THANK YOU FOR SAYING

In the second year of our transformation journey, we have scaled several milestones in our endeavour to create a customer centric, empathy driven, transparent and accountable institution. This year, the challenges posed by COVID-19 only strengthened our resolve to serve all our stakeholders. In this journey our strongest pillar has been you, our customers – Thank You for saying YES.

The past twelve months have further fortified our dynamism, resilience and agility. Driven by these levers, we have reimagined our strategy, systems and offerings to present to you a transformed YES BANK. Through thoughtful innovations and solutions, we have made continuous efforts to adapt to the evolving realities of our stakeholders. Our digital first innovations across Retail, MSME and Corporate banking have been developed with the sole focus of supporting all our customers. Thank you for supporting us during this transformation and reinforcing our confidence in the new direction we're moving towards.

The change in our collective reality has helped the Bank realise that the corporate mindset goes beyond the business-as-usual approach and our biggest success stories are the ones where we have served our

communities and ecosystems. Even as COVID-19 continued to pose challenges, our employees embraced the 'new normal', driven by their passion and dedication to serve. Thank you for giving each of us this opportunity to be of value to our stakeholders.

Driven by a refreshed vision of the future and supported by you, we continue our journey to further amplify our efforts to enhance the experience of banking with YES BANK. We promise that we will persist in staying resolute to best support you while attaining our core operating targets.

We are proud to serve India and equally grateful because like us, India said YES every step of the way.

MESSAGE FROM THE CHAIRMAN

“ The Bank has brought in clear responsibility and accountability at multiple levels across the organization. It has successfully delivered a robust liabilities momentum with 55% growth in deposits over the previous year. This encouraging development reflects growing customer confidence across all segments.

Sunil Mehta
Chairman

Dear Shareholders,

Well into the second year as Chairman of the Board of a redefined YES BANK, I thank you for your invaluable support to the Bank's journey of transformation. Over the past year, the Bank has accomplished one of the most significant balancing acts in Indian banking history – successfully forging the transformation from a very precarious situation in March 2020, into an organization truly motivated and ready to deliver value to all its stakeholders. This extraordinary journey of completely reinventing the Bank, was done in parallel to the continuance of unusual circumstances and unknown risks induced by COVID-19, which has left no portion of our shared existence unaffected.

The transformation journey

The Bank in its transformational journey has made significant changes – bringing in clear responsibility and accountability at multiple levels across the organization. Having committed to responsible banking and social engagement last year, your Bank has, as promised dealt with all legacy governance, compliance and risk issues with dexterity and alacrity. In addition, the Bank has focused on building and reinforcing the foundation for high quality sustainable growth. It has successfully delivered a very robust liabilities momentum with 55% growth in deposits over previous year. This reflects very encouraging customer confidence across all segments.

Over the last year, the Bank focused on creating a more granular franchise with balanced earnings mix between wholesale and retail, monetized new businesses through digital innovation – while conforming to the highest standards of risk management, compliance and governance. I am delighted to share that in FY21, the Bank recorded 9.06 billion UPI transactions, a 102% growth over previous year, thereby positioning the Bank as a clear market leader in the banking industry.

I especially feel proud of each and every YES BANKer, who stepped up, putting in their best through these very difficult times, to help the Bank cross various key milestones of success. At this critical hour, with the Black Swan event of COVID-19 extending into 2021, I express my unreserved regard and gratitude, for the immeasurable contribution of essential service providers and many other nameless heroes who are working tirelessly for the collective well-being of the nation.

With unflagging commitment, YES BANK has also paved its way through this daunting situation, steadily and surely. After a historic Reconstruction Scheme executed in March 2020 by the Reserve Bank of India (RBI) and a consortium of investing banks, YES BANK undertook a systemic overhaul, putting in place a significantly more robust corporate governance model with extensive changes across organization, processes

MESSAGE FROM THE CHAIRMAN

and business strategy. Building on the three pillars of transparency, commitment and accountability, the Bank has laid a strong foundation for inclusive and sustainable growth.

Operating performance

I am happy to report that over the past year we have witnessed a strong resurgence in our operating performance. The operating profit for FY21 increased by 42% over previous year. We have strengthened the Bank's position on our specific strategic priorities – capital, cost, liquidity, stressed assets and governance. YES BANK saw its credit profile improve further this year with rating upgrades from multiple institutions. The upgrade from Moody's and other domestic rating agencies, following our successful FPO of INR 15,000 crore reflected the Bank's improving business fundamentals in 2020 itself.

On the asset quality front, our legacy stressed book has shrunk, and the Bank is well provided for with a provision coverage ratio (PCR) of 79%. The management, prudently accelerated the provisioning on incremental slippages in FY21, to prevent carrying forward provisioning requirements into FY22. On the back of this, the Bank posted an overall loss for FY2021, even as it maintained a profit run with sequential gains through the first three quarters of FY21. Importantly, capital ratios of the Bank remain

healthy, which will enable the Bank to tap into growth opportunities in FY22 in line with its stated objectives. The Bank's CRAR and CET1 ratios stand at 17.5% and 11.2% respectively as against 8.5% and 6.3% last year.

Economy and business: The road ahead

The Indian economy contracted by 7.3% in FY21 and was expected to clock a double-digit growth in FY22 before the second COVID-19 wave necessitated localized lockdowns once again. While this will push back the recovery to an extent, the economy is expected to return to a more normal and robust growth path with continued policy support from monetary authorities and the government. It would be equally prudent to prepare for possible weaker consumer sentiment in FY22. The economy will face some pressure to support adversely impacted unorganized, rural, MSME and contact intensive service sectors, amongst others. Given the consequent impact on jobs, rising input costs and supply side constraints, the Reserve Bank of India is expected to keep a watchful eye and monitor inflation trends on the back of domestic supply constraints and higher global oil prices. For now, the RBI is expected to lean towards boosting growth and hence persist with easy monetary policy.

Discretionary consumption could be affected as consumers, wary of a possible third wave, would prefer to build up on precautionary savings. A possible saving grace for the economy for FY22, will be a large budgeted capital expenditure of the Central Government, expected to unleash a multiplier effect on the economy. This will ultimately crowd in private investments and help revive the job market.

Even as challenges remain, the circumstances are likely to have created fresh opportunities for the banking sector. COVID-19 has no doubt enhanced the digital footprint in all areas of life – human interaction, e-commerce, education and also remote working. Businesses are encountering a shakeout. I am confident they will adapt to a changed landscape and seize new opportunities that emerge out of this fast evolving technological and risk transformation, changes in social structure and consumer behavior, unpredictable market dynamics and volatile economic cycles. Given this backdrop, YES BANK continues to strengthen its strategic foresight and be future ready.

Poised for growth

At YES BANK, we continue to closely monitor the current macro-economic scenario and I believe that our coordinated efforts, together with stakeholders' support, will enable us to deliver our commitment

MESSAGE FROM THE CHAIRMAN

“Rural India will continue to be key in propelling the country's economic growth. The transformed YES BANK fully recognizes its role and business opportunities in serving Bharat. The Bank will place significant thrust on identifying emerging rural markets to increase value growth and drive profitability.

4,77,000

CASA accounts opened in H2 FY21, pointing to strong customer acquisition

to customers and communities. We fully recognize new and challenging risks as they move from 'Known Unknowns' to 'Unknown Unknowns'. The risk culture in the Bank will adapt accordingly.

The effort in the past year has been to build granular retail business and MSME advance book with customer-centric product launches. A strong foundation has been laid for the Retail franchise over the last few years, and the Bank is future ready for growth, enabled by product and service differentiation, and a focus on quality customers, cross-sell, the right people skill sets, technology and compliance. New customer acquisition was strong in H2FY21 with the Bank opening 4,77,000 CASA accounts and lifetime best retail asset disbursements at INR 15,000 crore and this should continue into FY22. Even the SME business showed strong traction with H2FY21 disbursements in excess of INR 8,000 crore.

Business and digital transformation

Granularized growth of our retail franchise continues to be a core part of our growth strategy, driven by our pan-India branch network and leveraging our digital capabilities. The Bank is focused on calibrated cash flow-based growth in high quality retail and select MSME sectors, developing viable ecosystems in these growth sectors. In the corporate segment, our aim would be to expand in select asset light sectors with differentiated offerings.

As we progress further on our transformational journey, the Bank is well placed to deal with turbulent events and technological disruptions to traditional banking business models by fintech players. Over the last twelve months, we have digitized our key asset and deposit journeys to build segmented and personalized 'digital first propositions'. With customers at the center of our actions, a major pillar of our retail strategy is to strengthen our customer service with greater empathy, care as well as imbibing technology led innovations to enhance our digital self-serve models. Our 'Loan in Seconds' platform, front-end automation initiatives viz. YES Robot, CRM platform YES Genie, have resulted in lower turnaround time along with higher productivity. We had 75%+ accounts digitally opened in Q4FY21. To provide our customers with a personalized banking experience, catering to their needs, we are looking at transforming our data and analytics thereby deepening our analytics expertise. The Bank has recruited ~300 profiles with technology, product, digital or analytics background to strengthen our digital leadership.

In the wholesale banking space, the focus would be on granular, cash flow backed business to leverage digital or transaction backed relationships with fintech and e-commerce partners. A crucial area of our growth strategy is to fortify our digital distribution capabilities in the transaction banking space through curated fintech partnerships. Transaction banking will

develop digital distribution via partnership with fintech companies to reach out to new customers.

Key pillars of the wholesale banking strategy would be around sector-specific lending opportunities with a focus on new customer onboarding, deepening product penetration and cross-sell, liability growth and focus on agency banking, digital investments and knowledge sector driven relationship management, while maintaining the highest standards of governance and risk management. YES BANK is also targeting selective presence in the infrastructure lending space such as roads, ports, renewables and transmission, cement and metals that are likely to get a boost from enhanced government expenditure.

Rural India will continue to be key in propelling the country's economic growth. The transformed YES BANK fully recognizes its role and business opportunities in serving Bharat. The Bank will place significant thrust on identifying emerging rural markets to increase value growth and drive profitability. It will fully serve its rural customers by deepening its branch presence in rural regions and strategically partnering with technology providers for co-origination and cross sell of retail and SME assets, insurance, securities and wealth offerings.

The Bank has already covered some distance towards its goal of a long-term frugal, sustainable cost culture,

MESSAGE FROM THE CHAIRMAN

“ By strengthening its frameworks for addressing environmental and social risks and impacts of its lending activity, operations and supply chain, the Bank continues to align more closely with global Sustainable Development Goals.

5%

Reduction in carbon emission intensity of Bank operations in FY21, compared to year before

with projects focused on price reductions through bottom-up assessment and zero-based budgeting of various spends.

Environmental, Social and Governance (ESG) Goals

The Bank recognizes that sustainable growth is inextricably linked with environmental sustainability and social development, and therefore, continues to strategically integrate ESG considerations into its core business strategy. By strengthening its frameworks for addressing environmental and social risks & impacts of its lending activity, operations and supply chain, the Bank continues to align more closely with global Sustainable Development Goals. The Bank is also committed to aligning its business to the Paris Climate Agreement's goal of limiting global temperature rise to 1.5 degrees Celsius, starting with definitive actions towards measuring its financed emissions and aligning its electricity sector exposure, to the global 1.5-degree decarbonization pathway. The Bank also achieved a 5% reduction in the carbon emission intensity of its operations in FY21 as compared to the previous year. As it continues to work with stakeholders across the spectrum to share knowledge and accelerate action towards sustainable finance, biodiversity conservation, and climate resilience, the Bank will continue to make

comprehensive, voluntary disclosures on how it embeds sustainability into its operations and governance structures.

Having embraced a dynamic business model adaptable to external realities, I am hopeful that our endeavors to strengthen the Bank's technological architecture to better cater to our customers will enable value creation for all YES BANK stakeholders. Retaining our focus on fulfilling our fiduciary responsibilities to shareholders, employees and the regulator, the Bank is committed to improving the quality of governance and ensuring effective risk management practices which benefit all stakeholders. These efforts are being undertaken towards building a more transparent, more agile and more customer-friendly YES BANK.

I believe that with the past behind us, the way ahead lies in leveraging the unique learnings of last year to stay resilient and responsive, and continuing to persevere in fulfilling the aspirations and expectations of our customers.

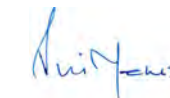

Our gratitude

Once again, I take this opportunity to thank our valued customers, regulators, investors and our other stakeholders, with special mention of SBI and other investors who invested as part of the Reconstruction Scheme for standing with YES BANK and continuing to repose faith in the organization's vision and leadership.

I am thankful to my Board colleagues for their wise guidance and valuable inputs in establishing highest standards of governance, as we navigated through this period of transformation. The Bank would not have reached here without the unwavering commitment and loyalty displayed to this institution by over 21,000 YES BANKers. The Bank is indebted to their families who also bore the brunt of the prevailing situation since last year. I remain grateful for your unwavering support and continued confidence in YES BANK. I wish good health and prosperity for everyone.

Thank You!

Best Regards,

Sunil Mehta

YES BANK

MESSAGE FROM MANAGING DIRECTOR AND CEO

Dear Shareholders,

As our nation finds itself in the midst of a resurgence of COVID-19, which has strained our lives and collective well-being yet again, my thoughts and prayers are with all those who have been affected by it.

I am indebted to all healthcare workers, essential service providers and members of the civil society as well as the administration for their invaluable contribution in this battle against a global health emergency. Over the past year, YES BANK's top priority has been to ensure the health and safety of all – our employees, customers, stakeholders and the society at large. We have moved forward cautiously and responsibly to minimize the impact of COVID-19 on our circle of connections to the extent possible. We were able to support our customers and communities through these trying times because of the untiring efforts of our staff, who have stood together as one team to ensure round-the-clock services. For this perseverance, which sometimes came at personal cost and sacrifice, I am grateful to our employees. The degree of resilience they have shown through the changing scenarios makes me proud and leaves me humbled at the same time.

Economy on the mend

Much of this came to pass amid a stringent lockdown to contain the spread of the virus last financial year. Restrictions in rural areas were less stringent and this

segment continued relatively smoothly through most of the year. The worst hit were the manufacturing and the services sectors. Consequently, India registered a dismal annualized growth in Q1FY21 at -24.4% with the manufacturing sector de-growing by 36% in this quarter.

With the challenges of the lockdown evident, the government quickly took various fiscal measures to ease the burden on low-income groups of the population. The RBI, on the other hand, took up the mantle of providing much-needed help to the production sector. While it continued to ease the policy repo rate and promised to maintain surplus liquidity in the system, the RBI announced measures targeted at ensuring adequate flow of funds to MSMEs and NBFCs. The RBI also maintained orderly conditions in the interest rate markets in light of the large fund requirements of the government. This was mostly to ensure that interest rates do not rise to derail the recovery process. Despite the economic hardships, the government moved ahead to announce reform measures targeted at supporting investment activity. These included the *AatmaNirbhar Bharat Abhiyaan* and Productivity Linked Incentive (PLI) Scheme among other initiatives.

The banking sector also bore the brunt. While deposit mobilization improved sharply, credit demand was lacking. Before the COVID-19 situation, the sector was

Prashant Kumar

42%

Operating profit growth over the previous year, to INR 4,977 crore.

MESSAGE FROM MANAGING DIRECTOR AND CEO

gradually trying to mend its balance sheet problems with respect to the NPAs. The consequences of COVID-19 set back this process. The RBI sought to ease the burden by announcing moratorium for borrowers and standstill on asset classification by the banks.

As the 'unlock' process started, amid optimism fueled by festive demand, GDP growth in Q3 FY21 bounced into a positive zone and recorded +0.4%. Official estimates highlighted an 8% contraction of the economy for FY21 while looking forward to a 10.5% growth in FY22. These expectations now face a risk as the country is engulfed by a second wave of infections.

Challenges abound. But there is hope now as the vaccination drive is expected to get back on track as supplies stabilize with increased production. The Union Budget for FY22 has continued with the reforms process by announcing the setting up of a Development Financial Institution and creation of a National Asset Reconstruction Company, along with a sharp increase in the allocation for the healthcare sector. As the second wave of infections begins to ebb, it remains our collective responsibility to follow COVID-19 appropriate behavior and avert a third wave. Once this is managed, the reform measures of the government alongside easy financial market conditions should push India towards a sustained higher growth path during the year.

Continuing our transformational journey

Incidentally, COVID-19 has been the unexpected backdrop of YES BANK's institutional transformation which began in March 2020. The Bank, steered by a new leadership and a reconstituted Board of Directors, set upon a forward-looking journey of positive change, guided by the principles of transparency and accountability. Over the past year, we laid the foundation for accelerated growth while maintaining a strong focus on corporate governance. Even as we tide over the challenges of COVID-19, we continue to work towards creating a robust, resilient and future-ready franchise, creating value for all our stakeholders.

In line with the strategic objectives set out at the start of FY21, the Bank has been able to demonstrate significant progress across all parameters:

- Growth of deposit franchise by 55% to approximately INR 1.63 lakh crore with CASA ratio at 26%
- Strong growth in Retail and MSME advances which now account for 51% of total advances – a first for the Bank and up 700 bps YoY
- Successfully raised INR 15,000 crore of capital via an FPO in July, 2020 to recapitalize the Bank

- Healthy operating profits growth of 42% YoY to INR 4,977 crore on back of increase in NII and reduction in operating expenses by 14 per cent
- Strong track record of recovering INR 4,933 crore by the dedicated Stressed Asset Management team despite COVID-19 related disruptions and incidental process delays
- Significantly stronger and robust governance model with changes across organization, processes and business strategy
- Lastly, in FY21, the Bank prudently absorbed COVID-19 related impact by stepping up the bad loan buffers. Despite such accelerated provisioning, the Bank's CET1 remains healthy at 11.2 per cent and CRAR at 17.5 per cent

Customers at the heart of all we do

Amid restrictions on mobility of goods and people, we reinforced our resolve to put *the customer at the center of all our activities*. In an environment of physical distancing, the Bank established an unbroken link with customers via proactive communication to retain and reinforce trust. Not only were we able to scale up our digital infrastructure across touchpoints, but we also made innovations that allowed people

easy and continued access to finance through this time. We rolled out personalized products and solutions tailor-made to satisfy a range of banking needs. Solutions such as AI-backed customer support, contactless transactions, easy digital loans, startup funding and other online innovations allowed continuity and convenience to both micro, small and medium enterprises (MSMEs) and individual customers across segments. By building platforms to connect businesses with prospective customers, we also helped create a digital space where our customers could conduct and grow their businesses securely.

Providing a safety net to our employees with many measures including vaccination at locations across India

Supporting our employees

Weaving a safety net for our employees, the Bank set up systems in place to support their wellbeing - right from vaccination tie-ups with hospitals, reimbursing the cost of the vaccine to employees, expanding insurance cover for YES BANKers as well as their families, partnering with hotel chains for quarantine facilities for staff who have tested positive, and routinely hosting information webinars, to launching a 24x7 COVID-19 help desk for unlimited consultations with doctors including for non-COVID-19-related issues, professional on-call counseling for mental wellness, hospital coordination support and emergency services. Apart from the core support services, the Bank has also facilitated additional medical services including RT-PCR tests, home isolation programs, medical equipment rentals, home healthcare support, ambulance rental and so on.

While no amount of such assistance can make up for the anguish faced by bereaved and affected families, the Bank, in its capacity, has endeavoured to alleviate the agony by providing basic support to community members.

Additionally, we are working to institute a phase-wise transition to the 'Work From Anywhere' (WFA) model to limit staff exposure on the premises of our offices and branches, even as we ensure there is no obstruction in continuing to provide round-the-clock support to our customers. The WFA model, backed by infrastructure support for secure and seamless workflows, will not only

allow more flexibility for our employees in planning their work routine, but also create employment opportunities for people who couldn't join a workplace due to restrictions on commuting and travelling.

Gratitude for past, hope for future

Throughout the ups and downs of last year, I feel fortunate for the trust that you have placed in the Bank, which is the motivation driving the Bank forward on this new course.

We have a clear vision for the future with an action plan for FY22 and beyond. These revolve around:

- **Operating profitability** on the back of cross-sell, cost efficiencies and expanding margins
- **Granular growth of deposit franchise:** Retail push to focus on expanding pan-India presence; transaction banking to develop digital distribution via fintech partnerships to reach new customers
- **Strong recoveries:** focused attention on resolution and recovery by a team of specialized professionals
- **Sustained growth of retail and MSME loan book:** Calibrated cash flow-based growth and build ecosystems in key growth sectors; grow in select asset-light corporate sectors with differentiated capabilities
- **Highest standards of risk management, governance and compliance:** Strengthen operating model on collections and risk management; streamline key decision-making processes

- **Maintain digital leadership:** Invest in building analytics function; accelerate digital transformation; digitize asset and deposit journeys
- **Continue to strengthen responsible franchise:** Promote sustainable finance opportunities and build resilience against ESG risks; invest in capability building of staff; enhance productivity through talent management

I am happy to apprise you that the wheels are already in motion for the successful realization of the Bank's progress on the above lines. I am confident that this dynamic roadmap, framed keeping our country's swiftly evolving banking needs in mind, will aid our efforts towards inclusive growth, long-term sustainability and productivity.

To all of our stakeholders, thank you for placing your trust in YES BANK and for your continued support. Our commitment to you is unwavering as we increase the momentum of our transformation into a stronger institution.

Sincerely,

Prashant Kumar

COVID-19 RESPONSE

Taking optimal action to ensure the health of our employees, customers and communities has been a top priority and an ongoing process at the Bank since March 2020, when COVID-19 first necessitated lockdowns. Up until today, YES BANK continues to take – and appropriately revise – measures to ensure the safety and health of the YES BANK family as well as our larger community.

For Employees

Aware of the severity of the second wave of COVID-19 infections and the onslaught brought on by the Delta variant, YES BANK intensified its efforts

to support employees in all possible manner. It commenced and continues to host an array of initiatives to help staff communities navigate these unprecedented times.

YES BANK has ensured a safe and supportive working environment for employees and safe banking spaces for customers, especially those at maximum risk of being affected by COVID-19, by:

- stepping in to make key interventions at the right time
- staying responsive to changes in safety guidelines and regulations, and
- simultaneously evolving processes and systems to best suit the dynamic situation

Minimizing exposure with work flexibility:

Necessary infrastructure support as well as IT and security support have been provided to ensure that the employees continue working from the safety of their homes. The Bank has worked with agility to operate its branches and call centers with minimal staff to minimize exposure. The Bank is also

transitioning to a 'Work From Anywhere' model to support more employees. The Bank has organized training sessions to help employees adapt to a remote working set up. To ensure work efficiency, YES BANK continues to invest in strengthening IT infrastructure and digital platforms to complement its electronically linked physical branch network.

Sanitized spaces: The Bank has formulated a clear standard operating procedure (SOP) outlining the necessary behavioral changes along with interventions needed at various touch points—maintaining a safe physical distance, taking steps to avoid crowding on office premises, use of hand sanitizers and face masks, and so on.

Ensuring holistic wellness with a taskforce, helpline and fitness sessions: The Bank partnered with healthcare providers to launch a dedicated COVID-19 helpdesk, with a hot line number, which can be reached at all hours of day and night by any YES BANKer. Under this key initiative, complimentary medical support services are available to YES BANKers and in some cases their families. The services range from complimentary online consultation with doctors as well as psychologists and counsellors for physical as well as mental well-being, to enrolment of family members for such support, ambulance booking and hospital coordination, quarantine aid with tie-ups

to ensure hotel rooms at affordable tariffs, home isolation support, RT-PCR tests, medical equipment on rent, and so on. The Bank has also set up health centers across key locations so that trained paramedics, doctors and dieticians are accessible to employees at various offices of the Bank. Live fitness sessions are also conducted online in collaboration with professionals on wellness practices and meditation.

COVID-19 RESPONSE

Enhanced insurance cover: The Bank has extended several medical benefits, insurance coverage and other related facilities, including an increase in cover for COVID-19 hospitalization and home quarantine coverage for self and family. In the unfortunate event of an employee's demise, the Bank has extended an immediate ex gratia of two months' salary to their family, and also a job offer to a family member. This is in addition to all other financial support that will be extended to the deceased employee's family as part of insurance covers available to the employee.

Vaccination drive: Under an ongoing vaccination drive, the Bank, at key locations, is organizing and bearing the cost of vaccination of employees, on-site vendor staff and employees' families.

Relief Program: Acknowledging that our COVID-19-hit colleagues not only need comforting and encouragement, but also our generosity and aid, the Bank has put in place an internal contribution drive for employees to volunteer financial aid for impacted colleagues who may have exhausted their financial resources due to hospitalization expenses for themselves or their loved ones. The Bank matches the overall contribution received from employees, by pledging an equal amount towards this fund.

For Communities

YES BANK has responded to COVID-19 through partnerships and direct interventions across 15 states in India since March 2020, committing more than INR 25 crore towards immediate and long-term response to COVID-19.

The Bank remains committed to the needs of citizens and continues to work alongside the government and health authorities to work towards enhancing community care with impactful initiatives to benefit or assist people in dire need at a strained time. While continuing key initiatives launched last year to safeguard and support communities, new collaborative projects were embarked upon to achieve this end.

Chief among these was our collaboration with an NGO to enable our customers to contribute medical oxygen to patients struggling for life amid an acute shortage during the second wave of COVID-19 infections in 2021. Under the initiative, customers could redeem the reward points accumulated on their YES BANK debit and credit cards to donate oxygen cylinders to needy patients across several metro cities, using the online portal.

The Bank also launched a series of volunteering campaigns – Joy of Giving -- to virtually connect employees with senior citizens who were isolated and needed human companionship during the lockdown.

The same campaign was extended to orphaned children as well as young professionals, who were stranded in the aftermath of COVID-19.

With the intention of helping local businesses get back on their feet after the lockdown, the Bank launched YES for Local, an initiative to support

domestic homegrown businesses. Customers could benefit from online deals, offers and discounts while shopping online with merchants listed with the Bank.

Raising awareness in rural areas: YES BANKERS conducted multiple online awareness sessions for over 500 rural farmers on myths around COVID-19

COVID-19 RESPONSE

vaccine and precautionary measures for children affected by COVID-19. Through our implementation partners, the Bank addressed vaccine hesitancy and extended support for registration on COWIN for farmers.

The Bank contributed to PM CARES Fund for strengthening health infrastructure and immediate relief and response.

Medical equipment was provided for COVID-19 management to Gujarat Cancer Society and Army hospital.

Dry ration and hygiene kits were provided to hundreds of families impacted due to loss of livelihoods.

Immediate relief was provided to children through medical and financial assistance and scholarships.

The Bank is working towards long-term economic security for the vulnerable by focusing on:

- Job-oriented skilling
- Incubating micro enterprises
- Promoting nano enterprises

For Customers

As the country starts unlocking again and business activity recommences, YES BANK continues to prioritize customer well-being, launching contactless payments and implementing measures to provide a sanitized and disinfected environment for them to carry out their banking activities. This is in addition to ensuring that all our customers have a platform to conduct their day-to-day banking activities digitally, from the safety of their homes, apart from online support and access to finances.

A convenient digital solution launched by the Bank to make finance easily available to customers, safely and speedily, was 'Loan In Seconds', where YES BANK account holders could apply for a loan digitally, with the benefits of no documentation and instant disbursement.

Last year, given the need for easy access to liquidity, the Bank enabled digital overdrafts on fixed deposits. Using agile digital innovation platforms, the Bank was also able to launch products and solutions enabling consumers to open accounts digitally and complete their KYC remotely via Video KYC.

The Bank further continues to sustain a ramped-up remote access capability to cover critical activities during partial lockdowns.

OUR INTEGRATED APPROACH

YES BANK consistently strives to integrate environmental, social and governance (ESG) considerations into the Bank's core business, with a focus on building resilience against ESG risks and mainstreaming sustainable finance.

The Bank aims to closely align its business to global sustainable development frameworks and play its part in achieving the objectives set out in the United Nation's Sustainable Development Goals (SDGs), the Paris Climate Agreement, and the Principles for Responsible Banking (PRB).

ENVIRONMENT

YES BANK is cognizant of its environmental impacts and responsibility towards climate action, and continually endeavors to conserve natural resources and minimize the environmental impact of the Bank's portfolio and operations.

ENVIRONMENT

PORTFOLIO

Environment and Social Policy

To safeguard its portfolio from environmental and social risks and to ensure that the Bank does not finance activities that may adversely impact natural ecosystems, the Bank has adopted an Environment and Social Policy (ESP) to assess and address potential environmental & social (E&S) risks associated with its lending activities.

Climate Action

The Bank has also accorded a high strategic priority to climate action and is developing a framework for measuring and mitigating climate related physical and transitional risks at the operational and portfolio levels. As part of the Science Based Targets Initiative (SBTi), the Bank has measured its attributable financed emission of its electricity sector exposure, and developed targets for alignment with the global decarbonization pathway, which is being formalized for implementation.

Impact analysis against SDGs

YES BANK is the only Indian Founding Signatory to the UNEP FI Principles for Responsible Banking (PRB), the first global framework for enabling the banking sector to align their business to the objectives of the SDGs and the Paris Climate Agreement. In line with its commitment under PRB, the Bank has begun carrying out an SDG impact analysis of its portfolio to identify the most significant areas of positive and negative impacts of the Bank's business on the 17 SDGs. The assessments from this exercise will enable the Bank to adopt strategies to minimize its negative impacts and maximize positive impacts of its business activities.

Sustainability-linked sectors

Sunrise sectors like E-mobility, Smart Cities and Renewable Energy hold the key to a low carbon economy and sustainable growth. YES BANK has built in-house expertise to address the needs of these new-age sectors through advisory & implementation support and investment banking solutions

Diversity & Inclusion

Diversity and Inclusion are extremely critical aspects for building a strong and successful organisational culture. YES BANK believes that creating an environment that is inclusive towards employees of all backgrounds, genders and identities is extremely important.

A diverse and inclusive culture does not happen by chance and requires a cultural transformation, wherein all practice 'conscious inclusion' through thoughts, beliefs and behaviors that value and leverage individual differences. In FY 2021, the Bank created the YES BANK Diversity & Inclusion (D&I) Council with the objectives of:

- Helping the Bank Embrace Diversity and Inclusion as drivers for employee satisfaction as well as organizational innovation, value and growth
- Serving as a Diversity & Inclusion advocacy and enablement group for the Bank, while constantly tapping the collective D&I knowledge and experience

SOCIAL

Employee Engagement & Wellness

The Bank has a 5C Employee Engagement Framework (Care, Connect, Communication, Career, Culture) with the objective to cater to overall mental & physical wellbeing of employees, provide continuous developmental opportunities, build a culture of collaboration & appreciation and provide a positive work environment

Rural Customers

In line with its commitment towards sustainable 'inclusive growth' in the rural and semi urban segment, YES BANK, has always focused on frugal innovations and key partnerships to create and promote viable business models, while providing 'access to finance' to the bottom-of-the-pyramid (BOP) customers.

It has a two-pronged strategy involving divisions – Inclusive and Social Banking (ISB) and Microfinance Banking (MFB) – for implementation of various financial inclusion initiatives. Further, to provide comprehensive services, the Bank has aligned the ISB & MFB businesses with its Rural Branches and has also deepened the distribution channel through Business Correspondent (BC) branches and BC managed Banking Outlets (BCBOs).

- As on March 31, 2021, the Bank has an active women customer base of 9.8 lakh. Since inception of the programme in 2011, a cumulative disbursement of over Rs. 11,852 crore has been done, reaching out to over 31 lakh families, till date.
- During the FY 20-21, in addition to the existing 21 Business Correspondent managed Banking outlets (BCBOs) in Unbanked Rural Centers, the Bank has made significant progress by adding another 51 BCBOs, thereby taking the total count to 72 BCBOs, through which all deposit, lending, and third party products are offered to over 26,000 customers in the rural segment.

SOCIAL

Supply Chain

The Bank has a diverse supplier base, comprising 11,500+ large, medium and small suppliers which also include providers of key platforms and services on which the Bank operates. The Bank has transacted with 5000+ suppliers in FY 2020-21 for provision of goods and services across all the offices and branches.

The Bank has formed strategic relationships with eminent Indian and global companies, which not only widen business platforms but also lay the foundation for a sustainable future. The Bank uses local vendors for localised consumption of products and services with almost all transactions and procurement done through in-country vendors.

YES BANK endeavours to integrate sustainability considerations into its supply chain. As India's first banking signatory to the UN Global Compact, The Bank abides by the 10 principles of the compact encompassing human rights, labour, environment and anti-corruption. In FY 2017-18, YES BANK adopted a Supplier Code of Conduct, based on Environmental, Social and Governance (ESG) parameters, defining the Bank's commitment to human rights, fair labour practices, environmental progress, and anti-corruption policies. In FY 2021, the Bank conducted a pilot ESG assessment of 15 select strategic suppliers to understand their adherence to nationally and internationally recognized ESG practices. The Bank will use the observations derived from the assessment to strengthen the process of sourcing sustainable products and ESG compliant suppliers thus creating a responsible supply chain.

Government

India faces many developmental challenges that can only be addressed through the joint interventions of both the public and private sector. With its in-depth sectoral expertise, policy research capabilities and strategic alliances, YES BANK works with the government and the public sector to execute key mandates and contribute to national priority areas

“ In FY 2017-18, YES BANK adopted a Supplier Code of Conduct, based on Environmental, Social and Governance (ESG) parameters, defining the Bank's commitment to human rights, fair labour practices, environmental progress, and anti-corruption policies.

SOCIAL

Community

Since inception, the Bank has developed and implemented various programs to enhance and create shared value through unique, scalable, and sustainable

models to achieve this objective. YES BANK's Corporate Social Responsibility (CSR) policy guides the Bank to deliver internal and external positive socio-environmental impact by following a unique approach, which focuses on:

- Promoting principles of social responsibility and inclusive growth through awareness and support
- Investing in socially and environmentally responsible activities to create positive impact
- Engaging with stakeholders to further the sustainability agenda of the Bank and empower them with knowledge
- Collaborating with like-minded institutions and forging partnerships towards addressing the needs of stakeholders
- Monitoring the environmental and social investments of YES BANK through structured governance and transparent performance indicators

This unique, multi-pronged approach has enabled the Bank to forge meaningful associations with its stakeholders, including community groups, non-profit organizations, governments, corporate peers, and civil society and deliver exponential impact. With the view of actualizing and concentrating its efforts towards Sustainable Development Goals (SDGs), the Bank undertook various programs and initiatives during the FY 2020-21, in line with its CSR focus areas:

LIVELIHOOD AND WATER SECURITY

'SDG 6 – Clean Water and Sanitation' sets out to 'ensure availability and sustainable management of water and sanitation for all'. Water, being at the core of sustainable development, has strong linkages with other developmental parameters such as education, health, food security and livelihoods. In the Indian context, access to safe and clean drinking water is extremely critical to ensure survival and progress of rural, underprivileged and marginalized section of the society. In concurrence with SDG 6, YES BANK launched its Livelihood and Water Security initiative in 2014, with the aim to provide access to safe, clean and affordable drinking water to urban, rural and semi-rural communities. The plethora of initiatives undertaken by the Bank over the years has positively impacted the community members and improved their health and welfare.

SOCIAL

**EMPLOYABILITY AND ENTREPRENEURSHIP**

YES BANK's first-of-its-kind CSR initiative 'Say YES to Sustainable MSMEs in India', was conceptualized to support MSMEs in adopting best practices in Energy Efficiency (EE) and Occupational Health & Safety (OHS). The initiative has helped MSMEs integrate sustainability into operations, reduce overall carbon footprint, enhance global competitiveness in terms of output and efficiency, and contribute to India's 'Zero Defect, Zero Effect' vision.

