Dear Sir /Ma'am,

Subject: Annual Report for the FY 2019-20

In terms of Regulation 30 and Regulation 34 of SEBI (Listing Obligation and Disclosures Requirement) Regulations, 2015, we submit herewith the soft copy of 34th Annual Report for the Financial year ended 31st March 2020.

In accordance with the Circular No. 17/2020 issued by the Ministry of Corporate Affairs ('MCA') dated 13th April 2020 and circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated 12th May, 2020 issued by the Securities and Exchange Board of India ('SEBI') the Notice convening the 34th AGM and the Annual Report for the Financial year 2019-2020 have been sent only through electronic mode to all members whose E-mail Id are registered with the Company/RTA/Depository Participant(s).

You are requested to take the same on record.

Thanking you,

Yours faithfully,
For, BODAL CHEMICALS LTD

Ashutosh B Bhatt
Company Secretary & Compliance Officer

Bodal Chemicals Ltd.
COLOURS. INTEGRATION. INNOVATION.

ANNUAL REPORT 19-20

**WE KEEP
MOVING**

ON A
STRONG
footing

The essential elements below authenticate our progress in the right direction...

○ Diversified product portfolio

Our growing diverse range of products across Dye Intermediates and Dyestuffs make us one of a kind to meet our customers' requirement.

○ Geographical presence

Exports in 45+ countries and overseas marketing subsidiaries is an affirmation of the fact that we are a global powerhouse.

○ Capacity expansion

We are progressing well to meet the demand through a clear focus on capacity expansion, largely sourced through internal accruals.

○ Innovation

All the testing undertaken across our well-equipped laboratories through strong R&D leads to product development, hence testifying our innovative capability.

○ Sustainability

Our continuous efforts in improving resource efficiencies while minimising environmental footprint, assists our growth in a sustainable manner.

○ Stakeholder engagement

Our strong stakeholder relationships are exhibited in our engagement with them through different channels.

allowing us to be on a strong footing despite...

○ Competitive market

The industry is dominated by China which is facing slowdown owing to environmental concerns. The Company already has capacities in place to meet the resultant transfer demand opportunities coming to India from the western countries.

○ Volatile raw material prices

The Company lays its dependence on a myriad of raw materials, which are vulnerable to price volatility. Integration within business functions has insulated the Company from the rising costs.

○ Forex fluctuation

Bodal Chemicals' global presence exposes it to foreign currency risk. The Company has a clear policy to hedge its imports/exports contract from forex fluctuations.

○ Stringent credit lending

The rising NPAs have enabled the financial service providers to adopt a very cautious approach towards lending. This has disrupted growth strategies for companies looking at expansion through debt. However, Bodal Chemicals has a strong credit rating and is focused on growing through internal accruals.

○ Strict regulatory norms

The changing regulatory landscape has created challenges for many small-sized companies. Bodal Chemicals, however, is eco-conscious and adheres fully to the regulatory requirements. Thus, it is fairly well placed through inhouse environmental facilities.

Disclaimer: This document contains statements about expected future events and financials of Bodal Chemicals Limited, which are forward looking. By their nature, forward-looking statements require the Company to make assumptions and are subject to inherent risks and uncertainties. There is a significant risk that the assumptions, predictions and other forward-looking statements may not prove to be accurate. Readers are cautioned not to place undue reliance on forward-looking statements as several factors could cause assumptions, actual future results and events to differ materially from those expressed in the forward-looking statements. Accordingly, this document is subject to the disclaimer and qualified in its entirety by the assumptions, qualifications and risk factors referred to in the Management Discussion and Analysis section of this Annual Report.

Right Location

Our manufacturing plants are strategically located in Gujarat, giving us the advantage of close proximity to abundant feedstock and well-connected transport infrastructure. Moreover, our distribution facilities throughout Europe, Asia and the Asia-Pacific region, make our supply network across the globe extensive.

Right Organisation

Open and rewarding work culture encourages people to work in a comfortable manner.

Right Leaders

Leaders with rich experience, strong cultural background and right mindset, ensure complete transparency in work, enhancing stakeholder confidence.

Together these factors shape up well as we move forward with a strong footing to overcome short-term hindrances.

AT A GLANCE

Bodal Chemicals ('The Company' or 'Bodal' or 'We') is one of the largest manufacturers and exporters of multiple chemical products including Dyestuffs, Dye Intermediates, Basic Chemicals, and its variants. The Company's wide range of products make it a well-integrated player enjoying a lowered cost of production. Besides, the Company is also an end-to-end solution provider for its customers.

Led by a vision to grow globally, the Company has been growing at an accelerated pace, through diversification of business, capacity expansion and concentration on high margin products. The Company has been moving ahead with a focused strategic mindset, ably supported by high-tech infrastructure, modern laboratories and well-qualified chemists, among others.

The Company works diligently and is characterised by its ability to embrace sustainability across all spheres. The Company has undertaken an environmentally conscious approach through effective disposal of waste, appropriate liquid discharge, energy optimisation and adherence to the philosophy of water stewardship. It also plays a prominent role in employee and community development.

MESSAGE TO THE SHAREHOLDERS

Dear Shareholders,

I am pleased to report that, collectively, the Management and its people have risen above disruptive headwinds faced in the fiscal 2019-20. And, against the challenging backdrop, one element that remained unchanged throughout the period was our progress in strategy implementation. This approach, along with our social initiatives and environmental stewardship, is what makes us sustainable for the future.

Economic scenario

Things were looking good for the global economy in the first three quarters of 2019-20 with phase one trade talk, stability in crude oil prices, Brexit coming to a closure and a low-interest rate environment. In consonance with the global economy, India was on a relative growth trajectory, with the strengthening of the agrarian space, corporate and income tax rate cuts, narrowing trade deficit and increasing foreign investments. The positive outcome of this was expected to translate into increased consumer demand and private investments, which had been slacking for a while. However, the unprecedented occurrence of Covid-19 outbreak led every economy, industry and company to re-think their strategic road map and lay out a path ahead. And, I am confident, even

in the face of this crisis there are certain silver linings in the form of growing interest amongst multinational companies to shift their manufacturing facilities to India, adoption of digital payments, favourable crude oil prices for India and more. Though this is one-in-a-lifetime event, we are also confident of overcoming this crisis like done with many other crises in the past.

