Dear Sir/Madam,

Subject : Corrigendum

Reference: Annual Report for FY 2022-23.

With reference to the captioned subject, we have noticed inadvertent **typographical error** in the Consolidated Profit & Loss Account (on page number 135 of the Annual Report)-

The comparative figure for March 31, 2022 of “Profit/ (loss) before exceptional items and share of Profit from Associates” was wrongly typed as 2,308.68 instead of (322.18).

We wish to emphasize that the values below the said error i.e Share of Profit/(Loss) from Associates, **Profit/ (loss) before exceptional items and tax were correctly stated.** It was an **isolated typographical error**, and the corrected figures now accurately represent our financial results for the fiscal year. As soon as the typographical errors were noticed, necessary rectifications have been promptly executed.

We take our commitment to transparency and accurate financial reporting very seriously, and we wish to ensure that all stakeholders have the correct information regarding our financial performance.

The updated Annual Report shall also be available on the website of the Company at www.sejalglass.co.in.

We want to reassure all stakeholders, including our valued shareholders, that this rectification does not impact our financial health or the overall performance of our company. We understand the importance of transparent and accurate financial reporting in maintaining trust and confidence in our company's management, and we apologize for any inconvenience or confusion this error may have caused. We remain committed to upholding the highest standards of corporate governance and financial transparency.

Should you or any regulatory authority require further information or clarification regarding this rectification, please do not hesitate to contact us at compliance@sejalglass.co.in.

Thank you for your understanding and cooperation in this matter. We appreciate your continued support in maintaining the integrity of the financial markets.

Thanking you,

Yours faithfully,
For **Sejal Glass Limited**

5. Password details for shareholders other than Individual shareholders are given below:
 - a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
 - b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the ‘initial password’ which was communicated to you. Once you retrieve your ‘initial password’, you need to enter the ‘initial password’ and the system will force you to change your password.
 - c) How to retrieve your ‘initial password’?
 - (i) If your email ID is registered in your demat account or with the company, your ‘initial password’ is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your ‘User ID’ and your ‘initial password’.

- (ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered.**
6. If you are unable to retrieve or have not received the “Initial password” or have forgotten your password:
 - a) Click on “**Forgot User Details/ Password?**”(If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - b) **Physical User Reset Password?**” (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
 7. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
 8. Now, you will have to click on “Login” button.
 9. After you click on the “Login” button, Home page of e-Voting will open.

Step 2: Cast your vote electronically on NSDL e-Voting system.

1. After successful login at Step 1, you will be able to see all the companies “EVEN” in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select “EVEN” of company for which you wish to cast your vote during the remote e-Voting period and casting your vote during the General Meeting.
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on “Submit” and also “Confirm” when prompted.
5. Upon confirmation, the message “Vote cast successfully” will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

EXPLANATORY STATEMENT (pursuant to the Section 102 of the Companies Act, 2013)

Item No 4

Shri. Jiggar Savla (DIN: 09055150) was appointed as Executive Director of the Company in 23rd Annual General Meeting held on 30 September, 2021, liable to retire by rotation with a remuneration of Re. 1/- upto the financial year 2021-22 . During year 2022-23, the Company has only been able to generate marginal revenue from its business operations.

Hence considering the situation of the Company and after having discussed the position with Shri. Jiggar Savla, the Nomination and Remuneration Committee of the Company has recommended and subsequently the Board of Directors has proposed that a token remuneration of Re. 1/- shall be paid to Shri. Jiggar Savla, Executive Director of the Company for the financial year 2023-24 and 2024-2025.

In terms of provisions of Section 196, 197, 198 and other applicable provisions along with rules made there under, if any, of the Companies Act, 2013 (including any statutory modification or reenactment thereof for the time being in force), the proposed modification in remuneration requires approval of members of the Company in form of a Special Resolution.

Hence, the members are requested to pass the Special Resolution accordingly.

Except Mr. Jiggar Savla, none of the Directors and/or Key Managerial Personnel or their relatives, are interested or concerned in the resolution.

The Board recommends the Special Resolution set out at Item No. 4 of the accompanying Notice in the interests of the Company.

Item No. 5

The Companies Act, 2013, has prescribed a new format of Memorandum of Association (“MOA”) for public companies limited by shares. Accordingly, with a view to align the existing MOA of the Company with Table A of the Schedule I of the Act and in accordance with Section 4 and 13 of the Act, it is proposed to alter the MOA of the Company by merging appropriate and relevant Objects under Clause III (C) – ‘Other Objects’ with Clause III (B) – ‘Objects Incidental or Ancillary to the attainment of the Main Objects’ and also to rename the Clause III (A) and III (B) of the Object Cause.

The Board at its meeting held on August 12, 2023 has approved alteration of the MOA of the Company and the Board now seek members’ approval for the same.

A copy of the proposed MOA of the Company would be available for inspection for the Members at the Registered Office/Corporate Office of the Company during the office hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 a.m. to 5.00 p.m. till the date of AGM. The aforesaid documents are also available for inspection at the AGM.

None of the Directors, Key Managerial Person(s) of the Company including their relatives are, in any way, concerned or deemed to be interested in the proposed resolution.

The Board recommends the Special Resolution set forth in Item No. 5 of the Notice for approval of the Members.

Item No. 6

The existing Articles of Association are based on the Companies Act 1956 (the erstwhile Act) and several regulations in the existing Articles of Association contained reference to specific Sections of the erstwhile Act and some regulations in the existing Articles of Association are no longer in conformity with the

Companies Act, 2013. Accordingly, it is proposed to replace the entire existing Articles of Association of the Company by the new set of Articles of Association.

The new set of Articles of Association to be substituted in place of existing Articles of Association are based on Table F of the Companies Act, 2013 which sets out the model Articles of Association for a Company Limited by Shares.

A copy of proposed set of new Articles of Association of the Company would be available for inspection for the Members at the registered office of the Company during the business hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 am to 5.00 pm upto to the date of the Annual General Meeting.

None of the Directors and Key Managerial Personnel of the Company, including their respective relative is concerned or interested, financially or otherwise, in the foregoing Resolution.

The Board recommends the resolution at Item no. 6 to be passed as Special Resolution.

Item No. 7 & 8

As per the provisions of Section 180 of the Companies Act, 2013 read with the other applicable provisions, consent of the members in the General Meeting is required way of Special Resolution to borrow monies apart from temporary loans (loans viz., means loans repayable on demand or within six months from the date of the loan such as short term, Cash credit arrangements, the discounting of bills and the issue of other short term loans of a seasonal character, but does not include loans raised for the purpose of financial expenditure of a capital nature) obtained from the Company’s bankers in the Ordinary course of business, in excess of the aggregate of the Paid Up Share Capital, Free Reserves and Securities Premium of the Company, that is to say, reserves set apart for any specific purposes.

Further, the Board of Directors shall not dispose i.e. create charges, hypothecations, mortgages/equitable mortgages of the whole or substantially the whole of the undertaking of the Company or where the Company

owns more than one undertaking, of the whole or substantially the whole of any of such undertakings except with the consent of the Members in the General Meeting by a Special Resolution under the provisions of Section 180 (1) (a) and Section 180 (1) (c) of the Companies Act, 2013, which were made effective from September 12, 2013.

The above powers can be exercised by the Board only with the consent of the members obtained by a Special Resolutions. Keeping in view of the Company's business expansion and need for fulfillment of working capital requirements, purchase of assets, machineries or cash credit facilities, letter of Credit, Bank Guarantees etc., in future, it is proposed to increase the limit of borrowings.