54,925

MSMEs and more than 1,00,000 workers benefitted through Say YES to Sustainable MSMEs initiative

**ENVIRONMENTAL SUSTAINABILITY**

India is home to a rich biodiversity, many of the species being endemic to specific areas, and under threat from various anthropogenic factors. As a financial institution, YES BANK has taken focused measures to ensure conservation of biodiversity and endangered species, while mitigating the factors affecting them.

The Bank has steadily worked towards preventing extinction of critically endangered / endangered species such as Red Panda and Great Indian Bustard by supporting habitat restoration (protected & potential) and community-led interventions in the NCR, Rajasthan and Sikkim. Through such initiatives, the Bank assisted in creating a holistic local ecosystem for promoting conservation and preservation of natural capital.

SOCIAL

SOCIAL TRANSFORMATION

YES FOUNDATION (YF), one of the implementing arms of YES BANK CSR, has a unique Grants & Accelerator program, which helps existing social impact organizations to improve quality of operations, adopt management best practices, scale up impact and emerge as benchmark organizations in the sector. 22 NGOs and social enterprises were selected in 2018 for this program through a competitive application process. Capacity building of these selected organizations was undertaken through workshops and mentorship sessions focused on Governance, Compliance, Controls, Performance and Risk Management. Subsequently, projects were identified to enable scale-up of each of these organizations through a three-year grants support.

Launched in October 2020 under #ZimmedariSeTayyari initiative of the Bank, employee volunteering focused on engaging employees and their family members across several initiatives and causes benefitting senior citizens in old age homes, underprivileged youth, differently abled, orphaned children and children suffering from terminal diseases.

MANAGEMENT DISCUSSION AND ANALYSIS

IMF raises global growth projection for 2021 to 6% vs -3.3% for 2020.

EXECUTIVE OVERVIEW

Macro-economic and Industry overview

The global economic recovery slackened in the quarter ending December 2020 relative to the quarter ending September 2020 as several countries battle second waves of COVID-19 infections, including more virulent strains. However, as reported by OECD, GDP growth for G-20 economies returned to pre-pandemic level in the March 2021 quarter, recording a growth of 3.4% on a year-on-year basis, following a contraction of 0.7% in the December 2020 quarter. With massive vaccination drives underway, risks to the recovery may further abate and economic activity is expected to gain further momentum in the second half of 2021. In its April 2021 update, the International Monetary Fund (IMF) has revised upward its estimate of global growth for 2020 to (-)3.3% from (-)4.4% and increased the projection of global growth for 2021 to 6%. Barring some emerging market economies, inflation remains benign on weak aggregate demand, although rising commodity prices carry upside risks. Financial markets remain buoyant, supported by easy monetary conditions, abundant liquidity and optimism from the vaccine rollout. Global trade is also expected to rebound in 2021, with services trade on a slower recovery than merchandise trade.

For India, the real GDP too contracted by 7.3% for FY21. High frequency indicators – railway freight traffic; toll collection; e-way bills; and steel consumption – suggested that a revival was underway. In FY21, the agriculture sector remained resilient - borne out by the Government's 3rd Advance Estimates of production of major crops during the year at 305.4 million tons, higher by nearly 8 million tons over the last year. After breaching the upper tolerance threshold of 6% for eight consecutive months (April-November 2020), CPI inflation fell to 4.1% in January 2021 before moving up again to 5.5% by March 2021. While the movement in food prices mostly led to the movement in the Headline CPI inflation, core inflation was firmer in FY21, averaging 5.3% compared to 4% in FY20. In the January 2021 round of the Reserve Bank's survey, inflation expectations of households softened over a three month ahead horizon in tandem with the moderation in food inflation; one year ahead inflation expectations, however, remained unchanged. After contracting in FY21, real gross domestic product (GDP) is broadly expected to expand. However, with the second round of infections hitting the country and the economy, various research houses have started to mark down their real growth expectations from double digit levels to high single digits.

The COVID-19 impact

COVID-19, with its mutated contagious strains, has hit again in 2021 – with a rapid resurgence in global cases, notably in India and countries in Europe and Latin America. At this juncture, rapid vaccination lends a ray of hope. April 2021 saw a doubling of global vaccination rates and a concomitant lowering

MANAGEMENT DISCUSSION AND ANALYSIS

of average transmission rates in countries with high vaccination rates. The second wave in India had seen new peaks in daily cases, daily deaths, active cases and positivity rates. The policy response, as has been the global experience, includes localized micro-containment measures, state-specific movement restrictions, mobilization of health supplies and ramping up of health infrastructure. Recognizing vaccination as the crucial pillar to the 'Test, Track, Treat and Covid appropriate behaviour' strategy, the access to vaccines has been deregulated and opened to all individuals above the age of 18 years. (Source: Monthly Economic Review, April 2021, Economic Division, Department of Economic Affairs, Government of India).

In March 2020, Government of India executed a strategy wherein it imposed lock-down to allow states to ramp-up their health and testing infrastructure while implementing "Pradhan Mantri Garib Kalyan Yojana" to provide immediate cash support to the needy. More than 420 million poor people received financial assistance of ₹654.54 billion under the scheme. In May 2020, the Government adding to its past measures and that of RBI, announced a consolidated stimulus package of ₹20 trillion. The stimulus package was pivoted on "Atma Nirbhar Bharat", wherein MSMEs received a huge financial package in terms of collateral free debt, guarantee for subordinate debt through Funds-of-Funds and interest subvention scheme. The government measures were aimed at a set of reforms that provided continuity to the initiative that commenced in 2014. Importantly, it sought to accelerate the reforms process at a time when the pandemic has constrained the fiscal envelope of the government and dampened the inclination of the people to spend, in view of economic uncertainty. To provide a boost to investments and manufacturing, the government also announced the Productivity Linked Incentive (PLI) scheme for various sectors.

On the monetary policy front, the RBI slashed repo rate by a cumulative of 115 bps on Covid response to provide support to growth and economic sentiment. In addition, the central bank upped the policy response by introducing Targeted Long-Term Repurchase Operations (TLTRO) and increased the quantum of Long-Term Repo Operations (LTROs). It trimmed its CRR rate (by a cumulative of 50 bps), the first time since the Global Financial Crisis and allowed banks a higher dispensation under the MSF window. It also provided few forbearance measures for consumers and businesses.

Consequent to the above measures money market liquidity switched into surplus territory in Q2 FY 2020-21 (₹1,326 billion), with the magnitude of surplus widening in Q4 FY 2020-21 (₹3,088 billion) on the back of unsterilized build-up of FX Reserves by the RBI, along with primary liquidity infusion through FX Swaps, Open Market Operations, etc.

The pressure of additional market borrowings by the Central (borrowings for the year was upped to ₹12 trillion from the budget announcement of ₹7.8 trillion) and the State Governments, low demand for dated securities and a rise in the fuel prices and higher inflation prints in the H1 of FY 2020-21

led to a hardening trend in the government securities yield. The pressure on the yields was largely mitigated by the RBI through special Open Market Operations (well known as "Operation Twist"), increase in HTM limits, and liquidity infusion. This continued well into the second half of the year along with the Monetary Policy Committee's forward guidance on maintaining accommodative stance for as long as necessary to revive growth. Yields, however, failed to soften much as the market continued to remain worried of large supplies with the announcement of additional borrowings by the Central Government to meet GST compensation shortfall for States, announcement of additional borrowings of ₹80,000 crore (for FY 2020-21 itself) and another year's target of sizeable borrowings of the Central government for FY2021-22.

The Indian rupee had depreciated by 9.2% in FY 2019-20, closing the year at 75.45 to the US dollar and depreciated further to the lowest level of 76.81 on April 22, 2020. Weakness in rupee stemmed from global risk aversion that manifested in portfolio outflows and benefitted the US dollar at the expense of Emerging Markets (EM) currencies. Overall, there has been a gradual appreciation bias to the INR against the US dollar in FY21, with the return of risk appetite for EME assets that led to the return of FPI flows into the domestic equity markets. Further, on the back of growth revival domestically and a weakening US dollar, INR appreciated to 72.29 against the US dollar on February 24, 2021. Beyond this, INR has somewhat depreciated with volatility in the global financial market on rising US yields, fears of US Fed withdrawing monetary stimulus, firming global crude oil prices and a moderation in FPI flows.

Outlook

Turning to the growth outlook, the second phase of infections has lent some uncertainties on the recovery and the normalization process. While, rural demand was buoyant and record agriculture production for 2020-21 helped buffer the GDP dip to an extent, this time around the spread of the virus into the rural areas has caused some worry. Urban demand could also stay muted for a period as precautionary savings are on the rise due to high healthcare expenditures, job losses and an overall uncertainty in the economic atmosphere. Against the negative news, there are some positives. First, the stringency of the restrictions this time around has been lesser in intensity than the first round. Unlike the first round of lockdowns, manufacturing activity has been allowed to continue with Covid-related protocols in place. The vaccination is gaining ground and supplies are likely to get eased soon. This should enable wider and faster vaccinations and can lead to an improvement in consumer sentiments. The fiscal stimulus from increased allocation for capital expenditure under the Union Budget 2021-22, expanded Production-Linked Incentives (PLI) scheme should provide support to investment demand and exports. Firms engaged in manufacturing, services and infrastructure polled by the RBI in March 2021 were optimistic about a pick-up in demand and expansion in

MANAGEMENT DISCUSSION AND ANALYSIS

business activity into 2021-22. It is also expected that the RBI will also continue with its monetary accommodation and ensure that interest rates remain lower for longer. The global economy has also showed signs of recovery and this should help EMEs too. Global growth is projected at 6% in 2021, moderating to 4.4% in 2022. The projections for 2021 and 2022 are stronger than in the October 2020 World Economic Outlook Update of the International Monetary Fund. This reflects additional fiscal support in a few large economies, the anticipated vaccine-powered recovery in the second half of 2021, and continued adaptation of economic activity to subdued mobility.

Branch Banking

During FY 2020-21, YES BANK's geographical footprint stood at 1,070 branches and 72 Business Correspondent Banking Outlets spread across more than 750 locations with 1,340 ATMs and Bunch Note Acceptor/Recycler (BNAs). The Bank also continues to embrace the ever-evolving digital landscape with capabilities to optimally acquire and provide superior customer service. YES Online – Bank's new retail banking platform is one of the many initiatives that have been appreciated by customers.

As a part of its drive to enhance the digital experience of customers, the Bank has introduced multiple initiatives toward Deposit Mobilisation and Customer Service:

Digital Banking aimed at heightened customer engagement and experience; YES Online, the retail banking platform, Chatbots, New age digital payments like UPI, AEPS.

Debit Card

YES BANK has a complete suite of Debit Card products catering to the varied needs of customers. Segmented across its flagship customer segments, YES Private, YES First, YES Premia and YES Prosperity have been carefully customised and designed around the specific needs of Debit Card customers. The cards offer unique benefits such as reward points on all spends, NFC-enabled contactless payments, complimentary lounge access at domestic airports on select Debit Card variants, MasterCard golf lesson on YES FIRST and YES PREMIA range of Debit Cards. Customers have also been provided with YES InControl which allows them to manage card spends and control card security parameters. The Bank issues these cards to all new customers and focuses on offering them to its existing Debit Card customers. During the year, Bank launched E-Series Vertical Debit Cards in partnership with VISA and Master Card. The product offers a choice to consumers to opt for higher variant cards for a fee. Further, women centric YES ESSENCE card has been launched keeping in mind specific needs of this segment.

Digital Banking

YES BANK continues to invest significantly in new-age mediums and digital technologies to achieve heightened customer engagement and experience. The Bank has launched the all new retail banking platform, YES Online which has been well received by customers. Further Bank has also embraced Chatbots as a medium to digitize service requests enabling them to bank remotely during the ongoing pandemic. The Bank continues to partner with various fintechs and corporates to proliferate digital payments and is a leader in new age digital payments of UPI, AEPS with a 40.6% and 19% market share respectively.

MANAGEMENT DISCUSSION AND ANALYSIS

The Bank in its mission to take technology to the last mile, has continued its decade long journey on YES MONEY onboarding close to a million outlets. As part of the service, the Bank meets one or more of the simple transactional needs of the customers such as Domestic Money Transfer, Aadhaar based Cash withdrawals and during the FY we have also enabled Card based Cash withdrawals through this network.

- » Early Account Management by familiarizing newly on-boarded customers with Credit Card features and benefits. Deepen relationships by offering Terms Products & Utility Bill Payments Facility and Enhance customer lifecycle value through Card Variant upgrade, Limit Enhancement etc.

Currency Chest

The Bank ensured optimal supply of fresh/issuable currency via its two Currency Chests in Delhi and Mumbai. The Currency Distribution & Exchange Scheme (CDES) for bank branches including currency chests has been formulated in order to ensure that all bank branches provide better customer service to members of public to enable them to exchange notes and coins in keeping with the objectives of Clean Note Policy.

YES Private

This is the most exclusive personal banking program for Ultra high net worth individual customers of the YES Bank targeted towards CXOs / Directors / Promoters of MSME. YES Private aims at offering curated solutions for business, personal wealth management and succession planning needs of customers by a team of experts. This program blends a unique offering of Wealth Management along

with Business solutions, aimed at being a growth partner in building & preserving the legacy. The proposition offers one of the best in class lifestyle benefits on debit card & Credit Card including air travel, lounges, cruise programs, hotels & resorts, golf privileges, dining experience, movies & events, insurance coverage, etc.

YES First & YES First Business

YES FIRST and YES FIRST BUSINESS are the Bank's flagship wealth management and business banking programs curated for High Net-worth Individuals and Businesses. These niche programs encompass a gamut of premium solutions across liabilities and assets, along with a suite of wealth management, life and non-life insurance and business banking solutions. These relationship-led programs are synonymous with elevated service, enhanced customer experience and elegant lifestyle solutions that complement the need of the customer.

In FY21, the programs launched a brand-new premium Debit Card that brought to the table even larger plethora of benefits cutting across banking and lifestyle. The Bank significantly bolstered the programs with launch of an exclusive tiered proposition for these customers, where multi-product bundling, that included wealth management, business solutions including trade and transaction banking, Credit Cards, Lockers and Asset products, were integrated with the core offering. For the business segment, in keeping with digital enablement, the bank launched 'Connected Banking'. In 2021, YES FIRST Business proposition was also launched for asset only clients making it a more holistic proposition across assets and liabilities.

Adapting to the Covid-19 pandemic and lockdown situations, the Bank presented to its valued YES FIRST customers a series of relevant services and tools, in order to continue providing superlative holistic experience even at the time of crisis. These initiatives include the launch of Virtual Health assistance, range of virtual webinars by health experts, lifestyle experts, wealth management gurus and celebrated fund managers. Moreover, YES FIRST customers can also enjoy a range of curated pandemic ready lifestyle services like Virtual Hobby, Staycation at luxury properties to name a few, through YES FIRST exclusive concierge desk.

YES Premia

YES Premia is a program that offers customized premium banking solutions to mass affluent segment which focus on making banking seamless and enjoyable for our customers. It is carefully curated to provide customized banking solutions that complement the lifestyles, indulgences and expectations of different customer segments.

MANAGEMENT DISCUSSION AND ANALYSIS

YES Premia has committed to providing customers a 'Truly yours' proposition, with solutions that are custom-made for sub-segments. From small business owners to salaried professionals, women to senior citizens, the YES Premia program has a mix of products, services, portfolio benefits and partnerships, making it a truly customized solution.

The Prosperity program launched the new and improved Savings proposition which is loaded with superior features and benefits - Savings PRO PLUS & Savings PRO, with the motto to aim at showcasing "That feeling of being loved back", which heralds a shift in bank's Savings acquisition journey, to move away from interest led strategy to a Customer centric approach.

On Women's Day this year, YES bank launched "YES Essence" - Women's Account Product Proposition Across all Programs. YES Essence is a strong and comparable offering with differentiated features under each of the programs. It captures the requirements of the women in various walks of life having different aspirations, be it salary, self-employed, homemakers or senior citizens each being equally important. YES Essence celebrates the uniqueness of the women through the curated offering and inspires them to fulfill their aspirations by encouraging them to be who they essentially are #beyourself.

YES Premia - 4 Pillars of Priority Servicing, Products and Preferential Pricing, Privileges and Power Digital Banking.

Global Indian Banking

YES Bank's Global Indian Banking (GIB) Program is a power-packed customized offering that provides multiple avenues to NRIs for Wealth Creation in India across product categories, with In-person and Digital fulfilment models. The comprehensive product bouquet is complemented by bank's multi-channel servicing capability and Benefits beyond Banking.

GIB Program offers comprehensive and superior experiential Banking services for NRIs/PIOs. It facilitates financial solutions for NRIs including Deposits, Remittances, and Wealth Management products. The Liability Product suite comprises of Savings, Fixed & Recurring Deposit offerings denominated in Indian Rupees (INR), as well as Foreign Currency (FCY) denominated Fixed Deposits in 8 global currencies. Additionally, the Bank offers Deposit linked structured products (Premium Rupee / FCY Plan) providing NRIs higher returns on their deposit while availing maturity proceeds in INR or FCY. The Bank's in-house YES Remit platform facilitates digital and seamless cross border money transfers for NRIs residing in Canada, Singapore, Switzerland and UAE. Additionally, the Bank offers best-in-class NRI Forex Rates for credit to NRI accounts held with the Bank. The Portfolio Investment Scheme (PIS) account enables customers to invest in the Indian Equity market (secondary). In order to fulfill wealth enhancement and safety goals, the Bank also offers a host of Investment & Insurance solutions to NRIs for self as well as family in India.

The GIB proposition witnessed a host of enhancements across FY'21. The Bank accelerated its digital interface with the introduction Digital Overdraft against Rupee Term Deposits on YES Robot and YES Mobile, allowing NRIs to avail this facility at the click of a button. The YES Remit platform was further enhanced by introducing same day credit for Singapore clients.

MANAGEMENT DISCUSSION AND ANALYSIS

As a further value addition, the Bank introduced Dedicated NRI Forex Rates to ensure superior currency conversion for credit to NRI accounts, along with the launch of Premium Foreign Currency Plan (PFP) that helps get higher returns on INR deposits with maturity proceeds paid out in foreign currency. The Bank strengthened its Portfolio Investment Scheme offering by introducing Multiple Broker facility and Preferential pricing for YES First & Premia clients. In order to enhance customer experience, the Bank also introduced the facility of processing select transactions, Re-KYC and demographic detail updation basis e-mail instructions.

Rural Banking Group

The Rural Banking Group aims to provide financial inclusion and Agri-Credit facility/ Working Capital finance to the Priority sector in semi-urban and rural geography through 364 branches and 72 Business Correspondent Banking Outlets.

YES BANK caters to each segment of the rural value chain – individuals (farmers, professionals and self-employed), traders (dealers/distributors, arthiyas), MSMEs and rural institutions using digitally enabled, customised proposition across product segments of – Liabilities, Assets, Insurance and Investment. The Bank meets the credit related requirements of its agriculture customers through Kisan Credit Cards, dairy and farm mechanisation financing products as well as Micro-enterprise financing solutions for rural entrepreneurs.

The Bank has provided banking services to 5.8 lakh customers and credit facilities to 27,800 farmers/ Micro-entrepreneurs across 1,575 YES villages in 120 districts as on March 31, 2021.

Rural Banking serving 5.8 lakh customers
and credit facilities to 27,800 farmers /
micro entrepreneurs.

Inclusive & Social Banking and Microfinance Banking

In line with its commitment towards sustainable 'inclusive growth' in the rural and semi urban segment, YES BANK, has always focused on frugal innovations and key partnerships to create and promote viable business models, while providing 'access to finance' to the bottom-of-the-pyramid (BOP) customers. It has a two-pronged strategy involving divisions – Inclusive and Social Banking (ISB) and Microfinance Banking (MFB) – for implementation of various financial inclusion initiatives, albeit in a profitable manner. Further, to provide comprehensive services, the Bank has aligned the ISB & MFB businesses with its Rural Branches and has also deepened the distribution channel through Business Correspondent (BC) branches and BC managed Banking Outlets (BCBOs).

MANAGEMENT DISCUSSION AND ANALYSIS

Product, Programs and Portfolio & Outreach:

The Bank promotes microfinance as an important asset class within its core business. On the wholesale side, the Bank, through its MFB division, extends Term Loans to Microfinance Institutions (MFIs) for on-lending, cash management services and rated capital market loan products like pool securitisation and Pass Through Certificates (PTCs). On the retail side, the Bank's ISB division, through its flagship group-lending program, 'YES Livelihood Enhancement Action Program (YES LEAP)', provides financial services to women Self Help Groups (SHGs) and Joint Liability Groups (JLGs) through Corporates/ MFIs as BCs. As 100% of these groups are women centric, YES LEAP has been able to contribute significantly towards strengthening women entrepreneurship and empowerment in remote areas of India. As on March 31, 2021, the Bank has an active women customer base of 9.8 lakh. Since inception of the program, a cumulative disbursement of over ₹11,852 crore has been done, reaching out to over 31 lakh families, till date. Besides, the Bank also provides bigger ticket Micro Individual Business Loans, to the graduated microfinance clients to augment their existing business. Further, towards helping the customers in unfortunate times, the Bank offers optional insurance products like a customized loan cover life insurance product and a new tailored hospital cash product for the rural and semi urban segment, to help them reduce their out of pocket hospitalization expenses. In addition to the existing 21 BC Banking outlets (BCBOs) in Unbanked Rural Centers, during the FY 20-21, the bank has made significant progress by adding another 51 BCBOs, thereby taking the count to 72 BCBOs, through which both Asset and Liability solutions are offered to over 26,000 customers in the rural segment.

Customer Engagement and Benefit Programs

To provide holistic development services, the Bank undertakes continuous interventions for engaging with customers. It has introduced a highly innovative, yet 'easy-to-use' grievance resolution mechanism through the Missed Call. The missed call is reciprocated with a vernacular call-back within 24 hours, thereby enabling customers to register their complaints comfortably. To promote Financial Literacy, the Bank has designed customized modules in collaboration with Accion International, and over 6 lakh customers have been provided basic financial literacy training through these modules till date. Besides, over 596 Financial Literacy Camps have also been conducted this year by the rural branches of the Bank.

The Bank's Loyalty program was revamped recently for retail liabilities customers as a comprehensive and one of the best banking rewards programs. The new avatar of this program gives customer a wider coverage and rewards handsomely at every step of their journey with YES BANK. The customers get rewarded for Payments, Fund transfers, debit card spends, digital FD/RD booking, Investment such as MF online, locker booking, Family Banking, maintaining program criteria and more. This best-

YES Bank Loyalty program - one of the best and most comprehensive banking rewards program for retail liability customers.

MANAGEMENT DISCUSSION AND ANALYSIS

in-class reward program will aid in building long-term engagement with our existing customers. Some of the key features include 1) Accelerated reward points for new to bank customers 2) High YES points in initial 90 days of account opening 3) Higher reward points for Yes Premia and Yes First program customers 4) Redemption against top brands for travel-booking, mobile/DTH recharge, gift vouchers, mobile phones etc.

Credit Cards

YES BANK Credit Cards have created a successful franchise through their customer- first approach, strong product suite, evolved distribution strategy and superior customer service, complemented by robust risk management systems. With a total of ~9.5 lakh cardmembers and 42% growth in outstanding book in FY 2020-21, the business continues to scale up, supported by significant investments in platform, people and technology. The current product suite consists of 16 products across Consumer, SME and Commercial Cards.

YES BANK's most rewarding Loyalty Platform allows customers to (1) Share Reward Points (2) Adjust Reward Points against Statement Outstanding (3) Redeem Reward Points + Pay for the differential amount, if any (4) Never Expiring Reward Points (5) Redeem Reward Points towards charitable causes including PM Cares Fund and Give India.

The Bank launched various new products through the year (1) YES Private Prime Credit Card for the affluent customers in November 2020 (2) Wellness & Wellness Plus Cards - First in the Industry in Health and Wellness category in January 2021 (3) Express Loan (over the credit limit) in February 2021. Additionally, the Bank launched end-to-end Digital Customer Onboarding Platform in partnership with TransUnion-Cibil India for New-To-Bank customers in January 2021. The platform is designed to provide seamless customer experience with video-KYC to meet regulatory requirements. To further enhance customer activation and engagement, the Bank made a strategic shift (in June 2020) by offering Spend Based Fee reversal on new cards moving away from Lifetime Free Cards.

Apart from a strong distribution strategy, the YES BANK Credit Cards focuses on incremental customer engagement backed by strong alliances and partnerships, resulting in higher card spends, activation rates and growing wallet size.

Retail Banking Assets

The Bank's customers can select a wide range of Retail Loan products like Affordable Home Loans (YES KHUSHI), Home Loans, Car Loans, Super Bike Loans, Commercial Vehicle Loans, Construction Equipment Loans, Loans against Securities, Gold Loans, Personal Loans, Secured Business Loans, Health Care Finance and Printing Equipment Finance, along with Working Capital under one roof.

The Bank has entered into Preferred Financer agreement with leading automobile manufacturers across cars, commercial vehicles and construction equipment, thereby giving access to the wholesale and retail business of the manufacturing dealers across the country. The Bank offers retail products across 68 locations in 490 branches.

In FY21, the Bank enhanced its digital lending capabilities with the Loan in Seconds platform and front-end automation initiatives with YES Robot to provide customers with lower turn-around time and higher productivity. Further considering the pandemic situation, the bank also rolled out web and mobile based utilities to enable sales teams and channel partners to login files digitally from their own premises. This has enabled the Bank to enhance disbursements with H2FY21 seeing the lifetime highest loan disbursements. With an eye on future retail led growth ambitions and the need for a strong technology backbone to power the same, the Bank has invested in Salesforce to build the next generation cloud based loan origination system enabling concurrent processing, real time credit decisioning and industry best turn-around time. The Bank has a diversified retail book across products with a strong focus on book quality and collections. The bank is also working on building data analytics based Collection score cards to augment field force performance and enhance collection cost efficiencies.

Small and Micro Enterprises Banking

The Small and Micro Enterprises Banking (SME) business units cater to the entire spectrum of SME's. With 600+ dedicated Relationship Managers ('RM'), product specialists, and industry experts, the Bank focuses on providing continuous support and solutions across 210 locations. The Bank has dedicated RMs for business origination and relationship deepening across trade, retail cross-sell. 100% business origination is from internal channels with parametrized lending enabling faster credit decisioning.

In FY21, the bank has made a pivotal shift from being a lender to a solutions provider under the revamped "Power of 5" customer value proposition.

- » **Borrow** – Incubation to growth stage - Credit solutions for start-up entities to well-established MSME's
- » **Save** – Investments /advisory solutions to the promoters on wealth management/ Tax & Succession planning
- » **Simplify** – Increase transaction convenience with the objective of ensuring customer delight.
- » **Partner** – API integrations with SME'S focused technology partners to provide automated solutions for receivables, payment solutions
- » **Protect** – Comprehensive insurance solutions to protect entity /promoter interest

MANAGEMENT DISCUSSION AND ANALYSIS

Power of '5' is packed with a lot of industry first initiatives and is being well appreciated by our customers. Bank has tied-up 700+ trade associations across the country to promote its revamped customer value proposition.

With the shift towards digital transactions, YES BANK has curated a digital platform, especially for SME's and self-employed customers to enable them to undertake their business banking transactions digitally and instantly. YES MSME is an industry-first solution which provides a single interface for all multiple banking needs of MSMEs, including cash flow management, credit limits and utilisation, credit document submission, bulk payments etc.

Digital & Analytics are enhancing customer experience and improving productivity with:

- Analytics driven prospective client identification
- Digital Lending Platform
- Seamless customer approval experience
- Self-assist digital tools - MSME App, Trade-On-Net, FX Online, etc.
- Robust EWS framework - early identification of incipient sickness & support frontline in remedial management

On the trade side, the focus has been on customer engagement for increasing penetration on 'Smart Trade' application. Smart Trade/FX on-line are secure platforms for the initiation of online trade /FX transactions, through which customers can place transaction request, which will automatically flow to the Bank for processing, without visiting the branch.

In line with our strategy to institutionalise the 'Knowledge Banking' approach, the Bank has partnered and inked MoUs with various trade and industry associations including the Government sponsored bodies to conduct banking knowledge events, conduct MSME cluster development programs in RBI defined clusters and business carnivals to provide easy and inclusive financial assistance, ensuring that the customers have access to best-in-class schemes and benefits.

This differentiated positioning, along with customised solutions, dedicated relationship team, knowledge-banking experts and an extensive network delivers unmatched one-stop service to MSME's, addressing their end-to-end requirements.

Wholesale Banking

As YES Bank accelerates further into its transformational journey, the Bank's strategic focus is on sustainable growth by deepening & driving liability franchise and strengthening asset side business with strong governance & compliance and prudent risk management. In furtherance to the laid

down objectives, Wholesale Banking Group continues to play a key and pivotal role in driving the growth strategy for the Bank. With the organizational focus on consistent liability generation and growth and in order to leverage the opportunities across verticals within Wholesale Banking Group, all businesses which are predominantly liability focused such as International & Institutional Banking (IIB), Multinational Corporate Banking (MCB), Government Banking (GB), Corporate & Government Advisory (CGA) are consolidated under one group named 'Institutional & Government Banking Group'.

Specific to asset verticals, with a clear mandate to capitalize on relationship equity across verticals and deepen client relationships, a unified "Regional Structure" has been rolled out which amalgamates Corporate Banking (CB), Urban Infrastructure Banking (UIB) and Infrastructure Banking groups (IB) in one group. This new group is rechristened as "Large Corporates" and facilitating maximizing synergies within various Asset verticals and providing deeper impact for our clients.

Large Corporates

YES BANK's Large Corporates Group provides comprehensive financial and risk management solutions to large corporate clients including those in the Infrastructure and core industry segments. The Bank's professional relationship experts forged value-based, long-term relationships with the top management and promoters of almost all large corporate houses in India.

The Bank offers comprehensive client-focused services comprising Working Capital Finance, Term Loans, Transaction Banking Products – Trade Finance & Cash Management Services, Debt Capital Markets, Treasury Services, Investment Banking Solutions and Liquidity Management Solutions, among others. With the theme of Ecosystem Banking, YES BANK focuses on the ecosystem of the customer by catering to vendors and customers of corporates, thus ensuring seamless service to the customers.

Wholesale Banking - comprehensive client focused services comprising working capital finance, term loans, transaction banking products, treasury services, liquidity management solutions.

MANAGEMENT DISCUSSION AND ANALYSIS

The Bank offers industry-specific products by understanding customer businesses, market conditions and industry developments. This distinctive approach translated into mutually beneficial relationships with clients in knowledge-driven sectors such as life sciences & healthcare, information technology, food & agribusiness, manufacturing, infrastructure, media & entertainment, and hospitality & education, among others.

The Bank remains committed to continuous improvement in service, risk management and product portfolio through original research, benchmarking and client orientation.

The Bank has product teams with sectoral knowledge across key sectors like renewable power, ports, airports, roads, metals etc. thereby helping facilitate underwriting of exposures across other corporate segments for the Bank. The products team also engages with other key stakeholders to deepen their understanding of the sector and help devise a sector-wise strategy. The sector expertise also helps in providing comprehensive industry specific products which facilitate quick turnaround time and successful closure.

Strategic Client Group

In order to facilitate greater focus on larger key clients, the Bank has introduced a specialized unit titled as Strategic Client Group ('SCG') to create an impact for our critical clients by scoping and deepening existing relationships, thereby creating higher visibility and top of the mind recall for the Bank.

Institutional & Government Banking Group

YES BANK's Institutional & Government Banking Group is divided into 6 segments – Government Banking, Multinational Corporate Banking, Indian Financial Institutions Banking, International Banking, Corporate & Government Advisory and International Banking Unit. These provide Government entities, financial institutions including NBFC's and other financial intermediaries, multinational companies comprehensive client-focused services comprising Liquidity Management Solutions, Treasury Risk Management Solutions, Transaction Banking Products – Trade Finance & Cash Management Services, Supply Chain Finance, Working Capital Finance, Term Loans.

The team addresses the financial and banking needs of the Central and State Government undertakings, and their affiliates. In February 2021, the Government announced that the embargo has been lifted on grant of Govt business to private banks. The RBI issued guidelines on this in May 2021 and all banks can now participate. Private banks can now be equal partners in development of the Indian economy, furthering Govt's social sector initiatives, and enhancing customer convenience.

Over the years, the Bank has provided financial and advisory services to ministries under the Union Government, State Governments, Central and State Public Sector Undertakings (PSUs), Boards and other affiliates. The Bank remains committed to delivering innovative, structured and comprehensive solutions, accomplishing several landmark transactions with Maharatnas, Navratnas, Mini-Ratnas, and other apex institutions.

YES BANK made concerted efforts towards innovating the collection and payment mechanisms of the State Development & Procurement Agencies through customised digital solutions, besides supporting educational, religious and sporting institutions across India through unique Transaction Banking offerings aimed at streamlining the working capital management of these important institutions. YES BANK continues to partner with State Government(s) for disbursement under various schemes through the Public Financial Management System (PFMS) Mode of payment to ensure seamless last mile beneficiary disbursement tracking.

To further YES BANK's commitment towards India's holistic and inclusive growth, the team works across emerging sectors of India's economy by executing knowledge and advisory mandates of social and economic importance. The group leverages its in-depth sectoral expertise, research skills and apex-level relationship capital across the government and the industry ecosystem to assist clients, including Central and state governments, multi-lateral bodies, industry chambers and private sector players, in their developmental and growth agenda. A focused sector-oriented approach across sectors such as Smart Cities and Urban infrastructure, E-mobility, Tourism & Livelihood has led to creation of new banking opportunities and deepening of relationships with key customer segments.

The Bank engages with domestic and international financial institutions. The team primarily offers correspondent banking solutions to domestic banks and banking solutions to various financial institutions, non-banking finance companies, housing finance companies, asset finance companies, insurance companies, insurance intermediaries, mutual funds, small finance banks, payment banks, domestic private equity funds, cooperative banks, regional rural banks, capital market participants (stock exchanges, stock brokers, commodity brokers, exchanges, and foreign portfolio investors), primary dealers, depositories and regulated payment operators (Authorised Dealer II (AD II) License holders, Full-Fledged Money Changers, PPI Operators, Payment Aggregators, MTOs & Principal Agents).

The Bank actively engages with institutions like National Bank for Agriculture and Rural Development (NABARD), Small Industries Development Bank of India (SIDBI), Export-Import Bank of India (EXIM Bank) and National Housing Bank (NHB) to avail refinance. It also connects with overseas branches of domestic banks to avail foreign currency borrowings and trade credit.

MANAGEMENT DISCUSSION AND ANALYSIS

The Bank has successfully deployed its Application Programming Interface (API) Banking, a technology which has emerged as a key service to integrate and streamline the transaction processing cycle to offer real-time instant banking facility to Non-Banking Financial Companies (NBFCs), mutual funds, stock brokers, cooperative banks and other financial institutions.

The Bank maintains relationship with an extensive network of international banks, financial institutions and, exchange houses. It provides a complete suite of products and solutions such as Trade Finance, Treasury Services, Investment Banking Solutions, Remittance Solutions, Financial Advisory and Global Indian Banking for its partner institutions and internal stakeholders. It has consistently delivered unique and first-to-market offerings, leveraging its global alliances.

The Bank focuses on emerging markets as a preferred host-country banker and payments bank to global counterparts. As a result, an increasing number of institutions utilised the Bank's network for their India-linked businesses. The bank has also established deep relationships with exchange houses across key geographies that are host to the Indian diaspora, which resulted in increasing share of NRI remittances into India.

