Caution regarding forward looking statements

Certain statements in this annual report concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expect', 'project', 'intend', 'plan', 'believe' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, our actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Focusing on Strategic Growth

During the year under review world economy grew by a positive 5.7% in Calendar Year 2021 (CY21) as compared to a negative 3.3% contraction in CY20. Indian Economy grew by a positive 8.7% in FY22, compared to a negative of 6.7% in FY21. The Real Estate sector finally saw an uptick on various counts right from new launches, higher off-take to higher FDI.

India on the other hand celebrated its 76th Independence Day on August 2022 the nation-wide celebration of 'Azadi Ka Amrutmahotsav – 75 Years of Celebration'.

During FY22, at Parsvnath Developers we moved forward with a focus on strategic growth. Having served the Indian Real Estate sector for over 38 years, Parsvnaths has come a long way to have a near pan-India presence; being first Company from the sector to come with IPO; first Real Estate Company to integrate ISO 9001, 14001 and OHSAS 18000; first Company to develop malls projects with DMRC; first ever mall in a tier II city of Modabdad (1994) and many more. The Company has sustained through all major sectoral and economic transformations, changes and developments. With a heap of learnings in our fold coupled with sectoral expertise and commitment to business, we are pursuing our strategic growth agenda.

We are focusing on growing our revenues, reducing our debt, improving profitability, planning for future launches, fast executing the existing projects among other measures. We are working towards strategic partnerships in the areas of execution and finance for present operations and future growth. During FY22, we witnessed 151% growth from ₹358 Crores in FY21 to ₹899 Crores in FY22. We believe that our ability to stay resilient and bounce back in favourable times, worked for us all these years. The road ahead shall be to stay nimble, focus on the next and commitment to the present.

From The Chairman's Desk

Dear Shareholders

When the next generations will look back on the last two years, they will note the resilience exhibited by humankind in fighting a once in a century pandemic in a world that is globalized like never before. This pandemic has given birth to a multitude of stories of the triumph of the survival spirit. Humanity knows when it is time to hunker down and fight against all the threats to survival and keep the other battles for expansion and material resources for a later day. This spirit is exactly what has helped us sustain and survive during some of the toughest years for the Real Estate sector in the last few years. We kept our focus on the most important things, i.e., delivering on our promises by completing projects, diversifying our revenue and cash flow, monetizing the non-core assets and entering Joint Ventures with other developers.

While the financial year 2021-22 may have begun on a sad note because of the tragic consequences of the second wave of COVID-19 pandemic in India, it ended on a positive note with the country overcoming the rampant Omicron phase of the pandemic with minimal social and economic damage. The Indian economy also recovered from the recessionary phase in the previous year and logged an 8.7% growth in FY2021-22 vs. a 6.6% contraction. This was in line with the overall Global trends. Economic activity and demand rebounded with a vengeance and all sectors, especially those very badly hit during the peaks of pandemic, showed a high growth trajectory. The outlook for the next financial year may have become a bit clouded due to the prolonged Russia – Ukraine war exacerbating the supply chain and inflation issues globally, and the downstream impact of interest rate hikes and flight to safety of capital.

Yet the Indian economy is expected to perform better in relation to the broader world and grow in the range of 7% – 8% in real terms. In tune with the broader economy, the Real Estate sector has also seen a significant revival during the reported financial year. The upswing was seen in all the segments, including Residential, Office, Retail and Hospitality. The Residential segment that has seen major upheavals in the last decade showed a robust demand with end users returning to the market in a big way. The developers responded with an increased number of launches. The unsold inventory fell by 2% as the sales number beat the number of units launched by 5%, bringing it down to 27 months of sales. Both, Residential and Office & Commercial, segments saw all metro markets deliver varying degrees of high growth during the year. The same trend was seen in case of upsizing of the units, where in the Residential segment the High-end and Luxury apartments saw their share inch up and in the Office segment deals greater than 0.1 million sq. ft. had a market share of greater than 50%. Overall most parameters for the industry were positive, except the inflation in the input costs. Flat steel prices were over 50% higher in FY2021-22 as compared to the previous year and cement prices were 11% higher in March 2022 vis-à-vis prices in March 2021. This has affected the profitability across all developers and project viability in some cases.

During the year under review, your Company's consolidated revenues grew by 151% from ₹358 crores in the previous year to ₹899 crores. However, the continued need to finance the execution of existing projects along with lack of adequate sources of finance meant the Company had to liquidate its inventory at much lower margins. In combination with the input cost inflation, this has affected our EBITDA margins during the reported financial year. The Company was, however, successful in reducing the burden of finance costs from ₹433 crores to ₹395 crores, a fall of 8.6%. The Company's net loss increased from ₹428 crores to ₹494 crores in the current year, mainly on account of the EBITDA loss. The balance sheet has suffered further strain on account of this loss. However, the recovery in the sector has made us cautiously confident of turning around the fortunes of the Company in the coming years. On the operational front, during the year under review, the Company booked total 14861.78 sq. mt. area valuations of ₹9331.44 Lakhs that was spread between Residential, Integrated Townships, and Commercial segments. While internally our focus remains on execution to shed the baggage of the past and maintain the trust of our customers, we are taking watchful steps to address market opportunities through strategic alliances with other players and sales partners. Your Company has 36 active projects majorly in Northern India across the National Capital Region and many Tier-II & Tier-III cities. These under construction projects shall remain our focus where we will also explore possibilities to conclude an outright sale.

The outlook for the Real Estate sector in the coming year is positive. Among the various research agencies that have released their projections of the sectoral performance next year, CBRE has assessed that most demand and supply parameters across segments will show an upward trend. The scenario is, however, not all rosy as there are certain negative overhangs that may affect the extent of growth. Key among these are the slowdown in GDP and interest rate hikes, where the impact will depend on the extent and the pace of hike. Inflation in input costs shall moderate going forward and with conducive atmosphere for increase in prices, the profitability situation is likely to improve for the sector. These favourable tidings will act as a tailwind for your Company as well.

In conclusion, like the country was celebrating Azadi Ka Amrit Mahotsav for 75 weeks starting from March 12, 2021, to commemorate 75 years of independence and its history, the Company is extremely proud of its achievements and people. We express our deepest appreciation to all our stakeholders including shareholders, financial institutions, bankers, investors, esteemed customers, associates and most importantly, our employees, for standing by us through the thick and the thin. On behalf of the Board and the Management, I would like to assure you of our best intentions and efforts to turnaround your Company. We wish you the best in the new financial year and desire to come back to you with a lot of good news ourselves during the year!

With warm regards,

3. MATERIAL CHANGES AND/OR COMMITMENTS AFFECTING THE FINANCIAL POSITION OF YOUR COMPANY OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR AND THE DATE OF SIGNING OF THIS REPORT

No material changes and/or commitments affecting the financial position of your Company have occurred between the end of the Financial Year and the date of signing of this Report.

Impact of COVID-19

The second wave of COVID-19 pandemic caused disruptions in the economy as a whole and impacted the Indian Real Estate Industry as well. It presented an unprecedented challenge to public health, food systems and the economy as a whole. This pandemic led to loss of human life and suffering worldwide. The economic and social disruption caused by the pandemic was devastating.

In the first quarter of FY 2021-22, several State Governments announced lockdowns to prevent the spread of COVID-19. This led to the curtailment of economic activity. Once lockdown restrictions were eased, the economy started witnessing a strong recovery.

The health and safety of its employees and stakeholders remained the top priority for the Company, with several initiatives to support employees and their families during the pandemic.

4. SHARE CAPITAL

The Authorized Share Capital of the Company is ₹350,00,00,000/- divided into 60,00,00,000 Equity Shares of ₹5/- each and 5,00,00,000 Preference Shares of ₹10/- each. The Issued, Subscribed and Paid-up Share Capital of the Company is ₹217,59,05,850/- divided into 43,51,81,170 Equity Shares of ₹5/- each.

There was no change in the Share Capital of the Company during the year under review.

5. DIVIDEND

In view of loss incurred during the Financial Year ended March 31, 2022 coupled with constrained liquidity position of the Company, your Directors have considered it appropriate not to recommend any dividend.

Pursuant to Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**SEBI Listing Regulations**"), as amended, the Company has a 'Dividend Distribution Policy', which is available on the Company's website and can be accessed at the link: <http://www.parsvnath.com/investors/iulr/dividend-distribution-policy/>.

6. TRANSFER TO RESERVES

The Company has not transferred any amount to General Reserve during the Financial Year 2021-22.

In terms of the provisions of Section 71 of the Companies Act, 2013 ("**the Act**") read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, Debenture Redemption Reserve is not required to be created for Privately Placed Debentures.

7. DEBENTURES

During the year under review, the Company has partly redeemed Series XIV Secured Redeemable Non-Convertible Debentures ("NCDs") amounting to ₹461.35 Lakhs and Series XVI Secured Redeemable NCDs amounting to ₹380.00 Lakhs.

As per the Agreement with Debenture holder who is holding Series XIV NCDs, the Debenture holder had permitted to extend the time for repayment till March 31, 2023.

8. FIXED DEPOSITS

During the year under review, the Company has not accepted fixed deposits from the public.

9. LISTING AT STOCK EXCHANGES

The Equity Shares of the Company are listed on National Stock Exchange of India Limited ("**NSE**") and BSE Limited ("**BSE**"). The Listing Fee for the Financial Year 2022-23 has been paid by the Company to both NSE and BSE.

10. ANNUAL RETURN

The Annual Return of the Company, in Form MGT-7, may be accessed on the Company's website at the link: <http://www.parsvnath.com/investors/iulr/annual-return-form-mgt-7/>, as per the provisions of Section 92 of the Act.

11. SUBSIDIARIES, JOINT VENTURES AND ASSOCIATE COMPANIES AND CONSOLIDATED FINANCIAL STATEMENTS

As on March 31, 2022, the Company had 21 Subsidiaries (including a foreign subsidiary) and 3 Associate Companies, in terms of the provisions of the Act. During the year under review, Vasavi PDL Ventures Private Limited has ceased to be a Subsidiary of the Company due to transfer of entire shareholding by the Company.

The project-specific or sector-specific Subsidiary Companies ensure maximum utilization of available resources through focused attention on specific activities.

Pursuant to the provisions of Section 129(3) of the Act, a

statement containing brief financial details of the Company's Subsidiaries and Associate Companies for the Financial Year ended March 31, 2022 in Form AOC-1 is attached to the Financial Statements of the Company. The details as required under Rule 8 of the Companies (Accounts) Rules, 2014 regarding the performance and financial position of each of the Subsidiaries and Associate Companies forms part of the Consolidated Financial Statements of the Company for the Financial Year ended March 31, 2022.

Whistle Blower Policy is a mechanism to address any complaint(s) related to fraudulent transactions or reporting intentional non-compliance with the Company's policies and procedures and any other questionable accounting/operational process followed. It provides a mechanism for Employees to approach the Chairman of the Audit Committee or the Company Secretary designated as 'Whistle and Ethics Officer'. During the year, no such incidents were reported and no personnel were denied access to the Chairman of the Audit Committee.

The Vigil Mechanism/ Whistle Blower Policy of the Company may be accessed on the Company's website at the link: <http://www.parsvnath.com/investors/information/vigil-mechanism-whistle-blower-policy/>.

32. AUDITORS

- (a) **Statutory Auditors and Independent Auditors' Report**

M/s T R Chadha & Co. LLP, Chartered Accountants (Firm Registration No. 006711N/N500028) was appointed as

Statutory Auditors of the Company for a term of five consecutive years from the conclusion of the 30th AGM till the conclusion of 35th AGM of the Company.

Independent Auditors' Report

- M/s T R Chadha & Co. LLP, Statutory Auditors in their Report on the Financial Statements of the Company for the Financial Year ended March 31, 2022 have drawn attention to some of the matters in the notes to the Ind-AS Financial Statements, in respect of which their opinion is not modified. The response of the Directors in respect thereof is given below:

- (i) Due to COVID-19 pandemic and continued recession in the real estate sector owing to slowdown in demand, the Company is facing tight liquidity situation as a result of which there have been delays/default in payment of principal and interest on borrowings, statutory liabilities, salaries to employees and other dues. Also, the Company continues to face lack of adequate sources of finance to fund execution and completion of its on-going projects resulting in delayed realisation from its customers and lower availability of funds to discharge its liabilities. The Company is continuously exploring alternate sources of finance, including sale of non - core assets to generate adequate cash inflows for meeting these obligations and to overcome this liquidity crunch. In the opinion of the Management, no adverse impact is anticipated on future operations of the Company.
- (ii) Based on the management assumptions, future business plans and planned sale off some identified assets, management is certain about realization of these assets in coming years.
- (iii) Due to pending legal cases in arbitration against Delhi Metro Rail Corporation (DMRC), intangible assets under development of ₹13,851 Lakhs is recoverable, in respect of suspension of construction at one of the

projects awarded by DMRC.

- (iv) There was a computational error in the award dated January 09, 2015 that needs to be rectified in the interest of justice. Therefore, in the opinion of the legal Counsel, ₹14,047 Lakhs is good and recoverable from Chandigarh Housing Board relating to the matter pending before Hon'ble High Court of Punjab and Haryana.

- There were no instances of frauds reported by the Statutory Auditors under Section 143(12) of the Act.

(b) Secretarial Auditor and Secretarial Audit Report

The Secretarial Audit Report of Mr. Ashok Tyagi for the Financial Year ended March 31, 2022 is annexed herewith as **Annexure III** to this Report. The Secretarial Auditor in his report has made some observations and the response of the Directors in respect thereof is given below:

- (i) In respect of certain delays/ defaults in payment of principal and interest on borrowings, statutory liabilities and payment of other dues by the Company, the response of Directors is given in Point (a) (i) above.
- (ii) In respect of the Show Cause Notice received from SEBI, the SCN was replied by the Company and also personal hearings before Whole Time Member (WTM), SEBI were conducted. Now the SEBI has issued its order dated June 29, 2022, wherein the Company is restrained from accessing the securities market and further prohibited from buying, selling or otherwise dealing in securities, directly or indirectly, or being associated with the securities market in any manner, whatsoever, for a period of six (6) months, from the date of coming into force of the aforesaid order and a penalty of ₹15,00,000/- (Rupees Fifteen Lakhs) is imposed under Section 23H of SCRA 1956 on the Company. However, the Company has filed an appeal against the same with the Competent Authority.
- (iii) In respect of the Show Cause Notices received from MCA, the Company has denied all the allegations

charged against it and has filed compounding applications in respect thereof.

Pursuant to the provisions of Regulation 24A of the SEBI Listing Regulations, the Secretarial Audit Report of Parsvnath Infra Limited, Parsvnath Estate Developers Private Limited, Parsvnath Hessa Developers Private Limited and Parsvnath Buildwell Private Limited, Material Unlisted Subsidiary Companies, issued by M/s Sonal J & Associates, Company Secretaries, for the Financial Year ended March 31, 2022 are annexed herewith as **Annexure IV to VII** respectively to this Report. There are no qualifications, reservations or adverse remarks in the said Reports.

(c) **Internal Auditors**

Pursuant to the provisions of Section 138 of the Act, the Board of Directors of the Company has approved the appointment of M/s Nitin Agrawal & Associates, Chartered Accountants (Firm Registration No. 015541C), as Internal Auditors of the Company, based on the recommendation of the Audit Committee.

(d) **Cost Auditors**

The Company is required to maintain the cost records, as per Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014 and accordingly, such accounts and records are made and maintained.

During the year under review, the Board of Directors at its Meeting held on August 24, 2021 had re-appointed M/s Chandra Wadhwa & Company, Cost Accountants (Firm Registration No. 000239) as Cost Auditors of the Company for conducting the audit of cost records of the Company for the Financial Year 2021-22.

FORM MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022

[Pursuant to Section 204(1) of the Act and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
PARSVNATH DEVELOPERS LIMITED,
(L45201DL1990PLC040945),
Parsvnath Tower, Near Shahdara Metro Station,
Shahdara, Delhi-110032

I have conducted the Secretarial Audit of the compliances for the Financial Year ended March 31, 2022 of the applicable statutory provisions and the adherence to good corporate practices by Parsvnath Developers Limited (hereinafter called “**the Company**”). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the statutory compliances and expressing my opinion thereon.

Management’s Responsibility for Secretarial Compliances

The Company’s Management is responsible for preparation and maintenance of secretarial records and for devising proper systems to ensure compliance with the provisions of all applicable laws and regulations.

Auditor’s Responsibility

My responsibility is to express an opinion on the secretarial records, standards and procedures followed by the Company with respect to secretarial compliances.

I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records.

I have not verified the correctness and appropriateness of financial records and Books of Account of the Company. Wherever required, I have obtained the Management Representation about the compliance of laws, rules and regulations and happening of events etc.

The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficiency and effectiveness with which the management has conducted the affairs of the Company.

Limitation

Due to inherent limitation of an audit including internal, financial and operating control, there is an unavoidable risk that some mis-statements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Secretarial Auditing Standards as prescribed by the Institute of Company Secretaries of India (ICSI).

Further, I conducted the Secretarial Audit by examining the secretarial records including minutes, documents, registers, other records and returns related to applicable laws on the Company etc. The management has confirmed that the records submitted to us are true and correct. I have also relied upon the representation given by the management of the Company for the certain areas which otherwise require physical verification.

