## MESSAGE FROM THE CHAIRMAN

At the outset, I am glad to note that business environment is gradually settling post the turbulent pandemic period and signals of growth prospects seem to be encouraging. I hope you and your family members are in good health and cheer. Sincerely wish that all of us stay Healthy, Wealthy & Wise!

I am pleased to inform you that the Company has successfully completed 5 years since its listing with the Bombay Stock Exchange (BSE). As you all could observe, the Company has grown multifold, during this time, to reach the current level.

I would like to share that your Company's strategy to, effectively, manage business, margins, competition...etc has stood it in good stead. Every complex and difficult situation like supply chain disruption, vulnerability in pricing or relatively lower demand in the market, have been dealt with prudent and diligent strategies aptly and ably supported by immaculate execution by respective teams in your company, in India, UAE & Kenya. Such uncertainties / challenges have been converted into opportunities that led to efficient Macro and Micromanaging of supply chain, robust and practical Credit Management & much deeper engagement with customers as well as other stakeholders.

Your Company has a long-term vision of far-reaching global expansion & our East African foray is just the beginning. As business environment is gradually getting back to normal, we are well prepared to grow exponentially over the next few years.

In line with the above vision, your Company has also drawn up a INR 25 Cr expansion plan for the East African operations, over the next 2-3 years. This Plan is designed to augment its manufacturing capacity by setting up a new State-of-the-Art manufacturing facility. It will also enable MIL's expansion into high potential markets in other parts of Africa, too.

Your Company ambitiously aims to expand its top-line by over 20% CAGR in the same period, which will facilitate tripling its manufacturing capacity to 60,000 ktpa.

Your Company, as you all are aware, is a leading player in the Lubricants manufacturing and distribution space with a strong presence in Africa and Middle East. Your Company operates in Kenya and other African markets through its Step-down subsidiary 'Quantum Lubricants EA Ltd' (QLL).

Looking at the consolidation as well as the growth in the overall market scenario, coupled with the Drive in your Company, I am confident that the Future of your Company holds lots of promise to be ably supported by robust Financial Performance, much more stable Financial Position, Impeccable Compliance and good corporate governance.

Truly Yours  
Deepak Raval  
Chairman & Managing Director

## FROM THE DESK OF CFO

I am happy to share my first communication with you on a positive note. I sincerely hope and pray that you and your family members are doing well and maintaining good health.

### Stellar Performance

I am glad to convey that your Company has steadily cruised & navigated through another year of challenges and uncertainty. Your Company had consolidated its Business and managed Margins effectively during Pandemic times and also achieved a Total Revenue of INR 70.42 Cr on a consolidated basis for the year ended March 31, 2022 (FY 22) as against INR 53.12 Cr for the corresponding period previous year (FY 21), thereby registering a growth of 32.6%. In this process, your Company has also achieved a Net Profit of INR 4.66 Cr in FY22, which is 32% higher than the Net Profit of INR 3.53 Cr, pertaining to FY21.

### Strategic Expansion

Your Company aims to expand its top-line by over 20% CAGR in the next 2-3 years. Your Company is confident that it can sustain the consistent growth that it has been maintaining for the last 5 years, by expanding its footprint in new/adjoining regions. Your Company has developed plans now to march ahead to consolidate its operations and foray into new markets in both Asia and Africa. Your Company will be ready with its plans for this expansion, within next few months.

### Expanding Footprints in Africa

Sensing the immense potential in the African market, your Company aims to further expand its footprint in East Africa. The expansion would be undertaken through the greenfield route and its facilities are expected to be commissioned in the next 2-3 years. Your Company has planned to expand its Lubricant Business Operations in Uganda, Rwanda & Tanzania, this year itself. This is expected to be done through either a new Subsidiary or in association with Distribution Partners. Your Company has also drawn up a list of other potential markets in Africa such as South Sudan, DRC, Malawi, Zambia. etc, for its next level of expansion. Well known Lubricant Business Markets in West Africa, such as Nigeria, Ghana. etc, would also be targeted in the near future. As per your Company's time-tested strategy, all these business expansions in new territories could either be achieved through 'Export Model' in association with a few Potentially Strong Distributors or thru 'Local Manufacturing and Marketing' Model by establishing local blending facilities and marketing therefrom, which could either be fully owned or in partnership with a Potentially Strong Local Partner.

Your Company's business journey has been successful so far due to its highly talented and loyal team. All team members continuously challenge themselves to innovate and deliver best results for all concerned stakeholders. We wish to place on record our sincere appreciation to all our Stakeholders for their continued support and Trust.

Your consistent support helps us in growing from strength to strength, everyday and always.

Yours Sincerely  
Milind Joshi  
Chief Financial Officer

**MAXIMUS TO TRIPLE CAPACITY, EXPAND FOOTPRINT, EYES 20% CAGR**

Mumbai: Maximus International Limited (MIL) has drawn-up an over Rs.25-crore expansion plan for its East-African operations, over the next 2-3 years. This involves augmenting its manufacturing capacity by setting-up a state-of-the-art manufacturing facility and expanding into high-potential markets. MIL aims to grow its top-line by over 20 per cent CAGR, primarily through expanding business in East African countries. MIL is a leading player in the lubricants manufacturing and distributing space and operates in Africa and the Middle-East through its step-down subsidiary Quantum Lubricants (AI) Ltd (QL).

"By almost tripling our manufacturing capacity, we will be ideally placed to exploit the market potential in our focus markets," said MIL's Managing Director M. Deepak Raval.

QL set-up its first distribution plant in Africa in 2014 with a capacity of 20,000-litres per annum and in the last few years, has registered an average 15 per cent CAGR.

This year the company aims to expand and strengthen its lubricants business in Rwanda, Uganda and Tanzania, either through a new subsidiary or an existing distributor partner.

"We will be ready with our plans to expand our lubricants business within the next few months," said M. Milind Joshi, MIL's Chief Financial Officer (CFO).

The company has further identified DRC, South Sudan, Malawi and Zambia along with Nigeria and Ghana as high-potential markets.