YES BANK was the first bank in India to commence operations at the International Financial Services Centre (IFSC) in GIFT City, Gujarat, in October 2015. The customer advances and investments of the Bank's IFSC Banking Unit (IBU) stood at ~US\$1.4 billion as on March 31, 2021. GIFT-IFSC Banking Unit (IBU) provides comprehensive solutions to the Bank's clients to meet their foreign currency banking requirements in the domains of Cross Border Trade offerings and External Commercial Borrowings and Foreign Currency Loans/Syndications among others.

Emerging Local Corporates

The Emerging Local Corporates ('ELC') team focuses on corporates with turnover between ₹100 crore and ₹1,000 crore. With presence at over 30 locations, ELC aptly lives up to the 'local' name by remaining closer to its customers, developing a thorough understanding of their banking needs and delivering tailored solutions across the spectrum of banking services. The foundation pillars of ELC are regional presence, granular asset & liability book, robust risk management, strong digital penetration, structured cash & trade solutions and sustainable growth.

ELC uses its Knowledge Banking approach to cater to the requirements of focus sectors, including Auto components, Food & Agri-processing, Gems & Jewellery, Media & Entertainment, Pharmaceuticals & Specialty Chemicals, and offers customised suite of financial products including Term Loans, Funded & Non Funded Working Capital Facilities, Cash Management Solutions, API Banking, and Trade & Treasury Products by leveraging cutting-edge technology.

ELC is also deeply entrenched in new-age entrepreneurship ecosystem emerging across India, by providing bespoke digital solutions, incubation and networking platforms to e-commerce and IT & ITeS startups. The Bank has a dedicated team providing innovative banking solutions for the unique requirements of the e-commerce industry. Over 150 top e-commerce firms in India have placed their trust with YES Bank. Working in unison with Digital Banking and Transaction Banking teams of the Bank, this team has been instrumental in delivering 'Industry First' solutions like API Banking, PPI, Fastag, Payment Escrow & Digital Wallets to various e-commerce & technology platforms. The ELC segment continues to present a significant growth opportunity for the Bank.

Agri Banking and FASAR

The Bank has a specialised vertical viz., Agri banking and FASAR (ABF), which houses industry and banking professionals with the relevant domain knowledge and skill sets. The team closely interacts with Food and Agri clients to create structured lending propositions for agri value chain participants – farmers, MSMEs as well as corporates, and facilitates building of banking opportunities in the agri value chain through structured financial products while mitigating credit risk. The team is also responsible for ensuring that the Bank meets the regulatory Priority Sector Lending (PSL) norms, in collaboration with the other Business Units that generate PSL assets.

As a part of agri value chain financing, the Bank has created a granular portfolio against pledge of agri commodities while ensuring adequate risk mitigation. The end to end process is carried out on digital platforms for faster customer service and superior experience. Within ABF, a specialised team closely monitors the commodity pledge financing portfolio and mitigates the inherent risks through mark to market of commodity prices and in depth data analysis using various tools & techniques

A specialized team called Food & Agribusiness Strategic Advisory & Research (FASAR), also housed within ABF, provides strategic advisory, policy advisory and project advisory services in the food and agri domain. FASAR works with corporates, small & medium enterprises, Embassies, Multinationals, State governments, Central government (Ministry of Agriculture, Ministry of Commerce, Ministry of Food Processing Industries, etc) and Multilateral Agencies on a variety of research & advisory assignments.

renewable asset pooling structure, securitisation of infrastructure assets, lease rental discounting and InvIT bonds. Besides garnering a spot in the prestigious league table rankings, YES BANK DCM also won various awards and accolades over the years.

Loan Syndications

The Loans Syndication (LS) team has created brand equity across stakeholders including banks, NBFCs, foreign lenders, and other financial institutions. Over the years, the team has demonstrated credit appraisal and structuring skills as well as sectoral knowledge, basis which the Bank has underwritten exposures in various sectors. With its outreach, the team has consistently syndicated facilities to banks, NBFCs and financial institutions, improving capital churning and effective yields on the Bank's advances.

Stressed Asset Management

YES BANK's Stressed Asset Management Group ('SAM') leads management of distressed and non-performing assets originating from the Corporate Segments of the Bank. The Group provides effective solutions for resolution of these assets by leveraging its rehabilitation, regulatory and recovery understanding.

The SAM Group employs multi-pronged resolution strategies, which includes operational and financial restructuring, identifying strategic investors for takeover of stressed assets, resolution through the Insolvency and Bankruptcy framework, negotiating with borrowers for one-time settlement, recovering through the enforcement of security interest under the Securitisation Act and selling NPAs to Asset Reconstruction Companies (ARCs)/other investors to optimize recovery outcomes (both in terms of recovery value, as well as timelines for recovery).

OTHER KEY FUNCTIONS

Human Capital Management

YES BANK recognizes that the true source of sustainable competitive advantage for a Bank is the power of its high quality Human Capital. Our Human Capital Philosophy focuses on attracting, empowering and retaining the best Talent. We have built a strong performance culture that promotes Meritocracy and Career Enhancement. Our objective is to provide superior employee experiences through our 5-C engagement model, with initiatives focused on Culture, Communication, Connect, Career and Care. Employee Development has also been a top priority for the Bank and we continue to develop our Human Capital through sustained learning initiatives focused on Capacity and Capability building.

Risk Management - 3 lines of defense: Business units, Independent Credit and Control functions and Audit

Risk Management

The long-term financial security and success of a Bank is built on its risk management framework. Risk Management at YES BANK is based on three lines of defence: Business units, Independent Credit & Control Functions, and Audit. The Board of Directors of the Bank have the overall responsibility for Risk Management. The Risk Management Architecture of the Bank is overseen by four Board-level Committees, which have put in place specific policies, frameworks and systems for effectively managing the Bank's various risks:

Internal Audit

The Bank's Internal Audit Department ('IAD') which is ISO 9001:2015 certified (Quality Management System) provides independent, objective assurance and consulting services designed to add value and improve the Bank's risk and control environment. The IAD aids the Bank's Management through its assessments to monitor adequacy, effectiveness, and adherence to internal controls, processes and procedures instituted by the Management and extant regulations.

IAD reports to the Audit Committee of the Board (ACB) for audit planning, reporting and review and, the Head of Internal Audit reports directly to the Audit Committee of the Board of Directors of the Bank. IAD has unlimited and unrestricted access to all relevant data, systems, personnel and information in order to achieve its objectives. The IAD is staffed with qualified team members with relevant certifications. Through an effective training program, the IAD ensures that all the team members are upskilled at frequent intervals.

The function has adopted a risk-based approach of Internal Audit structured after considering the regulatory guidelines and internationally established best practices. A Risk Based Audit Plan (RBAP) is prepared annually and is duly approved by the ACB. The IAD undertakes, the audit of various businesses, operations, information security/systems and support units, as per the RBAPs. The IAD prepares a report for each audit and recommends mitigation plans for the risks identified and ensures compliance with all the recommendations. The ACB monitors the progress of the RBAP, at least quarterly.

Additionally, the Bank also subjects its operations to Concurrent Audit by reputed audit firms to complement its Internal Audit function. The Concurrent Audit covers core activities such as the Operations (including credit), Financial Markets, Data Centre and Branches in compliance with the regulatory guidelines. All audit reports are circulated to the relevant management teams and the Audit Committee of the Board.

Compliance

Ensuring compliance with regulatory requirements, furthering Compliance Culture amongst YES Bankers and building trust among all its stakeholders is an overarching consideration at YES BANK. The dedicated Compliance Department strives to be at the forefront of regulatory changes and continues to work closely with all businesses and operations at the Bank, in order to be compliant with all existing and new requirements. To further this objective, the Chief Compliance Officer of the Bank reports directly to the Audit Committee of the Board of Directors of the Bank. The key functions of this department in line with the various RBI guidelines including the RBI circular dated September 11, 2020 include identifying effective procedures and corresponding controls to support the Bank's

business divisions as well as dissemination of key regulatory updates affecting the various businesses of the Bank. The department also reviews new products and processes from a regulatory compliance perspective, provides guidance on compliance-related matters, conducts compliance reviews and imparts training to employees on compliance aspects, among others. The Bank has also put in place a 'Know Your Customer' and 'Anti-Money Laundering Policy' approved by the Board of Directors, and transaction monitoring procedures, as per the regulatory guidelines.

Sustainable Finance

The Sustainable Finance team co-develops and implements YES BANK's sustainability strategy. The team works to integrate environmental, social and governance (ESG) considerations into the Bank's core business, with a focus on building resilience against ESG risks and mainstreaming sustainable finance. The team aligns the Bank's business to global frameworks such as the United Nation's Sustainable Development Goals (SDGs), the Paris Climate Agreement, and the Principles for Responsible Banking (PRB). In FY21, YES BANK strengthened the Bank's governance structure for ESG practices by constituting an Executive level Sustainability Council chaired by the MD & CEO. The Sustainability Council oversees the implementation of the Bank's sustainability agenda, sets long, medium, short term sustainability targets in line with the Bank's business strategy and apprises the Board on the Bank's approach to sustainability.

The Sustainable Finance team works closely with the Risk Management function and business units across the Bank to identify, measure and build resilience against ESG risks. To safeguard its portfolio from environmental and social risks, the Bank has adopted an Environment and Social Policy (ESP) to assess and address potential environmental & social (E&S) risks associated with its lending activities.

The Bank has also accorded a high strategic priority to climate action and is developing a framework for measuring and mitigating climate related physical and transitional risks at the operational and portfolio levels. YES BANK was the first Indian Bank to align its sustainability disclosures to the Task Force on Climate-related Financial Disclosures (TCFD) recommendations and in FY 2021, supported a call to action led by 10 leading financial institutions, to publish more comprehensive and robust physical climate-related risk assessments and disclosures.

YES BANK took several steps towards greening its internal operations and reducing its carbon footprint. The Bank eliminated single-use plastic at all its facilities and in a first for the Indian Banking sector, switched to procuring 100% recycled paper (A4) for all its internal operations and back-end processes, across India. The move to recycled copy and printing paper, will help the Bank reduce its environmental footprint and lead to substantial savings in trees, energy use, waste water, solid waste and GHG emissions. The Bank also successfully achieved the ISO 14001:2015 certification for its

MANAGEMENT DISCUSSION AND ANALYSIS

Environmental Management System (EMS) for the eighth year in a row and continues to have the highest number of ISO 14001:2015 certified facilities (732) amongst the BFSI sector, globally. The Bank continued to use innovative internal communication campaigns to build awareness about its Environmental Management Policy (EMP), amongst employees, and encourage them to conserve natural resources and improve resource efficiencies in order to minimize the Bank's carbon footprint.

The Bank continued to be recognized for its robust sustainability disclosures, retaining its rating of 'A-' (Leadership Band) by CDP, for its Climate Change disclosures, for the second year in a row. YES BANK's rating surpasses the average ratings for the Financial Services and the Asia Region, which stand at 'B' and 'D', respectively. The Bank also continued to be rated 'C' 'Prime Status' by ISS ESG. As the only Indian signatory to the Principles for Responsible Banking (PRB), YES BANK has begun piloting a tool for conducting an impact analysis of its portfolio in order to identify its most significant areas of positive and negative impacts on SDGs. The assessments from this exercise will continue to strengthen the Bank's disclosures under the PRB framework. YES BANK is also the only Indian Bank to be a signatory to the Collective Commitment on Climate Action (CCCA), a pledge by 38 global banks to align their services and lending with the objectives of the Paris Climate Agreement. In FY 2021, the Bank published its first progress report under the CCCA highlighting its initiatives towards low-carbon transition. As part of the Science Based Targets Initiative (SBTi), the Bank has measured its attributable financed emission of electricity sector exposure, and developed targets for alignment with global decarbonization pathway, which is being formalized for implementation. The Bank is the only Indian Bank to be a member of the SBTi Expert Advisory Group, tasked with providing inputs, expectations and needs on methodologies and approaches being developed by SBTi for target setting to align portfolio with global decarbonization pathways. The Bank continues to be a proponent of enhanced sustainability disclosures and works closely with organizations globally to develop and strengthen ESG disclosure frameworks. YES BANK is currently the only Indian Bank to be a member of the Informal Working Group (IWG) for the Taskforce on Nature-related Financial Disclosures (TNFD), a global effort to increase the resilience of the global economy and mainstream nature-related disclosures. As a member of the IWG, the BANK is involved in developing the TNFD governance structure and a robust & transparent process for selection of future TNFD members.

YES BANK has long been a thought leader in ESG and climate action and continued its efforts to educate stakeholders on key sustainability issues, through the year. The Bank also organized a webinar with Carmignac, one of Europe's leading asset managers to educate its clientele in India, UK, Europe, UAE and Singapore on key global trends in ESG investing. To begin a conversation on the need and emergence of ESG disclosures in India and assess corporate India's preparedness, YES BANK organized a webinar on ESG Disclosures in the Indian context with leading minds from

industry, government and regulators. The Bank also continued its thought leadership in climate advocacy by launching a Knowledge Report on the 'Impact of Climate Change on Indian Economy' in partnership with the Indian Institute of Technology, Delhi. The report analyzes the impact of climate change on five key sectors including agriculture, energy, tourism, insurance and infrastructure, and highlights the importance of developing an India-centric climate model. YES BANK also partnered the Institute of International Finance to organize the India Climate Finance Workshop to bring together a targeted group of leading financial institutions, investment community and policy makers for a focused discussion on the progressing India climate finance landscape. The workshop was attended by participants from over 10 countries. To leverage the power of the youth and mobilize the next generation of climate adaptation leaders around the world, YES BANK partnered the Global Center on Adaptation (GCA) for its Youth Leadership Program and committed to host a capacity-building internship at the Bank in association with GCA. The Bank continued to share its knowledge and experience in climate action at key global platforms such as the Climate Adaptation Summit 2021, Asia Pacific Carbon Pricing Series and forums curated by the Science Based Targets Initiative.

Corporate Social Responsibility

The Bank has developed and implemented various programs to enhance and create shared value through unique, scalable, and sustainable models to achieve its Corporate Social Responsibility (CSR). The Bank delivers internal and external positive socio-environmental impact by following a unique approach, which focuses on:

- » Promoting principles of social responsibility and inclusive growth through awareness and support
- » Investing in socially and environmentally responsible activities to create positive impact
- » Engaging with stakeholders to further the sustainability agenda of the Bank and empower them with knowledge
- » Collaborating with like-minded institutions and forging partnerships towards addressing the needs of stakeholders
- » Monitoring the environmental and social investments of YES BANK through structured governance and transparent performance indicators

This unique, multi-pronged approach has enabled the Bank to forge meaningful associations with its stakeholders, including community groups, non-profit organizations, governments, corporate peers, and civil society and deliver exponential impact. With the view of actualizing and concentrating its efforts towards Sustainable Development Goals (SDGs).

Investment Advisory & Wealth Broking

During the FY 2020-21, YSIL's Investment Advisory & Wealth Broking business continued to strengthen its position as a knowledge-driven investment solutions provider. YSIL offers a comprehensive investing experience with a YES BANK-powered 3in1 account and a basket of products across all asset classes and customer segments. A strong research and "customer-first" culture drives product development and engagements as the Company believes in partnering customers in their wealth creation journey. The range of products cater to all types of investors – market novices, seasoned traders, HNI, Family offices and Corporates.

In FY 2020-21, the Company launched Learning Academy Online (LAonline.in), a fully digital and indigenously developed proposition for client portfolio review. Further, in keeping with its client-centric, right-fit product strategy, YSIL launched its maiden CAT III AIF, YSL Alternates Alpha Plus Fund. The business also upgraded its trading engine including performance improvements and feature enhancements to its web and mobile application.

In financial year 2021, the capital markets witnessed a surge in investor participation. YSIL witnessed transaction income rise by 93% YoY backed by a 49% increase in daily active clients and sizeable growth in transaction volumes. The business also witnessed robust growth in income earned from products and value propositions which were up 80% YoY and is testament to YSIL's expertise and understanding of customer's investment needs across income groups, life-stages and risk profiles.

The strategy for the upcoming years is focused on accelerating client acquisition through multiple channels and further enhancing the product portfolio and technology platforms. Supported by an experienced leadership team and robust processes and risk management, the Broking business is poised to continue to achieve new milestones.

Institutional Broking

Despite being a late market entrant, the Company's Institutional Broking division is fast gaining recognition. The team offers incisive Research and proficient Sales Trading capabilities to leading institutional investors such as asset management companies, insurance companies, family offices, bank and corporate treasuries as well as domestic and foreign private equity and portfolio investors. During the financial year, despite pandemic related limitations, YSIL added further institutions as clients, including marquee asset management and insurance companies.

YSIL's nearly 30-member strong Research team brings a combined 265+ years of equity research experience. The award-winning team of Research Analysts has rich industry experience in serving diverse client segments and brings knowledge expertise across industry sectors and asset classes. The research coverage universe as of March 31, 2021 stands at 167 companies, accounting for more than 55% of India's listed market capitalization.

MANAGEMENT DISCUSSION AND ANALYSIS

Research is backed by a robust servicing and execution setup to ensure that client servicing standards remain consistent and that client's execution experience is prompt and precise.

During the financial year, YSIL conducted 25 events, 54 corporate roadshows, 37 Expert meets and hosted 12 earnings conference calls. This ensured that YSIL remained engaged with existing clients and tap potential ones to increase the business.

Investment Banking

The Investment Banking team provides advisory-based financial and strategic transaction services to large and mid-market corporate and financial sponsor clients with focus on merger & acquisition advisory and private equity/structured debt fund raising.

YSIL's highly experienced teams offer expertise across a variety of sectors including Food and Agribusiness, Chemicals, Pharma & Healthcare, Technology, Media, Telecom, Renewable Energy, Consumer Markets, Infrastructure, Transportation & Logistics, Defence, Real Estate, Banking, Financial Services and Insurance (BFSI), Environmental Services and Industrials.

During FY 2020-21, despite market conditions, YSIL's Investment Banking practice continued to secure deal mandates from several emerging and large corporate relationships. Some of the notable transactions successfully closed during the year include:

- » Exclusive advisor to Rabo Equity Management Company (Rabo PE) for sale of its stake in Daawat Foods Ltd to Saudi Agricultural & Livestock Investment Company (SALIC)
- » Exclusive strategic and financial advisor to Eoxis Asia Company Ltd. for its stake sale in 15MW operational solar asset in Gujarat

Other operating cost reduced by 18.6% from ₹41,293.40 million in FY 2019-20 to ₹33,616.37 million in FY 2020-21.

Provisions and contingencies (excluding provision for taxes) decreased by 70.4% from ₹327,584.34 million in FY 2019-20 to ₹97,123.81 million in FY 2020-21 mainly due to reduction in provision for non-performing investments and provision for non-performing advances as compared to provisions made in FY20.

MANAGEMENT DISCUSSION AND ANALYSIS

In March 2020, YES Bank Limited ("the Bank") was reconstructed pursuant to the provisions of Section 45 of the Banking Regulation Act, 1949 under the "YES Bank Reconstruction Scheme, 2020". As a consequence of the reconstruction, the Bank was deemed to be non-viable or approaching non-viability and both "the pre-specified trigger" and "the trigger at the point of non-viability" were activated. Accordingly, the Bank was constrained to write down Additional Tier 1 Bonds ("AT 1 Bonds") on March 14, 2020. The Axis Trustee Services Limited (Trustee on behalf of the bondholders of AT 1 Bonds) and other bondholders have filed various writ petition(s) and consumer complaint(s) across India challenging the decision of the Bank to write down AT 1 Bonds. A Transfer Petition has been preferred by the Bank to transfer all pending litigation(s) to Mumbai as per the jurisdictional clause in the Information Memorandum(s) for the issuance of AT 1 Bonds. The Bank based on the legal opinion of its external independent legal counsel is of the view that the Bank's decision to write down the AT 1 Bonds is in accordance with the contractual terms for issuance of AT 1 Bonds.

On October 26, 2020, Securities and Exchange Board of India ("SEBI") issued a Show Cause Notice, inter alia, alleging mis-selling of AT-1 Bonds. Though the Bank filed its objections, SEBI vide its Adjudication Order No. Order/SM/MG/2021-22/11306-11309 dated April 12, 2021 ("the Order") has imposed a penalty of ₹25 Crore against the Bank under Section 15 HA of SEBI Act, 1992 for the alleged mis-selling of AT-1 Bonds in the secondary market. Aggrieved by the Order, the Bank has preferred Appeal before the Securities Appellate Tribunal ("SAT"). SAT heard the Appeal(s) and was pleased to stay the effect and operation of the Impugned Order. The matter is fixed for final hearing on July 30, 2021.

Operating expenses (A)+(B)	57,920.15	67,292.11	-13.9%
Cost to income ratio	53.8%	65.7%	-

MANAGEMENT DISCUSSION AND ANALYSIS

Non-interest expenses primarily include employee expenses, depreciation on assets and other administrative expenses. Operating expenses decreased by 13.9% from ₹67,292.11 million in FY 2019-20 to ₹57,920.15 million in FY 2020-21.

Employee costs decreased by 6.5% from ₹25,998.72 million in FY 2019-20 to ₹24,303.78 million in FY 2020-21. Also, the number of employees has decreased from 22,973 at March 31, 2020 to 22,270 at March 31, 2021. Employee costs accounted for 42.0% of our operating expenses for the FY 2020-21 compared to 38.6% for the FY 2019-20. Other administrative expenses also decreased by 20.7% to ₹30,084.04 million in FY 2020-21 on account of the various cost saving measures and branch reduction to 1,070 as on March 31, 2021 from 1,120 as on March 31, 2020.

Provisions and contingencies (including provision for tax)

Provisions and contingencies decreased by 70.2% from ₹283,505.45 million to ₹84,395.34 million. The key components of provisions are Provisions for NPAs of ₹71,158.19 million (FY 2019-20: ₹278,060.36 million), provision for taxation of ₹(12,728.47) million (FY 2019-20 ₹(44,078.89) million), and provision for Standard Assets ₹6,895.36 million (FY 2019-20: ₹(19,410.78) million) and Provision on investments of ₹16,165.44 million (FY 2019-20: ₹64,819.07 million).

Due to outbreak of the COVID-19 pandemic, the country has witnessed lockdowns across India, imposed by the Indian government from March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. The current second wave of Covid-19 pandemic, where the number of new cases has increased significantly in India, has resulted in re-imposition of localised/regional lockdown measures in various parts of the country. The extent to which the COVID-19 pandemic will impact the Bank's results will depend on ongoing as well as future developments, which are highly uncertain.

The Supreme Court, in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr), through its interim order dated September 3, 2020 had directed that accounts which were not declared as NPA till August 31, 2020 shall not be declared as NPA till further orders. Accordingly, the Bank did not classify any account which was not NPA as of August 31, 2020 as per the RBI IRAC norms, as NPA after August 31, 2020 and the Bank had made contingency provision of ₹2,683 crore till December 31, 2020. The interim order granted to not declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small-Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matters. Further in accordance with the instructions in paragraph 5 of the RBI circular dated April 07, 2021 issued in this connection, the Bank has classified these borrower accounts as per the extant IRAC norms with effect from September 1, 2020 and utilised the above contingency provisions towards provision on these accounts.

Term deposits increased by 55.7% from ₹773,011.08 million at March 31, 2020 to ₹1,203,594.89 million at March 31, 2021, savings account deposits increased by 27.1% from ₹185,635.25 million at March 31, 2020 to ₹235,898.65 million at March 31, 2021 and current account deposits increased by 100% from ₹94,993.11 million at March 31, 2020 to ₹189,972.87 million at March 31, 2021. The current and savings account (CASA) deposits increased from ₹280,628.36 million at March 31, 2020 to ₹425,871.53 million at March 31, 2021. Total deposits at March 31, 2021 constituted 71.82% of the funding (i.e., deposits and borrowings). The Bank's CD ratio stood at 102.4% as at March 31, 2021.

Significant increase in its deposit position enabled the Bank to repay short term RBI borrowing and also increase the LCR of the Bank well in excess of the minimum regulatory thresholds.

Borrowings

Borrowings decreased by 43.8% from ₹1,137,905.03 million at March 31, 2020 to ₹639,490.85 million at March 31, 2021. The reduction in borrowing is primarily due to repayment of RBI special liquidity facility by the Bank.

On March 17, 2020, RBI had granted a 90-day Special Liquidity Facility (SLF-2) and as stipulated under the terms and conditions of this facility, the Bank should stay invested in government securities at least to the extent of ₹200,000 million. The Bank fully repaid the previous SLF and was granted another facility as SLF-3 of ₹500,000 million from RBI on June 15, 2020 for a fixed period of 90 days. The Bank had also fully repaid an amount of ₹500,000 million which was availed on June 15, 2020.

Other liabilities

Other liabilities decreased by 20.6% from ₹169,461.83 million at March 31, 2020 to ₹134,507.10 million at March 31, 2021.

Regulatory capital

In line with the RBI circular on Basel III Capital Regulations, currently for computing capital requirement, YES BANK has adopted the standardized approach for credit risk, standardized duration approach for market risk and Basic indicator approach for operational risk. The Bank has also put in place a Board approved policy on Internal Capital Adequacy Assessment Process (ICAAP) which defines and sets processes to review and improve the techniques used for identification, measurement and assessment of all material risks and resultant capital requirements.

Capital Adequacy Ratios	As at March 31, 2021	As at March 31, 2020
Total capital ratio (CAR) out of the above	17.5%	8.5%
- CET1	11.2%	6.3%
- Tier I Capital	11.3%	6.5%
- Tier II Capital	6.2%	2.0%

As at March 31, 2020, Tier 1 ratio of the Bank was below the regulatory minimum requirement and hence Tier II ratio is restricted to 2%

During the year, the Bank has raised capital via FPO of ₹150,000 million. During the previous year, the Bank had raised capital via QIP of ₹19,304.64 million and under Reconstruction scheme ₹100,000 million.

With the above capital raise, Capital Adequacy Ratio of the Bank significantly improved to 17.5% as at March 31, 2021 as compared to 8.5% as at March 31, 2020 and a minimum requirement of 10.875%. CET-1 ratio comfortable stood at 11.2%, Tier I Capital Ratio at 11.3% and Tier II Capital Ratio was 6.2% as at March 31, 2021.

Subsidiary Performance

YES BANK has three subsidiaries

Yes Securities (India) Limited (YSIL), YES Asset Management (India) Limited (YAMIL) and YES Trustee Limited (YTL). All the three subsidiaries are wholly owned subsidiaries of the bank. YSIL is the Bank's Broking and Investment Banking subsidiary. YTL's principal activity is to act as trustee for funds (Yes Mutual Fund). YAMIL has entered into investment management agreement with YTL to act as the investment manager for any funds to be launched by Yes Mutual fund.

During the year, the Bank has infused capital of ₹200 million in YAMIL and ₹3 million in YTL. During FY 2020-21 YSIL reported a net loss of ₹167.82 million. Total revenue from operations of YSIL decreased by 0.3% from 1,012.48 million during FY 2019-20 to 1,009.58 million in FY 2020-21. YAMIL made a loss of ₹132.13 million with total income of ₹40.10 million. YTL made a loss of ₹1.59 million with total income of ₹0.39 million.

As at March 31, 2021, the total capital infused and outstanding is ₹1,490.0 million in YSIL, ₹1,095.0 million in YAMIL and ₹8 million in YTL. The Bank has provided ₹437.82 million for impairment of investment in YAMIL and YTL. The Bank has entered into a definitive agreement to sell its entire stake in YAMIL and YTL to GPL Finance and Investments Limited which is 99% owned by White Oak Investment Management Private Limited on August 21, 2020. The transaction is subject to requisite regulatory approvals.

Update on Ind AS implementation:

The Institute of Chartered Accountants of India has issued Ind AS (a revised set of accounting standards) which largely converges the Indian accounting standards with International Financial Reporting Standards (IFRS). The Ministry of Corporate Affairs (MCA) has notified these accounting standards (Ind AS) for adoption. The RBI through press release RBI/2018-2019/146 DBR.BP.BC. No.29/21.07.001/2019-20 March 22, 2019 updated all scheduled commercial banks that legislative amendments recommended by the RBI are under consideration of the Government of India. Accordingly, RBI has decided to defer the implementation of Ind AS till further notice.

Total capital infused in the 3 subsidiaries - ₹1,490 mn in YES Securities, ₹1,095 mn in YES AMC and ₹8 mn in YES Trustee.

As per RBI directions, YES BANK has taken following steps so far:

- » YES BANK is submitting quarterly Proforma Ind AS financial statements to the RBI.
- » Formed Steering Committee for Ind AS implementation. The Steering Committee comprises Group Chief Financial Officer (CFO) (Chairman), Chief Risk Officer (CRO), Chief Operating Officer (COO), Chief Information Officer (CIO) and members of the Senior Management from Financial Management, Risk Control and Treasury Operations. The Committee oversees the progress of Ind AS implementation in the Bank and provides guidance on critical aspects of the implementation such as Ind AS technical requirements, systems and processes, business impact, people and project management. The Committee closely reviews progress of the implementation.
- » Steering committee updates the Audit Committee and the Board on preparedness for migration to Ind AS on a quarterly basis.
- » Further, YES BANK has procured IT solutions to automate Expected Credit Losses (ECL) computation and other accounting changes required in Ind AS in order to improve the robustness of the process.

YES BANK will continue to liaise with RBI and industry bodies on various aspects pertaining to Ind AS implementation.

To
The Members,

Your Directors are pleased to present the Seventeenth Annual Report on the business and operations of the Bank together with the audited financial statements (standalone as well as consolidated) for the financial year ended March 31, 2021.

BUSINESS OVERVIEW

FY 2020-21 was the first year of the new journey of YES Bank under the new management post the Yes Bank Limited Reconstruction Scheme, 2020 ("Scheme") which was implemented in March 2020.

The new Board and management were entrusted with the responsibility of rebuilding the institution which had seen a sharp drop in deposits, customer trust and also had to face the consequences of the pandemic. The Bank had embarked on a transformation journey to emerge as a re-energized, recapitalized and recalibrated organization, by leveraging on a unique opportunity to learn from past challenges and become stronger, while continuing to fulfill its unwavering commitment towards its customers and stakeholders. The steps the Bank took included constant dialogue and deliberations with the regulators to timely resolve outstanding issues (for e.g. Special Liquidity Facilities from the Reserve Bank of India (RBI) as per requirement, de-classification of erstwhile Promoters with due regulatory approvals etc.), revamp of the Governance and Controls structure, identification and deep-diving into the quality of the loan book to recognize and provision for stress transparently and pro-actively, empowering and reinforcing trust and faith amongst the 21,000+ strong workforce to work as one team again to rebuild the Bank in the face of the full blown impact of a Global Pandemic. These initiatives and efforts were critical to win back the confidence of the Bank's stakeholders and investor community; and the resounding success of the FPO (one of the largest public capital raises in the history of Indian Capital markets) is a strong endorsement of stakeholder belief in the Bank's management, business plan and strategy. The confidence of stakeholders has not only been seen through the improving financial performance of the Bank during the last year, but also through external validation in the form of Credit Rating upgrades, successful client win-backs and acquisition strategy, re-inclusion of the stock in marquee indices and increase in FII shareholding amongst others.

The Bank also undertook multiple initiatives to stabilize the Bank's operations in the wake of COVID-19, while at the same slowly and selectively launching tailored propositions for its customers.

- » Deepened customer relationship and wallet share for existing Bank customers, while focusing on attractive tailored propositions for new customers such as the newly launched Yes Premia program and Loan in Seconds

- » Improved existing customer offering by re-vamping the Yes Online and Corporate Net banking platforms by making them more user friendly
- » Enhanced digital customer sales and servicing model and enable remote interactions for key processes such as the launch of video KYC for account opening, WhatsApp Banking, remote payment service for merchants
- » Kickstarted and/or implemented many key initiatives in customer personalization using Chatbots, data analytics, innovation in Cloud platforms, intelligent automation through robotics etc.
- » The Bank also launched a massive brand building campaign "Zimmedari se Tayyari" which has gained significant digital traction and has been listed amongst the Top 10 ads on YouTube by ET Brand Equity.

The Bank continued its efforts towards building a stronger retail franchise with contribution of retail advances compared to total advances, increased to ~30 % in FY 2020-21 compared to 24% in FY 2019-20. Digitisation remains the Bank's key pillar to grow the Retail, MSME and the Transaction Banking business. The Corporate advances have also started to pick up with focus on working capital financing to high rated corporates. The Bank believes that the legacy corporate stress has been adequately provided for in FY 2020-21. The Bank has significant presence within the new-age payments space with the highest market share of ~40.6% in UPI transactions (by volume) in FY 2020-21.

STATE OF THE AFFAIRS OF THE BANK

FY 2020-21 was a crucial milestone for the Bank in its onward journey, as the Bank battles the social and economic impact of COVID-19 on its operating model and simultaneously re-invents itself into a stronger, redefined organization. The Bank's fundamentals continue to be strong and the Bank has emerged from the crisis as a financially sound, well capitalized, well governed institution, with customer centricity and digital at the heart of its strategy. The Bank remains focused on its priorities and looks to continue this momentum onwards and upwards so that it is able to deliver on its strategic objectives while creating superior value for all its stakeholders.

Key near term strategic objectives that the Bank has achieved and will further strengthen:

1. Rebuild capital, liabilities and liquidity buffers
2. Cost optimisation
3. Stronger governance and underwriting frameworks
4. Focused stressed assets resolution

Medium term

1. Stable liability mix and lower cost of funds: CASA Ratio>40%
2. Granular advances: Retail/MSME>60%
3. Corporate flows and cross sell through Transaction Banking
4. ROA>1% by FY23 and ROA>1.5% by FY25

BUSINESS OUTLOOK

For the new financial year, shareholders may expect the following:

- » Infrastructure and growth push by the Government to provide the right impetus for a sustainable credit opportunity in the economy
- » Market share improvement for banks with strong parentage
- » Enhanced usage of digital as a key enabler in customer experience
- » Structural shift in household savings from physical to financial assets

MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis Report for the year under review as stipulated in Listing Regulations is presented in a separate section forming part of the Annual Report.

RISK MANAGEMENT FRAMEWORK

The Bank's Enterprise Risk Management framework encompasses the following:

» **Risk Governance Framework:** The Bank has implemented an Enterprise Risk Governance framework to ensure non-silo based management and oversight of Risk. The Bank's Risk Management philosophy is guided by the Three Lines of Defence:

- **First Line of Defence - Business Management:** Each business segment of the Bank has risk ownership and is responsible for assessment and management of risks and has the overall responsibility of the management and mitigation of the Risk. The segments are required to implement appropriate procedures to fulfil their risk governance responsibilities.

