Encl. as above

An  Company

**Zensar Opens its Global Delivery Centre in Kolkata**  
***The centre will support global clients and leverage local talent***

**Kolkata, India, March 28, 2022:** [Zensar](#), a leading experience engineering and technology solutions company, announced the opening of its global delivery centre in Kolkata, India. The centre is strategically located to attract skilled individuals in the company's service lines of Application Services, Engineering Services, and Data Engineering and Analytics. The centre will hire a mix of fresher and lateral talent to support client projects worldwide.

**Ajay S. Bhutoria, CEO and Managing Director, Zensar, expressed,** "We are excited to open our next IT hub in Kolkata, a city with strong talent pool and infrastructure. The location of our newest facility will play an important role as we continue to build diverse teams of experienced professionals and motivated freshers. Zensar's "Enliven" initiative to reintegrate women into the workplace will benefit from a candidate pool with varied technical skills. Our Kolkata delivery centre, with its range of capabilities and benefits, will help us bring value to our clients and achieve our growth goals."

"Kolkata has been traditionally known for its intellectual resources. It is emerging as a critical tech talent hub, and companies like Zensar investing in the city add to the potential and growth of the sector here. The Bengal Chamber is pleased to have partnered with Zensar in this endeavour and looks forward to collaboratively building future tech talent from India out of Kolkata," said **Angana Guha Roy Chowdhury, Director, and Head-Operations, The Bengal Chamber of Commerce and Industry.**

**Vivek Ranjan, CHRO, Zensar, stated,** "Our focus in Kolkata will be developing next-generation skillsets to build future talent. This location will offer us access to potential recruits across the eastern region of India, adding to our candidate pool. We will invest in training and developing our Kolkata-based associates to enable them to create positive business outcomes for our clients. Growing our network in India with our people-centric strategy will build a strong pipeline of tech capabilities, adding to our overall growth agenda."

Zensar's Kolkata location will include a full-service development centre with an initial capacity of 100 seats, that will cater to all industry verticals across different technology competencies. The site is one of the most prominent IT hubs across eastern India, with access to critical talent essential for global client projects.

Certain statements in this release concerning our future prospects are forward-looking statements that involve a number of underlying identified / non-identified risks and uncertainties that could cause actual results to differ materially. This release and other statements – written and oral –that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. However the same are subject to risks and uncertainties, including but not limited to, our ability to manage growth; fluctuations in earnings /exchange rates; intense competition in IT services including factors affecting cost advantage; wage increases; ability to attract and retain highly skilled professionals; time and cost overruns on fixed-price, fixed-time frame or other contracts; client concentration; restrictions on immigration; our ability to manage international operations; reduced demand for technology in our service offerings; disruptions in telecommunication networks; our ability to successfully complete and integrate acquisitions; liability for damages on our service contracts; government measures in India and countries where our customer operate, withdrawal of governmental fiscal incentives; economic downturn in India, and/or around the world, political instability, legal restrictions on raising capital or acquiring companies; and unauthorized use of intellectual property and general economic conditions affecting the industry.

In addition to the foregoing, global pandemic like COVID-19 may pose an unforeseen, unprecedented, unascertainable and constantly evolving risk(s), inter-alia, to us, our customers, delivery models, vendors, partners, employees, general global operations and may also impact the success of companies in which we have made strategic investments, demand for Company's offerings and the onshore-offshore-nearshore delivery model. The results of these assumptions made relying on available internal and external information are the basis for determining the carrying values of certain assets and liabilities. Since the factors underlying these assumptions are subject to change over time, the estimates on which they are based, are also subject to change accordingly. These forward-looking