Industry landscape

The Indian Chemical Industry has witnessed tremendous growth owing to the lucrative advantage it possesses over other countries. It benefits from the easy availability of key raw material, lower cost of labour, large end-user industries' base. Whereas, the adoption of technology by big companies has enabled them to strengthen cyber security system, improve overall operational efficiency and measure the environmental impact. The Indian chemical players recorded a CAGR of 15% as Total Returns to Shareholders (TRS), over the last decade or so (Source: *The Indian chemical industry: Unleashing the next wave of growth, McKinsey February 2020*). The growth was primarily on the back of an increasing topline, which was supported by favourable policy environment, efforts to curb import and strict regulatory norms around the globe. However, smaller players are finding it challenging to cope with the pace of evolution and hence are forced to either liquidate

Our Strategic decisions

- Adding capacities into core business.
- Expanding reach into different geographies.
- Integration of business.
- Gradual margins expansion.

in action

- Expansion of Dyestuffs capacity by 18,000 MTPA in the last two years to improve margins.
- Acquired ~ 80% stake in Turkish entity Sener Boya to strengthen the foothold in marketing and on the trading front.
- Stabilised production of the Thionyl Chloride (TC) plant with a capacity of 36,000 tonnes. The plant will play a vital role in strengthening our forward and backward integration.
- The Company has acquired 100% stake in Trion Chemicals to turn it into a profitable business in the near term.
- Opened several warehouses in India.

enable us to build a promising future...

- Strong bottomline numbers and increasing market share.
- Increase in stakeholders' value.
- Higher cash flow generation.

or consolidate. Going ahead, the Indian Chemical Council's (ICC) goal to reach a USD 300 Billion-industry turnover by 2025, seems to be a possibility, with full support from the Governments to set up a strong infrastructure and compete against the threat from China.

Business landscape

Dyestuffs covers every aspect of our lives. This signifies the importance of Dyes and Pigment sector for the economy. Intermediates are a prominent raw material used in the production of Dyestuffs. Over the years, India has reduced its reliance on other countries for intermediates used in Dyestuffs and today, the country is gradually becoming 'Atmanirbhar'. However, the country is still dependent for k-acid, J-acid, Bromamine Acid, Sulpho Tobias Acid and Cyanuric Chloride on a large share of imports. With China facing issues owing to the environmental norms, India is well-poised to benefit from the same.

Let us see how we have performed in the last ten years:

- Total Revenues from Operations increased by 157% (10% CAGR) to ₹ 12,318 Million in 2019-20 from ₹ 4,793 Million in 2009-10.
- EBITDA increased by 200% (12% CAGR) to ₹ 1,580 Million in 2019-20 as compared to ₹ 527 Million in 2009-10.
- PAT strengthened by 658% (22% CAGR) to ₹ 1,022 Million in 2019-20 as compared to ₹ 135 Million in 2009-10.
- Debt to Equity ratio decreased from 4.56 in 2009-10 to 0.25 in 2019-20.

A responsible firm

As a proactive response to the current paradigm change, we remain ardent to our duties and responsibilities. These include creating a safe working environment, adhering to the best management practices and embedding sustainability into our facilities.

Through strong R&D, we are doing our bit in adding economic value by strengthening our in-house feed production. This reduces our dependency on other countries for raw material import and through this, we are also aligned to the Government's 'Aatmanirbhar Bharat Abhiyan' initiative. Moreover, our 45% of revenue comes from export, thereby, playing a minuscule role in contributing to the country's foreign exchange.

At the same time, our social contribution, through renowned NGOs like YUVA and other various Trusts, has helped us to focus on a wide array of areas such as health, education and basic infrastructure, among others. We take pride in positively having influenced many people's lives through our initiatives.

Responding to the pandemic

As a responsible corporate citizen, we adhered to the Government guidelines that were issued during different phases of the Covid-19 induced lockdown to contain the spread of the virus. With the slow and gradual upliftment of regulations, the reopening of plants in different sectors, is likely to lead to a gradual recovery. The Company's fundamentals are intact to support the strong growth prospects. And, I am confident we will start from where we left and keep moving to be on a strong footing.

In closing

I would like to thank the entire team at Bodal Chemicals, for their constant commitment and efforts undertaken during the year. It is this pride of working with such an illustrious team that drives us every day as we work to honour our stakeholders' faith and investment in us.

Suresh J. Patel

Through our strengths

Good customer relationships

Customer relationships and engagements have been maintained on the back of a strong brand building, over the years. An integrated business model, ease of product availability and strict quality adherence have made us a partner of choice for customers.

Strong and experienced management team

Impressive educational background of leaders coupled with extensive knowledge of the chemical industry enables the Company to meet its strategic goals.

Integrated business model

One of the few companies in India with fully integrated operations. This allows approx 48% of the Basic Chemical to be captively consumed by Dye Intermediates and approx 43% of Dye Intermediates output to be consumed by Dyestuffs, giving the Company a cost-competitive advantage.

Emphasising on stable margin Dyestuffs business

Dyestuffs touches every facet of lives by imparting colours to fabric, leather, paper, paint and pen ink, among others. Therefore, looking at its uses across a wide range of industries, the Company has directed the resources towards the high-value Dyestuffs business. The Dyestuffs capacity expansion is expected to pay off once the economy witnesses a gradual turnaround.

Organic and inorganic growth

With an aim of strengthening its foothold in every direction, the Company has resorted to skilful growth through both, organic and inorganic mediums. These have resulted in diversification of chemicals, better market position, business integration and strengthening of distribution network.

RESPONDING TO CRITICAL ISSUES

Environmental

Challenges

- Huge costs involved in complying with environmental regulations. Moreover, the rising industrial water and power rates are a concern.
- Scarcity of water can lead to insufficient supply affecting our production needs.
- The Chemical Industry is energy and CO₂ intensive. It represents more than 30% of global Greenhouse Gas (GHG) emissions. If not controlled, it can have a profound effect on climate change.

Response

- The Company abides by the mantra of 'reduce, recover and reuse' of natural resources. This way, it finds a way to effectively minimise the impact on the environment.

Pollution control expenses to sales ratio (%)

- The Company has appropriate pollution control systems in place. These include implementation of Effluent Treatment Plants (ETPs), Multiple Effect Evaporator Plant (MEEP), Brine Treatment Plant and Effluent Spray Dryer Plant (ESDP).
- The Company possesses 5 MW lignite-based & 1.73 MW steam (waste recovery heat) based captive power plant at Unit 7.

Win-Win outcome for us and society

- Reusable clean water.
- Zero liquid discharge.
- Salt extracted through MEEP process is captively used or sold.
- Cost optimisation through proper management of the energy consumption.
- Creating a better future for all stakeholders.

Communities

Challenges

- Ascertaining the right model for CSR activities, whether to set up a foundation or work through a non-profit organisation, is a challenge.
- Embedding CSR into business operation to create societal as well as economic value.

Response

- The Company is engaged with renowned NGOs like YUVA and other various Trusts to implement CSR activities, for utilising their know-how to aid us in maximising the social impact.

CSR Spent (₹ Million consolidated)

- The Company is committed to create social value by engaging in dynamic CSR activities. These include activities towards healthcare, education, infrastructure development, sports promotion and social issues.
- The Company provides employment to local people wherein it operates.

Win-Win outcome for us and society

- Community upliftment.
- Contribution to improving 'India's Human Development Index'.
- Strong business reputation.
- Brand recognition.

Total comprehensive income	1,037	1,436	(27.79)	864	1,409	(38.68)
Earnings Per Share (EPS) (Basic)	8.35	11.78	(29.12)	7.16	11.56	(38.08)

Note: previous year's figures have been recast wherever necessary.

