DR. RAJEEV UBEROI

CHAIRMAN

Dear Shareholders,

We are indeed passing through turbulent times. Covid has been enveloping the landscape for last 2 years. Apart from disruptions in normal operations of production and distribution, it has affected the painting activity, which has its direct impact on the demand for paint and coatings. There is also significant impact on overall economic activity which indirectly affects demand for all consumer products including paints.

The rising oil prices have further added to the challenges faced by the industry. There has been significant increase in the price of crude oil which has an indirect effect on many of the raw materials used in the production of paints and coatings. So, on demand as well as on cost front, there were significant headwinds throughout the year. Your Company took series of steps to overcome these challenges and manage operations.

At the outset, I am delighted to share with you that during FY 2021-22, your Company has successfully raised an amount of Rs. 270 Crore by way of issuance of Equity Shares amounting to Rs. 215 Crore and Optionally Convertible Debentures amounting to Rs. 55 Crore to Hella Infra Market Private Limited (the parent company of Infra.Market). We are really delighted to partner with Hella Infra at this critical juncture in Shalimar Paint's journey towards growth.

Further, reposing faith in us and to fuel our next phase of growth, during FY 2022-23, our Promoter group and our strategic Investor i.e. Hella Infra, have further committed an investment of Rs. 75 Crores each aggregating to Rs. 150 Crore through the issue of Warrants. Your Company has received subscription amount equivalent to 25% of the consideration i.e. Rs. 37.50 Crore towards Warrants allotted on a preferential basis. The balance 75% of the consideration shall be payable at the time of allotment of Equity Shares pursuant to exercise of right attached to the Warrants to subscribe to the Equity Shares.

We believe that this fund infusion will substantially add value to the robust ecosystem that Shalimar has already built. The Company will be able to utilize its manufacturing capacities to the optimum, consolidate its market share & achieve new heights within our existing and even newer product categories and together we will be instrumental in enhancing Company's position in the paint industry.

Your Company has recorded an improvement in revenues even though the bottom line was further impacted due to rising cost of inputs. The challenge before the management is to mitigate these obstacles and become profitable.

While improvement in operations and working efficiencies coupled with increased sales can help an industry to sustain itself, the real growth can come only by offering improved solutions to the consumer. In any competitive environment, it's the consumer who decides the fate of a corporation and wants his needs to be satisfied at optimum sacrifice.

It's for the industry to keep our ears close to the consumer and understand his needs. We have to realize his pain points and areas where he is not satisfied. We have to scan the environment and go beyond his pain points. We should visualize what other offerings can excite him. We have to find out what is best suited for him. It may require more than marketing research. It may need an insight into his persona. Once we have decoded his excitement, there is hope for a significant turn in the fortunes of the Company.

And then the role of operations comes, to service those offerings in the best possible manner. Further, role of communication in these settings cannot be overemphasized.

Your Company has started to work in the direction of understanding user/consumer needs and then developing appropriate offering to meet those needs. In the long run, better understanding of our customer needs and modifying our offerings to meet those needs, will only enable us to grow and grow fast enough in the industry. Otherwise, the market share of less than 1% may not be sufficient to meet the growing competition, particularly in view of the large number of new players entering the arena.

I am happy that a good team is taking shape at Shalimar paints. With sufficiency of working capital, it should be possible to streamline the operations and turnaround the Company. I compliment the entire team of Shalimar on a good job done in the previous year. I am sure the raising of fresh capital will give the confidence to employees to move ahead with more energy and achieve the desired results.

Shalimar Paints was recognized as one of the top brands in the paint industry in its formative years. We are at the inflection point of exponential growth at Shalimar and partnering with Infra.Market will enable us to pursue both organic and inorganic growth opportunities within our existing and even newer product categories.

With these words, I express my sincere thanks to all our shareholders, investors, employees, bankers, customers, vendors and other business associates for their faith in the Company and hope that our bond will become stronger in days to come.

I convey my best wishes for the upcoming festive season.

Thank you,

Dr. Rajeev Uberoi

The Company has appointed Mr. Mohit Maheshwari, Partner (COP No. 19946) or failing him, Mr. Ankush Agarwal, Partner (COP No. 14486) of M/s. MAKS & CO., Practicing Company Secretaries (FRN: P2018UP067700), as the Scrutinizer to scrutinize the remote e-voting and e-voting during the AGM in a fair and transparent manner. The list of shareholders/ beneficial owners shall be reckoned on the equity shares as on September 02, 2022. The remote e-voting period will commence on September 26, 2022 at 09:00 a.m. (IST) and will end on September 28, 2022 at 05:00 p.m. (IST). During this period, shareholder of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. September 22, 2022, may cast their vote electronically. The remote e-voting module shall be disabled by Central Depository Services (India) Limited ("CDSL") for voting thereafter. Once the vote on a resolution is cast by a Member, whether partially or otherwise, it shall not be allowed to change subsequently. Voting has to be done for each item of the Notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as "ABSTAINED". Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.

THE INTRUCTIONS FOR SHAREHOLDRES FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The remote e-voting period begins on September 26, 2022 at 09:00 a.m. (IST) and ends on September 28, 2022 at 05:00 p.m. (IST). During this period, shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. September 22, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020 and under Regulation 44 of the Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

27. The results declared along with the report of the scrutinizer shall be placed on the Company's website at www.shalimarpaints.com and on the website of RTA immediately after the declaration of the results and simultaneously communicated to the Stock Exchanges. Further, the results of the voting shall also be displayed on the notice board of the Company at its Registered Office.

EXPLANATORY STATEMENT

(Pursuant to Section 102 of the Companies Act, 2013 and Secretarial Standard - 2 issued by The Institute of Company Secretaries of India)

The following Statement sets out all material facts relating to the businesses mentioned under Item Nos. 3, 4, 5, 6 and 7 of the accompanying Notice dated August 22, 2022 and shall be taken as forming part of the Notice.

Item No. 3

The Members of the Company at the 115th Annual General Meeting ("AGM") held on September 28, 2017 approved the appointment of M/s. A. K. Dubey & Co., Chartered Accountants (Firm Registration No. 329518E), as the Statutory Auditors of the Company for a term of five (5) consecutive years from the conclusion of the said AGM. M/s. A. K. Dubey & Co. will complete their present term on conclusion of this AGM in terms of the said approval and Section 139 of the Companies Act, 2013 ('the Act') read with the Companies (Audit and Auditors) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force). The Company has made payment of Rs. 15.03 Lacs to the Statutory Auditors for all the services availed by the Company during FY 2021-22 including Rs. 11.66 Lacs as audit fee for the financial year 2021-22.

The Board of Directors of the Company ("the Board"), on the recommendation of the Audit Committee ('the Committee'), recommended for the approval of the Members, the appointment of M/s. Walker Chandiook & Co LLP, Chartered Accountants (ICAI Firm Registration No.001076N/N500013), as the Statutory Auditors of the Company for a period of five (5) consecutive years from the conclusion of this AGM till the conclusion of the 125th AGM. On the recommendation of the Committee, the Board also recommended for the approval of the Members, the remuneration of M/s. Walker Chandiook & Co LLP. It has been proposed to pay remuneration of Rs. 25,00,000 (Rupees Twenty Five Lakhs only) plus applicable taxes and reimbursement of out-of-pocket expenses to M/s. Walker Chandiook & Co LLP, for audit of the financial statements of the Company for the Financial Year 2022-23. The remuneration of M/s. Walker Chandiook & Co LLP for audit of financial statements of the Company for the subsequent financial years of their term shall be fixed by the Board of Directors based on the recommendations of the Audit Committee.

M/s. Walker Chandiook & Co LLP have given their consent to act as the Auditors of the Company and have confirmed that the said appointment, if made, will be in accordance with the conditions prescribed under Sections 139 and 141 of the Act.

Besides the audit services, the Company may also obtain certifications from the Statutory Auditors under various statutory regulations and certifications required by clients, banks, statutory authorities, audit related services and other permissible non-audit services as required from time to time, for which they will be remunerated separately on mutually agreed terms, as approved by the Board in consultation with the Audit Committee.

The additional information pursuant to Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for item no. 3, as applicable, is provided in Annexure - I appended to this statement.

None of the Directors and Key Managerial Personnel of the Company, or their relatives, are, in any way, concerned or interested in the resolution as set out at item no. 3 of this Notice.

Basis the profile, experience, market standing etc. of M/s. Walker Chandio & Co LLP and upon the recommendation of the Audit Committee, the Board of the Company is of the view that the proposed appointment of the Statutory Auditors is in the best interest of the Company.

Accordingly, the Board of Directors recommends the resolution set out at Item No. 3 of the Notice for approval by the members by way of an Ordinary Resolution.

Item No. 4

Mr. Ashok Kumar Gupta was appointed as Managing Director of the Company, for a period of three (3) years w.e.f. December 27, 2019 till December 26, 2022. The said appointment and terms of remuneration were approved by the shareholders by passing requisite resolution through Postal Ballot.

As recommended by the Nomination and Remuneration Committee ("NRC"), in recognition of the excellent services being rendered by Mr. Ashok Kumar Gupta, the Board of Directors in its meeting held on August 10, 2022, had re-appointed Mr. Ashok Kumar Gupta as Managing Director (under the category of Key Managerial Personnel), of the Company for a further period of three (3) years w.e.f. December 27, 2022 on the terms and conditions as set out in the resolution mentioned at Item No. 4 of the Notice, subject to the approval from the shareholders of the Company and receipt of requisite approvals, if any.

In the event of loss or inadequacy of profits in any financial year(s), during the currency of tenure of Mr. Ashok Kumar Gupta as Managing Director, the remuneration as set out in the resolution mentioned at Item No. 4 of the Notice, shall be paid to him, as minimum remuneration.

Mr. Ashok Kumar Gupta satisfies all the conditions set out in Part I of Schedule V to the Companies Act, 2013 ("the Act") as also conditions set out under Section 196(3) of the Act for being eligible for his re-appointment. He is also not disqualified from being appointed as Director in terms of Section 164 of the Act.

The above may be treated as a written memorandum setting out the terms of re-appointment of the above said Director under Section 190 of the Act.

During financial year 2021-22 and current year, the Company has suffered losses and as per the latest available financial statements for FY ended March 31, 2022, the Company has incurred a net loss after tax of Rs. 63.85 Crore.

As per the provisions of Sections 196, 197 read with Schedule V of the Act, as amended from time to time, in case of no profits or inadequacy of profits, the Company can pay managerial remuneration to its directors including Managing Director in accordance with the provisions of Schedule V of the Act with the approval of shareholders. Since the Company has suffered losses during the financial year 2021-22 and current year, the consent of the shareholders is being sought by way of requisite resolution as required in respect of payment of remuneration to the above director in the manner and for the period as set out in the resolution at Item No. 4 of this Notice.

As on date, the Company is not in default in payment of dues to any bank or public financial institution or any other secured creditors.