"We are presently conducting feasibility studies to ascertain the viability, market potential and profitability of the business in these and other markets," M. Joshi said.

MIL, through QL, caters to the requirements of both automotive as well as industrial and specialty oil clients in Kenya and neighbouring countries.

For the industrial segment, MIL manufactures metal working fluids, fluid machinery oils, extreme pressure greases and gear oils while for the specialty segment, it manufactures refrigeration compressor oils, specialty hydraulic fluids and printing inks oils. For the automotive segment, MIL's products include engine oils, gear oils and Automotive Transmission Fluid (ATF).

The company aims to accelerate its growth and expand its margins and profitability through a better product mix and focus on new potential markets. It is also confident of executing its business plans seamlessly and attaining the next level of growth over the next 2-3 years.

#### 11. CDSL e-Voting System - For Remote e-voting and e-voting during AGM

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020, Circular No. 20/2020 dated May 05, 2020, General Circular No. 02/2021 dated January 13, 2021, General Circular No. 21/2021 dated December 14, 2021 and General Circular No. 02/2022 dated May 5, 2022 ('MCA Circulars'). The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-Voting as well as the e-Voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes

through e-Voting.

#### THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

**Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.**

**Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.**

- (i) The e-voting period begins on **Friday, 16th September, 2022 at 9.00 a.m. (IST) and ends on Sunday, 18th September, 2022 at 5.00 p.m. (IST)**. During this period, shareholders of the Company holding shares either in physical form or in dematerialized form, as on the **cut-off date i.e. Monday, 12th September, 2022** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/ P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-Voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-Voting service providers (ESPs) providing e-Voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-Voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-Voting process.

**Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.**

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/ 2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

## ANNEXURE TO NOTICE

### EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

The following Statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice:

#### Item Nos. 3 and 4:

The Equity Shares of the Company are listed and traded on the BSE Limited. The Company's strong performance and faith of the investors has led to significant increase in the market price of its Equity Shares. In order to provide enhanced liquidity in the capital market through widening shareholder base and to make it more affordable for small investors, it is proposed to sub-divide, 1 (One) fully paid-up Equity Share of face value ₹ 10/- each into 10 (Ten) fully paid-up Equity Shares of face value of ₹ 1/- each pursuant to the provisions of Section 61(1)(d) of the Act, the rules made thereunder and other applicable provisions.

The Record Date for the aforesaid sub-division of Equity Shares shall be fixed by the Board (including any Committee thereof) after the approval of the Members is obtained for the proposed sub-division.

In the opinion of the Board, proposed sub-division of the Equity Shares is in the best interest of the Company and the investors and therefore the Board at its meeting held on 18th August, 2022, approved the aforesaid sub-division subject to requisite approval of the shareholders. The proposed sub-division of fully paid-up Equity Shares will not result in any change in the amount of Authorized, Issued, Subscribed and Paid-up equity Share Capital of the Company.

The Pre and post Equity Share Capital of the Company will be as under:

Type of Capital	Pre Sub - Division			Post Sub - Division		
	No. of Equity shares	Face Value (₹)	Total Share Capital (₹)	No. of Equity shares	Face Value (₹)	Total Share Capital (₹)
Authorised Share Capital	1,68,00,000	10 each	16,80,00,000	16,80,00,000	1 each	16,80,00,000
Issued, Paid-up and subscribed capital	1,25,72,000	10 each	12,57,20,000	12,57,20,000	1 each	12,57,20,000

The sub-division of Equity Shares proposed under Item No. 3 of this Notice shall also require consequential amendments to the existing Clause V (Capital Clause) of the Memorandum of Association of the Company as set out in Item no. 4 of this Notice to reflect change in the face value of Equity Shares of the Company.

Accordingly, the consent of the Members is sought for passing of: (a) Special Resolution for sub-division of Equity Shares as mentioned at Item No. 3; and (b) Special Resolution for carrying out amendments to the Memorandum of Association of the Company as mentioned at Item No. 4.

A draft copy of the modified Memorandum of Association will be available electronically for inspection by the Members during the AGM. Members seeking to inspect the same can send an email to [info@maximusinternational.in](mailto:info@maximusinternational.in).

None of the Directors and Key Managerial Personnel of the Company or their respective relatives is concerned or interested in the Resolution mentioned at Item Nos. 3 and 4 of the Notice.

The Board recommends the Resolutions set forth in Item Nos. 3 and 4 for the approval of the Members.

#### Item No. 5:

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ('the Act'), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the Shareholders by way of Ordinary Resolution, in case certain transactions with related parties exceeds such sum as is specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

However, pursuant to Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), prior approval of the shareholders is required for all material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis. For this purpose, a transaction with Related Parties shall be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds ₹ 1000 crore or 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower.

The Company proposes to enter into contract(s)/ arrangement(s)/ transaction(s) with "Related Parties" as mentioned below, which are in the ordinary course of business. Further, the estimated value of the proposed transaction is likely to exceed the said threshold limit of 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company and therefore may exceed the materiality threshold as prescribed under Regulation 23 of the SEBI Listing Regulations. Thus, these transactions would require the approval of the Shareholders by way of Special Resolution.

Accordingly, the related party transactions as recommended by the Audit Committee and approved by the Board of Directors at their respective meetings are hereby placed before the Shareholders for their approval by way of Special Resolution to enable the Company/Subsidiary Companies to enter into the following Related Party Transactions in one or more tranches. The transactions under consideration, are proposed to be entered into by the Company/Subsidiary Companies with the following related parties in the ordinary course of business and at arms' length basis.

