Do you think, 20 per cent growth in revenue is sustainable in the comin years at a time when the industry is years at a time when the industry is growing at not more than 7-8 per cent? In 2020 and 2021, we are poised to grow at this rate. We have signed contracts that give us this confidence. We have 90 per cent visibility on our revenue growth rate of 20 per cent and we are only sitting on the first quarter of 2020.

UST Global has its roots in Kerala. How important is India as a delivery centre? We have around 15,000 staffers in India out of the total employee base of 25,000. We started up in Trivandrum (Thiruvananthapuram), when it used

to be tier-III city. As we are growing at 20 per cent, we will expect 15-20 per cent addition to our Indian headcount y-o-y.

When Temasek invested in UST Global

When Ternasek invested in UST Global in 2018, there was a buzza hout an upcoming initial public offering (IPO). So, what is the status of UST Global's plan tog public? IPO is definitely in the horizon, but it depends on the market conditions. It is crystal ball gazing, but I don't know when. We look at it based on the advice of our bankers and investors.

Will UST Global stren

before going public? We will strengthen our board before the IPO. Currently, we have 10 members on the board, who are mostly representing the investors. We will look at industry experts in healthcare, financial services or who have worked in large technology companies, and who can guide us.

UST Global acquired 3 firms last year UST clobal acquired 3 firms last year, taking number of acquisitions to 11 so far. Will you do tuck-in acquisitions in the future or even look at bigger firms? We are open (to do big acquisitions). W have support of investors. But, it will hav to fit with our culture. We won't do a n't do an acquisition just for the sake of it