IMPACT OF THE COVID-19 ON BUSINESS OF THE COMPANY

The operations of the Company were affected due to the lockdown announced by the Government of India to control the spread of Corona virus. The Company's manufacturing operations have been partially functional since 11th May, 2020 with the permissions of the State Government, well with the functioning guidelines issued by Ministry of Home Affairs (MHA). The Company has adhered to the guidelines as specified by the Government of India and complying with all safety measures to safeguard its employees from COVID-19 disease. The Company has formulated policy for work from home for all employees except employees associated with manufacturing activity. Plant operations have been partially functional throughout the lockdown period initially with residual staff, all housed within our premises.

THE FINANCIAL YEAR UNDER REVIEW 2019-2020

PERFORMANCE DISCUSSION

The Financial Year 2019-20 is a year where your company has sustained well and as a group performed satisfactory. Though the challenges related to the reduction in prices of finished goods and lesser demand etc. were there but your company has done well and that have been reflected in the top line and bottom line for current financial year. Your company has achieved productivity gains, volume growth and sustainable margins. During the year under review, group has achieved Total Revenue of ₹ 13,852 Million and revenue has declined 3.60% compared to previous year. During the year under review EBIDTA and Profit after Tax of the Group were stand lesser by 40.64% and 38.64% respectively compared to earlier year.

Board's Report (Contd.)

Bodal Chemicals Ltd. (BCL)

Bodal Chemicals Ltd. is the most integrated Dyestuffs Company in India and also the biggest manufacturer of Dye Intermediates in India. The Company's product range covers Dyestuffs, Dye Intermediates and Basic Chemicals broadly classified under Specialty Chemicals. It has a unique and integrated product line covering forward and backward integration to dye intermediates. It contributes about 20% of India's capacity and about 5% of the world's capacity for Dye Intermediates. Out of the total production, about 41% is exported to over 45 countries across the world.

The Company is listed on BSE Ltd. (Bombay Stock Exchange) and National Stock Exchange of India Ltd. (NSE).

The broad areas of operations of the Company are as under:

Dyes

Your Company is a leading manufacturer of Reactive, Acid and Direct Dyes. Bodal Chemicals has capacity of manufacturing more than 150 variants of Dyestuff which are principally used as raw materials in Textiles, Leather, Paper & other Dyestuff consuming industries

Dye Intermediates

Bodal is the largest manufacturer of Dye Intermediates in India and among the leading manufacturers of Dye Intermediates in the world. Bodal Chemicals has capacity of manufacturing up to 25 Dyes Intermediates products. These Dye Intermediates are directly sold as well as consumed captively for manufacturing different kinds of Dyes.

Other/Basic Chemicals

Bodal is also a manufacturer of other Chemicals like Sulphuric Acid, CSA, Oleums, Beta Naphthol and Acetanilide. These Chemicals are used as key raw materials for production of Dye Intermediates, which is highly beneficial in terms of improving profitability of the Company.

SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES:

- Subsidiaries:

1. SPS Processors Private Ltd.- Subsidiary Company
2. Trion Chemicals Private Ltd.- Wholly Owned Subsidiary Company

3. Bodal Chemicals Trading Pvt Ltd- Wholly Owned Subsidiary Company
4. Bodal Chemicals Trading (Shijiazhuang) Co., Ltd.- Wholly Owned Subsidiary Company
5. SENER BOYA KIMYA TEKSTIL SANAYI VE TICARETANONIM SIRKETI-Subsidiary Company
6. Bodal Bangla Ltd.- Wholly Owned Subsidiary Company

- Step-down subsidiaries:

1. SENPA DISTICARET ANONIM SIRKETI

S P S PROCESSORS PVT. LTD. (SPS)

S P S Processors Pvt. Ltd. is a company engaged in manufacturing of dye intermediates.

Your Company is holding 70% equity stake in S P S Processors Pvt. Ltd, a subsidiary company of Bodal Chemicals Ltd.

SPS has a manufacturing plant located at Kosi, Uttar Pradesh, India having running operational capacity to produce 3,000 tons per annum (TPA) of H-Acid, a key Dye Intermediate. The manufacturing plant is a "zero discharge" unit and only about four and half year old.

S P S Processors Pvt. Ltd. also has all necessary permissions to manufacture Vinyl Sulphone another key Dye Intermediate, as well as Dyestuff, at the same plant.

With the available permissions, the Company is building a 6000 TPA Vinyl Sulphone plant. The project is expected to start and stabilise production during 2020-21.

This investment will help the Company to increase its manufacturing capacity of Dye Intermediates and consolidate its position in the local and global markets of Dye Intermediates and Dyestuff.

Further Financial Results of the Company for 2019-20 is available on website of the Company at www.Bodal.com

TRION CHEMICALS PVT. LTD. (TCPL)

During the current financial 2019-20, your Company has made further investment in TCPL of ₹ 58.71 Million during the month of March 2020 and after the said acquisition the stake of Bodal Chemicals Ltd in TCPL is 100% and TCPL has become a Wholly Owned Subsidiary company of Bodal Chemicals Ltd.

Board's Report (Contd.)

TCPL had commissioned a plant to manufacture **Trichloroisocyanuric Acid (TCCA)**, falling under specialty chemicals, at Neja, Near Khambhat, Gujarat. TCCA is a disinfectant - an algacide and bactericide used mainly by swimming pools and water treatment plants. It is also used as a bleaching agent by the textiles industry.

TCPL's TCCA plant is the first plant of this specialty chemical in India. TCPL's business plan is focused on the US market. Company is targeting mainly USA market. It has already secured EPA licence in USA for environment protection.

Further Financial Results of the Company for 2019-20 is available on website of the Company at www.Bodal.com

Scheme of Amalgamation

During the year under review, your company has prepared the draft Scheme for amalgamation of Trion Chemicals Pvt. Ltd with Bodal Chemicals Ltd and for that purpose Registered Valuer was appointed to get Valuation Report in the month of March 2020 on the basis of the latest audited financial statements as on 31st March 2019, with appointed date 01st April, 2019. Relevant consultants were also appointed for the said work in March, 2020. Further, company has also planned Board meeting to considered scheme in month of March, 2020, however, due to wide spread of COVID-19 in India, Global Pandemic situation and starting of complete lock down throughout the country for a long time, during the month of March 2020, the Company was unable to complete the requisite formalities like passing the Board Resolutions, submission of the Scheme to the concerned Stock Exchanges and to file the proceedings with the Tribunal.

Later, Board of Directors of your company and also of TCPL-Wholly Owned Subsidiary of the Company at their Board meetings held on 27th May, 2020 and 26th May 2020 respectively, has considered and approved Draft Scheme of Amalgamation of Trion Chemicals Ltd-Wholly Owned Subsidiary with the Bodal Chemicals Ltd-Parent Company. Further, Company has made required disclosures in pursuant to applicable regulation of SEBI (LODR) to Stock Exchanges (BSE and NSE) and filling necessary forms and documents to RoC. Presently process is going on to implement Scheme of Amalgamation. The Appointed Date of Amalgamation is 01st April, 2019.