Your consent is therefore sought, to authorize the Board to borrow up to Rs. 100,00,00,000/- (Rupees One Hundred Crores Only), (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) as outstanding, at any time as set out in the resolution. The aforesaid borrowing limit and to create charges, hypothecations, mortgages/ equitable mortgages, on movable and/or immovable properties under section 180 (1) (a) it is proposed to be enhanced to such an extent that the sum(s) so borrowed under this resolution and remaining outstanding at any time shall not exceed in the aggregate of Rs. 100,00,00,000/- (Rupees One

Hundred Crores Only) in excess of and in addition to the Paid up Share Capital and Free Reserves and Securities Premium of the Company for the time being. Therefore members are requested to pass the necessary Special Resolutions as mentioned in the notice.

None of the Directors and Key Managerial Personnel or their relatives, are interested or concerned in the foregoing resolutions.

The Board recommends the Special Resolutions set out at Item No. 7 and 8 of the accompanying notice in the interest of the Company.

Macroeconomic Conditions:

Global growth is projected to fall from an estimated 3.4 percent in 2022 to 2.9 percent in 2023, then rise to 3.1 percent in 2024. The forecast for 2023 is 0.2 percentage point higher than predicted in the October 2022 World Economic Outlook (WEO) but below the historical (2000–19) average of 3.8 percent. The rise in central bank rates to fight inflation and Russia's war in Ukraine continue to weigh on economic activity. The rapid spread of COVID-19 in China dampened growth in 2022, but the recent reopening has paved the way for a faster-than-expected recovery. Global inflation is expected to fall from 8.8 percent in 2022 to 6.6 percent in 2023 and 4.3 percent in 2024, still above pre-pandemic (2017–19) levels of about 3.5 percent.

The balance of risks remains tilted to the downside, but adverse risks have moderated since the October 2022 WEO. On the upside, a stronger boost from pent-up demand in numerous economies or a faster fall in inflation are plausible. On the downside, severe health outcomes in China could hold back the recovery, Russia's war in Ukraine could escalate, and tighter global financing costs could worsen debt distress. Financial markets could also suddenly reprice in response to adverse inflation news, while further geopolitical fragmentation could hamper economic progress.

In most economies, amid the cost-of-living crisis, the priority remains achieving sustained disinflation. With tighter monetary conditions and lower growth potentially affecting financial and debt stability, it is necessary to deploy macroprudential tools and strengthen debt restructuring frameworks. Accelerating COVID-19 vaccinations in China would safeguard the recovery, with positive cross-border spillovers. Fiscal support should be better targeted at those most affected by elevated food and energy prices, and broad-based fiscal relief measures should be withdrawn. Stronger multilateral cooperation is essential to preserve the gains from the rules-based multilateral system and to mitigate climate change by limiting emissions and raising green investment. **(Sources: international monetary fund. imf.org)**

Domestic Economic Scenario:

The IMF in its recent report of July 2023 projected a growth rate of 6.1% for India in 2023, which is a 0.2 percentage point upward revision compared with the April projection. This is reflective of the "momentum" from stronger-than-expected growth in the fourth quarter of 2022 as a result of stronger domestic investment. According to the report, global growth is projected to fall from an estimated

3.5% in 2022 to 3% in both 2023 and 2024. While the forecast for 2023 is modestly higher than predicted in the April 2023 World Economic Outlook (WEO), it remains weak by historical standards. *(Sources: : international monetary fund. imf.org)*

Global Flat Glass Industry Trends And Drivers:

The global flat glass market reached a value of almost USD 126.24 billion in 2022. The industry is further expected to grow at a CAGR of 6.5% between 2023 and 2028 to attain a value of almost USD 184.2 billion by 2028.

The Asia Pacific is one of the most significant markets for flat glass globally and is also the largest producer of the product. The industry in the Asia Pacific region is projected to witness a healthy growth in the forecast period of 2023-2028, recording a CAGR of over 9%, which in turn, is expected to aid the growth of the global flat glass market.

The global flat glass market is driven by its rising demand from key application areas, especially the automotive and construction sectors. Within the Asia Pacific, China is expected to dominate the market and is further expected to witness the fastest growth rate over the forecast period. As of 2020, China's flat glass production was around 80.15 million weight cases, also recording an increase of 10.29% year-on-year growth. Currently, the country is one of the largest producers of glass and related products with the highest number of glass-producing enterprises and flat glass production lines in the world. Further, India, another significant market for flat glass, is growing at a rate of 8% per year. In the Asia Pacific region, the increased demand for the construction of new houses, offices, buildings, and other infrastructure, is providing various opportunities to the industry for its growth, further leading to an increased penetration of key players in the region, which in turn, is aiding the overall growth of the industry.

The construction sector, among other end-use segments, is anticipated to account for the largest share in the global flat glass market over the forecast period. The increased infrastructure activities owing to rapid urbanisation and development of smart city projects is driving the growth of this segment, and in turn, is aiding the growth of the overall market.

The global flat glass market is being driven by the rising product demand in automotive and construction industries. The flat glass market is experiencing increased demand with the growing urbanisation, rising infrastructure spending, and rapid development in the emerging economies across the globe. In the construction industry, glasses are being extensively used in windows, facades, doors, interior partitions, and railings, among other building parts, while in the automotive industry, it is used in windscreens, side and rear-side glazing, backlights, and sunroofs, among other parts. With the thriving construction sector, the industry is expected to witness a healthy growth in the forecast period.

With the rising focus on the aesthetic features of a house or office, the demand for decorative glasses with digital print technology is growing. The consumers are ready to spend more on products that provide excellent quality as well as are appealing to the eyes. Flat glass, owing to its flexible nature and other characteristics are preferred to make such decorative glasses, which is adding to the industry growth. Further, the growing demand for value-added products, for example, vehicle glazing in automotive sector, is expected to provide enhanced growth opportunities to the industry.

Rising environmental concerns among consumers and the growing demand for energy is leading to a shift towards renewable energy sources, resulting in the increased adoption of solar panels. The growing adoption of flat glass for solar-energy applications, such as photovoltaic

and solar thermal panels, is providing a boost to the industry. Further, the governments across the nations are encouraging the use of renewable resources by providing subsidies for its installation. Thus, the growing solar energy market, along with the subsidies provided by the government for deploying renewable energy source, is further propelling the flat glass market globally.

Moreover, in the emerging economies like India and China, the industry is finding various opportunities for its expansion. The rising disposable incomes, increased consumer awareness, and rapid industrialisation is supporting the market growth in the region. The increased penetration of smartphones, supported by the thriving electronic sector in the region, is aiding the industry further owing to the use of flat glass as screen displays in smartphones and other electronic devices. It is anticipated that rise in the consumption of glass in the construction and automotive industries and for solar applications during the forecast period will drive the industry growth. **(Sources: expertmarketresearch.com)**

Indian Flat Glass Industry Trends and Drivers:

The India flat glass market is projected to register a CAGR of over 7.5% during the period 2023-2028. Flat glass, often referred to as sheet or plate glass, is frequently used to create solar panels, windows, mirrors, and doors. Sand, silica, limestone, and soda ash are melted to create the liquid, which is then cooled to create the product of the required thickness. The India flat glass market is segmented by product type and end-user industry. By product type, the market is segmented into annealed glass (including tinted glass), coater glass, reflective glass, processed glass, and mirrors. By end-user industries, the market is segmented into building and construction, automotive, solar glass, and other end-user industries. **(Sources: Mordor**

Intelligence)

India's flat glass industry, comprising float and solar glass, has lined up a significant 65% increase in capacity over the current and next fiscal by spending Rs 7,200-7,500 crore, following a troika of factors - import substitution driven by favourable government policies, continued healthy growth in end-user industry demand, and high-capacity utilisation. This will mark the first capacity addition after five fiscals.