The details of the above said Director as required under provisions of Section II of Part II of Schedule V to the Act, Regulation 36 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and Secretarial Standard - 2, as applicable, are provided in **Annexure - II and Annexure III** appended to this statement.

Save and except Mr. Ashok Kumar Gupta to whom the resolution relates, and his relatives (to the extent of their shareholding in the Company, if any), none of the other Directors/Key Managerial Personnel of the Company/their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item no. 4 of this Notice. This statement may also be regarded as an appropriate disclosure under Regulation 36 of the SEBI Listing Regulations, Secretarial Standard-2 and Schedule V to the Act.

The Board considers that his continued association along with vast knowledge and experience would be of immense benefit to the Company and it will be desirable to continue to avail his services as a Director.

Accordingly, the Board of Directors recommends the resolution as set out at Item no. 4 of this notice for the approval of the members of the Company by way of Special Resolution.

Item No. 5

The Board of Directors of the Company has appointed Mr. Sanjiv Garg (DIN: 00428757) on August 10, 2022 as an additional director (in the category of non-executive independent director) on the Board of Directors of the Company pursuant to the provisions of Section 161 of the Companies Act, 2013 ("the Act") and the Articles of Association of the Company.

The Company has received a notice in writing from a member under Section 160 of the Act proposing his candidature for the office of director of the Company. The Nomination and Remuneration Committee of the Board of Directors has recommended his appointment as Independent Director of the Company w.e.f. August 10, 2022, for a period of three (3) consecutive years commencing from the aforesaid date of his appointment, whose period of office shall not be subject to retirement by rotation.

The Company has received from Mr. Sanjiv Garg (i) consent in writing to act as director in Form DIR-2 pursuant to Rule 8 of the Companies (Appointment and Qualifications of Directors) Rules, 2014, (ii) intimation in Form DIR- 8 in terms of Companies (Appointment and Qualifications of Directors) Rules, 2014, to the effect that he is not disqualified under sub section (2) of section 164 of the Act and (iii) declaration to the effect that he meets the criteria of independence as provided in Section 149(6) of the Act read with the Rules framed thereunder and under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. In terms of Regulation 25(8) of the SEBI Listing Regulations, he has confirmed that he is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties.

In the opinion of the Board, Mr. Sanjiv Garg fulfils the conditions for appointment as Independent Director of the Company as specified in the Act, the Rules made thereunder and SEBI Listing Regulations and that he is independent of the management.

The details of Mr. Sanjiv Garg as required pursuant to Regulation 36 of the SEBI Listing Regulations and Secretarial Standard - 2, as applicable, are provided in Annexure - II appended to this Notice.

Save and except Mr. Sanjiv Garg to whom the resolution relates, and his relatives (to the extent of their shareholding in the Company, if any), none of the other Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, except to the extent of their shareholding, in the resolution as set out at item no. 5 of this Notice. This statement may also be regarded as an appropriate disclosure under Regulation 36 of the SEBI Listing Regulations and Secretarial Standard-2.

The Board considers that his continued association along with vast knowledge and experience would be of immense benefit to the Company and it will be desirable to continue to avail his services as a Director.

Accordingly, the Board of Directors recommends the resolution set out at Item No. 5 of the Notice for approval by the members by way of Special Resolution.

Item No. 6

Equity based compensation is considered to be an integral part of employee compensation across sectors which enables alignment of personal goals of the employees with organizational objectives by participating in the ownership of the Company. The Board of Directors of your Company understands the need to enhance the employee engagement, to reward the employees for their association and performance as well as to motivate them to contribute to the growth and profitability of the Company.

In order to reward and retain the employees and to create a sense of ownership and participation amongst them, the Board of Directors has in its meeting held on August 10, 2022, approved Shalimar Paints Limited Employees Stock Option Scheme - 2022 ("Scheme") to or for the benefit of such Employees as defined in the Scheme and explained in the explanatory statement.

In terms of Regulation 6 of Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ("SEBI (SBEB & SE) Regulations") and Section 62 and other applicable provisions of the Companies Act, 2013, issue of Shares under an Employee Stock Options Scheme requires an approval of the existing Members by way of Special Resolution. The Special Resolution set out at Item No. 6 is seeking your approval for the said purpose.

The salient features and other details of the Scheme as required pursuant to Regulation 6(2) of SEBI (SBEB & SE) Regulations are as under:

1. Brief Description of the Scheme: The Scheme shall be called as Shalimar Paints Limited Employees Stock Option Scheme – 2022. The Purpose of the Scheme includes the following:
 - a. To attract relevant talent into the Company to drive its growth plans.
 - b. To motivate the Employees to contribute to the growth and profitability of the Company.
 - c. To retain the Employees and reduce the attrition rate of the Company.
 - d. To achieve sustained growth and the creation of shareholder value by aligning the interests of the Employees with the long-term interests of the Company.
 - e. To create a sense of ownership and participation amongst the Employees to share the value they create for the Company in the years to come, and
 - f. To provide additional deferred rewards to Employees.
2. The total number of Stock Options to be granted under the Scheme: The maximum number of Options that may be granted pursuant to this Scheme shall not exceed 3% of the paid up capital of the Company, as expanded from time to time, as on March 31, 2022 comprising into 22,33,510 (Twenty Two Lakhs Thirty Three Thousand Five Hundred Ten) which shall be convertible into equal number of Equity Shares ("Shares").

If any Option granted under the Scheme lapses or is forfeited or surrendered under any provision of the Scheme, such Option shall be available for further grant under the Scheme unless otherwise determined by the Board of Directors of the Company (hereinafter

referred to as the “Board of Directors” which term shall be deemed to include any Committee, including the Nomination and Remuneration Committee).

Further, the maximum number of Options that can be granted and the Shares arise upon exercise of these Options shall stand adjusted in case of corporate action (as defined in the Scheme).

3. Identification of classes of Employees entitled to participate in the Scheme:
 - a. An Employee as designated by the Company, who is exclusively working in India or outside India; or
 - b. A Director of the Company, whether a Whole Time Director or not, including a non-executive Director who is not a Promoter or member of the Promoter Group, but excluding an Independent Director; or but does not include
 - c. An Employee who is a Promoter or a person belonging to the Promoter Group; or
 - d. A Director who either himself or through his Relative or through any Body Corporate directly or indirectly, holds more than ten percent of the outstanding equity shares of the Company.
4. Requirement of Vesting and period of Vesting: Vesting Period shall commence from the Grant Date subject to minimum of 1 (One) year from the Grant Date and a maximum of 4 (Four) years from the Grant Date, at the discretion of and in the manner prescribed by the Board of Directors and set out in the Grant Letter.

Vesting of Options can vary from Grantee (i.e an Employee to whom Options have been granted under the Scheme) to Grantee as per the discretion of the Board of Directors whose decision shall be final and binding.

The actual vesting would be subject to the continued employment of the Grantee and may further be linked with the certain performance and other criteria's, as determined by the Board of Directors and mentioned in the Grant Letter.
5. Maximum period within which the Options shall be vested: Maximum period within which the Options shall be vested is four (4) years from the Date of Grant.
6. Exercise Price or Pricing Formula: Under this Scheme, the Exercise Price will be decided by the Committee at the time of Grant on the basis of Market Price.

“Market Price” means the latest available closing price on a recognised stock exchange on which the shares of the company are listed on the date immediately prior to the Relevant Date.

Explanation – If such shares are listed on more than one recognised stock exchange, then the closing price on the recognised stock exchange having higher trading volume shall be considered as the market price.
7. Exercise period and process of Exercise: After Vesting, Options can be Exercised during the exercise window either wholly or partly, within a maximum period of 1 (One) year from the date of respective Vesting, through Cash Mechanism after submitting the Exercise application along with payment of the Exercise Price, applicable taxes and other charges, if any.

Exercise window within which vested options can be exercised shall be opened as decided and communicated by the Board of Directors.

The mode and manner of the exercise shall be communicated to the Grantees individually.
8. Appraisal process for determining the eligibility of the Employees to the scheme: The Board of Directors may on the basis of all or any of the following criteria, decide on the Employees who are eligible for the Grant of Options under the Scheme, the number of Options to be Granted and the terms and conditions thereof.
 - Longevity of Service: It will be determined on the basis of tenure of employment of an Employee in the Company.
 - Performance of Employee: Employee's performance during the financial year in the Company on the basis of decided parameters.
 - Performance of Company: Performance of the Company as per the standards to be set by the Committee/ Board of Directors from time to time.
 - Any other criteria as decided by the Nomination and Remuneration Committee in consultation with Board of Directors from time to time.
9. The Maximum number of Options to be granted per Employee and in aggregate: The maximum number of Options that may be granted pursuant to this Scheme shall not exceed 3% of the paid up capital of the Company, as expanded from time to time, as on March 31, 2022 comprising into 22,33,510 (Twenty Two Lakhs Thirty Three Thousand Five Hundred Ten) Options which shall be convertible into equal number of Shares.

Subject to availability of Options in the pool under the Scheme, the maximum number of Options that can be granted to any eligible Employee during any one year shall not be equal to or exceed 1% of the issued capital (excluding outstanding warrants and conversions) of the Company at the time of Grant. The Committee may decide to Grant such number of Options equal to or exceeding 1% of the issued capital (excluding outstanding warrants and conversions) to any eligible Employee as the case may be, subject to the separate approval of the Shareholders in a general meeting.

10. The Maximum quantum of benefits to be provided per Employee under the scheme: The maximum quantum of benefits that will be provided to every eligible employee under the Scheme will be the difference between the market value of Company's share on the recognized stock exchanges as on the Date of Exercise of Options and the Exercise Price paid by the Employee.
11. Whether the Scheme(s) is to be implemented and administered directly by the Company or through a Trust: The Scheme shall be implemented through direct route for extending the benefits to the eligible Employees by the way of fresh allotment and will follow cash mechanism.
The Scheme shall be administered by the Nomination and Remuneration Committee of the Company.
12. Whether the Scheme involves new issue of shares by the company or secondary acquisition by the Trust or both: The Scheme involves new issue of Equity Shares by the Company.
13. The amount of loan to be provided for implementation of the Scheme by the Company to the Trust, its tenure, utilization, repayment terms, etc.: Not applicable, since the Scheme is proposed to be implemented by direct route.
14. The Maximum percentage of secondary acquisition (subject to limits specified under the regulations) that can be made by the Trust for the purposes of the Scheme: Not applicable, since the Scheme is proposed to be implemented by direct route.
15. Disclosure and accounting policies: The Company shall comply with the disclosures requirements and the accounting policies prescribed under Regulation 15 of the SEBI (SBEB & SE) Regulations or as may be prescribed by regulatory authorities from time to time.
16. The method which the Company shall use to value its Options: The Company shall comply with the requirements of IND - AS 102 and shall use Fair value method and the fair value of Options would be calculated as per the prescribed method under the applicable regulations.
17. Statement with regard to Disclosure in Director's Report: As the Company is adopting fair value method, presently there is no requirement for disclosure in director's report. However, if in future, the Company opts for expensing of share based employee benefits using the intrinsic value, then the difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value, shall be disclosed in the Directors' report and the impact of this difference on profits and on earnings per share ("EPS") of the company shall also be disclosed in the Directors' report.
18. Period of lock-in: The Shares allotted to the Grantees pursuant to Exercise of Options shall be subject to no lock-in period from the date of allotment. The grantee can freely sell the shares.
19. Terms & conditions for buyback, if any, of specified securities: The Board of Directors has the powers to determine the procedure for buy-back of Options granted under the Scheme, if to be undertaken at any time by the Company, and the applicable terms and conditions, in accordance with the applicable laws.
Shalimar Paints Limited Employees Stock Option Scheme - 2022 and other documents referred to in the aforesaid resolutions are available for inspection at the corporate office of the Company on any working day except holidays upto the date of the AGM and during the AGM.
None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, interested or concerned, in the resolution as set out at Item no. 6 of this Notice except to the extent of Equity Shares held by them in the Company or the options that may be granted under the Scheme.
The Board of Directors recommends the resolution as set out at Item no. 6 of the Notice for approval by the members by way of Special Resolution.

