Edelweiss Agri Inputs & Chemicals Conference

INVITATION

Agri inflation is soaring globally driven by a slew of factors: geopolitical issues, high crude prices and accelerated search for self-reliance in food security. At Edelweiss, we believe buoyant agri commodity prices globally would boost farmers' profitability even in the face of rising input costs. Indeed, many agrochemical companies are struggling to procure raw materials choked by the lockdowns in China. Its fallout though would vary by Agro company.

Meanwhile, chemicals/ specialty chemical players are grappling with a different set of disruptions, primarily supply chain and logistical issues, higher prices for intermediates driven by crude, supply-side squeeze from lockdowns in China and a fast-changing demand dynamics amid accelerating EV adoption.

In this backdrop, to delve deeper into the opportunities for and threats to agri inputs and chemicals and specialty chemicals, we are organizing a conference with select companies to size up the situation first-hand from the people that know the inner workings of the sector.

And, importantly, this in-person conference affords an opportunity to meet management teams face-to-face after a long time. We believe your participation will be of immense value in making the event a success, and look forward to you joining us.

24 & 25 May 2022
10:00 am to 05:00 pm

Venue: Hotel Sofitel, BKC
Mumbai
