Pataniali had acquired the erstwhile bankrupt firm known for the Nutrela brand of products in 2019 for around ₹4,350 crore through an insolvency and

crore throughaninsolvency and bankruptsy code (IBC) process. Ruchi Soya's shares relisted on 27 January 2020 at 16.10 and soared to a one-year high of 11,535 on 29 June, largely on account of tic setremely small public float. On Friday, its shares closed at 11,125, up 1.25%, on BSE. "We will ensure that the price is well-balanced from the perspectives of both our exist-

ing shareholders and the new nvestors that will be coming nto the FPO. We have done all into the FPO. We have done all the preparations, we have submitted to Sebi all the materials they have asked for, and we are hoping for the approval to come soon," Ramdev said in an interview. "We already have a lot of interest from investors," he added.

ne added.

The FPO will help the firm increase the public float, taking a step forward to meeting Sebi's minimum public shareholding

(MPS) norm of 25%.
Currently, the company needs to increase public share-holding by only 9% to meet the MPS requirement and the MPS requirement and the remaining 15% is required to be completed by December 2022. However, after utilizing the 20% uptick in offersize as permissible under regulations, the FPO is expected to ensure compliance of 15-20% publics hareholding requirement, the company said.