While total installed capacity of the industry will rise from 8,700 to 13,600 tonne per day (TPD), the capital structure of flat glass makers is seen comfortable because of funding of capital expenditure (capex) through a healthy mix of internal accrual, debt and equity, and strong operating performance and balance sheets.

A CRISIL Ratings study of seven flat glass makers, accounting for 90% of the industry's revenue, shows as much.

The capacity expansion is a result of supportive government policies such as imposition of duty on clear-glass products and solar panels, mandatory BIS certification for clear flat glass, Production Linked Incentive scheme for solar cells and modules, and an approved list of models and manufacturers of solar modules.

Reduced imports from China due to closure of 25-30% of its float glass capacity over past few fiscals because of environmental concerns is also spurring capacity expansion in India. That, along with higher domestic demand, has meant capacity utilisation of Indian float glass manufacturers is now 90% compared with 75-80% two years ago, providing another trigger for expansion.

While float glass (89% of total flat glass capacity; used in automobiles, building and industrial construction) will see capacity rising 38%, solar glass (11%; used to make solar panels) capacity will soar 3 times on a small base.

With capacities going onstream from January 2024, the kicker to revenue growth will come next fiscal onwards. Operating profitability will sustain at 20-22% this fiscal, supported by favourable demand-supply situation, timely pass through of higher input cost to end-users, and high entry barriers (because of long gestation period; capital-intensive operations, and necessity of a wide distribution network). **(Sources: Crisilratings.com- July 2023 report)**

Construction Industry to Hold the Highest Market Share

- The Indian glass industry's growth has been driven primarily by the construction sector. The construction and infrastructure industry holds the highest market share in the Indian flat glass market due to the growing demand for flat glass in residential building projects.
- 100% foreign direct investment in the construction industry in India under automatic route is permitted in completed projects for operations and management of townships, malls/shopping complexes, and business constructions.
- By 2025, the Indian construction market output is expected to grow, on average, by 7.1% each year. The real estate industry in India is expected to reach USD 1 trillion by 2030.
- ICRA estimates that Indian firms are expected to raise INR 3.5 trillion (USD 48 billion) through infrastructure and real estate investment trusts in 2022, compared with raised funds worth USD 29 billion.
- According to the IBEF, in the first half of 2022, office absorption in the top seven cities stood at 27.20 million sq. ft. between July 2021- September 2021, a total of 55,907 new housing units were sold in the

eight micro markets in India (59% YoY growth).

- As per the IBEF, the market size of Indian real estate for forecast year 2030 (F) is valued at USD 1,000 billion.
- In 2021-22, the commercial space was expected to record increasing investments. **(Sources: Mordor Intelligence)**

Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the

standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

- a) Refer note no 29.5 of the standalone financial statements, the Company has recognised deferred tax asset (net) of Rs 903 lakhs for the year ended 31st March 2023 mainly on account of carried forward unused tax losses based on management assessment of expected availability of future taxable benefits for utilisation of such deferred tax assets.
- b) Refer note no 16 of the standalone financial statements, the Company as on 31st March 2023, has adjusted balances available under securities premium of Rs. 14,066 lakhs and capital reserve of Rs. 3,345 lakhs arising on account of capital reduction pursuant to resolution plan approved by NCLT Mumbai, against debit balance of profit and loss account (past accumulated losses) of Rs. 27,321 lakhs based on opinion obtained by the Company. Further Board of Directors of the Company has considered the said opinion and accorded its approval for such adjustment in its meeting held on 13th May 2023.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
	<p>Recognition of Deferred Tax Asset (Ind AS 12 Income Taxes)</p> <p>The Company has recognised deferred tax of Rs 903 lakhs in FY 2022-23 mainly on account of carried forward unused tax losses. (Refer note no. 29.5 to the standalone financial statements).</p> <p>Deferred tax assets on unabsorbed depreciation or carry forward of losses are to be recognized only when there is a reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised.</p> <p>Determination of reasonable certainty is a matter of judgment based on convincing evidence. Considering the involvement of management's estimation and judgment in determining reasonable certainty of sufficient future taxable income being available this matter has been determined as a key audit matter.</p>	<p>Principal Audit Procedures Performed:-</p> <p>obtained details of carry forward losses under income tax and details of estimates of taxable incomes for future periods without considering further capital infusion/ expansion.</p> <ul style="list-style-type: none"> • Tested the management's under lying assumptions and judgments in estimating the future taxable incomes against which such unabsorbed losses would be recovered. The said financial projections along with underlying assumptions were also reviewed by the Board of Directors in its meeting held on 13th May 2023. • We have reviewed NCLT order approving resolution whereby tax demands prior to corporate insolvency resolution process stands extinguished. • We have relied upon tax opinion whereby earlier tax losses can be carried forward.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial

statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in

India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design

and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in

aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company has not paid any remuneration to its directors during the year.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies

(Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have pending litigations which would have impact on its financial position as at the year end. (Refer Note No. 29.1 to the standalone financial statements)
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. The Company has failed to transfer the amount of unpaid dividend of Rs. 0.97 lakhs pertaining to FY 2006-07 to the Investor Education and Protection Fund due to attachment of unpaid dividend bank account by sales tax authorities.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in note no. 29.13 (iii) to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in note no. 29.13 (iv) to the standalone financial statements, no funds (which are material either individually or in

the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. During the year, Company has neither paid nor proposed any interim dividend or final dividend in accordance with section 123 of Companies Act, 2013, and hence reporting on this matter is not applicable.
- vi. In respect of Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, since proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable for the company only w.e.f. 1st April 2023, reporting under this clause is not applicable.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S

REPORT (Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Sejal Glass Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:

a)

A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Capital Work-In-Progress.

B. The Company does not have any intangible assets as at the year end.

b) The Company has a program of verification of property, plant and equipment, capital work in progress, investment properties so to cover all the items once every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification which were not properly dealt with in the books of accounts in the current year.

c) Based on our examination of the copies of the Sale Deed / Conveyance Deed / Transfer Deed, land revenue records and communications with competent authorities provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment and Investment Property are held in the name of the

Company (including in the erstwhile name of the Company) as at the balance sheet date.

d) The Company has not revalued any of its Property, Plant and Equipment (including right of use assets) during the year.

e) On the basis of information provided by management, no proceedings have been initiated during the year or are pending against the Company as at 31 March 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii.

a) Physical verification of inventory has been conducted at reasonable intervals by the management and in our opinion, the coverage and procedure of such verification by the management is appropriate. No material discrepancies were noticed and discrepancies if any are properly dealt with by the Management of the Company.

b) The Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets; As mentioned in note no 18(4) to the standalone financial statements, the difference between quarterly returns filed by the Company with banks / financial institutions and books of accounts were on account of explainable items and not material in nature.

iii.

a) During the year, the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to subsidiaries, associates, joint ventures and any other entity. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.