Rationale of the Scheme:

The Transferee Company is the sole shareholder in the Transferor Company holding 100% shares along with a nominee. It has been realised by the Board of Directors of both the companies that the amalgamation of both these companies shall be helpful to achieve the following objectives-

- (a) The commercial activities of both the companies are of similar nature and amalgamation will result in business and operational synergies in terms of complete integration of facilitates which would result in optimum utilisation of capital and resources and reduction in overall operating and maintenance cost and benefits of economies of scale.
- (b) simplify management structure, leading to better administration and a reduction in costs from more focused operational efforts, rationalisation, standardisation and simplification of business processes, and the elimination of duplication, and rationalization of administrative expenses;
- (c) The amalgamation will result in reduction in the multiplicity of legal and regulatory compliances and reduced costs.
- (d) Simplify shareholding structure and reduce shareholding tiers;

In view of the aforesaid, the Board of Directors of both the companies have considered and proposed the amalgamation of the entire undertaking and business of the Transferor Company with the Transferee Company pursuant to the provisions of Sections 230 to 232 of the Act and other relevant provisions of the Act, and other Applicable Laws.

In Terms of the Scheme and Upon coming into effect of this Scheme, the Equity and Preference shares held by the Transferee Company in the Transferor Company shall stand automatically cancelled with effect from the Effective Date without any further application, act or deed and no consideration shall be issued against the same.

Further, full details of approved Scheme of amalgamation and related disclosures and updating/Status of Amalgamation is also placed on the website of the Company at www.bodal.com

MANAGEMENT DISCUSSION & ANALYSIS

Pursuant to Regulation 34 of the Listing Regulations, the Management Discussion and Analysis Report for the financial year under review is presented in a separate section, forming part of the Annual Report.

CORPORATE GOVERNANCE

Bodal Chemicals Ltd. is committed to ensuring the highest levels of ethical standards, professional integrity, corporate governance and regulatory compliance. The Company understands and respects its fiduciary duty to all stakeholders and strives to meet their expectations. The core principles of independence, accountability, responsibility, transparency, fair and timely disclosures serve as the basis of the Company's approach to Corporate Governance.

Report on Corporate Governance is annexed and forms an integral part of this Annual Report. Certificate from Mr. Tapan Shah, Company Secretary in practice, regarding compliance of conditions of Report on Corporate Governance as stipulated in the Listing Regulations is also appended to the Report on Corporate Governance.

SECRETARIAL STANDARDS

Secretarial Standards for the Board and General Meetings (SS-1 & SS-2) are applicable to the Company. The Company has complied with the provisions of both these Secretarial Standards.

INDUSTRIAL RELATIONS & HUMAN RESOURCES

Industrial relations at all divisions of your Company have always been cordial and continue to be so. Your Directors wish to place on record their appreciation for the co-operation received from employees at all levels.

HUMAN RESOURCES

Grow Together

Year 2019-20 has been a milestone year from "People Front" in many ways. During the year we designed and announced different operational committees. Our team successfully managed audit of Blue Sign, and we became "Blue Sign Business Partner" and this has added one more feather in our basket.

Board's Report (Contd.)

In line with our restructuring process, our Cross Functional Teams (CFT) worked together for improving our existing operational processes, which resulted in increasing in our throughput time. In the journey of designing "Next Phase" this is one milestone that all CFTs are working well.

We at Bodal strongly believe that Human Asset is most precious and invaluable ASSET of the company. In the current scenario of globalisation and cutthroat competition, it is very much important to maintain and sustain global presence and your company is able to prove that during the year 2019-20. In future also, to maintain that agility in people practices, it is very much important. We do have that framework in place for people practices and procedures.

To keep momentum rolling we have continuous practices and belief in philosophy to Train, Coach, and Mentor our employees at all level. In some areas we have also adopted "Reverse mentoring" model, so long associated employees can learn and understand "Next Practices" of Business, which is need of time. In Learning & Development front we have structured model, where Annual Calendar has been designed based on the organisational requirements, which is monitored, based on Unit and Departmental Training Matrix, which will help us to monitor coverage of team members in mandatory and required training programs. This is also helping us to develop future human asset.

During the year we have organised our flagship program of "Independence Day Celebration" and "Safety Week Celebration" with more value additions. This year we have also organised special program for our Female Team members, "International Women's Day" celebration, which symbolised one of our organisational Value of Equality.

In the year 2019-20, we have taken up the challenge of "Digital HR" by keeping future in mind. During this year we have converted few HR processes, where Employee dependency on HR has reduced. We have created Mobile Platform of My Payroll, where they can view company news, leave details, salary details, and other individual information on real time, also they can download required documents on their fingertips. Along with this we are

also focusing on building up of our digital capabilities by aligning our learning and development with new initiatives to minimise impact of technology on work processes.

HEALTH, SAFETY AND ENVIRONMENT (EHS)

Bodal Group is committed towards creating a safe, healthy and eco-friendly work environment providing the leadership and management support which is key to sustainable business growth. We are adopting Beyond the Compliance approach towards adopting and implementing EHS practices across the manufacturing process and the business. EHS principle is integrated into the manufacturing business process to have a sustainable incident free process outcome. Risk based thinking is being developed and adopted as part of the broader loss prevention strategy. Overall a holistic approach is being adopted to manage EHS risks to an acceptable level and as part of the broader Risk management strategy. Continuous training and sensitisation are part of the EHS function to enhance awareness adopting EHS at task level with proper supervision and management leadership oversight. EHS is being driven in a more agile manner with top management intervention to create a safer workplace based on the core belief that "Good Safety means good business". "Personal Protective Equipment's (PPE)" are being provided to employees including the workforce. Data of incidents are being collated and RCA (Root Cause Analysis) done and learning's shared widely to prevent further recurrence. Regular practices of scenario based mock exercise are conducted across the plants to check the efficacy of emergency planning and management. Further the improvement areas are noted and are adopted to enhance efficiency and effectiveness.

We have fully equipped in-house occupational health center manned round the clock with full time well experienced doctors and nursing assistants. In house ambulance for emergency is also available. Pre medical check-up, annual medical check-up and special health awareness camps are conducted for employees. Medical Team has also initiated "Health Gallery" and company doctor conducts counselling sessions and health talks for employees.

Board's Report (Contd.)

MATERIAL CHANGES AND COMMITMENTS

There were no material changes and commitments affecting the financial position of the Company between the end of the financial year and the date of this Report.

RISK MANAGEMENT & INTERNAL CONTROL

The Company has a Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimise adverse impact on the business objectives and enhance the Company's competitive advantage. The business risk framework defines the risk management approach across the enterprise at various levels including documentation and reporting. Further details are set out in the Management Discussion and Analysis Report forming part of the Directors' Report.

