ABB India Q1 Net Jumps Four-Folds to ₹68 Crore

New Delhi: ABB India on Wednesday posted a four-fold jump in its net profit to ₹68 crore in the quarter compared to the year-ago period mainly due to higher revenues. The net profit of the company from continuing operations was ₹17 crore in the quarter ended on June 30, 2021, the company said in a statement. ABB India follows January-December fiscal.

Total orders for the quarter were at Rs 1,689 crore as compared to Rs 1,290 crore in Q2 2020 (April-June), a growth of 41 per cent.

Commenting on the results, Sanjeev Sharma, Managing Director, ABB India, said that the company has posted a "strong recovery while leveraging growth market segments with a good bounce back once the pandemic wave started to wane in June". "Solid demand for ABB products, solutions and services portfolio in many of our targeted market segments ensured our profitability despite the sharp increase in commodity prices during the quarter aided by operational efficiencies," he added.

The health and safety of stakeholders continues to be top priority and is an integral part of the company's business continuity strategy to serve customers, he stated. "We have rolled out a voluntary pan-India vaccination drive for all our employees, families, and partners across locations with nearly 80 per cent targeted personnel coverage by end of June," he also said. "We are on track with our 10-point ESG plan and continue to invest in this initiative and are seeing the impact in our targeted communities. We are well prepared to leverage our strength and readiness in H2CY2021," he said. Total orders for the quarter were at Rs 1,689 crore as compared to Rs 1,290 crore in Q2 2020 (April-June), a growth of 41 per cent. The month of June witnessed a gradual bounce back in orders by various state level lockdowns in the first two months of the quarter. There was a marginal dip in orders sequentially with businesses impacted by localized impact of the second wave, the company said. PTI

LOCKDOWN SLOWS DOWN INVESTMENTS State-Run Oil Cos Spend 20% of Annual Capex Target in Q1

BPCL has spent at the fastest pace among state-run companies

Our Bureau

New Delhi: State-run oil companies have spent ₹30,000 crore in the first quarter this year, nearly a fifth of their annual capex target of ₹165,000 crore, as per the petroleum and natural gas ministry.

Bharat Petroleum Corporation has spent at the fastest pace among state-run companies, using up 25% of its annual target of ₹10,000 crore in the April-June period. The refiner, which is seeking new owners, is investing in a range of projects from pipelines to petrochemicals facilities, marketing infrastructure and city gas.

Companies faced many hurdles in

executing their projects during the first quarter as the second wave of Covid-19 devastated the country, leaving many workers and families sick and restricting mobility for men and material. As states have lifted lockdown restrictions, new projects are gaining momentum, said an industry executive. Last year it was worse for these companies as lockdowns across several countries slowed the move-

ment of equipment and exports from abroad while project sites faced a shortage of workers for months as tens of thousands of labourers had gone back home. This year the projects faced limited restrictions. Indian Oil Corporation, the nation's largest refiner, spent 14% of its annual target of ₹28,500 crore in the first quarter. Hindustan Petroleum Corporation, another refiner, invested 23% of its target of ₹14,500 crore. Oil and Natural Gas Corporation, which has the highest annual capex target among state-run companies, at ₹23,800 crore, spent ₹5,200 crore during the April-June quarter. This was 17% of the annual target. Oil India has spent ₹1,000 crore, nearly a fourth of its annual target of ₹4,100 crore. GAIL, the nation's largest natural gas marketer and transporter, used up 10% of its target of ₹5,900 crore.

MGL Net Profit Jumps 351% on Low Base

New Delhi: Maharashtra Gas Ltd. the firm that retails CNG and piped cooking gas in Mumbai and other places, on Thursday reported a 351% jump in its June quarter net profits volumes recovered over a low base of last year. Net profit of ₹204.06 crore, or ₹20.66 per share, in April-June compared with ₹56.25 crore, or ₹4.58 a share, in the same period a year back, according to a stock exchange filing by the company. The CNG sector had been hit last year when the country was under lockdown that impacted mobility but was lower than the preceding quarter. PTI