Results of our operations and state of affairs for financial year 2021-22

Your Company during the year under review has suffered a loss of Rs. 63.85 crores as against loss of Rs. 49.51 crores in the previous year, on standalone basis. The revenue from operations of the Company for the financial year 2021-22 stood at Rs. 358.10 crores as against Rs. 325.56 crores in the previous year, recording a growth of about 10% over last year.

Decorative Paints Segment - Decorative paints are generally used for painting of residence structures, offices and other buildings mainly for enhancement of aesthetic look & protection. Your Company manufactures and markets wide range of decorative paints for interior and exterior surfaces - concrete, plaster, metal etc. We have established brands in exterior emulsions like Weather Pro, Xtra Tough and Super Shaktiman. We also have wide range of interior emulsions with brands like Signature, Stay Clean, Superlac Advance and No. 1 Silk. Shalimar also enjoys a good brand recall with its Solvent based Hi gloss enamel - SHE. Our Company's range of water-based paints come with no added lead or mercury and with near zero VOC (Volatile Organic Component). During the financial year 2021-22, the Company took a further leap by bringing in products in the value for money segment in both interior and exterior category of emulsions. The products namely Silk Sign, Silk Eco, Super Shaktiman Sign and Shaktiman Eco were an instant hit and were well accepted by both the contractor and dealer segments.

Industrial Paints Segment - Shalimar manufactures and markets industrial coatings to cater Protective coating sector, Product Finish (OEM, General Industrial Sector), Range of marine paints including antifouling paints. Packaging coatings for metal decoration including food can lacquers are established products running successfully in different coating lines for years. Industrial paints can again be classified into Heavy Duty Protective Coating, GI Coating, Packaging Coating and Marine Coatings and primarily used to protect the structure from deterioration through corrosion and then beautification. Shalimar is actively involved in providing solution through their expert team to mitigate corrosion by recommending the appropriate coating systems.

The detailed information on the business operations of the Company and other relevant information is given in the Management Discussion and Analysis Report forming part of the Annual Report.

Nature of Business

We are engaged in the business of manufacturing and selling of paints and coatings. There are 3 operating plants, one each in north, south and west. The manufactured products are sold directly to consumers as well as through distribution channels.

Distribution

In a consumer industry, distribution plays a vital role. Higher the distributor/ dealer channel, more is the reach in the market. Since the final colour of an emulsion is decided at the dealer's counter, it becomes necessary to provide sufficient tinting machine to the dealer/ distributor to enable them to tint and supply final paint to the customer. Tinting is an economic way of producing a virtually unlimited number of paint colors to meet the exact needs of each individual customer, large or small. The Company continued with its policy of installation of tinting systems in various retail outlets across the country with a view to increase the demand for its high value products, especially water based products.

In industrial arena, it's the products which play a vital role in pushing sales. For development of products, it's the Research and Development ("R&D") which plays the crucial role. The Company has been strengthening its technical wing to identify the products required by its customers. The R&D team then develops these products for offering the same to the end users. During the previous few months, significant number of new products were developed and offered to the buyers.

Certifications

Your Company's Nashik Plant is certified for integrated management systems comprising of Quality Management System (ISO 9001:2015), Environment Management System (ISO 14001:2015) and Occupational Health & Safety Management System (ISO 45001:2018). Further, Sikandrabad Plant of the Company is certified for Quality Management System (ISO 9001:2015).

Shalimar Paints has NABL (National Accreditation Board for Testing and Calibration Laboratories) accreditation.

Corporate Social Responsibility

Shalimar has been an early adopter of Corporate Social Responsibility ("CSR") initiatives. Your Company's overarching aspiration to create significant and sustainable societal value is manifest in its CSR initiatives. CSR is traditionally driven by a moral obligation and philanthropic spirit. Through CSR there is a formation of a dynamic relationship between Company on one hand and the society and environment on the other. However, as there were no profits in terms of the provisions of Section 198 of the Act during last three financial years, the Company was not required under Section 135 of the Act, to incur expenditure on CSR during the financial year 2021-22.

The CSR Committee has formulated and recommended to the Board, a CSR Policy indicating the focus areas of Company's CSR activities. The CSR Policy of the Company is available on the Company's website at the link: https://www.shalimarpaints.com/uploads/Corporate_Social_Responsibility_Policy.pdf.

The details of the composition and terms of reference of the CSR Committee are given in the Corporate Governance Report, forming part of the Annual Report. The Annual Report on CSR Activities (including the details of the development and implementation of the CSR Policy) as prescribed under Section 135 of the Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014 is attached as **Annexure - VI** to this Report.

Particulars of Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

(Pursuant to Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014)

A. Conservation of Energy

Shalimar Paints believes conservation of energy and resources, is not a choice but a compulsion, to help us save cost as well as a route to create sustainable development.

1. Steps taken towards conservation of energy:

Shalimar Paints have 4 manufacturing facilities, out of which 3 plants are currently in operation. All the existing manufacturing facilities continued their efforts to reduce the specific energy consumption. Systems to track and trend energy consumption, with respect to Power purchased from grid, inhouse generation from DG, fuel used etc., on a continuous basis are in place along with mapping of energy norms at individual machine, product, and individual block and at factory level. Internal benchmarking practices on energy performance, comparing the relative performance between plants has helped us in sharing the good practices amongst different plants.

The process of Energy audit across all critical operations at regular intervals has been instituted and the findings of the audits are implemented on regular basis. Engagement with external functional experts in the field of Energy Conservation and Manufacturing Efficiency has helped us in understanding the gaps and implementing the best practices aimed at being more efficient in our Manufacturing process.

Process standardization & Batch cycle time reduction initiatives are regularly undertaken to reduce the energy consumption in all our manufacturing plants. We continue to work on debottlenecking few operations to help us to operate at higher throughput rate, thus in turn reducing specific energy consumption.

Efforts have been put consistently year on year to optimize the use of energy consumption in production processes and operation of utilities.

2. Steps taken by the Company for utilizing alternate sources of energy:

We have initiated plans to install Solar panels in roof under outsourced model where the infrastructure is funded by a third party and your company commits to a specified off take of the power generated at a cost which will be less than the present grid cost.

3. Capital investment on energy conservation equipments:

During the year under review, the Company has not made any capital investment towards energy conservation equipments other than increasing throughput leading to Lower Specific Power Consumption.

B. Technology Absorption**1. Efforts made towards technology absorption:**

The Research & Development department (R&D) of our Company is aggressively pursuing following activities to achieve short & long term business objectives of the Company with emphasis on future trend in Paints and Coating business.

- Product and process development of various types of paints related to interior & exterior decorative coatings, industrial protective, maintenance and can coatings etc.
- Continuous value engineering activities through various means such as design modification, new product development, process improvement, introducing new & alternate raw materials etc.
- Development of green products with controlled VOC level in the formulations with an ultimate objective to convert products as environment friendly.
- Import substitution and identification of new indigenous counter raw materials for added value engineering approach.
- Upgradation of existing products & processes to improve quality, reduce cost, save cycle time, energy consumption & overall operational efficiencies.
- Reduction in factory level losses by optimization of formulation, reduction in processing time, upgradation of measuring devices & minimization of waste generation.
- Pursuing Collaborative development & testing projects with vendors, academia & institutes.
- Not collaborated and absorbed any outsourced or third party technology during the year under review.

2. Benefits derived as a result of above R&D activities:

- Introduction of new products in the Decorative and Industrial coating segments.
- Capable of offering more & more environment friendly & safe products by eliminating toxic metals & monitoring of VOC level.
- Value engineering & cost optimization of existing products.
- Continuous development of industrial products as per Customers' / Consultants' specification.

Following new products in Decorative segment have been developed during the financial year 2021-2022

- Waterbase hi gloss Interior and exterior multi surface enamel
- Water base anti carbonation coating
- Waterbase elastomeric coating for damp masonry surface
- Waterbase Alkali Block primer
- Polyurethane Synthetic Enamel
- Thermal resistant anti corrosion heavy duty aluminium coating

- Low VOC Epoxy Phenolic based Tank liner for OIL and GAS segment
- Low VOC Ultra Hi bild Coal Tar finish for water transport project
- Low VOC Polyurethane finish for High Value Infrastructure segment
- Establishment of Color Tinting system for Industrial product segment

Future plan of action:

- High Performance Fluoropolymer based Urethane Panting scheme for 25 years life
- Bitumen based pipe external coating with reduced VOC
- Solvent free polyurethane finish for above ground pipes
- Protective coatings as Pipe internal coating for efficient gas flow
- Water based red oxide primer as a replacement to solvent based primer
- Water based designer finish for walls
- High Performance Poly Siloxane finish for 12 years life
- Anti-skid floor coating
- Fast drying synthetic enamel serviceable through tinting system.

3. Your Company has not imported any technology during last three years reckoned from the beginning of the financial year.

Initiatives towards Green products development:

- Company has accorded highest priority in making the entire premium range of decorative products environment friendly - GREEN PRODUCTS.
- Programs are continuing to make remaining products eco-friendly & free from toxic heavy metals, chemicals without affecting performance & with minimum or no impact on cost.
- Special emphasis on mapping of toxicity levels of raw materials done with an objective to mitigate risk during handling, processing & application.

REPORT ON CORPORATE GOVERNANCE

Your Company evolves and follows corporate governance guidelines and best practices sincerely, not just to boost long term shareholder value, but also to respect minority rights. We consider it our inherent responsibility to disclose timely and accurate information regarding our operations and performance as well as the leadership and governance of the Company.

1. Company's Philosophy on the Code of Corporate Governance

Your Company firmly believes that maintaining high standards of corporate conduct towards its shareholders, customers, employees, all other stakeholders and society in general is paramount for its sustained growth and success. The Company aims to achieve excellence in everything it does including standards of business conduct.