Details of the transactions and other particulars thereof as per Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 read with Section 188 of the Companies Act, 2013 (the 'Act') as amended till date and SEBI Circular no. SEBI/HO/CFD/CMD1/CIR/P/2021/662 dated 22nd November 2021:

**CLARIFICATION/REPLY TO THE QUALIFICATIONS MADE BY THE SECRETARIAL AUDITOR (SA) IN THEIR PREVIOUS YEAR REPORTS:**

Qualification	Reply
The Company had yet not filed form FC-GPR in relation to issue and allotment of equity shares to Non-Resident Indians in its public issue (on 27th March, 2017) and bonus issue (on 28th February, 2019) respectively.	With regard to the qualifications observed by the SA in their previous reports pertaining to the financial years 2018-19, 2019-20 and 2020-21, respectively, for non-filing of Form FC-GPR by the Company

in relation to issue and allotment of equity shares to Non-Resident Indians (NRIs) in Company's maiden Public Issue and Bonus Issue of shares, respectively, the Board of Directors would like to clarify that the Company has sought a clarification from the Yes Bank, being an Authorized Dealer Bank ("AD Bank") in this regard and the said AD Bank vide their letter dated 30.04.2022 stated that as per Para 6.11.1(4) of the Reserve Bank India's Master Direction on Foreign Investment in India dated January 4, 2018, an issue of shares to FPI (Foreign Portfolio Investors) under Schedule II and NRI/OCI under Schedule III under IPO/Rights/Bonus issue do not require FC-GPR reporting. Thus, there was no FC-GPR reporting obligation applicable to the Company pertaining to issue of its equity shares under its maiden IPO and issue of Bonus shares.

The composition of Board was not compliant of Regulation 17(1)(c) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 from 1st July, 2020 to 16th August, 2020 as number of Directors was less than 6 (Six) and in this respect penalty imposed by the BSE Limited (BSE) was deposited by the Company.

With regard to the qualification observed by the SA in their previous report for the financial year 2020-21 for non-compliance of Regulation 17(1)(c) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 from 1st July, 2020 to 16th August, 2020, we would like to clarify that the Company had appointed Mr. Paresh Thakkar (sixth director) as Additional Director (in the category of Professional and Executive Director) w.e.f. 17.08.2020. Accordingly, the composition of the Board was achieved in compliance with Regulation 17(1)(c) of the SEBI (LODR) Regulations, 2015. At the same time, in accordance with the circular issued by the SEBI bearing no.: SEBI/HO/CFD/CMD/CIR/P/2020/12 dated January 22, 2020, the BSE waived off the fine levied for the said non-compliance towards the Annual Listing Fees against the representation made by the Company.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economies of world are now coming out of the pandemic effect of Covid. Indian economy has advantageously poised, relative to peers. So we are the foothills of a strong recovery, having regained positive growth, but more importantly, having flattened the infections curve. Our country is now almost free from risks of pandemic after having successfully done with vaccination drive.

We are now able to regain livelihoods and restored normalcy in workplaces, education and incomes becomes an imperative. The Government's actions that are calibrated, sequenced and well-timed enables us to reach out to various sections of society and business and right down to the smallest.

### GLOBAL ECONOMIC CONDITIONS

Now most of the economies are recovering as countries renew their trust with growth, supported by monetary and fiscal stimulus. Still, activity remains uneven across countries and sectors including financial sector. The outlook is still little uncertain and clouded with downside risks. After rebounding to an estimated 5.5% in 2021, global growth is expected to decelerate markedly in 2022 - to 4.1 %, reflecting continued COVID-19 flare-ups, diminished fiscal support and lingering supply bottlenecks. Various downside risks cloud the outlook, including simultaneous Omicron-driven economic disruptions, further supply bottlenecks, a de-anchoring of inflation expectations, financial stress, climate-related disasters and a weakening of long-term growth drivers.

Now as far as domestic developments, aggregate supply conditions are underpinned by the resilience of the agricultural sector and that financial sector is also badly affected. The forecast of a normal monsoon by the India Meteorological Department (IMD) is expected to sustain rural demand and overall output in 2022, while also having a soothing impact on inflation pressures.

With the Covid-19 pandemic-led economic disruption and divergence in performance across sectors, India's economic recovery outlook is likely to turn cautious for the first quarter of 2022. However, economic damage from the current outbreak is forecasted to be far less compared to the first two waves of infections. The United Nations projected that the Indian economy would grow at **10.1** per cent in the calendar year 2022, nearly double the 5.9 per cent growth forecast for the country in the recent report.

Aggregate demand conditions, particularly in contact-intensive services, are likely to see increase, depending on how the COVID situation unfolds. With restrictions and containment measures being localised and targeted, businesses and households are learning to adapt. Reports suggest that the disruption in manufacturing units is now minimal. Consumption demand is holding up, with sales of consumer goods rising in double digits. Overall, the high frequency indicators are emitting mixed signals.

### CPI inflation edged up to 6.07 per cent in February 2022.

Small businesses and financial entities at the grass root level are doing better. RBI is doing continuous assessment of the macroeconomic situation and financial market conditions and takes suitable measures.

### Outlook

#It is expected that India's gross domestic product (GDP) growth to rebound to 11% in fiscal 2022, after an estimated 8% contraction this fiscal, as four drivers - people learning to live with the new normal, flattening of the Covid-19 affliction curve, rollout of vaccinations, and investment-focused government spending - converge.

However, as in this fiscal, the pace of growth will differ in the first and second halves next fiscal. While the first half will benefit optically because of low-base effect, the second half will see a more broad-based pick-up in economic activity.

But recovery would not be easy, with scars of the pandemic running deep for small businesses and the urban poor; the rural economy has been more resilient versus the urban, and services are lagging manufacturing in recovery. Trade has also normalised faster than the rest of the economy, with both exports and imports scaling pre-pandemic levels.

Next fiscal, revenue should grow 15-16%, led by volume recovery across sectors on two consecutive low-base years and higher investment spend by the government, especially on core infra segments of roads, railways and urban infrastructure.

## INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF  
MAXIMUS INTERNATIONAL LIMITED

Report on the audit of the Standalone Financial Statements

### Opinion

We have audited the accompanying Standalone financial statements of **Maximus International Limited** ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2022, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Cash Flows, the Standalone statement of changes in equity for the year ended and summary of Standalone significant accounting policies and other explanatory information. (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, the loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

### Information other than the standalone Financial Statement and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management discussion and analysis, board's report including Annexure to Board's Report, Corporate Governance and Shareholder's information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so;

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our works; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charges with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), and the Standalone changes in Equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

## ANNEXURE - A TO THE AUDITORS' REPORT

Referred to in Para 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the standalone Financial Statements for the year ended March 31, 2022.