Opinion

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period complied with the statutory provisions listed hereunder and also that the Company has proper board processes and compliance mechanism in place to the extent, in the manner subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended March 31, 2022 according to the provisions of:

- The Companies Act, 2013 (‘the Act’) and Rules made there under read with notifications, exemptions and clarifications thereto;
- The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and rules made thereunder;

- The Depositories Act, 1996 and the regulations and Bye-Laws framed thereunder;
- Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;- **to the extent applicable to the Company during the year under review;**

The following regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992('SEBI Act'):

- The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended from time to time- **To the extent applicable to the Company for the year under review;**
- The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time -**To the extent applicable to the Company for the year under review;**
- The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018-**Not applicable to the Company during the Year under review;**
- The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 as amended from time to time- **Not applicable to the Company during the Year under review;**
- The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018- **Not applicable to the Company during the Year under review;**
- The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993-**To the extent applicable to the Company for the year under review;**
- The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021-**Not applicable to the Company during the Year under review;**
- The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021-**Not applicable to the Company during the Year under review;**

- The Company has identified following laws applicable specifically to the Company and I have relied upon the representation made by the Company and its officers for the system and mechanism framed by the Company for Compliances made under following laws:

- a. Real Estate (Regulations and Development) Act, 2016;
- b. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013;

I have also examined compliance with the applicable clauses of the following:

- Secretarial Standards (SS-1 and SS-2) issued by the Institute of Company Secretaries of India (ICSI);
- Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Based on my examination and verification of records produced to me and according to the information and explanations given to us by the Company, in my opinion, the Company has *inter alia* complied with the provisions of the Companies Act, 2013 (the Act) and Rules made under the Act and the Memorandum and Articles of Association of the Company with regard to:

- (a) Maintenance of various statutory registers and documents and making necessary entries therein;

- (h) Board's Report under Section 134 of the Act;
- (i) Re-appointment of Cost Auditor as per the provision of Section 148 of the Act;
- (j) Re-appointment of Internal Auditor as per the provisions of Section 138 of the Act;
- (k) Appointment of Secretarial Auditor as per the provisions of Section 204 of the Act;
- (l) Registration, modification and satisfaction of charges, wherever applicable;
- (m) The Company has the following Key Managerial Personnel as per the Act;
 - (1) Mr. Pradeep Kumar Jain, Chairman;
 - (2) Mr. Sanjeev Kumar Jain, Managing Director and Chief Executive Officer;
 - (3) Dr. Rajeev Jain, Director (Marketing);
 - (4) Mr. M.C. Jain , Group Chief Financial Officer; and
 - (5) Mr. Mandan Mishra, Company Secretary

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above, subject to the following observations:

- 1) There have been certain delays/ defaults in payment of principal and interest on borrowings, statutory liabilities and payment of other dues by the Company.
- 2) As reported earlier, the Company, its Directors and CFOs (who were holding office during the financial years 2009-10 to 2011-12) had received a Show Cause Notice dated October 19, 2020 from the Securities and Exchange Board of India ("SEBI") consequent upon submission of a report by the Forensic Auditor who was appointed by National Stock Exchange of India Limited ("NSE") to conduct forensic audit of certain transactions of the Company, in terms of SEBI's Order dated January

04, 2019. The SCN was replied by the Company and also requested for a personal hearing before Whole Time Member (WTM), SEBI.

The SEBI informed the Company and the other Notice to appear before Shri Ananta Barua, Whole Time Member (WTM), SEBI in online hearing.

On the hearing scheduled on October 25, 2021, where the senior counsel appeared on behalf of the Company concluded the arguments. The WTM also heard the other Notices. MANAGEMENT DISCUSSION & ANALYSIS

1. MACRO-ECONOMY OVERVIEW

a. Global Economy

The economic activity across the world saw a sharp rebound in 2021 as the countries became better at managing the effects of the COVID-19 pandemic and availability of vaccines improved. The pent-up demand drove the resurgence in economic activity across the globe. The governments and people learned to work around the subsequent waves of the pandemic, although the recovery would have been sharper without the impact of these waves. As per the World Bank's Global Economic Prospects Report of June 2022, the global economy expanded by 5.7% in 2021 as compared to a 3.3% decline in 2020. The Advanced Economies exhibited a 5.1% growth with the United States showing the largest bump of 5.7% as compared to 2020. Among the Emerging Market and Developing Economies (EMDEs), China with 8.1% growth and India with 8.7% growth contributed the most to the 6.6% increase in the GDP of this bloc of economies in 2021.

However, this post-pandemic recovery was imperfect in

Output Trends for Major Economies

GDP Growth (in %)	2020 (A)	2021 (E)	2022 (P)	2023 (P)
Advanced Economies	-4.6	5.1	2.6	2.2
United States	-3.4	5.7	2.5	2.4
Euro Zone	-6.4	5.4	2.5	1.9
Japan	-4.6	1.7	1.7	1.3
Emerging Market & Developing Economies	-1.6	6.6	3.4	4.2
China	2.2	8.1	4.3	5.2

nature as the resumption in demand was not matched by an increase in supply due to production and supply chain bottlenecks leading to inflation. This situation was further exacerbated in the beginning of 2022 due to the Russian invasion of Ukraine, which are among leading energy and commodity suppliers of the world. The record level of inflation forced the hands of central banks across the world to raise interest rates, with the United States Federal Reserve leading the charge with a 2.25% increase over 2022. Hence, the results of the prolonged Russia-Ukraine war are the very real prospects of stagflation, supply disruption, tightening financial situation and deepening of hunger and poverty across the world. Slowdown of the Chinese economy due to its Zero COVID policy and recession in the American economy are some more downside risks to the global economic performance. The World Bank's projections for the year 2022 and 2023 are 2.9% and 3.0% growth in the global economic output. The Advanced Economies bloc is projected to grow at 2.6% and 2.2% during the same period. In comparison, the EMDEs were forecasted to see a steeper slow down to a 3.4% growth in 2022 and then go up by 4.2% growth in 2023.

b. Indian Economy

In the financial year 2021-22, the Indian economy saw a return of the growth momentum when its Real GDP expanded by 8.7% vs. 6.6% contraction in the previous financial year. The Nominal GDP grew by 19.5% during the reported financial year. While both the financial years saw one or more COVID waves that led to a negative impact on economic activity and productivity, the stringent lockdowns imposed in the first half of FY2020-21 to give time to the governments and healthcare systems to build the necessary capacity to fight the pandemic had resulted in most economic activity coming to a standstill. In contrast, during the FY2021-22, when the

governments were better prepared and vaccination levels within population had surged, sparing use of lockdown or movement restriction resulted in curtailed impact on the economic output. The economic reforms, subsidies and other support measures enacted by the government meant there was a substantial rebound in consumer spending once the movement restrictions were lifted. The focus of the government to make India as a Manufacturing destination has seen success in specific sectors and has boosted exports considerably. The following chart provides a clear indication of resumption in economic activity across sectors that were very badly affected due to the pandemic:

(Source for GDP and GVA data published in the paragraph and chart above: Ministry of Statistics & Programme Implementation Press Release on May 31, 2022; <https://bit.ly/3vWoAb1>)

In the current scenario, the global economic slowdown, inflation, rupee depreciation and tightening financial situation have affected the country's economy since FY2022-23 began. Effects of these factors are likely to persist at least for a couple of quarters resulting in the economic growth coming down for the year. The Reserve Bank of India (RBI)

has projected the Real GDP growth in FY2022-23 to be 7.2% and the Nominal GDP growth to be 13.9%. *(Source: <https://bit.ly/3Pbs8wI>)*

2. INDIAN REAL ESTATE SECTOR

The real estate sector in India plays a significant role in the country's economic performance and its future. Its status

as the second largest employer after agriculture makes it an important driver of inclusivity as the country grows economically. It also has direct and in-direct impact over 300 upstream industries and a 7% contribution to the overall GDP. Its significance is also linked to its impact on improving economic productivity through creation of hard infrastructure that is essential to make India the growth engine of the world. The sector is, however, fragmented with thousands of active developers across the country and the top 100 players contributing only a little more than one-third to the sector in value terms.

The sector comprises of four main segments - Residential, Offices & Commercial, Retail, and Hospitality & Economic Services (for e.g., Schools, Hospitals). From a size of US\$ 200 billion in 2021, the sector is projected to expand to US\$ 1 trillion by 2030 and increase its contribution to 10% of the GDP. The sector is expected to become the third largest globally by 2030 based on these forecasts. After a significant gap, institutional and foreign investors have started making a beeline to invest in the sector in the recent years attracted by this growth potential and the reforms implemented by the Indian government. During the first quarter of 2022 US\$ 1.1 billion was invested in the sector, as per a report by Colliers. The foreign investors contributed 70% of this amount.

Residential

Annual Residential Segment Performance

Period	FY2020-21	FY2021-22	Growth
Launches (Units)	148,910	263,670	77%
Sales (Units)	151,390	277,610	83%
Unsold Inventory @ EOY (Units)	641,860	627,700	-2%

(Source: Anarock Property Consultants; <https://bit.ly/3QFGtmq>)

In the FY2021-22, the residential segment’s performance breached the pre-pandemic levels in the top 7 cities of the country. All markets showed sharp recovery, however, Hyderabad was a clear stand-out among them with tripling of sales and doubling of new launches. With the sales overshooting the new launches by 5%, the unsold inventory fell by 2% to 27 months of average sales in FY2021-22. The markets also saw an increase in the capital value of the homes. The year saw homes in the High-end and Luxury, i.e., ₹ 80 Lakhs to ₹ 1.5 Crores and ₹ 1.5 Crores to ₹ 2.5

Crores increase their contribution in the new launches by a combined total of 4%.

Office & Commercial

Annual Office Segment Performance

Period	FY2020-21	FY2021-22	Variance
Net absorptions (million sq. ft.)	21.3	34.1	60%
New completions (million sq. ft.)	40.3	51.2	27%
Vacancy @ EOY (%)	15%	16%	1%

(Source: Anarock Property Consultants; <https://bit.ly/3QFGtmq>)

The Indian Office Market again saw the supply of new office spaces significantly outpace the absorption levels. Hence, the vacancy levels increased from 15% to 16%. The southern markets of Bengaluru, Hyderabad and Chennai dominated the new supply in FY2021-22; however, the western markets of MMR and Pune were able to increase their share from 19% in the previous year to 30% in the reported financial year. Large deals, which were greater than 0.1 million sq. ft. dominated the office space leasing market with a 50% market share. The key customer segment that dominates the Indian Office segment is IT-ITeS industry with a 40% share. The average office rental during the reported financial year was ₹ 76 per sq. ft. per month.

Retail Segment

Annual Retail Segment Performance

Period	2020	2021	Variance
Absorption across Grade A Properties (million sq. ft.)	1.5	3.2	113%
New Investment Grade Supply (million sq. ft.)	1.8	4.1	124%

Period	Q1 2021	Q1 2022	Variance
Absorption across Grade A Properties (million sq. ft.)	0.5	0.4	40%
New Investment Grade Supply (million sq. ft.)	0.6	0.1	330%

(Source: CBRE Research; <https://bit.ly/3AqFDH2>)

Indian Retail sector is among the top 5 in the world based on the size. It was expected to grow to US\$ 1.8 trillion by 2030. Retail sector was hit extremely hard due to the pandemic,

however, with the consumer demand seeing a rebound and movement restrictions minimised, the sector saw a full-scale recovery. The Retailers Association of India (RAI) reported that the sector achieved 96% of pre-COVID sales in September 2021. The Retail segment in Real Estate also saw a similar uptick in demand and new supply during the year 2021. Bengaluru and Mumbai are the two dominant markets in this segment with a greater than 50% share. Fashion & Apparel and Supermarkets were the key demand drivers.

Hospitality Segment

Annual Hospitality Segment Performance

Period	2020	2021	Variance
Occupancy	32%	42-45%	10-13%
Brand Signings (# of Keys)	12,433	15,467	24%
Brand Signings (# of Hotels)	135	193	43%

(Source: Anarock Property Consultants; <https://bit.ly/3QFGtmg>)

The Hospitality segment of the Real Estate sector's fortunes are tied to the Global Travel & Tourism (T&T) business. With increase in demand for rooms due to travel for business or leisure, the Hotels look to add capacity either by new launches or rebranding of existing properties. During 2021, the total number of air passengers increased by 27% on a YOY basis to 182 million. The share of Domestic passengers among the air travellers increased with a total of 164 million passengers, as the International air passenger traffic declined by 8%. The Hotel industry saw the occupancy levels jump by 10 – 13% to 42 – 45% in 2021. This boost in demand has led to an increase in brand signings by 24% with 135 new hotels and 58 rebranded hotels adding a total of 15,467 keys. Revenue Per Available Room (RevPAR) also saw a jump of 24-27% over 2020 to ₹ 1,800 – ₹ 2,100. The sector is however yet to achieve the pre-COVID levels of 76% occupancy and ₹ 4,000+ of RevPAR in 2019.

Outlook

With the COVID-19 pandemic under control, the macro-outlook for the country has improved significantly. While the inflation, rising interest rates, liquidity tightening due to exit of capital and other factors shall lead to an impact on the economic performance of the country, overall, India is best placed to pass through this crisis with minimal impact than

most other economies. In combination with the policy level support for the sector, the macro scenario is likely to boost demand across all segments of the Real Estate sector.

The demand surge seen in the Residential segment during H1 2022 along with price increases indicate a positive scenario for the FY2022-23 for the sector. As a result, a jump in the number of new launches and strong momentum in sales have been forecasted for the segment. One of the negatives that may affect the buyer's decision making is a significant increase in the interest rates and the inflation tax on disposable incomes of the buyers. Considering the positive outlook for the real estate sector, it appears reasonable to anticipate that India's residential sector is set to perform exceptionally well in upcoming days.

With the Work From Home situation giving way to a blended or back to Work From Office model, the demand for Office space is expected to be on an upward trajectory. However, one important customer segment that is likely to be negatively impacted is the Start-ups as tightening liquidity has meant Start-ups focusing on reduction in cash burn, which in many cases is translating to lay-offs and lease exits. Co-working companies and other commercial segment players with a significant dependence on Start-up clients are likely to feel the pinch of these belt-tightening measures in some specific cases, however, from a longer-term perspective, the flexi-work places are here to stay as hybrid working model has made permanent inroads. The Retail segment is projected to see an acceleration in demand across consumption categories due to pent-up demand.

Projections by CBRE for the year 2022 with trend over 2021

Segment	Demand	Supply
Office	Gross absorption: 45 – 47 million sq. ft. ↑	Supply: 51 – 53 million sq. ft. ↑
Industrial & Logistics	Gross absorption: 35 – 37 million sq. ft. ↑	Supply: 32 – 34 million sq. ft. ↑
Retail	Leasing: 5.1 million sq. ft. ↑	-
Residential	Sales: ~205,000+ units ↑	New Launches: ~210,000+ units ↑

f. **SUBSIDIARIES AND ASSOCIATE COMPANIES**

i. **Subsidiaries Companies**

Parsvnath Infra Limited (PIL)

Parsvnath Developers Limited holds 94.87% equity in PIL. PIL was allotted land by Andhra Pradesh Industrial Infrastructure Corporation Ltd. for setting up a Biotechnology SEZ at village Karkapatla, District Medak, Andhra Pradesh for which the sale deed was executed in 2010. However, there were some discrepancies in the survey numbers of the allotted land which were subsequently rectified. As a result, the commencement of the project was delayed. PIL received a notice dated May 26, 2018 from Telangana State Industrial Infrastructure Corporation Ltd (TSIIC) for cancellation of allotment of land due to delay in execution of the project. PIL has made suitable representation followed by several reminders and a final decision of TSIIC in this regard is awaited. PIL has also initiated legal action against the cancellation of allotment of land before the Telangana High Court which is pending adjudication.

PIL intends setting up a Private Integrated IT/ Hi-tech Park at Kochi, Kerala, for which declaration of the land area as Industrial Area by the Government of Kerala is awaited.

Parsvnath MIDC Pharma SEZ Private Limited (PMP SPL)

PMP SPL, a subsidiary of PIL, was incorporated to implement a pharmaceutical SEZ project in Maharashtra.

However, the project was found to be unviable and therefore surrendered during 2014-15. Options are now being explored for taking up suitable business in PMPSP.

Parsvnath Landmark Developers Private Limited (PLDPL)

Construction of a premium residential project "La Tropicana" at Civil Lines, Delhi is in progress. The project is being constructed in four phases. Possession for fit out for Phase I is almost completed and fit out for Phase II is being offered. The construction work of Phase III is in progress. PLDPL has yet to start the construction of Phase IV.

Parsvnath Hotels Limited (PHL)

PHL is in the process of constructing a three-star hotel project at Shirdi, a well-known religious place in Maharashtra. The project has been delayed due to COVID-19 pandemic. Revalidation of approval earlier received from the Ministry of Tourism, Government of India, is under process.

Parsvnath Estate Developers Private Limited (PEDPL)

PEDPL, a wholly owned subsidiary of the Company, has constructed the "Parsvnath Capital Tower", a modern state-of-the-art office-cum-commercial complex of international standards, located adjacent to Connaught Place on Bhai Veer Singh Marg, New Delhi on land allotted on BoT basis from DMRC. The complex has two parts - Part A has been completed and is leased out to leading organisations like the World Health Organisation (WHO), State Bank of India, ICICI Lombard General Insurance Company etc. Part B has been completed in May 2021 and is in the process of being leased out.

Parsvnath Promoters and Developers Private Limited (PPDPL)

PPDPL was identified as the SPV to implement a residential project at Delhi awarded by Rail Land Development Authority (RLDA) to the Company. However, since RLDA subsequently wanted the project to be implemented by a newly incorporated company, a new company Parsvnath Rail Land Project

Pvt. Ltd (PRLPPL) was incorporated and the project was transferred to PRLPPL. While a major part of the consideration for the assignment/ transfer of the project has been received from PRLPPL, receipt of the remaining part will depend on the outcome of the arbitration proceedings initiated by PRLPPL and the Company against RLDA.