Good Corporate Governance is not an end in itself. It is the means to create confidence with stakeholders and establish business integrity for an organization. We adhere to the principles of integrity, execution, excellence, customer orientation and leadership in an ethical manner and thereby attain the highest goals of corporate achievement. Corporate Governance is about maximizing shareholder's value legally, ethically and sustainably. At Shalimar, our Board exercises its fiduciary responsibilities in the widest sense of the term.

Your Company recognizes communication as a key element of the overall corporate governance framework and therefore, emphasize on seamless and efficient flow of relevant communication to all external constituencies. The Company believes that appropriate disclosure procedures, transparent accounting policies, strong and independent Board practices and highest level of ethical standards are critical to enhance and retain investors' trust and generate sustainable corporate growth.

2. Board of Directors

Your Company believes that an enlightened Board consciously creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. The Board of Directors plays a critical role in overseeing how the management serves the short and long term interests of shareholders and other stakeholders. The Board provides effective leadership and strategic guidance to the Company's management while discharging its responsibilities, thereby ensuring that the management adheres to the high standards of ethics, transparency and disclosures.

a. Composition, Category & Size of Board of Directors:

As on March 31, 2022, the Board consisted of 8 directors out of whom 1 was executive director, 5 were non-executive independent directors (including one woman director) and 2 were non-executive non-independent directors.

The size and composition of the Board is in conformity with the requirements of Regulation 17(1) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") enjoining optimum combination of executive and non-executive directors, with not less than 50 percent of the Board comprising of non-executive directors and at least one-third comprising of independent directors.

The Company has an appropriate blend of Board of Directors, representing a judicious mix of professionalism, knowledge and experience in one or more areas. The Board of Directors possess experience in diverse fields including banking, finance, marketing and consumer industry. The skill and knowledge of the Directors has proved to be of immense value to the Company.

b. Board functioning and procedure:

i) Scheduling and Selection of Agenda items:

The Board meets at least once in a quarter, with a maximum time gap of 120 days between any two meetings, to discuss and review the financial results, performance of the Company and other items on the agenda, including the minimum information required to be placed before the Board, as per Part A of Schedule II of SEBI Listing Regulations. The Board also meets and conducts additional meetings as and when required and thought fit by giving appropriate notice to the Directors. The meetings are usually held at the Company's Corporate Office at Gurugram. The Board also approves permitted urgent matters by passing the resolutions through circulation.

The Company Secretary, in consultation with the Chairman of the Board / Managing Director and other concerned persons in the senior management, finalizes the agenda papers for the Board / Committee meetings. The agenda of the meeting along with relevant supporting documents and explanatory notes is generally circulated in advance (at least one week before the meeting) to all the directors entitled to receive the same, to facilitate meaningful and quality discussions during the meeting. Where it is not practicable to attach any document to the agenda, it is tabled before the meeting with specific reference to this effect in the agenda. With the permission of Chairman and all other directors present at the meeting, additional or supplementary item(s) in the agenda are taken up for discussion and consideration. Sensitive matters may be discussed at the meeting without written material being circulated in advance for the meeting.

With a view to leverage technology and with the perspective of environmental preservation, agenda papers/ presentations are circulated in electronic form. Presentations are made by the management on the financial / operational performance of the Company and other matters on a periodic basis. The decisions are taken on the basis of consensus / majority arrived at after detailed discussions.

ii) Recording Minutes of the Proceedings:

The minutes of the proceedings of each Board / Committee / Shareholders' Meetings are recorded. Draft minutes of the Board / Committee meetings are circulated amongst all the members of the Board / Committee for their comments / inputs. The minutes of all the meetings are entered in respective Minutes Books within prescribed time limits.

iii) Post Meeting Follow-Up Mechanism:

The Company has an effective post meeting follow-up, review and reporting process for the action taken on decisions of the Board and Committees. Important decisions taken at the Board / Committee levels are promptly communicated to the concerned departments. Moreover, the action taken in respect of such decisions is also reported in the form of status report and is placed at the next meeting of the Board / Committee.

iv) Statutory Compliance of Laws:

The Board periodically reviews the compliance report of the laws applicable to the Company as well as steps taken by the Company to rectify the instances of non-compliances, if any.

c. Board Meetings and Attendance:

During the financial year 2021-22, nine (9) Board Meetings were held on May 11, 2021, June 26, 2021, August 13, 2021, November 13, 2021, January 18, 2022, February 02, 2022, February 12, 2022, February 24, 2022 and March 08, 2022. The gap between any two consecutive meetings was within the limit prescribed under the Companies Act, 2013 ("Act") and SEBI Listing Regulations. The necessary quorum was present during all the meetings. The Company effectively uses facility of audio-visual means to enable the participation of Directors who cannot attend the Board or Committee meeting(s) in person.

Management Discussion and Analysis

Industry Structure & Developments

Paint industry is estimated to be a Rs. 60,000 crore industry in India. It consists mainly of Decorative Paints, Protective Coatings, Wood Coatings, Automotive Paints etc. with decorative market being the largest part accounting for over 60% of the market. Paint industry in India is largely dominated by organized players accounting for 65% of the market with mainly 4 large players and significant number of medium level players while the unorganized players accounting for the rest 35%. Slowly but steadily large players are increasing their market share and dominance in the market with unorganized players limited to niche markets.

The industry is divided into two categories - decorative and industrial. The Indian paint sector has grown extensively over the years wherein decorative segment has grown at 11.4% CAGR and industrial paint segment has grown at 7.9% CAGR over the last 12 years. Demand of Decorative Paints that hold 75% of the market is significant during the festive season that arises from household painting and other display purposes. Along with this, the popularity of quality paints and increasing income in tier-1 and tier-2 cities is adding in the growth of the premium market of decorative paint industry. The Indian paints industry by value and volume is expected to grow at a CAGR of around 10% in next few years.

The key growth drivers for paint industry in India, inter alia, includes rising urbanization, improved products, shortening of repainting cycle, decreasing propensity to save, affordable housing, growing middle-class with higher disposable incomes, nuclear family structure, growing demand from smaller towns & rural areas, increasing consumer involvement in the painting process, growing adoption of new styles/ designs/ textures and triggers like government focus on housing & infrastructure development.

In last two years, prices of key raw materials have increased significantly due to supply side shortages globally. With oil prices almost doubling in a short span of 1-2 years, the cost of solvent

based raw materials have increased sharply. Thus, the solvent-based products have faced significant viability problems. As a result, profitability of all the players has been affected significantly in FY 2021-22.

About Shalimar Paints

Established in 1902, it can be said that the history of Shalimar Paints is closely linked to the development of Paints industry in India. The Company is engaged in manufacturing and marketing of decorative paints and industrial coatings. The Decorative business covers both Interior and Exterior paints where it has a number of flagship brands. The Company also has tinting systems under the brand "Color Space" where it offers more than 10,000 shades across all product lines to its customers.

Some of India's iconic buildings and structures have been painted with Shalimar Paints. The Company currently has three manufacturing facilities, one each at Chennai, Nashik and Sikandrabad (Uttar Pradesh). Howrah unit's operations remains suspended after fire broke out in 2014.

The Company has wide distribution network, 32 sales depots, and 3 regional distribution centers across all four zones in India. On the back of such promising growth numbers complemented by a significant production boost, the brand is well on its way to pick up the growth trajectory soon. Apart from India, Shalimar also catered to consumers from Nepal, UAE, Bhutan and Seychelles.

Performance

The year 2021-22 was another challenging year for Shalimar Paints, albeit for the entire paint industry or may be for many industries in the country. The year started with a positive note with expectation that Covid may give us some relief. The expectation was rather short lived. By mid of April, the country was disturbed with the second wave. Fortunately, it did not continue for too long and balance part of the year was much better

with some of the pent-up demand coming back in Diwali session and year end.

Your Company also made use of this pent-up demand and improved its performance in later part of the year to end the year with a total sale of ~Rs. 360 crores which was about 10% higher than the previous year sales. The growth has however been lower than the increase in sales achieved by the larger players. The industry as a whole is estimated to have grown by about 5% to 6% over previous year. While the whole industry has passed through a tough year, the smaller players might have been affected more.

The industry witnessed sharp increase in raw material costs particularly oil based raw materials which could be only partially passed on to the consumers. As a result, profitability of your company as other companies suffered badly. The Company had taken some price rises, in line with the market, but they were not sufficient to mitigate the entire impact of cost escalations.

To minimize the impact of cost escalation, the Company has taken number of steps. The Company has started to source raw materials based on reverse auction principle. In addition, Company has also started direct import of certain raw materials. In addition, R&D is working on change in formulation to reduce costs. The Company is also trying to control its fixed costs as well as interest costs so that benefit of increased revenue can be reflected in bottom line.

The Company is primarily in industrial and decorative segments with decorative segment contributing almost 65% of the revenue. Within decorative segment, water based paints contribute about 45% of the sales as against industry average of about 70%. Your Company is taking steps to increase water based proportion to about 65% in next one year, which should help in improving financials of the Company.

Outlook

The paint industry like many others in the economy, globally, is likely to witness a period of consistent growth for next 5/6 years. There are lot of apprehensions of likely recession for next two or three years. USA is already in recession, technically. UK may be following suit. This may slowly spread to other economies as well. We may expect difficult period for next few months or years.

The world has passed through a very difficult period for last two years. The pandemic has taken its toll on individuals and nations alike. Pandemics do not last forever and hopefully do not occur frequently. Supply side shortages are to a large extent mitigated in the long run through market dynamics. However, people aspirations and desire for a good life continue to grow despite challenging times. So, demand for goods and services is expected to continue to grow particularly in view of truncated growth in last few years and expectation of recession or slow growth in next 2/3 years. To make for the pent-up aspirations, global demand and consequently economies should grow steadily for next 5/6 years. This will provide a golden opportunity for all industries including paint industry.

We at Shalimar Paints are preparing and doing the ground for the potentially golden period ahead. Plant capacities will be expanded. The facilities will also be modernized and upgraded to meet the increasing demand. The purchase and sales systems are being upgraded and automated to reflect the latest trends. New products are being developed for decorative segments to account for the changing tastes.

Opportunities and Threats

Opportunities:

Paint Industry in India is driven by growth not only in construction activities but also in industrial development. Media exposure and innovative marketing initiatives by the players have also added impetus to increasing awareness about latest trends prevalent in the sector. Due to increased Government funding for infrastructure, paint industry is poised for growth.

A further analysis of key drivers and challenges of the market indicate the factors for growth of the market including boom in real estate construction, growth in industrial sector, increase in disposable income and increased government expenditure on infrastructure. Rising urbanization, supported by real estate demand and improving infrastructure, has been boosting paint demand over the past few years.

Easy availability of housing loans has contributed to increase in number of houses which has directly added to increased demand for paints industry. Also, finance is now more easily available for renovation and repair of houses than before. This in turn, helps to shorten repair cycle.

Your Company is poised to grow in the Decorative as well as Industrial segment. The Company is in the process of reinforcing its current production facilities and is simultaneously expanding its manufacturing base to new geographical locations. Many new products are ready for launch in the coming months.