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- 1(a)(A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment;
- 1(a)(B) The company is maintaining proper records showing full particulars of Intangible assets.
- 1(b) As informed to us, the company has a regular programme of physical verification of its Property, Plant and Equipment by which Property, Plant and Equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets;
- 1(c) Based on our verification of the documents provided to us and according to the information and explanations given by the Management, the title deeds of all the immovable properties are held in the name of the Company (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements as at the Balance Sheet date;
- 1(d) The company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets during the year.
- 1(e) As disclosed in note no. 46(i) to the accounts and as verified by us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

- 2(a) In our opinion and according to the information and explanations given to us, physical verification of inventory has been conducted at reasonable intervals with appropriate coverage and procedures of such verification by the management and no material discrepancies were noticed on physical verification of 10% or more in aggregate for each class of inventory;
- 2(b) Based on our examination of the records, the company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. Hence reporting under this clause is not applicable.
- 3 The Company has made investments in, companies, firms, Limited Liability Partnerships, and granted unsecured loans to other parties, during the year, in respect of which;
- 3(a) The Company has provided loans to employee and other parties during the year, are as follows:

Unsecured Loans	No. of Parties	Aggregate amount granted/ provided during the year (Rs. In Lakhs)	Balance Outstanding as at balance sheet date in respect of loans (Rs. In Lakhs)
Other Parties	8	242.89	836.11
Employee	1	-	0.07

- 3(b) In our opinion and according to the information provided to us, the terms and conditions of the grant of such loans and investments made are not prejudicial to the interest of the company;
- 3(c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally been regular as per stipulation.
- 3(d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- 3(e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- 3(f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii) (f) is not applicable.
- Other than that mentioned above, the company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnership or any other parties;
- 4 In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made;
- 5 The Company has not accepted deposits or amounts which are deemed to be deposits and therefore the compliance with the provisions of sections 73 to 76 of the companies Act and the rules framed there under for the deposits accepted is not applicable to the company;

- 6 The Central Government has not prescribed the maintenance of cost records by the Company under section 148(1) of the Companies Act;
- 7(a) In our opinion, the Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and Service Tax (GST), custom duty, cess and other statutory dues and there are no undisputed statutory dues outstanding as at 31st March, 2022, for a period of more than six months from the date they became payable except Income Tax of Rs. 16.59 lakhs and 9.81 lakhs outstanding related to financial year 2019-2020 and 2020-2021 respectively;
- We are informed that the provisions relating to provident fund and employees' state insurance are not applicable to the company;
- 7(b) According to the information and explanations given to us and records examined by us, there are no statutory dues of referred in sub-clause (a) that has not been deposited on account of any dispute;

- 9(a) Based on examination of records and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon during the year.
- 9(b) As disclosed in note no. 46(ix) to the accounts and as verified by us, the company has not been declared wilful defaulter by any bank or financial institution or other lender;
- 9(c) According to the information and explanations given to us, and the records examined by us, all term loans were applied for the purpose for which the loans were obtained;
- 9(d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company;
- 9(e) According to the information and explanations given to us, and the records examined by us, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- 9(f) According to the information and explanations given to us, and the records examined by us, the company has not raised any loans during the year on the pledge of securities held in its subsidiaries companies.
- 10(a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable
- 10(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- 11(a) During the course of our examination of the books of account and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any incidence of fraud on or by the Company noticed or reported during the year, nor we have been informed of any such case by the management
- 11(b) According to the information and explanations given to us, and based on our examination of the records no fraud on or by the Company noticed or reported during the course of audit. Accordingly reporting under this clause is not applicable;
- 11(c) According to the information and explanations provided to us, no whistle-blower complaints have been received during the year by the company.
- 12 The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable;
- 13 According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards;
- 14(a) In our opinion and the records examined by us, the company has an internal audit system commensurate with the size and nature of its business of the company;
- 14(b) We have considered report of the internal auditors for the period under audit.
- 15 According to the information and explanations given to us and based on our examination of the records of the Company, the company has not entered into any non-cash transactions with directors or persons connected with them. Hence, the provisions of section 192 of the Act are not applicable;
- 16(a) In our opinion, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the order is not applicable.
- 16(b) In our opinion and as informed to us by the management, there is not more than one Core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) .
- 17 The company has incurred cash loss of Rs. 3.38 lakhs in the financial year. However, company has not incurred cash loss in the immediately preceding financial year.

- 18 There has been no resignation of the statutory auditors during the year;
- 19 On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- 20(a) According to the information and explanations given to us and based on our examination of the records, company is not required in incurred expenditure as per section 135 of company act. Hence reporting under clause 20(a) and 20(b) is not applicable.

## ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **MAXIMUS INTERNATIONAL LIMITED** ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of internal financial controls with reference to the financial statements of the company that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements of the company were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to financial statements of the company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an internal financial controls with reference to the financial statements of the company and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- Certain financial assets and liabilities that are measured at fair value.

#### iii. Functional and presentation currency

These financial statements are presented in Indian Rupees, which is the Company's functional currency, and all values are rounded to the nearest lakhs, except otherwise indicated.

#### iv. Composition of Financial Statements

The financial statements are accordance with Ind AS presentation. The financial statements comprise:

- Balance Sheet
- Statement of Profit and Loss
- Statement of Changes in Equity
- Statement of Cash Flow
- Notes to Financial Statements

### 3 Significant Accounting Policies and Other Explanatory Notes

#### 3.1 Significant Accounting Policies

##### A Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

##### An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

##### A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non-current classification of assets and liabilities.

**B Property, Plant and Equipment:**

**Recognition and measurement:**

All items of property, plant and equipment are stated at cost, which includes capitalized borrowing costs, less accumulated depreciation, and impairment loss, if any. Cost includes purchase price, including non-refundable duties and taxes, expenditure that is directly attributable to bring the assets to the location and condition necessary for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located, if any.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees, and for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policies. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for, as separate items (major components) of property, plant and equipment. Any gains or losses on their disposal, determined by comparing sales proceeds with carrying amount, are recognized in the Statement of Profit or Loss.