Parsvnath Rail Land Project Private Limited (PRLPPL)

PRLPPL was incorporated for implementing the residential project near Rani Jhansi Road, Delhi, on land leased by Rail Land Development Authority (RLDA). Your Company had tied up with Red Fort Capital Group, international private equity investors, for investment in the project. However, because of various factors including inability to achieve financial closure due to delay in approval of building plans, PRLPPL had surrendered the project and sought refund of the amounts deposited towards land premium. Since the RLDA disputed the claims of PRLPPL and the Company for refund, the matter was referred to arbitration and the Hon'ble Arbitral Tribunal passed an Award dated November 25, 2017, directing RLDA to refund an amount of ₹ 1034,53,77,913/- (Rupees One Thousand Thirty Four Crores Fifty Three Lakhs Seventy Seven Thousand Nine Hundred Thirteen only) along with interest @ 4% per annum from July 15, 2015 till the date of payment. After exhausting all legal recourses, RLDA deposited the required amount in the Registry of the Delhi High Court in July 2019 which was a major relief for PRLPPL. The amount received was used for part redemption of non-convertible debentures and redemption of optionally convertible debentures issued by PRLPPL, part payment of the amount payable to PPDPL for assignment of the project and discharging certain other liabilities. In another arbitration proceedings relating to RLDA's liability for payment of interest to the Company on instalments received in advance as RLDA had wrongfully revoked its consent for the Special Purpose Vehicle proposed to implement the project, the arbitration was decided against PRLPPL and PRLPPL has appealed to the Hon'ble Delhi High Court and the Court's decision is awaited. Besides the above, two more arbitration proceedings have been initiated against RLDA regarding certain other claims which are in progress.

Parsvnath Hessa Developers Private Limited (PHDPL)

PHDPL, a wholly owned subsidiary of the Company, is developing a part of the premium luxury residential project "Parsvnath Exotica" at Gurgaon, Haryana. Possession of the flats to the customers has been given in the completed towers. Construction is in full swing for completion of the remaining project.

Parsvnath Buildwell Private Limited (PBPL)

PBPL, a wholly owned subsidiary of the Company, is implementing a premium residential project "Parsvnath Exotica - Ghaziabad" in Ghaziabad District, Uttar Pradesh, spread over an area of approx. 12.55 hectares. Construction has been delayed due to delay in receipt of approval of revised building plans from the Ghaziabad Development Authority, which are now partially approved. In terms of the Order passed by the Hon'ble Supreme Court in a related matter, arbitration proceedings have been initiated against the land owners and the arbitration proceedings are going on.

Parsvnath Realcon Private Limited (PRPL)

PRPL is developing a luxury residential project at Subhash Nagar in West Delhi on land acquired from DMRC. Construction was delayed due to delay in receipt of approval for revised building plans by South Delhi Municipal Corporation which was due to certain inter-se disputes between the various Government Agencies including DMRC. The Company has initiated arbitration proceedings against DMRC for compensating for the various losses caused to the Company because of misrepresentation, etc. on the part of DMRC. Construction is in full swing to complete the project.

Parsvnath HB Projects Private Limited (PHBPL)

PHBPL, a subsidiary of Company and a joint venture with HB Estate Developers Ltd., is a SPV for developing a Hotel-cum-Multiplex-cum Shopping Mall Project viz., Parsvnath Mall Matrix at Mohali in Punjab. Pursuant to certain disputes with the Punjab Small Industries Export Corporation (PSIEC) from whom the plot of land was acquired, the allotment of the plot was cancelled by PSIEC vide their letter dated May 21, 2015. The Company

filed an Arbitration Petition against Cancellation of Allotment. PSIEC initiated proceedings under Public Premises (Eviction of Unauthorized Occupants) Act. Orders were passed by the Authority on July 20, 2017 directing the Company to handover the possession of the site. PSIEC has taken symbolic possession of the land around early October, 2019. The arbitration proceedings are going on against PSIEC.

Parsvnath Film City Limited (PFCL)

PFCL was set up to implement a Multimedia-cum-Film City Project near Chandigarh on the land to be provided by Chandigarh Administration. PFCL had deposited ₹4,775.00 lakhs with 'Chandigarh Administration' (CA) for acquiring development rights in respect of a plot of land. Since CA could not handover the possession of the said land to PFCL, it invoked the arbitration clause for seeking refund of the allotment money paid along with compensation, cost incurred and interest thereon.

The Arbitral Panel vide its order dated March 10, 2012, decided the matter in favour of PFCL and awarded refund of ₹ 4,919.00 lakhs towards the earnest money paid and other expenses incurred by PFCL along with interest. Subsequently, the CA filed a petition before the Additional District Judge at Chandigarh for setting aside the award. The said petition was dismissed by the Hon'ble District Judge vide his order dated May 7, 2015.

PFCL filed an Execution Petition before the Additional District Judge (ADJ), Chandigarh for the execution of the Arbitral Award. In the meantime, CA filed an appeal under Section 37 of the Arbitration and Conciliation Act, 1996 before the Punjab and Haryana High Court against the orders of the ADJ, Chandigarh. The Hon'ble High Court allowed the appeal filed by CA and set aside the arbitral award vide its orders dated March 17, 2016. The Company filed a Special Leave Petition (SLP) before the Hon'ble Supreme Court of India and notice has been issued to CA. CA has also filed an SLP in this matter before the Hon'ble Supreme Court and both the matters have been tagged together. The matters were listed before the Ld. Registrar for completion of pleadings. An early hearing application was also filed by PFCL which was dismissed by the Bench.

Further, PFCL filed an Application for Directions before

the Hon'ble Supreme Court of India thereby seeking directions to the Chandigarh Administration to deposit the arbitral money. The matter was listed and the Court passed the order for listing of main matter along with the Application for directions.

6. RISK MANAGEMENT & MITIGATION

The Company's has put in place and institutionalized an integrated Risk Management framework with supporting systems and structure to manage business risks that it has exposure to. This framework is reviewed regularly and updated as per the needs. The framework helps the Company to identify, assess, prevent and manage the impact of such risks. The major risks that the Company exposed to and the mitigation approach are outlined below.

a. Demand risk

Demand is impacted by the macro-economic situation, consumer sentiments, competitive scenario consumer expectations and regulatory actions.

Risk mitigation

- Diversification of business portfolio in terms real estate segments, geographical markets and customer segments.
- Focus on less volatile residential segments such as mid-income and affordable housing market.
- Lobby for favourable policies through industry associations to prevent adverse changes in regulations that affect the demand.

b. Cost risk

Cost escalation in raw materials leads to reduction in profits and affects viability of projects.

Risk mitigation

- Tight control of in-house project deliveries and limit use of outsourcing for execution.
- Long-term supplier relationships to ensure optimal cost and superior quality of raw materials.
- Effective supply chain and inventory management practices to minimize waste and storage costs.

c. Project execution risk

Project delays lead to higher operational costs, capital costs and affect Company's reputation. Hence, managing execution risks is an imperative.

Risk mitigation

- Consistent and single-minded focus on faster execution to ensure on or before-time delivery of projects. Project-based organization structures and allocation of resources to ensure no delays to maintain this focus.
- Outsource execution and engage external expertise, while keeping cost objectives in mind, if necessary to expedite execution.
- Project management training and capability development to ensure availability of the best-in-class execution talent.

d. Funding risk

Real estate projects require funds in large amounts to execute projects in-time. Any delay in availability of funds or higher cost of borrowings may negatively impact project viability. Such an impact can adversely impact financial performance of the Company.

Risk mitigation

- Constant review of liquidity position and fund requirements to be on-top of fund requirements and availability.
- Balance the project portfolio with projects generating a regular revenue stream, for e.g., commercial leasing, BOT projects and projects with lower capital requirements and fee-based income,

for e.g., third-party contracts to keep a check on fund requirements and ensure liquidity.

- Monetize non-core assets.
- RERA-compliant capital allocation process for each project.
- Raise long-term debt / capital to reduce cost of capital. Maintain banking relationships to have in place adequate fund-based/non-fund-based credit lines.

e. Compliance Risks

Construction sector is heavily regulated that requires multiple approvals and compliances with complex regulations that may vary based on project location. Failures to comply with regulations or delays in securing necessary approvals for other reasons may result in penalties, embargoes, or loss of reputation for the Company due to delays.

Risk mitigation

- Dedicated compliance teams at project levels to manage local approvals.
- Develop a company-wide culture of no compromise on regulatory compliance.

f. Human resources risk

Availability of skilled labour in large quantities and a competent management team is critical for successful execution of construction projects. Any difficulties in ensuring availability of the right talent in appropriate quantity and at the required time affects the Company's execution capabilities and consequently its financial performance.

Risk mitigation

- Invest in HRM capabilities and company-wide talent development.
- Implement best-in-class HR policies for Recruitment, Compensation and Employee Engagement.

- Develop a Company culture through leadership to create a positive work environment.
- Maintain relationships with a sizeable number of contractors to ensure availability of labour in adequate numbers.

7. INTERNAL CONTROLS AND SYSTEMS

**STANDALONE
FINANCIAL
STATEMENTS**

INDEPENDENT AUDITOR'S REPORT

To the Members of Parsvnath Developers Limited

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial Statements of **Parsvnath Developers Limited ('the Company')**, which comprise the Balance Sheet as at March 31, 2022, the statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rule, 2015, as amended, ("Ind AS") and other the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its Losses, total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards on auditing are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statement' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

- (a) Attention is drawn to note 47 in the accompanying standalone financial results which indicates that the Company has incurred cash loss during the current period and previous years and there have been delays/defaults in payment of principal and interest on borrowings, statutory liabilities, salaries to employees and payment of other dues by the Company. The management of the Company is of the opinion that no adverse impact is anticipated on future operations of the Company.
- (b) Attention is drawn to note 12 in the accompanying Standalone financial results that the Company has recognized Deferred Tax Assets to the extent of ₹ 16258 lakhs during previous years, which is outstanding in the books as on 31st March 2022, to the extent the amount is recoverable in near future based on the management assumption and business plan of the company.
- (c) Attention is invited to note no 41 to the standalone financial results, the construction is suspended at one of the projects awarded by Delhi Metro Rail Corporation (DMRC) and matter is pending in arbitration against DMRC. Pending the legal cases, the management has considered the intangible assets under development of ₹ 13851 lakhs as recoverable.
- (d) Attention is drawn to note 44 in the standalone financials results regarding claim of ₹ 14047 lakhs recoverable from Chandigarh Housing Board relating to the matter pending before Hon'ble High Court of Punjab and Haryana. Based on the opinion of the legal counsel of the company the management has considered the amount good and recoverable.

Our opinion is not modified in respect of this matters.

Key Audit Matter

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of standalone financial statements of the current period. These matters were addressed in the context of our audit of standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit

matters to be communicated in our report.

Key audit matters	How the matter was addressed in our audit
<p>Revenue recognition</p> <p>Revenue from sale of constructed properties is recognized at a 'Point of Time', when the company satisfies the performance obligations, which generally coincides with completion/possession of the unit.</p> <p>Recognition of revenue at a point in time based on satisfaction of performance obligation requires estimates and judgements regarding timing of satisfaction of performance obligation, allocation of cost incurred to segment/units and the estimated cost for completion of some final pending works. Due to judgements and estimates involved, revenue recognition is considered as key audit matter.</p>	<p>Our audit procedures on revenue recognition included the following:</p> <ul style="list-style-type: none"> • We have evaluated that the Company's revenue recognition policy is in accordance with Ind AS 115 and other applicable accounting standards; • We verified performance obligations satisfied by the company; • We tested flat buyer agreements/sale deeds/possession letters/ No Objection Certificate received from customers for taking possession in case of unfurnished flats which have been given as fit out offer, sale proceeds received from customers to test transfer of controls; • We conducted site visits during the year to understand status of the project and its construction status; • We verified calculation of revenue to be recognized and matching of related cost; • We verified allocation of common cost to units sold and estimates of cost yet to be incurred before final possession of units.
<p>Inventories</p> <p>The Company's inventories comprise of projects under construction/development (Work-in-progress) and unsold flats (finished flats).</p> <p>The inventories are carried at lower of cost and net realizable value (NRV). NRV of completed property is assessed by reference to market prices existing at the reporting date and based on comparable transactions made by the company and/or identified by the Company for properties in same geographical area. NRV of properties under construction is assessed with reference to market value of completed property as at the reporting date less estimated cost to complete.</p> <p>The carrying value of inventories is significant part of total assets of the Company and involves significant estimates and judgements in assessment of NRV. Accordingly, it has been considered as key audit matter.</p>	<p>Our audit procedures to assess the net realizable value (NRV) of inventories included the following:</p> <ul style="list-style-type: none"> • We had discussions with management to understand management's process and methodology to estimate NRV, including key assumptions used; • We verified project wise unsold units/area from sales department; • We tested sale price of the units with reference to recently transacted price of same or similar projects and available market information in same geographical area; • To calculate NRV of work-in-progress, we verified the estimated cost to construction to complete the project.
<p>Deferred Tax Assets (DTA)</p>	

Key audit matters	How the matter was addressed in our audit
<p>The Company has recognized deferred tax assets (DTA) on carried forward business losses and unabsorbed depreciation (refer note 12 to the financial statements).</p> <p>The Company has recognized DTA considering sale agreements executed with the customers against which revenue will get recognized in future on point of time.</p> <p>Recognition of DTA is based on future business plan and sales projections of the Company, which have been prepared by the management.</p> <p>Since recognition of DTA on carried forward losses involves significant judgements and estimates, it has been considered as key audit matter.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • We had discussions with management to understand process over recording and review of deferred tax assets (DTA); • We obtained approved business plan, profitability of existing projects and verified mandates given for sale of some identified assets; • We had discussion at audit committee meeting having independent directors; • We tested the computation of the amount and the tax rate used for recognition of DTA; • We also verified the disclosures made by the Company in Note 12 to the financial statements.
<p>Investments in subsidiaries</p> <p>The Company has significant investments in its subsidiary companies. These investments are carried at cost.</p> <p>Management reviews whether there are any indicators of impairment of investments. For impairment testing, management has to do assessment of the cash flows of these entities and /or value of underlying assets in these entities.</p> <p>Impairment assessment involves estimates and judgements in forecasting future cash flows. Accordingly, it has been considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none"> • We compared carrying value of investment in the books of the Company with net asset value of relevant subsidiaries; • We reviewed business plan and cash flow projections of the subsidiaries and tested assumption; • In cases, where cash flow projections were not available , we verified valuation report of underlying assets held by these subsidiaries; • Verified that required disclosures in respect of these investments has been made in the financial statements.
<p>Customer complaints and litigation</p> <p>The Company is having various customers complaints, claims and litigations for delays in execution of its real estate projects.</p> <p>Management estimates the possible outflow of economic resources based on legal opinion and available information on the status of the legal cases.</p> <p>Determination of amount to be provided and disclosure of contingent liabilities involves significant estimates and judgements, therefore it has been considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none"> • We had discussion with management and understood management process for identification of claims and its quantification; • We had discussion with Head of Legal department of the Company, to assess the financial impact of legal cases; • We read judgements of the courts and appeals filed by the company; • We read minutes of the audit committee and the board of directors of the Company to get status of the material litigations; • We verified that, in cases, where management estimates possible flow of economic resources, adequate provision is made in books of account and in other cases, required disclosure is made of contingent liabilities.
<p>Statutory dues and borrowings</p>	

Key audit matters	How the matter was addressed in our audit
<p>The Company has incurred cash losses during the current and previous year, due to recession in the real estate sector, due to which the Company is facing tight liquidity situation.</p> <p>As a result, there have been delays/defaults in statutory liabilities, principal and interest on borrowings and other dues.</p> <p>Defaults in payment of statutory dues and borrowings involves calculation of interest, penal interest and other penalties on delayed payments and recording of liabilities. It requires significant estimates, hence considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none"> • We had discussion with management and understood management process for provision of interest and penalties for delays/defaults in payment of statutory dues and repayment of borrowings and interest thereon; • For statutory dues, we have verified the schedule of statutory liabilities and due date of payments. We verified calculation of interest on delayed payments; • For borrowings, we verified loan agreement and sanction letters to check repayment schedule and penal interest, if any. We verified calculation of interest including penal interest; • We verified disclosures made in the financial statements in respect of defaults in repayment of borrowings and interest thereon; • Defaults in payment of statutory dues is reported in Annexure A to our audit report.
<p>Advances for land</p> <p>The Company has given advances for procurement of land for construction of real estate projects. These advances are given based on agreements.</p> <p>The Company acquires land through Special Purpose Vehicles (SPVs) and paid advances to SPVs for acquisition of land.</p> <p>These advances are tested for recoverability. Due to significant amount and the time involved in square up of these advances, it has been considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none"> • We had discussion with management and understood management process for land acquisition; • We have verified the agreements and Memorandum of Understanding (MOUs) with the SPVs; • We verified financial statements of these SPVs to test land held by these entities and its book value; • For advances given to third parties, we have verified the agreements and had discussion with the management on timeline for land procurement.
<p>Related party transaction and balances</p> <p>The Company has transaction with related parties. These includes transaction in nature of purchase of development rights, advances for land procurement, security deposits from subsidiaries and advances given to its subsidiaries.</p> <p>These transactions are in ordinary course of business on arm length basis. Due to significance of these transactions, considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none"> • Understood Company's policies and procedures for identification of related parties and transactions; • Read minutes of the audit committee and board of directors for recording/approval of related party transactions; • Tested Company's assessment regarding related party transactions are being in the ordinary course of business and at arm's length price; • Tested transaction with underlying contracts and supporting documents; • Obtained confirmation for outstanding balances; • Verified disclosures made in the financial statements in respect of related party transactions and outstanding balances.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the Standalone Financial Statements and our auditor's report thereon. These Reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors report, Management Discussion and Analysis Report and Corporate Governance Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required and take appropriate action as applicable under the relevant laws and regulations.

Responsibilities of management and those charged with governance for the standalone financial statements

These Standalone Financial Statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal

financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As a part of an audit in accordance with Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of

the Act, we are also responsible for expressing our opinion on whether the company has in place adequate internal financial controls with reference to financial statement and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statement, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider the quantitative and qualitative factor in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought

to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- The standalone financial result for the year ended March 31, 2021 were audited by the erstwhile auditor whose report dated June 30, 2021, expressed an unmodified conclusion on those final Standalone financial results.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (1 1) of section 143 of the Act, subject to the matters described in the Basis for Opinion Section of our Report, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid standalone financial statements have been kept so far as it appears from our examination of those books.
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and Standalone Statement of Cash Flows dealt with by this report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified

under Section 133 of the Act read with Companies (India Accounting Standard) Rules, 2015 as amended.