New entry of modern retail and E-comm players in the category like Hippo Stores, Infra.market stores, YouKraft.com, painting service partners like Aap ka Painter, Urban Company and many more have opened up new channels of selling paint products and

engage new influencers. New Age interior designers and architects and the emerging demand for hiring these professionals also brings a new opportunity to connect with them and promote our products.

Threats:

The Cost of Raw materials is an important factor as the industry is raw material intensive. However, the rising raw material cost is still the biggest challenge. As oil prices have witnessed a sharp rise in the past two years, inflationary cost pressures will continue to weigh on margins. Also, a large portion of raw materials are imported, leaving the cost factor vulnerable to exchange rate fluctuation.

The entry of new players in the Indian market may increase the competition among the players of the industry. This may lead to price competition which may impact the profit margin of the companies. As a result, the increase in volume growth may not equally reflect in the profit growth for the companies.

Another threat to this industry is that the competition does not lie just within the paint industry. Any brand, be it into decoration or furniture, in which a consumer is ready to spend money to decorate his home is our competitor.

Risk and Concerns

The evolving nature of the Covid-19 pandemic makes near term predictability a challenge. However, reaction of consumers to the pandemic getting prolonged and consequent restrictions/lockdowns is yet to be gauged.

Considering the huge uncertainties prevailing in the market due to war in Europe, the major economies of the world are passing through difficult times.

Paint consumption is positively co-related to GDP growth and therefore a slowdown in GDP would affect the industry directly. Also, paint being a discretionary spend item, there is a likelihood of customers putting their paint requirements on hold for some time, thereby impacting renovation demand.

One of the key challenges for the paint sector is price fluctuation. Since most raw materials used in the production of paint products are petroleum-based, the fluctuation in crude oil prices creates a direct impact on the final paint product that goes to the end consumer.

The vagaries of the monsoon: extended monsoon in some regions and deficit rainfall in others affect demand from the rural sector, as an extended monsoon can reduce the number of dry days before the festive season and deficit rainfall affects income.

The cyclical nature of the decorative paints segment is the biggest loss factor that affects its sales. The demand for this segment is high only during festive seasons when people invest in white-washing and painting their homes and then go down as they redo it after a long gap of at least 3-5 years.

Import policies also play a key role in deciding the price points as most raw materials are imported from foreign countries. Any change in the tax regime can significantly escalate the painting price.

Another challenge faced by the industry is the new regulation by way of extended producer liability on usage of plastic products. The new regulation mandates that gradually the industry will have to graduate to complete utilisation of plastic waste used as containers/ packing materials to ensure that no waste goes in the environment. This is a big challenge particularly since current technologies are not developed to ensure the same. Shalimar Paints like its peers will have to face this challenge.

Slowdown in infrastructure and construction activities would affect overall demand for paint companies. Delay in the revival of the auto industry would continue to pose a threat to the growth of industrial paints demand. In the post-COVID era, however, the challenges will change drastically.

Information Technology

At Shalimar Paints, Information Technology ("IT") drives cutting edge technology solutions to bring a competitive edge to the business. IT has been enabling sales, manufacturing, planning, distribution, materials, finance & HR process.

Employee experience has always been important to build collaboration and enhance productivity. Enterprise email & Collaboration tools have been implemented which have brought the benefits such as increased end user experience, security, admin control and device management along with enabling advanced device management policy which helps in controlling the corporate data. With the use of hybrid email & collaboration tools, operation costs have been reduced.

The SAP Ariba Reverse Auction Sourcing solution allows suppliers and buyers to connect and do business on a single platform and this solution have brought the benefits such as cost improvements, source to discover new suppliers, visibility into spending and supplier relationships, improved supplier communication with customers.

We have Integrated GST Suvidha Provider (“GSP”) & Application Suvidha Provider (“ASP”) with SAP. The solution automates the process of collation of data for the purpose of filing of GSTR-1 (i.e., Outward supply return), for Input tax credit (ITC) reconciliation, for raising E-invoices and E-way bill as and when applicable. This process has reduced human intervention and hence, brings more accuracy in data processing.

Concept of Service PO was introduced and implemented which has helped the organization to capture all services procurement & spends capturing.

The Company has upgraded the ERP systems Native Storage to virtual storage which will help in the availability of organization’s data with minimal risks. Since, organization data is continuously growing and with the help of technologies that reduce time to insights at lower total cost of ownership (TCO) and higher availability, the Company is on the path of improvement.

This financial year we are working on the areas which focus on Basic Hygiene i.e making optimum usage of existing SAP Best Practices, Business Analytics, Customer Satisfaction and Cutting-Edge Technologies keeping theme as Digital Transformation using technologies such as AI, ML, IOT, RPA (Robotic Process Automation).

Supply Chain

To sustain growth in an ever-changing business environment, agility is of vital importance. Your Company has worked quickly during the year under review to move the value chain by providing new products and better services to our customers. We focused on B2B businesses while expanding the growth of each business segment, individually. Various initiatives were taken including short-listing applications to make the supply chain agile and to have faster response to Manufacturing, Planning, Sales & Distribution.

Most paint industries globally are combating with supply chain disruptions, raw material shortages and rising commodity prices impacting sourcing and supply. We have a well-defined SOP on procuring in a planned manner in order to meet the sales demand and parallelly steering through any supply chain or price increase challenges. We have initiated processes of establishing workflows with an aim to reduce dependency on imports. Supply Chain cost was brought down by 5% despite of steep increase in fuel prices and availability constraints.

HR Initiatives

People are the essential part of the organization. As they say, it’s people who make the organization successful. People are foundation and pillar that hold the organization strong and tall as they provide skills and competencies necessary to make organizational strategies work. We at Shalimar Paints truly believe the same and work towards attracting, retaining and developing best talent in the organization. In order to achieve the same, during the financial year 2021-22, various initiatives were taken by the Company under various HR domains:

Attracting Talent: Your Company hired 92 new employees across functions which took our employee strength from 409 in FY 2020-21 to 474 in FY 2021-22, including many well-known leaders from industry like Mr. Kuldeep Raina, Mr. Rakesh Gupta and Mr. Harcharan Singh etc. We have started advertising various positions on LinkedIn and the response to these posts are in thousands. This activity has helped us to give a message to the market about Shalimar 2.0 and the way we are transforming the Company in a better way.

Culture of Safety: Safety of our employees at plant is of utmost importance for us. Hence, the Company organized a campaign called “SADAK SURAKSHA JEEVAN RAKSHA” at our Chennai plant from 7th Feb to 14th Feb 2022. In relation to prevention of illness, Free Annual Health Check camps were organized across our 3 running plants.

Reward and Recognition: As rewarding and recognizing employees leads to greater employee engagement, increased retention, increased productivity, increased peer competition and helps to create a positive overall workplace. Accordingly, the Company has taken initiative of recognizing and rewarding exceptional performers from sales team every month by the name of “Ace Award” based on their monthly performance.

An Annual All Hands Meet was also organized by the Company in which all employees got together through virtual Platform. The objective of this meet was to:

1. Share key business highlights for financial year 2021-22.
2. Drive alignment around Company’s vision and strategy for business growth in 2022-23.
3. Celebrate milestones and the people who made them possible for financial year 2021-22.

Employee engagement: Fun at workplace plays an important role in keeping the work environment lively and enthusiastic. In terms of celebration, we have lots of fun on every occasion such as Diwali, Holi, Christmas, Women’s Day, Company’s success on breaking old records, Birthday etc. Various sports activities including Cricket tournament were organized at our Nashik and Chennai Plants. Various other engagement activities like plant sapling on “World Environment Day”, Vishwakarma Puja etc. were also organized at all plants.

Developing Talent: In terms of development, various inhouse and external trainings related to Company’s products, selling skills, communication skills etc. were organized by the Company.

HR Automation: An online attendance and leave management tool to assist all employees in terms of real-time tracking of attendance, employee self-service etc. has been introduced during the FY 2021-22, thus eliminating manual intervention. For the first time, online performance management tool has been implemented by the Company which helps in collecting feedback and building performance management systems that reward results. Further, an online travel and expense claim portal has also been introduced with the sales force automation visits linked to it.

Marketing

Marketing plays a vital role in generating consumer and customer awareness and interest for a consumer facing company like Shalimar Paints. The Company has followed a tiered network strategy to engage with influencer network and to upgrade the capabilities of dealers and painters in customer engagement at the stores and homes.

Keeping this strategy in mind, there is a loyalty program called Shalimar Paints EXPERT program in which the painters earn loyalty points on each purchase of our products.

We have revised the point per litre on our selected products and run schemes to benefits the painter and contractors. In last two years we have 27,000 painters registered with us taking the total member base to 65000+. Painters are getting benefits out of this program as they have redeemed Mobiles, Electronics items, Gold and Silver Vouchers, E-Commerce shopping vouchers, Air conditioners and even automobiles from the accumulated points. With COVID the business made all efforts to reach out to this base regularly and gave them support, as and when needed. Regular training and upskilling events are held across the cities to educate the painters on the new schemes and products. A trained and responsive customer service team reaches out to them regularly and helps solve all their issues around product, service, and the ongoing loyalty program.

We have observed a significant contribution from this influencer program and are focusing more to leverage the best out of this by launching our grand festive campaign offer “75 Din Offers Ka Mahotsav” targeting the painters and dealers’ network.

We are also increasing the on-ground touch base events with the painters via pre-planned Painter Meets, that is done at strategically important dealers across regions.

To increase the brand visibility and to activate new painters, we are also looking at partnering with new channel partners like Aap Ka Painter and You Kraft.com to make

Shalimar Paint products available on their platforms and also on boarding their painters with Shalimar Expert program.

On the digital front, we are also looking at re-igniting the social media handles for the brand and leverage them for a cost-effective outreach to our consumers as well as influencers. Separate Social handles for Shalimar Brand and Shalimar Expert Painter program is in the plan for the next quarter and we shall start engaging with our audiences digitally.

Internal Control Systems

The internal control system is an integral part of the general organizational structure of the Company. The Company has in place the necessary control systems to ensure transparency and security of its transactions. However, the same are being upgraded keeping in view the increased threats. The purchase, sales, procurement, payment and other operations are being automated. Checks and balances are being strengthened at each level. The system is highly structured and totally in sync with the size and nature of its business. External audit firms are appointed at various

locations of the Company to conduct regular audits. The internal control system is basically a set of rules, regulations, policies and procedures which run on softwares with in-built authorizations for enhanced control. The organization is appropriately staffed with qualified and experienced personnel for implementing and monitoring the internal control environment.

Financial Performance

Your Company during the year under review has suffered a loss of Rs. 63.85 crores as against loss of Rs. 49.51 crores in the previous year, on standalone basis. The revenue from operations of the Company for the financial year 2021-22 stood at Rs 358.10 crores as against Rs. 325.56 crores in the previous year.