The Company deploys robust system of internal controls commensurate to the size of the Company and the complexities of its operations. These systems facilitate fair presentation of its financial results in a manner that

is complete and reliable, ensure adherence to regulatory and statutory compliances, and safeguards investor interest by ensuring the highest level of governance and consistent communication with investor

The Internal Auditors of the Company conduct financial, compliance and process improvement audits each year. The Audit Committee oversees the scope and evaluates the overall results of these audits, and members of that Committee regularly attend meetings of Board of Directors. The Audit Committee also reviews the adequacy and effectiveness of the internal control system, and invites functional Directors and senior management personnel to provide updates on operating effectiveness and controls, from time to time. A CEO and CFO Certificate, forming part of the Corporate Governance Report, confirm the existence and effectiveness of internal controls and reiterate their responsibilities to report deficiencies, if any, to the Audit Committee and rectify the same.

PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

During the year, the Company had not provided any corporate guarantee on behalf of others.

Details of loans, guarantees and investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the financial statements.

CORPORATE SOCIAL RESPONSIBILITY

Annexure 4 to the Directors' Report

SECRETARIAL AUDIT REPORT

For the financial year ended 31st March, 2020

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
BODAL CHEMICALS LIMITED
CIN: L24110GJ1986PLC009003
Plot No. 123-124, Phase-1,
GIDC, Vatva,
Ahmedabad – 382 445

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Bodal Chemicals Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and based on the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit through electronically by way of scan copy or soft copy through mail or otherwise and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2020, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined through electronically by way of scan copy or soft copy through mail or otherwise, the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2020 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made there under as applicable;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended from time to time;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations 2015, as amended from time to time;
 - c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Securities and Exchange Board of India (Share based employee benefits) Regulations, 2014; and
 - e) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 & 2018;
- (vi) Secretarial Standards issued by the Institute of Company Secretaries of India (SS – 1 and SS – 2).

Annexure 4 to the Directors' Report (Contd.)

I have also examined compliance with the applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, amended from time to time, pursuant to the Listing Agreement of the said Company with stock exchanges.

Further being a Chemical Industry, apart from Environment, Pollution and safety related compliances, Narcotics Law 1985 is applicable to the Company, for which examination of the relevant documents and records, on test check basis has been carried out.

During the period under review the Company has generally complied with the all material aspects of applicable provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above. However, the Company has spent less than the prescribed threshold limit of 2% of its average net profits for the last three financial years (as calculated in accordance with the Companies Act, 2013) towards Corporate Social Responsibility.

During the Period under review, provisions of the following Acts, Rules, Regulations, Guidelines, etc. were not applicable to the Company:

- i. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- ii. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- iii. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 & 2018;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of External Commercial Borrowings; and

I further report that –

The Compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same have been subject to review by statutory financial auditor and other designated professionals.

I further report that –

Based on the information provided by the Company, its officers and authorised representatives during the conduct of the audit and on the basis of Compliance Certificates issued by the Managing Director and Company Secretary of the Company and taken on record by the Board of Directors at their meetings, in my opinion, adequate systems and processes and control mechanism exist in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, standards and guidelines and general laws like various labour laws, competition law, environmental laws, etc.

I further report that –

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent generally seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

During the year, all decision in the Board Meetings were carried unanimously.

I further report that during the audit period there were few specific events/ actions in pursuance of the above referred laws, rules, regulations, standards, etc. having a major bearing on the Company's affairs, details of which are as stated below:

- i. The company has made further investment in a Trion Chemicals Private Limited and acquired remaining stake of 41% and made the same Company as wholly owned subsidiary company of Bodal Chemicals limited.

Annexure 4 to the Directors' Report (Contd.)

- ii. The Company has formed new wholly owned subsidiary Companies in Bangladesh, namely Bodal Bangla Limited and subsidiary company in Turkey, namely SENER BOYA KIMYA TEKSTIL SANAYI VE TICARET ANONIM SIRKETI and made total investment to the extent of ₹ 3,193.25 Lacs in both the Companies.
- iii. The members of the Company have re-appointed Mr. Ankit Patel as an Executive Director and also approved revision in remuneration of Mr. Suresh Patel and Mr. Bhavin Patel in the AGM held on 20/09/2019.
- iv. The members of the Company have enhanced the Company's borrowing powers and limits for creation of charge on the properties of the Company to the extent of ₹ 2000 Crores, as approved by the members in the AGM held on 20/09/2019.

Name of Company Secretary in practice

Tapan Shah

FCS No.: 4476

C P No.: 2839

UDIN : F004476B000417570

Date : 6th July, 2020

Place: Ahmedabad

Note: This Report is to be read with my letter of above date which is annexed as **Annexure A** and forms an integral part of this report.

Due to restricted movement amid COVID-19 pandemic, I have conducted the Secretarial audit by examining the secretarial records including Minutes, Documents, Registers and other records, etc., some of them received by way of electronic mode from the Company and could not be verified from the original records. The management has confirmed that the records submitted to me are the true and correct.

To,
The Members,
BODAL CHEMICALS LIMITED
CIN: L24110GJ1986PLC009003
Plot No. 123-124, Phase-1,
GIDC, Vatva,
Ahmedabad – 382 445

My report of the above date is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of secretarial records. The verification was done based on the records and documents provided, on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices followed by me provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial records and books of accounts of the Company.
4. Wherever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provision of corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Annexure 6 to the Directors' Report

CONSERVATION OF ENERGY, RESEARCH & DEVELOPMENT (R&D), TECHNOLOGY ABSORPTION & FOREIGN EXCHANGE EARNINGS & OUTGO:

[Pursuant to Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

Energy Conservation measures taken:

- Reducing the HP of Motors where possible
- Improvement in low insulation.
- Periodic desertion of Boiler

Additional Investment and Proposals, if any, being implemented for reduction of consumption of energy:

The company's Sulphuric Acid plant generates steam, part of the same is used to run our TC, Dyes and Dyes Intermediates plant and balance is used to generate power, by installation of turbine, to run Sulphuric Acid plant itself.

Impact of above:

The adoption of energy conservation measures indicated above has a consequent impact on cost of production of goods by way of reduction of fuel cost.

Total Energy Consumption per unit of Production:

		2019-20	2018-19
(i)	Total consumption of Electric (Units)	13.82 Million	25.71 Million
	Total Amount (₹ in Million)	126.47 Million	194.00 Million
	Unit/Average Rate (In ₹)	Unit/₹ 9.15	Unit/₹ 7.55
(ii)	Fuel		
	Quantity	Kgs 83.74 Million Ltr 0.08 Million MMBTU 0.010 Million	Kgs 54.57 Million Ltr 0.12 Million MMBTU 0.006 Million
	Total Amount (₹ in Million)	508.62 Million	451.48 Million
	Unit /Average Rate (In ₹)	Kgs/ -₹ 5.87 Ltr/ -₹ 68.99 MMBTU/₹ 1,057.15	Kgs/ - ₹ 8.01 Ltr/ - ₹ 73.10 MMBTU/₹ 1,047.81

RESEARCH & DEVELOPMENT (R & D)

Future Plans of Action

The Company will try its best to carry activities in the field of R & D for development of new products and improvements in the existing manufacturing process for better yield.