- (e) The matters described in the 'Emphasis of Matter' paragraph above, in our opinion, may have an adverse effect on the functioning of the company.
- (f) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) No managerial remuneration was paid or payable during the year, accordingly, reporting under Section 197(16) of the Act read with Schedule V is not applicable to the Company.
- (h) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 37, 41 to 46, 54 and 58 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses - Refer Note 39 to the standalone financial statements;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022 - Refer Note 40 to the standalone financial statements;
 - iv. (a) The Management has represented to us and as disclosed in note no. 80 to the standalone financial statements, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from

borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The Management has represented to us and as disclosed in note no. 81 to the standalone financial statements, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material mis-statement.
- v. The Company has neither declared nor paid any dividend during the year

Annexure A to the Independent Auditor's Report of even date

Referred to in paragraph 11.2 under 'Report on Other Legal and Regulatory Requirements' Section of our Report of even date to the members of Parsvnath Developers Limited on the standalone financial statements for the year ended March 31, 2022

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that;

(i) Property, Plant and Equipment and Intangible Assets

- a) A. The Company is in the process of updation of proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment;
- B. The Company has maintained proper records showing full particulars of intangible assets;
- b) As informed to us, there is regular periodic programme of physical verification to cover Property, Plant and Equipment. In our opinion, the periodicity of the physical verification is reasonable having regard to the size of the Company and the nature of its assets. The Company is under preparation of reconciliation of assets physically verified with books of accounts and in the opinion of the management discrepancies would not be material. However in the absence of reconciliation we are unable to comment upon whether the discrepancies are material.

Annexure B to Independent Auditors' Report

Referred to in paragraph 11.1 (h) under 'Report on Other Legal and Regulatory Requirements' Section of our Report of even date to the members of Parsvnath Developers Limited on the standalone financial statements for the year ended March 31, 2022

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to standalone financial statement of Parsvnath Developers Limited ("the Company") as of 31 March, 2022 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on, "the internal control with reference to standalone financial statement criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statement based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statement was established and maintained and if such controls operated effectively in all material

respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statement and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statement included obtaining an understanding of internal financial controls with reference to standalone financial statement, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statement.

Meaning of Internal Financial Controls with reference to Standalone Financial Statement

A company's internal financial control with reference to standalone financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statement includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statement

Because of the inherent limitations of internal financial controls with reference to Standalone financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone financial statement to future periods are subject to the risk that the internal financial control with reference to Standalone financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to

Standalone financial statement and such internal financial controls with reference to Standalone financial statement were operating effectively as at 31 March, 2022, based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

1. CORPORATE INFORMATION

Parsvnath Developers Limited ("the Company") was set up as a Company registered under the Companies Act, 1956. It was incorporated on 24 July, 1990. The Company is primarily engaged in the business of promotion, construction and development of integrated townships, residential and commercial complexes, multi-storeyed buildings, flats, houses, apartments, shopping malls, IT parks, hotels, SEZ, etc.

The Company is a public limited company incorporated and domiciled in India. The address of its corporate office is Parsvnath Tower, Near Shahdara Metro Station, Shahdara, Delhi - 110 032. The Company is listed on the National Stock Exchange of India Limited (NSE) and BSE Limited (BSE).

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the Ind AS) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and presentation requirement of Division II of Schedule III to the Companies Act, 2013 (Ind AS Compliant Schedule III) ,as applicable to the standalone financial statement .

Upto the year ended 31 March, 2016, the Company prepared its standalone financial statements in accordance with accounting standards notified under the section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (hereinafter referred to as 'Previous GAAP'). The date of transition to Ind AS is 1 April, 2015.

The standalone financial statements are presented in Indian Rupee and all values are rounded to the nearest lakhs, except when otherwise stated.

2.2 Basis of measurement and presentation

The standalone financial statements have been prepared on the historical cost basis unless otherwise indicated.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

The principal accounting policies are set out below.

2.3 Revenue recognition

Revenue is recognised to the extent that it is probable that the Company will collect the consideration to which it will be entitled in exchange of goods or services that will be transferred to the customers taking into account contractually defined terms of payments. Revenue excludes taxes and duties collected on behalf of the Government and is net of customer returns, rebates, discounts and other similar allowances.

- Revenue from real estate projects – The Company derives revenue, primarily from sale of properties comprising of both commercial and residential units. Revenue from sale of constructed properties is recognised at a 'Point of Time', when the Company satisfies the performance obligations, which generally coincides with completion/ possession and offer for possession of the unit/NOC received for fitout offer. To estimate the transaction price in a contract, the Company adjusts the contracted amount of consideration to the time value of money if the contract includes a significant financing component.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

- ii. In case of joint development projects, wherein land owner provides land and the Company acts as a developer and in lieu of land, the Company has agreed to transfer certain percentage of the revenue proceeds, the revenue is accounted on gross basis. In case, where, in lieu of the land, the Company has agreed to transfer certain percentage of constructed area, revenue is recognised in respect of Company's share of constructed area to the extent of Company's percentage share of the underlying real estate development project.
- iii. Revenue from sale of land without any significant development is recognised when the sale agreement is executed resulting in transfer of all significant risk and rewards of ownership and possession is handed over to the buyer. Revenue is recognised, when transfer of legal title to the buyer is not a condition precedent for transfer of significant risks and rewards of ownership to the buyer.
- iv. Revenue from sale of development rights is recognised when agreements are executed.
- v. Income from construction contracts is recognised by reference to the stage of completion of the contract activity at the reporting date of the standalone financial statements. The related costs there against are charged to the Standalone Statement of Profit and Loss. The stage of completion of the contract is measured by reference to the proportion that contract cost incurred for work performed up to the reporting date bears to the estimated total contract cost for each contract. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.
- vi. The revenue on account of interest on delayed payment / transfer charges / forfeiture income and other associated charges by customers and expenditure on account of compensation / penalty for project delays are accounted for at the time of acceptance / settlement with the customers due to uncertainties with regard to determination of amount receivable / payable.
- vii. Income from licence fee is recognised on accrual basis in

accordance with the terms of agreement with the sub-licensees.

- viii. Income from rent is recognised on accrual basis in accordance with the terms of agreement with the lessee.
- ix. Income from maintenance charges is recognised on accrual basis.
- x. Interest income on bank deposits is recognised on accrual basis on a time proportion basis. Interest income on other financial instruments is recognised using the effective interest rate method.

2.4 Leasing

Ind AS 116

The company has applied Ind AS 116 for recognition of revenue from leasing.

As a lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment and intangible assets. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the company uses its

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

incremental borrowing rate as the discount rate.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months and low-value asset. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As lessor

Receipts from operating leases are recognised in the Standalone Statement of Profit and Loss on a straight-line basis over the term of the relevant lease. Where the lease payments are structured to increase in line with expected general inflation to compensate for expected inflationary cost increases, lease income is recognised as per the contractual terms.

2.5 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalised/inventorised until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.6 Employee benefits

a. Defined contribution plan

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan

For defined benefit plan in the form of gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is not reclassified to profit or loss in subsequent periods. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost comprising current service costs, past service costs, gains and losses on curtailments and settlements;
- net interest expense or income; and
- remeasurement

c. Short-term and other long-term employee benefits

Liabilities recognised in respect of short-term employee benefits in respect of wages and salaries, performance incentives, leaves etc. are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Accumulated leaves expected to be carried forward beyond twelve months, are treated as long-term employee benefits. Liability for such long term benefit is provided based on the actuarial valuation using the projected unit credit method at year-end.

2.7 Taxation

Income tax expense for the year comprises of current tax and deferred tax.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

Current tax

Current tax is the expected tax payable on the taxable income for the year calculated in accordance with the Income Tax Act and any adjustment to taxes in respect of previous years.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding amounts used in the computation of taxable income. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences, the carry forward of unused tax losses and unused tax credits. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) is payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular income tax payable in subsequent years. MAT paid in a year is charged to the standalone Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period i.e the period for which MAT credit is allowed to be

carried forward. MAT credit is recognised as an asset and is shown as 'MAT Credit Entitlement'. The Company reviews the 'MAT Credit Entitlement' asset at each reporting date and write down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

2.8 Property, plant and equipment

Property, plant and equipment is stated at their cost of acquisition/construction, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, directly attributable costs for making the asset ready for its intended use, borrowing costs attributable to construction of qualifying asset, upto the date the asset is ready for its intended use.

Subsequent expenditure related to an item of property, plant and equipment is included in the carrying amount only if it increases the future benefits from the existing asset beyond its previously assessed standards of performance.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from the use. Any gain or loss arising on re-recognition to the asset is included in the standalone Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Capital work-in-progress'

2.9 Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes purchase/construction cost, directly attributable cost and borrowing costs, if the recognition criteria are met. The fair value of investment property is disclosed in the notes.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal.

Any gain or loss arising on derecognition of the property

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022**

(calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.10 Depreciation on property, plant and equipment and investment property

Depreciation on property, plant and equipment and investment property is provided on straight line basis as per the useful life prescribed in Schedule II to the Companies Act, 2013, except in respect of Shuttering and Scaffolding, in which case the life of the asset has been assessed on technical advice, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technology changes and maintenance support etc. Accordingly the useful life of the assets taken is as under:

Asset	Useful life
Buildings	60 years
Plant and equipment	8 years
Shuttering and scaffolding	6 years
Furniture and fixture	8 years
Vehicles	8 years
Office equipment	5 years
Computer	3 years
Investment properties (Buildings)	60 years

Free hold land is not depreciated.

2.11 Intangible assets and Intangible asset under development

Intangible assets comprises buildings constructed on 'Build-operate-Transfer'(BOT) basis. The company has unconditional right to use/lease such assets during the specified period. After expiry of specified period, these assets will get transferred to licensor without any consideration. Since, the Company has no ownership rights over these assets and has limited right of use during the specified period, these assets are classified as intangible assets. These intangible assets are initially recognised at their cost of construction. The cost comprises purchase price, directly attributable costs for making the asset ready for its intended use, borrowing costs attributable to construction of qualifying asset, upto the date the asset is ready for its intended use.

Subsequent to initial recognition, intangible assets

are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Intangible assets under development'

Intangible assets are amortised on a straight line basis over the licence period (right to use) which ranges from 20 to 44 years.

2.12 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.13 Investment in equity instrument of subsidiaries (including partnership firm) and associates

Investment in equity instrument of subsidiaries and associates are stated at cost as per Ind AS 27 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is assessed for recoverability and in case of permanent diminution provision for impairment is recorded in Standalone statement of Profit and Loss. On disposal of investment, the difference between the net disposal proceeds and carrying amount is charged or credited to the standalone statement of Profit and Loss.

2.14 Inventories

Inventory comprises completed property for sale and property under construction (work-in-progress), Land cost, construction cost, direct expenditure relating to construction activity and borrowing cost during construction period is inventorised to the extent the expenditure is directly attributable to bring the asset to its working condition for its intended use. Costs incurred/items purchased specifically for projects are taken as consumed as and when incurred/received.

- i. Completed unsold inventory is valued at lower of cost and net reliable value. Cost of inventories are determined by including cost of land (including development rights), internal development cost, external development charges, materials, services, related overheads and apportioned borrowing costs.
- ii. Work in progress is valued at lower of cost and net reliable value. Work-in-progress represents costs incurred in respect of unsold area of the real estate projects or costs incurred on projects where the revenue is yet to be recognised. Cost comprises cost of land (including development charges), internal development cost, external development charges, materials, services, overhead related to projects under construction and apportioned borrowing costs.

2.15 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. When discounting is used the increase in the provisions due to the passage of time is recognised as finance cost.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.16 Contingent liabilities and Contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. The Company does not recognise a contingent liability, but discloses its existence in the standalone financial statements.

Contingent assets are neither recognised nor disclosed

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

except when realisation of income is virtually certain, related asset is disclosed.

2.17 Cash and cash equivalents

Cash and cash equivalents for the purpose of Standalone Cash Flow Statement comprises cash on hand, cash at bank and short-term deposits with banks with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.18 Cost of revenue

Cost of constructed properties includes cost of land/development rights, construction and development costs, borrowing costs and direct overheads, which is charged to the standalone statement of profit and loss based on the corresponding revenue recognized from sale of unit on proportionate basis.

2.19 Earnings per share

Basic earnings per share is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period and for all period presented is adjusted for events, such as bonus shares, that have changed the number of equity shares outstanding without a corresponding change in resources.

Diluted earnings per share is computed by dividing the net profit for the year attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations.

2.20 Foreign currency translations

The standalone financial statements are presented in Indian Rupee, the functional and presentation currency of the Company.

Transactions in foreign currencies entered into by the Company are recorded at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Foreign currency monetary items of the Company, outstanding at the reporting date are restated at the exchange rates prevailing at the reporting date. Non-monetary items denominated in foreign currency, are reported using the exchange rate at the date of the transaction.

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Standalone Statement of Profit and Loss.

2.21 Current/non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. As asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period;
- Cash and cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

2.22 Operating cycle

The operating cycle is the time gap between the acquisition of the asset for processing and their realization in cash and cash equivalents. Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 48 months for real estate projects and 12 months for others for the purpose of classification of its assets and liabilities as current and non-current.

2.23 Optionally convertible redeemable preference shares and compulsorily convertible debentures

i) Optionally convertible redeemable preference shares

Optionally convertible redeemable preference share issued by wholly owned subsidiaries are accounted as investment carried at cost. In such instruments, preference shares are convertible with the option of company at any time before expiry of stipulated period from the date of issue into such number as defined in the agreement. This share shall be mandatorily redeemed by subsidiaries companies on expiry of defined period from the date of issue. Amount is fixed at upfront and conversion will be into fixed number of shares.

ii) Compulsorily convertible debentures

Compulsorily convertible debentures issued by wholly owned subsidiaries are accounted as equity instrument carried at cost based upon the terms of the contract. These instruments are convertible into fixed number of equity shares within the term stipulated in contract at the option of holder. Amount is fixed at upfront and conversion will be into fixed number of shares.

2.24 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities

at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.25 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount on initial recognition.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Investments in equity instruments at FVTOCI

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividends on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value

in other comprehensive income for investments in equity instruments which are not held for trading

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit -adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company's measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained

interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.26 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in profit or loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability or (where appropriate) a shorter period, to the gross carrying amount on initial recognition.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder

for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the standalone financial statements in conformity with recognition and measurement principles of Ind AS requires the Management to make judgments, estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that these assumptions and estimates used in preparation of the standalone financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

3.1 Revenue recognition

Recognition of revenue at a point in time based on satisfaction of performance obligation requires estimates and judgements regarding timing of satisfaction of performance obligation, allocation of cost incurred to segment/units and the estimated cost for completion of some final pending works.

3.2 Net realisable value of inventory

Inventory of real estate property including work-in-progress is valued at lower of cost and net realisable value (NRV). NRV of completed property is assessed by reference to market prices existing at the reporting date and based on comparable transactions made by the Company and/or identified by the Company for properties in same geographical area. NRV of properties under construction/development is assessed with reference to marked value of completed property as at the reporting date less estimated

cost to complete. The effect of changes is recognised in the standalone financial statements during the period in which such changes are determined.

3.3 Deferred tax assets

Recognition of deferred tax assets is based on estimates of taxable profits in future years. The Company prepares detailed cash flow and profitability projections, which are reviewed by audit committee and the board of directors of the Company.

3.4 Valuation of investments in subsidiaries

Investments in subsidiaries are carried at cost. The management estimates the indicators of impairment of such investments. This requires assessment of key assumptions used in calculation of cash flows, sale price, discount rate etc., which may effect the estimation of impairment in value of investments.

3.5 Others

Significant judgements and other estimates and assumptions that may have the significant effect on the carrying amount of assets and liabilities in future years are:

- a. Classification of property as investment property or inventory
- b. Measurement of defined benefit obligations
- c. Useful life of property, plant and equipment
- d. Measurement of contingent liabilities and expected cash outflows
- e. Provision for diminution in value of long-term investments
- f. Provision for expected credit losses
- g. Impairment provision for intangible assets

4. RECENT ACCOUNTING PRONOUNCEMENTS

4.1 On 24 March, 2021, the Ministry of Corporate Affairs (MCA) through a notification amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of schedule III and are applicable from 1 April 2021.

Key amendments relating to Division II which relate to companies whose financial statements are required to comply with companies (Indian Accounting Standards) Rule 2015 are:

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

(i) Standalone Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the standalone statement of change in equity such as change in equity share capital due to prior period errors and restated balances at the beginning of the reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work in progress and intangible assets under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of detail of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of

immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held, etc.

(ii) Standalone Statement of profit and loss:

Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the note forming part of standalone financial statements.

The above disclosure amendments were extensive and the appropriate effect (to the extent applicable) to them, as required by law has been given in the standalone financial statements of the company.

4.2 New and amended standards, not yet effective

The Ministry of Corporate Affairs (MCA) in consultation with National Financial Reporting Authority (NFRA) vide its notification dated 23 March, 2022, has made certain amendments in the Companies (Indian Accounting Standards) Rules, 2015. Such amendments shall come into force with effect from 1 April, 2022. The amendments are extensive, and the company will evaluate the same to give effect to these.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31 MARCH, 2022****b. *Projects temporarily suspended**

The Company has entered into concession agreements with Delhi Metro Rail Corporation Limited (DMRC) for various projects on Build-Operate-Transfer (BOT) basis. In case of one project, viz. Welcome Mall, construction activities had to be suspended as the property development area allotted to the Company was infringing the proposed line of Metro Station to be constructed by DMRC under phase III. Consequently, the construction activities could not be restarted due to DMRC's inability to provide necessary clarifications regarding FAR availability on the property development area and final approved revised layout plan from MCD. The Company has invoked the Arbitration clause under the concession agreement. Hence, construction activities of this project classified as 'Intangible assets under development' have been temporarily suspended. As a result, the estimated expenses to be incurred on the project amounting to ₹6,822.03 lakhs shall also remain suspended till conclusion of arbitration proceedings. Therefore, the disclosure in the required format as per Schedule III is not ascertainable and is not disclosed.

