---	---

Dear Sir/Madam,

**Sub: Launch of the 245 kV High Voltage Bushings and Successful completion of Short Circuit Test on Inverter Duty Transformer**

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we would like to inform you that TARIL Switchgear Private Limited a subsidiary of Transformers and Rectifiers (India) Limited Launch the 245 kV High Voltage Bushings. *This is in line with Groups commitment towards backward integration*

Manufacturing Excellence: Air-to-oil and oil-to-oil bushings manufactured at our state-of-the-art facility in Changodar, Ahmedabad, the 245 kV high voltage bushings undergo rigorous quality control measures to ensure the highest standards of excellence.

Key Features and Benefits include:

- Sustainability: Engineered with eco-friendly materials and processes to support a sustainable future.
- Reliability: Built to deliver unmatched performance under the most demanding conditions.
- FMEA-Enabled Assurance: Incorporates Failure Modes and Effects Analysis to ensure superior quality and reliability.

*Empowering a Sustainable Future with Unmatched Reliability and FMEA-Enabled Assurance*

**Again an example of product excellence capability of TARIL**

We would like to inform you that Transformers and Rectifiers (India) Limited has achieved a milestone with successful completion of Short Circuit Test on 8.8 MVA 33/2X0.690 kV Inverter Duty Transformer having Aluminum Winding, conducted at CPRI (Central Power Research Institute), Bangalore. Inverter Duty Transformer are used for the renewable able energy transmission purpose Please take the same on your records

Thanking you,

**For Transformers and Rectifiers (India) Limited**

**Chanchal S S Rajora  
CFO & Advisor to the Board**

TARIL is one of the leading manufacturers of a wide range of transformers globally. Today TARIL is second largest Transformer manufacturing company based on Capacity in India. It has capability to develop world class power, distribution, furnace and specialty transformers with world class infrastructure at three plants around the city of Ahmedabad (Gujarat, India). TARIL is managed by a highly skilled and experienced team of approximately 1200 employees, who consistently ensure that each and every activity factors in an adherence to high quality benchmarks established by the organisation.