While revenues of the company have grown by about 10%, the profitability has taken a further beating primarily due to raw material price increase. The cost of goods sold has increased from about 68% to about 75% in FY 2021-22 due to this cost escalation which could not be passed in the market. Other parameters have been at the similar level as previous year.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India and the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read together with Companies (Indian Accounting Standards) Rules, 2015, of the state of affairs of the Company as at 31st March, 2022, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw your attention to note no 62 of standalone financial statements which explains the management's assessment/evaluation of the financial impact due to lockdown arising with the advent of COVID 19.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual report comprising Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, among others; but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

Independent Auditors' Report

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the Ind AS standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (i) As per information and explanation furnished to us, the Company is pursuing with the Insurance Company for (a) insurance claim (based on Arbitration award) with respect to Howrah Plant (b) balance insurance claim for Loss of profit due to fire in Company's plant located at Nasik. (Note 57 & 58 of standalone financial statements).
- (ii) Some of the financial assets & liabilities including trade receivables, trade payables & advances are pending confirmation / reconciliation, and their impact on financial statements, if any, are unascertained (Note 64 of standalone financial statements)
- (iii) As regard disclosure in Note 45 of standalone financial statements regarding Micro, Small & Medium Enterprise, we have relied upon the information & explanation, to the extent made available to us by the management.
- (iv) Unlike in previous year, during current financial year, the Company has decided not to recognised additional deferred tax assets of Rs. 2169.62 lacs. The management is of the opinion that the Company has a history of recent losses, and it is probable that sufficient future taxable profits, based on convincing evidences, in near future, will not be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax losses, can be utilized. Had the Deferred Tax provision been made, Loss for the year & Total Comprehensive Loss for the year would have reduced by the said amount. (Note 11 of standalone financial statements)

Our opinion on the standalone Ind AS financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Independent Auditors' Report

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act & Rules made thereunder.
- e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements. (Note 44 to the standalone Ind AS financial statements)
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund.
 - iv (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company, or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - iv (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party, or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
 - iv (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (iv) (a) and (iv) (b) contain any material mis-statement.
 - v) No dividend has been declared or paid during the year by the Company; hence, the question of compliance with the provisions of Section 123 of the Companies Act, 2013, does not arise.

- 2. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shalimar Paints Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management represented by the Board of directors, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over the Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements, due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Independent Auditors' Report

Opinion

In our opinion, to the best of our information and according to the explanations given to us , the Company has, in all material respects, an adequate internal financial controls system over financial reporting ,and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on' Audit of Internal Financial Controls Over Financial Reporting' issued by the Institute of Chartered Accountants of India.

Independent Auditors' Report

Annexure "B" to the independent Auditors' Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements'" section of our report of even date to the Members of Shalimar Paints Limited)

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) The Company has a regular programme /policy of physical verification of its fixed assets included in Property, Plant & Equipment (PPE) by which all fixed assets are verified in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. As per the policy, certain property, plant and equipment, were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements, are held in the name of the Company.
- (d) The Company has not revalued its property, plant and equipment (including Right-of-use assets) or Intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory ((except material/ goods, in-transit) have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No material discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly/periodic returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.
- iii. The Company is to receive Rs 820.42 lakh (previous year Rs 783.17 lakh) from its subsidiaries Shalimar Adhunik Nirman Limited (SANL) & Eastern Speciality Paints & Coatings Pvt. Ltd as at the year-end which are shown/included under the head 'Loans (Non-current) under sub head 'Loan to Related parties'(Note 9 & 49 of the Financial Statement). The aggregate amount during the year to SANL is Rs 37.23 lakh and to Eastern Speciality Paints & Coatings Pvt. Ltd is Rs 0.02 lakh. The said loan includes Rs 499.00 lakh (Note 56 of the Financial Statement), being consideration money for transfer of Land by the Company to SANL, and the same is interest free. The terms and conditions of said advances are not prejudicial to the Company's interest.
- As per information & explanation given to us the repayment schedule is being adhered to so far as it relates to payment of principal & interest whenever, they fall due. As certified by the management, there is no overdue amount of loan & interest.
- Except loan and advances to the aforesaid subsidiaries, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnership or other parties.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 of the Companies Act, 2013 and the Company has not provided any guarantee or security as specified under Section 186 of the Companies Act, 2013. Further, the Company has complied with the provisions of Section 186 of the Companies Act, 2013 in relation to loans given and investments made, to the extent applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order, is not applicable.
- (vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the products manufactured by the Company it and/or services rendered by it. Accordingly, clause 3(vi) of the Order is not applicable.
- vii. According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company has generally been regular in depositing undisputed statutory dues, including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues applicable to it to the appropriate authorities though there have been slight delays in few cases.
- (b) There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues in

Independent Auditors' Report

Notes to the Standalone Financial Statements for the year ended March 31, 2022

1 Overview

Shalimar Paints Limited ("the Company") is a public limited Company domiciled in India. The registered office of the Company is located at Stainless Centre, 4th floor, Plot no.- 50, Sector 32, Gurugram, 122001, Haryana. The shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange. The Company is engaged in the business of manufacturing, selling and distribution of paints, coatings and providing related services. The Company has pan-India presence through its marketing offices in all major states in India.

2 Basis of preparation of financial statements

These financial statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act to the extent applicable. The accounting policies have been applied consistently over all the periods presented in these financial statements. The standalone financial statements provide comparative information in respect of previous year.

3 Key Accounting Judgements, Estimates & Assumptions:

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of incomes, expenses, assets and liabilities, and the accompanying disclosures at the date of the financial statements. The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years.

Income Tax

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets/ liabilities. The factors used in the estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

Defined Benefit Obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Property, plant and equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically.

4 Significant Accounting Policies

4.1) Basis of measurement

The financial statements have been prepared under the historical cost convention on the accrual basis, except for the following assets and liabilities which have been measured fair value:

- Property, Plant & Equipment (at fair value as deemed cost as at 1st April 2016);
- Financial assets and liabilities except certain investments, Loans and borrowings carried at amortised cost;
- Defined benefit plans - plan assets measured at fair value;
- Share based payments

Notes to the Standalone Financial Statements for the year ended March 31, 2022

The financial statements are presented in Indian Rupees which is the Company's functional and presentation currency and all amounts are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

4.2) Property, plant and equipment
i) Recognition and measurement

An asset is recognised as property, plant and equipment when it qualifies the recognition criteria as specified in Ind AS 16. Following initial recognition, items of Property, Plant and Equipment are carried at its cost, net of available duty/tax credits, less accumulated depreciation and accumulated impairment losses if any. Costs include costs of acquisitions or constructions including incidental expenses thereto, borrowing costs, and other attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Costs in nature of minor repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from discard/sale of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is discarded / sold.

Capital work-in-progress includes cost of property, plant and equipment under installation/under development, other expenditure (including trial run / test run expenditures) during construction / erection period (net of income) pending allocation/capitalization as at the balance sheet date.

ii) Depreciation

Depreciation on property, plant and equipment is provided on straight line method in the manner specified in Schedule II of the Companies Act, 2013 and in respect of assets added/disposed off during the year on pro-rata basis with reference to the date of its use / disposal/residual value.

Depreciation is charged on fair valued amount less estimated salvage value. Leasehold land is amortized on a straight line basis over the remaining period of lease. The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

4.3) Intangible assets
i) Recognition & measurement :

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and cost of assets can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization:

Intangible Assets with finite lives are amortized over the estimated useful economic life on straight line method.

The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets as per management is mentioned below:

Computer Software	6 years
Trade mark	10 Years
Technical know how	10 years

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

ii) Derecognition:

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

4.4) Impairment

The carrying amount of Property, Plant & Equipment, Intangible assets and cash generating assets are reviewed at each Balance Sheet date to assess impairment, if any based on internal / external factors. An asset is treated as impaired when the carrying cost of asset or exceeds its recoverable value being higher of value in use and fair value less cost of disposal. An impairment loss is recognized as an expense in the Statement of Profit & Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

Notes to the Standalone Financial Statements for the year ended March 31, 2022

4.5) Lease Accounting

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that is not explicitly specified in an arrangement.

4.6) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Initial recognition

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added/deducted respectively to the fair value on initial recognition. Trade receivables and trade payables that do not contain a significant financing component are initially measured at their transaction price.

ii) Subsequent measurement

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are recognised in OCI except the recognition of impairment gains or losses, interest revenue calculated using the Effective Interest Rate (EIR) method and foreign exchange gains and losses which are recognised in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the equity to Statement of Profit and Loss.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. Financial liabilities at fair value through profit and loss (FVTPL) includes financial liability held for trading and financial liability designated upon initial recognition as at fair value through profit and loss.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment, if any, in the separate financial statements.

iii) Impairment of financial assets

Financial assets, other than debt instruments measured at FVTPL and Equity instruments are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on all financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

iv) Derecognition

Financial Assets

Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expires.

Notes to the Standalone Financial Statements for the year ended March 31, 2022**v) Reclassification of Financial Assets and Financial Liabilities**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

vi) Derivative financial instruments

Derivative instruments such as forward currency contracts are used to hedge foreign currency risks, and are initially recognized at their fair values on the date on which a derivative contract is entered into and are subsequently re-measured at fair value on each reporting date. A hedge of foreign currency risk of a firm commitment is accounted for as a fair value hedge. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

vii) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.7) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes in to account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

4.8) Inventory

Inventory are valued at lower of cost, computed on weighted average basis, or net realizable value. Cost of inventories includes in case of raw material, cost of purchase including taxes and duties net of tax credits/GST and incidental expenses; in case of work-in-progress, estimated direct cost including taxes and duties net of tax credits/GST and appropriate proportion of administrative and other overheads; in case of finished goods, estimated direct cost including taxes and duties net of tax credits/GST and appropriate administrative and other overheads including other cost incurred in bringing the inventories to the present location and conditions; and in case of traded goods, cost of purchase and other costs incurred in bringing the inventories to the present location and conditions.

The obsolete/damaged items of inventories are valued at estimated realisable value.

4.9) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects, when appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote or the amount cannot be estimated reliably. Contingent liabilities are not recognised but are disclosed in notes. Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

4.10) Revenue Recognition

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and rebates granted by the Company.

Revenue includes only the gross inflows of economic benefits, including excise duty, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties such as sales tax, value added tax and goods & service tax are excluded from revenue.

Notes to the Standalone Financial Statements for the year ended March 31, 2022**4.11) Other income****Interest Income**

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, and is included in other income in the statement of profit and loss.

4.12) Employee Benefits

- i) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.
- ii) The Company makes regular contribution to provident funds which are administered by Government and are independent of Company's finance. The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.
- iii) The Company is maintaining Defined Benefit Plan for its Gratuity Scheme. The Company contributes to gratuity fund, and such contribution is determined by the actuary at the end of the year. The gratuity fund is administered by the Trustees. For Schemes where recognized funds have been set up, annual contributions are made as determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. Remeasurements comprising actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to Other Comprehensive Income in period in which they arise.. The Company recognizes in the Statement of Profit & Loss gains or losses on curtailment or settlement of a defined benefit plan as and when the curtailment or settlement occurs.
- iv) Provision is made for leave encashment benefit payable to employees on the basis of independent actuarial valuation, at the end of each year and charge is recognized in the Statement of Profit and Loss.