The Company has made investments in associate concern, details are as under:

Particulars	Aggregate amount of investment during the year	As at the year end 31st March 2023
Investment in associate concern	Rs 411.78 lakhs	Rs 400.96 lakhs

- b) During the year, the Company has not provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, LLP or any other parties. The loans given to other parties prior to pre-corporate insolvency resolution process period have been fully provided for except for outstanding as at the year-end of Rs 111.30 lakhs for which we are unable to comment whether terms and conditions are prejudicial to the company's interest in absence of specific agreement. In our opinion, the investments made in associate concern during the year are prima facie not prejudicial to the Company's interest.
- c) The loans granted by the Company in earlier years (prior to corporate insolvency resolution process period) and outstanding as at the year-end of Rs 111.30 lakhs have been classified as loans repayable on demand, in absence of specific agreement. Hence, we are unable to comment about regularity of receipt of principal amounts and interest amounts.
- d) The Company has in earlier years granted loans to companies / LLP (prior to corporate insolvency resolution process period). In absence of specific agreement or schedule of repayment of principal and interest amounts, we are unable to comment whether reasonable steps have been taken for recovery of the principal and interest in respect of such loans.
- e) There is no loan given falling due during the year, which has been renewed or extended or fresh loans given to settle the overdue of existing loans given to the same party except loans granted (prior to corporate insolvency resolution process) in the earlier years which have been fully provided for and loans which have been classified as repayable on demand where we are unable to comment on the same, in absence of specific agreement.
- f) In our opinion and according to information and explanation given to us, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment to its related parties as defined under clause 76 of section 2 of the Companies Act
- iv. In our opinion and according to the information and explanation given to us, the Company has complied with provisions of Section 185 and 186 of the Act in respect of investment made in associate concern during the year. The Company has not provided loans, guarantees and securities during the year and hence compliance with provisions of section 185 and 186 of the Act is not applicable.
- v. The Company has not accepted deposits or amounts which are deemed to be deposits from the public during the year and hence the directives issued by the Reserve Bank of India and the provision of section 73 to 76, any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regards to the deposits accepted from the public are not applicable.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 prescribed by the Central Government under Section 148(1) (d) of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed accounts and cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- vii.
- a) According to the information and explanation given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including provident fund, employees state insurance, income tax, sales tax, goods and services tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have been regularly deposited during the year with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were in arrears as at 31st March 2023 for a period of more than six months from the date they became payable except those stated below:

Name of the Statute	Nature of Dues	Amount (Rs. in Lakhs)	Period to which it relates	Due Date	Date of payment	Remarks if any
Companies Act, 2013	Unpaid Dividend	0.97	FY 06-07	FY 14-15	Not paid	Attachment of unpaid dividend bank account by sales tax authorities

- b) According to the information and explanation given to us there are no dues of provident fund, employees state insurance, income tax, sales tax, goods and services tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues that have not been deposited on account of any dispute.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix.
- a) The Company has not defaulted in repayment of dues or other borrowings or in the payment of interest thereon to any lender during the year.
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority during the year.
- c) The Company has availed term loan during the year, were applied for the purpose for which the loans were obtained.
- d) On an overall examination of the financial statements of the Company, except for short term funds received from promoter group which have been invested for long term purposes, no other funds received on short term basis have been utilised for long term purposes.
- e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its associate. The Company does not have subsidiaries and joint ventures.
- f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its associate. The Company does not have subsidiaries and joint ventures.
- x.
- a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally

- convertible) during the year and hence, reporting requirements under of clause 3(b)(x) of the Order are not applicable.
- xi.
- a) According to the information and explanations given to us, no material fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) As informed by the management, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- c) As represented to us by the management, no whistle blower complaints were received during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards (Ind AS).
- xiv.
- a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion and on the basis of explanation / information provided by management, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi.
- a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable.
- b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses in the current financial year and has incurred cash losses of Rs. 198.08 lakhs (without considering one-time exceptional gain of Rs. 15,018.41 lakhs pursuant to giving effect of resolution plan approved by NCLT) in the immediately preceding financial year.
- xviii. There has been no resignation of statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. As per section 135 of Companies Act, 2013, the Company is not required to undertake any Corporate Social Responsibility (CSR) activities for the period under review, hence reporting under clause 3(xx)(a) & (b) of the Order is not applicable.
- xxi. The reporting under Clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Sejal Glass Limited of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”).

We have audited the internal financial controls with reference to standalone financial statements of **Sejal Glass Limited** (the “Company”) as of 31st March 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31st March 2023, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the

accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting

and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO STANDALONE FINANCIAL STATEMENTS

Sejal Glass Limited

CIN : L26100MH1998PLC117437

Notes to Standalone Financial Statements for the year ended 31st March, 2023

1.0 CORPORATE INFORMATION

Sejal Glass Limited (“the Company”) is public limited company incorporated in India under the provisions of Companies Act, with its Registered office at Mumbai and it is listed on the Bombay Stock Exchange (“BSE”) and the National Stock Exchange (“NSE”). The Company is engaged in the business of processing of Glass and making of Value Added Glass in various forms viz. Tempering, Designing, Insulating and Laminated Glass.

The Financial Statement were approved for issue in accordance with a resolution passed in Board Meeting held on 13 May 2023.

2.0 SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

2.1 Basis of preparation of financial statements

(a) Compliance with Indian accounting standards (Ind AS)

These financial statement have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (‘Act’) read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The Financials of the Company have been prepared on a going concern basis.

(b) Historical Cost Convention

The Financial Statement have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities that are measured at fair value;

(c) Current & Non-Current Classification

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(d) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2.2 Summary of Significant Accounting Policies

2.2.1 Current/Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An Asset is treated as Current when it is -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non current.

A Liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2.2 Business Combination

Business Combinations are accounted for using the acquisition method of accounting, except for common control transactions which are accounted using the pooling of interest method. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities assumed at their acquisition date i.e. the date on which control is acquired. Contingent consideration to be transferred is recognised at fair value and included as part of cost of acquisition.

Transaction related costs are expensed in the period in which the costs are incurred. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Goodwill arising on business combination is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the fair value of net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is tested for impairment annually and measured at cost less any accumulated impairment losses if any.

Common control business combination:

Business combinations involving entities or businesses that are controlled by the group are accounted using the pooling of interest method.

2.2.3 Property, Plant and Equipment

Property Plant & Equipment is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably.

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price (including import duties and non-refundable taxes), borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of Property, Plant and Equipment are capitalised at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognised in the statement of Profit and Loss as and when incurred.

Cost of assets not ready for intended use, as on the Balance Sheet Date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method assuming a residual value of 5% of original cost. Depreciation is provided based on useful life of

the assets as prescribed in Schedule II to the Companies Act, 2013. The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.2.4 Leases

The Company, as a lessee, recognises a right of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability. The right- of-use asset is depreciated using the straight- line method from the commencement date over the shorter of lease term or useful life of right-of- use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be

readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

2.2.5 Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and cost of the assets can be measured reliably.

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation / depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Intangible assets comprise assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life. The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.2.6 Research and Development

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- development costs can be measured reliably;
- the product or process is technically and commercially feasible;
- future economic benefits are probable; and
- the company intends to, and has sufficient resources to complete development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

2.2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.2.8 Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised

as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

2.2.9 Inventories

Raw Materials, Packing Material and Stores and Spares :

Raw materials, packing materials and stores and spares are valued at lower of Cost or net realizable value, except in case of by-products which are valued at net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Costs are determined on FIFO Basis.

Work in Progress /Finished Goods/ Traded Goods :

Work-in-Progress/ Finished Goods/ Traded Goods are valued at the lower of cost and net realizable value.

Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.2.10 Impairment of Non Financial Assets - Property, plant & Equipment and Intangible Assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

Assets that have an indefinite useful life, for example goodwill, are not subjected to amortisation and are tested for impairment annually or whenever there is any indication that the asset may be impaired.

2.2.11 Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time

value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

2.2.12 Employee Benefit Expenses

Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits Defined Contribution Plans

The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

Defined Benefit Plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated on actuarial valuation basis.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

Other Long Term Employee Benefits (to the extent applicable)

Entitlements to annual leave and sick leave are recognized when they accrue to employees subject to a restriction on the maximum number of accumulation of leave, if any, determined by the Company. The Company determines the liability for such accumulated leaves using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date.

2.2.13 Tax Expenses

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

2.2.14 Foreign Currencies Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction.

Foreign currency monetary items of the Company are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of initial transactions.

2.2.15 Revenue Recognition

Revenue is recognised when performance obligations are satisfied in accordance with Ind AS 115. Performance obligations are deemed to be satisfied when substantial risks and rewards of ownerships are transferred to

customer and customer obtains control of promised goods.