**Subsequent Expenditure:**

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

**De-Recognition:**

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising from its de-recognition is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when the asset is de-recognized.

**Depreciation methods, estimated useful lives and residual value:**

Depreciation on property, plant and equipment is provided using the straight-line method based on life and in the manner prescribed in Schedule II to the Companies Act, 2013. The estimated useful lives of assets are as follows:

Asset	Useful Lives (Years)
Office buildings	60 years
Furniture and fixtures	8-10 years
Office equipment	5 years
Computer equipment	3-5 years
Vehicles	8 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

**Capital Work-in-Progress:**

Plant and properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying asset, borrowing costs capitalized in accordance with the Company's accounting policies. Such plant and Properties are classified and capitalized to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the asset are ready for their intended use.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets" and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

**C Investment Property :**

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property.

**Recognition and measurement:**

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

**Subsequent Expenditure:**

Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

**De-Recognition:**

When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

**Depreciation methods, estimated useful lives and residual value:**

Investment properties are depreciated using straight-line method over their estimated useful lives.

**D Impairment of Non financial assets:**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit (CGU) to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGU for which a reasonable and consistent allocation basis can be identified.

The Company's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

**E Inventories:**

Inventories of the company consists of only Traded goods. Inventories are measured at lower of cost and net realizable value. Cost of inventories is determined on a FIFO, after providing for obsolescence and other losses as considered necessary. Cost includes expenditure incurred in acquiring the inventories, reduction and conversion costs and other costs incurred in bringing them to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The comparison of cost and net realizable value is made on an item-by-basis.

**F Financial Instruments:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Financial Assets:**

**Initial recognition, classification and measurement:**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through Other Comprehensive Income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of

Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit and loss and recognized in other gains/ losses.

### Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to Statement of Profit and Loss. Dividends from such investments are recognized in Statement of Profit and Loss as other income when the Company's right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gain/losses in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the company has transferred substantially all the risks and rewards of the asset, or
  - (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

### Impairment of financial assets:

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are measured at amortized cost e.g., loans, deposits, trade receivables and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset.

### Financial Liabilities:

#### Initial recognition and Measurement:

The Company's financial liabilities include trade and other payables, loans and borrowings. All financial liabilities are recognized initially at fair value and in the case of loans, borrowings and payables recognized net of directly attributable transaction costs.

#### Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

#### Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

#### Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an Integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

#### De - Recognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an

existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

**Off-setting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

**G Cash and cash equivalents:**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**H Cash Flow**

Cash flows are reported using the Indirect Method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

**I Cash dividend:**

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

**J Foreign Currency Translation:**

**Initial Recognition:**

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

**Conversion:**

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

**K Revenue Recognition:**

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

**Sale of Traded Goods:**

Sales are recognized, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component and consideration payable to the customer like return and trade discounts.

**L Other Income:**

**i. Interest income:**

Interest income from the financial assets is recognized on a time basis, by reference to the principle outstanding using the

effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Company and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

**ii. Dividends :**

Dividend income is recognized when the unconditional right to receive the income is established.

**iii. Export Benefits :**

The benefits accrued under the duty drawback scheme as per the Import and Export Policy in respect of exports made under the said scheme has been included under the head 'Other Income'.

Other income is accounted for an accrual basis for except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

**M Employee benefits:**

Employee benefits includes short term employee benefits, contribution to defined contribution schemes, contribution to defined benefit plan and Compensated absences.

**Short-term Employee Benefits:**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**N Borrowing costs:**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

**O Income taxes :**

The tax expense comprises of current income tax and deferred tax.

**Current income tax:**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred tax:**

Deferred tax is provided using the liability approach temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

**P Provisions and Contingent liabilities and contingent assets :**

**a) Provisions:**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and liable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each balance sheet and adjusted to reflect the current best estimates.

**b) Contingent Liabilities and Contingent assets:**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent assets is not recognized unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

**Q Earnings per Share:**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**R Company as a lessee**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

**Lease Liability**

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

### **Right-of-use assets**

Initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

### **Subsequent measurement**

#### **Lease Liability**

Company measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

### **Right-of-use assets**

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset.

### **Impairment**

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

### **Short term Lease:**

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

### **Company as a lessor**

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The lease income from operating leases is recognised on either a straight-line basis over the lease term or another systematic basis. The lessor shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished .

## **S Segment reporting:**

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, evaluates the Company's performance and allocates the resources based on an analysis of various performance. The analysis of geographical segments is based on the geographical location of the customers wherever required.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

### **Segment Policies:**

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

## **3.2 Use of Judgments, Estimates and Assumptions:**

The preparation of the Company's separate financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

### **Estimates and assumptions:**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a

significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the separate financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

**a. Determination of the estimated useful life of tangible assets**

Useful life of tangible assets is based on the life prescribed in schedule II of the companies act, 2013. In cases, where the useful life are different from that prescribed in schedule II, they are based on technical advice, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

**b. Taxes:**

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

**c. Fair value measurement of financial instruments:**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d. Impairment of financial assets:**

The Company assesses impairment based on expected credit losses (ECL) model on trade receivables. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

**e. Impairment of non-financial assets:**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

These calculations are corroborated by valuation multiples, quoted share price for publicly traded subsidiaries or other available fair value indicators.

**f. Other Provisions:**

Significant estimates are involved in the determination of provisions. Legal proceedings often involve complex legal issues and are subject to substantial uncertainties. Accordingly, considerable judgment is part of determining whether it is probable that there is a present obligation as a result of a past event at the end of the reporting period, whether it is probable that such a Legal Proceeding will result in an outflow of resources and whether the amount of the obligation can be reliably estimated.

**3.3 Recent Accounting Pronouncements**

The following standards / amendments to standards have been issued and will be effective from 1st April 2022. The Company is evaluating the requirements of these standards, improvements and amendments and has not yet determined the impact on the financial statements.

##### (i) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the Indian accounting standard. An explanation of each level follows underneath the table.