38 Commitments

		₹ in lakhs	
		As at 31-March-2022	As at 31-March-2021
a.	Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)	6,822.03	13,478.37
	Note: The construction activities in respect of one project in progress classified as 'Intangible assets under development' has been suspended because of arbitration proceedings are going on between DMRC and the Company. The construction activities shall remain suspended till conclusion of the arbitration proceedings. As a result, the estimated expenses to be incurred on such project amounting to ₹ 6,822.03 lakhs shall also remain suspended till conclusion of arbitration proceedings.		
b.	The Company has other commitments, for purchase orders which are issued after considering requirements as per the operating cycle for purchase of goods and services, in the normal course of business.		

39 The Company did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

40 There were no amounts which were required to be transferred to the Investor Education and Protection Fund, during the year.

41 The Company has entered into concession agreements with Delhi Metro Rail Corporation Limited (DMRC) for various projects on Build-Operate-Transfer (BOT) basis. In case of Tis Hazari project, the Company was unable to commercially utilise the properties due to lack of clarity between DMRC and Municipal Corporation of Delhi (MCD) with respect to authority for sanction of building plans. In view of the delay, the Company has sought concessions from DMRC and has invoked the Arbitration clause under the concession agreement in case of this project. The Arbitral Tribunal has announced its award in favour of DMRC. The Company has now filed an appeal in the Delhi High Court against this award and the proceedings are going on. Arguments have been heard at length and further parties are directed to file written submission.

In case of another project, viz. Welcome Mall, construction activities had to be suspended as the property development area allotted to the Company was infringing the proposed line of Metro Station to be constructed by DMRC under phase III. Consequently, the construction activities could not be restarted due to DMRC's inability to provide necessary clarifications regarding FAR availability on the property development area and final approved revised layout plan from MCD. The Company has invoked the Arbitration clause under the concession agreement and the proceedings are in final stage. DMRC vide letter dated 04.03.2022 issued a Termination Notice thereby terminating the Concession Agreement with effect from 12.03.2022. The Tribunal vide order dated 13.04.2022 directed DMRC to maintain status quo till conclusion of arbitration proceedings.

Pending arbitration award / necessary clarifications and documents, the Company has not provided for recurring license fees amounting to ₹4,531.19 lakhs (previous year ₹4,014.40 lakhs) and has shown the same under contingent liabilities. However, the Company has continued to carry forward the advances / costs incurred on these projects after charging for amortisation / depreciation on periodical basis. On the basis of legal advice received, the management is of the opinion that the Company has favourable case and has considered the Intangible asset under development of ₹13,851.00 lakhs as on 31 March, 2022 as fully recoverable.

In case of another project, viz. Seelampur Plot, the sanction of building plans by MCD got delayed for want of No Objection Certificate (NOC) from Government agencies. Accordingly, DMRC was approached to waive the recurring payment liability for the disputed period. Since an amicable resolution could not be reached out between the Company and DMRC, the Company invoked "Arbitration Clause" under the concession agreement for settlement of the matter. The Arbitral Tribunal has announced its award in favour of DMRC. The Company has now filed an appeal in the Delhi High Court against this award and the proceedings are going on. Further, DMRC has filed Petition before High Court under Section 36 of the Arbitration and Conciliation Act, seeking

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

enforcement of the Award. On 04.03.2022 the Court directed PDL to deposit the awarded amount. PDL has challenged the impugned order dated 04.03.2022 passed by the High Court before the Supreme Court. The Supreme Court dismissed the SLP. The Execution petition is now listed for hearing before the High Court of Delhi.

- 42** Pursuant to Investment Agreement dated 21 December, 2010 entered into between the Company, Parsvnath Buildwell Private Limited (PBPL), Parasnath And Associates Private Limited (Co-Promoter) and two overseas Investment entities (Investors) and 'Assignment of Development Rights Agreement' dated 28 December, 2010 entered into with PBPL and Collaborators, the Company had assigned Development Rights in respect of one of its projects, namely, 'Parsvnath Exotica, Ghaziabad' (on land admeasuring 31 acres) situated at Village Arthala, Ghaziabad (the Project) to PBPL on terms and conditions contained therein.

The project has been delayed due to non-receipt of approval for the revised building plans.

The collaborators (land owners) are seeking cancellation of the Development Agreement and other related agreements and have taken legal steps in this regard. PBPL invoked the arbitration clause and as a consequence of the land owners not appointing their nominee Arbitrator, PBPL approached the High Court at Allahabad for appointment of Arbitrator under section 11 of the Arbitration and Conciliation Act. During the pendency of section 11 petition at Allahabad High Court, the Hon'ble Supreme Court, while hearing a Civil Appeal filed by PBPL and the Company in another matter, stayed the appointment of arbitrator by the Allahabad High Court vide its Order dated 09.04.2018 and further directed the land-owners to co-operate with PBPL for getting the building plan approved by the Ghaziabad Development Authority. Subsequently, vide Order dated 29.11.2019, the Hon'ble Supreme Court of India appointed a sole arbitrator to adjudicate the disputes between PBPL and the landowners. The Arbitration proceedings are in progress.

During the financial year 2016-17, the Company had entered into a Settlement Agreement with investors for which execution petition for enforcement filed by the investors before the Delhi High Court has been amicably settled pursuant to which the Investment Agreement dated 21 December, 2010 stands cancelled and the securities held by the investors have been acquired by the Company during the financial year 2018-19.

- 43** The Company had entered into a Memorandum of Understanding (MOU) dated 22 December, 2010 with Parsvnath Realcon Private Limited (PRPL), a wholly owned subsidiary company [earlier, a wholly owned subsidiary of its subsidiary Parsvnath Buildwell Private Limited (PBPL)] in terms of which the Company had assigned development rights of the project, namely, 'Parsvnath Paramount' on land admeasuring 6,445 square metres situated at Subhash Nagar, New Delhi to PRPL. The Company has also entered into 'Project Management Agreement' with PRPL and PBPL for overall management and coordination of project development. Further, the Company has given the following undertakings to PRPL:

- a. It shall complete the project within the completion schedule and construction cost as set out in the Agreement.
- b. The project revenues from the sold area shall be at least the amount set out in the Agreement.
- c. In the event of construction cost overrun or revenue shortfall, the Company shall contribute such excess/shortfall amount against allotment of equity shares or other instruments at such premium as may be mutually determined by the parties.

The progress of the project has been hampered due to delay in receipt of sanction for revised building plans from South Delhi Municipal Corporation (SDMC) which was ultimately received in November, 2019.

Since the delay in completion of the project has been caused mainly due to certain acts of commission / omission by DMRC, the Company has invoked arbitration proceedings against DMRC and the Statement of Claim has been filed before the Arbitral Tribunal. Arbitration proceedings are in progress. Pleadings are complete. Issues have been framed and Cross Examination has been concluded.

- 44** The Company had entered into a Development Agreement (DA) with Chandigarh Housing Board (CHB) for the development of an integrated project ('the project') at Chandigarh. Owing to various factors, disputes had arisen between the Company and CHB.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

Consequently, the Company had invoked the arbitration clause in the DA. Hon'ble Sole Arbitrator had pronounced the award in January, 2015 which was accepted by the Company and the CHB. Pursuant to the arbitration award, the project was discontinued and surrendered to CHB.

Subsequent to the acceptance and implementation of the award, it was noticed that due to a computational error in the award, the awarded amount was deficient by approximately ₹14,602.00 lakhs. Consequently, the Company made an application to the Hon'ble Sole Arbitrator for correction of the computational error. However, the Sole Arbitrator in his findings, while admitting the error, stated that after acceptance and implementation of the award by both the parties he had become non-functionary and therefore rejected the claims made by the Company. The Company has since filed its objections under section 34 of the Arbitration and Conciliation Act, 1996 read with section 151 of Code of Civil Procedure (CPC) before the Additional District Judge cum MACT, Chandigarh and the Court had issued notice to CHB for filing its reply and also called for the Arbitral Record from the Sole Arbitrator. The Additional District Judge, Chandigarh dismissed our application on 30 May, 2018. Aggrieved by the said order, the Company preferred an appeal under section 37 of the Arbitration and Conciliation Act, 1996 before the Hon'ble Punjab & Haryana High Court at Chandigarh and the proceedings are going on. Pending decision of the Hon'ble Punjab & Haryana High Court, based on the legal advice received, the management is hopeful for recovery and the amount of ₹14,046.91 lakhs (net of tax deducted at source) has been shown as recoverable and included under 'other financial assets' in Note 11.

- 45** The Company had given an advance of ₹4,851.83 lakhs to one of its subsidiaries viz., Parsvnath Film City Limited (PFCL) for execution of Multimedia-cum-Film-City Project at Chandigarh. PFCL had deposited ₹4,775.00 lakhs with 'Chandigarh Administration'(CA) for acquiring development rights in respect of a plot of land admeasuring 30 acres from CA, under Development Agreement dated 2 March, 2007 for development of a "Multimedia-cum-Film City" Complex. Since CA could not handover the possession of the said land to PFCL, PFCL invoked the arbitration clause for seeking refund of the allotment money paid along with compensation, cost incurred and interest thereon.

The Arbitral Panel vide its order dated 10 March, 2012, had decided the matter in favour of PFCL and awarded refund of ₹4,919.00 lakhs towards the earnest money paid and other expenses incurred by PFCL along with interest @ 12 % per annum. Subsequently, the CA filed a petition before the Additional District Judge at Chandigarh for setting aside the award under section 34 of The Arbitration and Conciliation Act, 1996. The said petition was dismissed by the Hon'ble District Judge (ADJ) vide his order dated 07 May, 2015.

An Execution Petition was filed before Additional District Judge (ADJ), Chandigarh for the execution of the Arbitral Award by PFCL. In the meantime, CA filed an appeal under section 37 of the Arbitration and Conciliation Act, 1996 before the Punjab and Haryana High Court at Chandigarh against the orders of the ADJ, Chandigarh pertaining to the Award of Arbitral Tribunal. The Hon'ble High Court allowed the appeal filed by CA and set aside the arbitral award vide its orders dated 17 March, 2016. The Hon'ble High Court also decided that CA is entitled to cumulatively claim/recover an amount of ₹8,746.60 lakhs from PFCL due to failure to develop the site and adhere to the terms of the agreements. PFCL has filed a Special Leave Petition (SLP) before the Hon'ble Supreme Court of India which has since been admitted and notice has been issued to the Opposite Party. CA has also filed a Special Leave Petition before the Hon'ble Supreme Court for allowing the counter claims made by them and both the matters have been tagged together and the matters are listed before the Ld. Registrar for completion of pleadings. The matters are now reflecting in the Advance List of matter which would be heard during the summer vacation. Based on legal advice received, the management is hopeful for recovery and the amount of ₹4,825.00 lakhs has been shown as recoverable.

- 46** The Company was declared as the "Selected Bidder" for grant of lease for development of project on a plot of land at Sarai Rohilla, Kishanganj, Delhi by 'Rail Land Development Authority' (RLDA) vide its 'Letter of Acceptance' (LOA) dated 26 November, 2010. Parsvnath Promoters and Developers Private Limited (PPDPL) was identified as a Special Purpose Vehicle (SPV) company for implementation of the project. Subsequently, in terms of the requirements of RLDA, another Company in the name of Parsvnath Rail Land Project Private Limited (PRLPPL) was incorporated as the SPV to implement the project in place of PPDPL. RLDA accepted PRLPPL as the SPV vide its letter dated 3 August, 2012.

The Company entered into agreements with PRLPPL and overseas investors during 2012 and 2013 for financing the project.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

Due to multifarious reasons, including delay in the statutory approvals, PRLPPL was not able to achieve 'Financial Closure' as per Article 7 of the Agreement which resulted in deemed termination of the agreement. The Company and PRLPPL invoked the arbitration clause in the development agreement for recovery of amount paid to RLDA together with interest thereon on deemed termination of the agreement and related matters and instituted four Arbitral proceedings namely Arbitration I, II, III & IV. The Arbitral Tribunal has announced its award in respect of the Arbitration II on 25 November, 2017 directing RLDA to refund the amount of ₹ 1,03,453.78 lakhs along with 4% interest per annum payable with effect from the 15 July, 2015 till the date of recovery. RLDA filed its objections under section 34 of the Arbitration and Conciliation Act, 1996 before the Hon'ble Delhi High Court for setting aside the said Arbitral award, which was rejected by the Court vide its order dated 3 April, 2018. Thereafter, RLDA filed an appeal before the Division Bench of the Hon'ble Delhi High Court which was dismissed vide judgment dated 14 March, 2019. Subsequently, the Special Leave Petition filed by RLDA before the Hon'ble Supreme Court of India, was also dismissed on 8 July, 2019.

PRLPPL has received the award amount during July, 2019.

In case of Arbitration I (with respect to RLDA's liability for payment of interest to PRLPPL on installments received in excess of and prior to RLDA's entitlement), the Arbitral Tribunal by award dated 1 June, 2018 rejected the claim filed by the Company and PRLPPL. The Company and PRLPPL have filed an appeal before the Hon'ble Delhi High Court against the said award and the proceedings are going on.

The Company and PRLPPL have further initiated two other Arbitration proceedings (Arbitration III and IV) seeking inter-alia refund of the amounts retained as alleged losses by RLDA, losses incurred on account of RLDA's breach of its representations and warranties in respect of the land sought to be leased and delay in return of Performance Bank Guarantee. The Arbitration proceedings are in progress.

Based on legal advice received, the claim of ₹ 6,442.62 lakhs from RLDA is considered good and recoverable.

- 47** The Company has incurred cash losses during the current and previous years. Due to continued recession in the real estate sector owing to slow down in demand, the Company is facing tight liquidity situation as a result of which there have been delays/ defaults in payment of principal and interest on borrowings, statutory liabilities, salaries to employees and other dues. Also, the Company continues to face lack of adequate sources of finance to fund execution and completion of its ongoing projects resulting in delayed realisation from its customers and lower availability of funds to discharge its liabilities. The company is continuously exploring alternate sources of finance, including sale of non-core assets to generate adequate cash inflows for meeting these obligations and to overcome this liquidity crunch. In the opinion of the Management, no adverse impact is anticipated on future operations of the company.

48 Trade receivables

- (a) Due to continued recession in the industry, there have been delays in collections from customers. In view of industry practice and terms of agreement with customers, all these debts are considered good for recovery and hence no provision is considered necessary.

49 In respect of loan taken by the company from a Non-Banking Finance Company (NBFC) namely IL&FS Financial Services Limited, the company alongwith other co-borrowers entered into a revised agreement with the said NBFC for repayment of loan and interest in monthly installments over a period of 60 working days starting from approval of said NBFC's NCLT Court which is expected in financial year 2022-23.

A charge of ₹1,07,400 lakhs appeared on ROC against outstanding loan of ₹17,500 lakhs (sanction amount ₹ 18,000 lakhs). For satisfaction of extra charge, company has already approached the IL&FS Financial Services Limited.

50 In respect of loan with LIC of India, the company has requested for revised terms which is under approval from the lender and interest liabilities is regrouped accordingly.

51 In respect of loan with Rare Asset Reconstruction Limited (ARC) and Edelweiss Rural & Corporate Services Limited (NBFC), the ARC and NBFC have approved the proposal for settlement of dues of the company in lump sum subject to certain conditions and the crystallized amount has to be paid in installments over a period of time. The Company is paying the same on proportionate release of security.

52 (a) The Company has entered into Memorandum of Understandings with its wholly owned subsidiaries for the purpose of transfer of all rights under the concession agreement in respect of its four projects situated at Akshardham Metro Station, Azadpur Metro Station, Seelampur Metro station and Inderlok Metro Station, subject to approval from Delhi Metro Rail Corporation (DMRC). The Company had acquired these development rights under concession agreement with DMRC. Pending transfer, book value of assets/rights (which is higher than the realisable value) under these concession agreements have been classified as 'Assets held for sale'.

(b) In case of another project situated at Netaji Subhash Place (NSP) Metro Station, the Company has entered into a Limited Liability Partnership (LLP) agreement dated 18 November, 2021 with Unity Buildwell Limited to form a limited liability partnership called 'Unity Parsvnaths LLP' for the purpose of transfer of all rights of the NSP project acquired by the company under concession agreement with DMRC. Approval of DMRC for transfer of these rights to LLP has been obtained. Pursuant to the LLP Agreement as aforesaid and subsequent addendum agreement dated 31 March, 2022, the company shall transfer the NSP project to the LLP. Pending transfer, book value of assets/rights under the concession agreement with DMRC has been classified as 'Assets held for sale'. The company has invested a sum of ₹ 892.00 lakhs towards capital contribution in the said LLP.

53 The Company is developing a project situated at Azadpur Metro Station as per the terms of concession agreement with DMRC. Due to delays in payments to DMRC, DMRC has issued a letted dated 28 February, 2022 for termination of contract for Azadpur

metro station with the Company. The Company has invoked clause 12.2.2 of the concession agreement for conveying amicable meeting with DMRC for amicable settlement of the dispute. The matter is under negotiation with DMRC and if negotiation does not materialise, the Company will take a proper legal action in this matter and has not considered any impairment in the value of assets held for sale.