The Company recognises revenue from sale of goods measured upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on a reasonable credit term. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government.

Revenue from rendering of services are recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Interest Income from a Financial Assets is recognised using effective interest rate method.

Dividend Income is recognised when the Company's right to receive the amount has been established.

2.2.16 Financial Instruments Financial Assets

Initial Recognition and Measurement

All Financial Assets are initially recognised at fair value. Trade Receivable that do not contain, significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

Subsequent Measurement

Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise to cash flows on specified dates that represent solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those Financial Assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 - Financial Instruments.

Investment in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in Subsidiaries, Associates and Joint Venture at cost less impairment loss.

Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognised in Statement of Profit and loss, when the Company's right to receive payment is established.

Impairment on Financial Assets

In accordance with Ind-AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables.

In case of lease receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Financial Liabilities

Initial Recognition and Measurement

All Financial Liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees for recurring nature are directly recognised in the statement of Profit and Loss account as finance cost.

Subsequent Measurement

Financial Liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derivative Financial Instruments and Hedge Accounting

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value.

Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedge which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or is treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a Non-Financial Assets or Non-Financial liability.

Derecognition of Financial Instruments

The Company derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial liability) is derecognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.2.17 Non-Current Assets Held for Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable.

A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification.

Non-current assets held for sale are neither depreciated nor amortized

Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of sale and are presented separately in the Balance Sheet.

2.2.18 Earnings per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

2.2.19 Segment Reporting

The Company has only one reportable segment.

2.2.20 Investment Property

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is initially measured at its cost, including related transaction costs.

Subsequent expenditure is capitalized to the assets' carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance cost are expensed when incurred.

Depreciation on investment property is provided on pro rata basis on straight line method over the estimated useful lives. Useful life of the asset, as assessed by the Management, corresponds to those prescribed by Schedule II.

2.2.21 Exceptional Items

When items of income or expense within the Statement of Profit & Loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the

performance of the Company for the period, the nature and amount of such material items are disclosed separately as exceptional items.

3.0 CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The preparation of the Company's Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

The Company had elected to continue with the carrying value of all its Property, Plant and Equipment, capital work in progress recognised as on 1st April, 2016 and measured as per previous GAAP and use that carrying value as its deemed cost as permitted by transitional provisions under first time implementation of Ind-AS.

3.1 Income taxes (Refer to Note No 29.5)

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

3.2 Property, Plant and Equipment / Intangible Assets (Refer to Note No 5A, 5C)

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. Property, Plant and Equipment / Intangible Assets are depreciated / amortised over their estimated useful life, after taking into account estimated residual value. Management

reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

3.3 Recoverability of Trade Receivables (Refer to Note No 10)

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counter party, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

3.4 Provisions (Refer to Note No 17)

The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

3.5 Impairment of Financial and Non-Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets company estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

3.6 Fair Value Measurement (Refer to Note No 29.17)

When fair value of financial assets and liabilities cannot be measured based on quoted prices in actual markets, fair value is based on valuation techniques, like DCF, which involve various judgements and assumptions.

3.7 Defined Benefit Obligations (Refer to Note No 29.14)

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principle financial liabilities comprise of loans and borrowings and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principle financial

assets include loans, trade and other receivables, and cash and cash equivalents that are derived from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management advises on financial risks and the appropriate financial risk governance framework for the Company. All derivative activities, when carried out, for risk management purposes are undertaken by specialist teams that are equipped with appropriate skills and experience under adequate supervision. The Company does not trade in derivatives for speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks.

4.1 Financial Risk Management

The Company's Senior Management oversees the Risk Management Framework and develops and monitors the Company's Risk Management Policies. These policies have been established to ensure timely identification and evaluation of risks, set up of acceptable risk thresholds, identification and mapping of controls against these risks, monitoring of risks and their limits, improvement in risk awareness and transparency. These policies and systems are reviewed regularly to reflect changes in the market conditions and the Company's activities to provide reliable information to the Management and the Board to evaluate the adequacy of the Risk Management framework in relation to the risk faced by the Company.

These policies aim to mitigate the following risks arising from the financial instruments:

4.1.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market prices. The Company is exposed in the ordinary course of

its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

The Company seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the Management and the internal auditors on a continuous basis. The Company does not enter into or trade financial instruments, including derivatives for speculative purposes.

4.1.2 Credit Risk Management

Credit risk refers to the risk that counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counter parties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. Company's credit risk arises principally from the trade receivables, loans, investments in debt securities, cash & cash equivalents, derivatives and financial guarantees.

4.1.3 Liquidity Risk Management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company requires funds for both short term operational needs and long term capital projects. The Company has established an appropriate liquidity risk

management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

4.2 Fair Value Measurement of Financial Instruments

Fair value of financial assets and liabilities is measured using valuation techniques, like DCF, when their value cannot be ascertained based on quoted price in active markets. The inputs to these models are taken from observable markets, but where this is not feasible; a degree of judgement is required in establishing fair values. This includes considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported value of financial instruments.

4.3 Capital Management

The primary objective of the Company's Capital Management policy is to maximize the shareholder value. The Capital structure is adjusted in light of economic conditions and requirements of financial covenants. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors its capital using gearing ratio, which is net debt, divided by total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, bank balances other than cash and cash equivalents and current investment.

The Company had undergone Corporate Resolution Insolvency Process ('CIRP') under Insolvency and Bankruptcy Code ('IBC' or 'Code'), 2016, vide Order dated 13th February, 2019, passed by the Hon'ble National Company Law Tribunal, Mumbai bench ('NCLT'). Subsequently the Hon'ble NCLT, Mumbai bench vide its Order dated 26th March, 2021 ('Approval Date') read with Order dated 7th June, 2021 ('the Order') has approved the Resolution Plan ('the Plan' or 'the Resolution Plan'). The said approved resolution plan provided for various reliefs/concession which was approved vide NCLT order. The said reliefs inter-alia contained capital reduction by exempting compliance with the requirements set out in Companies Act, 2013 (and the rules framed thereunder) and under any other Applicable Laws with respect to reduction of share capital.

In accordance with the approved Resolution Plan and in order to represent true and fair view of financial position of the Company post implementation of abovementioned Resolution Plan, the Company, based on expert opinion, has netted off the balances available under Securities Premium and Capital Reduction Reserve created on reduction of share capital, against the debit balance of Retained Earnings as given below.

Nature and purpose of reserves

Revaluation Reserve :

Revaluation Reserve is created on revaluation of Land and Building of the Company. The proportionate amount is transferred to Retained Earnings on sale of the asset as when occurred.

General Reserve :

General Reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be reclassified subsequently to statement of profit and loss.

Retained Earnings :

The balance in the Retained Earnings primarily represents the surplus after payment of dividend and transfer to reserve. The Debit balance of Retained Earnings is adjusted as per note given above.

Re measurement of Actuarial Value of Gratuity :

It includes remeasurement of gains and losses on defined benefit plans recognized in other comprehensive income. This is not reclassifiable to statement of profit and loss.

29.16 Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

A. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The company is exposed to credit risk from its operating activities (primarily for trade receivables and loans) and from its financing activities (deposits with banks and other financial instruments).

Credit Risk Management

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The Company's maximum exposure to credit risk as at 31st March, 2023 and 31st March, 2022 is the carrying value of each class of financial assets.

i Trade and other receivables

Credit risk on trade receivables is limited based on past experience and management's estimate.