**Financial Assets and Liabilities measured at fair value - recurring fair value measurements**

(₹ in Lakhs)

As at March 31, 2022	Notes	Level 1	Level 2	Level 3
<b>Financial Assets</b>				
<b>Financial Investments at FVOCI</b>				
Equity Instruments	6	-	-	-
<b>Total Financial Assets</b>		-	-	-
Financial Liabilities		-	-	-
<b>Total Financial Liabilities</b>		-	-	-

**Financial Assets and Liabilities measured at fair value - recurring fair value measurements**

(₹ in Lakhs)

As at March 31, 2021	Notes	Level 1	Level 2	Level 3
<b>Financial Assets</b>				
<b>Financial Investments at FVOCI</b>				
Equity Instruments	6	127.32	-	-
<b>Total Financial Assets</b>		<b>127.32</b>	-	-
Financial Liabilities		-	-	-
<b>Total Financial Liabilities</b>		-	-	-

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

**(ii) Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted analysis.

The carrying amount of trade receivables, cash and cash equivalents, loan, trade payables, borrowings and other financial liabilities are considered to be the same as their fair value, due to their short - term nature.

**44 FINANCIAL RISK MANAGEMENT**

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

**(A) Credit risk**

Credit risk is the risk of financial loss to the company if customers or counter party to a financial instruments fails to meet its contractual obligations and arises principally from the company's receivables from customers. Credit risk is managed through credit approvals,

establishing credit limits and continuously monitoring the credit worthiness of customers to which the company grants the credit terms in the normal course of business. The company establishes an allowance for doubtful debts and impairment that represents its estimates of current losses in respect of trade and other receivables.

**(i) Credit risk management**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer and including the default risk of the industry, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business;
- ii) Actual or expected significant changes in the operating results of the counterparty;
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- iv) Significant increase in credit risk on other financial instruments of the same counterparty;
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

**(B) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**(i) Maturities of financial liabilities**

The tables herewith analyze the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

**(C) Market Risk**

**(i) Price Risk**

The company is mainly exposed to the price risk due to its investments in equity instrument. The price risk arises due to uncertainties about the future market values of these investments. The above instruments risk arises due to uncertainties about the future market values of these investments.

**Management Policy**

The company maintains its portfolio in accordance with the framework set by the Risk management Policies. Any new investment or divestment must be approved by the board of director.

**(ii) Currency Risk**

Currency Risk is the risk that the value of financial instrument will fluctuate due to changes in foreign exchange rates. Foreign Currency risk arise majorly on account of export sales, import purchase, and foreign loan given. The company's foreign currency exposures are managed in accordance with its foreign exchange risk management policy and are regularly reviewed by the company.

Following is the derivative financial instruments to hedge the foreign exchange rate risk:

## INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF  
MAXIMUS INTERNATIONAL LIMITED

Report on the audit of the Consolidated Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of **Maximus International Limited** ("the company"), and its foreign subsidiaries (collectively referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2022, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Statement of Cash Flows, the statement of changes in equity for the year ended summary of significant accounting policies and other explanatory information. (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

### Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management discussion and analysis, board's report including Annexure to Board's Report, Corporate Governance and Shareholder's information, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, considers whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so;

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Groups.

#### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditor. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our works; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charges with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we

determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matters

1. We did not audit the financial statement/financial information of two subsidiaries, whose financial statements reflect total assets (before consolidation adjustments) of Rs. 4,752.65 lakhs as at 31 March 2022, total revenue (before consolidation adjustments) of Rs. 6,621.88 Lakhs and total net profit after tax (before consolidation adjustments) of Rs. 488.59 Lakhs, total comprehensive income (before consolidation adjustments) of Rs. 488.59 lakhs and net cash outflows of Rs 33.04 lakhs for the year ended on that date, as considered in the consolidated financial statement. These subsidiaries are located outside India whose financial statements/financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors in accordance with generally accepted auditing standards available in their respective countries. The Company's Management has converted the financial statements/financial information of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's Management.

Our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the audit reports of the other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

### Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books and the reports of the other auditors.
  - (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including other comprehensive income), and the consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of consolidated financial statements;
  - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March 2022 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) As per the Guidance Note on 'Audit of Internal Financial Controls over financial Reporting' issued in September 2015 by the Institute of Chartered Accountants of India, since the subsidiaries are not incorporated in India, no reporting on the adequacy of the internal financial controls over financial reporting of the said subsidiaries and the operating effectiveness of such controls is required. With respect to the adequacy of the internal financial controls over financial reporting of the Holding company and the operating effectiveness of such controls, refers to our report in Annexure 'B' of the standalone financial statement;
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the holding company has not paid any managerial remuneration to its directors in holding company; and
  - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The consolidated financial statements disclosed the impact of pending litigations on its financial position in its consolidated financial statements - Refer Note 38 to the consolidated financial statements.
    - ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
    - iii. There has been no such instance requiring transfer of any amounts to the Investor Education and Protection Fund by the Group.

- iv.
- i. The Holding Company Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company, its subsidiaries and its associates to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, its subsidiaries and its associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - ii. The Holding Company Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company, its subsidiaries and its associates from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company, its subsidiaries and its associates shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
  - iii. Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. There is no dividend declared or paid during the period by the Company.
2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, We report that the subsidiaries company included in consolidation are foreign subsidiaries, to which reporting under CARO is not applicable, and therefore no separate reporting has been done by us on above matter.

### 2 Basis of Preparation

#### i. Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act"), to be read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

Details of the subsidiary considered in the consolidated financial statements are as under:

Name of the company	Date of acquisition/ incorporation	Country of incorporation	% of shareholding
Maximus Global FZE (MGF)	02.04.2017	Sharjah, UAE	100%
MX Africa Limited	11.05.2018	Kenya	100%
Maximus Lubricants LLC (MLL) (Subsidiary of Maximus Global FZE) (Formerly know as "Pacific Lubricant LLC)	01.01.2020	Sharjah, UAE	49%*
Quantum Lubricants (E.A.) Limited (Subsidiary of MX Africa)	01.12.2019	Kenya	51%

\* Maximus Global FZE (MGF) has acquired indirect control over the operations of Maximus Lubricant LLC (MLL) and hence MLL is subsidiary of MGF, and consequently, step down subsidiary of Maximus International Limited.