- 54** The Company was awarded a works contract by Buddha Smriti Udhyaan Development Company Ltd. (BSUDCL) to develop a park, by the name of Buddha Smriti Udhyaan ("the Project") in Patna, Bihar on 27.06.2008. Major portion of the project was completed in the year 2010 and the Park was inaugurated by the Dalai Lama in May, 2010. The project was thereafter taken over by the Bihar Urban Infrastructure Development Corporation Limited (BUIDCL) on 01.11.2010 who stepped into the shoes of the BSUDCL. The remaining portion of the project was also completed and bills for the work done were raised on BUIDCL. BUIDCL instead of making payment wrongfully invoked the performance bank guarantee of ₹ 628.00 lakhs submitted by the company, alleging failure on the part of company to complete the project. Payments against bills were also stalled by BUIDCL. The company kept calling upon the BUIDCL for amicable resolution of the disputes. Thereafter, the company approached the Bihar Public Works Contract Disputes Arbitration Tribunal (Tribunal) with its claims against BUIDCL. Thereafter, the company and other side also filed their claims and counter claims before the Tribunal. The matter is disposed of by the Tribunal expressing its inability to entertain the Petition in view of the judgment passed by the Hon'ble Supreme Court in some other matter. However, at the request of counsel appearing for the company, the Tribunal granted liberty to approach the Hon'ble High Court under Section 11 of the Arbitration and Conciliation Act for appointment of an Arbitrator. The company is seeking legal advice in the matter and will take suitable action accordingly including exploring an amicable settlement in the matter. Based on the above, the management is hopeful for recovery and the amount of ₹ 1,231.82 lakhs has been shown as recoverable.
- 55** In the opinion of the Board of directors, current and non-current assets do have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated.
- 56 Corporate social responsibility**
In terms of the provisions of section 135 of the Companies Act, 2013, the Company was not required to spend any amount on activities relating to Corporate Social Responsibilities (CSR) for the year 2021-22 due to continuing losses in preceding three years except an amount of ₹ 238.38 lakhs pertaining to financial year 2014-15 which is pending for compounding before Regional Director, Northern Region, Ministry of Corporate Affairs.
- 57** The Company is engaged in the business of real estate development, which has been classified as infrastructural facilities as per Schedule VI to the Companies Act, 2013. Accordingly, provisions of section 186 of the Companies Act are not applicable to the company and hence no disclosure under that section is required.
- 58** SEBI has issued a Show Cause Notice dated 19 October, 2020 under various Sections of SEBI Act, 1992 and Securities Contracts (Regulations) Act, 1956, etc., to the Company and all the Directors and Chief Financial Officers (CFOs) who were holding office during the financial years 2009-10, 2010-11 and 2011-12 along with the Forensic Audit Report submitted by E&Y relating to certain transactions during the aforesaid financial years. The SCN was replied by the Company and also requested for a personal hearing before Whole Time Member (WTM), SEBI. The SEBI informed the Company and the other Noticee to appear before Shri Ananta Barua, Whole Time Member (WTM), SEBI in online hearing. On the hearing scheduled on 25 October, 2021, where the senior counsel appeared on behalf of the Company concluded the arguments. The WTM also heard the other Noticees. Some of the Noticees sought further time to file their reply and requested for the same before the WTM. The WTM has allowed them to file their reply before the next date of hearing to be announced by SEBI. The SEBI had scheduled a hearing on December 31, 2021 for filing of reply of other Noticees. On the appointed date of hearing other Noticees made their representation before WTM. Now, the final order of SEBI is awaited.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

Notes:

- a. The Company has adopted Ind AS 116 "Leases" effective April 1, 2019 and applied the standard to its lease contracts existing as at 1 April, 2019 using the modified retrospective approach. The Company has recorded lease liability at the present value of the lease payments that are not paid as at 1 April, 2019, discounted using the company's incremental borrowing rate and recognised right of use assets of equal amounts.
- b. The depreciation expense of ₹ 134 lakhs (Previous year ₹ 211.63 lakhs) on right-of-use assets is included under depreciation and amortisation expense in the statement of Profit and Loss and depreciation of ₹ NIL (Previous year ₹ 420.04 lakhs) has been capitalised in 'Intangible Assets Under Development'.
- c. The following is the summary of practical expedients elected on initial application:
 - (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
 - (ii) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application or low value leases.
 - (iii) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
 - (iv) Applied the practical expedient to assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

**CONSOLIDATED
FINANCIAL
STATEMENTS**

INDEPENDENT AUDITOR'S REPORT

To the Members of Parsvnath Developers Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated Financial Statements of Parsvnath Developers Limited (hereinafter referred to as the "Holding Company" or "the Company"), its subsidiaries and partnership firm (Holding Company, its subsidiaries and partnership firm together referred to as "the Group"), and its associates (Refer note 2.1 on Group Information of Consolidated Financial statement) comprising of the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash flow Statement for the year then ended, and Notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, Partnership firms and associates, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2022, their consolidated Losses including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis of Opinion

3. We conducted our audit of the consolidated financial statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. ("the Act"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the consolidated financial statements' section of our report. We are independent of the Group & its associates in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us together with audit evidence obtained by the other auditors in terms of their report refer to in para 9 of the other matter section below, is sufficient and appropriate to provide a basis our audit opinion on the consolidated financial statements.
4. **Emphasis of Matter**
 - (i) Attention is invited to note no. 51 of the consolidated financial results that the group has incurred cash loss during the current year and the previous years and there have been delays/defaults in payment of principal and interest on borrowings, statutory liabilities, salaries to employees, payment of other dues by the group and the net worth of group is eroded. As informed to us, the group is exploring alternative source of finance including sale of non-core assets to overcome this liquidity shortage, and therefore management of the holding Company is of the opinion that no adverse impact is anticipated on future operations of the group.
 - (ii) Attention is drawn to note 12 in the accompanying Consolidated financial results that the group has recognized Deferred Tax Assets to the extent of Rs. 24182 lakhs during previous years, which is outstanding in the books as on 31st March 2022, to the extent the amount is recoverable in near future based on the management assumption and business plan of the group.

- (iii) Attention is invited to note no 42 to the consolidated financial results, the construction is suspended at one of the projects awarded by Delhi Metro Rail Corporation (DMRC) and matter is pending in arbitration against DMRC. Pending the legal cases, the management has considered the intangible assets under development of Rs. 13851 lakhs as recoverable.
- (iv) Attention is invited to note no. 45,46 and 47 to the consolidated financial results that claims of Rs. 25315 Lakhs are recoverable from various authorities relating to

matters pending before various legal forums. As per the management the impact of these legal matters on the consolidated financial results cannot be determined till the final settlement of disputes and based on opinion of the legal counsels of the company, the amount recoverable against these claims have been considered good and fully recoverable.

Our opinion is not modified in respect of these matters.

5. Key Audit Matters

Key audit matters	How the matter was addressed in our audit
<p>Revenue recognition</p> <p>Revenue from sale of constructed properties is recognized at a 'Point of Time', when the Group satisfies the performance obligations, which generally coincides with completion/possession of the unit.</p> <p>Recognition of revenue at a point in time based on satisfaction of performance obligation requires estimates and judgements regarding timing of satisfaction of performance obligation, allocation of cost incurred to segment/units and the estimated cost for completion of some final pending works. Due to judgements and estimates involved, revenue recognition is considered as key audit matter.</p>	<p>Our audit procedures on revenue recognition included the following :</p> <ul style="list-style-type: none"> • We have evaluated that the Group's revenue recognition policy is in accordance with Ind AS 115 and other applicable accounting standards; • We verified performance obligations satisfied by the Group; • We tested flat buyer agreements/sale deeds/possession letters/ No Objection Certificate received from customers for taking possession in case of unfurnished flats which have been given as fit out offer, sale proceeds received from customers to test transfer of controls; • We conducted site visits during the year to understand status of the project and its construction status; • We verified calculation of revenue to be recognized and matching of related cost; • We verified allocation of common cost to units sold and estimates of cost yet to be incurred before final possession of units.
<p>Inventories</p> <p>The Group's inventories comprise of projects under construction/development (Work-in-progress) and unsold flats (finished flats).</p> <p>The inventories are carried at lower of cost and net realizable value (NRV). NRV of completed property is assessed by reference to market prices existing at the reporting date and based on comparable transactions made by the Group and/or identified by the Group for properties in same geographical area. NRV of properties under construction is assessed with reference to market value of completed property as at the reporting date less estimated cost to complete.</p> <p>The carrying value of inventories is significant part of total assets of the Group and involves significant estimates and judgements in assessment of NRV. Accordingly, it has been considered as key audit matter.</p>	<p>Our audit procedures to assess the net realizable value (NRV) of inventories included the following:</p> <ul style="list-style-type: none"> • We had discussions with management to understand management's process and methodology to estimate NRV, including key assumptions used; • We verified project wise unsold units/area from sales department; • We tested sale price of the units with reference to recently transacted price of same or similar projects and available market information in same geographical area; • To calculate NRV of work-in-progress, we verified the estimated cost to construction to complete the project.

<p>Deferred Tax Assets (DTA)</p> <p>The Group has recognized deferred tax assets (DTA) on carried forward business losses and unabsorbed depreciation (refer note 12 to the Consolidated financial statements). The Group has recognized DTA considering sale agreements executed with the customers against which revenue will get recognized in future on point of time. Recognition of DTA is based on future business plan and sales projections of the Group, which have been prepared by the management. Since recognition of DTA on carried forward losses involves significant judgements and estimates, it has been considered as key audit matter.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none">• We had discussions with management to understand process over recording and review of deferred tax assets (DTA);• We obtained approved business plan, profitability of existing projects and verified mandates given for sale of some identified assets;• We had discussion at audit committee meeting having independent directors;• We tested the computation of the amount and the tax rate used for recognition of DTA;• We also verified the disclosures made by the Group in Note 12 to the consolidated financial statements.
<p>Customer complaints and litigation</p> <p>The Company is having various customers complaints, claims and litigations for delays in execution of its real estate projects. Management estimates the possible outflow of economic resources based on legal opinion and available information on the status of the legal cases. Determination of amount to be provided and disclosure of contingent liabilities involves significant estimates and judgements, therefore it has been considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none">• We had discussion with management and understood management process for identification of claims and its quantification;• We had discussion with Head of Legal department of the Company, to assess the financial impact of legal cases;• We read judgements of the courts and appeals filed by the company;• We read minutes of the audit committee and the board of directors of the Company to get status of the material litigations;• We verified that, in cases, where management estimates possible flow of economic resources, adequate provision is made in books of account and in other cases, required disclosure is made of contingent liabilities.
<p>Statutory dues and borrowings</p> <p>The Company has incurred cash losses during the current and previous year, due to recession in the real estate sector, due to which the Company is facing tight liquidity situation. As a result, there have been delays/defaults in statutory liabilities, principal and interest on borrowings and other dues. Defaults in payment of statutory dues and borrowings involves calculation of interest, penal interest and other penalties on delayed payments and recording of liabilities. It requires significant estimates, hence considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none">• We had discussion with management and understood management process for provision of interest and penalties for delays/defaults in payment of statutory dues and repayment of borrowings and interest thereon;• For statutory dues, we have verified the schedule of statutory liabilities and due date of payments. We verified calculation of interest on delayed payments;• For borrowings, we verified loan agreement and sanction letters to check repayment schedule and penal interest, if any. We verified calculation of interest including penal interest;• We verified disclosures made in the financial statements in respect of defaults in repayment of borrowings and interest thereon;• Defaults in payment of statutory dues is reported in Annexure A to our audit report on standalone financial statement.

<p>Related party transaction and balances</p> <p>The Group has transaction with its related parties in the ordinary course of business at arm's length. These includes transaction in nature of purchase of development rights, advances for land procurement, security deposits from related parties as disclosed in note no 70 to the consolidated Financial statements..</p> <p>These transactions are in ordinary course of business on arm length basis. Due to significance of these transactions, considered as key audit matter.</p>	<p>Our audit procedures included :</p> <ul style="list-style-type: none"> • Understood Group's policies and procedures for identification of related parties and transactions; • Read minutes of the audit committee and board of directors for recording/approval of related party transactions; • Tested Group's assessment regarding related party transactions are being in the ordinary course of business and at arm's length price; • Tested transaction with underlying contracts and supporting documents; • Obtained confirmation for outstanding balances; • Verified disclosures made in the financial statements in respect of related party transactions and outstanding balances.

6. Information other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, Corporate Governance Report, Management Discussion and Analysis, Business Responsibility Report, but does not include the Consolidated Financial Statements and our auditor's report thereon.

All above reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors report and other reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

7. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the

respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

8. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)

(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the

consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure A to Independent Auditors’ Report

(Referred to in paragraph 19(h) of the Independent Auditors’ Report of even date to the members of Parsvnath Developers Limited on the Consolidated Financial Statements for the year ended March 31, 2022)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 Act (‘the Act’)

1. In conjunction with our audit of the Consolidated Financial Statements of the Parsvnath Developers Limited (hereinafter referred to as the “Holding Company”) as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies, and the partnership firms (the Holding Company, its subsidiary companies and the partnership firm together referred to as “the Group), its associate companies,, which are companies incorporated in India, as of that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the companies included in the Group and its associate companies, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to consolidated financial statements, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on “internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

- 3. Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to consolidated financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

5. A company’s internal financial control with reference to consolidated financial statements is a process designed to

provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

6. Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

7. In our opinion, the Group and its associates which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by Holding company considering the essential components of internal control

stated in the Guidance Note issued by the ICAI.

Other Matter

8. We did not audit the internal financial control with reference to financial statements of 47 subsidiary companies and 2 Associates Companies which are companies covered under the Act as detailed below:

#Ceased to be subsidiaries during the year

2.2 Basis of measurement and presentation

The consolidated financial statements have been prepared on the historical cost basis unless otherwise indicated.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

2.3 Basis of consolidation

The consolidated financial statements relates to Parsvnath Developers Limited ('the Company') and its subsidiaries. Subsidiaries are entities that are controlled by the Company. Control is achieved when the Company:

- Has power over the investee;
- Is expected, or has right, to variable returns from its involvement with the investee;
- Has the ability to use its power to affect the returns

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control listed above.

Generally, majority of voting rights results in control. When the Company has less than majority of voting rights of an investee, the Company considers all relevant facts and circumstances assessing whether or not the Company's voting rights in an investee are sufficient to give it power over the investee, including:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

- The size of the Company's holdings of voting rights relative to the size and dispersion of holdings of other vote holders;
- Potential voting rights held by the Company;
- Rights arising from other contractual arrangements;
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by

which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Consolidation procedure:

- The financial statements of the Company and its subsidiary companies have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating all significant intra-group balances, intra-group transactions and unrealised profits on intra-group transactions.
- The excess of cost to the Group of its investments in the subsidiaries over its share of equity of the subsidiaries, at the dates on which the investments in the subsidiaries were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

consolidated financial statements. The 'Goodwill' / 'Capital Reserve' is determined separately for each subsidiary and such amounts are not set off between different entities.

- Non-controlling interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the non-controlling shareholders at the date on which investments in the subsidiaries were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year of the subsidiaries attributable to non-controlling interest is identified and adjusted against the profit / loss after tax of the Group in order to arrive at the income attributable to shareholders of the Company.

The principal accounting policies are set out below.

2.4 Revenue recognition

Revenue is recognised to the extent that it is probable that the Group will collect the consideration to which it will be entitled in exchange of goods or services that will be transferred to the customers taking into account contractually defined terms of payments. Revenue excludes taxes and duties collected on behalf of the Government and is net of customer returns, rebates, discounts and other similar allowances.

- Revenue from real estate projects – The Group derives revenue, primarily from sale of properties comprising of both commercial and residential units. Revenue from sale of constructed properties is recognised at a 'Point of Time', when the Group satisfies the performance obligations, which generally coincides with completion/possession and offer for possession of the unit/NOC received for fitout offer. To estimate the transaction price in a contract, the Group adjusts the contracted amount of consideration to the time value of money if the contract includes a significant financing component.
- In case of joint development projects, wherein

land owner provides land and the Group acts as a developer and in lieu of land, the Group has agreed to transfer certain percentage of the revenue proceeds, the revenue is accounted on gross basis. In case, where, in lieu of the land, the Group has agreed to transfer certain percentage of constructed area, revenue is recognised in respect of Group's share of constructed area to the extent of Group's percentage share of the underlying real estate development project.

- Revenue from sale of land without any significant development is recognised when the sale agreement is executed resulting in transfer of all significant risk and rewards of ownership and possession is handed over to the buyer. Revenue is recognised, when transfer of legal title to the buyer is not a condition precedent for transfer of significant risks and rewards of ownership to the buyer.
- Revenue from sale of development rights is recognised when agreements are executed.
- Income from construction contracts is recognised by reference to the stage of completion of the contract activity at the reporting date of the financial statements. The related costs there against are charged to the Statement of Profit and Loss. The stage of completion of the contract is measured by reference to the proportion that contract cost incurred for work performed up to the reporting date bears to the estimated total contract cost for each contract. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.
- The revenue on account of interest on delayed payment transfer charge / forfeiture income and other associated charges by customers and expenditure on account of compensation / penalty for project delays are accounted for at the time of

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

acceptance / settlement with the customers due to uncertainties with regard to determination of amount receivable / payable.

- vii Income from licence fee is recognised on accrual basis in accordance with the terms of agreement with the sub-licensees.
- viii Income from rent is recognised on accrual basis in accordance with the terms of agreement with the lessee.
- ix. Income from maintenance charges is recognised on accrual basis.
- x. Interest income on bank deposits is recognised on accrual basis on a time proportion basis. Interest income on other financial instruments is recognised using the effective interest rate method.

2.5 Leasing

Ind AS 116

The company has applied Ind AS 116 for recognition of revenue from leasing.

As a lessee

The group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment and intangible assets. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, group's incremental borrowing rate. Generally, the group uses its incremental borrowing rate as the discount rate.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the group's estimate of the amount expected to be payable under a residual value guarantee, or if group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months. The group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As lessor

Receipts from operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease. Where the lease payments are structured to increase in line with expected general inflation to compensate for expected inflationary cost increases, lease income is recognised as per the contractual terms.