4.13) Foreign Exchange Transactions**Initial Recognition:**

On initial recognition, transactions in foreign currencies entered into by the Company are initially recorded in the functional currency (i.e. Indian Rupees) at rates prevailing at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Measurement of foreign currency items at reporting date:

Foreign currency monetary items of the Company are translated at the closing exchange rates and the resulting exchange difference recognised in statement of profit & loss. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to such exchange difference.

4.14) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds.

Borrowing costs attributable to acquisition or construction of qualifying asset that necessarily take a substantial period of time to get ready for their intended use is worked out on the basis of attributable of funds out of project specific loans and/or other borrowings to the extent identifiable with the qualifying asset and is capitalized with the cost of qualifying asset, using the effective interest method. Other borrowing costs are recognised as an expense in the period in which they are incurred.

4.15) Taxes on Income

Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in Other Comprehensive Income

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided on temporary difference arising between the tax bases of assets & liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rate that are expected to apply in the year when the asset is realized or the liability is settled based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized to the extent that it is probable that sufficient future taxable profit will be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer

Notes to the Standalone Financial Statements for the year ended March 31, 2022

probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

4.16) Segment Reporting

As the Company's business falls within a primary business segment viz, "Paints", Segment Reporting is not applicable.

4.17) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, bank balance, short-term deposits with original maturities of three months or less and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

4.18) Lease

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

(ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.19) Share-based payment transactions

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

4.20) Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted Earning per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

TOTAL	625.20	533.25

Notes to the Standalone Financial Statements for the year ended March 31, 2022
(All amounts are in Rupees lakh, unless otherwise stated)

Note

- (i) For deferred revenue, current year sale has been reduced by Rs. 31.11 lakh and credited to current liabilities as deferred revenue. Such deferment is on account of retention money held by the customer. As a matter of prudence, the said deferred revenue shall be recognised as revenue in the year of receipt.
- (ii) Statutory dues includes 'taxes others' Rs. 444.08 lakh (excise duty Rs. 360.16 lakh and custom duty Rs. 83.92 lakh). The outstanding of custom dues are net off payment of Rs. 25.03 lakh made during the current financial year. Interest has not been provided on the outstanding amount. The management is of the view that the said payment made is towards the principal outstanding of custom duty ; hence, no interest is accrued for current year.

XI Description of Risk Exposures:

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the company is exposed to various risks as follow -

- Salary Escalation Risk- The present value of the defined benefit plans calculated with the assumptions of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determined the present value of obligation will have a bearing on the plan's liability.
- Interest Rate Risk – The Plan expose the company to the risk of fall in interest rates. A fall in interest rate will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.
- Liquidity Risk : This is the risk that the company is not able to meet the short term benefit payout. This may arise due to non availability of enough cash/ cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
- Demographic Risk – The company has used certain mortality and attrition assumptions in valuation of the liability. The company is exposed to the risk of actual experience turing out to be worse compared to the assumptions.

- The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values, since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.
- Financial assets & liabilities under fair value hierarchy (Level 1 & 2) - Nil.

Fair value hierarchy

Level 1 - Quoted prices/NAV (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

48 FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables. The Company is exposed to Market risk, Credit risk and Liquidity risk. The Company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Company calculates and compares the alternative sources of funding by including cost of currency cover also.

The following disclosures summarize the Company's exposure to financial risks. Quantitative sensitivity analyses have also been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

Notes to the Standalone Financial Statements for the year ended March 31, 2022
(All amounts are in Rupees lakh, unless otherwise stated)
i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate risk, interest rate risk and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

a.) Foreign Currency Risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the Company's financial assets and financial liabilities at the reporting date i.e. 31st March 2022, net of related foreign exchange contracts.

The carrying amounts of the Company's foreign currency denominated monetary items (Unhedge) are as follows:

c. Commodity price risk and sensitivity

Commodity Price Risk is the risk that future cash flow of the Company will fluctuate on account of changes in market price of key raw materials. The Company is exposed to the movement in price of key raw materials in domestic and international markets.

ii. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk arising from trade receivable is managed in accordance with the Established Policy etc, procedures and control relating to customer credit risk management. The deposits with banks constitute mostly the liquid investment of the Company and are generally not exposed to credit risk.

For trade receivables, as a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix as at the end of the reporting period and expected credit loss for the year end against Trade receivables (Financial assets) as ascertained by the management and confirmed by the IBBI registered valuer are as follows:

Ageing	Expected credit loss (%)	
	2021-22	2020-21
Within the credit period	2.87	2.30
0-1 year	6.44	4.33
1-2 years	54.21	45.57
More than 2 years	100.00	100.00

Additional provision created during the year	259.90	-	-	-
Balance at the end	765.00	936.86	249.12	650.64

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis. In general it is presumed that credit risk has significantly increased since initial recognition if legal action needs to be initiated against such trade receivables.

iii. Liquidity risk

Liquidity risk refers to risk of financial distress or high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are

Independent Auditors' Report

To The Members of Shalimar Paints Limited

Report on the Audit of Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of **Shalimar Paints Limited** ("the Company") and its subsidiaries- **Shalimar Adhunik Nirman Limited & Eastern Speciality Paints & Coating Private Limited** (collectively referred to as "**the Group**"), which comprise the Consolidated Balance Sheet as at 31st March, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and Notes to the consolidated Ind AS financial statements including a summary of the significant accounting policies and other explanatory information (herein after referred to as "the Consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated Ind AS financial statements, the aforesaid Consolidated Ind AS financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India and the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read together with Companies (Indian Accounting Standards) Rules, 2015, of the consolidated state of affairs of the Group as at 31st March, 2022, and its consolidated loss, Consolidated total comprehensive income, its consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing as specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence, ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Emphasis of Matter

We draw your attention to note no 60 of consolidated financial statements which explains the management's assessment/evaluation of the financial impact due to lockdown arising with the advent of COVID 19.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the annual report comprising Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, among others, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, consolidated financial performance, consolidated total comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the Group's financial reporting process.

Independent Auditors' Report

Auditor's responsibility for the audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (i) We did not audit the financial statements of subsidiaries of the Company (included in consolidated Ind AS financial statements), whose financial statements reflect total assets of Rs. 2726.15 lakh as at 31 March 2022, and total revenues of Rs 0.00 lakh, total net loss after tax of Rs. 41.89 lakh, total comprehensive loss of Rs 41.89 lakh, and cash outflows (net) of Rs 0.00 lakh for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Independent Auditors' Report

- (ii) As per information and explanation furnished to us, the Company is pursuing with the Insurance Company for (a) insurance claim (based on Arbitration award) with respect to Howrah Plant (b) balance insurance claim for Loss of profit due to fire in Company's plant located at Nasik. (Note 55 & 56 of consolidated financial statements).
- (iii) Some of the financial assets & liabilities including trade receivables, trade payables & advances are pending confirmation / reconciliation, and their impact on financial statements, if any, is unascertained (Note 62 of consolidated financial statements)
- (iv) As regard disclosure in Note 44 of consolidated financial statements regarding Micro, Small & Medium Enterprise, we have relied upon the information & explanation, to the extent made available to us by the management.
- (v) Unlike in previous year, during current financial year, the Company has decided not to recognised additional deferred tax assets of Rs. 2169.62 lacs. The management is of the opinion that the Company has a history of recent losses, and it is probable that sufficient future taxable profits, based on convincing evidences, in near future, will not be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax losses, can be utilized. Had the Deferred Tax provision been made, Loss for the year & Total Comprehensive Loss for the year would have reduced by the said amount. (Note 10 of consolidated financial statements)

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:
 - a) We/ the other auditors (whose report we have relied upon) have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept by the Company so far as it appears from our examination of those books and reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
 - d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act & Rules made thereunder.
 - e) On the basis of the written representations received from the directors of the Company as on 31st March, 2022 taken on record by the Board of Directors of the Company and its subsidiaries incorporated in India and the reports of the statutory auditors of said subsidiary companies, none of the directors of the Group Companies is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**" which is based on the auditor's reports of the Company and its subsidiary companies. Our report & report of auditors of subsidiary companies, expresses an unmodified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors of subsidiary companies, the remuneration paid by the Company & its subsidiaries, as the case may be, to its/their directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements. (Note 43 to the consolidated Ind AS financial statements)

Independent Auditors' Report

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund.
- iv (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- iv (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party, or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- iv (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (iv) (a) and (iv) (b) contain any material mis-statement.
- v) No dividend has been declared or paid during the year by the Company; hence, the question of compliance with the provisions of Section 123 of the Companies Act, 2013, does not arise.

Independent Auditors' Report

Annexure "A" to the independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the Members of Shalimar Paints Limited)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shalimar Paints Limited ("the Company") and its subsidiaries as of and for the year ended 31st March, 2022 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's & Its subsidiary companies managements, represented by their Board of directors ,are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements, due to error or fraud, may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial

Independent Auditors' Report

controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

The internal financial controls over financial reporting (IFCOFR) in so far as it relates to company's subsidiary companies, have been audited by other auditors whose reports have been furnished to us by the management; and our report on the adequacy and operating effectiveness of the IFCOFR for the Company, its subsidiary companies, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

1 Overview

Shalimar Paints Limited (“the Company” or “the Parent Company”) is a public limited company domiciled in India. The registered office of the Company is located at Stainless Centre, 4th floor, Plot no 50, Sector 32, Gurugram, 122001, Haryana. The shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange.

The Company is engaged in the business of manufacturing, selling and distribution of paints, coatings and providing related services. The Company has pan-India presence through its marketing offices in all major states in India.

2 Basis of preparation of consolidated financial statements

The consolidated financial statements comprises the financials statements of Shalimar Paints Limited (the Company or Parent Company) and its subsidiaries Shalimar Adhunik Nirman Limited and Eastern Speciality Paints & Coating Private Limited (hereinafter collectively referred to as “Shalimar Group”).

These consolidated financial statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (‘Ind AS’) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (‘the Act’) and other relevant provisions of the Act to the extent applicable. The accounting policies have been applied consistently over all the periods presented in these financial statements.

The consolidated financial statements provide comparative information in respect of previous year.

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company i.e. its subsidiaries. Control is achieved when the Company is exposed to, or has rights to the variable returns of the entity and the ability to affect those returns through its power over the entity. Significant influence, is achieved when the Company has power to participate in the financial and operating policy decisions of the investee, but is not in control or joint control over those policies. The Accounting Policies of the parent company and its subsidiaries are largely similar. The Financial Statements of parent Company and its subsidiaries have been consolidated on line-by-line basis by adding together book value of like items of assets, liabilities, income and expenses after eliminating Intra-group transactions, balances, income and expenses in accordance with Ind AS 110 “Consolidated Financial Statement”. Figures pertaining to the subsidiary companies have been reclassified wherever necessary to bring them in line with Parent company’s financial statements.