#### Principles of Consolidation:

The consolidated financial statements of the Group have been prepared on the following basis:

1. The Financial Statements of the Company and its subsidiary have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses.
2. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances except where it is not practicable to do so.

#### ii. Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except the following:

- Certain financial assets and liabilities that are measured at fair value.

#### iii. Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees, which is the Company's functional currency, and all values are rounded to the nearest lakhs, except otherwise indicated.

#### iv. Composition of consolidated financial statements

The consolidated financial statements are accordance with Ind AS presentation. The consolidated financial statements comprise:

- Consolidated Balance Sheet
- Consolidated Statement of Profit and Loss

- Statement of Changes in Equity
- Consolidated Statement of Cash Flow
- Notes to consolidated financial statements

### 3 Significant Accounting Policies and Other Explanatory Notes

#### 3.1 Significant Accounting Policies

##### A Current versus non-current classification

The Group presents assets and liabilities in the consolidated balance sheet based on current/ non-current classification.

##### **An asset is treated as current when it is:**

- Expected to be realized or intended to be sold or consumed in normal operating cycle
  - Held primarily for the purpose of trading
  - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

##### **A liability is current when:**

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Group has identified twelve months as its operating cycle for the purpose of current / non-current classification of assets and liabilities.

##### B Property, Plant and Equipment:

##### **Recognition and measurement:**

All items of property, plant and equipment are stated at cost, which includes capitalized borrowing costs, less accumulated depreciation, and impairment loss, if any. Cost includes purchase price, including non-refundable duties and taxes, expenditure that is directly attributable to bring the assets to the location and condition necessary for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located, if any.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees, and for qualifying assets, borrowing costs capitalized in accordance with the Group's accounting policies. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for, as separate items (major components) of property, plant and equipment. Any gains or losses on their disposal, determined by comparing sales proceeds with carrying amount, are recognized in the Statement of Profit or Loss.

##### **Subsequent Expenditure:**

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

**De-Recognition:**

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising from its de-recognition is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when the asset is de-recognized.

**Depreciation methods, estimated useful lives and residual value:**

Depreciation on property, plant and equipment is provided using the straight-line method based on life and in the manner prescribed in Schedule II to the Companies Act, 2013. The estimated useful lives of assets are as follows:

Asset	Useful Lives (Years)
Office buildings	60 years
Furniture and fixtures	8-10 years
Office equipment	5 years
Computer equipment	3-5 years
Vehicles	8 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

**Capital Work-in-Progress:**

Plant and properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying asset, borrowing costs capitalized in accordance with the Group’s accounting policies. Such plant and Properties are classified and capitalized to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the asset are ready for their intended use.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under “Other Non-Current Assets” and the cost of assets not put to use before such date are disclosed under ‘Capital work-in-progress’.

**C Investment Property :**

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property.

**Recognition and measurement:**

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

**Subsequent Expenditure:**

Subsequent expenditure is capitalized to the asset’s carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

**De-Recognition:**

When part of an investment property is replaced, the carrying amount of the replaced part is De-Recognition.

**Depreciation methods, estimated useful lives and residual value:**

Investment properties are depreciated using straight-line method over their estimated useful lives.

**D Impairment of Non financial assets:**

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the

assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash generating unit (CGU) to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGU for which a reasonable and consistent allocation basis can be identified.

The Group's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

#### **E Inventories:**

Inventories of the Group consists of only Traded goods. Inventories are measured at lower of cost and net realizable value. Cost of inventories is determined on a FIFO, after providing for obsolescence and other losses as considered necessary. Cost includes expenditure incurred in acquiring the inventories, reduction and conversion costs and other costs incurred in bringing them to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The comparison of cost and net realizable value is made on an item-by-basis.

#### **F Financial Instruments:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

##### **Financial Assets:**

##### **Initial recognition, classification and measurement:**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through Other Comprehensive Income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit and loss and recognized in other gains/ losses.

##### **Equity Instruments**

The Group subsequently measures all equity investments at fair value. Where the group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to Statement of Profit and Loss. Dividends from such investments are recognized in Statement of Profit and Loss as other income when the Company's right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gain/losses in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

**De-Recognition:**

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognized (i.e. removed from the group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the group has transferred substantially all the risks and rewards of the asset, or
  - (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

**Impairment of financial assets:**

In accordance with Ind AS 109, the group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are measured at amortized cost e.g., loans, deposits, trade receivables and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset.

**Financial Liabilities:****Initial recognition and Measurement:**

The group's financial liabilities include trade and other payables, loans and borrowings. All financial liabilities are recognized initially at fair value and in the case of loans, borrowings and payables recognized net of directly attributable transaction costs.

**Subsequent measurement:**

The measurement of financial liabilities depends on their classification, as described below:

**Financial liabilities at fair value through profit or loss:**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

**Loans and borrowings:**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an Integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

**De-Recognition:**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

**Off-setting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

**G Cash and cash equivalents:**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the group's cash management.

**H Cash Flow**

Cash flows are reported using the Indirect Method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

**I Cash dividend:**

The group recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the group. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

**J Foreign Currency Translation:**

**Initial Recognition:**

Transactions in foreign currencies entered into by the group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

**Conversion:**

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

**K Revenue Recognition:**

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the group expects to be entitled in exchange for those goods or services. The group assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

**Sale of Traded Goods:**

Sales are recognized, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer.

The group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the group considers the effects of variable consideration, the existence of significant financing component and consideration payable to the customer like return and trade discounts.

**L Other Income:**

**i. Interest income:**

Interest income from the financial assets is recognized on a time basis, by reference to the principle outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the group and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

**ii. Dividends :**

Dividend income is recognized when the unconditional right to receive the income is established.

**iii. Export Benefits :**

The benefits accrued under the duty drawback scheme as per the Import and Export Policy in respect of exports made under the said scheme has been included under the head 'Other Income'.

