Wheat buying picks up but headwinds in some states

SANIEEB MUKHERJEE
New Delhi, 26 April

With Madhya Pradesh and Haryana, two big wheat procurers, expecting some revision in their purchase plans this year owing to farmers getting more than the minimum support price (MSP) from private players and the impact of rain in March on final yields, all eyes are now on the Central target of buying 34.2 million tonnes for the central pool in FY24.

After an initial lull, procurement has picked up steady pace in the past few days and, according to news agency PTL till last week, the government procured 11.4 million tonnes in the 2023-24 marketing year (April-March), up from the 9.9 million tonnes in the year-ago period (up 12.12 per cent), according to the food ministry data.

"Wheat procurement is progressing smoothly," a senior food ministry official told PTL.

By all reckoning, a situation akin to last year, when procurement for the central pool dropped to a multi-year low of around 18.79 million tonnes, is ruled out because the ban on exports is still in force; there is no added pressure from the Pradhan Mantri Gareeb Kalyan Yojana, which has not been extended after December 2023, and the MSP is on the higher side than it was last year.

These factors, traders said, will bring more wheat to domestic supplies and ensure higher than FY23 procurement in the central pool.

In Madhya Pradesh, official sources said the state government hoped to procure 7-8 million tonnes against an earlier

target of 10 million tonnes, while in Haryana news reports said the state government expected procurement to be 6.5-70 million tonnes against the earlier target of 8.5 million tonnes.

"The market rate for even slightly better wheat is higher than the MSP in MP, which is why many farmers have not yet bought their produce to procurement centres though harvesting is steadily on," a senior state government official said.

He said till the middle of last week, daily wheat arrivals in the state were 200,000-250,000 tonnes against the average of 150,000 tonnes in 2022-23, purchases totalled just around 4.6 million tonnes.

"Over 1.5 million farmers have registered on our portal for selling wheat to government agencies. Of those around 430,000 (around 29 per cent) have sold wheat to state agencies, which means a vast majority of farmers are still to do so," the official said.

As far as prices are concerned, as against the MSP of ₹2,125 per quintal, the prevailing market rate in Madhya Pradesh is ₹2,000-2,500 per quintal, depending on quality, while the same in Haryana is ₹2,125-2,200 per quintal.

"But this has picked up in the last two days to 400,000-450,000 tonnes and we are hopeful the revised procurement target of 7-8 million tonnes will be easily achieved," the official commented.

Till Monday, the Madhya Pradesh government had purchased around 4 million tonnes while in the whole of

MP, it was 25 million tonnes if official procurement ended up at 25-28 million tonnes, which, when added to the opening stocks of around 8.5 million tonnes, it will mean a much higher availability than last year for smoothly running public distribution and also intervening in the market to cool prices if needed.

2022-23, purchases totalled just around 4.6 million tonnes.

"Over 1.5 million farmers have registered on our portal for selling wheat to government agencies. Of those around 430,000 (around 29 per cent) have sold wheat to state agencies, which means a vast majority of farmers are still to do so," the official said.

As far as prices are concerned, as against the MSP of ₹2,125 per quintal, the prevailing market rate in Madhya Pradesh is ₹2,000-2,500 per quintal, depending on quality, while the same in Haryana is ₹2,125-2,200 per quintal.

"But this has picked up in the last two days to 400,000-450,000 tonnes and we are hopeful the revised procurement target of 7-8 million tonnes will be easily achieved," the official commented.

Till Monday, the Madhya Pradesh government had purchased around 4 million tonnes while in the whole of

Days after threat letter, PM holds roadshow in Kerala

Prime Minister Narendra Modi received a rousing welcome after he arrived in Kochi on Monday, with thousands of people, including BJP workers and supporters, lining up on both sides of the nearly two-kilometre long route of his road show from the INS Garuda naval air station to the venue of a youth programme. This comes days after a letter threatening a suicide bomb attack on him had the Kerala police and central agencies on alert

LADAKH STAND-OFF

India, China agree to work out mutually acceptable solution

India and China agreed during their military talks on Sunday to stay in close touch at work out a mutually acceptable solution to the "remaining issues" in eastern Ladakh at the earliest, but there was no indication of clear forward movement in ending their three-year-long border standoff.

The 18th round of the Corps Commander-level talks took place days ahead of Chinese Defence Minister Li Shangfu's planned visit to India to attend a meeting of the Shanghai Cooperation Organisation

(SCO) on April 27 and 28. In a statement on Monday, the Ministry of External Affairs (MEA) said the sides had "agreed on the need for a resolution on the resolution of the 'relevant' issues along the Line of Actual Control (LAC) in the Western sector."

The two sides agreed to stay in close contact and maintain dialogue through military and diplomatic channels and work out a mutually acceptable solution to the remaining issues at the earliest," the MEA said. The talks were held

at the Chushul-Moldo border meeting point on the Chinese side of the LAC in eastern Ladakh.

People familiar with the talks said the Indian side insisted on resolving the issues at the remaining friction points of Demchok and Dapsang in eastern Ladakh as soon as possible. A Chinese foreign ministry spokesperson said in Beijing that the two sides held an in-depth exchange of views on expediting the resolution of relevant issues.

Will go to 'any extent' if members are fired: Air India pilot unions

Air India's two pilot unions on Monday warned that if any member was fired for not signing the airline's revised service agreement they would go to "any extent" to reinstate their colleague.

With the pilots refusing to budge, the airline management reached out to staff on Monday to explain the offer and clarify doubts. "Changes have been made to have a performance & merit-based culture as would be the case in any world-class & professionally run airline," the airline's chief human resources officer Sunil Dutt Tathathi, said in a memo.

The Indian Commercial Pilots' Association (ICPA) last Friday sent a legal notice to Air India, alleging that the airline had been coercing its members to sign the revised service agreements individually. In a joint resolution on Monday, the ICPA and Indian Pilots' Guild (IPG) said, "If any member/s of our unions is/are terminated by the management for not signing the revised terms and conditions, the ICPA and IPG have pledged in union to go to any extent to protect the member/s till they are reinstated."

DEEPAK PATEL & ANEESH PHADIAS

Tamil Nadu govt withholds 12-hour workday Bill after protest by unions

The Tamil Nadu government on Monday announced it was withholding the implementation of the Factories (Amendment) Act 2023 which extends working hours to 12 hours a day from the mandatory eight hours, following protests by political parties and labour unions. Announcing the decision, Chief Minister M K Stalin said based on the views expressed by trade union representatives and political parties on the bill passed in the Assembly on April 21, the process of implementing it had been suspended.

Cheetah deaths: MP forest dept asks Centre for 'alternative site'

The Madhya Pradesh forest department has asked the Centre for an "alternative" site for cheetahs currently introduced at the Kuno National Park, which has seen the death of two felines in less than a month, with officials citing lack of logistical support and space. A senior state forest official on condition of anonymity said they do not have enough logistical support for the upkeep for the cheetahs, brought in two batches of 8 and 12 felines from Namibia and South Africa respectively since September last year.
