**Sub.: Clarification sought regarding intimation of the 'temporary shut-down of operations at the Company's Paradeep Unit from 30<sup>th</sup> January 2020 on account of non-availability of suitable raw material' submitted to the Exchange on 31<sup>st</sup> January 2020**

Dear Sir(s),

This has reference to the email received from your Exchange on the captioned subject.

In this regards, we hereby clarify as follows:

1. Expected quantum of loss/damage caused:

In view of paucity of raw material of the desired cost competitive blends, the plant has taken a temporary shut-down. The said raw material is expected to reach our Paradeep plant approximately on or before 20<sup>th</sup> February 2020. This would result in underutilization of the production capacity to the extent of 7,000 MT of final product due the expected plant shut down for 20 days. However, kindly note that this shut down will not affect our planned sales schedule at hand since the unit has sufficient stock of the finished product of 15,020 MT to cater to the confirmed orders in hand.

2. Estimated impact on the production/operations in case of strikes/lock outs:

There is no event of strike/lock-out.

Kindly take the same on record.

Yours faithfully,  
For Goa Carbon Limited

Pravin Satardekar
