Be fiscally prudent, PM tells Aayog

Modi said Niti Aayog can play a critical role in helping states to develop their strategies for the next 25 years and align it with the national development agenda.

"I think the prospects are good to be developed nation by 2047. There is a need to work harder, maintain the tempo and probably accelerate it," Subrahmanyam said.

Reserve Bank of India governor Shaktikanta Das had last week said the Indian economy could have grown by a little over 7% in FY23 and might grow by 5% in FY24. A conservative 7-7.5% real economic growth can make India an upper-middle-income country by 2047, but the growth rate needs to accelerate to 8-8.5% to make the country a higher-income nation, economic advisory council to the Prime Minister (EAC-PM) chairman Bibek Debroy had said.

"One of the biggest things we are doing is we have now launched a state support mission. Our goal is all the 35 states and Union territories in the country should have a Niti Aayog type of institution for long-term vision and planning," Subrahmanyam said.

Amid clamour by some states to revert from the contributory National Pension System (NPS) to a non-contributory Old Pension System (OPS), the Niti Aayog CEO quoted Modi, urging states to

take financially prudent decisions so as to become fiscally strong and capable of delivering programmes that meet the dreams of citizens.

Chhattisgarh chief minister Bhupesh Baghel, who attended the Council meeting, demanded that the Centre refund ₹19,000 crore deposited in the NPS. The Union Finance ministry has already rejected the demand as funds belong to employees and can't be returned to states as per law. Baghel also sought a 'permanent arrangement' to compensate for the revenue loss suffered by states due to the goods and service tax (GST) regime.

To take the PM Gati Shakti national master plan for multi-modal connectivity to the next level, Modi suggested widening the digital planning tool to map social infrastructure. "Gati Shakti is being expanded further for social infrastructure and area development," Subrahmanyam said. That means Gati Shakti will be used to locate schools, health facilities and other social infrastructure. It will also be used for area development in terms of locating local godowns for food grains, etc. Sun Pharma seeks to fully acquire Taro Pharma.

The transaction will be conducted in the form of a reverse triangular merger under Israeli regulations. Sun Pharma will form a wholly-owned subsidiary (special purpose vehicle), which will enter into a merger agreement with Taro.

While a timeline for the completion of the merger was mentioned, Sun Pharma said such a transaction structure would benefit all stakeholders of Taro and would be performed in a swift and certain manner. The deal also requires shareholders and other statutory approvals.

Taro's board has also appointed a special committee to evaluate the proposal, while approvals from Sun Pharma's management and board are also required.

"This indicative proposal does not and is not intended to constitute a commitment to purchase, negotiate, enter into any binding agreement, or to complete the proposed transaction, or any transaction at all, until a binding agreement is entered into between the parties," Sun Pharma said.

The Mumbai-based pharmaceutical company also said it reserves the right to terminate any on-going discussion and negotiation concerning the proposed transaction at its own discretion and for any other reason whatsoever.

For the fiscal ended March 31, 2023, Taro had posted net profit of ₹266.3 million. The net income attributable to Taro owners stood at ₹25.4 million, compared to ₹58.3 million recorded during the same fiscal year ago.

₹2,277.25 crore recorded during the year ago period.

Midsize sedans not racy enough for Tata Motors

"Even though new launches pushed midsize sedan sales in FY23, the gain was very small, with their overall share rising to only 2.82%. It doesn't make sense to invest heavily in a platform where returns may be inadequate."

In late FY22 and FY23, three new midsize sedan models entered the market (Skoda Slavia, Honda City hybrid and Volkswagen Virtus), one facelift (Honda City) and one new-generation (Hyundai Verna). These did accelerate sales, but only to a point. "What these new launches have done is arrest the decline of the midsize sedan," an analyst told FE. "The industry grew 26.7% in FY23, and midsize sedans grew 27.6%."

Midsize sedans saw the biggest jump in April 2023, when their sales increased a whopping 64.3% (to 10,005

units), from 6,091 units in April 2022. But that was due to the sales surge provided by Hyundai for its all-new Verna, which sold 4,001 units.

India currently has five midsize sedans - Hyundai Verna, Honda City, Skoda Slavia, Volkswagen Virtus and Maruti Suzuki Ciaz.

Tata Motors had launched a midsize sedan called the Indigo Mania in 2009, but it was discontinued in 2015 due to falling sales.

Tourists looking northeast this summer

"Indians are choosing to escape the summer heat and the current period (March to June) is considered to be the best time to visit the northeast and Darjeeling," said Rajeev Kale, president and country head, holidays, MICE, Visa, Thomas Cook (India) Yatra.com is also seeking an increase in bookings towards the northeast. The range of 20-25% compared to pre-Covid levels. "Darjeeling and Gangtok are the most popular tourist places due to their scenic beauty, rich cultural heritage and pleasant weather. Apart from offering various tourist sites, both regions (northeast and Doers) are a combination of natural beauty and rich cultural heritage," said Sabina Chopra, COO, corporate travel and head industry relations, Yatra.com.

As per the 2023 Travel Predictions by online travel firm Booking.com, 65% of Indian

travellers are looking for off-grid vacations. Santosh Kumar, country manager, Indian subcontinent & Indonesia, Booking.com, said one of the most searched destinations this summer include Darjeeling.

The government's efforts to promote tourism in the region are also bearing fruit. Recent initiatives like Bharat Gaurav (the deluxe tourist train under a 15-day tour to the northeast covering Assam, Arunachal Pradesh, Nagaland, Tripura and Meghalaya in March) and Ganga Vilas (the world's longest motor vessel river cruise, from Varanasi to Dibrugarh in Assam via Bangladesh) are encouraging more travel to the northeast. "The Vande Bharat train from Kolkata to New Jalpaiguri makes it easier for travellers to visit this part of the region," added Kumar of Booking.com. Industry observers said India's G20 presidency is offering a valuable opportunity by putting the northeast's MICE capabilities into the spotlight like never before. G20 events have been held in Guwahati, Imphal, Aizawl and Siliguri so far. The region, known for its diversity in cuisine, is also increasingly becoming a foodie heaven. Up to 75% of the thought leaders, including celebrity chefs, home chefs, professional chefs, food bloggers, health professionals, etc, who came together to take out the latest edition of Godrej Foods Trends Report 2023, believe that the northeastern states are where people will flock most to discover food

experiences, followed by Goa (73%), Tamil Nadu (60%) and Uttarakhand (58%).

Realising the growing importance of the region, fast-food behemoth McDonald's recently opened its first restaurant in the region, which is also its largest in north and east India. "The northeast is an important market for us and we are committed to growing our footprint in the region. Our recently opened restaurant in Guwahati is our biggest, spread over 6,700 sq ft with a seating capacity of 220. We are well positioned to progress the brand in the region," said Rajeev Nanjan, MD, McDonald's India - North and east. At Yatra.com, tourists are mostly opting for packages that are for a duration of 5N/6D. "The majority of tourists visit Darjeeling for toy trains, Mirik lake, Batasia loop, Gangtok is widely famous for Nathu La and Tsomgo lake," added Chopra.

D'sena of SOTC Travel said this is the most ideal time for exploring the tribes, trails and teas of the region. "Travellers are showing interest in Guwahati (Assam) and Shillong (Meghalaya) due to easier connectivity and availability of hotels. Other popular locales in demand include Kaziranga National Park, Tsomgo Lake, Umthang Valley, Tangmang Monastery, Nathu La Pass, Ziro Valley, Gurudongma Lake, Teesta River, Laktak Lake, Majuli Islands, Gorichen Peak and Sela Pass in the northeast," he added.