Expenditure on R & D (on standalone basis):

Particulars	₹ In Million.	
	2019-20	2018-19
Capital Expenditure	4.27	3.69
Recurring Expenditure	31.94	25.86
Total	36.21	29.55
Total R&D expenditure as a percentage of total turnover	0.30%	0.22%

**Annexure 6 to the Directors' Report (Contd.)****TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION**

(a) Efforts in brief:

- I. Company in order to fully utilise its multidimensional manufacturing capacity is always at the forefront to make the best use of its technical capability for better success.
- II. Continuous endeavor to improve Product Quality & Process Yields.

(b) Benefit derived as a result of the above effort:

The Company is able to market its value-added products in Domestic as well as International Market.

(c) Details relating to imported technology: Nil

FOREIGN EXCHANGE EARNING AND OUTGO

(₹ in Million)

Annexure 7 to the Directors' Report

Corporate Social Responsibility Report

Pursuant to section 134(3)(o) of the Companies Act, 2013 and Rule 9 of the Companies (Corporate Social Responsibility) Rules, 2014]

Corporate Social Responsibility (CSR) Report for 2019-20

Bodal Chemicals Ltd. (BCL) vision is to grow Globally and as responsible citizen also fulfill its duty towards society. The company's long-term CSR objective is "to improve the quality of life of the communities to whom we serve & attach"

Focused Geographic Spread

BCL's focused area for developmental activities will be urban as well as rural areas in the states in which it is located.

The company may also support initiatives in other geographies, as approved by the CSR committee of the board, from time to time.

CSR Focused Area

BCL's CSR is aligned with the BCL's corporate policy and will focus on five thrust areas – Environment, Education, Health Care, Livelihood, and Rural & Urban infrastructure. Besides, it will also undertake interventions in the area of Sports, Disaster Relief, and Ethnicity etc. all aimed at improving the quality of life of the communities.

Approach:

The company's CSR approach would be around following guiding principal.

Impact	Partnership	Affirmative Action
Volunteerism	Communication	Innovation

The company follows Ackerman's Model for CSR. This model defines CSR in three different phase.

First Phase: Top management recognise social problem.

Second Phase: The Company appoints staff specialist to look into the issue and find measures to tackle it.

Third Phase: Implementation of the strategy derived

Delivery Mechanism

Whilst a large part of the CSR efforts of BCL will be implemented by an in-house department, in some of the projects company is also partner with the credible organisation to design, fund allocation, implement and review projects. Partner agencies will be selected based on the well-defined selection criteria.

Guiding Principle for CSR:

Impact	All CSR initiatives will have well defined KPIs, to measure impacts on target groups.
Partnership	The company will forge collaborations with NGOs or Organisations those have expertise to implement the projects related to CSR.
Affirmative Actions	The company will design targeted interventions for the specific group to promote Education, Employability, and Entrepreneurship.
Volunteerism	BCL is providing opportunity to their employees, their families, and BCL ecosystem to engage in volunteering activities that will benefit to the community in which they live and work.
Communication	It is very important principle, the company have two-way communication channel, where we communicate with community people to understand their needs, expectations and aspirations can be mapped and their satisfaction can be obtained.
Innovation	BCL will endeavour to develop innovative solution to solve seemingly intractable social problem.

Annexure 7 to the Directors' Report (Contd.)

CSR for the year 2019-20

During the year under review, we utilise our CSR fund under the different sector like Education, Environment, Social Development of Community, and support in the Research and Development, for achieving overall objective of CSR.

This year, 2019-20 we are majorly focus to do CSR activity by our own, direct route for ensuring appropriate use of our CSR fund.

We have spent CSR fund for the year 2019-20 for enhancing the infrastructure for educational institutes, Rural Infrastructure Development, in Research & Development institutes, in Government organisations, Sports Council of India, in Armed Force Department etc. for achieving our overall objective.

To enhance rural infrastructure and environment, we work with village people to make clean village, we have done cleaning of roads, wastewater savage and other areas where cleaning is required in entire village.

Also, our senior team members actively participate along with volunteers for this development and also they impart lectures to students on educational and motivational topics. Team CSR regularly visits these schools and monitor entire development project for the right implementation.

Report on Corporate Governance (Contd.)

COMMITTEE OF THE BOARD

Audit Committee

The Audit Committee of the Company is constituted in line with the provisions of Section 177 of the Companies Act, 2013 read with Regulation 18 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Audit Committee of the Company consists of three Directors. All the members of the Committee are financially literate. The Chairman of the Committee is Mr. Sunil K Mehta, Non-Executive Independent Director. The Other Members of the Committee are Mr. Nalin Kumar, Non-Executive Independent Director, Mrs. Neha S. Huddar, Non-Executive Independent Director and Mr. Bhavin S Patel, Executive Director.

Brief description of terms of reference:

The terms of reference of the Audit Committee cover the matters specified Under Regulation 18 read with Part C of Schedule II to the SEBI LODR and Section 177 of the Companies Act, 2013. The terms of reference for the Audit Committee are broadly as under:

1. Oversight of the Company's financial reporting process and disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible.
2. Recommending the appointment, remuneration and terms of appointment of auditors of the Company.
3. Approval of payment to statutory auditors for any other services rendered by the statutory auditors.
4. Reviewing, with the management the annual financial statements and the auditor's report thereon, before submission to the Board for approval, with particular reference to:
 - Matters required to be included in Director's Responsibility Statement included in Board's report;
 - Changes, if any, in accounting policies and practices and reasons for the same;
 - Major accounting entries based on exercise of judgment by management;
 - Significant adjustments made in the financial statements arising out of audit findings;
5. Compliance with listing and other legal requirements relating to financial statements;
6. Disclosure of any related party transactions;
7. Qualifications in the draft audit report;
5. Reviewing, with the management, the quarterly financial statements before submission to the Board for approval.
6. Reviewing, with the management, statement of uses and application of funds raised through an issue, statement of funds utilised for other purposes and report of monitoring agency.
7. Review and monitor the auditors' independence and performance, and effectiveness of audit process.
8. Approval or any subsequent modification of transactions of the Company with related parties.
9. Scrutiny of inter-corporate loans and investments.
10. Valuation of undertakings or assets of the Company, wherever it is necessary.
11. Evaluation of internal financial controls and risk management systems.
12. Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems.
13. Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit.
14. Discussion with internal auditors of any significant findings and follow up thereon.
15. Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board.
16. Discussion with statutory auditors before the audit commences about nature and scope of audit as well as post-audit discussion to ascertain any area of concern.

Report on Corporate Governance (Contd.)

17. To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors.
18. To review the functioning of the Whistle-Blower mechanism.
19. Approval of appointment of Chief Financial Officer.
20. To review report submitted by Monitoring Agency informing material deviations in the

utilisation of issue proceeds and to make necessary recommendations to the Board, if, when and where applicable.

