National Statistical Office (NSO) projected a GDP contraction of 7.7 per cent in 2020-2021 in its first advance estimates of national accounts released in January this year. In its second revised estimates, it projected a contraction of 8 per cent for 2020-2021.

A Reuters survey of 29 economists showed gross domestic product in Asia's third-largest economy grew 1.0% in the March quarter from a year earlier, up from 0.4% in the previous quarter when India began pulling out of a steep pandemic-induced recession in earlier six months. But the second wave of infections and deaths across the world's second-hardest hit country has caused forecasters to trim their projections for the coming months.

Future Outlook Road Ahead

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behavior and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by 2040 as per a report by Price water house Coopers.

India is presently known as one of the most important players in the global economic landscape. Its trade policies, government reforms and inherent economic strengths have attributed to its standing as one of the most sought after destinations for foreign investments in the world. Also, technological and infrastructural developments being carried out throughout the country augur well for the trade and economic sector in the years to come.

Some of the important recent step taken by the Indian Government for developments in Indian economy are as follows

- The Government of India is going to increase public health spending to 2.5 per cent of the GDP by 2025.
- For implementation of Agriculture Export Policy, Government approved an outlay Rs 206.8 crore (US\$ 29.59 million) for 2019, aimed at doubling farmers income by 2022.

- Under the Pradhan Mantri Awas Yojana (Urban), Government has sanctioned more than 96.50 lakh houses under PMAY(U) and approved 606 proposals for the construction of 3,31,075 houses with an overall investment of Rs 15,125 crore (US\$ 2.16 billion).
- The Cabinet Committee on Economic Affairs has approved to increase the authorized capital of Food Corporation of India (FCI) from the existing Rs 3,500 crore (US\$ 500.79 million) to Rs 10,000 crore (US\$ 1.43 billion).

Economic Outlook Survey has projected the country's annual median GDP growth for 2020-2021 at (-) 4.5 per cent. With the rapid spread of COVID-19 pandemic manifesting into an economic and healthcare crisis globally, the latest forecast marks a sharp downward revision from the growth estimate of 5.5 per cent reported in the January 2020 survey, it said.

Future of Global Trade

Global trade has witnessed a slowdown in recent years owing to many reasons, including the US triggered trade war with China. However, it would not be wrong to say that the world economy has also shown a loss of impetus.

Although trade is supposed to be mutually beneficial, it may not be “equally” beneficial to all countries. The global trade scenario currently is against the export-led growth strategy, where a country seeks economic development by opening itself up to international.

The global trade imbalance reflects a structural break in the international economic relationships which started at the beginning of the new millennium and has a direct link with increasing trade deficits in the US current account balance and surpluses in current account balance of China, South Asia and oil-exporting countries. Further, excessive accumulation of reserves in surplus countries and massive capital inflows in the US economy also has a direct impact. This has also led to US and China .

With the world economy still struggling with the pandemic crisis, the external outlook is extremely vague. There might be a slight narrowing of global imbalances in 2020 as per various reports; however, the situation would vary across the globe. Economies dependent on severely affected sectors, such as oil and tourism, or reliant on remittances, could see a fall in their current account balances exceeding 2% percent of GDP.

Although the COVID-19 induced trade slowdown has spared no one, forecasts show a particularly rapid deterioration for developing countries which have seen decline in exports driven by reduced demand in destination markets combined with decline in imports indicating not only reduced demand but also exchange rate movements, concerns regarding debt, shortage of foreign currency.

International trade is likely to remain below the levels observed in 2019 and its recovery would depend upon the pandemic's evolution and extent of policies adopted by the governments in order to the type and extent restart their economies. However, a worsening of the COVID-19 pandemic could also dislocate global trade and supply chains, reduce investment, and hinder the global economic recovery. Already there is a tremendous shift in the supply chain, a change in production facility from China.

INDEPENDENT AUDITORS' REPORT

**TO,
THE MEMBERS OF,
T. SPIRITUAL WORLD LIMITED**

**Opinion: -
Report on the Financial Statements: -**

We have audited the accompanying financial statements of T. Spiritual World Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31st March 2021, and its losses (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion:-

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters:-

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements: -

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("IND AS") specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Ind AS financial statements:-

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the

date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements: -

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.

“ANNEXURE B” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 2(f) under the heading ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date)

Independent Auditors’ Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of T. Spiritual World Limited (“the Company”), as of 31st March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls: -

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility: -

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting: -

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting: -

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion: -

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements as at and for the year ended 31st March, 2021

1. Significant Accounting Policies and Key Estimates and Judgements

1.1 Basis of Preparation of financial statements

These financial statements for the year ended 31st March, 2021 are the financial statements, the Company has prepared in accordance with Indian Accounting Standards ("Ind AS") consequent to the notification of The Companies (Indian Accounting Standards) Rules, 2015 (the Rules) issued by the MCA.

As per the requirements of IND AS, fair valuation adjustments pertaining to financial assets, the Company has incurred losses in the past and in reporting year which had resulted in erosion of net worth of the Company. The company expects growth in its operations in coming years with continuous improvement in operational efficiency. Accordingly, the financial statements have been prepared on accrual basis under the historical cost convention and on-going concern concept, unless otherwise stated.

The financial statements have been prepared on a historical cost basis, except for certain financial assets measured at fair value as described in accounting policies regarding financial instruments.

Estimates

The preparation of the financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made which affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognized in the period in which the results are known/ materialized.