- **Second Line of Defence - Independent functions:** The Bank's independent oversight functions, such as, Risk Management, Credit Underwriting, Compliance, Legal, Fraud Containment Unit, etc. set standards for management and oversight of risks, including compliance with applicable laws, regulatory requirements and policies.
 - **Risk Management:** Risk Management establishes policies and guidelines for risk assessment and management and contributes to controls and tools to manage, measure and mitigate risks faced by the Bank. Risk Management comprises units such as Enterprise Risk, Credit Risk Policy Unit, Market Risk, Operational Risk, Legal Risk, Information Security, Portfolio Analytics Unit, Retail, SME & Rural Policy Unit and Portfolio Management Unit which are responsible for independent review, monitoring and reporting of all risk control parameters and taking appropriate corrective actions where necessary. These units also ensure compliance to internal policies and regulatory guidelines.
 - **Credit Underwriting:** The Credit team ensures an independent assessment of credit proposals and is responsible for monitoring the credit quality of the Bank's portfolio and undertaking portfolio reviews.
 - **Compliance:** The Compliance unit is responsible for tracking implementation of all regulatory circulars/communication, review of new products & processes from regulatory perspective, conducting compliance reviews to ensure adherence to regulatory guidelines and monitoring progress in rectification of significant deficiencies (if any) pointed out by regulators in inspection reports as well as implementation of recommendations made therein. This ensures that the overall Compliance Risk of the Bank is managed and mitigated.
 - **FCU & AML:** The Fraud Containment Unit (FCU) is responsible for prevention and detection of internal and external frauds in the areas of Liabilities, Product and Support functions. The unit conducts transaction monitoring, forensic scrutiny, employee awareness trainings and vulnerability assessments to help achieve the said objective. The Anti Money Laundering Unit (AML) is responsible for identifying and reporting of suspicious transactions and other regulatory reports such as Cash Transaction Report, Cross Border Wire Transfer Report, Not for Profit Organisation Transaction report etc as prescribed under PMLA Act/Regulators, across all Business segments of the Bank. The AML unit is equipped with qualified, trained and experienced staff, which monitors various transactions undertaken by customers with a view to combat financial crimes and prevents misuse of the accounts for money laundering.

- **Third Line of Defence** – The Bank's Internal Audit function independently reviews activities of the first two lines of defence based on a risk-based audit plan and methodology approved by the Audit Committee of the Board. Internal Audit provides independent assurance to the Board, the Audit Committee, senior management and regulators regarding the effectiveness of the Bank's governance and controls framework designed for risk mitigation.

The Board of Directors of the Bank has overall responsibility for Risk Management. The Board oversees the Bank's Risk and related control environment, reviews and approves the policies designed as part of overseeing the Risk Management practices. The Board ensures that comprehensive policies, systems and controls are in place to identify, monitor and manage material risks at a Bank-wide level, with clearly defined risk limits. The Board has laid down Risk Appetite Statement which articulates the quantum of risk the Bank is willing and able to assume in its exposures and business activities in pursuit of its strategic objectives and desired returns. The Board has also established policies governing risk management, such as, Credit Policy, Asset Liability Management Policy, Operational Risk Management Policy, Information Security Policy, Enterprise Risk Management Policy, Group Risk Management Policy, Model Risk & Governance Policy, Risk Based Pricing Policy, Stress Testing Policy, etc. which establish the Risk Appetite Framework within the overall Risk Appetite Statement.

The Board has put in place four Board level Committees which inter-alia pertain to Risk Management, viz. Risk Management Committee (RMC), Audit Committee (AC), Fraud, Willful Defaulters and Non Co-operative Borrowers Monitoring Committee (FWD & NCBMC) and Board Credit Committee (BCC) to deal with risk management practices, policies, procedures and to have adequate oversight on the risks faced by the Bank. The Board Committees have set up various Executive level committees for oversight over specific risks.

1. Apex Management Committee
2. Enterprise Risk, Reputation Risk and Model Assessment Committee
3. Management Credit Committee
4. Executive Credit Committee
5. Asset & Liability Management Committee
6. Operational Risk Management Committee
7. Standing Committee on Customer Service
8. Fraud & Suspicious Transaction Monitoring Committee
9. Committee for Classification of Willful Defaulters & Non Co-operative Borrowers

10. Accountability Review Committee
11. Whistle Blower, Disciplinary and Internal Committee
12. Steering Committee for IFRS (Ind AS)
13. Product Process Approval Committee
14. IT Steering Committee
15. Security Council
16. Stressed Asset Monitoring Committee
17. Sustainability Council
18. Fraud Investigation Committee

These Committees review various aspects / key risks and ensure that the best-in-class frameworks are in place to oversee day-to-day management of underlying business activities, transactions and associated risks while dealing with internal and external stakeholders. Further, Risk events, potential threats, performance of the Bank vis-à-vis Risk Limits and Risk Appetite, Risk Profile dashboard covering key risk indicators, etc. are presented to these Committees, with periodic trends highlighted along with level and direction of risk. The Bank also conducts a detailed Internal Capital Adequacy Assessment Policy ('ICAAP') review exercise to identify its Risk universe, review its Risk appetite in line with its business strategy as well as assess its internal controls and mitigation measures in place for the risks and capital requirements. The ICAAP document is approved by the RMC and the Board.

Additionally, in line with best Risk Governance practices, the Bank has segregated credit underwriting and risk management verticals. The underwriting vertical consisting of Credit Units is headed by the Chief Credit Officer (CCO) and the risk controls and policy vertical consisting of various independent control units is headed by the Chief Risk Officer (CRO). The CRO reports to the Risk Management Committee while the CCO reports to the MD&CEO.

DEPOSITS

Being a banking company, the disclosures required as per Rule 8(5)(v) & (vi) of the Companies (Accounts) Rules, 2014, read with Sections 73 and 74 of the Companies Act, 2013 are not applicable to your Bank.

DIVERGENCE IN ASSET CLASSIFICATION AND PROVISIONING FOR NPAs

In terms of the RBI circular no. DBR.BP.BC.No.32/21.04.018/2018-19 dated April 1, 2019, Banks are required to disclose the divergences in asset classification and provisioning consequent to RBI's annual supervisory process in their notes to accounts to the financial statements, wherever either or both of the following conditions are satisfied: (a) the additional provisioning for NPAs assessed by RBI exceeds 10 per cent of the reported profit before provisions and contingencies for the reference period and (b) the additional Gross NPAs identified by RBI exceed 15 per cent of the published incremental Gross NPAs for the reference period. Based on the above, no disclosure on divergence in asset classification and provisioning for NPAs is required with respect to RBI's annual supervisory process for FY 2019-20.

Disclosure on Complaints

The Bank became aware in September 2018 through communications from stock exchanges of anonymous whistleblower complaints alleging irregularities in the Bank's operations, potential conflict of interest of the founder / former MD & CEO and allegations of incorrect NPA classification. The Bank conducted an internal enquiry of these allegations, which was carried out by management and supervised by the Board of Directors. The enquiry resulted in a report that was reviewed by the Board in November 2018. Based on further inputs and deliberations in December 2018, the Audit Committee of the Bank engaged an external firm to independently examine the matter. In April 2019, the Bank had received the phase 1 report from the external firm and based on further review/ deliberations had directed a phase 2 investigation from the said firm. In February 2020, the Bank has received the final phase 2 report from the said external firm. The Bank has taken this report to the Audit Committee. As advised by the Audit Committee, the Bank has reviewed and carried out remediation actions across areas of process, design, policy and control related issues highlighted in the report including conducting forensic audits for few of the identified borrower accounts. The forensic audits for remaining accounts are in the process. Basis guidance from the ACB during the year, further action has been taken and a comprehensive note was put up to the Board on January 15, 2021 for closure of the report. The Board expressed satisfaction with the review carried out and approved the closure of the review of the anonymous complaints received by the Bank in September / December 2018. Exposure to such borrower accounts are recognized as NPA and commensurately provided.

Further, the Bank received forensic audit reports on certain borrower groups commissioned by other consortium bankers, which gave more information regarding the above mentioned allegations and

has filed complaints with the law enforcement agencies. Also, Law Enforcement Agencies (LEAs) - the Enforcement Directorate (ED), the Central Bureau of Investigations (CBI) and the Serious Fraud Investigation Office (SFIO) have launched investigations into some aspects of transactions of the founder / former MD & CEO, and alleged links with certain borrower groups. LEAs are investigating allegations of money laundering, fraud and nexus between the founder / former MD & CEO and certain loan transactions. The investigation continues to be carried out by the various law enforcement agencies. There are no claims made by any whistleblower or other parties against the Bank in this matter. The Bank does not foresee any substantial financial impact on the Bank arising out of these investigations.

The ultimate beneficial owner of the Purchaser is Mr. Prashant Khemka who owns 99.99% of the White Oak Investment Management Pvt Ltd. The transaction is expected to be completed in FY 2021-22.

YAMIL currently has 3 schemes and the average AUM for FY 2020-21 was ₹95.04 crores.

The Consolidated Financial Statements of the Bank and its Subsidiaries prepared in accordance with the requirement of Section 129(3) of the Companies Act, 2013 shall be laid before the ensuing AGM and it forms part of this Annual Report.

Pursuant to the provisions of Section 129(3) of the Companies Act, 2013, a statement containing salient features of Financial Statements of subsidiaries in Form AOC-1 forms part of the Annual Report. The Financial Statements of the subsidiaries of the Bank are available on the website of the Bank (www.yesbank.in). Financials of Bank and its subsidiaries shall also be available for inspection by members or trustees of the holders of any debentures/bonds of the Bank at its Registered office.

INTERNAL FINANCIAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Bank has implemented adequate procedures and internal controls which provide reasonable assurance regarding reliability of financial reporting and preparation of financial statements. The Bank also ensures that internal controls are operating effectively.

MATERIAL CHANGES AND COMMITMENT AFFECTING FINANCIAL POSITION OF THE BANK

Except as disclosed below, there are no material changes and commitments, affecting the financial position of the Bank which has occurred between the end of the financial year of the Bank i.e. March 31, 2021 and the date of the Directors' Report i.e. June 10, 2021.

UNCERTAINTY ESTIMATIONS OWING TO THE GLOBAL HEALTHCARE CRISIS

The SARS-CoV-2 virus responsible for COVID-19 started spreading across the globe and India in March 2020, which has contributed to a significant decline and volatility in global and Indian financial markets and a significant decrease in global and local economic activities. Due to outbreak of the

COVID-19 pandemic, the country had witnessed lockdowns across India, imposed by the Indian government from March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. The current second wave of Covid-19 pandemic, where the number of new cases has increased significantly in India, has resulted in re-imposition of localised/regional lockdown measures in various parts of the country.

RBI issued guidelines on COVID-19 Regulatory Packages under which, the Bank granted a moratorium of three months (further extended by three months) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August 31, 2020. For all such accounts where the moratorium was granted, the asset classification shall remain stand still during the moratorium period (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification under the Income Recognition, Asset Classification and Provisioning norms) has been retained based on the overdue status as at February 29, 2020.

The Supreme Court, in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr), through its interim order dated September 3, 2020 had directed that accounts which were not declared as NPA till August 31, 2020 shall not be declared as NPA till further orders. Accordingly, the Bank did not classify any account which was not NPA as of August 31, 2020 as per the RBI IRAC norms, as NPA after August 31, 2020. The Bank had made contingency provision of ₹2,683 crore till December 31, 2020. The interim order granted to not declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matters. Further in accordance with the instructions in paragraph 5 of the RBI circular dated April 07, 2021 issued in this connection, the Bank has classified such borrower accounts as per the extant IRAC norms with effect from September 1, 2020 and utilised the above contingency provisions towards provision on these accounts.

Refer Financial Statement – 18.5.1 and Notes to Accounts disclosure 18.6.24 for offerings under COVID package in line with the extant regulatory guidelines and Disclosure under COVID19 Regulatory Package.

Further, the Bank is closely monitoring the potential impact of COVID on its borrowers and is engaging with them for suitable resolutions and relaxations in line with RBI guidelines.

RATINGS OF VARIOUS DEBT INSTRUMENTS

The Credit Rating and change/revision in the Credit Ratings for various debt instruments issued by the Bank from time to time are provided in the Corporate Governance Report forming part of the Annual Report.

LOANS, GUARANTEES OR INVESTMENTS IN SECURITIES

Pursuant to Section 186(11) of the Companies Act, 2013, loans made, guarantees given or securities provided or acquisition of securities by a Banking company in the ordinary course of its business are exempted from disclosure requirements under Section 134(3) (g) of the Companies Act, 2013.

CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

There were no materially significant transactions with related parties including promoters, directors, key managerial personnel, subsidiaries or relatives of the Directors during the financial year which could lead to a potential conflict with the interest between the Bank and these parties. The details of the transactions with related parties, if any, were placed before the Audit Committee from time to time. There were no material individual transactions with related parties, which were not in the ordinary course of business of the Bank, nor were there any transactions with related parties, which were not at arm's length basis. Accordingly, the disclosure in Form AOC-2 is not applicable to the Bank for the year under review. Suitable disclosure as required by the Accounting Standards (AS-18) has been made in the notes to the Financial Statements.

Prior omnibus approval for normal banking transactions is also obtained from the Audit Committee for the related party transactions which are repetitive in nature as well as for the normal banking transactions which cannot be foreseen and accordingly the required disclosures are made to the Committee for their approval.

The policy on materiality of Related Party Transactions and also on dealing with Related Party Transactions as approved by the Audit Committee and the Board of Directors is uploaded on the website of the Bank and can be accessed at https://www.yesbank.in/pdf/policies_pdf6.

DIRECTORS & KEY MANAGERIAL PERSONNEL

During the FY 2020-21, Mr. Partha Pratim Sengupta and Mr. Swaminathan Janakiraman, Non-Executive Directors, nominated by State Bank of India resigned from the directorship of the Bank w.e.f. July 24, 2020 and October 28, 2020 respectively. In place of resigned directors, Mr. Vadalur Subramanian Radhakrishnan and Mr. Ravindra Pandey were appointed as SBI Nominee Directors on the Board of the Bank w.e.f. July 31, 2020 and November 3, 2020 respectively. Their nomination on the Board will be valid till such period as per the Scheme or January 31, 2023 and June 30, 2022, respectively.

As you are aware, pursuant to the Yes Bank Reconstruction Scheme, 2020 ("Scheme") nomination made by State Bank of India and Order passed by RBI under Banking Regulation Act, 1949 (BR Act)

the new Board of Directors was constituted with effect from March 26, 2020. As per the Scheme, the members of the Board, other than the additional directors (appointed by RBI u/s 36AB of BR Act), shall continue in office for a period of one year, or until an alternate Board is constituted by reconstructed bank in accordance with the procedure laid down in its memorandum and articles of association, whichever is later. Accordingly, necessary process has already been initiated by the Bank for identifying directors with appropriate skill sets and expertise on the Board of the Bank for constitution of the alternate Board. The appointment of directors will be subject to required approvals, including approval of the members.

Key Managerial Personnel

During the year, Mr. Niranjan Banodkar was appointed as Chief Financial Officer ('CFO') and Key Managerial Personnel w.e.f. January 1, 2021 in place of Mr. Anurag Adlakh CFO and Key Managerial Personnel who has assumed the role of Chief Human Resources Officer ('CHRO') of the Bank.

Mr. Prashant Kumar continues to be the MD & CEO of the Bank as per the Scheme notified by the Ministry of Finance, Government of India under Notification No. G.S.R. 174(E) dated March 13, 2020.

Mr. Shivanand Shettigar continued to act as Company Secretary and the Key Managerial Personnel.

STATEMENT ON DECLARATION BY INDEPENDENT DIRECTORS

Pursuant to the Scheme through which the new Board was appointed, none of the Directors are designated as Independent Directors. Hence, the Bank is not required to obtain declarations under Section 149(6) and 149(7) of the Companies Act, 2013 and Regulation 16(1)(b) and Regulation 25(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

However, given the present composition of the Board, wherein presently there are three Non-Executive Directors viz. Mr. Sunil Mehta, Mr. Mahesh Krishnamurti and Mr. Atul Bheda, appointed pursuant to the Scheme, not holding any substantial interest in the share capital nor having any pecuniary relationship with the Bank and meets the criteria of independence, accordingly necessary declarations were obtained from them, confirming that they meet the criteria of independence.

STATEMENT REGARDING OPINION OF THE BOARD WITH REGARD TO INTEGRITY, EXPERTISE AND EXPERIENCE (INCLUDING THE PROFICIENCY) OF THE INDEPENDENT DIRECTORS APPOINTED DURING THE YEAR

None of the Directors appointed under the Scheme are designated as Independent Directors, therefore the statement regarding opinion of the board with regard to integrity, expertise and experience (including the proficiency) of the independent directors is not applicable.

FAMILIARIZATION PROGRAMS FOR INDEPENDENT DIRECTORS

The programs undertaken for familiarizing the Independent Directors are disclosed in detail in the Corporate Governance Report, which forms part of the Annual Report.

NUMBER OF MEETINGS OF THE BOARD AND IT'S VARIOUS COMMITTEE

The details of Board meetings held during the year, attendance of Directors at the meetings and constitution of various Committees of the Board are included separately in the Corporate Governance Report, which forms part of the Annual Report.

PERFORMANCE EVALUATION OF THE BOARD

The Bank has laid down criteria for performance evaluation of the Directors including Chairman, Managing Director & CEO, Board Level Committees and Board as a whole as well as the evaluation process for the same, in line with the provisions of the Companies Act, 2013, Listing Regulations and SEBI Guidance Note on the Board Evaluation dated January 5, 2017. The present Board of Directors of the Bank was constituted in accordance with the Scheme, wherein two Board Members are the Additional Directors appointed by the RBI pursuant to Section 36AB of Banking Regulation Act, 1949. As per the RBI letter No. DoR.PSBD.No.325/16.05.004/ 2020-21 dated August 24, 2020, Additional Directors appointed by RBI are not subject to performance evaluation. Given the present composition of the Board under the Scheme, the Bank was not required to mandatorily comply with the stipulated procedure of Performance Evaluation for FY 2020-21. However, as a matter of good governance, the Board decided for carrying out the Performance Evaluation of the Directors, excluding the Additional Directors appointed by RBI, for the Financial Year 2020-21, in an appropriate manner.

Accordingly, the process for carrying out the performance evaluation of the members of the Board, the Board Level Committees and the Board as a whole was initiated by the Bank post completion of FY 2020-21 and the Board of Directors had deliberations and also had informal interactions in this regard. The performance evaluation process would be completed in due course.

POLICY ON APPOINTMENT OF DIRECTORS

The Board of Directors of the Bank had formulated and adopted policy on "Board Diversity and Fit & Proper Criteria and Succession Planning" for appointment of Directors on the Board of the Bank and succession planning. The details of the same have been included in the Report on Corporate Governance forming part of this Annual Report.

REMUNERATION POLICY

The Board of Directors of the Bank had formulated and adopted policies for Remuneration of Employees of the Bank, Remuneration of Directors including the Chairman of the Bank. The details of the same are made available on the Bank's website and can be accessed at https://www.yesbank.in/pdf/board_kmp_sr_mgmt_remuneration_policy.pdf.

- (a) The statement containing particulars of employees as required under Section 197(12) of the Companies Act, 2013 read with Rule 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 forms part of this report. In terms of Section 136 of the Companies Act, 2013, the same would be available for inspection during working hours at the Registered Office of the Bank till the date of Annual General Meeting. A copy of this statement may be obtained by the Members by writing to the Company Secretary of the Bank.
- (b) The ratio of the remuneration of each Director and employees of the Bank as required under the provisions of Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is attached as **Annexure 1** to the Report.

EMPLOYEES STOCK OPTION SCHEME

Your Bank has instituted Stock Option Plans to enable its employees to participate in your Bank's future growth and financial success. In terms of compensation and benefit policy of the Bank, employees are granted options as part of Annual Performance Review process based on their performance

as well as to ensure their retention, and to hire the best talent for its senior management and key positions. The Employee Stock Option Scheme was amended as approved by the members of the Bank at the previous annual general meeting held on September 10, 2020 and the Stock Exchanges i.e National Stock Exchange and BSE Limited have granted necessary approval for such amendment on November 24, 2020 and January 06, 2021 respectively. The details of Employee Stock Option Schemes and related statutory disclosures are provided in **Annexure 2** to this report.

CORPORATE GOVERNANCE

The Bank is committed to follow best Corporate Governance practices and adheres to the Corporate Governance requirements set by the Regulators under the applicable laws/regulations. In line with the foregoing, the Bank has adopted a Code of Corporate Governance which acts as a guide to the Bank and the Board on the best practices in the Corporate Governance.

A separate section on Corporate Governance standards followed by the Bank and the relevant disclosures, as stipulated under Listing Regulations, Companies Act, 2013 and rules made thereunder forms part of the Annual Report.

A Certificate from M/s. Bhandari & Associates, Practicing Company Secretaries, conforming compliance by the Bank to the conditions of Corporate Governance as stipulated under Listing Regulations, is annexed to the Report on Corporate Governance, which forms part of the Annual Report.

VIGIL MECHANISM

In line with the provisions of Listing Regulations, the Companies Act, 2013 and the principles of good governance, the Bank has devised and implemented a vigil mechanism, in the form of 'Whistle-Blower Policy'. The policy devised is also aligned to the recommendations of Protected Disclosure Scheme for Private Sector and Foreign Banks, instituted by RBI. Detailed information on the Vigil Mechanism of the Bank is provided in the Report on the Corporate Governance which forms part of the Annual Report.

CORPORATE SOCIAL RESPONSIBILITY

In compliance with Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, the Bank has constituted Corporate Social Responsibility ('CSR') Committee and statutory disclosures with respect to the CSR Committee and Annual Report on CSR Activities forms part of this Report as **Annexure 3**. The CSR Policy is available on the website of the Bank and can be accessed at https://www.yesbank.in/pdf/ybl_corporate_social_responsibility_policy.

AUDITORS & REPORTS OF THE AUDITORS

A. Statutory Auditors

In terms of Section 139 of the Companies Act, 2013, M/s M P Chitale & Co., Chartered Accountants (ICAI Firm Registration Number 101851W), were appointed as statutory auditors of the Bank for a period of four years from the conclusion of 16th AGM till the conclusion of 20th AGM of the Bank, subject to the annual approval of the Reserve Bank of India (RBI).

Further, in terms of the RBI Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs) dated April 27, 2021, in order to protect the independence of the auditors/audit firms, entities will have to appoint the SCAs/SAs for a continuous period of three years, subject to the firms satisfying the eligibility norms each year. Further, the audit firms which have already completed tenure of 1 year with any entity may be permitted to complete the balance tenure only, i.e. 2 years and for Entities with asset size of ₹15,000 crore and above as at the end of previous year, the statutory audit should be conducted under joint audit of a minimum of two audit firms [Partnership firms/Limited Liability Partnerships (LLPs)].

Thus in terms of the aforesaid RBI Guidelines, M/s M P Chitale & Co., Chartered Accountants (ICAI Firm Registration Number 101851W) will be eligible to hold office only up to the 19th AGM subject to fulfillment of eligibility norms on an annual basis.

Accordingly, the Board of Directors has recommended to RBI the appointment of M/s M P Chitale & Co., Chartered Accountants (ICAI Firm Registration Number 101851W) as the Statutory Auditors of the Bank for a period of two years from the conclusion of 17th AGM till the conclusion of 19th AGM, at the ensuing AGM and their appointment will be subject to approval by RBI on an annual basis under above-mentioned RBI circulars.

Further the Board of Directors has recommended to RBI names of seven Audit firms in the order of preference, wherein M/s. Chokshi & Chokshi LLP, Chartered Accountants, (ICAI Firm Registration No. 101872W /W100045), as the first preference for appointment as Joint Statutory Auditors of the Bank, for a period of three years from the conclusion of 17th AGM till the conclusion of the 20th AGM, at the ensuing AGM and their appointment will be subject to approval by RBI on an annual basis under above-mentioned RBI circulars.

Qualification, reservation, adverse remark or disclaimer given by the Auditors in their Report

The Report given by the Statutory Auditors on the Financial Statements of the Bank for the financial year ended on March 31, 2021 forms part of this Annual Report. The auditors of the Company have given an unmodified opinion as mentioned in the Auditors' Report.

The audit report for the Financial Year ended March 2020 was qualified because of material uncertainty related to Going Concern. The opinion was predicted on a significant decline in Bank's deposit base, credit downgrades resulting in partial prepayment of foreign currency debt linked to external credit rating, breaches in liquidity ratios and RBI mandated Capital ratios.

During the current year, the Bank raised capital of ₹150,000 million through FPO in July 2020. As a consequence, Bank's capital ratio stands at 17.5% as on March 31, 2021 as against a minimum requirement of 10.875%. Further, Bank has increased its deposit position by 54.7% to ₹1,629,466 million while also improving the LCR well in excess of the minimum regulatory thresholds.

Given the capital raise, reinforced capital buffers, strong growth in deposit base, the Banks' compliance with regulatory ratios and expanding customer and branch network, the audit report for FY 2020-21 is not modified.

Also, no offence of fraud was reported by the Auditors of the Bank.

B. Secretarial Auditors and Secretarial Audit Report

Pursuant to Section 204 of the Companies Act, 2013, M/s. Bhandari & Associates, Practicing Company Secretaries, Mumbai were appointed as Secretarial Auditors of the Bank to conduct the secretarial audit for the FY 2020-21. The Bank provided all assistance and facilities to the Secretarial Auditors for conducting their audit. The Report of Secretarial Auditors for the FY 2020-21 is annexed to this report as **Annexure 4**. There are no observations, reservations or adverse remarks in the Secretarial Audit Report.

MAINTENANCE OF COST RECORDS

Being a Banking Company, the Bank is not required to maintain cost records as per sub-section (1) of Section 148 of the Companies Act, 2013.

BUSINESS RESPONSIBILITY REPORT

As stipulated in Listing Regulations, the Business Responsibility Report describing the initiatives undertaken by the Bank from environmental, social and governance perspective is separately attached as part of the Annual Report.

SIGNIFICANT AND MATERIAL ORDERS PASSED BY REGULATORS

During the year under review, no significant and material orders were passed by the regulators or courts or tribunals impacting the going concern status and Bank's operation in future.

DISCLOSURES UNDER GREEN INFRA BONDS

Green Bonds have emerged as a mainstream financing mechanism for providing structured finances to vital clean energy and are playing a pivotal role in realization of India's renewable energy potential. Since the maiden issuance by YES BANK, the Green Bonds market has witnessed a steady growth and is currently pegged at over USD 10 billion. Driven by the commitment of mobilizing USD 5 billion towards climate action by 2020, as taken during Paris Accord, YES BANK has issued three green bonds:

- » **February 2015:** The Bank issued India's first-ever Green Infrastructure Bonds, raising an amount of INR 1000 crore. This 10 year tenor bond witnessed strong demand from leading investors including Insurance companies, Pension & Provident Funds, Foreign Portfolio Investors, New Pension Schemes and Mutual Funds
- » **August 2015:** The Bank raised INR 315 crore through the issue of Green Infrastructure Bonds to International Finance Corporation ("IFC") on a private placement basis which is the first investment by IFC in an Emerging Markets Green Bond issue in the world. The bonds are for a tenor of 10 years. IFC paid for the placement using the proceeds from the first Green Masala Bond program, that aimed at raising capital in the offshore rupee market
- » **December 2016:** The Bank has raised INR 330 crore, through an issue of a 7-year Green Infrastructure Bonds to FMO, the Dutch Development Bank, on a private placement basis. This is FMO's 1st investment in a Green Bond issued by a bank in India. FMO has paid for the placement using the proceeds from their sustainability bonds issued in 2015

The amount raised was used to finance Green Infrastructure Projects as per 'Eligible Projects' outlined in the Bank's internal guidelines that are in adherence to the Green Bond Principles (GBP). For FY 2020-21, KPMG, India has provided limited assurance on conformity of the use of proceeds, process for evaluation and selection of projects, management of proceeds and reporting of these green bonds to GBP 2018.

The GBP are voluntary guidelines, developed by the International Capital Markets Association, for broad use by the market that recommend transparency and disclosure, and promote integrity in the development of the Green Bond market. They have the following four key components and the bank showcases its adoption below:

- » **Use of Proceeds:** The proceeds raised by the bank are used in eligible project categories and include all projects funded in whole, or in part, in the fields of renewable and clean energy projects including Wind, Solar, Biomass, Hydropower and other such projects.

- » **Process for Evaluation and Selection of Eligible Projects:** The Bank's process starts with interactions with potential borrowers to understand the overall aspects of the project and a preliminary confirmation against the eligibility criteria. The evaluation moves to risk assessment for confirmation of the eligibility, post which further documentation is sought as per the Bank's policies and GBP.
- » **Management of Proceeds:** Green Bond allocations to eligible projects are tracked by the Bank through an MIS based asset tagging system. The unallocated proceeds, if any, are placed in liquid instruments.
- » **Reporting:** The bank's communication to investors through an annual update includes:
 - List of projects to which proceeds have been allocated to, with brief description including amounts disbursed, installed capacity
 - Summary of Environment and Social (E&S) impacts associated with projects, if any
 - Information on investment of unallocated proceeds in liquid instruments

Impacts

Through financing solar and wind power plants, these bonds strengthen India's energy security while reducing fossil fuel dependency. These bonds have been crucial in financing climate change mitigation with avoidance of emissions of CO₂, SO₂, NOx and other air pollutants associated with fossil fuel based energy generation. Estimated CO₂ emission reductions are shared along with project details.

List of projects against which green bonds proceeds have been allocated as on 31st March, 2021 is provided below:

ANNEXURE 5

Assurance statement by KPMG INDIA for Green Bond

INDEPENDENT ASSURANCE STATEMENT

To the management of Yes Bank Limited, Yes Bank Tower, ONE International Center, Tower II, 15th Floor, Senapati Bapat Marg, Elphinstone (W), Mumbai- 400013, Maharashtra, India.

Introduction

We were engaged by Yes Bank Limited ('Issuer') to undertake an independent review of the following green bonds:

- » Green bonds for INR 1,000 crores issued on 24 February 2015
- » Green bonds for INR 315 crores issued on 05 August 2015
- » Green bonds for INR 330 crores issued on 29 December 2016

Our responsibility was to provide "limited assurance" on conformance of the aforementioned green bonds and the accompanying report "Disclosures under Green Infrastructure Bonds" with the Green Bond Principles, 2018 during the FY 2020-21.

Assurance Standards

We conducted our engagement in accordance with requirements of 'Limited Assurance' as per International Federation of Accountants' (IFAC) International Standard on Assurance Engagements [ISAE 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information].

Assurance scope and level of assurance

Our scope of assurance included information on material aspects of the green bond during FY 2020-21 based on the requirements of the Green Bond Principles, 2018 as listed below:

- » Use of Proceeds
- » Process for Project Evaluation and Selection
- » Management of Proceeds
- » Reporting

Specific limitations and exclusions

Our assurance process was subject to the following limitations as we have not been engaged to:

- » Determine which, if any, recommendations should be implemented
- » Provide assurance on information outside the defined reporting boundary and period
- » Verify the Issuer's financial statements & economic performance
- » Verify the Issuer's statements that describe expression of opinion, belief, aspiration, expectation, aim or future intention and national or global socio-economic and environmental aspects provided by the Issuer

Work undertaken

We planned and performed our work to obtain all the evidence, information and explanations that we considered necessary to obtain a meaningful level of assurance in relation to the above scope. The procedures we performed, which are set out in detail below, were based on our professional judgment and included, as appropriate, inquiries, observation of processes performed, inspection of documents, analytical procedures, evaluating the appropriateness of quantification methods and reporting policies and agreement or reconciliation with underlying records. We believe that the procedures we have performed and the evidence we have obtained are sufficient and appropriate to provide a basis for our limited assurance conclusion.

- » To reach our conclusion we:
- » Checked the Issuer's Green Bond Framework that includes processes, systems and controls in place for management of bond proceeds; investment areas for green bond proceeds and intended types of temporary investment instruments for the management of unallocated proceeds;
- » Read sections of the bond disclosure documentation that also support the objects of the green bond issue, investment areas for proceeds and intended types of temporary investment instruments for the management of unallocated proceeds;
- » Conducted interviews with management and key staff responsible for the green bond to understand how the processes, systems and controls defined in the Green Bond Framework have been implemented in the financial year;
- » Checked the list of projects to which bond proceeds have been allocated in the financial year and their conformance with the criteria defined in the Green Bond Framework;
- » Verified the amount of bond proceeds allocated to projects at the end of each quarter in the financial year through examination of a sample set of statements of accounts;

- » Verified the allocation of unallocated bond proceeds to government securities at the end of the financial year through examination of statements from Financial Management team of the Issuer; and
- » Recalculated estimated carbon dioxide emission reductions from projects using information collected by the Issuer.

Conclusions

The following conclusion is based on the work performed and evidence obtained and the scope of our assurance engagement described above.

Nothing has come to our attention to suggest that the green bonds issued in February 2015, August 2015 and December 2016 by the Issuer and the accompanying report "Disclosures under Green Infrastructure Bonds FY 2020-21" are not, in all material respects, conforming to the requirements of the Green Bond Principles, 2018, during FY 2020-21.

Independence

The assurance was conducted by a multidisciplinary team including professionals with suitable skills and experience in auditing environmental, social and economic information in line with the requirements of ISAE 3000 standard. Our work was performed in compliance with the requirements of the IFAC Code of Ethics for Professional Accountants, which requires, among other requirements, that the members of the assurance team (practitioners) as well as the assurance firm (assurance provider) be independent of the assurance client, in relation to the scope of this assurance engagement. The Code also includes detailed requirements for practitioners regarding integrity, objectivity, professional competence and due care, confidentiality and professional behaviour. We have systems and processes in place to monitor compliance with the Code and to prevent conflicts regarding independence. We apply ISQC 1 and comply with the applicable independence and other ethical requirements of the IESBA code.

Management's responsibility

The Management of the Issuer is responsible for ensuring that the Issuer and their green bond complies with the requirements of the Green Bond Principles, 2018. This responsibility includes designing, implementing and maintaining systems and processes relevant for the management of green bond proceeds.

The Management of the Issuer is also responsible for preventing and detecting fraud and for identifying and ensuring that Issuer complies with laws and regulations applicable to its activities.

Our responsibility

Our responsibility is to report in the form of an independent limited assurance conclusion in relation to the above scope based on the procedures performed and the evidence obtained. We conducted our engagement with a multidisciplinary team which included professionals with suitable skills and experience in auditing environmental, social and economic information in line with the requirements of ISAE 3000 standard.

This assurance report is made solely to Issuer in accordance with the terms of our engagement, which include agreed arrangements for disclosure. Our work has been undertaken so that we might state to Issuer those matters we have been engaged to state in this assurance report and for no other purpose. Our assurance report should not be regarded as suitable to be used or relied on by any party wishing to acquire rights against us other than Issuer for any purpose or in any context. Any party other than Issuer who obtains access to our assurance report or a copy thereof and chooses to rely on our assurance report (or any part thereof) will do so at its own risk. To the fullest extent permitted by law, we accept or assume no responsibility and deny any liability to any party other than Issuer for our work, for this independent limited assurance report, or for the conclusions we have reached.

ANNEXURE 6

Information on Energy Conservation, Technology Absorption and Foreign Exchange Earnings & Outgo

A. CONSERVATION OF ENERGY

I. The steps taken or impact on conservation of energy:

- » The Bank has been migrating to LED lighting in phases. In present financial year, the Bank has replaced 1,980 LED units and CFL Signages has been replaced by LEDs across 43 branches
- » The Bank is in the process of phasing out air conditioning systems that use ozone depleting coolants, and in the current reporting cycle, the Bank has replaced 820 R22 air conditioners that are more than 10 years old with energy efficient (star rated) systems that use eco-friendly coolants, thus reducing its environmental footprint, which have potential saving of 10 to 15 %

II. The steps taken by the bank for utilizing alternate sources of energy:

- » As a pilot, YES BANK has explored the potential of using alternate sources of energy by installing 5 KVA solar power system at Pune Bundh garden branch. YES BANK would continue to explore alternative sources of energy in future

III. The capital investment on energy conservation equipment:

- » INR 2 crore spent in present financial year (including AC retrofitting, LED projects and signage replacements at corporate offices and branch locations)

B. TECHNOLOGY ABSORPTION

I. Efforts Toward Technology Absorption

The advancements in Information Technology (IT) have led to accelerated development in newer technologies, resulting in higher demand for digital solutions to create alternative banking products that deliver customer delight through a better service delivery framework.