Other income is accounted for an accrual basis for except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

**M Employee benefits:**

Employee benefits includes short term employee benefits, contribution to defined contribution schemes , contribution to defined benefit plan and Compensated absences.

**Short-term Employee Benefits:**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Appropriate provisions and payments are made towards defined contribution schemes, defined benefit plans, and compensated absences, in accordance with the respective country's law and regulation and employment contract.

**N Borrowing costs:**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

**O Income taxes :**

The tax expense comprises of current income tax and deferred tax.

**Current income tax:**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred tax:**

Deferred tax is provided using the liability approach temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures,

when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

## **P Provisions and Contingent liabilities and contingent assets :**

### **a) Provisions:**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each balance sheet and adjusted to reflect the current best estimates.

### **b) Contingent Liabilities and Contingent assets:**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

A contingent assets is not recognized unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the consolidated financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

## **Q Earnings per Share:**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the

weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## **R Group as a lessee**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### **Group a lessee**

#### **Lease Liability**

At the commencement date, the group measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

#### **Right-of-use assets**

Initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

#### **Subsequent measurement**

##### **Lease Liability**

Group measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

##### **Right-of-use assets**

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the under lying asset.

#### **Impairment**

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

#### **Short term Lease:**

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

#### **Group as a lessor**

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The lease income from operating leases is recognised on either a straight-line basis over the lease term or another systematic basis. The lessor shall apply another systematic basis if that basis is more representative of the pattern

in which benefit from the use of the underlying asset is diminished .

## S Segment reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, evaluates the group's performance and allocates the resources based on an analysis of various performance. The analysis of geographical segments is based on the geographical location of the customers wherever required.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

### Segment Policies:

The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

## 3.2 Use of Judgments, Estimates And Assumptions:

The preparation of the group's consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

### Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the group. Such changes are reflected in the assumptions when they occur.

#### a. Determination of the estimated useful life of tangible assets

Useful life of tangible assets is based on the life prescribed in schedule II of the companies act, 2013. In cases, where the useful life are different from that prescribed in schedule II, they are based on technical advice, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

#### b. Taxes:

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

#### c. Fair value measurement of financial instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financials instruments.

#### d. Impairment of financial assets:

The group assesses impairment based on expected credit losses (ECL) model on trade receivables. The group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every

reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

**e. Impairment of non-financial assets:**

The group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

These calculations are corroborated by valuation multiples, quoted share price for publicly traded subsidiaries or other available fair value indicators.

**f. Other Provisions:**

Significant estimates are involved in the determination of provisions. Legal proceedings often involve complex legal issues and are subject to substantial uncertainties. Accordingly, considerable judgment is part of determining whether it is probable that there is a present obligation as a result of a past event at the end of the reporting period, whether it is probable that such a Legal Proceeding will result in an outflow of resources and whether the amount of the obligation can be reliably estimated.

**3.3 Recent Accounting Pronouncements**

The following standards / amendments to standards have been issued and will be effective from 1st April 2022. The Company is evaluating the requirements of these standards, improvements and amendments and has not yet determined the impact on the financial statements.

"Indian Accounting Standard (Ind AS) 103 – Business Combinations – Qualifications prescribed for recognition of the identifiable assets acquired and liabilities assumed, as part of applying the acquisition method – should meet the definition of assets and liabilities in the Conceptual Framework for Financial Reporting under Ind AS (Conceptual Framework) issued by the ICAI at the acquisition date. "Modification to the exceptions to recognition principle relating to contingent liabilities and contingent assets acquired in a business combination at the acquisition date. "

Indian Accounting Standard (Ind AS) 109 – Financial Instruments – Modification in accounting treatment of certain costs incurred on derecognition of financial liabilities

Indian Accounting Standard (Ind AS) 16 - Property, Plant and Equipment – Modification in treatment of excess of net sale proceeds of items produced over the cost of testing as part of cost of an item of property, plant, and equipment.

Indian Accounting Standard (Ind AS) 37 - Provisions, Contingent Liabilities and Contingent Assets – Modifications in application of recognition and measurement principles relating to onerous contracts.

**(i) Fair value hierarchy**

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the Indian accounting standard. An explanation of each level follows underneath the table.

**Financial Assets and Liabilities measured at fair value - recurring fair value measurements**

(₹ in Lakhs)

As at March 31, 2022	Notes	Level 1	Level 2	Level 3

<b>Financial Assets</b>				
<b>Financial Investments at FVOCI</b>				
Equity Instruments	8	127.32	-	-
<b>Total Financial Assets</b>		<b>127.32</b>	-	-
Financial Liabilities		-	-	-
<b>Total Financial Liabilities</b>		-	-	-

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The group's policy is to recognize transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

**(ii) Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted analysis.

The carrying amount of trade receivables, cash and cash equivalents loan, trade payables, borrowings and other financial liabilities are considered to be the same as their fair value, due to their short - term nature.

## 46 FINANCIAL RISK MANAGEMENT

The group's Board of Directors has overall responsibility for the establishment and oversight of the group's risk management framework.

The group's risk management policies are established to identify and analyze the risks faced by the group, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the group's activities.

### (A) Credit risk

Credit risk is the risk of financial loss to the group if customers or counter party to a financial instruments fails to meet its contractual obligations and arises principally from the group's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the group grants the credit terms in the normal course of business. The group establishes an allowance for doubtful debts and impairment that represents its estimates of current losses in respect of trade and other receivables.

#### (i) Credit risk management

The group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer and including the default risk of the industry, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group grants credit terms in the normal course of business.

The group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business;
- ii) Actual or expected significant changes in the operating results of the counterparty;
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- iv) Significant increase in credit risk on other financial instruments of the same counterparty;
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the group. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

### (B) Liquidity risk

Liquidity risk is the risk that the group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the group's short-term, medium-term and long-term funding and liquidity management requirements. The group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

#### (i) Maturities of financial liabilities

The tables herewith analyze the group's financial liabilities into relevant maturity groupings based on their contractual maturities for: The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.
