Respected Sir/Ma'am,

Satrix, in collaboration with XM Cyber, hosted an exclusive cybersecurity roundtable on December 10<sup>th</sup>, 2024 at Vivanta, Ahmedabad. The event brought together top CISOs and CIOs from Gujarat and Rajasthan, focusing on practical approaches to identifying and remediating modern cyber threats.

*“This roundtable was designed to offer real-world insights and actionable solutions,” said **Mr. Bhavik Patel, Regional Head of Satrix Information Security Ltd.** “Our goal was to empower businesses to address their cybersecurity challenges with clarity and confidence.”*

Further **Mr. Harshad Salvi, Technical Director at XM Cyber**, shared insights on a smarter approach to managing vulnerabilities and staying ahead of attackers. He emphasized the importance of continuous prioritization and risk reduction through XM Cyber’s advanced Attack Path Management platform. *“Not all vulnerabilities are created equal,” he noted. “Our platform identifies critical risks and provides actionable solutions to protect your organization’s most valuable assets.”*

Mr. Bhavik Patel, Regional Head - India, and Mr. Karan Shrivastav, Sales Engineer, highlighted how XM Cyber’s technology bridges the gap between IT and security teams by automating vulnerability management, reducing noise, and optimizing resources.

Attendees gained valuable knowledge on tackling key challenges such as managing high volumes of vulnerabilities, prioritizing risks effectively, and aligning security operations with business goals.

*“We are proud to bring such actionable insights to the forefront,” added **Mr. Sachhin Gajjaer, Managing Director of Satrix Information Security Ltd.** “This collaboration reflects our commitment to advancing cybersecurity strategies for businesses in the region.”*