Since inception, YES BANK has been at the forefront of technology innovation and adoption and will continue its focus on technology. This will enable the Bank to build a more secure, resilient, and seamless way of interacting and transacting for customers. It will further enforce YES BANK's endeavors to become a technology-led company in the business of banking.

During FY 2020-21 several new initiatives were completed successfully, as well as systems were upgraded to latest versions to support the growing needs of the Bank. The key Bank-wide projects completed during FY 2020-21 were:

- **Yes Online:** In the bank's endeavor to push performance and ensure a safe and secured experience, the bank did a complete overhaul of the retail net banking and added several

features to its capability. Some of the interesting technology feature that makes the YES ONLINE platform a success is as follows (A) Single Access Key: Our revolutionary technology allows the customer to access their account using new debit card PIN. Just log on to the website, select Internet Banking services and key in your Customer ID and debit card PIN. On successful validation the customer will be allowed to select an Internet password. (B) Two-Factor Authentication: The bank's two-factor authentication system allows generation of "One Time Passwords" for Internet Banking transaction authentication which is delivered via SMS or IVR to the registered mobile phone. This password enhances security and allows the customer the freedom of banking online without the need to remember multiple passwords. (C) 128 bit SSL Encryption: A high level of encryption standard is used for all NetBanking transactions. This ensures that the information exchanged between the customer and the bank is completely secure. (D) On the performance side the average user concurrency reached to 4000 plus, this is up by 100 % plus from the previous system giving the bank the edge to manage bigger volumes from before.

- **Corporate NetBanking:** The bank's new corporate net banking portal enables users an Omni channel to access all business transactions. This upgraded interface is easy to manage while processing business transaction and providing visibility of funds across multiple accounts. It provides customized dashboard wherein users can design their own dashboard requirements. Enhanced security through Crypto-ID two factor authentication, banking on the go through mobile application. It's a one stop platform for all banking requirements spanned across payments and collections (e.g. bulk or single transaction, vendor or salary payments, Utility and statutory payments, Trade & Supply chain finance transaction, Custodial services, Collection MIS Reporting etc.). It also supports API Banking and Host-to-Host payment modes which allow corporates to process their financial payments seamlessly.
- **YES MSME:** This new application is an industry-first solution which provides a single interface for all multiple banking needs of MSMEs, including cash flow management, credit limits and utilization, credit document submission, bulk payments etc. In addition to the usual banking transactions that MSMEs need, this is a one-stop solution for their multiple banking solutions through a single interface right from accessing and transacting through Current & Savings Accounts, getting a consolidated view of all loan relationships, tracking Bank Guarantees (BGs) and Letters of Credit(LCs), submitting Stock/debtor statements to raising service requests and managing Employees' Salaries.
- **YES Express:** Yes Express is the digital platform for completing KYC of the customer over video call and is enabled for savings accounts and credit card products. This video-based KYC

process was launched in July 2020 amid Covid lockdown and enabled 20,000+ customers to avail bank's products from the comfort of their homes. The application uses browser-based video calling feature so that there is no dependency on downloading any separate mobile app to complete the KYC. The entire implementation is on Microsoft Azure cloud to ensure scalability, cost saves on hardware procurement and flexibility in deployment. Yes Express is currently handling 1000+ Video KYCs daily across various products.

- **YES Genie:** YES Genie is the bank's ever evolving CRM and proprietary system, it is a one stop solution for customer search and CRM activities along with actionable dashboards for RM. Single unified desktop for Branch, Sales, Contact Center etc. There are more than 10K users on boarded and there is very high activity rate across both mobile and web version. The application has several benefits to name a few, teams can view campaign communication on, check customer profiles of customers. A new version of Yes Genie was released for both Android and iOS. The new version enables RMs to access features such as call management, geo tagging, geo-fencing and nearby features.
- **YES CODE:** The application helps in data digitization, standardizing process and policy compliance, acts as a digital repository for CAMs and increases operational efficiency due to integration with CIBIL, NSDL & Saverisk. This application was put to use pan India for ELC business segment effective from November 01, 2020. The Business & Risk teams are currently in the learning phase and improvement in the turnaround time would be evident and measurable once the learning curve improves with the increase in the cases handled.
- **Whatsapp Banking:** There have been additions to Whatsapp Banking, it is now built on AI-enabled 24*7 personal banking assistant, powered by YES ROBOT with Microsoft Azure's cognitive services. Adoption of technologies like machine learning and robotic process automation has enabled the bank to automate workflows and implement chatbots to manage customer services such as, check balance, loan against FD, order Cheque book, view or apply for product & services, redeem reward points on cards, view COVID-19 relief package, locate nearest ATM or Branch. Potential customers can apply for 60+ products and services through WhatsApp.
- **YES Race:** The bank launched 'Loan in Seconds', a unique solution enabling instant disbursement of retail loans for the Bank's pre-approved liability account holders, which aids in building a transformed 'Digital Bank'. This project through its algorithm assesses a loan application in real-time eliminating the lengthy process of documentation, thereby resulting in a seamless customer experience. This solution helps in availing instant financing without the need to visit a branch in person, fill an exhaustive form, or submit any documentation.
- **Recon Systems:** The bank's in-house enterprise reconciliation tool allows various reconciliations to be done at scale. We have been running 200-300 reconciliation tasks manually. And in several cases, it had to be done multiple times to cover the breadth and depth of reconciliation required – Channel finance Forex rates, Yes Money, Yes Pay – white label wallets. The bank has built an Enterprise Recon engine, which is able to reconcile 15-20Mn records in one recon job and the same can be scheduled basis data availability. The bank has ~80 recons live so far, which would save us ~2Cr INR in 3rd party licenses annually.
- **YES Service Portal:**
 - (A) **Retail Assets** - As an impact towards service digitization and business transformation for retail asset customers, YES Service Portal was launched as a customer service request initiation, this service can be availed through our website. The objective was to create an alternate digital channel for Retail Asset Customers to address their service requirement and ensure straight through processes which would optimize Service TAT at Operations Unit. Thus, a Service Portal is created on Banks Corporate Website, which enables Retail Asset Customer to have a digital interface for their service request with proper authentication process and delivery mechanism.
 - (B) **Retail Liabilities** - A similar module has been built for Retail Liabilities customer, to avail their service requirements online rather than visiting branches or dialing to the Call Center. The request details are captured in CRM system as a footprint and serviced by Operations and Service Delivery team as per defined TAT.
- **Colors Now:** Colors Now is a fully renewed and robust digital platform for origination/initiation of business banking loan applications and paperless sanctions through system. Through this application Customer Asset Management is fully digitize and it creates a digital repository of previous offline information, i.e. Customer Financials, Banking information etc. which generate insights to create new lending programs as well as help in providing early warning signals. COLORS application was envisaged and developed as a custom solution to enable digital breakthrough to reduce manual activities and ensure that the bank can reach out and cater to more customers with the same workforce leveraging on the system capabilities and functionalities.
- **Award and Accolades:** The bank won the following awards this year:
 - 1) 16th Annual IBA's Banking Technology Conference & Awards 2021- Best Technology Bank
 - 2) IDC Financial Insights Innovation Awards 2021 (FIIA)- Best Fintech Partner in Asia

- 3) Asian Banking & Finance Wholesale & Retail Banking Awards 2020 - India Domestic Technology & Operations Bank - YES Talent Radar, an artificial Intelligence enabled talent screening platform and HCM Mobile App
- 4) The Asian Banker Transaction Finance Awards 2020 - Best Trade Finance Bank in India award for digital innovations built on the 'YES Transact Smart Trade' portal.
- 5) The Bankers' Choice Awards 2020 - Best Corporate Payments Project in India for the API based integration with the Reliance Jio group.
- 6) CIO100 – CIO100 Special Awards for Customer Experience – Whatsapp Banking and Service Digitization

II. Proposed New Projects

There is a healthy pipeline of exciting new initiatives, which will enable YES BANK to deliver world-class digital-first customer service in both assisted and self-help mode.

- **Traydstream:** Trade Digitization has been our key strategic objective this year in order to bolster our existing trade flow business. With this objective in mind, we have engaged with Traydstream – a Global Trade Finance Fintech. Based on advanced OCR and Machine Learning (ML) processes, the solution envisaged, could enable us to automate the manual scrutiny of trade finance documentation at NOC. Trade finance transactions being paper intensive have various processing challenges. Heavy dependency on physical transfer of documents, and manual scrutiny thereafter result in a high turnaround time. This problem, if solved, could result in not only customer delight but also ensure operational efficiency.
- **Conversational Banking:** From voice assistant to digital branch and digital RM. YES BANK is leveraging Artificial Intelligence backed by machine learning and (AI)-powered chatbots to communicate with BANK's customers through voice-based interfaces to enable a two-way digital customer experience leveraging Alexa, Google, Siri. For instance, if a customer wants information on Balance, FD, RD, Last 3 statement, interest rates etc, all they must do is say, "Alexa, what is the interest rate on an FD?" and the app responds with the necessary information. These services powered by machine learning are powerful tools in the Digital age. The adoption can help customers utilize full digital services with ease of voice over actions completing the transactions as required. This is being created with full scale security protocols in mind and will be one of the most highly secured products to come.
- **Oracle Financial Services Analytical Applications (OFSAA):** The bank has purchased OFSAA application to automate various regulatory liquidity risk and IRRBB reports. The

application also provides a robust fund transfer pricing module for computation of FTP and IFRS module which can help to automate INDAS accounting standard. By using this application for computing liquidity risk, market value, FTP, ECL as part of standard product offering by the bank and submission of regulatory reports to RBI from the system will reduce manual intervention.

- **YES Connect:** This application is a one stop API market place to showcase ability of the bank and its partner APIs. It is a portal that showcases product catalogue, allows customers to see the specification for customer's development to understand the API Stack. It gives a seamless experience to customer and allows them to express interest and enroll for particular services. The portal also gives the freedom to create lead for NTB customer, integrated with an internal system for quick on boarding of customer and opening of their current account. The portal allows the customer to explore more services and subscribe for it. The portal is a hub to display services under categories like Accounting, ERP, Expense Management, HR etc. Customers who want to avail the bank partner offering and get onboard through YESConnect which gives a seamless experience for three parties involved-- bank, partner and customer. Also it provides a platform to integrate API Sandbox which host multiple YES Bank APIs. The application provides Integration Services across various verticals like Payments, Receivables, Trade, Remittance, Wallet and Prepaid cards, ERP, Accounting, Invoice Management, PayRoll, Loan Management, KYC /Verification Services and Legal advisories.
- **Early Warning Systems:** The RBI has mandated that all banks track Early Warning Signals (EWS) on an ongoing basis for their loan accounts. Thus, the Risk Management Committee with an aim to have access to real-time external information advised to undertake the EWS project immediately and fast-track the project to complete this within a year.
- **Enterprise Limit & Collateral Management:** Enterprise Limits and Collateral Management system provides a single consolidated view of the enterprise-wide Credit exposure with Limits, Utilization and Collaterals. It provides significant benefits to the BANK in (a) Process standardization (b) Provides efficiency and real time management of Limits, Collaterals, exceptions and covenants (c) Information delivery to all stakeholders (d) Better insight and controls. This system provides a comprehensive view of limits, collaterals and utilization and facilitates the BANK to act on pending tasks with collaterals, and facilities due for review, follow-ups, and exceptions.
- **Transaction Processing Hub:** In line with the increasing digitization in the payments space the bank expects electronic payments volumes to increase exponentially, to cope with the increase in payments volumes. Towards this objective, the bank's Technology team is planning

to setup Transaction Processing Hub (TPH) for processing of all payments. The TPH would be the landing and exit point for all incoming and outgoing payments, as well as the central system for payments processing across multiple channels and products. The core functions of TPH includes User Interface, Validations and Exceptions, Workflows, Parsing, Enrichment, Routing, Accounting, Dashboard and Monitoring, Reporting, Charging and Billing, Rule Engine, User Management, Liquidity Management, Alerts, Advices, Payment Prioritization, Beneficiary Maintenance, Volume Throttling, Virtual Accounts Management.

CORPORATE GOVERNANCE REPORT

(The Report on Corporate Governance forms part of the Directors' Report for the year ended March 31, 2021)

In compliance with Regulation 34(3) and Clause (C) of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR"), a Report on Corporate Governance for the Financial Year 2020-21 is presented below:

1. BANK'S PHILOSOPHY ON CODE OF GOVERNANCE

YES BANK, now re-build and backed by rich legacy of fair, ethical, and transparent governance practice of India's best public sector bank, is committed to achieve higher standards of Corporate Governance and has successfully re-gained the trust and faith of the stakeholders by strengthening its governance and disclosure practices.

Effective Corporate Governance is the interaction between various participants (Shareholders, Board of Directors, and Company's Management) in shaping Bank's performance. Transparency and Accountability are the fundamental principles to sound Corporate Governance, which ensures that the organization is managed and monitored in a responsible manner for 'creating and sharing value'.

With a view to bring in more transparency and accountability, the Bank upgrades its systems and policies regularly, to meet the challenges of dynamic and challenging business environment and to provide reasonable assurance with regards to maintaining of proper internal controls and monitoring of operations. YES BANK's Board is committed to adhere to highest standard of ethics, transparency, disclosures and governance and to protect the interest of all its stakeholders. The Board is focused on ensuring both the Corporate Governance and Risk Controls of the Bank.

YES BANK's Corporate Governance framework ensures that timely disclosures are made and accurate information is shared regarding the financial performance, operations as well as the leadership and governance of the Bank.

During the past year, several Corporate Governance issues were raised by Stakeholders and Regulators. Taking a positive note of such observations, the Bank has worked effortlessly to strengthen its governance and disclosure practices and promises to continue to be on the progressive path to nourish Corporate Governance practices to make it more effective from regulatory and market perspective.

Environmental, Social & Governance Rating

Environmental, Social and Governance (ESG) performance refers to the non-financial performance of an organization on crucial issues such as climate change, environmental sustainability, social responsibility, institutional frameworks, and transparency, amongst others.

Globally, there is an emerging awareness that an organization's overall performance is linked to non-financial, yet financially material issues, which pose significant material risks to long term returns. This has led to the emergence of ESG, a set of non-financial metrics or parameters, which along with financial metrics, provide a holistic assessment of an organization's impact on three fronts – profits, people and planet.

YES BANK views the emergence of ESG as an important development for the corporate sector both from an ethical and a financial perspective. The Bank has always endeavoured to integrate ESG principles into its core business strategy and adopt global best practices in ESG. The Bank continuously aligns its business to global frameworks on sustainability such as the United Nation's Sustainable Development Goals (SDGs), the Paris Climate Agreement, and the Principles for Responsible Banking (PRB). In FY 2020-21, YES BANK has strengthened its governance structure for ESG practices by constituting an Executive level Sustainability Council chaired by the MD & CEO. The Sustainability Council oversees the implementation of the Bank's sustainability agenda, sets long, medium & short-term sustainability targets, evaluates performance and apprises the Bank's Board (Corporate Social Responsibility Committee) on the Bank's approach to sustainability.

The Bank continues to be recognized as a benchmark financial institution for its robust sustainability disclosure which are aligned to the Global Reporting Initiative and the Integrated Reporting (IR) Framework of the International Integrated Reporting Council. The Bank is also the first in India to align its annual disclosures to the Financial Stability Board's Taskforce on Climate-related Disclosures (TCFD) recommendations and in FY 2020-21, supported a call to action led by 10 leading financial institutions, to publish more comprehensive and robust physical climate-related risk assessments and disclosures. The Bank's 2020 Climate Change disclosures were rated of 'A-' (Leadership Band) by CDP, for the second year in a row, surpassing the average ratings for the Financial Services and the Asia Region, which stand at 'B' and 'D', respectively. YES BANK is the only Indian Bank to be a signatory to the Collective Commitment on Climate Action (CCCA), a pledge by 38 global banks to align their services and lending with the objectives of the Paris Climate Agreement. In FY 2020-21, the Bank published its first progress report under the CCCA highlighting its initiatives towards low-carbon transition. As the only Indian signatory to the Principles for Responsible Banking (PRB), YES BANK is piloting a tool for impact analysis of its portfolio, the assessments from which will continue to the strengthen the Bank's disclosures under the PRB framework. The Bank also continued to be rated 'C' 'Prime Status' by ISS ESG. YES BANK is also certified for ISO 27001:2013 information Security Management Systems for securing the Bank and its customer data. YES BANK publishes its annual sustainability disclosures as part

CORPORATE GOVERNANCE REPORT

of its Sustainability Report. The disclosures for FY 2020-21 can be accessed at <https://www.yesbank.in/about-us/investor-relations/yes-bank-sustainability-report>

Governance Structure

YES BANK's Corporate Governance Structure has been designed keeping in view of the regulatory and business requirements, which provides a comprehensive framework to (i) enhance accountability to shareholders and other stakeholders, (ii) ensure timely implementations of the plans and accurate disclosures of all material matters, (iii) deal fairly with shareholders and other stakeholder interests, and (iv) maintain high standards of business ethics and integrity.

The current composition of the Board of Directors of Bank is governed under the YBL Reconstruction Scheme and till the alternate Board is formed in accordance with the Articles of Association of the Bank, the requirement of composition of the Board as per the criteria laid down in Companies Act, 2013 and SEBI LODR is in abeyance.

(k) Information Supplied / Available to the Board:

The Directors are presented with important/critical information on the operations of the Bank as well as information which requires deliberations at the highest level. The Board has complete access to all the relevant information within the Bank and also access to the Top Management of the Bank and any additional information to make informed and timely decisions. All Board and Committee meetings are governed by structured Agenda Notes which are backed by comprehensive background papers along with relevant annexures.

Since 2016, as a part of green initiative by the Bank, all relevant agenda papers pertaining to the Board/ Committee are being circulated well in advance to the Board of Directors through web-based portal to facilitate easy access of agenda on iPad which would provide sufficient time to the Board for reading and understanding the proposals placed in a meeting.

The Board was presented with the information on various important matters of capital raising activity, operations, risk management and business, new initiatives in business, budgets, financial results, update on corporate social responsibility activities, minutes of Board and Committees of the Board, appointment and remuneration of the Senior Management, appointment/cessation of Key Managerial Personnel, information on subsidiaries, sale of investments, assets which are material in nature and not in the normal course of business, foreign exposure and non-compliance, if any, with regulatory or statutory guidelines of SEBI and RBI Regulations/circulars, etc., and other matters which are required to be placed before the Board in terms of the Companies Act, 2013, SEBI LODR and Theme Based Review agenda as prescribed by RBI, etc. The Board and other Committees also approve various business proposals and regulatory approvals through circulations.

(l) Post Meeting Communication / Follow up System:

The Bank has an effective post meeting follow up procedure. The Bank has a mechanism to track important decisions taken at the Board/Committee meetings till the closure of such decisions and a report on ongoing actionable (Action Taken Report) are being placed before the meeting of the Board/Committees of the Board from time to time. Action Taken Report on the decisions taken in a meeting is placed at the succeeding meeting(s) of the Board/Board Level Committees.

(m) Succession Planning:

The Bank has a well-defined policy to identify and review critical and top management positions for the purpose of Succession Planning. Accordingly, the Bank has conducted an annual review on the list of positions and potential successors on parameters such as criticality, business continuity, job requirements, fitment and potential to take on higher responsibilities.

3. COMMITTEES:

In order to focus on Strategic and key financial issues, the Bank is required to have certain Board Level Committees. The Companies Act, 2013, SEBI LODR and BR Act mandates for constitution of certain Board Level Committees. The Bank, post reconstruction scheme had Ten Board Level Committees constituted in compliance with the aforesaid regulatory requirements and as per the requirement of the business with specified terms of reference of each of the Committees. The Board Level Committees focus on specific areas and take informed decisions on the specific businesses assigned to them in the best interest of the Bank. The Committees also make specific recommendations to the Board on various matters whenever required. All observations, recommendations and decisions of the Committees are placed before the Board for information or for approval. All the Committees were re-constituted post re-constitution of the Board with effect from March 26, 2020 on taking charge by the new Board pursuant to the YBL Reconstruction Scheme.

During the year Stakeholders Relationship & Service Excellence Committee was renamed to Stakeholders’ Relationship & Customer Service Committee. Further, the said Committee was split into “Stakeholders’ Relationship Committee” and “Customer Service Committee” for better Governance purpose basis the suggestion received.

These Board Level Committees play a key role in the governance and focus on specific areas and make informed decisions within the delegated authority. Each Committee is guided by its Terms of Reference, which provides for the composition, scope, powers and duties and responsibilities. The recommendation and/or observations and decisions are placed before the Board for

information or approval. The Chairman of respective Committee updates the Board regarding the discussions held and decisions taken at the Committee Meeting.

- » In January 2021 by passing the resolution for raising the additional capital up to ₹10, 000 Crore through one or more prospectuses / offer document /placement document / letter of offer or circular, and/or on private placement. 54.97% of votes were pulled on outstanding shares, out of which 98.78% were in favour and 1.22% of votes were in against.

(c) Procedure for Postal Ballot:

In compliance with Sections 108 and 110 of the Companies Act, 2013 read with Rules 20 and 22 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI LODR, the Bank provides e-voting facility to all its Members to enable them to cast their votes electronically on the matters included in Postal Ballot Notice, instead of dispatching the Postal Ballot Form by post. E-voting is optional and all Members are eligible to vote by completing and dispatching the Postal Ballot Form by post, or through e-voting.

The Bank had engaged the services of Kfin Technologies Private Limited and National Securities Depository Limited respectively for above two postal ballot for the purpose of providing remote e-voting facility to all its Members.

The Board of Directors of the Bank appointed Scrutinizer for conducting the Postal Ballot process in a fair and transparent manner. The Postal Ballot exercise was conducted in accordance with the provisions of Section 110 of the Companies Act, 2013 ("the Act") read with Rule 22 of the Companies (Management & Administration) Rules, 2014 ("the Rule"), as amended and General Circular No. 14/2020 dated 8 April, 2020, General Circular No. 17/2020 dated 13 April, 2020, General Circular No. 22/2020 dated 15 June, 2020, General Circular No. 33/2020 dated 28 September, 2020 and General Circular No. 39/2020 dated 31 December, 2020 ("General Circulars") issued by the Ministry of Corporate Affairs (the "MCA") for seeking the approval of the Members.

In view of the extraordinary circumstances due to COVID-19 pandemic requiring social distancing, MCA in terms of its General Circulars, had advised the companies to take all decisions of urgent nature requiring members' approval, other than items of ordinary business or business where any person has a right to be heard, through the mechanism of Postal Ballot/E-Voting in accordance with the provisions of the Act and Rules made thereunder, without holding a general meeting that requires physical presence of members at a common venue. Moreover, in terms of the General Circulars, the Bank had sent Postal Ballot Notice by email to all its members who have registered their email addresses with the Bank or depository / depository participants and the communication of assent / dissent of the members was taken place through the remote e-voting system. The Postal Ballot was accordingly in compliance with the General Circulars.

The Postal Ballot Notice was sent to all to those Members whose names appear on the Register of Members / Statements of Beneficial Holders provided by the Depositories as on the cut-off date.

The Bank had also published a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the aforesaid provisions of the Act and the said Rules.

Voting rights were reckoned on the paid-up value of the shares registered in the names of the Members as on the said cut-off date. Members desiring to exercise their votes were requested to exercise their vote using the remote e-voting facility before the close of business hours on the last date of e-voting as set out in the Postal Ballot Notice.

The Scrutinizer had submitted his report to the Chairman, after verification of the records and thereafter the consolidated results of the voting were declared by any one of the Directors of the Bank, duly authorised by the Board of Directors, in this regard.

Shareholders who have not encashed their Dividend Warrants relating to the Dividends as specified above are advised to send their request letter for issue of demand drafts to KFin Technologies Private Limited (Formerly known as Karvy Fintech Private Limited) or Nodal officer of the Bank, Mr. Shivanand R. Shettigar. The details of unpaid/unclaimed dividends are available on the website of the Bank <https://www.yesbank.in/about-us/investors-relation/shareholder-information/ir-regulations>.

Transfer of 'Underlying Shares' in respect of which Dividend has not been claimed for seven consecutive years or more, to the IEPF:

In terms of Section 124 (6) of the Companies Act, 2013 read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended from time to time, members are requested to note that the shares in respect of which dividends have been unpaid or unclaimed for seven consecutive years or more shall be credited to the IEPF Demat Account maintained with depositories. Upon transfer of such shares, all benefits (eg. bonus, spilt etc.), if any, accruing on such shares shall also be credited to the IEPF Demat Account and the voting rights on such shares shall remain frozen till the rightful owner claims the shares.

In this connection, the Bank had sent intimation letters to members in respect of the shares on which dividend had remained unpaid or unclaimed for seven consecutive years or more, requesting them to claim such dividend so as to avoid the corresponding shares being transferred to the IEPF authority. Simultaneously, an advertisement to this effect was published in leading English and Vernacular newspapers.

The aforesaid Rules also prescribe the procedure to be followed by an investor to claim the Shares / Dividend amount transferred to IEPF. Shares which are transferred to the IEPF Demat Account can be claimed back by the shareholder from IEPF Authority by following the procedure prescribed under the aforesaid rules.

The information pertaining to unpaid / unclaimed dividends for last seven years and the details of such members whose unclaimed dividend / shares have been transferred to IEPF Authority is also available on the Bank's website <https://www.yesbank.in/about-us/investors-relation/shareholder-information/ir-regulations>.

Intimation to the Investors for claiming of Dividends:

Intimation has been sent to the relevant shareholders at regular intervals for encashing of unclaimed dividend on equity shares declared by the Bank from time to time and corresponding equity shares.

Guidelines to claim Unclaimed Dividends/Shares:

Unclaimed Dividends/Shares which have been transferred to the designated account of the IEPF Authority, in accordance with the said Rules, can be claimed by the Shareholders through the website of the IEPF Authority (<http://www.iepf.gov.in>). Please follow the steps detailed below:

CERTIFICATE ON CORPORATE GOVERNANCE

To,
**The Members,
YES Bank Limited**

We have examined the compliance of conditions of Corporate Governance by YES BANK Limited ("the Bank") for the year ended on 31st March, 2021, as stipulated in Chapter IV of The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ["Listing Regulations"].

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Bank for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Bank.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Bank has complied with the conditions of Corporate Governance as specified in the Listing Regulations.

We further state that such compliance is neither an assurance as to the future viability of the Bank nor the efficiency or effectiveness with which the Management has conducted the affairs of the Bank.

Notes:

- » Pursuant to the YES Bank Limited Reconstruction Scheme, 2020 ('the Scheme'), notified by the Ministry of Finance, Government of India on March 13, 2020, a new Board was re-constituted on March 26, 2020 and the said Board has been constituted as per the composition mentioned in the scheme which is not in line with the requirement of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The said Scheme has overriding effect to all other applicable laws, rules and regulations in respect of the matters specified in the Scheme. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Scheme.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1. Does the policy relating to ethics, bribery and corruption cover only the company? (Yes/ No). Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

The Bank is committed towards conducting business and dealing with all its stakeholders, with highest ethical standards and in compliance with all applicable laws and regulations. All employees of the Bank are expected to abide by the Bank's Employee Code of Conduct. The Bank has implemented a group-wide Anti-Bribery and Anti-Corruption policy which defines and prohibits bribery/ corruption of any kind (including facilitation payments) and outlines the corruption control and reporting mechanisms.

The Anti-Bribery and Anti-Corruption Policy is implemented to all the agents, associates, consultants, advisors, contractors, sub-contractors, suppliers of goods and/or services, representatives or intermediaries engaged by the Bank. These entities shall also be required to follow the Policy while carrying on their assignments with the Bank. Further, the Bank shall in all respects be within its rights to inspect the books of accounts and other documents of all such agents, associates, consultants, advisors, contractors, sub-contractors, suppliers of goods and/or services, representatives or intermediaries, as part of an investigation in alleged/identified case(s) of corruption/bribery.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

The Bank received 5 corruption-related complaints during FY 2020-21, of which 4 complaints are under investigation as on 31st March, 2021.

BUSINESS RESPONSIBILITY REPORT

The Bank received 24 whistle-blower cases during FY 2020-21, of which 46% cases were resolved as on 31st March, 2021.

Principle 2

1. List up to three of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

- i. **Inclusive and Social Banking** – YES LEAP, YES Joint Liability Group, Micro Individual Business Loan, Micro Insurance, Hospital Cash Insurance, Asset & Liability services through BC Managed Banking Outlets (BCBOs), digital interventions include onboarding of customers through M-Keys, digital field reporting in Microsoft Kaizala, digital training modules, semi-automated loan management system (Ganaseva), cashless disbursements
- ii. **Digital Banking** – YES MONEY, YES PAY, Aadhar Enabled Payment Scheme (AEPS), Micro ATM, BBPS, Yuva Pay solution
- iii. **Corporate & Government Advisory** – Support to state governments of Rajasthan, Telangana and Punjab for developing comprehensive electric vehicle (EV) policies, incorporating aspects such as EV adoption, charging infrastructure development, manufacturing, innovation, and skill development. Facilitated EV industry investor outreach programs for the state governments of Tamil Nadu, Telangana and Rajasthan to promote manufacturing and employment generation. Advisory services to support Meghalaya State Rural Livelihoods Society in developing strategy for enhancing livelihoods of SHGs based in East Khasi Hills through farm and non-farm based interventions
- iv. **Sustainable Investment Banking and Infra Product & Loan Syndication** – Lending and advisory in clean energy

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

i. Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

On account of the nature of its services, the major resources consumed at the Bank are grid electricity and paper. During the reporting period, the Bank has launched several key initiatives and achieved significant traction on on-going initiatives, towards achieving internal resource efficiencies, focused on product and process digitization, greater employee awareness, reduction in waste generation, and improved waste management.

In the reporting year, YES BANK continues to be 14001:2015 Environment Management System certified. As on March 31, 2021, YES BANK is leading the BFSI sector globally with the highest number of ISO 14001 certified green facilities with 732 certified locations, including 5 corporate offices, YES Securities and the Abu Dhabi Representative Office. This marks the latest milestone achieved by the Bank in its journey in becoming a leading environmentally friendly bank.

ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Given that the Bank's primary product offerings are financial services, resource consumption during usage by consumers is not a significant material issue for the banking sector in general. During the year, the Bank's 732 locations, including 5 corporate offices, YES Securities and the Abu Dhabi Representative Office were certified for ISO 14001:2015 Environment Management System, under which the Bank makes maximum effort to raise awareness among its customers on efficient resource consumption.

The Bank is rapidly adopting technology to digitize its operations and product offerings, and has witnessed a strong growth in adoption of mobile banking, online banking, payment apps and chatbot banking, thus reducing the incidence of paper usage and travel among its customers. The impact achieved through related initiatives is included in Our Integrated Approach section as a part of this Annual Report.

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

i. If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Given that the Banking sector's primary product offering is financial services, the Bank does not have any raw material requirements. The primary resources consumed for its day-to-day operations are paper, grid electricity, water and diesel, for DG sets in locations with erratic availability of electricity, such DG sets are procured centrally based on request from the Projects team, and negotiated by Strategic Procurement Unit. The Bank strives to achieve greater transparency, compliance and adoption of environmental and labor best practices in its procurement process. YES BANK has switched to procuring 100% recycled paper (A4) for internal operations and back-end processes, across India

BUSINESS RESPONSIBILITY REPORT

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Yes. The Bank's award-winning product for the Bottom of the Pyramid – YES MONEY, is based on the Business Correspondent (BC) model that enrolls local small business owners as BC Agents (BCA) to provide remittance services to local communities. These BCAs are trained in remittance operations and basic banking.

In addition to the Bank's procurement carried out through the Strategic Procurement Unit, given that the Bank has branches in all states and Union Territories in India, it also procures locally for daily use items and services such as stationary, food and beverages and local transport. It works with most local vendors to align them with the Bank's procurement requirements and standards. The Bank has defined Procurement Policy and practices which govern such engagement models.

5. Does the company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%).

Also, provide details thereof, in about 50 words or so.

Yes. As the Banking sector's primary product offering is financial services, majority of its waste is related to paper, municipal waste, and electronic waste. The Bank has strong policies and practices in place for responsible disposal of all such waste through authorized third-party vendors. For wastepaper disposal, the Bank has local authorized vendors to ensure recycling of wastepaper in all corporate locations across India and branches in Mumbai and has partnered with a vendor which provides stationary from recycled paper, in return for the paper disposal. For e-waste handling, the Bank has a national authorized vendor for centralized collection and handling of e-waste to ensure near 100% of e-waste management.

The Bank's waste management practices are included in Our Integrated Approach section which is a part of this Annual Report.

Principle 3

1. Please indicate the Total number of employees.

YES BANK had 22,270 employees as on March 31, 2021.

2. Please indicate the Total number of employees hired on temporary/contractual/casual basis.

Financial Year ending	Fixed Term Contract/ Employees (Trainee/Advisor, etc.)
Head Count as on March 31, 2019	39
Head Count as on March 31, 2020	25
Head Count as on March 31, 2021	18

3. Please indicate the Number of permanent women employees.

The Bank had 4,120 permanent women employees on March 31, 2021.

4. Please indicate the Number of permanent employees with disabilities

The Bank being an Equal Opportunity Employer, makes no distinction between employees based on disabilities and the Bank had 5 permanent employees with disabilities as on March 31, 2021.

5. Do you have an employee association that is recognized by management?

The Bank does not have an employee association.

6. What percentage of your permanent employees is members of this recognized employee association?

Not applicable as the Bank does not have an employee association.

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

1.	Child labour/forced labour/ involuntary labour	Nil	Nil
2.	Sexual harassment	10	1
3.	Discriminatory employment	Nil	Nil

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

i. Permanent Employees

The Bank, through a dedicated team, YES SCHOOL OF BANKING, provides training in banking, skill development and personality development, among others. The Bank's training

BUSINESS RESPONSIBILITY REPORT

programs are divided into 5 broad categories: Behavioural and Leadership Skills, Employee Induction, Mandatory Policies and Compliance, Process Training and Product Training. In the reporting period, 93.3% (20,769) employees were trained under 4,712 live digital training and classroom-based training programs.

ii. Permanent Women Employees

4,065 women employees were imparted Live digital training, E-Learning & classroom-based training during the year, which is 99% of the Bank's total women employees.

iii. Casual/Temporary/Contractual Employees

The Bank provides training on the Bank's policies and process to advisors, trainees etc. as and when required.

iv. Employees with Disabilities

The Bank, being an Equal Opportunity Employer, makes no distinction between employees on the basis of disabilities. All employees are imparted training basis their training requirements and profile.

Principle 4

1. Has the company mapped its internal and external stakeholders?

Yes

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?

The under-banked and unbanked population in rural and urban India, which is still not entirely integrated into India's mainstream economy, can be vulnerable to socio-economic exploitation. The Bank focuses on financial inclusion as a key business priority to positively impact this stakeholder group.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

Yes. The Bank engages with such stakeholders in multiple ways. Through its focused Business Units such as Inclusive and Social Banking, Digital Banking, Agri Banking and Rural Banking, the Bank offers financial products and services to diverse stakeholders in rural and urban India. Details on the Bank's business units can be accessed in the Management Discussion & Analysis in this Annual Report.

With 'Nil' CSR budget and nation-wide lockdown due to COVID19, the Bank continued to monitor ongoing positive impact projects initiated in previous years. This year, the Bank focused on engaging its employees by creating volunteering opportunities under its Zimmedari Se Tayyari initiative so that they can contribute towards community development. The objective of the employee volunteering activities was to reach out and support underprivileged senior citizens, youth, women, differently abled persons and children. Details are available in the Social section in this Annual Report.