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalised/ inventorised until the time all substantial activities necessary to prepare the qualifying assets for their

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.7 Employee benefits

a. Defined contribution plan

The group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

b. Defined benefit plan

For defined benefit plan in the form of gratuity, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is not reclassified to profit or loss in subsequent periods. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- service cost comprising current service costs, past service costs, gains and losses on curtailments and settlements;
- net interest expense or income; and
- remeasurement

c. Short-term and other long-term employee benefits

Liabilities recognised in respect of short-term employee benefits in respect of wages and salaries, performance incentives, leaves etc. are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Accumulated leaves expected to be carried forward beyond twelve months, are treated as long-term employee benefits. Liability for such long term benefit is provided based on the actuarial valuation using the projected unit credit method at year-end.

2.8 Taxation

Income tax expense for the year comprises of current tax and deferred tax.

Current tax

Current tax is the expected tax payable on the taxable income for the year calculated in accordance with the Income Tax Act and any adjustment to taxes in respect of previous years.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding amounts used in the computation of taxable income. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences, the carry forward of unused tax losses and unused tax credits. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) is payable when the taxable profit is lower than the book profit. Taxes paid under MAT are available as a set off against regular income tax payable in subsequent years. MAT paid in a year is charged to the Statement of Profit and Loss as current tax. The group recognises MAT credit available as an asset only to the extent that there is convincing evidence that the respective Group will pay normal income tax during the specified period i.e the period for which MAT credit is allowed to be carried forward. MAT credit is recognised as an asset and is shown as 'MAT Credit Entitlement'. The group reviews the 'MAT Credit Entitlement' asset at each reporting date and write down the asset to the extent the respective Group does not have convincing evidence that it will pay normal tax during the specified period.

2.9 Property, plant and equipment

Property, plant and equipment is stated at their cost of acquisition/construction, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, directly attributable costs for making the asset ready for its intended use, borrowing costs attributable to construction of qualifying asset, upto the date the asset is ready for its intended use.

Subsequent expenditure related to an item of property, plant and equipment is included in the carrying amount only if it increases the future benefits from the existing asset beyond its previously assessed standards of

performance.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from the use. Any gain or loss arising on re-recognition to the asset is included in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Capital work-in-progress'

2.10 Investments in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Distributions received from an associate or a joint venture reduce the carrying amount of the investment. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there any is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount, Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is

classified as held for sale. .

2.11 Interests in joint operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When a group entity undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interest in a joint operation:

1. its assets, including its share of any assets held jointly;
2. its liabilities, including its share of any liabilities incurred jointly;
3. its revenue from the sale of its share of the output arising from the joint operation;
4. its share of the revenue from the sale of the output by the joint operation; and
5. its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues, and expenses relating to its interest in a joint operation in accordance with the Ind AS applicable to the particular assets, liabilities, revenues, and expenses.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a sale or contribution of assets), the Group is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognised in the Group's consolidated financial statements only to the extent of other parties' interests in the joint operation.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a purchase of assets), the Group does not recognise its share of the gains and losses until it resells those assets to a third party.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

2.12 Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes purchase/construction cost, directly attributable cost and borrowing costs, if the recognition criteria are met. The fair value of investment property is disclosed in the notes.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal.

Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

2.13 Depreciation on property, plant and equipment and investment property

Depreciation on property, plant and equipment and investment property is provided on straight line basis as per the useful life prescribed in Schedule II to the Companies Act, 2013, except in respect of Shuttering and Scaffolding, in which case the life of the asset has been assessed on technical advice, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technology changes and maintenance support etc. Accordingly the useful life of the assets taken is as under:

Asset	Useful life
Buildings	60 years
Plant and equipment	8 years
Shuttering and scaffolding	6 years
Furniture and fixture	8 years
Vehicles	8 years
Office equipment	5 years
Computer	3 years
Investment properties (Buildings)	60 years

Free hold land is not depreciated.

2.14 Intangible assets

Intangible assets comprises buildings constructed on 'Build-operate-Transfer' (BOT) basis. The group has unconditional right to use/lease such assets during the specified period. After expiry of specified period, these assets will get transferred to the Licensor without any consideration. Since, the group has no ownership rights over these assets and has limited right of use during the specified period, these assets are classified as intangible assets. These intangible assets are initially recognised at their cost of construction. The cost comprises purchase price, directly attributable costs for making the asset ready for its intended use, borrowing costs attributable to construction of qualifying asset, upto the date the asset is ready for its intended use.

Subsequent to initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Intangible assets under development'

Intangible assets are amortised on a straight line basis over the licence period (right to use) which ranges from 20 to 44 years.

2.15 Impairment of tangible and intangible assets

At the end of each reporting period, the group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.16 Investment in equity instrument of subsidiaries (including partnership firm) and associates

Investment in equity instrument of subsidiaries and associates are stated at cost as per Ind AS 27 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is assessed for recoverability and in case of permanent diminution provision for impairment is recorded in Consolidated statement of Profit and Loss. On disposal of investment, the difference between the net disposal proceeds and carrying amount is charged or credited to the consolidated statement of Profit and Loss.

2.17 Inventories

Inventory comprises completed property for sale and

property under construction (work-in-progress).

Land cost, construction cost, direct expenditure relating to construction activity and borrowing cost during construction period is inventorised to the extent the expenditure is directly attributable to bring the asset to its working condition for its intended use. Costs incurred/items purchased specifically for projects are taken as consumed as and when incurred/received.

- i. Completed unsold inventory is valued at lower of cost and net realisable value. Cost of inventories are determined by including cost of land (including development rights), internal development cost, external development charges, materials, services, related overheads and apportioned borrowing costs.
- ii. Work in progress is valued at lower of cost and net realisable value. Work-in-progress represents costs incurred in respect of unsold area of the real estate projects or costs incurred on projects where the revenue is yet to be recognised. Cost comprises cost of land (including development charges), internal development cost, external development charges, materials, services, overhead related to projects under construction and apportioned borrowing costs.

2.18 Provisions

Provisions are recognised when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that the group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessment of the time value of money and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

the risks specific to the obligation. When discounting is used the increase in the provisions due to the passage of time is recognised as finance cost.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

2.19 Contingent liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. The group does not recognise a contingent liability, but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

2.20 Cash and cash equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprises cash on hand, cash at bank and short-term deposits with banks with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.21 Cost of revenue

Cost of constructed properties includes cost of land/

development rights, construction and development costs, borrowing costs and direct overheads, which is charged to the statement of profit and loss based on the corresponding revenue recognized from sale of unit on proportionate basis.

2.22 Earnings per share

Basic earnings per share is computed by dividing the net profit for the year attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period and for all period presented is adjusted for events, such as bonus shares, that have changed the number of equity shares outstanding without a corresponding change in resources.

Diluted earnings per share is computed by dividing the net profit for the year attributable to equity shareholders as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations.

2.23 Foreign currency translations

The consolidated financial statements are presented in Indian Rupee, the functional and presentation currency of the group.

Transactions in foreign currencies entered into by the group are recorded at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Foreign currency monetary items of the group, outstanding at the reporting date are restated at the exchange rates prevailing at the reporting date. Non-monetary items denominated in foreign currency, are

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

reported using the exchange rate at the date of the transaction.

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the group are recognised as income or expense in the Statement of Profit and Loss.

The financial statements of foreign subsidiaries with functional currency other than presentation currency of the group have been translated in presentation currency. Assets and liabilities of such subsidiaries have been translated to the presentation currency using exchange rate prevailing on the balance sheet date and statement of profit and loss has been translated using weighted average exchange rates during the year. Translation adjustments have been reported as foreign currency translation reserve.

2.24 Current/non-current classification

The group presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period;
- Cash and cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

2.25 Operating cycle

The operating cycle is the time gap between the acquisition of the asset for processing and their realization in cash and cash equivalents. Based on the nature of products / activities of the group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the group has determined its operating cycle as 48 months for real estate projects and 12 months for others for the purpose of classification of its assets and liabilities as current and non-current.

2.26 Financial instruments

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

2.27 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Investments in equity instruments at FVTOCI

On initial recognition, the group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus

transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividends on these investments in equity instruments are recognised in profit or loss when the group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

when the group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the group in accordance with the contract and all the cash flows that the group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit -adjusted effective interest rate for purchased or originated credit-impaired financial assets). The group estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the group's measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the group again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

asset, the group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the group retains substantially all the risks and rewards of ownership of a transferred financial asset, the group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the group retains an option to repurchase part of a transferred asset), the group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial

assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

2.28 Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the group's companies own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the respective Company's own equity instruments.

Compound financial instruments

The component parts of compound financial instruments (convertible notes) issued by a group company are classified separately as financial liabilities

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the respective Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the group, and commitments issued by the group to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the group as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading or contingent consideration recognised by the group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

However, for non-held-for-trading financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss, in which case these effects of changes in credit risk are recognised in profit or loss. The remaining amount of change in the fair value of liability is always recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are reflected immediately in retained earnings and are not subsequently reclassified to profit or loss.

Gains or losses on financial guarantee contracts and loan commitments issued by the group Company that are designated by the group Company as at fair value through profit or loss are recognised in profit or loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective

interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability or (where appropriate) a shorter period, to the gross carrying amount on initial recognition.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the group Company are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

Commitments to provide a loan at a below-market interest rate

Commitments to provide a loan at a below-market interest rate are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The group derecognises financial liabilities when, and only when, the group's obligations are discharged, cancelled or have expired. An exchange between lenders of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

3. Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in conformity recognition and measurement principles of Ind AS requires the Management to make judgments, estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that these assumptions and estimates used in preparation of the financial statements are prudent

and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

3.1 Revenue recognition

Recognition of revenue at a point in time based on satisfaction of performance obligation requires estimates and judgements regarding timing of satisfaction of performance obligation, allocation of cost incurred to segment/units and the estimated cost for completion of some final pending works.

3.2 Net realisable value of inventory

Inventory of real estate property including work-in-progress is valued at lower of cost and net realisable value (NRV). NRV of completed property is assessed by reference to market prices existing at the reporting date and based on comparable transactions made by the Company and/or identified by the Company for properties in same geographical area. NRV of properties under construction/development is assessed with reference to marked value of completed property as at the reporting date less estimated cost to complete. The effect of changes is recognised in the financial statements during the period in which such changes are determined.

3.3 Deferred tax assets

Recognition of deferred tax assets is based on estimates of taxable profits in future years. The Company prepares detailed cash flow and profitability projections, which are reviewed by audit committee and the board of directors of the Company.

3.4 Others

Significant judgements and other estimates and assumptions that may have the significant effect on the carrying amount of assets and liabilities in future years are:

- a. Classification of property as investment property or inventory

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT 31 MARCH, 2022

- b. Measurement of defined benefit obligations
- c. Useful life of property, plant and equipment
- d. Measurement of contingent liabilities and expected cash outflows
- e. Provision for diminution in value of long-term investments
- f. Provision for expected credit losses
- g. Impairment provision for intangible assets

4. Recent accounting pronouncements

4.1 On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of schedule III and are applicable from 1 April 2021.

Key amendments relating to Division II which relate to companies whose financial statements are required to comply with companies (Indian Accounting Standards) Rule 2015 are:

(i) Consolidated Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities'; duly distinguished as current or non-current.
- Certain additional disclosures in the consolidated statement of change in equity such as change in equity share capital due to prior period errors and restated balances at the beginning of the reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work in progress and intangible asset under development

- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of detail of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loan and advances to promoters, directors, key managerial personnel (KMP) and related parties, detail of benami property held etc.

(ii) Consolidated Statement of profit and loss:

Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the note forming part of consolidated financial statements.

The above disclosure amendments were extensive and the appropriate effect (to the extent applicable) to them, as required by law has been given in the consolidated financial statement of the company.

4.2 New and amended standards, not yet effective

The Ministry of Corporate Affairs (MCA) in consultation with National Financial Reporting Authority (NFRA) vide its notification dated 23 March 2022, has been made certain amendments in companies (Indian Accounting Standard Rule), 2015. Such amendments shall come into force with effect from 1 April 2022. The amendments are extensive, and the company will evaluate the same to give effect to these.

i. Significant intangible assets

a. Assets on Build-operate-transfer (BOT) basis

Intangible assets comprises buildings constructed on 'Build-operate-Transfer' (BOT) basis. The group has unconditional right to use/lease such assets during the specified period. After expiry of specified period, these assets will get transferred to the Government without any consideration. Since, the group has no ownership rights over these assets and has limited right of use during the specified period, these assets are classified as intangible assets.

b. Intangible assets under development

b. *Projects temporarily suspended

The Group Company has entered into concession agreements with Delhi Metro Rail Corporation Limited (DMRC) for various projects on Build-Operate-Transfer (BOT) basis. In case of one project, viz. Welcome Mall, construction activities had to be suspended as the property development area allotted to the Company was infringing the proposed line of Metro Station to be constructed by DMRC under phase III. Consequently, the construction activities could not be restarted due to DMRC's inability to provide necessary clarifications regarding FAR availability on the property development area and final approved revised layout plan from MCD. The Company has invoked the Arbitration clause under the concession agreement. Hence, construction activities of this project classified as 'Intangible assets under development' have been temporarily suspended. As a result, the estimated expenses to be incurred on the project amounting to ₹ 6,822.03 lakhs shall also remain suspended till conclusion of arbitration proceedings. Therefore, the disclosure in the required format as per Schedule III is not ascertainable and is not disclosed.

- 2 On a prudence basis, the group has not recognised deferred tax assets (DTA) on current year's losses and other items. Unrecognised DTA on current year's losses is approximately ₹ 21,285.44 lakhs.
- 3 The group has recognised deferred tax assets on its unabsorbed depreciation and business losses carried forward. The group companies have executed flat / plot sale agreements with the customers against which the group has also received advances, as disclosed in Note 25 of the consolidated financial statements. Revenue in respect of such sale agreements will get recognised in future years on completion method as per Ind AS 115. Based on these sale agreements, the group has certainty as on the date of the balance sheet, that there will be sufficient taxable income available to realise such assets in the near future. Accordingly, the group has created deferred tax assets on its carried forward unabsorbed depreciation and business losses. The group is also planning to sell some of its identified assets.
- 4 The recognition of deferred tax assets on unabsorbed depreciation and tax losses is based on detailed budgets prepared by the respective companies.

	Note: The construction activities in respect of one project in progress classified as 'Intangible assets under development' has been suspended because of arbitration proceedings are going on between DMRC and the Holding Company. The construction activities shall remain suspended till conclusion of the arbitration proceedings. As a result, the estimated expenses to be incurred on such project amounting to ₹ 6,822.03 lakhs shall also remain suspended till conclusion of arbitration proceedings.		
b.	The Group has other commitments, for purchase orders which are issued after considering requirements as per the operating cycle for purchase of goods and services, in the normal course of business.		

40 The Group did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.

41 There were no amounts which were required to be transferred to the Investor Education and Protection Fund, during the year.

42 The Holding Company has entered into concession agreements with Delhi Metro Rail Corporation Limited (DMRC) for various projects on Build-Operate-Transfer (BOT) basis. In case of Tis Hazari project, the Holding Company was unable to commercially

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

utilise the properties due to lack of clarity between DMRC and Municipal Corporation of Delhi (MCD) with respect to authority for sanction of building plans. In view of the delay, the Holding Company has sought concessions from DMRC and has invoked the Arbitration clause under the concession agreement in case of this project. The Arbitral Tribunal has announced its award in favour of DMRC. The Holding Company has now filed an appeal in the Delhi High Court against this award and the proceedings are going on. Arguments have been heard at length and further parties are directed to file written submission.

In case of another project, viz. Welcome Mall, construction activities had to be suspended as the property development area allotted to the Holding Company was infringing the proposed line of Metro Station to be constructed by DMRC under phase III. Consequently, the construction activities could not be restarted due to DMRC's inability to provide necessary clarification regarding FAR availability on the property development area and final approved revised layout plan from MCD. The Holding Company has invoked the Arbitration clause under the concession agreement and the proceedings are in final stage. DMRC vide letter dated 04.03.2022 issued a Termination Notice thereby terminating the Concession Agreement with effect from 12.03.2022. The Tribunal vide order dated 13.04.2022 directed DMRC to maintain status quo till conclusion of arbitration proceedings.

Pending arbitration award / necessary clarifications and documents, the Holding Company has not provided for recurring licence fees amounting to ₹ 4,531.19 lakhs (previous year ₹ 4,014.40 lakhs) and has shown the same under contingent liabilities. However, the Holding Company has continued to carry forward the advances / costs incurred on these projects after charging for amortisation / depreciation on periodical basis. On the basis of legal advice received, the management is of the opinion that the Company has favourable case and has considered the Intangible asset under development of ₹ 13,851.00 lakhs as on 31 March, 2022 as fully recoverable.

In case of another project, viz. Seelampur Plot, the sanction of building plans by MCD got delayed for want of No Objection Certificate (NOC) from Government agencies. Accordingly, DMRC was approached to waive the recurring payment liability for the disputed period. Since an amicable resolution could not be reached out between the Holding Company and DMRC, the holding company invoked "Arbitration Clause" under the concession agreement for settlement of the matter. The Arbitral Tribunal has announced its award in favour of DMRC. The Holding Company has now filed an appeal in the Delhi High Court against this award and the proceedings are going on. Further, DMRC has filed Petition before High Court under Section 36 of the Arbitration and Conciliation Act, seeking enforcement of the Award. On 04.03.2022 the Court directed to holding Company to deposit the awarded amount. The Holding Company has challenged the impugned order dated 04.03.2022 passed by the High Court before the Supreme Court. The Supreme Court dismissed the SLP. The Execution petition is now listed for hearing before the High Court of Delhi.

- 43 Pursuant to Investment Agreement dated 21 December, 2010 entered into between the Holding Company, Parsvnath Buildwell Private Limited (PBPL), Parasnath And Associates Private Limited (Co-Promoter) and two overseas Investment entities (Investors) and 'Assignment of Development Rights Agreement' dated 28 December, 2010 entered into with PBPL and Collaborators, the Holding Company had assigned Development Rights in respect of one of its projects, namely, 'Parsvnath Exotica, Ghaziabad' (on land measuring 31 acres) situated at Village Arthala, Ghaziabad (the Project) to PBPL on terms and conditions contained therein.