21. Carrying out any other function as is mentioned in the terms of reference of the Audit Committee

During the year under review, the Committee met 04 times on 21/05/2019, 13/08/2019, 14/11/2019 and 12/02/2020. Attendance of the Members at the meetings were as follows:

Name of Members	Category	Designation	Attendance at the Meetings held on				No. of Meetings Attended

Regulation 16 of the Listing Regulations defines a 'material subsidiary' as subsidiary, whose income or net worth exceeds 10% of the consolidated income or net worth respectively, of the listed entity and its subsidiaries in the immediately preceding accounting year. Under this definition, the Company does not have any unlisted material subsidiary incorporated in India or Out of India.

The subsidiaries of the Company function independently with an adequately empowered Board of Directors and sufficient resources. For more effective governance, the minutes of Board Meetings of subsidiaries are placed before the Board of the Company for its review on a quarterly basis and a statement of all significant transactions and arrangements entered into by the unlisted subsidiary companies are also placed before the Board.

Pursuant to the explanation under Regulation 16(1)(c) of the Listing Regulations, the Company has formulated a policy for determining material subsidiaries which is disclosed on the Company's website at www.bodal.com

The Company has complied with other requirements under Regulation 24 of the Listing Regulations with regard to the subsidiary companies.

Report on Corporate Governance (Contd.)

Report on Corporate Governance (Contd.)

Shares held in physical and dematerialised form

Equity Shares

Dematerialisation of Shares and liquidity: Company's Paid-up capital has been dematerialised up to 31/03/2020 as per the following details. The Company's Equity Shares are actively traded shares on the Indian Stock Exchanges.

Share Held in	2019-20		2018-19	
	No. of Shares	% of share capital	No. of Shares	% of share capital
Electronic form with NSDL	76448488	62.49	7,79,55,976	63.80
Electronic form with CDSL	45261313	37.00	4,35,49,745	35.64
Physical Form	620364	0.51	6,83,044	0.56
Total	12,23,30,165	100.00	12,21,88,765	100.00

Note: Equity shares of the Company are listed on Bombay Stock Exchange Ltd. and National Stock Exchange of India Limited. Investors can exercise dematerialisation through a recognised Depository Participant (DP) who is connected to NSDL or CDSL.

Those shareholders whose shares are held in physical form are requested to dematerialise the same at the earliest in their own interest. Thus, Investors can exercise dematerialisation through a recognised Depository Participant (DP) who is connected to NSDL or CDSL. The DEMAT security code (ISIN) for the equity shares of ₹ 2/- each is **INE – 338 D 01028**.

Bank Mandate for Dividend

As per SEBI Guidelines, it is mandatory for the companies to print bank account details of the shareholders on dividend warrants. Those members who have still not furnished their bank account details, are requested to furnish the same immediately either to their DP or to the Registrar of the Company.

Unclaimed Dividends to be transferred to the Investor Education and Protection Fund

The dividend for the following years remaining unclaimed for 7 years from the date of declaration are required to be transferred by the Company to Investor Education and Protection Fund and the various dates for transfer of such amount are as under:

Sr. No.	Financial Year	Date of Declaration	Due for Transfer on
1.	2015-16 (Interim)	12/08/2015	19/09/2022
2.	2015-16 (2nd Interim)	10/03/2016	17/04/2023
3.	2016-17 (Interim)	03/08/2016	09/09/2023
4.	2016-17 (Final)	23/09/2017	27/11/2024
5.	2017-18 (Final)	17/09/2018	22/10/2025
6.	2018-19 (Final)	20/09/2019	20/10/2026
7.	2019-20 (Interim)	12/02/2020	11/03/2027

Members who have not encashed their Dividend Warrants or those who have not received the Dividend Warrants so far, are requested to seek issuance of duplicate Dividend Warrants. Otherwise, all above said unclaimed dividend to be transferred to Investor Education and Protection Fund on above said Due Dates. Further, Shareholders are requested to send cancelled Cheque to duplicate dividend warrant claims.

Report on Corporate Governance (Contd.)

Further, pursuant to Section 124(6) of the Companies Act, 2013, read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Shares on which dividend has not been encashed for last 7 years have to be transferred to suspense account open by IEPF Authority.

During the year, Company has not transferred any unclaimed amount and Shares to IEPF Authority.

Further, The Company has uploaded complete details of such Shares which were already transferred to DEMAT Account of IEPF Authority on its website: www.bodal.com.

Furthermore, Shareholders may claim back the shares which were already credited along with the unclaimed dividend amount from IEPF Authority after following the procedures prescribed under IEPF Rules. The procedures for claiming the same is available at www.mca.gov.in and www.iepf.gov.in.

Corporate Governance Compliance Certificate

Registration No.: L24110GJ1986PLC009003

Nominal Capital: ₹ 52,00,00,000/-

To,
The Members of
BODAL CHEMICALS LIMITED
CIN :L24110GJ1986PLC009003
Ahmedabad

I have examined the compliance of conditions of corporate governance by **BODAL CHEMICALS LTD**, for the year ended on 31st March, 2020 as stipulated under Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, amended from time to time, pursuant to the Listing Agreement of the said Company with stock exchanges.

The compliance of conditions of corporate governance is the responsibility of the management. My examination was limited to procedures and implementation thereof, adopted by the Company, for ensuring the compliance of the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me and the representations made by the Directors and the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19, I certify that the Company has complied with the mandatory conditions as stipulated in abovementioned Chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, pursuant to the Listing Agreement of the said Company with stock exchanges.

I further state that such compliance is neither an assurance as to the future viability of the Company nor efficiency or effectiveness with which the management has conducted the affairs of the Company.

This certificate is issued solely for the purposes of complying with the aforesaid Regulations and may not be suitable for any other purpose.

Note :

Due to restricted movement amid CoVID-19 pandemic, I have conducted the Corporate Governance Compliance audit by examining the various records including Minutes, Documents, Registers and other records, etc., some of them received by way of electronic mode from the Company and could not be verified from the original records. The management has confirmed that the records submitted to me are the true and correct.

Certificate by the CEO & CFO of the Company

We, Suresh J. Patel, Chief Executive Officer and Mayur B. Padhya, Chief Financial Officer of Bodal Chemicals Ltd., to the best of our knowledge and belief certify that;

1. We have reviewed the Balance Sheet, Profit & Loss Account, its schedule and notes to accounts and cash flow statement for the year ended **31st March 2020** and that to the best of our knowledge and belief:
 - (a) these statements do not contain any materially untrue statement or omit any material facts or contain statements that might be misleading;
 - (b) these statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
2. We also certify, to the best of our knowledge and belief, no transactions entered into by the Company during the year, which are fraudulent, illegal or violative of the Company's code of conduct.
3. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of the internal control systems of the Company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
4. We have indicated to the Auditors and the Audit Committee :-
 - (a) significant changes in internal control over financial reporting during the year ;
 - (b) significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements ; and
 - (c) instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

10	Has the Company carried out independent audit/ evaluation of the working of this policy by an internal or external agency?					Y				

Business Responsibility Report (Contd.)