(Rs. In Lakhs)

Ageing of trade and other receivables (viz Loans and Advances and Other Current Assets) that were not impaired was as follows :

Carrying amount	31st March, 2023	31st March, 2022
Neither Past due nor impaired	957.20	460.16
Past due more than 180 days but not impaired	333.42	250.10
TOTAL	1,290.62	710.26

ii Cash and Cash Equivalents

The Company held cash and bank balance with credit worthy banks of Rs. 139.69 Lakhs at 31st March, 2023 and Rs. 74.55 Lakhs at 31st March, 2022. The credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks where credit risk is largely perceived to be extremely insignificant.

B. Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities – trade payables and borrowings.

Liquidity risk management

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. A material and sustained shortfall in our cash flow could undermine the Company's credit rating and impair investor confidence.

C. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments.

i Currency Risk

The functional currency of the Company is Indian Rupee. Currency risk is not material, as the Company does not have any exposure in foreign currency.

ii Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Company is exposed to interest rate risk as it has liabilities based on floating interest rates as well. The Company reviews the interest rate risks on period basis and try to mitigate the risk by having balanced portfolio of fixed and variable rate of borrowing.

Below is the overall exposure of the Company to interest rate risk

(Rs. In Lakhs)

	As at 31st March, 2023	As at 31st March, 2022
Variable Rate of Borrowings from Bank/ Financial Institution	1,275.54	-

Interest Rate Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(Rs. In Lakhs)

	Increase/ decrease in interest rate	Effect on profit before tax
As at 31st March, 2023		
In Rs.	+1%	(2.17)
In Rs.	-1%	2.17

Price Risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in quoted instruments. There are no investments held by the Company which are measured at fair value either through profit and loss or fair value through other comprehensive income, hence the Company is not exposed to price risk.

The carrying amounts of trade receivables, cash and bank balances, loans, borrowings, and trade payables are considered to be approximately equal to the fair value.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and, (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the Indian accounting standard. An explanation of each level is as follows :

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

II. Valuation techniques used to determine fair value

Significant valuation techniques used to value financial instruments include:

- Use of quoted market price or dealer quotes for similar instruments
- Using discounted cash flow analysis.

29.18 Capital Management

The company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-today needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. The management monitors the return on capital as well as the level of dividends to shareholders. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF SEJAL GLASS LIMITED

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying financial statements of Sejal Glass Limited ("the Holding Company") and its associate and wholly owned subsidiary of associate (the Holding Company, its associate and wholly owned subsidiary of associate together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31st March 2023, and the Consolidated Statement of Profit and Loss (including Statement of Other Comprehensive Income), the Consolidated Statement of Changes in Equity, the Consolidated Cash Flow Statement for the year then ended and notes to the financial statements (including summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2023, and its consolidated profit and consolidated total comprehensive income, its consolidated changes in equity and its consolidated cash inflows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical

requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

- a) Refer note no 29.5 of the consolidated financial Statement, the Group has recognised deferred tax asset (net) of Rs 903 lakhs in the quarter and year ended 31st March 2023 mainly on account of carried forward unused tax losses based on management assessment of expected availability of future taxable benefits for utilisation of such deferred tax assets.
- b) Refer note no 16 of the consolidated financial statements the Holding Company as on 31st March 2023, has adjusted balances available under securities premium of Rs. 14,066 lakhs and capital reserve of Rs. 3,345 lakhs arising on account of capital reduction pursuant to resolution plan approved by NCLT Mumbai, against debit balance of profit and loss account (past accumulated losses) of Rs. 27,321 lakhs based on opinion obtained by the Company. Further Board of Directors of the Holding Company has considered the said opinion and accorded its approval for such adjustment in its meeting held on 13th May 2023.

Our opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Recognition of Deferred Tax Asset (Ind AS 12 Income Taxes)</p> <p>The Holding Company has recognised deferred tax of Rs 903 lakhs in FY 2023 mainly on account of carried forward unused tax losses. (Refer note no 29.5 to the consolidated financial statements) Deferred tax assets on unabsorbed depreciation or carry forward of losses are to be recognized only when there is a reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Determination of reasonable certainty is a matter of judgment based on convincing evidence. Considering the involvement of management's estimation and judgment in determining reasonable certainty of sufficient future taxable income being available this matter has been determined as a key audit matter.</p>	<p>Principal Audit Procedures Performed.</p> <p>obtained details of carry forward losses under income tax and details of estimates of taxable incomes for future periods without considering further capital infusion/ expansion.</p> <ul style="list-style-type: none"> • Tested the Holding Company management's under lying assumptions and judgments in estimating the future taxable incomes against which such unabsorbed losses would be recovered. The said financial projections along with underlying assumptions were also reviewed by the Board of Directors in its meeting held on 13th May 2023. • We have reviewed NCLT order approving resolution whereby tax demands prior to corporate insolvency resolution process, stands extinguished. • We have relied upon tax opinion whereby earlier tax losses can be carried forward.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the

consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and those charged with governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles

generally accepted in India, including the Ind AS. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of the consolidated financial statements by the directors of the holding company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the companies included in group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under the section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.

- e) Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters and are therefore the key audit matters. We describe these matters in our auditor's report unless that were of most significance in the audit of the consolidated financial statements of the current period law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The audited consolidated financial results also include the Group's share of loss of Rs 88.99 lakhs for year ended 31st March 2023 respectively, as considered in the consolidated financial results, in respect of an associate (including its wholly owned subsidiary), based on their annual financial statements which have been audited by their respective auditors. The independent auditors' reports on financial results of these entities have been furnished to us and our opinion on the consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditors and the procedures performed by us are as stated in paragraph above.

Our opinion is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of our audit of the aforesaid consolidated financial statements.
 - b) in our opinion proper books of account as required by law relating to preparation of the aforesaid consolidated financial statement have been kept so far by law as it appears from our examination of those books.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of the preparation of the consolidated financial statements.
- d) in our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued there under.
- e) on the basis of written representations received from the directors of the Holding Company as on 31st March 2023 taken on record by the Board of Directors of the Holding company, none of the directors of the Holding Companies are disqualified as on 31st March 2023, from being appointed as a director in terms of Section 164(2) of the Act.
- f) with respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Holding Company has not paid any remuneration to its directors during the year.
- h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
- i. The Holding Company does not have pending litigations which would have an impact on its consolidated financial position as at the year end. Refer note no 29.1 to the consolidated financial statements.
- ii. The Group does not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. The Holding Company has failed to transfer the amount of unpaid dividend of Rs. 0.97 lakhs to the Investor Education and Protection Fund due to attachment of unpaid dividend bank account by sales tax authorities.
- iv.
- (a) The Management of the Holding Company, to the best of its knowledge and belief, as disclosed in note no 29.13 (iii) to the consolidated financial statements no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or associate concern to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its associate concern ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The respective Management of the Group, to the best of its knowledge and belief, as disclosed in note no 29.13 (iv) to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or associate concern from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or associate concern shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the

circumstances performed by us on the Holding Company and its associate concern whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. During the year, Holding Company has neither paid nor proposed any interim dividend or final dividend in accordance with section 123 of Companies Act, 2013, hence this clause is not applicable.
- vi. In respect of Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, since proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable for the Holding Company only w.e.f. 1st April 2023, reporting under this clause is not applicable.
2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and its associate concern included in the consolidated financial statements of the Company, to the extent reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report on consolidated Financial Statements to the Members of Sejal Glass Limited of even date)

Report on the Internal Financial Controls under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the "Act")

Opinion

We have audited internal financial controls with reference to consolidated financial statements of Sejal Glass Limited (hereinafter referred to as "the Holding Company") and its associate and wholly owned subsidiary of associate (together referred to as "the Group") as of 31st March 2023 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us and having regard to Other Matters paragraph, the Holding Company and its associate and wholly owned subsidiary of associate, have, in all material respects, an adequate internal financial and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31st March 2023, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its associate concern are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and

maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements include obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and having regard to Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

The reporting Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements is not applicable to associate concern being limited liability partnership and its foreign wholly owned subsidiary. Our opinion is not qualified in respect of this matter.