3 Key Accounting Judgements, Estimates & Assumptions:

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the accompanying disclosures at the date of the financial statements. The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years.

Income Tax

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets/ liabilities. The factors used in the estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the consolidated financial statements.

Defined Benefit Obligation

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Property, plant and equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the expected residual

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

value at the end of its life. The residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically.

4 Significant Accounting Policies
4.1) Basis of measurement

The financial statements have been prepared under the historical cost convention on the accrual basis, except for the following assets and liabilities which have been measured at fair value:

- Property, Plant & Equipment ;
- Financial assets and liabilities except certain investments, Loans and borrowings carried at amortised cost;
- Defined benefit plans - plan assets measured at fair value;
- Share based payments

The financial statements are presented in Indian Rupees which is the Company's functional and presentation currency and all amounts are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

4.2) Property, plant and equipment
i) Recognition and measurement

An asset is recognised as property, plant and equipment when it qualifies the recognition criteria as specified in Ind AS 16. Following initial recognition, items of Property, Plant and Equipment are carried at its cost, net of available duty/tax credits, less accumulated depreciation and accumulated impairment losses, if any. Costs include costs of acquisitions or constructions including incidental expenses thereto, borrowing costs, and other attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Costs in nature of minor repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from discard/sale of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is discarded / sold.

Capital work-in-progress includes cost of property, plant and equipment under installation/under development, other expenditure (including trial run / test run expenditures) during construction / erection period (net of income) pending allocation/capitalization as at the balance sheet date.

ii) Depreciation

Depreciation on property, plant and equipment is provided on straight line method in the manner specified in Schedule II of the Companies Act, 2013 and in respect of assets added/disposed off during the year on pro-rata basis with reference to the date of its use / disposal/residual value:

Depreciation is charged on fair valued amount less estimated salvage value. Leasehold land is amortized on a straight line basis over the remaining period of lease. The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

4.3) Intangible assets
i) Recognition & measurement :

Intangible assets are recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and cost of assets can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization:

Intangible Assets with finite lives are amortized over the estimated useful economic life on straight line method

The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets as per management is mentioned below:

Computer Software	6 years
Trade mark	10 years
Technical know how	10 years

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

ii) **Derecognition:**

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

b) **Transition to Ind AS**

On transition to Ind AS, company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

4.4) **Impairment**

The carrying amount of Property, Plant & Equipment, Intangible assets and cash generating assets are reviewed at each Balance Sheet date to assess impairment, if any, based on internal / external factors. If recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognized as an expense in the Statement of Profit & Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

4.5) **Lease Accounting**

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that is not explicitly specified in an arrangement.

4.6) **Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) **Initial recognition**

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added/deducted respectively to the fair value on initial recognition. Trade receivables and trade payables that do not contain a significant financing component are initially measured at their transaction price.

ii) **Subsequent measurement**

(i) **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(ii) **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income (OCI) if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are recognised in OCI except the recognition of impairment gains or losses, interest revenue calculated using the Effective Interest Rate (EIR) method and foreign exchange gains and losses which are recognised in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the equity to Statement of Profit and Loss.

(iii) **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022**(iv) Financial liabilities**

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method. Financial liabilities at fair value through profit and loss (FVTPL) includes financial liability held for trading and financial liability designated upon initial recognition as at fair value through profit and loss.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment, if any, in the separate financial statements.

iii) Impairment of financial assets

Financial assets, other than debt instruments measured at FVTPL and Equity instruments are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on all financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

iv) Derecognition**Financial Assets**

The company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expires.

v) Reclassification of Financial Assets and Financial Liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

vi) Derivative financial instruments

Derivative instruments such as forward currency contracts are used to hedge foreign currency risks, and are initially recognized at their fair values on the date on which a derivative contract is entered into and are subsequently re-measured at fair value on each reporting date. A hedge of foreign currency risk of a firm commitment is accounted for as a fair value hedge. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

vii) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.7) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

4.8) Inventory

Inventory are valued at lower of cost, computed on weighted average basis, or net realizable value. Cost of inventories includes in case of raw material, cost of purchase including taxes and duties net of tax credits/GST and incidental expenses; in case of work-in-progress, estimated direct cost including taxes and duties net of tax credits/GST and appropriate proportion

Notes to the Consolidated Financial Statements for the year ended March 31, 2022

of administrative and other overheads; in case of finished goods, estimated direct cost including taxes and duties net of tax credits/GST and appropriate administrative and other overheads including other cost incurred in bringing the inventories to the present location and conditions; and in case of traded goods, cost of purchase and other costs incurred in bringing the inventories to the present location and conditions.

The obsolete/damaged items of inventories are valued at estimated realisable value.

4.9) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects, when appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote or the amount cannot be estimated reliably. Contingent liabilities are not recognised but are disclosed in notes. Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

4.10) Revenue Recognition

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and rebates granted by the Company.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties (for example, indirect taxes) are excluded from revenue.

4.11) Other Income

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, and is included in other income in the statement of profit and loss.

4.12) Employee Benefits

- i) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.
- ii) The Company makes regular contribution to provident funds which are administered by Government and are independent of Company's finance. The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period.
- iii) The Company is maintaining Defined Benefit Plan for its Gratuity Scheme. The gratuity fund is administered by the Trustees.

For Schemes where recognized funds have been set up, annual contributions are made as determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. Remeasurements comprising actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged / credited to Other Comprehensive Income in period in which they arise. The Company recognizes in the Statement of Profit & Loss gains or losses on curtailment or settlement of a defined benefit plan as and when the curtailment or settlement occurs.

- iv) Provision is made for leave encashment benefit payable to employees on the basis of independent actuarial valuation, at the end of each year and charge is recognized in the Statement of Profit and Loss.

4.13) Foreign Exchange Transactions

Initial Recognition:

On initial recognition, transactions in foreign currencies entered into by the Company are initially recorded in the functional currency (i.e. Indian Rupees) at rates prevailing at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022**Measurement of foreign currency items at reporting date:**

Foreign currency monetary items of the Company are translated at the closing exchange rates and the resulting exchange difference recognised in statement of profit & loss. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to such exchange difference.

4.14) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds.

Borrowing costs attributable to acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for their intended use is worked out on the basis of attributable of funds out of project specific loans and/or other borrowings to the extent identifiable with the qualifying asset and is capitalized with the cost of qualifying asset, using the effective interest method. Other borrowing costs are recognised as an expense in the period in which they are incurred.

4.15) Taxes on Income

Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in Other Comprehensive Income

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided on temporary difference arising between the tax bases of assets & liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rate that are expected to apply in the year when the asset is realized or the liability is settled based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized to the extent that it is probable that sufficient future taxable profit will be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

4.16) Segment Reporting

As the Company's business falls within a primary business segment viz, "Paints", Segment Reporting is not applicable.

4.17) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, bank balance, short-term deposits with original maturities of three months or less and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

4.18) Lease

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low- value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022**(ii) Lease Liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

4.19) Share-based payment transactions

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

4.20) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

XI Description of Risk Exposures:

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the company is exposed to various risks as follow -

- Salary Escalation Risk- The present value of the defined benefit plans calculated with the assumptions of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determined the present value of obligation will have a bearing on the plan's liability.
- Interest Rate Risk – The Plan expose the company to the risk of fall in interest rates. A fall in interest rate will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022
(All amounts are in Rupees lakh, unless otherwise stated)

- C) Liquidity Risk – This is the risk that the company is not able to meet the short term benefit payout. This may arise due to non availability of enough cash/ cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.
- D) Demographic Risk – The company has used certain mortality and attrition assumptions in valuation of the liability. The company is exposed to the risk of actual experience turning out to be worse compared to the assumptions.

- The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values, since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.
- Financial assets & liabilities under fair value hierarchy (Level 1 & 2) - Nil.

Fair value hierarchy

Level 1 - Quoted prices/NAV (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

47 FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables. The Company is exposed to Market risk, Credit risk and Liquidity risk. The Company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Company calculates and compares the alternative sources of funding by including cost of currency cover also.

The following disclosures summarize the Company's exposure to financial risks. Quantitative sensitivity analyses have also been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate risk, interest rate risk and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments.

a.) Foreign Currency Risk and sensitivity

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk sensitivity analysis has been performed on the foreign currency exposures in the Company's financials assets and financials liabilities at the reporting date i.e. 31st March 2022, net of related foreign exchange contracts.

The carrying amounts of the Company's foreign currency denominated monetary items (Unhedge) are as follows:

Particulars	As at 31st March, 2022	As at 31st March, 2021
Financial Assets		
Trade receivables	145.23	370.90
Financial liabilities		
Trade payables	(59.21)	(167.53)
Net assets / (liabilities)	86.02	203.37

Foreign Currency Sensitivity

Sensitivity analysis is computed based on the changes in the income and expenses in foreign currency upon conversion into functional currency, due to exchange rate fluctuations between the previous reporting period and the current reporting period.

5% increase and decrease in foreign exchanges rates will have the following impact on profit/(loss) before tax

Particulars	2021-22		2020-21	
	5% Increase	5% decrease	5% Increase	5% decrease
USD Sensitivity	4.30	(4.30)	10.17	(10.17)
Increases/ (decrease) in profit or loss	4.30	(4.30)	10.17	(10.17)

b. Interest Rate Risk and Sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiations with the lenders for ensuring the cost effective method of financing.

Interest Rate Increase by 0.50%	(42.29)	(12.02)
Interest Rate decrease by 0.50%	42.29	12.02

c. Commodity price risk and sensitivity

Commodity Price Risk is the risk that future cash flow of the Company will fluctuate on account of changes in market price of key raw materials. The Company is exposed to the movement in price of key raw materials in domestic and international markets.

ii. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk arising from trade receivable is managed in accordance with the Established Policy etc, procedures and control relating to customer credit risk management. The deposits with banks constitute mostly the liquid investment of the Company and are generally not exposed to credit risk.

For trade receivables, as a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix as at the end of the reporting period and expected credit loss for the year end against Trade receivables (Financial assets) as ascertained by the management and confirmed by the IBBI registered valuer are as follows:

Ageing	Expected credit loss (%)	
	2021-22	2020-21
Within the credit period	2.87	2.30
0-1 year	6.44	4.33
1-2 years	54.21	45.57
More than 2 years	100.00	100.00

Movement in expected credit loss allowance (net)

Particulars	Life time expected credit losses		12-months expected credit losses	
	31-Mar-22	31-Mar-21	31-Mar-22	31-Mar-21
Balance at the beginning	936.86	2,703.63	650.64	650.64
Provision Reduced during the year	(431.76)	(1,766.77)	(401.52)	-
Additional provision created during the year	259.90	-	-	-
Balance at the end	765.00	936.86	249.12	650.64

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis. In general it is presumed that credit risk has significantly increased since initial recognition if legal action needs to be initiated against such trade receivables.

iii. Liquidity risk

Liquidity risk refers to risk of financial distress or high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are