Principle 5

1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

YES BANK has a Human Rights Statement that underlines development of a culture which inculcates respect & support for Human Rights. The Bank has in place policies and processes that cover various aspects of Human Rights, specific to internal and external stakeholders. For example, the Bank has instituted Environment and Social Policy (ESP), to integrate aspects of human rights issues including land, labour, health and safety of workers and communities, rights of indigenous people, etc into its overall environment and social (E&S) considerations in its lending. The ESP provides a list of prohibited activities (which includes activities such as child labour, forced labour etc) and also guides identification, assessment, due diligence, prevention and mitigation of environment and social issues which includes aspects of human rights impacts for high E&S risk projects.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

The Bank did not receive any complaint related to child labour/ forced labour and discriminatory employment. Complaints related sexual harassment are covered separately under Principle 3.

Principle 6

1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.

The Bank has multiple policies that directly and indirectly communicate its support and adherence of Principle 6.

The Bank has adopted Environmental Management Policy that guides the Bank towards, achieving internal resource efficiency, creating employee awareness and communicating positive environmental action among its stakeholders.

BUSINESS RESPONSIBILITY REPORT

The Bank has instituted Environment & Social Policy (ESP) to address Environment and Social issues related to its lending operation, integrating these to overall credit risk appraisal process. The policy identifies activities which are highly detrimental to environment and society as an exclusion list, which the Bank does not finance. The policy guides the Bank in engaging with clients towards adopting best practices for environment and social impact mitigation.

The CSR Policy of the Bank includes Environmental Sustainability as one of its focus areas. The Bank continues to strengthen and monitor ongoing CSR initiatives that aims at creating positive direct environmental impact or building awareness among stakeholders.

The Bank also has in place a Supplier Code of Conduct that promotes ESG best practices among its supplier base.

2. Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N

Yes.

If yes, please give hyperlink for webpage etc.

The Bank continues its initiatives for greening its operation, taking cognizance of global environmental issues including climate change. The Bank is the first bank globally to migrate to the ISO 14001:2015 certification for Environment Management System, and as on March 31, 2021, YES BANK is leading the BFSI sector globally with the highest number of ISO 14001 certified green facilities with 732 certified locations, including 5 corporate offices, YES Securities and the Abu Dhabi Representative Office.

The Bank also mitigates environmental issues in its lending operation through implementation of its Environment and Social Policy (ESP). Further, the Bank identifies climate change as a material risk and is taking initiatives to align its business strategy with Paris Agreement. The Bank is the only Indian Bank to sign the UNEP FI Commitment to Climate Action in 2019. The Bank is the only Indian Bank to support TCFD and Science Based Targets Initiative.

YES BANK is a signatory to international protocols and initiatives, such as the UNEP Finance Initiative, UN Global Compact, CDP (formerly Carbon Disclosure Project), for creating awareness and impact at a global level, on issues of environmental and social significance. The Bank in the financial year became an Informal Working Group Member of the Taskforce on Nature-related Financial Disclosures.

YES BANK is one of the founding member banks and signatory of the UNEP FI Principles for Responsible Banking (PRB). The Bank has been working with other PRB signatories in developing,

understanding and implementing methodologies and tools for comprehensive impact assessment. The Bank is also a signatory of the Collective Commitment to Climate Action and is committed to work towards achieving the global climate targets in the near and long term.

The details can be accessed in the Bank's Sustainability Report at <https://www.yesbank.in/about-us/sustainability-at-yes-bank/esg-disclosures/sustainability-reports>.

3. Does the company identify and assess potential environmental risks? Y/N

Yes. The Bank assesses its environmental risk in multiple ways. The Bank's Environment and Social Policy, which is based on international best practices such as the Equator Principles and IFC Guidelines, integrates Environmental and Social risks into its overall credit risk assessment mechanism.

INDEPENDENT AUDITOR'S REPORT

To the Members of
YES BANK Limited

Report on the audit of the standalone financial statements

Opinion

We have audited the standalone financial statements of YES BANK Limited (the 'Bank'), which comprise the Balance Sheet as at March 31, 2021, the Profit and Loss Account and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the section 29 of the Banking Regulation Act, 1949 as well as the Companies Act, 2013 (the 'Act') and circulars and guidelines issued by the Reserve Bank of India, in the manner so required for banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, read with rules made thereunder, of the state of affairs of the Bank as at March 31, 2021 and its loss and its cash flows for the year ended on that date.

Basis of opinion

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under

Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of matter

a) We draw attention to Note 18.6.69 which describes the state of affairs pertaining to the whistle blower complaints received in prior years and the subsequent actions including the corrective steps initiated by the Bank. The Management has made provisions in accordance with the

relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification and provisioning and does not expect any further substantial impact on the financial position of the Bank. Our opinion is not modified of this matter.

b) We draw attention to Note 18.5.1 and 18.6.24 which describes the business uncertainties due to the outbreak of SARS-CoV-2 virus (COVID-19). In view of these uncertainties, the impact on the Bank's financial statements is significantly dependent on future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key Audit Matters	Auditor's Response
Recognition and Measurement of Deferred Tax Asset	
The Bank has recognised a net deferred tax asset of ₹95,538,433 (in '000) as on March 31, 2021, including net increase of ₹12,728,473 (in '000) during the year.	Our audit procedures involved gaining an understanding of the applicable tax laws and relevant regulations applicable to the Bank. We performed the following audit procedures as part of our controls testing including:
Besides objective estimation, recognition and measurement of deferred tax asset is based on the judgment and numerous estimates regarding the availability and visibility of profits in the future and also considering probable impact of Covid-19 pandemic.	» evaluation of the policies used for recognition and measurement of deferred tax assets in accordance with AS 22 Accounting for Taxes on Income;
The amount of deferred tax assets recognised presumes availability and forecasting of profits over an extended period of time thus increasing uncertainty and the inherent risk of inappropriate recognition of the said asset.	» assessed the probability of the availability of future taxable profits based on assumptions and other parameters used by the Management including the probable impact of Covid-19 pandemic against which the Bank will be able to use this deferred tax asset in the future with reference to forecast as noted by the Board of Directors while adopting the standalone financial statements.
	» assessed the method for determining the Deferred Tax Asset with reference to applicable tax rates and tested the arithmetical accuracy.

Information other than the standalone financial statements and Auditor's Report thereon

The Bank's management and Board of Directors are responsible for the Other Information. The other information comprises the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report (collectively called as "Other Information") but does not include the standalone financial statements and our auditor's report thereon and the Pillar III Disclosures under the New Capital Adequacy Framework (Basel III disclosures). The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the Other Information identified above when it becomes available and, in doing so, consider whether the Other Information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's and Board of Director's Responsibility for the Standalone Financial Statements

The Bank's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, loss and cash flows of the Bank in accordance with the accounting

INDEPENDENT AUDITOR'S REPORT

principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, provisions of Section 29 of the Banking Regulation Act, 1949 and the circulars and guidelines issued by Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management and Board of Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- » Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- » Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- » Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- » Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause a Bank to cease to continue as a going concern.
- » Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT

Other Matters

The Standalone Financial Statements of the Bank for the previous year ended March 31, 2020 were audited by the predecessor auditors. The auditors have expressed Qualified opinion vide their report dated May 6, 2020 on such financial statements.

Report on other legal and regulatory requirements

The standalone balance sheet and the standalone profit and loss account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 and Section 133 of the Act.

- A. As required by sub-section (3) of Section 30 of the Banking Regulation Act, 1949, we report that:
- we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
 - the transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - since the key operations of the Bank are automated with the key applications integrated to the core banking systems, the audit is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein. However, during the course of our audit we have visited 2 branches to examine the records maintained at such branches for the purpose of our audit. Subsequently, due to the ongoing Covid-19 pandemic and the lockdowns the audit processes were conducted remotely without visiting the branches.
- B. Further, as required by Section 143(3) of the Act, we report that:
- we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - in our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books;
 - the standalone balance sheet, the standalone profit and loss account, and the standalone cash flow statement dealt with by this Report are in agreement with the books of account;
 - in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, to the extent they are not inconsistent with the accounting policies prescribed by RBI;

- on the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act; and
 - with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Bank and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'.
- C. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- the Bank has disclosed the impact of pending litigations as at March 31, 2021 on its financial position in its standalone financial statements - Refer Note 18.6.70 to the standalone financial statements;
 - the Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 18.6.67 to the standalone financial statements;
 - there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Bank - Refer Note 18.6.59 to the standalone financial statements.
- D. With respect to the matter to be included in the Auditor's Report under section 197(16) of the Act: The Bank is a banking company as defined under Banking Regulation Act, 1949. Accordingly, the requirements prescribed under Section 197 of the Companies Act, 2013 do not apply by virtue of Section 35B(2A) of the Banking Regulation Act, 1949.

ANNEXURE A

to the Independent Auditor's Report of even date on the standalone financial statements of YES BANK Limited for the year ended March 31, 2021

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of YES BANK Limited ("the Bank") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date.

Management's responsibility for internal financial controls

The Bank's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditor's responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls over financial reporting, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the

assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls with reference to standalone financial statements.

Meaning of internal financial controls with reference to financial statements

A Bank's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. Bank's internal financial control with reference to financial statement includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent limitations of internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone

financial statement become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion the bank has maintained, in all respects, an adequate internal financial control system with reference to financial statements and such internal financial controls with reference to the financial statements were operating effectively as at March 31, 2021, based on internal control over financial reporting criteria established by the bank considering the essential components of internal control stated in the Guidance Note.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

18. Significant accounting policies and notes forming part of the accounts for the year ended March 31, 2021

18.1 Background

YES BANK is a publicly held bank engaged in providing a wide range of banking and financial services. YES BANK is a banking company governed by the Banking Regulation Act, 1949. The Bank was incorporated as a limited company under the Companies Act, 1956 on November 21, 2003. The Bank received the licence to commence banking operations from the Reserve Bank of India ('RBI') on May 24, 2004. Further, YES BANK was included to the Second Schedule of the Reserve Bank of India Act, 1934 with effect from August 21, 2004. Also, the Bank has a branch at International Financial Services Centre ('IFSC') at GIFT City, Gujarat ('IBU'). The Bank classifies transactions undertaken by IBU as overseas operation.

18.2 Basis of preparation

The financial statements have been prepared in accordance with requirements prescribed under the Third Schedule (Form A and Form B) of the Banking Regulation Act, 1949. The accounting and reporting policies of the Bank used in the preparation of these financial statements conform to Generally Accepted Accounting Principles in India (Indian GAAP), the guidelines issued by the Reserve Bank of India (RBI) from time to time, the accounting standards notified under section 133 of the Companies Act 2013 and Companies (Accounting Standards) Amendment Rules, 2016 to the extent applicable and practices generally prevalent in the banking industry in India. The Bank follows the accrual method of accounting and the historical cost convention, unless otherwise stated by RBI guidelines.

18.3 Assessment of Going Concern:

The audit report for the Financial Year ended March 2020 was qualified on account of material uncertainty related to Going Concern. The opinion was predicted on a significant decline in Bank's deposit base, credit downgrades resulting in partial prepayment of foreign currency debt linked to external credit rating, breaches in liquidity ratios and RBI mandated Capital ratios.

During the current year, the Bank raised capital of ₹150,000 million through FPO in July-20. As a consequence, Bank's capital ratio stands at 17.5% as on Mar 31, 2021 as against a minimum requirement of 10.875%. Further, Bank has increased its deposit position by 54.7% to ₹1,629,466 million while also improving the LCR well in excess of the minimum regulatory thresholds.

Given the capital raise, reinforced capital buffers, strong growth in deposit base, the Banks' compliance with regulatory ratios and expanding customer & branch network, the audit report for FY 2020-21 is not modified

18.4 Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions that are considered while reporting amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and income and expenses during the reporting period.

Due to outbreak of the COVID-19 pandemic, the country had witnessed lockdowns across India, imposed by the Indian government from March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. The current second wave of Covid-19 pandemic, where the number of new cases has increased significantly in India, has resulted in re-imposition of localised/regional lockdown measures in various parts of the country. The extent to which the COVID-19 pandemic will impact the Bank's results will depend on ongoing as well as future developments, which are highly uncertain. However, management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

18.5 Significant accounting policies

18.5.1 COVID

The SARS-CoV-2 virus responsible for COVID-19 started spreading across the globe and India in March 2020, which has contributed to a significant decline and volatility in global and Indian financial markets and a significant decrease in global and local economic activities. Due to outbreak of the COVID-19 pandemic, the country had witnessed lockdowns across India, imposed by the Indian government from March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. The current second wave of Covid-19 pandemic, where the number of new cases has increased significantly in India, has resulted in re-imposition of localised/regional lockdown measures in various parts of the country.

RBI issued guidelines on COVID-19 Regulatory Packages under which, the Bank granted a moratorium of three months (further extended by three months) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August

FINANCIAL STATEMENTS

for the year ended March 31, 2021

31, 2020. For all such accounts where the moratorium was granted, the asset classification remained stand still during the moratorium period (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification under the Income Recognition, Asset Classification and Provisioning norms) and the same had been retained based on the overdue status as at February 29, 2020.

The Supreme Court, in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr), through its interim order dated September 3, 2020 had directed that accounts which were not declared as NPA till August 31, 2020 shall not be declared as NPA till further orders. Accordingly, the Bank did not classify relevant account which was not NPA as of August 31, 2020 as per the RBI IRAC norms, as NPA after August 31, 2020. The Bank had made contingency provision of ₹2,683 crore till December 31, 2020. The interim order granted to not declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matters. Further in accordance with the instructions in paragraph 5 of the RBI circular dated April 07, 2021 issued in this connection, the Bank has classified such borrower accounts as per the extant IRAC norms with effect from September 1, 2020 and utilised the above contingency provisions towards provision on these accounts.

During the FY 2020-21, the Bank in line with extant regulatory guidelines has offered the below:

- » **Loan moratorium:** Offered to all customer (whether opt-in or otherwise) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August 31, 2020.
- » **COVID – 19 Restructuring:** As per Resolution Framework for COVID-19 related stress (RBI circular no. RBI/2020-21/16 DOR. No.BP.BC./3/21.04.048/2020-21 dated August 6, 2020) and Micro, Small and Medium Enterprises (MSME) sector – Restructuring of Advances (RBI circular no. RBI/2020-21/17 DOR.NO.BP.BC/4/21.04.048/2020-21 dated August 6, 2020), the Bank has provided restructuring facility to eligible borrower in line with above mentioned RBI circulars.
- » **NPA classification:** Based on direction issued by the Hon'ble Supreme Court of India, Bank has not declared relevant borrower accounts as NPA till nine months ended December 31, 2020. Hon'ble Supreme Court of India has vacated the order and Bank has initiated reporting of NPA from Q4 FY 2020-21.
- » **Interest on interest for loans upto ₹2 crores:** As per direction issued by Government of India, the Bank has reversed eligible interest amount and credited to customers and

subsequently submitted claim to Government. The refund claim from the Government has been received by the Bank.

Interest on interest for loans above ₹2 crores: Based on direction issued by Hon'ble Supreme Court of India and further guidance from IBA, the Bank has reversed eligible penal interest / interest on interest charged to borrower during moratorium period i.e March 1, 2020 to August 31, 2020. Same will be appropriately refunded to the borrower.

18.5.2 Revenue recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Bank and the revenue can be reliably measured.

- » Interest income is recognized in the profit and loss account on accrual basis, except in the case of non-performing assets. Interest on non-performing assets is recognized as per the prudential norms of the RBI. Penal Interest for covenant breach is recognized upon certainty of its realization.
- » Dividend income is recognized when the right to receive payment is established.
- » Commission on Guarantees and Letters of Credit (LC) issued by the Bank is recognized as income over the period of the Guarantee and LC respectively.
- » Income on non-coupon bearing discounted instruments is recognized over the tenure of the instrument on a straight line basis. In case of coupon bearing discounted instruments, discount income is recognized over the tenor of the instrument on yield basis.
- » In case of Bonds and Pass Through Certificates (PTC), premium on redemption, if any, is amortised over the tenure of the instrument on a yield basis.
- » Revenue from financial advisory services is recognized in line with milestones achieved as per terms of agreement with clients which is reflective of services rendered.
- » Facility fees and loan processing fees are recognised when due and realizable.
- » Other fees and commission are accounted for as and when they became due.

18.5.3 Investments

Classification and valuation of the Bank's investments are carried out in accordance with RBI Circular DBR.No.BP.BC.6/21.04.141/2015-16 dated 1 July 2015.

Accounting and Classification

The Bank follows settlement date accounting for Investments. In compliance with RBI guidelines, all investments, are categorized as "Held for trading" ('HFT'), "Available for sale"

FINANCIAL STATEMENTS

for the year ended March 31, 2021

('AFS') or "Held to maturity" ('HTM') at the time of its purchase. For the purpose of disclosure in the balance sheet, investments are classified as disclosed in Schedule 8 ('Investments') under six groups (a) government securities (b) other approved securities (c) shares (d) bonds and debentures (e) subsidiaries and joint ventures and (f) others.

a) Cost of acquisition

Costs such as brokerage pertaining to investments, paid at the time of acquisition and broken period interest are charged to the profit and loss account as per the RBI guidelines.

b) Basis of classification

Securities that are held principally for resale within 90 days from the date of purchase are classified under the HFT category. Investments that the Bank intends to hold till maturity are classified under the HTM category, or as per RBI guidelines. Securities which are not classified in the above categories are classified under the AFS category.

c) Transfer between categories

Reclassification of investments from one category to the other, if done, is in accordance with RBI guidelines. Transfer of scrips from AFS / HFT category to HTM category is made at the lower of book value or market value. In the case of transfer of securities from HTM to AFS / HFT category, the investments held under HTM at a discount are transferred to AFS / HFT category at the acquisition price and investments placed in the HTM category at a premium are transferred to AFS/ HFT at the amortized cost.

Transfer of investments from AFS to HFT or vice- a- versa is done at the book value. Depreciation carried, if any, on such investments is also transferred from one category to another.

d) Valuation

Investments categorized under AFS and HFT categories are marked to market (MTM) on periodical basis as per relevant RBI guidelines. Net depreciation, if any, in the category under the classification mentioned in Schedule 8 ('Investments') is recognized in the profit and loss account. The net appreciation, if any, in the category under each classification is ignored, except to the extent of depreciation previously provided. The book value of individual securities is not changed consequent to periodic valuation of investments.

Investments received in lieu of restructured advances scheme are valued in accordance with RBI guidelines. Any diminution in value on these investments is provided for and is not used to set off against appreciation in respect of other performing securities

in that category. Depreciation on equity shares acquired and held by the Bank under restructuring scheme is provided as per RBI guidelines.

Investments classified under the HTM category are carried at their acquisition cost and any premium over the face value, paid on acquisition, is amortised on a straight line basis over the remaining period to maturity. Amortization expense of premia on investments in the HTM category is deducted from interest income in accordance with RBI Circular DBR.No.BP.BC.6/21.04.141/2015-16 dated 1 July 2015. Where in the opinion of management, a diminution, other than temporary in the value of investments classified under HTM has taken place, suitable provisions are made. Profit/loss on sale of investments in the 'Held to Maturity' category is recognised in the profit and loss account and profit is thereafter appropriated (net of applicable taxes and statutory reserve requirements) to Capital Reserve.

Equity investments in subsidiaries/joint ventures are classified under 'Held to Maturity'. The Bank assesses these investments for any permanent diminution in value and appropriate provisions are made.

Treasury Bills, Commercial Paper and Certificates of deposit being discounted instruments, are valued at carrying cost.

Pass Through Certificates purchased for priority sector lending requirements are valued at Book Value in accordance with RBI guidelines.

The market/ fair value applied for the purpose of periodical valuation of quoted investments included in the AFS and HFT categories is the market price of the scrip as available from the trades/ quotes on the stock exchanges and for Subsidiary General Ledger ('SGL') account transactions, the prices as periodically declared by Financial Benchmarks India Pvt. Ltd.(FBIL).

The market/ fair value of unquoted government securities included in the AFS and HFT category is determined as per the prices published by FBIL. Further, in the case of unquoted bonds, debentures, pass through certificates (other than priority sector) and preference shares, valuation is carried out by applying an appropriate mark-up (reflecting associated credit risk) over the Yield to Maturity ('YTM') rates of government securities. Such mark up and YTM rates applied are as per the relevant rates published by FIMMDA/FBIL.

The Bank undertakes short sale transactions in Central Government dated securities in accordance with RBI guidelines. The short position is reflected as the amount received on

FINANCIAL STATEMENTS

for the year ended March 31, 2021

sale which is categorized under HFT category and is netted in the Investment schedule. The short position is marked to market and loss, if any, is charged to the Profit and Loss account while gain, if any, is ignored. Profit / Loss on settlement of the short position is recognised in the Profit and Loss account.

Units of Venture Capital Funds (VCF) held under AFS category are valued using the Net Asset Value (NAV) shown by VCF as per the financial statement. The VCFs are valued based on the audited results once in a year. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹1 per VCF.

Quoted equity shares are valued at their closing price on a recognized stock exchange. Unquoted equity shares are valued at the break-up value if the latest balance sheet is available, else, at ₹1 per company, as per relevant RBI guidelines.

At the end of each reporting period, security receipts issued by the asset reconstruction company are valued in accordance with the guidelines applicable to such instruments, prescribed by RBI from time to time. Accordingly, in cases where the cash flows from security receipts issued by the asset reconstruction company are limited to the actual realization of the financial assets assigned to the instruments in the concerned scheme, the Bank reckons the net asset value obtained from the asset reconstruction company from time to time, for valuation of such investments at each reporting date. In case of investment in Security Receipts on or after April 01, 2017 which are backed by more than 50% of the stressed assets sold by the bank or 10% of the stressed asset sold by the bank post April 01, 2018, provision for depreciation in value is made at higher of - provisioning rate required in terms of net assets value declared by Reconstruction Company(RC)/Securitization Company(SC) or the provisioning rate as per the extant asset classification and provisioning norms as applicable to the underlying loans, assuming that the loan notionally continue in the books of the Bank. All other investments in the Security Receipts are valued as per the NAV obtained from issuing RC/SC.

Investments in quoted Mutual Fund (MF) Units are valued at the latest repurchase price/net asset value declared by the mutual fund. Investments in un-quoted MF Units are valued on the basis of the latest re-purchase price declared by the MF in respect of each particular Scheme.

Investment in listed instruments of Real Estate Investment Trust (REIT)/Infrastructure Investment Trust (INVT) is valued at closing price on a recognized stock exchange with the higher volumes. In case the instruments were not traded on any stock exchange

within 15 days prior to date of valuation, valuation is done based on the latest NAV (not older than 1 year) submitted by the valuer.

Sovereign foreign currency bonds are valued using Composite Bloomberg Bond Trader (CBBT) price or Bloomberg Valuation Service (BVAL) price or on Treasury curve in the chronological order based on availability.

Non- Sovereign foreign currency Bonds are valued using either Composite Bloomberg Bond Trader (CBBT) price, Bloomberg Valuation Service (BVAL) price, Bloomberg Generic price (BGN), Last available CBBT pricing for the instrument or Proxy Bond Pricing from Bloomberg in the chronological order based on availability.

Masala bonds are valued using either Composite Bloomberg Bond Trader (CBBT) price, Bloomberg Valuation Service (BVAL) price or as per FIMMDA guided valuation methodology for unquoted bonds in the chronological order based on availability.

Special bonds such as oil bonds, fertilizer bonds, UDAY bonds etc. which are directly issued by Government of India ('GOI') is valued based on FBIL valuation.

Equity shares in the Banks demat account, acquired through exercise of pledge, is not accounted as investments. Upon sale of the pledged shares, the proceeds are utilized to offset the borrower's liability

Non-performing investments are identified and depreciation / provision are made thereon based on the RBI guidelines. Based on management assessment of impairment, the Bank additionally creates provision over and above the RBI guidelines. The depreciation / provision on such non-performing investments are not set off against the appreciation in respect of other performing securities. Interest on non-performing investments is not recognised in the Profit and Loss account until received in cash.

e) Profit/Loss on sale of Investments

Profit/Loss on sale of Investments in the HTM category is recognized in the profit and loss account and profit thereafter is appropriated (net of applicable taxes and statutory reserve requirements) to Capital Reserve. Profit/Loss on sale of investments in HFT and AFS categories is recognized in the Profit and Loss account.

f) Accounting for repos / reverse repos/targeted long-term repo operations (TLTRO)

Securities sold under agreements to repurchase (Repos) and securities purchased under agreements to resell (Reverse Repos) including liquidity adjustment facility (LAF) with RBI are treated as collateralized borrowing and lending transactions respectively

FINANCIAL STATEMENTS

for the year ended March 31, 2021

in accordance with RBI master circular No. DBR.No.BP.BC.6/21.04.141/2015-16 dated 1 July 2015. The first leg of the repo transaction is contracted at the prevailing market rates. The difference between consideration amounts of first and second (reversal of first) leg reflects interest and is recognized as interest income/expense over the period of transaction.

Bank also undertakes Repo and Reverse repo transactions from IFSC Banking Unit in GIFT City in Foreign currency Sovereign Securities and accounting is similar to the domestic repo transactions.

g) Investment fluctuation reserve

With a view to building up of adequate reserves to protect against increase in yields, RBI through circular number RBI/2017-18/147 DBR.No.BP.BC.102/21.04.048/2017-18 dated April 2, 2018, advised all banks to create an IFR with effect from the FY 2018-19.

Transfer to IFR will be lower of the following (i) net profit on sale of investments during the year or (ii) net profit for the year less mandatory appropriations; until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis.

18.5.4 Advances

Accounting and classification

Advances are classified as performing and non-performing based on the relevant RBI guidelines. Advances are stated net of specific provisions, interest in suspense, inter-bank participation certificates issued, direct assignment and bills rediscounted.

Asset classification

Provisioning

Provisions in respect of non-performing advances are made based on management's assessment of the degree of impairment of the advances, subject to the minimum provisioning level prescribed in relevant RBI guidelines. The specific provision levels for retail non-performing assets are also based on the nature of product and delinquency levels. Specific provisions in respect of non-performing advances are charged to the Profit and Loss account and included under Provisions and Contingencies.

- » RBI issued guidelines on COVID-19 Regulatory Packages, under which, the Bank granted a moratorium of three months (further extended by three months) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August 31, 2020. For all such accounts where the moratorium was granted, the asset classification

shall remain stand still during the moratorium period (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification under the Income Recognition, Asset Classification and Provisioning norms) and the same has been retained based on the overdue status as at February 29, 2020. Subsequently, based on direction issued by the Hon'ble Supreme Court of India, Bank has not declared relevant borrower account as NPA till nine months ended December 31, 2020. Hon'ble Supreme Court of India has vacated the order and the Bank has initiated reporting of NPA from Q4 FY 2020-21.

As per the RBI guidelines a general provision is made on all standard advances, including provision for borrowers having unhedged foreign currency exposure and for credit exposures computed as per the current marked to market values of interest rate and foreign exchange derivative contracts. These also include provision for stressed sector exposures and provision for incremental exposure of the banking system to a specified borrower beyond Normally Permitted Lending Limit (NPLL) in proportion to bank's funded exposure to specified borrower. Further, provision requirement under various Restructure scheme of RBI also forms part of general provision. Such provisions are included in Schedule 5 - 'Other liabilities & provisions - Others'.

In respect of restructured standard and non performing advances, provision is made for the present value of principal and interest component sacrificed at the time of restructuring the assets, based on the RBI guidelines.

As per requirement of RBI guideline, any interest accrued and due if converted into a loan (i.e. Funded Interest Term Loan) then such income will be reversed and will be recognised on cash basis.

Accounts are written-off in accordance with the Bank's policies. Recoveries from bad debts written-off are recognised in the Profit and Loss account and included under other income.

In case of loans sold to asset reconstruction company, if consideration is more than net book value, the Bank records the security receipts as investment at Net Book Value as per RBI guidelines.

The Bank has in place a Country Risk management policy as part of its Board approved Credit policy, which is based on extant regulatory guidelines and addresses the identification, measurement, monitoring and reporting of country risk. Countries are categorized into seven risk categories, viz. Insignificant, Low Risk, Moderately Low Risk, Moderate Risk, Moderately Risk, High Risk and Very High Risk. The Bank calculates direct and indirect country risk in line with the policy requirements. Indirect exposure is reckoned at 50%

FINANCIAL STATEMENTS

for the year ended March 31, 2021

of the exposure in case of countries where the net funded exposure exceeds 1% of the Bank's total assets. Further, if the net funded exposure of the Bank in respect of each country exceeds 1% of the Bank's total assets, provisioning is required to be made on exposure to such countries. Depending on the risk category of the country, provisioning is done on a graded scale ranging from 0.25% to 100%.

18.5.5 Transactions involving foreign exchange

Foreign currency income and expenditure items of domestic operations are translated at the exchange rates prevailing on the date of the transaction. Income and expenditure items of integral foreign operations are translated at the daily average closing rates and of non-integral foreign operations (foreign branches) at the monthly average closing rates.

Premia/discounts on foreign exchange swaps that are used to hedge risks arising from foreign currency assets and liabilities are amortized over the life of the swap.

Monetary foreign currency assets and liabilities are translated at the balance sheet date at rates notified by the Foreign Exchange Dealers' Association of India ('FEDAI'). Foreign exchange contracts are stated at net present value using LIBOR/SWAP curves of the respective currencies with the resulting unrealised gain or loss being recognised in the Profit and Loss Account and correspondingly in other assets (representing positive Mark-to-Market) and in other liabilities (representing negative Mark-to-Market (MTM)) on a gross basis.

In accordance with AS 11 'The Effects of changes in Foreign Exchange Rates', contingent liabilities in respect of outstanding foreign exchange forward contracts, derivatives, guarantees, endorsements and other obligations are stated at the exchange rates notified by FEDAI corresponding to the balance sheet date.

Both monetary and non-monetary foreign currency assets and liabilities of non-integral foreign operations are translated at closing exchange rates notified by FEDAI at the Balance Sheet date and the resulting profit / loss arising from exchange differences are accumulated in the Foreign Currency Translation Account until the disposal of the net investment in the non-integral foreign operations.

In accordance with the RBI clarification, the Bank does not recognise in the profit and loss account the proportionate exchange gains or losses held in the foreign currency translation reserve on repatriation of profits from overseas operations.

Currency future contracts are marked to market daily using settlement price on a trading day, which is the closing price of the respective future contracts on that day. While the daily

settlement prices is computed on the basis of weighted average price of such contract, the final settlement price is taken as the RBI reference rate on the last trading day of the future contract or as may be specified by the relevant authority from time to time. All open positions are marked to market based on the settlement price and the resultant marked to market profit / loss is daily set.

18.5.6 Earnings per share

The Bank reports basic and diluted earnings per equity share in accordance with Accounting Standard (AS) 20, "Earnings per Share" notified under section 133 of the Companies Act 2013. Basic earnings per equity share have been computed by dividing net profit after tax for the year by the weighted average number of equity shares outstanding for the period.

Diluted earnings per equity share have been computed using the weighted average number of equity shares and dilutive potential equity shares options outstanding during the period except where the results are anti-dilutive.

18.5.7 Accounting for derivative transactions

Derivative transactions comprises forward rate agreements, swaps and option contracts. The Bank undertakes derivative transactions for market making/trading and hedging on-balance sheet assets and liabilities. All market making/trading transactions are marked to market on a monthly basis and the resultant unrealized gains/losses are recognized in the profit and loss account.

Derivative transactions that are undertaken for hedging are accounted for on accrual basis except for the transaction designated with an asset or liability that is carried at market value or lower of cost or market value in the financial statements, which are accounted similar to the underlying asset or liability.

Cross currency interest rate swaps which are used by the Bank to hedge its foreign currency borrowings have been designated as cash flow hedges and are measured at fair value. The corresponding gain or loss is recognised as cash flow hedge reserve. Further to match profit/loss on account of revaluation of foreign currency borrowing, the corresponding amount is recycled from cash flow hedge reserve to Profit and Loss account.

The Bank follows the option premium accounting framework prescribed by FEDAI SPL- circular dated Dec 14, 2007. Premium on option transaction is recognized as income/expense on expiry or early termination of the transaction. Mark to market (MTM) gain/loss (adjusted for premium received/paid on option contracts) is recorded under 'Other Income'.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

The amounts received/paid on cancellation of option contracts are recognized as realized gains/losses on options. Charges receivable/payable on cancellation/ termination of foreign exchange forward contracts and swaps are recognized as income/ expense on the date of cancellation/ termination under 'Other Income'.

Valuation of Interest Rate Futures (IRF) is carried out on the basis of the daily settlement price of each contract provided by the exchange.

The requirement for collateral and credit risk mitigation on derivative contracts is assessed based on internal credit policy. Overdue if any, on account of derivative transactions are accounted in accordance with extant RBI guidelines.

As per the RBI guidelines on 'Prudential Norms for Off-balance Sheet Exposures of Banks' a general provision is made on the current gross MTM gain of the contract for all outstanding interest rate and foreign exchange derivative transactions.

The Bilateral Netting of Qualified Financial Contracts Act, 2020 (the Act), has been notified by the Government of India and subsequent to this the RBI through circular dated March 30, 2021 allowed netting of the Qualified Financial Contracts (QFC). The Bank shall work progressively on classification of multiple permissible transactions into a netting set which may result in reduction in capital requirement due to these transactions over the period

18.5.8 Fixed assets

Fixed assets are stated at cost less accumulated depreciation, amortization and accumulated impairment losses. Cost comprises the purchase price and any cost attributable for bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit /functioning capability from / of such assets.

18.5.9 Depreciation

Depreciation on fixed assets is provided on straight-line method, over estimated useful lives, as determined by the management, at the rates mentioned below-

Class of asset	Useful life of Assets as per Companies Act, 2013	Useful life of Assets as per Bank's Accounting Policy
Owned Premises	60 years	60 years
Office equipment	5 years	5 years
Computer hardware ¹	6 years	3 years
Computer software*	6 years	4 years

Class of asset	Useful life of Assets as per Companies Act, 2013	Useful life of Assets as per Bank's Accounting Policy
Vehicles ¹	8 years	5 years
Furniture and Fixtures	10 years	10 years
Automated Teller Machines ('ATMs') ¹	15 years	10 years
Leasehold improvements to premises	-	Over the lease period or 9 years whichever is less.

*As per RBI Guidelines.

¹Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

- » Assets costing up to ₹5,000 are fully depreciated in the year of purchase.
- » For assets purchased/ sold during the year, depreciation is being provided on pro rata basis by the Bank.
- » Improvements to leasehold assets are depreciated over the remaining period of lease
- » Reimbursement, if any, is recognised on receipt and is adjusted to the book value of asset and depreciated over the balance life of the asset
- » Whenever there is a revision in the estimated useful life of the asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset
- » The useful life of assets is based on historical experience of the Bank, which is different from the useful life as prescribed in Schedule II to the Companies Act, 2013.

18.5.10 Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. If such assets are considered to be impaired, the impairment is recognised by debiting the profit and loss account and is measured as the amount by which the carrying amount of the assets exceeds the recoverable amount of the assets.

FINANCIAL STATEMENTS

18.5.11 Employee benefits

Employee Stock Option Scheme ('ESOS')

The Employee Stock Option Scheme ('the Scheme') provides for the grant of options to acquire equity shares of the Bank to its employees. The options granted to employees vest in a graded manner and these may be exercised by the employees within specified periods.