The Financial Statement were approved for issue in accordance with a resolution passed in Board Meeting held on 13 May 2023.

2.0 SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

2.1 Basis of preparation of financial statements

(a) Compliance with Indian accounting standards (Ind AS)

These financial statement have been prepared in accordance with the Indian Accounting Standards (hereinafter

referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act. The Financials of the Group have been prepared on a going concern basis.

(b) Historical Cost Convention

The Financial Statement have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities that are measured at fair value;

(c) Current & Non-Current Classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

(d) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(e) Basis of Consolidation

Financials consolidated using equity method of consolidation, Consolidated Financials comprise Share of Loss from Consolidated Financials of associate (ie. Associate and its wholly owned subsidiary).

2.2 Summary of Significant Accounting Policies

2.2.1 Current/Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non- Current classification.

An Asset is treated as Current when it is -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non current.

A Liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2.2 Business Combination

Business Combinations are accounted for using the acquisition method of accounting, except for common control transactions which are accounted using the pooling of interest method. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities assumed at their acquisition date i.e. the date on which control is acquired. Contingent consideration to be transferred is recognised at fair value and included as part of cost of acquisition.

Transaction related costs are expensed in the period in which the costs are incurred. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

Goodwill arising on business combination is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the fair value of net identifiable assets acquired and liabilities assumed. After initial recognition, Goodwill is tested for impairment annually and measured at cost less any accumulated impairment losses if any.

Common control business combination:

Business combinations involving entities or businesses that are controlled by the group are accounted using the pooling of interest method.

2.2.3 Property, Plant and Equipment

Property Plant & Equipment is recognised when it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably.

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price (including import duties and non refundable taxes), borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Property, Plant and Equipment which are significant to the total cost of that item of

Property, Plant and Equipment and having different useful life are accounted separately.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of Property, Plant and Equipment are capitalised at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognised in the statement of Profit and Loss as and when incurred.

Cost of assets not ready for intended use, as on the Balance Sheet Date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation on Property, Plant and Equipment is provided using the Straight Line Method assuming a residual value of 5% of original cost. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.2.4 Leases

The Group, as a lessee, recognises a right of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified

asset. The cost of the right-of use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability. The right- of-use asset is depreciated using the straight- line method from the commencement date over the shorter of lease term or useful life of right-of- use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate.

For short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term.

2.2.5 Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and cost of the assets can be measured reliably.

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation / depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Intangible assets comprise assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life. The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of an Intangible Asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

2.2.6 Research and Development

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:

- development costs can be measured reliably;
- the product or process is technically and commercially feasible;
- future economic benefits are probable; and
- the Group intends to, and has sufficient resources to complete development and to use or sell the asset.

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such

expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

2.2.7 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.2.8 Borrowing Costs

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

2.2.9 Inventories

Raw Materials, Packing Material and Stores and Spares :

Raw materials, packing materials and stores and spares are valued at lower of Cost or net realizable value, except in case of by-products which are valued at net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Costs are determined on FIFO Basis.

Work in Progress /Finished Goods/ Traded Goods :

Work-in-Progress/ Finished Goods/ Traded Goods are valued at the lower of cost and net realizable value.

Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.2.10 Impairment of Non Financial Assets - Property, plant & Equipment and Intangible Assets

The Group assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

Assets that have an indefinite useful life, for example goodwill, are not subjected to amortisation and are tested for impairment annually or whenever there is any indication that the asset may be impaired.

2.2.11 Provisions and Contingencies

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

2.2.12 Employee Benefit Expenses

Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits Defined Contribution Plans

The Group recognises contribution payable to

the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre- payment will lead to a reduction in future payment or a cash refund.

Defined Benefit Plans

The Group pays gratuity to the employees who have completed five years of service with the Group at the time of resignation/ superannuation. The gratuity is paid @15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated on actuarial valuation basis.

Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income.

Other Long Term Employee Benefits (to the extent applicable)

Entitlements to annual leave and sick leave are recognized when they accrue to employees subject to a restriction on the maximum number of accumulation of leave , if any, determined by the Group. The Group determines the liability for such accumulated leaves using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date.

2.2.13 Tax Expenses

The tax expenses for the period comprises of current tax and deferred income tax. Tax is

recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

2.2.14 Foreign Currencies Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction.

Foreign currency monetary items of the Group are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of initial transactions.

2.2.15 Revenue Recognition

Revenue is recognised when performance obligations are satisfied in accordance with Ind AS 115. Performance obligations are deemed to be satisfied when substantial risks and rewards of ownerships are transferred to customer and customer obtains control of promised goods.

The Group recognises revenue from sale of goods measured upon satisfaction of performance obligation which is at a point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Depending on the terms of the contract, which differs from contract to contract, the goods are sold on a reasonable credit term. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government.

Revenue from rendering of services are recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period.

Interest Income from a Financial Assets is recognised using effective interest rate method.

Dividend Income is recognised when the Group's right to receive the amount has been established.

2.2.16 Financial Instruments Financial Assets

Initial Recognition and Measurement

All Financial Assets are initially recognised at fair value. Trade Receivable that do not contain,

significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognised using trade date accounting.

Subsequent Measurement

Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise to cash flows on specified dates that represent solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

Financial Assets measured at Fair Value through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Group changes its business model for managing those Financial Assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the

changes in business model in accordance with principles laid down under IndAS 109 - Financial Instruments.

Investment in Subsidiaries, Associates and Joint Ventures

The Group has accounted for its investments in Subsidiaries, Associates and Joint Venture at cost less impairment loss.

Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognised in Statement of Profit and loss, when the Group's right to receive payment is established.

Impairment on Financial Assets

In accordance with Ind-AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables the Group applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables.

In case of lease receivables, the Group follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Financial Liabilities

Initial Recognition and Measurement

All Financial Liabilities are recognised at fair value and in case of borrowings, net of directly attributable cost. Fees for recurring nature are directly recognised in the statement of Profit and Loss account as finance cost.

Subsequent Measurement

Financial Liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derivative Financial Instruments and Hedge Accounting

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value.

Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedge which is

recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or is treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a Non-Financial Assets or Non-Financial liability.

Derecognition of Financial Instruments

The Group derecognises a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial liability) is derecognised from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.2.17 Non-Current Assets Held for Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable.

A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification.

Non-current assets held for sale are neither depreciated nor amortized

Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of sale and are presented separately in the Balance Sheet.

2.2.18 Earnings per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

2.2.19 Segment Reporting

The Group has only one reportable segment.

2.2.20 Investment Property

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is initially measured at its cost, including related transaction costs.

Subsequent expenditure is capitalized to the assets' carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance cost are expensed when incurred.

Depreciation on investment property is provided on pro rata basis on straight line method over the estimated useful lives. Useful life of the asset, as assessed by the Management, corresponds to those prescribed by Schedule II.

2.2.21 Exceptional Items

When items of income or expense within the Statement of Profit & Loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the period, the nature and amount of such material items are disclosed separately as exceptional items.

3.0 CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The preparation of the Group's Financial Statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in next financial years.

The Group had elected to continue with the carrying value of all its Property, Plant and Equipment, capital work in progress recognised as on 1st April, 2016 and measured as per previous GAAP and use that carrying value as its deemed cost as permitted by transitional provisions under first time implementation of Ind-AS.