Estimation of uncertainties relating to the global health pandemic from COVID-19

The management has considered the possible effects that may result from the Covid-19 pandemic on the carrying value of assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the company, as at the date of approval of these financial results has used internal and external sources of information to access the expected future performance of the Company. The Company has internally performed sensitivity analysis on the assumptions used and based on current estimates, the Company expects that the carrying amount of these assets, as reflected in the balance sheet as at 31st March 2021, are fully recoverable as on reporting date. The management has also estimated the future cash flows for the Company with the possible effect that may result from the Covid-19 pandemic and does not foresee any adverse impact on its ability to continue as going concern and in meeting its liabilities as and when they fall due. The actual impact of Covid-19 pandemic may differ from the estimated as at the date of approval of these financial statements.

1.2 Summary of Significant Accounting Policies

a. Current versus Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in Company's normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

- expected to be settled in Company's normal operating cycle
- held primarily for the purpose of trading
- due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from the sale of goods is recognised on transfer of significant risks and rewards of ownership to customers based on the contract with the customers for delivery. Revenue from the sale of goods is net of returns and allowances, trade discounts and volume rebates. The Company collects Goods & Service Tax on behalf of the government and therefore, it is not an economic benefit flowing to the Company and hence excluded from revenue (if any).

Interest Income

For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. Interest income is included in other income in the statement of profit and loss.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

c. Taxes

Tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current tax & deferred tax.

Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits (MAT Credit Entitlement) and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

d. Property, Plant and Equipment

Property, Plant and Equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Expenditure directly attributable to expansion projects are capitalised. Administrative, general overheads and other indirect expenditure (including borrowing costs) incurred during the project period which are not related to the project nor are incidental thereto, are charged to Statement of Profit and Loss.

Depreciation on property, plant and equipment is provided under Written Down Value method at the rates determined based on useful lives of the respective assets and residual values which is in line with those indicated in Schedule II of The Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

e. Investment Property

Property that is held for Long Term rental yields or for capital appreciation or both and is not occupied by Company is classified as Investment Property. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the statement of profit or loss in the period of de-recognition.

Estimated useful life of Investment Property for calculation of Depreciation is taken as stated in para (d) above.

f. Intangible Assets

Intangible assets comprise of implementation cost for software and other application software acquired / developed for in-house use. These assets are stated at cost, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably, less accumulated amortisation and accumulated impairment losses, if any.

g. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

h. Inventories

Inventories are valued at the lower of cost and net realisable value. Finished Goods/ Stock-In Trade are valued at lower of cost or net realizable value. Cost comprises all costs of purchases and other cost incurred in bringing the inventory to its present location and condition. Cost is determined on First in First Out (FIFO) basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

i. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets**(i) Initial Recognition and Measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the settlement date, i.e., the date that the asset is delivered to or by the Company which generally coincides with the trade date.

(ii) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a. Equity instruments at fair value through profit or loss (FVTPL)
- b. Debt instruments, if any, at amortised cost
- c. Equity Instruments in subsidiaries

a. Equity Instruments at Fair Value through Profit or Loss (FVTPL)

All equity investments in scope of Ind AS 109 are measured at fair value except equity investments in subsidiaries which are measured at cost as per Ind AS 27. For equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

b. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company

c. Equity Instruments in subsidiaries

Equity investments in Subsidiaries are carried at Cost, in accordance with option available in Ind AS 27 "Separate Financial Statements".

(iii) De-Recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the Company's balance sheet) when the rights to receive cash flows from the asset have expired.

(iv) Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss and credit risk exposure.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

As a practical expedient, the Company uses historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates to determine impairment loss allowance on portfolio of its trade receivables.

Financial Liabilities

(i) Initial Recognition and Measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or payables.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

(ii) Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

(iii) De-Recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

(iv) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j. Fair Value Measurement

The Company measures financial instruments, such as, quoted investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- (iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on recurring basis the Company determines whenever transfers have occurred between levels in the hierarchy by reassessing categorisation at the end of each reporting period and discloses the same.

k. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or class of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

l. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. Cash Dividend to Equity Holders

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

n. Earning Per Share

Earning per share is calculated by dividing the net profit or loss before OCI for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o. Retirement and other Employee Benefits

All employee benefits falling due wholly within twelve months of rendering the service are recognized in the period in which employee renders the related service and charged to the Statement of Profit & Loss.

Since numbers of employee employed by the Company for any part of the year or throughout the year were within the prescribed threshold limit of the relevant statute relating to Employees, hence, the provisions of Employees' Provident Funds and Miscellaneous Provisions Act, 1952, Payment of Bonus Act, 1965, Employees' State Insurance Act, 1948, Payment of Gratuity Act, 1972 and all other allied Labour Acts or laws or any other rules and regulations relating to Employees are not applicable to the Company.

The employees employed by the Company during the year under review or part of the year have not completed continuous service period of 5 years and there is not any un-availed/unutilized leave of any employees working with the Company at the year end. As such, they are not entitled for Gratuity, Leave encashment and Other Retirement benefits. Accordingly, no provision is required to be made in respect of the retirement benefits. Also, no such payment of any retirement benefits have been made during the year.

p. Segment Reporting

The Company's operating business segments are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

q. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

r. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

s. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these

assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(i) Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Taxes

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the losses and tax credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

b. Expected Credit Loss Model

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the Financial Assets. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. As a practical expedient, the Company uses historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates to determine impairment loss allowance on portfolio of its trade receivables.

t. Exceptional Items

When items of income and expense from ordinary business activities or due to transactions that are distinct from the ordinary activities and are not expected to recur frequently or regularly and are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items. In nearly all cases, an event or transaction was considered to be part of the normal operating activities of a business, and so was reported as such. An exceptional item used to be separately stated in the statement of profit & loss.
