Press Release

Battrix to supply advanced lithium-ion battery packs designed by BGauss for its high-speed electric scooters

~ The company will be powering a total of 50,000 high-speed E-Scooters for BGauss with the advanced range of lithium-ion battery packs ~

Mumbai, 17th February 2022: Battrix, the battery division of Kabra Extrusiontechnik Limited (KET), will be supplying the advanced range of lithium-ion battery packs with smart batteries designed by BGauss for its range of high-speed e-two-wheelers. With this deal, Battrix will be equipping 50,000 BGauss e-two-wheelers with its cutting-edge battery packs, thereby strengthening the company's resolve to power the growth of India's transition to green energy storage and electric transportation.

Talking about the deal, Mr Anand Kabra, Vice Chairman & Managing Director, Kabra Extrusiontechnik Limited said: "Electric mobility in India continues to gain momentum with the EV two-wheeler industry seeing a 132% growth in sales last year. We are onboarding new customers each month and we are glad to associate with BGauss to power their high-speed e-two-wheelers which will enable a revolution in the high-speed two-wheeler space."

Adding to it, Anand shared, "This is world-class technology that we are bringing to the Indian electric vehicle consumers and we are glad that BGauss is associating with us at this juncture. We look forward to serving the Indian consumers and offering them with more such innovative solutions."

Sharing his thoughts on the association, Mr Hemant Kabra, Director RR Global & Founder and Managing Director, BGauss, said: "Our range of high-speed electric mobility vehicles will be powered by Battrix's Advanced Lithium-Ion battery packs designed by BGauss engineers, and we are glad that the synergies between our companies are working perfectly. We are excited to have Battrix on board with us and we are pleased that an Indian company is building it with a cutting-edge, innovative solutions. We look forward to a rewarding association with Kabra Extrusiontechnik Limited and will continue to work towards solutions that are sustainable and can support the push towards sustainable solutions in the mobility and transportation sector."

About Battrix:

Battrix is positioned to provide wide range of advanced lithium-ion battery packs with smart Battery Management System (BMS) to power the growth of India's transition to green energy storage and electric transportation. Battrix offers safe, light weight batteries that are highly efficient with regards to maintenance, fast charging as well as energy efficiency. Battrix is a wholly owned subsidiary of Kabra Extrusiontechnik Ltd (KET) which itself belongs to the Rs. 1,000 crore Kolsite Group.

About Kabra Extrusiontechnik Limited (KET)

It is India's largest manufacturer of plastic extrusion machinery for last more than 4 decades and recently ventured into manufacturing of Lithium-ion Battery Packs. The company is a part of the well-known Kolsite Group

RR GLOBAL

RR Global is one of India's largest and most prominent conglomerates in the electrical industry. An 800 million USD corporation, RR Global embarked its presence in 1986, with its first winding wires manufacturing unit at Vadodara, Gujarat. Head Quartered in Mumbai, RR Global has 10 successful

operating companies & 28 marketing offices in India; manufacturing products ranging from Cables & Wires to Magnet Wires, Copper Tubes, Electromechanical Parking Solutions, Electrical Accessories, Busbars & Tapes, Consumer Electricals, Busduct Systems & more. The company is focused on creating cutting edge technology and research to enhance efficiency, reliability, and safe conduction of electricity.

BGAUSS

BGAUSS, a lifestyle enhancing solution comes from one of the veterans in Electrical Solutions - RR Kabel, and the house of RR Global. BGAUSS is a dynamic, stylish, premium-yet-affordable automobile brand.