3.1 Income taxes (Refer to Note No 29.5)

The Group's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

3.2 Property, Plant and Equipment / Intangible Assets (Refer to Note No 5A, 5C)

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the

management. Property, Plant and Equipment / Intangible Assets are depreciated / amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful life and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

3.3 Recoverability of Trade Receivables (Refer to Note No 10)

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counter party, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

3.4 Provisions (Refer to Note No 17)

The timing of recognition and quantification of the liability (including litigations) requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

3.5 Impairment of Financial and Non-Financial Assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets Group estimates asset's recoverable amount, which is higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

3.6 Fair Value Measurement (Refer to Note No 29.17)

When fair value of financial assets and liabilities cannot be measured based on quoted prices in actual markets, fair value is based on valuation techniques, like DCF, which involve various judgements and assumptions.

3.7 Defined Benefit Obligations (Refer to Note No 29.14)

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principle financial liabilities comprise of loans and borrowings and trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principle financial assets include loans, trade and other

receivables, and cash and cash equivalents that are derived from its operations. The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management advises on financial risks and the appropriate financial risk governance framework for the Group. All derivative activities, when carried out, for risk management purposes are undertaken by specialist teams that are equipped with appropriate skills and experience under adequate supervision. The Group does not trade in derivatives for speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks.

4.1 Financial Risk Management

The Group's Senior Management oversees the Risk Management Framework and develops and monitors the Group's Risk Management Policies. These policies have been established to ensure timely identification and evaluation of risks, set up of acceptable risk thresholds, identification and mapping of controls against these risks, monitoring of risks and their limits, improvement in risk awareness and transparency. These policies and systems are reviewed regularly to reflect changes in the market conditions and the Group's activities to provide reliable information to the Management and the Board to evaluate the adequacy of the Risk Management framework in relation to the risk faced by the Group.

These policies aim to mitigate the following risks arising from the financial instruments:

4.1.1 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market prices. The Group is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

The Group seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Group's policies which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the Management and the internal auditors on a continuous basis. The Group does not enter into or trade financial instruments, including derivatives for speculative purposes.

4.1.2 Credit Risk Management

Credit risk refers to the risk that counter party will default on its contractual obligations resulting in financial loss to the Group. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Group has adopted a policy of only dealing with creditworthy counter parties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. Group's credit risk arises principally from the trade receivables, loans, investments in debt securities, cash & cash equivalents, derivatives and financial guarantees.

4.1.3 Liquidity Risk Management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Group requires funds for both short term operational needs and long term capital projects. The Group has established an appropriate liquidity risk management framework for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve

borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

4.2 Fair Value Measurement of Financial Instruments

Fair value of financial assets and liabilities is measured using valuation techniques, like DCF, when their value cannot be ascertained based on quoted price in active markets. The inputs to these models are taken from observable markets, but where this is not feasible; a degree of judgement is required in establishing fair values. This includes considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported value of financial instruments.

4.3 Capital Management

The primary objective of the Group's Capital Management policy is to maximize the shareholder value. The Capital structure is adjusted in light of economic conditions and requirements of financial covenants. The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors its capital using gearing ratio, which is net debt, divided by total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, bank balances other than cash and cash equivalents and current investment.

M/s Sejal Glass Ltd. had undergone Corporate Resolution Insolvency Process ('CIRP') under Insolvency and Bankruptcy Code ('IBC' or 'Code'), 2016, vide Order dated 13th February, 2019, passed by the Hon'ble National Company Law Tribunal, Mumbai bench ('NCLT'). Subsequently the Hon'ble NCLT, Mumbai bench vide its Order dated 26th March, 2021 ('Approval Date') read with Order dated 7th June, 2021 ('the Order') has approved the Resolution Plan ('the Plan' or 'the Resolution Plan'). The said approved resolution plan provided for various reliefs/concession which was approved vide NCLT order. The said reliefs inter-alia contained capital reduction by exempting compliance with the requirements set out in Companies Act, 2013 (and the rules framed thereunder) and under any other Applicable Laws with respect to reduction of share capital.

In accordance with the approved Resolution Plan and in order to represent true and fair view of financial position of the Group post implementation of abovementioned Resolution Plan, the Group, based on expert opinion, has netted off the balances available under Securities Premium and Capital Reduction Reserve created on reduction of share capital, against the debit balance of Retained Earnings as given below.

Nature and purpose of reserves

Revaluation Reserve :

Revaluation Reserve is created on revaluation of Land and Building of the Group. The proportionate amount is transferred to Retained Earnings on sale of the asset as when occurred.

General Reserve :

General Reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be reclassified subsequently to statement of profit and loss.

Retained Earnings :

The balance in the Retained Earnings primarily represents the surplus after payment of dividend and transfer to reserve. The Debit balance of Retained Earnings is adjusted as per note given above.

Re measurement of Actuarial Value of Gratuity :

It includes remeasurement of gains and losses on defined benefit plans recognized in other comprehensive income. This is not reclassifiable to statement of profit and loss.

29.16 Financial Risk Management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

A. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Group is exposed to credit risk from its operating activities (primarily for trade receivables and loans) and from its financing activities (deposits with banks and other financial instruments).

Credit Risk Management

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. The Group establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

The Group's maximum exposure to credit risk as at 31st March, 2023 and 31st March, 2022 is the carrying value of each class of financial assets.

i Trade and other receivables

Credit risk on trade receivables is limited based on past experience and management's estimate.

(Rs. In Lakhs)

Ageing of trade and other receivables (viz Loans and Advances and Other Current Assets) that were not impaired was as follows :

Carrying amount	31st March, 2023	31st March, 2022
Neither Past due nor impaired	957.20	460.16
Past due more than 180 days but not impaired	333.42	250.10
TOTAL	1,290.62	710.26

ii Cash and Cash Equivalents

The Group held cash and bank balance with credit worthy banks of Rs. 139.69 Lakhs at 31st March, 2023 and Rs. 74.55 Lakhs at 31st March, 2022. The credit risk on cash and cash equivalents is limited as the Group generally invests in deposits with banks where credit risk is largely perceived to be extremely insignificant.

B. Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. For the Group, liquidity risk arises from obligations on account of financial liabilities – trade payables and borrowings.

Liquidity risk management

The Group's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. A material and sustained shortfall in our cash flow could undermine the Group's credit rating and impair investor confidence.

C. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments. The Group is exposed to market risk primarily related to interest rate risk and the market value of the investments.

i Currency Risk

The functional currency of the Group is Indian Rupee. Currency risk is not material, as the Group does not have any exposure in foreign currency.

ii Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Exposure to interest rate risk

The Group is exposed to interest rate risk as it has liabilities based on floating interest rates as well. The Group reviews the interest rate risks on period basis and try to mitigate the risk by having balanced portfolio of fixed and variable rate of borrowing.

Below is the overall exposure of the Group to interest rate risk

	(Rs. In Lakhs)	
	As at 31st March, 2023	As at 31st March, 2022
Variable Rate of Borrowings from Bank/ Financial Institution	1,275.54	-

Interest Rate Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

	(Rs. In Lakhs)	
	Increase/ decrease in interest rate	Effect on profit before tax
As at 31st March, 2023		
In Rs.	+1%	(2.17)
In Rs.	-1%	2.17

Price Risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in quoted instruments. There are no investments held by the Group which are measured at fair value either through profit and loss or fair value through other comprehensive income, hence the Group is not exposed to price risk.

The carrying amounts of trade receivables, cash and bank balances, loans, borrowings, and trade payables are considered to be approximately equal to the fair value.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and, (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the Indian accounting standard. An explanation of each level is as follows :

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

II. Valuation techniques used to determine fair value

Significant valuation techniques used to value financial instruments include:

- Use of quoted market price or dealer quotes for similar instruments
- Using discounted cash flow analysis.

29.18 Capital Management

The Group's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-today needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The management monitors the return on capital as well as the level of dividends to shareholders. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.