Measurement of the employee share-based payment plans is done in accordance with the Guidance Note on Accounting for Employee Share-based Payments issued by Institute of Chartered Accountants of India (ICAI) and SEBI (Share Based Employee Benefits) Regulations, 2014. The Bank measures compensation cost relating to employee stock options using the intrinsic value method. Compensation cost is measured by the excess, if any, of the fair market price of the underlying stock (i.e. the last closing price on the stock exchange on the day preceding the date of grant of stock options) over the exercise price. The exercise price of the Bank's stock option is the last closing price on the stock exchange on the day preceding the date of grant of stock options and accordingly there is no compensation cost under the intrinsic value method.

Compensated absence

The employees of the Bank are entitled to carry forward a part of their unavailed/unutilized leave subject to a maximum limit. The employees cannot encash unavailed/unutilized leave. The Bank provides for leave encashment / compensated absences based on an independent actuarial valuation at the Balance Sheet date, which includes assumptions about demographics, early retirement, salary increases, interest rates and leave utilisation.

Gratuity

The Bank provides for gratuity, for all employees. The Gratuity is payable to an employee as per Payment of Gratuity Act. The Bank accounts for the liability for future gratuity benefits using the projected unit cost method based on annual actuarial valuation.

The defined gratuity benefit plans are valued by an independent actuary as at the Balance Sheet date using the projected unit credit method as per the requirement of AS-15, Employee Benefits, to determine the present value of the defined benefit obligation and the related service costs. Under this method, the determination is based on actuarial calculations, which include assumptions about demographics, early retirement, salary increases and interest rates. Actuarial gain or loss is recognised in the Profit and Loss account.

Provident fund

All employees of the Bank are covered under the Employees Provident Fund, a defined contribution plan in which both the employee and the Bank contribute monthly. Contribution to provident fund are recognized as expense as and when the services are rendered. The Bank has no liability for future provident fund benefits other than its annual contribution.

National Pension System (NPS)

The NPS is a defined contribution retirement plan. The primary objective is enabling systematic savings and to provide retirees with an option to achieve financial stability. Pension contributions are invested in the pension fund schemes. The Bank has no liability for future fund benefits other than the voluntary contribution made by employees who agree to contribute to the scheme.

18.5.12 Leases

Leases where the lessor effectively retains substantially all risks and benefits of ownership are classified as operating leases. Operating lease payments are recognized as an expense in the profit and loss account on a straight line basis over the lease term in accordance with Accounting Standard -19, Leases.

18.5.13 Income taxes

Tax expense comprises current and deferred tax. Current tax comprises of the amount of tax for the period determined in accordance with the Income Tax Act, 1961 and the rules framed there under. Deferred income taxes reflects the impact of timing differences between taxable income and accounting income for the current year and reversal of timing differences of earlier years and carry forward losses. Deferred tax assets and liabilities are recognised for the future tax consequences of timing differences between the carrying values of assets and liabilities and their respective tax bases, and operating loss carry forwards. Deferred tax assets and liabilities are measured using the enacted or substantively enacted tax rates at the balance sheet date. The impact of changes in deferred tax assets and liabilities is recognised in the profit and loss account.

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. Deferred tax assets in case of unabsorbed depreciation/ losses are recognized only if there is virtual certainty that such deferred tax asset can be realized against future taxable profits. Deferred tax assets are recognized and reassessed at each balance sheet date based upon management's judgement and appropriately adjusted to reflect the amount that is reasonably certain to be realized.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

18.5.14 Provisions and contingent assets/liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank or a present obligation that arises from past events that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. The Bank does not recognize a contingent liability but discloses its existence in the financial statements.

In accordance with AS 29, Provisions, Contingent Liabilities and Contingent Assets, the Bank creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

18.5.15 Cash and Cash equivalents

Cash and cash equivalents include cash in hand, balances with RBI, balances with other banks and money at call and short notice.

18.5.16 Corporate social responsibility

Expenditure towards corporate social responsibility, in accordance with Companies Act, 2013, are recognised in the Profit and Loss account.

18.5.17 Debit and credit cards reward points

The Bank estimates the probable redemption of debit and credit card reward points and cost per point using actuarial valuation method by employing an independent actuary, which includes assumptions such as mortality, redemption and spends.

Provisions for liabilities on said reward points are made based on the actuarial valuation report as furnished by the said independent actuary and included in other liabilities.

18.5.18 Bullion

The Bank imports bullion (gold and silver bars) on a consignment basis for selling to its customers. The imports are typically based on a request of the client and are settled based on a back to back price fixing with supplier and client. The Bank earns a fee on such bullion transactions. The fee is classified in other income. The Bank also deals in gold borrowing and lending and the interest paid/received thereon is classified as interest expense / income respectively.

18.5.19 Share issue expenses

Share issue expenses are adjusted from Share Premium Account in terms of Section 52 of the Companies Act, 2013.

18.5.20 Segment information

The disclosure relating to segment information is in accordance with AS-17, Segment Reporting and as per guidelines issued by RBI.

18.5.21 Priority Sector Lending Certificates (PSLC)

The Bank, in accordance with RBI circular FIDD.CO.Plan.BC.23/ 04.09.01/2015-16 dated April 7, 2016, trades in priority sector portfolio by selling or buying PSLC. There is no transfer of risks or loan assets in these transactions. The fee paid for purchase of the PSLC is treated as an 'Expense' and the fee received from the sale of PSLCs is treated as 'Other Income'.

18.5.22 Related Party Transactions

The Bank has formulated a policy on dealing with Related Party Transactions in terms of the provisions of Section 188 of the Companies Act, 2013 and Regulation 23 of LODR Regulations, and the same is placed on the Banks website.

18.6.2 Proposed Dividend

The RBI through circular dated April 22, 2021 allowed banks to pay dividend on equity shares from the profits for the financial year ended March 31, 2021, subject to the quantum of dividend being not more than fifty percent of the amount determined as per the dividend payout ratio prescribed in the RBI guidelines. However, during FY 2020-21, the Bank has reported loss and as consequence to that the Bank has not declared any dividend.

The Reserve Bank of India (RBI), vide notification dated December 4, 2020, stated that in view of the ongoing stress and heightened uncertainty on account of COVID-19, banks should continue to conserve capital to support the economy and absorb losses. The notification also stated that in order to further strengthen the banks' balance sheets, while at the same time support lending to the real economy, banks shall not make any dividend payment on equity shares from the profits pertaining to the financial year ended March 31, 2020.

18.6.3 Capital Reserve

Write Down of AT1 Bonds

In March 2020, YES Bank Limited ("the Bank") was reconstructed pursuant to the provisions of Section 45 of the Banking Regulation Act, 1949 under the "YES Bank Reconstruction Scheme, 2020". As a consequence of the reconstruction, the Bank was deemed to be non-viable or approaching non-viability and both "the pre-specified trigger" and "the trigger at the point of non-viability" were activated. Accordingly, the Bank was constrained to write down Additional Tier 1 Bonds ("AT 1 Bonds") on March 14, 2020. The Axis Trustee Services Limited (Trustee on behalf of the bondholders of AT 1 Bonds) and other bondholders have filed various writ petition(s) and consumer complaint(s) across India challenging the decision of the Bank to write down AT 1 Bonds. A Transfer Petition has been preferred by the Bank to transfer all pending litigation(s) to Mumbai as per the jurisdictional clause in the Information Memorandum(s) for the issuance of AT 1 Bonds. The Bank, based on the legal opinion of its external independent legal counsel is of the view that the Bank's decision to write down the AT 1 Bonds is in accordance with the contractual terms for issuance of AT 1 Bonds.

Separately, on October 26, 2020, Securities and Exchange Board of India ("SEBI") issued a Show Cause Notice, inter alia, alleging mis-selling of AT-1 Bonds. Though the Bank filed its objections, SEBI vide its Adjudication Order No. Order/SM/MG/2021-22/11306-11309 dated April 12, 2021 ("the Order") has imposed a penalty of ₹25 Crore against the Bank under Section 15 HA of SEBI Act, 1992 for the alleged mis-selling of AT-1 Bonds in the secondary market. The Bank is in the process of filing an appeal before the Hon'ble Securities Appellate Tribunal against the Order." Interest on Additional Tier I Capital (Unsecured, Non-Convertible, Tier I Subordinated Perpetual Bonds in the nature of Promissory Notes issued under Basel II guidelines) amounting to ₹84.0 million which was not cumulative was not paid by Bank during FY 2019-20 as the regulatory Capital Adequacy ratio of the Bank were lower than the minimum prudential requirement. However post capital raise (FPO), the Bank exercised the call option with approval of RBI and repaid the Bonds along with interest for FY 2020-21.

18.6.15 Disclosures on risk exposure in derivatives

As per RBI Master circular DBR.BP.BC.No.23/21.04.018/2015-16 dated July 1, 2015, the following disclosures are being made with respect to risk exposure in derivatives of the Bank:

- a) Purpose: The Bank uses Derivatives including Forwards & swaps for various purposes including hedging its currency and interest rate risk in its balance sheet, customer offerings and proprietary trading. The management of these products and businesses is governed by Market Risk Policy, Investment Policy, Derivatives Policy, Derivatives Appropriateness Policy, Hedging Policy and ALM policy.
- b) Structure: The Board of Directors of the Bank have constituted a Board level sub-committee, the Risk Monitoring Committee ('RMC') and delegated to it all functions and responsibilities relating to the risk management policy of the Bank and its supervision thereof.
- c) As part of prudent business and risk management practice, the Bank has also instituted a comprehensive limit and control structure encompassing Value-at-Risk (VAR), Sensitivity, Greeks, Stop loss & credit limits for derivative transactions including suitability and appropriateness framework. The Bank has an internal reporting mechanism providing regular reports to the RMC as well as to the management of the Bank. Such a structure helps the Bank to monitor and mitigate market risk across FX and interest rates.
- d) The Bank has an independent Middle Office and Market Risk functions, which are responsible for monitoring, measurement, and analysis of derivative related risks, among others. The Bank has a Credit Risk Management unit which is responsible for setting up counterparty limits and also a treasury operation unit which is responsible for managing operational aspects of derivatives including settlement of transactions. The Bank is subject to a concurrent audit for all treasury transactions, including derivatives transactions, a monthly report of which is periodically submitted to the Audit & Compliance Committee of the Bank.
- e) In addition to the above, the Bank independently evaluates the potential credit exposure on account of all derivative transactions, wherein risk limits are specified separately for each product, in terms of both credit exposure and tenor. As mandated by the Credit Policy of the Bank, the Bank has instituted an approval structure for all treasury/derivative related credit exposures. Wherever necessary, appropriate credit covenants are stipulated as trigger events to call for collaterals or terminate transaction and contain the risks.
- f) The Bilateral Netting of Qualified Financial Contracts has been notified by the RBI through circular dated March 30, 2021. The Bank has computed capital adequacy as well as

exposure on account of these contracts as per Current Exposure method considering each transaction as separate netting set on conservative basis. The Bank shall work progressively over the period on classification of multiple permissible transactions into a netting set which may result in reduction in capital requirement and exposure due to these transactions.

- g) The Bank reports all trading positions to the management on a daily basis. The Bank revalues its trading position on a daily basis for Management and Information System ('MIS') and control purposes and records the same in the books of accounts on a monthly basis.
- h) For derivative contracts in the banking book designated as hedge, the Bank documents at the inception of the relationship between the hedging instrument and the underlying exposure, the risk management objective for undertaking the hedge and the ALCO monitors all outstanding hedges on a periodical basis. Further the Bank's 'Hedging Policy' has stipulated conditions to ensure that the Hedges entered into are effective.

An overview of the key features and objectives of remuneration policy –

The Bank's Human Capital philosophy focuses on acquiring top quality Human Capital and empowering them to push their boundaries beyond their comfort zones, inculcating the right mind-set based on a deep sense of organizational commitment and ownership. This promotes a deepening of the mind share of stakeholders through superior outcomes which in turn enhances the market share and drives sustainable growth.

In line with the above, the "Total Rewards Policy" of the Bank has the following objectives:

- » Attracting and retaining top class talent
- » Creating and reinforcing a strong meritocracy-based performance culture
- » Reinforcing employee behaviors aligned with organizational values, which include adherence to the best Governance practices, prudent risk taking and delivering superior outcomes to stakeholders.

- (b) Description of the ways in which current and future risks are taken into account in the remuneration processes. It should include the nature and type of the key measures used to take account of these risks.

Our current remuneration process/ Policy considers the current and future risks in the following steps

1. Defined Performance measures of each employee in accordance with overall budget of their operating units which is determined basis the stated risk appetite of the Bank and reflects the applicable Risk profile and tolerance
2. Defined Key Performance Indicators (KPI) which comprise factors such as Risk Management, Superior & Consistent customer service, Cost Management, Strengthening Systems, controls & Processes, Human capital and thus, the performance assessment is an outcome of measuring the performance holistically
3. A significant portion of remuneration for Senior Executives of the Bank is

the Variable Pay and it is dependent on the performance of Bank, Business Unit and the individual. Bank's Variable Pay Program rewards employees on both short term and long-term basis. There is a direct correlation between the quantum of Variable Pay and level of risk exposure and level and role of an employee in the organization

4. To assess and incorporate the future risk, deferral arrangements have been incorporated for the payout of Variable Pay, where a certain proportion of Variable Pay (Cash and Non Cash) is deferred over a period of time for the Senior Executives of the Bank. The Bank assess through the Business Unit Head/Risk/Finance function for any adverse outcomes in the case of organizational or business unit or individual level prior to the payment of the deferred portion
 5. In the event of a negative contribution, deferred compensation is subject to appropriate malus/claw back arrangements as decided by the Board Remuneration Committee
- (c) Description of the ways in which the Bank seeks to link performance during a performance measurement period with levels of remuneration.

The Bank's performance management process and compensation philosophies are structured to support the achievement of the Bank's Key Strategic Objectives (KSO). The Bank follows a "Pay for Performance" approach and has a comprehensive process towards defining Key Result Areas (KRAs) / measurable Key Performance Indicators (KPIs) for MD & CEO/WTDs/MRTs, which are set against the financial and non-financial KSO of the Bank, and the goals framed for the performance year have a linkage with these KSOs. The targets for these are determined at the Bank, Business Unit and Individual level. Achievement of targets is assessed during the Annual Performance Review, which has an impact on the remuneration.

- (d) A discussion of the bank's policy on deferral and vesting of variable remuneration and a discussion of the bank's policy and criteria for adjusting deferred remuneration before vesting and after vesting.

The variable remuneration (cash and non-cash), above certain threshold, for the Senior Executives of the Bank is subject to a deferral arrangement as per guidelines given by RBI. An assessment of individual/ Business Unit/

Bank performance as well as identification of cases with negative or adverse outcomes is done prior to payout of the deferred component. The payment of the same is subject to malus or claw back clauses defined in the Bank's Total Rewards Policy.

- (e) Description of the different forms of variable remuneration (i.e., cash and types of share-linked instruments) that the bank utilizes and the rationale for using these different forms.

In line with the guidelines in the RBI circular, Variable Remuneration for MD & CEO/WTDs/MRTs at YES BANK comprise Performance Bonus Plan and Share linked instruments as prescribed in the guidelines.

For Senior and Top management employees (other than MRTs) at Bank, the variable remuneration includes Performance Bonus and Share Linked Instruments.

For the rest of employees at Bank, the variable remuneration includes, Performance Bonus or Sales Incentives.

There were 8 meetings of the N&RC held during the year ended March 31, 2021. The Bank had paid a remuneration of ₹1.45 million to the members of the N&RC for attending the meetings of the N&RC.,

FINANCIAL STATEMENTS

for the year ended March 31, 2021

Qualitative Disclosure:

The Bank measures and monitors the LCR in line with the Reserve Bank of India's circular dated June 09, 2014 and November 28, 2014 on "Basel III Framework on Liquidity Standards - Liquidity Coverage Ratio (LCR), Liquidity Risk Monitoring Tools and LCR Disclosure Standards" as amended for "Prudential Guidelines on Capital Adequacy and Liquidity Standards" dated March 31, 2015. The LCR guidelines aims to ensure that a bank maintains an adequate level of unencumbered High Quality Liquid Assets (HQLAs) that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario. At a minimum, the stock of liquid assets should enable the bank to survive until day 30 of the stress scenario, by which time it is assumed that appropriate corrective actions can be taken. Banks are required to maintain High Quality Liquid Assets of a minimum of 90% of its Net Cash Outflows as prescribed by regulator.

- » The Bank endeavors to meet the LCR requirement on an ongoing basis. The adequacy in the LCR maintenance remains a conscious strategy of the Bank towards complying with LCR mandate.
- » The Board of Directors of the Bank have empowered ALCO (Top Management Executive Committee) to monitor and strategize the Balance Sheet profile of the Bank. In line with the business strategy, ALCO forms an Interest Rate/Liquidity view for the bank with the help of the economic analysis provided by the in-house economic research team of the bank. ALCO of the Bank channelizes various business segments of the Bank to target good quality asset and liability profile to meet the Bank's profitability as well as Liquidity requirements with the help of robust MIS and Risk Limit architecture of the Bank.
- » Funding strategies are formulated by the ALCO of the Bank. The objective of the funding strategy is to achieve an optimal funding mix which is consistent with prudent liquidity, diversity of sources and servicing costs. Accordingly, BSMG (Balance Sheet Management Group) of the Bank estimates daily liquidity requirement of the various business segments and manages the same on consolidated basis under ALCO guidance. With the help of Liquidity Statement prepared by the Bank, BSMG evaluates liquidity requirement and takes necessary action. Periodical reports are also placed before the ALCO for perusal and review.
- » The Bank's HQLA comprises of Excess CRR, Excess SLR, eligible foreign sovereign investments, Marginal Standing Facility (MSF) and Facility to Avail Liquidity for Liquidity Coverage Ratio (FALLCR) as permitted under prudential guidance and eligible Level

2 investments. The Bank has a very limited exposure to liquidity risk on account of its Derivatives portfolio. Further, the Bank believes that all inflows and outflows which might have a material impact under the liquidity stress scenario have been considered for the purpose of LCR. Further, SLR investments as well as Corporate Bond portfolio of the Bank considered for HQLA is also well diversified across various instruments and Liquid Asset Type Mix and should provide the Bank with adequate and timely liquidity.

- » The daily average LCR for quarter ending March 31, 2021 is 113.9% which is well above the prudential requirement of 90%.
- » The Bank has been in compliance with prudential requirement for Liquidity Coverage Ratio for the FY 2020-21 on all days, starting from from Jun 15, 2020 onwards except for 4 days (Aug 26, 2020 and from Aug 31, 2020 to Sep 2, 2020) due to repayment of Special Liquidity facility availed from RBI. Since Sept 3, 2020 Bank was in compliance with LCR prudential requirements.

18.6.60 Unhedged Foreign Currency Exposure of Bank's Customer

The Bank has in place a policy on managing credit risk arising out of unhedged foreign currency exposures of its borrowers. The objective of this policy is to maximize the hedging on foreign currency exposures of borrowers by reviewing their foreign currency product portfolio and encouraging them to hedge the unhedged portion. In line with the policy, assessment of unhedged foreign currency exposure is a part of assessment of borrowers and is undertaken while proposing limits or at the review stage. Additionally, at the time of sanctioning limits for all clients, the Bank stipulates a limit on the unhedged foreign currency exposure of the client (as a % of total foreign currency exposure sanctioned by the Bank) after considering factors such as internal rating of the borrower, size, possibility of natural hedging, sophistication of borrower and maturity of borrower's financial systems, relative size of unhedged foreign currency exposure with respect to total borrowings of the client, etc. Further, the Bank reviews the unhedged foreign currency exposure across its portfolio on a periodic basis. The Bank also maintains incremental provision and capital towards the unhedged foreign currency exposures of its borrowers in line with the extant RBI guidelines.

The Bank has maintained provision of ₹736.55 million (previous year of ₹777.93 million) and additional capital of ₹1,945.24 million (previous year of ₹2,304.16 million) on account of Unhedged Foreign Currency Exposure of its borrowers as at March 31, 2021.

18.6.69 Disclosure on Complaints-

The Bank became aware in September 2018 through communications from stock exchanges of anonymous whistleblower complaints alleging irregularities in the Bank's operations, potential conflict of interest of the founder / former MD & CEO and allegations of incorrect NPA classification. The Bank conducted an internal enquiry of these allegations, which was carried out by management and supervised by the Board of Directors. The enquiry resulted in a report that was reviewed by the Board in November 2018. Based on further inputs and deliberations in December 2018, the Audit Committee of the Bank engaged an external firm

to independently examine the matter. In April 2019, the Bank had received the phase 1 report from the external firm and based on further review/ deliberations had directed a phase 2 investigation from the said firm. In February 2020, the Bank has received the final phase 2 report from the said external firm. The Bank has taken this report to the Audit Committee. As advised by the Audit Committee, the Bank has reviewed and carried out remediation actions across areas of process, design, policy and control related issues highlighted in the report including conducting forensic audits for few of the identified borrower accounts. The forensic audits for remaining accounts are in the process. Basis guidance from the ACB during the year, further action has been taken and a comprehensive note was put up to the Board on January 15, 2021 for closure of the report. The Board expressed satisfaction with the review carried out and approved the closure of the review of the anonymous complaints received by the Bank in September / December 2018. Exposure to such borrower accounts are recognized as NPA and commensurately provided.

Further, the Bank received forensic audit reports on certain borrower groups commissioned by other consortium bankers, which gave more information regarding the above mentioned allegations and has filed complaints with the law enforcement agencies. Also, Law Enforcement Agencies (LEAs) - the Enforcement Directorate (ED), the Central Bureau of Investigations (CBI) and the Serious Fraud Investigation Office (SFIO) have launched investigations into some aspects of transactions of the founder / former MD & CEO, and alleged links with certain borrower groups. LEAs are investigating allegations of money laundering, fraud and nexus between the founder / former MD & CEO and certain loan transactions. The investigation continues to be carried out by the various law enforcement agencies. There are no claims made by any whistleblower or other parties against the Bank in this matter. The Bank does not foresee any substantial financial impact on the Bank arising out of these investigations.

18.6.70 Description of contingent liabilities

Sr. No	Contingent Liabilities	Brief
1.	Claims against the Bank not acknowledged as debts	The Bank is a party to various legal and tax proceedings in the normal course of business. The Bank does not expect the outcome of these proceedings to have a material adverse effect on the Bank's financial conditions, results of operations or cash flows.
2.	Liability on account of forward exchange and derivative contracts.	The Bank enters into foreign exchange contracts, currency options, forward rate agreements, currency swaps and interest rate swaps with interbank participants and customers. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/principal in one currency against another, based on predetermined rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. The notional amounts of financial instruments of such foreign exchange contracts and derivatives provide a basis for comparison with instruments recognized on the balance sheet but do not necessarily indicate the amounts of future cash flows involved or the current fair value of the instruments and, therefore, do not indicate the Bank's exposure to credit or price risks. The derivative instruments become favorable (assets) or unfavorable (liabilities) as a result of fluctuations in market rates or prices relative to their terms. The aggregate contractual or notional amount of derivative financial instruments on hand, the extent to which instruments are favorable or unfavorable and, thus the aggregate fair values of derivative financial assets and liabilities can fluctuate significantly.
3.	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As a part of its commercial banking activities the Bank issues documentary credit and guarantees on behalf of its customers. Documentary credits such as letters of credit enhance the credit standing of the customers of the Bank. Guarantees generally represent irrevocable assurances that the Bank will make payments in the event of the customer failing to fulfill its financial or performance obligations.
4.	Other items for which the Bank is contingently liable	Purchase of securities pending settlement, capital commitments, amount deposited with RBI under Depositor Education Awareness Fund (DEAF), bill re-discounting, Foreign Exchange Contracts (Tom & Spot)
<i>Refer Schedule 12 for amounts relating to contingent liability</i>

INDEPENDENT AUDITOR'S REPORT

To the Members of
YES BANK Limited

Report on the audit of the consolidated financial statements

Opinion

We have audited the accompanying consolidated financial statements of YES BANK Limited (hereinafter referred to as the 'Bank' or 'Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as the 'Group'), which comprise the consolidated Balance Sheet as at March 31, 2021, the consolidated Profit and Loss Account and the consolidated Cash Flow Statement for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the 'Consolidated Financial Statements'), in which the following are incorporated

- i. Audited accounts of YES BANK Limited, audited by us, vide our audit report dated April 30, 2021.
- ii. Audited accounts of 3 subsidiaries of which 2 subsidiaries are audited by us and 1 is audited by other auditor.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditor on separate financial statements of one subsidiary as were audited by the other auditor, the aforesaid consolidated financial statements give the information required by the section 29 of the Banking Regulation Act, 1949 as well as the Companies Act, 2013 (the 'Act') and circulars and guidelines issued by the Reserve Bank of India, in the manner so required for banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act, read with rules made thereunder, of the consolidated state of affairs of the Bank as at March 31, 2021, and its consolidated loss, and its consolidated cash flows for the year ended on that date.

Basis of opinion

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act, and the Rules thereunder, and

we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of matter

- a) We draw attention to Note 18.19 which describes the state of affairs pertaining to the whistle blower complaints received in prior years and the subsequent actions including the corrective steps initiated by the Bank. The Management has made provisions in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification and provisioning and does not expect any further substantial impact on the financial position of the Bank. Our opinion is not modified of this matter.
- b) We draw attention to Note 18.6.1 which describes the business uncertainties due to the outbreak of SARS-CoV-2 virus (COVID-19). In view of these uncertainties, the impact on the Bank's financial statements is significantly dependent on future developments. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key Audit Matters	Auditor's Response
Recognition and Measurement of Deferred Tax Asset	
<p>The Bank has recognised a net deferred tax asset of ₹95,538,433 (in '000) as on March 31, 2021, including net increase of ₹12,728,473 (in '000) during the year.</p> <p>Besides objective estimation, recognition and measurement of deferred tax asset is based on the judgment and numerous estimates regarding the availability and visibility of profits in the future and also considering probable impact of Covid-19 pandemic.</p> <p>The amount of deferred tax assets recognised presumes availability and forecasting of profits over an extended period of time thus increasing uncertainty and the inherent risk of inappropriate recognition of the said asset.</p>	<p>Our audit procedures involved gaining an understanding of the applicable tax laws and relevant regulations applicable to the Bank. We performed the following audit procedures as part of our controls testing including:</p> <ul style="list-style-type: none"> » evaluation of the policies used for recognition and measurement of deferred tax assets in accordance with AS 22 Accounting for Taxes on Income; » assessed the probability of the availability of future taxable profits based on assumptions and other parameters used by the Management including the probable impact of Covid-19 pandemic against which the Bank will be able to use this deferred tax asset in the future with reference to forecast as noted by the Board of Directors while adopting the consolidated financial statements. » assessed the method for determining the Deferred Tax Asset with reference to applicable tax rates and tested the arithmetical accuracy.

We also tested key automated and manual business cycle controls and logic for system generated reports relevant to the audit; including testing of compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the financial statements.

INDEPENDENT AUDITOR'S REPORT

Information other than the consolidated financial statements and Auditor's Report thereon

The Bank's management and Board of Directors are responsible for the Other Information. The other information comprises the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report (collectively called as "Other Information") but does not include the consolidated financial statements and our auditor's report thereon and the Pillar III Disclosures under the New Capital Adequacy Framework (Basel III disclosures). The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the Other Information identified above when it becomes available and, in doing so, consider whether the Other Information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's and Board of Director's Responsibility for the Consolidated Financial Statements

The Bank's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, provisions of Section 29 of the Banking Regulation Act, 1949 and the circulars and guidelines issued by Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid

In preparing the consolidated financial statements, the Management and Board of Directors included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management and Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors included in the Group are responsible for overseeing the Bank's financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- » Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT

- » Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- » Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial statements made by the Management and Board of Directors.
- » Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- » Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- » Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entity included in the Consolidated Financial Statements, which has been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled 'Other Matters' in this audit report.

- » We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements

We communicate with those charged with governance of the Bank and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the financial statements of one subsidiary, whose financial statements reflect total assets of ₹59.16 crores as at March 31, 2021, total revenues of ₹4.00 crores and net cash inflows amounting to ₹45.9 crores for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by another auditor whose report has been furnished to us by the Management and our opinion on the Consolidated Financial Statements, insofar as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiary is based solely on the report of the other auditor.

INDEPENDENT AUDITOR'S REPORT

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statement certified by the management.

- b) The Consolidated Financial Statements of the Bank for the previous year ended March 31, 2020 were audited by the predecessor auditors. The auditors have expressed Qualified opinion vide their report dated May 6, 2020 on such financial statements.

Report on other legal and regulatory requirements

The consolidated balance sheet and the consolidated profit and loss account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 and Section 133 of the Act.

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of such subsidiaries as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
- (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept by the Bank so far as it appears from our examination of those books and the reports of the other auditors;
 - (c) the consolidated balance sheet, the consolidated profit and loss account, and the consolidated cash flow statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
 - (d) in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, to the extent they are not inconsistent with the accounting policies prescribed by RBI;

- (e) on the basis of the written representations received from the directors of the Bank as on March 31, 2021, taken on record by the Board of Directors of the Bank and the reports of the statutory auditors of its subsidiary companies, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164 (2) of the Act; and
- (f) with respect to the adequacy of the internal financial controls over financial reporting with reference to consolidated financial statements of the Holding Company and its subsidiary companies and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'.

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements of the subsidiary as noted in the 'Other Matters' paragraph:

- (a) the Consolidated Financial Statements disclose the impact of pending litigations as at March 31, 2021 on the consolidated financial position of the Group - Refer Note 18.24 to the consolidated financial statements;
- (b) provision has been made in the Consolidated Financial Statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 18.18 to the consolidated financial statements;
- (c) there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies during the year ended March 31, 2021 - Refer Note 18.23 to the consolidated financial statements.

- C. With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, requirements with respect to the matter to be included in the Auditor's Report under section 197(16) are not applicable to banking companies.

INDEPENDENT AUDITOR'S REPORT

Based on the reports of the statutory auditor of the subsidiary company which was not audited by us and our reports on the subsidiaries audited by us, the remuneration paid during the current year by the subsidiary companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the subsidiary companies is not in excess of the limit laid down under Section 197 of the Act.

ANNEXURE A

to the Independent Auditor's Report of even date on the consolidated financial statements of YES BANK Limited for the year ended March 31, 2021

Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to consolidated financial statements of YES BANK Limited ("the Bank") as of March 31, 2021 in conjunction with our audit of the consolidated financial statements of the Bank for the year ended on that date.

Management's responsibility for internal financial controls

The respective company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial

statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the relevant subsidiary company, in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of internal financial controls with reference to financial statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statement includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent limitations of internal financial controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion the Holding Company and its subsidiaries have maintained, in all material respects, an adequate internal financial control system with reference to consolidated financial statements and such internal financial controls with reference to the consolidated financial statements were operating effectively as at March 31, 2021, based on internal control over financial reporting criteria established by the bank considering the essential components of internal control stated in the Guidance Note.

Other matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to one subsidiary company, is based on the corresponding report of the auditor of this company

18. Significant accounting policies and notes forming part of the accounts for the year ended March 31, 2021

18.1 Background

YES BANK is a publicly held bank engaged in providing a wide range of banking and financial services. YES BANK is a banking company governed by the Banking Regulation Act, 1949. The Bank was incorporated as a limited company under the Companies Act, 1956 on November 21, 2003. The Bank received the licence to commence banking operations from the Reserve Bank of India ('RBI') on May 24, 2004. Further, YES BANK was included to the Second Schedule of the Reserve Bank of India Act, 1934 with effect from August 21, 2004. Also the Bank has a branch at International Financial Services Centre ('IFSC') at GIFT City, Gujarat ('IBU'). The Bank classifies transactions undertaken by IBU as overseas operation.

The Bank has three wholly owned subsidiaries namely Yes Securities (India) Limited, YES Asset Management (India) Limited and YES Trustee Limited.

YES Securities (India) Limited ('the Company') was incorporated on March 14, 2013, as a wholly owned subsidiary of YES Bank Limited ('YBL' / 'Holding Company'). The Company is a securities broker registered with the Securities and Exchange Board of India since July 8, 2013. The Company also got SEBI registration as Category I Merchant Banker w.e.f. September 3, 2015 and as a Research Analyst w.e.f. November 30, 2015. The Company also got SEBI registration as Investment Adviser w.e.f. March 20, 2017. The Company offers, inter alia, trading / investment in equity, merchant banking and other financial products along with various value added services. The Company is member of the National Stock Exchange ('NSE') since May 2, 2013 and the Bombay Stock Exchange ('BSE') since June 11, 2013 and MCX since February 5, 2019, NCDEX since February 6, 2020.

YES Asset Management (India) Limited (the Company) was incorporated on April 21, 2017 as a wholly owned subsidiary of YES BANK Limited (YBL / Holding Company). The Company has entered into an investment management agreement with Yes Trustee Limited to act as the investment manager for any funds to be launched by YES Mutual fund. The company obtained registration from Securities and Exchange Board of India ('SEBI') to launch Mutual fund operations on July 3, 2018. Yes Mutual Fund launched its first Scheme YES Liquid Fund in January 2019. Subsequently in the FY 2019-20 Yes Mutual Fund launched two schemes namely YES Ultra Short Term Fund and YES Overnight Fund.

YES Trustee Limited (the 'Company') was incorporated under the provisions of the Companies Act, 2013 on 3 May 2017 having its registered office in Mumbai. The Company is a wholly owned subsidiary of YES Bank Limited. The Company is engaged in providing trusteeship services to YES Mutual Fund. YES Mutual Fund has launched its first Scheme YES Liquid Fund in January 2019. Subsequently in FY 2019-20, YES Mutual Fund has launched two schemes namely YES Ultra Short Term Fund and YES Overnight Fund.

The Bank has entered into a definitive agreement to sell its entire stake in YES Asset Management (India) Limited and YES Trustee Limited to GPL Finance and Investments Limited. The transaction is subject to requisite regulatory approvals

18.2 Assessment of Going Concern:

The audit report for the Financial Year ended March 2020 was qualified on account of material uncertainty related to Going Concern. The opinion was predicted on a significant decline in Bank's deposit base, credit downgrades resulting in partial prepayment of foreign currency debt linked to external credit rating, breaches in liquidity ratios and RBI mandated Capital ratios.

During the current year, Bank has been able to address the concerns of erstwhile auditors, on the back of capital raise of ₹150,000 million through FPO in July-20. As a consequence, Bank's capital ratio stands at 17.5% as on Mar 31, 2021 as against a minimum requirement of 10.875%. Further, Bank has increased its deposit position by 54.7% to ₹1,629,466 million while also improving the LCR well in excess of the minimum regulatory thresholds.

Given the capital raise, reinforced capital buffers, strong growth in deposit base, the Banks' compliance with regulatory ratios and expanding customer & branch network, the audit report for FY 2020-21 is not modified.

18.3 Principles of Consolidation

The consolidated financial statements comprise the financial statements of YES Bank Limited, and its subsidiaries, YES Securities (India) Limited, YES Asset Management (India) Limited and YES Trustee Limited which together constitute the 'Group'.

The Bank consolidates its subsidiaries in accordance with Accounting Standard ('AS') 21, Consolidated Financial Statements notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 issued by the Ministry of Corporate Affairs to the extent applicable on a line-by-line basis by adding together the like items of assets, liabilities, income and expenditure.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

18.4 Basis of preparation

The financial statements have been prepared in accordance with requirements prescribed under the Third Schedule (Form A and Form B) of the Banking Regulation Act, 1949. The accounting and reporting policies of The Group used in the preparation of these financial statements conform to Generally Accepted Accounting Principles in India (Indian GAAP), the guidelines issued by the Reserve Bank of India (RBI) from time to time, the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and Companies (Accounting Standards) Amendment Rules, 2016 to the extent applicable and practices generally prevalent in the banking industry in India. The Group follows accrual method of accounting and the historical cost convention, unless otherwise stated by RBI guidelines.

