Dear Sir,

The country wide lockdown announced by the Government of India (vide order dated 22<sup>nd</sup> March, 2020) as a way of battling the pandemic of Covid-19 has adversely impacted the Indian Economy, including our Company.

Our company has three segments: Trading of Material Handling Equipment, Airport related activities and Property Rentals. Our HO is based in Mumbai and we shut down on the 22<sup>nd</sup> of March, 2020. Since then, we are yet to open in Mumbai as the Maharashtra State Government only announced on 31<sup>st</sup> May, 2020 that private offices will be allowed to open at 10% manpower from the 8th of June.

Aviation as an industry has been adversely impacted from the COVID-19 Lockdown and we see this segment to take at least a year before it comes to some kind of normalcy. In addition, Trading of Material Handling Equipment is facing several headwinds as demand and supply chain disruptions along with the closure of our go-downs impacted our sales significantly in this segment.

The financial and other operational impact of Covid-19 is under review by the Management. Although, the Government has announced several measures, there is a lot of uncertainty that would prevail in the year 2020-21. Since the situation is fluid, it is not possible to estimate the exact impact at this point in time. Nevertheless, our efforts will continue to minimize the impact.

We will continue to assess the situation and inform our stakeholders at appropriate intervals.

Kindly take the information on record.

Thanking You,  
Yours faithfully,

FOR W. H. BRADY & CO. LTD.