The project has been delayed due to non-receipt of approval for the revised building plans.

The collaborators (land owners) are seeking cancellation of the Development Agreement and other related agreements and have taken legal steps in this regard. PBPL invoked the arbitration clause and as a consequence of the land owners not appointing their nominee Arbitrator, PBPL approached the High Court at Allahabad for appointment of Arbitrator under section 11 of the Arbitration and Conciliation Act. During the pendency of section 11 petition at Allahabad Court, the Hon'ble Supreme Court while hearing a Civil Appeal filed by PBPL and the Holding Company in another matter, stayed the appointment of arbitrator by

the Allahabad High Court vide Order dated 09.04.2018 and further directed the land-owner to co-operate with PBPL for getting the building plan approved by the Ghaziabad Development Authority. Subsequently, vide Order dated 29.11.2019, the Hon'ble Supreme Court of India appointed a sole arbitrator to adjudicate the disputes between PBPL and the landowner. The Arbitration proceedings are in progress.

During the financial year 2016-17, the Holding Company had entered into a Settlement Agreement with investors for which execution petition for enforcement filed by the investors before the Delhi High Court has been amicably settled pursuant to which the Investment Agreement dated 21 December, 2010 stands cancelled and the securities held by the investors have been acquired by the Holding Company during the financial year 2018-19.

- 44 The Holding Company had entered into a Memorandum of Understanding (MOU) dated 22 December, 2010 with Parsvnath Realcon Private Limited (PRPL), a wholly owned subsidiary company [earlier, a wholly owned subsidiary of its subsidiary Parsvnath Buildwell Private Limited (PBPL)] in terms of which the Holding Company had assigned development rights of the project, namely, 'Parsvnath Paramount' on land admeasuring 6,445 square metres situated at Subhash Nagar, New Delhi to PRPL. The Holding Company has also entered into 'Project Management Agreement' with PRPL and PBPL for overall management and coordination of project development. Further, the Holding Company has given the following undertakings to PRPL:
- a. It shall complete the project within the completion schedule and construction cost as set out in the Agreement.
 - b. The project revenues from the sold area shall be at least the amount set out in the Agreement.
 - c. In the event of construction cost overrun or revenue shortfall, the Holding Company shall contribute such excess/shortfall amount against allotment of equity shares or other instruments at such premium as may be mutually determined by the parties.

The progress of the project has been hampered due to delay in receipt of sanction for revised building plans from South Delhi Municipal Corporation (SDMC) which was ultimately received in November, 2019.

Since the delay in completion of the project has been caused mainly due to certain acts of commission/ omission by DMRC, the holding company has invoked arbitration proceedings against DMRC and the statement of claim has filed before the Arbitral Tribunal. Arbitration proceedings are in progress. Pleadings are complete. Issues have been framed and Cross Examination has been concluded.

- 45 The Holding Company had entered into a Development Agreement (DA) with Chandigarh Housing Board (CHB) for the development of an integrated project ('the project') at Chandigarh. Owing to various factors, disputes had arisen between the Holding Company and CHB. Consequently, the Holding Company had invoked the arbitration clause in the DA. Hon'ble Sole Arbitrator had pronounced the award in January, 2015 which was accepted by the Holding Company and the CHB. Pursuant to the arbitration award, the project was discontinued and surrendered to CHB.

Subsequent to the acceptance and implementation of the award, it was noticed that due to a computational error in the award, the awarded amount was deficient by approximately ₹ 14,602.00 lakhs. Consequently, the Holding Company made an application to the Hon'ble Sole Arbitrator for correction of the computational error. However, the Sole Arbitrator in his findings, while admitting the error, stated that after acceptance and implementation of the award by both the parties, he had become non-functionary and therefore rejected the claims made by the Holding Company. The Holding Company has since filed its objections under section 34 of the Arbitration and Conciliation Act, 1996 read with section 151 of Code of Civil Procedure (CPC) before the Additional District Judge cum MACT, Chandigarh and the Court had issued notice to CHB for filing its reply and also called for the Arbitral Record from the Sole Arbitrator. The Additional District Judge, Chandigarh dismissed our application on 30 May, 2018. Aggrieved by the

said order, the Holding Company preferred an appeal under section 37 of the Arbitration and Conciliation Act, 1996 before the Hon'ble Punjab & Haryana High Court at Chandigarh and the proceedings are going on. Pending decision of the Hon'ble Punjab & Haryana High Court, the amount of ₹ 14,046.91 lakhs (net of tax deducted at source) has been shown as recoverable and included under 'other financial assets' in Note 11.

- 46** Parsvnath Film City Limited (PFCL), a subsidiary of the Company had given an advance of ₹ 4,775 lakhs to 'Chandigarh Administration' (CA), being 25% of the consideration payable for acquisition of development rights in respect of a plot of land admeasuring 30 acres from under Development Agreement dated 2 March, 2007 for development of a "Multimedia-cum-Film City" Complex. Since CA could not handover the possession of the said land to PFCL, PFCL invoked the arbitration clause for seeking refund of the allotment money paid along with compensation, cost incurred and interest thereon.

The Arbitral Panel vide its order dated 10 March, 2012, had decided the matter in favour of PFCL and awarded refund of ₹ 4,919.00 lakhs towards the earnest money paid and other expenses incurred by PFCL along with interest @ 12 % per annum. Subsequently, the CA filed a petition before the Additional District Judge at Chandigarh challenging the award under section 34 of The Arbitration and Conciliation Act, 1996. The said petition was dismissed by the Hon'ble District Judge vide his order dated 07 May, 2015.

An Execution petition was filed before Additional District Judge (ADJ), Chandigarh for the execution of the Arbitral Award by PFCL. In the meantime, CA filed an appeal under section 37 of the Arbitration and Conciliation Act, 1996 before the Punjab and Haryana High Court at Chandigarh against the orders of the ADJ, Chandigarh pertaining to the Award of Arbitral Tribunal. The Hon'ble High Court allowed the appeal filed by CA and set aside the arbitral award vide its orders dated 17 March, 2016. The Hon'ble High Court also decided that CA is entitled to cumulatively claim/recover an amount of ₹ 8,746.60 lakhs from PFCL due to failure to develop the site and adhere to the terms of the agreement. PFCL had filed a Special Leave Petition (SLP) before the Hon'ble Supreme Court of India which has since been admitted and notice has been issued to the Opposite Party. CA has also filed a Special Leave Petition before the Hon'ble Supreme Court for allowing the counter claims made by them and both the matters have been tagged together and the matters are listed before the Ld. Registrar for completion of pleadings. The matters are now reflecting in the Advance List of matter which would be heard during the summer vacation. Based on legal advice received, the management is hopeful for recovery and the amount of ₹ 4,825.00 lakhs has been shown as recoverable.

- 47** The Holding Company was declared as the "Selected Bidder" for grant of lease for development of project on a plot of land at Sarai Rohilla, Kishanganj, Delhi by 'Rail Land Development Authority' (RLDA) vide its 'Letter of Acceptance' (LOA) dated 26 November, 2010. Parsvnath Promoters and Developers Private Limited (PPDPL) was identified as a Special Purpose Vehicle (SPV) company for implementation of the project. Subsequently, in terms of the requirements of RLDA, another Company in the name of Parsvnath Rail Land Project Private Limited (PRLPPL) was incorporated as an SPV to implement the project in place of PPDPL. RLDA accepted PRLPPL as the SPV vide its letter dated 3 August, 2012.

The Holding Company entered into agreements with PRLPPL and overseas investors during 2012 and 2013 for financing the project.

Due to multifarious reasons, including the lack of statutory approvals, PRLPPL was not able to achieve 'Financial Closure' as per Article 7 of the Agreement which resulted in deemed termination of the agreement. The Holding Company and PRLPPL invoked the arbitration clause in the development agreement for recovery of amount paid to RLDA together with interest thereon on deemed termination of agreement and related matters and instituted four Arbitral proceedings namely Arbitration I, II, III and IV. The Arbitral Tribunal has announced its award in respect of the Arbitration II on 25 November, 2017 directing RLDA to refund the amount of ₹1,03,453.78 lakhs along with 4% interest per annum payable with effect from 15 July, 2015 till the date of recovery. RLDA filed its objections under section 34 of the Arbitration and Conciliation Act, 1996 before the Hon'ble Delhi High Court for

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

setting aside the said Arbitral award, which was rejected by the Court vide its order dated 3 April, 2018. Thereafter, RLDA filed an appeal before the Division Bench of the Hon'ble Delhi High Court which was dismissed vide judgement dated 14 March, 2019. Subsequently, the Special Leave Petition filed by RLDA before the Hon'ble Supreme Court of India was also dismissed on 8 July, 2019.

PRLPPL has received the award amount during July, 2019.

In case of Arbitration I (with respect to RLDA's liability for payment of interest to PRLPPL on installments received in excess of and prior to RLDA's entitlement), the Arbitral Tribunal by award dated 1 June, 2018 rejected the claim filed by the Holding Company and PRLPPL. The Holding Company and PRLPPL have filed an appeal before the Hon'ble Delhi High Court against the said award and the proceedings are going on.

The Holding Company and PRLPPL have further initiated two other Arbitration proceedings (Arbitration III and IV) seeking inter-alia refund of the amounts retained as alleged losses by RLDA, losses incurred on account of RLDA's breach of its representations and warranties in respect of the land sought to be leased and delay in return of Performance Bank Guarantee. The Arbitration proceedings are in progress.

Based on legal advice received, the claim of ₹ 6,442.62 lakhs from RLDA is considered good and recoverable.

- 48** In respect of loan taken by the holding company along with other group companies from a Non-Banking Finance Company (NBFC) namely IL&FS Financial Services Limited, the group along with other co-borrowers entered into a revised agreement with the said NBFC for repayment of loan and interest in monthly installments over a period of 60 working days starting from approval of said NBFC's NCLT Court which is expected in financial year 2022-23.

A charge of ₹ 1,07,400 lakhs appeared on ROC against outstanding loan of ₹ 17,500 lakhs (sanction amount ₹ 18,000 lakhs). For satisfaction of extra charge, Holding company has already approached the IL&FS Financial Services Limited.

- 49** In respect of loan with LIC of India, the company has requested for revised terms which is under approval from the lender and interest liabilities is regrouped accordingly.
- 50** In respect of loan with Rare Asset Reconstruction Limited (ARC) and Edelweiss Rural & Corporate Services Limited (NBFC), the ARC and NBFC have approved the proposal for settlement of dues of the holding company in lump sum subject to certain conditions and the crystallized amount has to be paid in installments over a period of time. The holding company is paying the same on proportionate release of security.
- 51** The Group has incurred cash losses during the current and previous years. Due to continued recession in the real estate sector owing to slow down in demand, the group is facing tight liquidity situation as a result of which there have been delays/defaults in payment of principal and interest on borrowings, statutory liabilities, salaries to employees and other dues. Also, the Group continues to face lack of adequate sources of finance to fund execution and completion of its ongoing projects resulting in delayed realisation from its customers and lower availability of funds to discharge its liabilities. The group is continuously exploring alternate sources of finance, including sale of non-core assets to generate adequate cash inflows for meeting these obligations and to overcome this liquidity crunch. In the opinion of the Management, no adverse impact is anticipated on future operations of the group.

53 In the opinion of the Board of directors, current and non-current assets do have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated.

54 Corporate social responsibility

In terms of the provisions of section 135 of the Companies Act, 2013, the Holding Company was not required to spend any amount on activities relating to Corporate Social Responsibilities (CSR) for the year 2021-22 due to continuing losses in preceding three years except an amount of ₹ 238.38 lakhs pertaining to financial year 2014-15 which is pending for compounding before Regional Director, Northern Region, Ministry of Corporate Affairs.

55 The Group has no outstanding derivative or foreign currency exposure as at the end of the current year and previous year.

56 The Group companies are engaged in the business of real estate development, which has been classified as infrastructural facilities as per Schedule VI to the Companies Act, 2013. Accordingly, provisions of section 186 of the Companies Act are not applicable to the group and hence no disclosure under that section is required.

57 SEBI had issued a Show Cause Notice dated October 19, 2020 under various Sections of SEBI Act, 1992 and Securities Contracts (Regulations) Act, 1956, etc., to the Holding Company and all the Directors and Chief Financial Officers (CFOs) who were holding office during the financial years 2009-10, 2010-11 and 2011-12 along with the Forensic Audit Report submitted by E&Y relating to certain transactions during the aforesaid financial years. The SCN was replied by the holding company and also requested for a personal hearing before Whole Time Member (WTM), SEBI. The SEBI informed the Holding company and the other Noticee to appear before Shri Ananta Barua, Whole Time Member (WTM), SEBI in online hearing. On the hearing scheduled on October 25, 2021, where the senior counsel appeared on behalf of the Holding company concluded the arguments. The WTM also heard the other Noticees. Some of the Noticees sought further time to file their reply and requested for the same before the WTM. The WTM has allowed them to file their reply before the next date of hearing to be announced by SEBI. The SEBI had scheduled a hearing on December 31, 2021 for filing of reply of other Noticees. On the appointed date of hearing other Noticees made their representation before WTM. Now, the final order of SEBI is awaited.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

- 58** The Holding Company is developing a project situated at Azadpur Metro Station as per the terms of concession agreement with DMRC. Due to delays in payments to DMRC, DMRC has issued a letted dated 28 February, 2022 for termination of contract for Azadpur metro station with the holding company. The holding company has invoked clause 12.2.2 of the concession agreement for conveying amicable meeting with DMRC for amicable settlement of the dispute. The matter is under negotiation with DMRC and if negotiation does not materialise, the holding company will take a proper legal action in this matter and has not considered any impairment in the value of Intangible Assets under development.
- 59** The Holding Company was awarded a works contract by Buddha Smriti Udhyaan Development Company Ltd. (BSUDCL) to develop a park, by the name of Buddha Smriti Udhyaan ("the Project") in Patna, Bihar on 27.06.2008. Major portion of the project was completed in the year 2010 and the Park was inaugurated by the Dalai Lama in May, 2010. The project was thereafter taken over by the Bihar Urban Infrastructure Development Corporation Limited (BUIDCL) on 01.11.2010 who stepped into the shoes of the BSUDCL. The remaining portion of the project was also completed and bills for the work done were raised on BUIDCL. BUIDCL instead of making payment wrongfully invoked the performance bank guarantee of ₹ 628.00 lakhs submitted by the Holding Company, alleging failure on the part of Holding Company to complete the project. Payments against bills were also stalled by BUIDCL. The Holding Company kept calling upon the BUIDCL for amicable resolution of the disputes. Thereafter, the Holding Company approached the Bihar Public Works Contract Disputes Arbitration Tribunal (Tribunal) with its claims against BUIDCL. Thereafter, the Holding Company and other side also filed their claims and counter claims before the Tribunal. The matter is disposed of by the Tribunal expressing its inability to entertain the Petition in view of the judgment passed by the Hon'ble Supreme Court in some other matter. However, at the request of counsel appearing for the Holding Company, the Tribunal granted liberty to approach the Hon'ble High Court under Section 11 of the Arbitration and Conciliation Act for appointment of an Arbitrator. The Holding Company is seeking legal advice in the matter and will take suitable action accordingly including exploring an amicable settlement in the matter. Based on the above, the management is hopeful for recovery and the amount of ₹ 1,231.82 lakhs has been shown as recoverable.
- 60** The National Consumer Disputes Redressal Commission (NCDRC) vide its interim order passed on 19 July 2015 in connection with a complaint filed by Resident Welfare Association (RWA) for delay in handing over of possession of La-Tropicana project, had given interim relief to complainants by way of compensation as agreed in the flat buyer agreement. Parsvnath landmark developers private limited (PLDPL) had paid the compensation in accordance with the interim order and the amount paid has been charged to the statement of profit and loss during the financial year 2017-18. During the course of hearing on 21 December 2018, the Hon'ble Commission suggested that the parties should try to amicably resolve the dispute. On 30th April 2019 a Memorandum of Understanding (MOU) was signed with the RWA to settle the matter and was taken on record by the NCDRC in its final order dated 30th April 2019. The RWA has subsequently filed an execution application seeking enforcement of the terms of the MOU for which the legal proceedings are on.
- 61** Land was allotted by Punjab Small Industrial & Export Corporation Limited (PSIECL) to Holding Company on a freehold basis. PSIEC has cancelled the allotment of land citing non payment of outstanding dues. The Holding Company has filed an Arbitration petition against the said cancellation before the Mohali District Court.
- 62** The Group is setting up various projects on Build Operate Transfer (BOT) basis. Costs incurred on these Projects till completion of the project are reflected as 'Intangible assets under development'. Details of incidental expenditure incurred during construction in respect of these projects debited to 'Intangible assets under development' are as under:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH, 2022

68 Operating lease arrangements - As lessee - Ind AS 116

The Group has entered into Concession Agreements with Delhi Metro Rail Corporation (DMRC) and has acquired the License Rights to develop properties and sub license it to the customers for a defined period of time. License fee payable to DMRC over the concession period has been recognised as 'Right of use assets' and 'lease liabilities' as at 1 April, 2019 as per Ind AS 116.

The Group has applied Ind AS 116 using the modified retrospective approach.

Notes:

- a. The Group has adopted Ind AS 116 "Leases" effective April 1, 2019 and applied the standard to its lease contracts existing as at 1 April, 2019 using the modified retrospective approach. The Group has recorded lease liability at the present value of the lease payments that are not paid as at 1 April, 2019, discounted using the group's incremental borrowing rate and recognised right of use assets of equal amounts.
- b. The depreciation expense of ₹ 1,909.00 lakhs on right-of-use assets is included under depreciation and amortisation expense in the statement of Profit and Loss and depreciation of ₹ NIL has been capitalised in 'Intangible Assets Under Development'.
- c. The following is the summary of practical expedients elected on initial application:
 - (i) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
 - (ii) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application or low value leases.
 - (iii) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
 - (iv) Applied the practical expedient to assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.