18.5 Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions that are considered while reporting amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and income and expenses during the reporting period.

Due to outbreak of the COVID-19 pandemic, the country had witnessed lockdowns across India, imposed by the Indian government from March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. The current second wave of Covid-19 pandemic, where the number of new cases has increased significantly in India, has resulted in re-imposition of localised/regional lockdown measures in various parts of the country. The extent to which the COVID-19 pandemic will impact the Bank's results will depend on ongoing as well as future developments, which are highly uncertain. However, management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

18.6 Significant accounting policies

18.6.1 COVID

The SARS-CoV-2 virus responsible for COVID-19 started spreading across the globe and India in March 2020, which has contributed to a significant decline and volatility in global and Indian financial markets and a significant decrease in global and local economic activities.

Due to outbreak of the COVID-19 pandemic, the country had witnessed lockdowns across India, imposed by the Indian government from March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. The current second wave of Covid-19 pandemic, where the number of new cases has increased significantly in India, has resulted in re-imposition of localised/regional lockdown measures in various parts of the country.

RBI issued guidelines on COVID-19 Regulatory Packages under which, the Bank granted a moratorium of three months (further extended by three months) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August 31, 2020. For all such accounts where the moratorium was granted, the asset classification remained stand still during the moratorium period (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification under the Income Recognition, Asset Classification and Provisioning norms) and the same had been retained based on the overdue status as at February 29, 2020.

The Supreme Court, in a public interest litigation (Gajendra Sharma Vs. Union of India & Anr), through its interim order dated September 3, 2020 had directed that accounts which were not declared as NPA till August 31, 2020 shall not be declared as NPA till further orders. Accordingly, the Bank did not classify any account which was not NPA as of August 31, 2020 as per the RBI IRAC norms, as NPA after August 31, 2020. The Bank had made contingency provision of ₹ 2,683 crore till December 31, 2020. The interim order granted to not declare accounts as NPA stood vacated on March 23, 2021 vide the judgement of the Hon'ble SC in the matter of Small Scale Industrial Manufacturers Association vs. UOI & Ors. and other connected matters. Further in accordance with the instructions in paragraph 5 of the RBI circular dated April 07, 2021 issued in this connection, the Bank has classified such borrower accounts as per the extant IRAC norms with effect from September 1, 2020 and utilised the above contingency provisions towards provision on these accounts.

During the FY 2020-21, the Bank in line with extant regulatory guidelines has offered the below:

- » **Loan moratorium:** Offered to all customer (whether opt-in or otherwise) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August 31, 2020.
- » **COVID – 19 Restructuring:** As per Resolution Framework for COVID-19 related stress (RBI circular no. RBI/2020-21/16 DOR. No.BP.BC./3/21.04.048/2020-21 dated August 6, 2020) and Micro, Small and Medium Enterprises (MSME) sector – Restructuring of Advances

FINANCIAL STATEMENTS

for the year ended March 31, 2021

(RBI circular no. RBI/2020-21/17 DOR.NO.BP.BC/4/21.04.048/2020-21 dated August 6, 2020), the Bank has provided restructuring facility to eligible borrowers in line with above mentioned RBI circulars.

- » **NPA classification:** Based on direction issued by the Hon'ble Supreme Court of India, Bank has not declared relevant borrower accounts as NPA till nine months ended December 31, 2020. Hon'ble Supreme Court of India has vacated the order and Bank has initiated reporting of NPA from Q4 FY 2020-21.
- » **Interest on interest for loans upto ₹2 crores:** As per direction issued by Government of India, the Bank has reversed eligible interest amount and credited to customers and subsequently submitted claim to Government. The refund claim from the Government has been received by the Bank.
- » **Interest on interest for loans above ₹2 crores:** Based on direction issued by Hon'ble Supreme Court of India and further guidance from IBA, the Bank has reversed eligible penal interest / interest on interest charged to borrower during moratorium period i.e March 1, 2020 to August 31, 2020. Same will be appropriately refunded to the borrower.

18.6.2 Revenue recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

- » Interest income is recognized in the profit and loss account on accrual basis, except in the case of non-performing assets. Interest on non-performing assets is recognized as per the prudential norms of the RBI. Penal Interest for covenant breach is recognized upon certainty of its realization.
- » Dividend income is recognized when the right to receive payment is established.
- » Commission on Guarantees and Letters of Credit ('LC') issued by the Bank is recognized as income over the period of the Guarantee and LC respectively.
- » Income on non-coupon bearing discounted instruments is recognized over the tenure of the instrument on a straight line basis. In case of coupon bearing discounted instruments, discount income is recognized over the tenor of the instrument on yield basis.
- » In case of Bonds and Pass Through Certificates (PTC), premium on redemption, if any, is amortised over the tenure of the instrument on a yield basis.
- » Revenue from financial advisory services is recognized in line with milestones achieved as per terms of agreement with clients which is reflective of services rendered.

- » Dividend income is recognized when the right to receive dividend is established.

18.6.3 Investments

Classification and valuation of the Bank's investments are carried out in accordance with RBI Circular DBR.No.BP.BC.6/21.04.141/2015-16 dated 1 July 2015.

Accounting and Classification

The Bank follows settlement date accounting for Investments. In compliance with RBI guidelines, all investments, are categorized as "Held for trading" ('HFT'), "Available for sale" ('AFS') or "Held to maturity" ('HTM') at the time of its purchase. For the purpose of disclosure in the balance sheet, investments are classified as disclosed in Schedule 8 ('Investments') under six groups (a) government securities (b) other approved securities (c) shares (d) bonds and debentures (e) subsidiaries and joint ventures and (f) others.

a) Cost of acquisition

Costs such as brokerage pertaining to investments, paid at the time of acquisition and broken period interest are charged to the profit and loss account as per the RBI guidelines.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

b) Basis of classification

Securities that are held principally for resale within 90 days from the date of purchase are classified under the HFT category. Investments that The Group intends to hold till maturity are classified under the HTM category, or as per RBI guidelines. Securities which are not classified in the above categories are classified under the AFS category.

c) Transfer between categories

Reclassification of investments from one category to the other, if done, is in accordance with RBI guidelines. Transfer of scrips from AFS / HFT category to HTM category is made at the lower of book value or market value. In the case of transfer of securities from HTM to AFS / HFT category, the investments held under HTM at a discount are transferred to AFS / HFT category at the acquisition price and investments placed in the HTM category at a premium are transferred to AFS/ HFT at the amortized cost.

Transfer of investments from AFS to HFT or vice- a- versa is done at the book value. Depreciation carried, if any, on such investments is also transferred from one category to another.

d) Valuation

Investments categorized under AFS and HFT categories are marked to market (MTM) on relevant basis as per relevant RBI guidelines. Net depreciation, if any, in the category under the classification mentioned in Schedule 8 ('Investments') is recognized in the profit and loss account. The net appreciation, if any, in the category under each classification is ignored, except to the extent of depreciation previously provided. The book value of individual securities is not changed consequent to periodic valuation of investments.

Investments received in lieu of restructured advances scheme are valued in accordance with RBI guidelines. Any diminution in value on these investments is provided for and is not used to set off against appreciation in respect of other performing securities in that category. Depreciation on equity shares acquired and held by the Group under restructuring scheme is provided as per RBI guidelines.

Investments classified under the HTM category are carried at their acquisition cost and any premium over the face value, paid on acquisition, is amortised on a straight line basis over the remaining period to maturity. Amortization expense of premia on investments in the HTM category is deducted from interest income in accordance with RBI Circular DBR.No.BP.BC.6/21.04.141/2015-16 dated 1 July 2015. Where in the opinion of management, a diminution, other than temporary in the value of investments

classified under HTM has taken place, suitable provisions are made. Profit/loss on sale of investments in the 'Held to Maturity' category is recognised in the profit and loss account and profit is thereafter appropriated (net of applicable taxes and statutory reserve requirements) to Capital Reserve.

Treasury Bills, Commercial Paper and Certificates of deposit being discounted instruments, are valued at carrying cost.

Pass Through Certificates purchased for priority sector lending requirements are valued at Book Value in accordance with RBI guidelines.

The market/ fair value applied for the purpose of periodical valuation of quoted investments included in the AFS and HFT categories is the market price of the scrip as available from the trades/ quotes on the stock exchanges and for Subsidiary General Ledger ('SGL') account transactions, the prices as periodically declared by Financial Benchmarks India Pvt. Ltd.(FBIL).

The market/ fair value of unquoted government securities included in the AFS and HFT category is determined as per the prices published by FBIL. Further, in the case of unquoted bonds, debentures, pass through certificates (other than priority sector) and preference shares, valuation is carried out by applying an appropriate mark-up (reflecting associated credit risk) over the Yield to Maturity ('YTM') rates of government securities. Such mark up and YTM rates applied are as per the relevant rates published by FIMMDA/FBIL.

The Bank undertakes short sale transactions in Central Government dated securities in accordance with RBI guidelines. The short position is reflected as the amount received on sale which is categorized under HFT category and is netted in the Investment schedule. The short position is marked to market and loss, if any, is charged to the Profit and Loss account while gain, if any, is ignored. Profit / Loss on settlement of the short position is recognised in the Profit and Loss account.

Units of Venture Capital Funds (VCF) held under AFS category are valued using the Net Asset Value (NAV) shown by VCF as per the financial statement. The VCFs are valued based on the audited results once in a year. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹1 per VCF.

Quoted equity shares are valued at their closing price on a recognized stock exchange. Unquoted equity shares are valued at the break-up value if the latest balance sheet is available, else, at ₹1 per company, as per relevant RBI guidelines.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

At the end of each reporting period, security receipts issued by the asset reconstruction company are valued in accordance with the guidelines applicable to such instruments, prescribed by RBI from time to time. Accordingly, in cases where the cash flows from security receipts issued by the asset reconstruction company are limited to the actual realization of the financial assets assigned to the instruments in the concerned scheme, the Group reckons the net asset value obtained from the asset reconstruction company from time to time, for valuation of such investments at each reporting date. In case of investment in Security Receipts on or after April 01, 2017 which are backed by more than 50% of the stressed assets sold by the bank or 10% of the stressed asset sold by the bank post April 01, 2018, provision for depreciation in value is made at higher of - provisioning rate required in terms of net assets value declared by Reconstruction Company(RC)/Securitization Company(SC) or the provisioning rate as per the extant asset classification and provisioning norms as applicable to the underlying loans, assuming that the loan notionally continue in the books of the Bank. All other investments in the Security Receipts are valued as per the NAV obtained from issuing RC/SC.

Investments in quoted Mutual Fund (MF) Units are valued at the latest repurchase price/ net asset value declared by the mutual fund. Investments in un-quoted MF Units are valued on the basis of the latest re-purchase price declared by the MF in respect of each particular Scheme.

Investment in listed instruments of Real Estate Investment Trust (REIT)/Infrastructure Investment Trust (INVIT) is valued at closing price on a recognized stock exchange with the higher volumes. In case the instruments were not traded on any stock exchange within 15 days prior to date of valuation, valuation is done based on the latest NAV (not older than 1 year) submitted by the valuer.

Sovereign foreign currency bonds are valued using Composite Bloomberg Bond Trader (CBBT) price or Bloomberg Valuation Service (BVAL) price or on Treasury curve in the chronological order based on availability.

Non- Sovereign foreign currency Bonds are valued using either Composite Bloomberg Bond Trader (CBBT) price, Bloomberg Valuation Service (BVAL) price, Bloomberg Generic price (BGN), Last available CBBT pricing for the instrument or Proxy Bond Pricing from Bloomberg in the chronological order based on availability.

Masala bonds are valued using either Composite Bloomberg Bond Trader (CBBT) price, Bloomberg Valuation Service (BVAL) price or as per FIMMDA guided valuation methodology for unquoted bonds in the chronological order based on availability.

Special bonds such as oil bonds, fertilizer bonds, UDAY bonds etc. which are directly issued by Government of India ('GOI') is valued based on FBIL valuation.

Equity shares in the Banks demat account, acquired through exercise of pledge, is not accounted as investments. Upon sale of the pledged shares, the proceeds are utilized to offset the borrower's liability

Non-performing investments are identified and depreciation / provision are made thereon based on the RBI guidelines. Based on management assessment of impairment, The Group additionally creates provision over and above the RBI guidelines. The depreciation / provision on such non-performing investments are not set off against the appreciation in respect of other performing securities. Interest on non-performing investments is not recognised in the Profit and Loss account until received in cash.

e) Profit/Loss on sale of Investments

Profit/Loss on sale of Investments in the HTM category is recognized in the profit and loss account and profit thereafter is appropriated (net of applicable taxes and statutory reserve requirements) to Capital Reserve. Profit/Loss on sale of investments in HFT and AFS categories is recognized in the Profit and Loss account.

f) Accounting for repos / reverse repos/targeted long-term repo operations (TLTRO)

Securities sold under agreements to repurchase (Repos) and securities purchased under agreements to resell (Reverse Repos) including liquidity adjustment facility (LAF) with RBI are treated as collateralized borrowing and lending transactions respectively in accordance with RBI master circular No. DBR.No.BP.BC.6/21.04.141/2015-16 dated 1 July 2015. The first leg of the repo transaction is contracted at the prevailing market rates. The difference between consideration amounts of first and second (reversal of first) leg reflects interest and is recognized as interest income/expense over the period of transaction.

Group also undertakes Repo and Reverse repo transactions from IFSC Banking Unit in GIFT City in Foreign currency Sovereign Securities and accounting is similar to the domestic repo transactions.

g) Investment fluctuation reserve

With a view to building up of adequate reserves to protect against increase in yields, RBI through circular number RBI/2017-18/147 DBR.No.BP.BC.102/21.04.048/2017-18 dated April 2, 2018, advised all banks to create an IFR with effect from the FY 2018-19.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

Transfer to IFR will be lower of the following (i) net profit on sale of investments during the year or (ii) net profit for the year less mandatory appropriations; until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis.

18.6.4 Advances

Accounting and classification

Advances are classified as performing and non-performing based on the relevant RBI guidelines. Advances are stated net of specific provisions, interest in suspense, inter-bank participation certificates issued, direct assignment and bills rediscounted.

Asset classification

Provisioning

Provisions in respect of non-performing advances are made based on management's assessment of the degree of impairment of the advances, subject to the minimum provisioning level prescribed in relevant RBI guidelines. The specific provision levels for retail non-performing assets are also based on the nature of product and delinquency levels. Specific provisions in respect of non-performing advances are charged to the Profit and Loss account and included under Provisions and Contingencies.

RBI issued guidelines on COVID-19 Regulatory Packages under which, the Bank granted a moratorium of three months (further extended by three months) on the payment of all instalments and / or interest, as applicable, falling due between March 1, 2020 and August 31, 2020. For all such accounts where the moratorium was granted, the asset classification remained stand still during the moratorium period (i.e. the number of days past-due shall exclude the moratorium period for the purposes of asset classification under the Income Recognition, Asset Classification and Provisioning norms) and the same had been retained based on the overdue status as at February 29, 2020. Subsequently, based on direction issued by the Hon'ble Supreme Court of India, Bank has not declared relevant borrower account as NPA till nine months ended December 31, 2020. Hon'ble Supreme Court of India has vacated the order and Bank has initiated reporting of NPA from Q4 FY 2020-21.

As per the RBI guidelines a general provision is made on all standard advances, including provision for borrowers having unhedged foreign currency exposure and for credit exposures computed as per the current marked to market values of interest rate and foreign exchange derivative contracts. These also include provision for stressed sector exposures and provision for incremental exposure of the banking system to a specified borrower beyond Normally Permitted Lending Limit (NPLL) in proportion to bank's funded exposure

to specified borrower. Further, provision requirement under various Restructure scheme of RBI also forms part of general provision. Such provisions are included in Schedule 5 - 'Other liabilities & provisions - Others'.

In respect of restructured standard and non performing advances, provision is made for the present value of principal and interest component sacrificed at the time of restructuring the assets, based on the RBI guidelines.

As per requirement of RBI guideline, any interest accrued and due if converted into a loan (i.e. Funded Interest Term Loan) then such income will be reversed and will be recognised on cash basis.

Accounts are written-off in accordance with the Bank's policies. Recoveries from bad debts written-off are recognised in the Profit and Loss account and included under other income.

In case of loans sold to asset reconstruction company, if consideration is more than net book value, the Bank records the security receipts as investment at Net Book Value as per RBI guidelines.

The Bank has in place a Country Risk management policy as part of its Board approved Credit policy, which is based on extant regulatory guidelines and addresses the identification, measurement, monitoring and reporting of country risk. Countries are categorized into seven risk categories, viz. Insignificant, Low Risk, Moderately Low Risk, Moderate Risk, Moderately Risk, High Risk and Very High Risk. The Bank calculates direct and indirect country risk in line with the policy requirements. Indirect exposure is reckoned at 50% of the exposure in case of countries where the net funded exposure exceeds 1% of the Bank's total assets. Further, if the net funded exposure of the Bank in respect of each country exceeds 1% of the Bank's total assets, provisioning is required to be made on exposure to such countries. Depending on the risk category of the country, provisioning is done on a graded scale ranging from 0.25% to 100%.

18.6.5 Transactions involving foreign exchange

Foreign currency income and expenditure items of domestic operations are translated at the exchange rates prevailing on the date of the transaction. Income and expenditure items of integral foreign operations are translated at the daily average closing rates and of non-integral foreign operations (foreign branches) at the monthly average closing rates.

Premia/discounts on foreign exchange swaps, that are used to hedge risks arising from foreign currency assets and liabilities, are amortized over the life of the swap.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

Monetary foreign currency assets and liabilities are translated at the balance sheet date at rates notified by the Foreign Exchange Dealers' Association of India ('FEDAI'). Foreign exchange contracts are stated at net present value using LIBOR/SWAP curves of the respective currencies with the resulting unrealised gain or loss being recognised in the Profit and Loss Account and correspondingly in other assets (representing positive Mark-to-Market) and in other liabilities (representing negative Mark-to-Market (MTM)) on a gross basis.

In accordance with AS 11 'The Effects of changes in Foreign Exchange Rates', contingent liabilities in respect of outstanding foreign exchange forward contracts, derivatives, guarantees, endorsements and other obligations are stated at the exchange rates notified by FEDAI corresponding to the balance sheet date.

Both monetary and non-monetary foreign currency assets and liabilities of non-integral foreign operations are translated at closing exchange rates notified by FEDAI at the Balance Sheet date and the resulting profit / loss arising from exchange differences are accumulated in the Foreign Currency Translation Account until the disposal of the net investment in the non-integral foreign operations.

In accordance with the RBI clarification, the Bank does not recognise in the profit and loss account the proportionate exchange gains or losses held in the foreign currency translation reserve on repatriation of profits from overseas operations.

Currency future contracts are marked to market daily using settlement price on a trading day, which is the closing price of the respective future contracts on that day. While the daily settlement prices is computed on the basis of weighted average price of such contract, the final settlement price is taken as the RBI reference rate on the last trading day of the future contract or as may be specified by the relevant authority from time to time. All open positions are marked to market based on the settlement price and the resultant marked to market profit / loss is daily set.

18.6.6 Earnings per share

The Group reports basic and diluted earnings per equity share in accordance with Accounting Standard (AS) 20, "Earnings per Share" notified under section 133 of the Companies Act 2013. Basic earnings per equity share have been computed by dividing net profit after tax for the year by the weighted average number of equity shares outstanding for the period.

Diluted earnings per equity share have been computed using the weighted average number of equity shares and dilutive potential equity shares options outstanding during the period except where the results are anti -dilutive.

18.6.7 Accounting for derivative transactions

Derivative transactions comprises forward rate agreements, swaps and option contracts. The Group undertakes derivative transactions for market making/trading and hedging on-balance sheet assets and liabilities. All market making/trading transactions are marked to market on a monthly basis and the resultant unrealized gains/losses are recognized in the profit and loss account.

Derivative transactions that are undertaken for hedging are accounted for on accrual basis except for the transaction designated with an asset or liability that is carried at market value or lower of cost or market value in the financial statements, which are accounted similar to the underlying asset or liability.

Cross currency interest rate swaps which are used by The Group to hedge its foreign currency borrowings have been designated as cash flow hedges and are measured at fair value. The corresponding gain or loss is recognised as cash flow hedge reserve. Further to match profit/loss on account of revaluation of foreign currency borrowing, the corresponding amount is recycled from cash flow hedge reserve to Profit and Loss account.

The Group follows the option premium accounting framework prescribed by FEDAI SPL-circular dated Dec 14, 2007. Premium on option transaction is recognized as income/expense on expiry or early termination of the transaction. Mark to market (MTM) gain/loss (adjusted for premium received/paid on option contracts) is recorded under 'Other Income'.

The amounts received/paid on cancellation of option contracts are recognized as realized gains/losses on options. Charges receivable/payable on cancellation/ termination of foreign exchange forward contracts and swaps are recognized as income/ expense on the date of cancellation/ termination under 'Other Income'.

Valuation of Interest Rate Futures (IRF) is carried out on the basis of the daily settlement price of each contract provided by the exchange.

The requirement for collateral and credit risk mitigation on derivative contracts is assessed based on internal credit policy. Overdue if any, on account of derivative transactions are accounted in accordance with extant RBI guidelines.

As per the RBI guidelines on 'Prudential Norms for Off-balance Sheet Exposures of Banks' a general provision is made on the current gross MTM gain of the contract for all outstanding interest rate and foreign exchange derivative transactions.

The Bilateral Netting of Qualified Financial Contracts Act, 2020 (the Act), has been notified by the Government of India and subsequent to this the RBI through circular dated March

FINANCIAL STATEMENTS

for the year ended March 31, 2021

30, 2021 allowed netting of the Qualified Financial Contracts (QFC). The Bank shall work progressively on classification of multiple permissible transactions into a netting set which may result in reduction in capital requirement due to these transactions over the period.

18.6.8 Fixed assets

Fixed assets are stated at cost less accumulated depreciation, amortization and accumulated impairment losses. Cost comprises the purchase price and any cost attributable for bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit /functioning capability from / of such assets.

18.6.9 Depreciation

Depreciation on fixed assets is provided on straight-line method, over estimated useful lives, as determined by the management, at the rates mentioned below-

Class of asset	Useful life of Assets as per Companies Act, 2013	Useful life of Assets as per Group's Accounting Policy
Owned Premises	60 years	60 years
Office equipment	5 years	5 years
Computer hardware ¹	6 years	3 years
Computer software *	6 years	4 years
Vehicles ¹	8 years	5 years
Furniture and Fixtures	10 years	10 years
Automated Teller Machines ('ATMs') ¹	15 years	10 years
Leasehold improvements to premises	-	Over the lease period or 9 years whichever is less.

¹As per RBI Guidelines.

¹Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

- » Assets costing up to ₹5,000 are fully depreciated in the year of purchase.
- » For assets purchased/ sold during the year, depreciation is being provided on pro rata basis by the Bank.
- » Improvements to leasehold assets are depreciated over the remaining period of lease
- » Reimbursement, if any, is recognised on receipt and is adjusted to the book value of asset and depreciated over the balance life of the asset

- » Whenever there is a revision in the estimated useful life of the asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset
- » The useful life of assets is based on historical experience of the Bank, which is different from the useful life as prescribed in Schedule II to the Companies Act, 2013.

18.6.10 Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. If such assets are considered to be impaired, the impairment is recognised by debiting the profit and loss account and is measured as the amount by which the carrying amount of the assets exceeds the recoverable amount of the assets.

18.6.11 Employee benefits

Employee Stock Option Scheme ('ESOS')

The Employee Stock Option Scheme ('the Scheme') provides for the grant of options to acquire equity shares of The Group to its employees. The options granted to employees vest in a graded manner and these may be exercised by the employees within specified periods.

Measurement of the employee share-based payment plans is done in accordance with the Guidance Note on Accounting for Employee Share-based Payments issued by Institute of Chartered Accountants of India (ICAI) and SEBI (Share Based Employee Benefits) Regulations, 2014. The Group measures compensation cost relating to employee stock options using the intrinsic value method. Compensation cost is measured by the excess, if any, of the fair market price of the underlying stock (i.e. the last closing price on the stock exchange on the day preceding the date of grant of stock options) over the exercise price. The exercise price of the Bank's stock option is the last closing price on the stock exchange on the day preceding the date of grant of stock options and accordingly there is no compensation cost under the intrinsic value method.

Compensated absence

The employees of the Group are entitled to carry forward a part of their unavailed/unutilized leave subject to a maximum limit. The employees cannot encash unavailed/unutilized leave. The Group provides for leave encashment / compensated absences based on an independent actuarial valuation at the Balance Sheet date, which includes assumptions about demographics, early retirement, salary increases, interest rates and leave utilisation.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

Gratuity

The Group provides for gratuity, for all employees. The Gratuity is payable to an employee as per Payment of Gratuity Act. The Group accounts for the liability for future gratuity benefits using the projected unit cost method based on annual actuarial valuation.

The defined gratuity benefit plans are valued by an independent actuary as at the Balance Sheet date using the projected unit credit method as per the requirement of AS-15, Employee Benefits, to determine the present value of the defined benefit obligation and the related service costs. Under this method, the determination is based on actuarial calculations, which include assumptions about demographics, early retirement, salary increases and interest rates. Actuarial gain or loss is recognised in the Profit and Loss account.

Provident fund

All employees of the Group are covered under the Employees Provident Fund, a defined contribution plan in which both the employee and the Bank contribute monthly. Contribution to provident fund are recognized as expense as and when the services are rendered. The Group has no liability for future provident fund benefits other than its annual contribution.

18.6.12 Leases

Leases where the lessor effectively retains substantially all risks and benefits of ownership are classified as operating leases. Operating lease payments are recognized as an expense in the profit and loss account on a straight line basis over the lease term in accordance with Accounting Standard -19, Leases.

18.6.13 Income taxes

Tax expense comprises current and deferred tax. Current tax comprises of the amount of tax for the period determined in accordance with the Income Tax Act, 1961 and the rules framed there under. Deferred income taxes reflects the impact of timing differences between taxable income and accounting income for the current year and reversal of timing differences of earlier years and carry forward losses. Deferred tax assets and liabilities are recognised for the future tax consequences of timing differences between the carrying values of assets and liabilities and their respective tax bases, and operating loss carry forwards. Deferred tax assets and liabilities are measured using the enacted or substantively enacted tax rates at the balance sheet date. The impact of changes in deferred tax assets and liabilities is recognised in the profit and loss account.

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. Deferred tax assets in case of unabsorbed depreciation/ losses are recognized only if there is virtual certainty that such deferred tax asset can be realized against future taxable profits. Deferred tax assets are recognized and reassessed at each balance sheet date based upon management's judgement and appropriately adjusted to reflect the amount that is reasonably certain to be realized.

18.6.14 Provisions and contingent assets/liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank or a present obligation that arises from past events that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. The Bank does not recognize a contingent liability but discloses its existence in the financial statements

In accordance with AS 29, Provisions, Contingent Liabilities and Contingent Assets, the Bank creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

18.6.15 Cash and Cash equivalents

Cash and cash equivalents include cash in hand, balances with RBI, balances with other banks and money at call and short notice.

18.6.16 Corporate social responsibility

Expenditure towards corporate social responsibility, in accordance with Companies Act, 2013, are recognised in the Profit and Loss account.

18.6.17 Debit and credit cards reward points

The Bank estimates the probable redemption of debit and credit card reward points and cost per point using actuarial valuation method by employing an independent actuary, which includes assumptions such as mortality, redemption and spends.

Provisions for liabilities on said reward points are made based on the actuarial valuation report as furnished by the said independent actuary and included in other liabilities.

18.6.18 Bullion

The Bank imports bullion (gold and silver bars) on a consignment basis for selling to its customers. The imports are typically based on a request of the client and are settled based on a back to back price fixing with supplier and client. The Bank earns a fee on such bullion transactions. The fee is classified in other income. The Bank also deals in gold borrowing and lending and the interest paid/received thereon is classified as interest expense / income respectively.

18.6.19 Share issue expenses

Share issue expenses are adjusted from Share Premium Account in terms of Section 52 of the Companies Act, 2013.

18.6.20 Segment information

The disclosure relating to segment information is in accordance with AS-17, Segment Reporting and as per guidelines issued by RBI.

18.6.21 Priority Sector Lending Certificates (PSLC)

The Bank, in accordance with RBI circular FIDD.CO.Plan.BC.23/ 04.09.01/2015-16 dated April 7, 2016, trades in priority sector portfolio by selling or buying PSLC. There is no transfer of risks or loan assets in these transactions. The fee paid for purchase of the PSLC is treated as an 'Expense' and the fee received from the sale of PSLCs is treated as 'Other Income'.

18.6.22 Related Party Transactions

The Bank has formulated a policy on dealing with Related Party Transactions in terms of the provisions of Section 188 of the Companies Act, 2013 and Regulation 23 of LODR Regulations, and the same is placed on the Banks website.

FINANCIAL STATEMENTS

for the year ended March 31, 2021

The difference between weighted average number of equity shares outstanding between basic and diluted in the above mentioned disclosure is on account of outstanding ESOPs.

Basic earnings per equity share has been computed by dividing net profit for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding for the year. Diluted earnings per equity share has been computed by dividing the net profit for the year attributable to the equity shareholders by the weighted average number of equity shares and dilutive potential equity shares options outstanding during the year, except where the results are anti-dilutive. The dilutive impact is on account of stock options granted to employees by the Bank. There is no impact of dilution on the profits in the current year and previous year.

The group has charged 'Nil' amount, being the intrinsic value of the stock options granted for the year ended March 31, 2021 and March 31, 2020. Had the Bank adopted the Fair Value method (based on Black- Scholes pricing model), for pricing and accounting of options, net loss would have been higher by ₹338.86 million (Previous year: ₹505.40 million), the basic earnings per share would have been ₹(1.66) (Previous year: ₹(56.29)) per share instead of ₹(1.65) (Previous year: ₹(56.11) ₹) per share; and diluted earnings per share would have been ₹(1.66) (Previous year: ₹(56.29)) per share instead of ₹(1.65) (Previous year: ₹(56.11) per share.

The following assumptions have been made for computation of the fair value of ESOP granted for the year ended March 31, 2021 and March 31, 2020.

	For the year ended March 31, 2021	For the year ended March 31, 2020
Risk free interest rate	3.73%-6.21%	6.29%-9.23%
Expected life	1.5 yrs - 7.5 yrs	1.5 yrs - 7.5 yrs
Expected volatility	43.18%-77.70%	25.01%-48.72%
Expected dividends	1.10%	1.10%

In computing the above information, certain estimates and assumptions have been made by the Management.

The Group has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Group has reviewed and recorded adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) in the books of account and disclosed the same under the relevant notes in the financial statements.

18.19 Disclosure on Complaints-

The Bank became aware in September 2018 through communications from stock exchanges of anonymous whistleblower complaints alleging irregularities in the Bank's operations, potential conflict of interest of the founder / former MD & CEO and allegations of incorrect NPA classification. The Bank conducted an internal enquiry of these allegations, which was carried out by management and supervised by the Board of Directors. The enquiry resulted in a report that was reviewed by the Board in November 2018. Based on further inputs and deliberations in December 2018, the Audit Committee of the Bank engaged an external firm to independently examine the matter. In April 2019, the Bank had received the phase 1 report from the external firm and based on further review/ deliberations had directed a phase 2 investigation from the said firm. In February 2020, the Bank has received the final phase 2 report from the said external firm. The Bank has taken this report to the Audit Committee. As advised by the Audit Committee, the Bank has reviewed and carried out remediation actions across areas of process, design, policy and control related issues highlighted in the report including conducting forensic audits for few of the identified borrower accounts. The forensic audits for remaining accounts are in the process. Basis guidance from the ACB during the year, further action has been taken and a comprehensive note was put up to the Board on January 15, 2021 for closure of the report. The Board expressed satisfaction with the review carried out and approved the closure of the review of the anonymous complaints received by the Bank in September / December 2018. Exposure to such borrower accounts are recognized as NPA and commensurately provided.

Further, the Bank received forensic audit reports on certain borrower groups commissioned by other consortium bankers, which gave more information regarding the above mentioned allegations and has filed complaints with the law enforcement agencies. Also, Law Enforcement Agencies (LEAs) - the Enforcement Directorate (ED), the Central Bureau of Investigations (CBI) and the Serious Fraud Investigation Office (SFIO) have launched investigations into some

aspects of transactions of the founder / former MD & CEO, and alleged links with certain borrower groups. LEAs are investigating allegations of money laundering, fraud and nexus between the founder / former MD & CEO and certain loan transactions. The investigation continues to be carried out by the various law enforcement agencies. There are no claims made by any whistleblower or other parties against the Bank in this matter. The Bank does not foresee any substantial financial impact on the Bank arising out of these investigations.

18.24 Description of contingent liabilities

Sr. No	Contingent Liabilities	Brief
1.	Claims against the Bank not acknowledged as debts	The Group is a party to various legal and tax proceedings in the normal course of business. The Group does not expect the outcome of these proceedings to have a material adverse effect on the Group's financial conditions, results of operations or cash flows.
2.	Liability on account of forward exchange and derivative contracts.	The Group enters into foreign exchange contracts, currency options, forward rate agreements, currency swaps and interest rate swaps with interbank participants and customers. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/principal in one currency against another, based on predetermined rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. The notional amounts of financial instruments of such foreign exchange contracts and derivatives provide a basis for comparison with instruments recognized on the balance sheet but do not necessarily indicate the amounts of future cash flows involved or the current fair value of the instruments and, therefore, do not indicate the Group's exposure to credit or price risks. The derivative instruments become favorable (assets) or unfavorable (liabilities) as a result of fluctuations in market rates or prices relative to their terms. The aggregate contractual or notional amount of derivative financial instruments on hand, the extent to which instruments are favorable or unfavorable and, thus the aggregate fair values of derivative financial assets and liabilities can fluctuate significantly.

Sr. No	Contingent Liabilities	Brief
3.	Guarantees given on behalf of constituents, acceptances, endorsements and other obligations	As a part of its commercial banking activities the Bank issues documentary credit and guarantees on behalf of its customers. Documentary credits such as letters of credit enhance the credit standing of the customers of the Bank. Guarantees generally represent irrevocable assurances that the Bank will make payments in the event of the customer failing to fulfill its financial or performance obligations.
4.	Other items for which the Group is contingently liable	Purchase of securities pending settlement, capital commitments, amount deposited with RBI under Depositor Education Awareness Fund (DEAF), bill re-discounting, Foreign Exchange Contracts (Tom & Spot)
<i>Refer Schedule 12 for amounts relating to contingent liability</i>		

18.25 Divergence in Asset Classification and Provisioning for NPAs

FY 2020-21

In terms of the RBI circular no. DBR.BP.BC.No.32/21.04.018/2018-19 dated April 1, 2019 banks are required to disclose the divergences in asset classification and provisioning consequent to RBI's annual supervisory process in their notes to accounts to the financial statements, wherever either or both of the following conditions are satisfied: (a) the additional provisioning for NPAs assessed by RBI exceeds 10 per cent of the reported profit before provisions and contingencies for the reference period and (b) the additional Gross NPAs identified by RBI exceed 15 per cent of the published incremental Gross NPAs for the reference period. Based