- b. If answer to the question at serial number 1 against any principle, is 'No', please explain why: Not Applicable

3. Governance related to BR

- i. Indicate the frequency with which the Board of Directors, Committee of Board or CEO to assess the BR performance of the Company. Within 3 Months, 3-6 Months, Annually or more than 1 Year

The BR head Periodically assess the BR performance of the Company and the Board will review the same annually.

- ii. Does Company publish a BR or a Sustainability Report? What is hyperlink for viewing this report? How frequently it is published?

The Company has adopted its BR report got FY 2019-20 which form part of the Annual Report. The same can be viewed on website of the Company at https://www.bodal.com/live.php?data=1_11

Section E: Principle wise performance

Principal 1 : Businesses should conduct and govern themselves with ethics, transparency and accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/ Contractors/NGOs /Others?

The Company's policy on Ethics, Transparency and Accountability along with the Code of Conduct is applicable to all the persons working in the Bodal Chemicals Ltd. The Company encourages its business partners to follow the code. The policy also intends for fair dealings with customers, suppliers, contractors and other stakeholders.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

No stakeholder complaints were received pertaining to ethics, transparency and accountability violation in financial year 2019-20.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.
- Vinly Sulphone
 - Acid dyes
 - H Acid

2. Does the Company have procedures in place for sustainable sourcing (including transportation)?

The Company is in the process of institutionalising procedures for sustainable sourcing including transportation. Currently, the Company expects its supplier to abide by ISO 9001 and ISO 14001 standards.

3. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?
- If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

For all products the Company tries to procure from local supply chain partners which include small scale industries who meet our quality, delivery, cost and technology expectations. Efforts are continuously made to use local service providers for availing various support services at our various plants and services. Further, certain raw materials are not available locally and hence, company has to go outside for buying the same.

4. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The Company has in-house facilities to recycle its waste and is continuously striving to optimise the process. Most of the manufacturing facilities of the Company are under Zero Liquid Discharge (ZLD). In addition to the in-house facilities, it also works with selected companies which are duly authorised by

Business Responsibility Report (Contd.)

the State Pollution Control Board (SPCB) for using such waste as their inputs.

Principle 3: Businesses should promote the wellbeing of all employees

1. Please indicate the Total number of employees – Total 1560 Employees
2. Please indicate the Total number of employees hired on temporary/**contractual**/casual basis –1029.
3. Please indicate the Number of permanent **women** employees – 32 Women Employees.

4. Please indicate the Number of permanent employees with **disabilities** - 1 Employee
5. Do you have an **employee association** that is recognised by management - No.
6. What percentage of your permanent employees is members of this recognised employee association? - NIL
7. Please indicate the Number of complaints relating to **child labour, forced labour**, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No.	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
1	Child labour/ forced labour/ involuntary labour	NIL	
2	Sexual harassment		
3	Discriminatory employment		

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?
 - a. Permanent Employees - 76.36%
 - b. Permanent Women Employees - 100%
 - c. Casual/Temporary/Contractual Employees – 100%
 - d. Employees with Disabilities - 90%

Principle 4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalised

1. Has the Company mapped its internal and external stakeholders? Yes/No
Yes – the Company has done so consummately
2. Out of the above, has the Company identified the disadvantaged, vulnerable & marginalised stakeholders.
Yes, your company always actively work to identify underprivileged communities in and around our Manufacturing Sites to prioritise our intervention and work on to serve their needs through our well-crafted CSR Programs. Your company do CSR related

programme though its own and by diverting fund to NGO. The needs are identified through various listening and learning methods and are prioritised by suitably addressing the needs of the Community and the long term strategic growth of the Company as well.

3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalised stakeholders. If so, provide details thereof, in about 50 words or so.

Yes, Bodal Chemical Ltd believes that it has an important role to play in the inclusive growth of the Society and the Community in which it operates

- The Company has taken up Project for provision of Safe Drinking Water to primary school in the surrounding villages of manufacturing facility.
- The Company promotes Education and Literacy in villages. Your company pays the fees of needy students and encourage study in villages also promote the students by distributing various prizes for their achievements.

Details of all the Activities listed above can be found in Annexure 7 to the Board's Report.

Business Responsibility Report (Contd.)

Principle 5: Businesses should respect and promote human rights

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/ Joint Ventures/Suppliers/Contractors/NGOs/ Others?

The Company respects & protects the human rights of all people around and associated with it. The Company complies with applicable laws and regulation governing occupational health and safety. Management Discussion and Analysis

Economic Overview

Global

The global economic growth decelerated from 3.6% in 2018 to 2.9% in 2019. This tepid performance was the outcome of a host of factors like intense US-China trade war, the escalating geo-political tension and rising global debt. On the contrary side, stable crude oil prices, easing concern on Brexit, US-China trade talk and pro-active involvement by the global central banks, enthused some hope in the economy by the end of 2019.

Growth in developed economies decelerated to 1.7% in 2019, down by 50 basis points from a year ago. This slowdown occurred due to sluggish growth in manufacturing activity. To offset the same, companies adjusted the production in accordance to the demand. Emerging and Developing Economies (EMDE) posted a growth of 3.7% as some of the countries in the region benefited from diversion in the trade flows. Among the developing economies, the Asia-Pacific (APAC) regions performed well, as the region integrated well into global flow of trade, capital, talent, and innovation. Hence, the growth trajectory of these regions is relatively expected to stay stronger in longer term.

The outlook for the global economy 2020 looked hopeful until the outbreak of Covid-19. It unleashed an unexpected blow through lockdown, by clogging off the demand and disrupting supply chain worldwide. This led the Government all around the world to announce stimulus packages to revive business, strengthen public health safety and security. The gradual lifting of lockdown will slowly allow reopening of the economy and force major economies to re-think about their raw material procurement strategy which was highly dependent on single source.

Indian

In the past decade, India's GDP growth has remained one of the highest in the world, pegging a CAGR of 6-7% (Source: *Economic times*, November 2019). Urbanisation, technology adoption and rising overseas investment played a key role in nations efficiency and productivity. However, during the financial year 2019-20, India's GDP shrank to 4.2% as compared to 6.1% in 2018-19. This slowdown can be attributed to governance issues, falling government expenditure, subdued demand, rising NPAs, trade deficit and debt level. Responding to these, the

Indian Government took various measures like opting out of RCEP deal, introducing Competition commission of India (CCI 2.0) bill, decision to privatise few public companies, slashing down the corporate, GST and income tax rates. Even RBI reduced repo rate on various occasions to boost liquidity. Going into 2020-21, all these measures were anticipated to push the demand and supply side of the Indian economy. However, the Covid-19 outbreak led to a nationwide lockdown, severely affecting the labourer, vendors and MSMEs. Right before we were struck by this health emergency, the Government and RBI had intervened to bring in some relief through various measures in the form of monetary policy, fiscal stimulus, reforms and easing of lockdown.

Chemical Industry

The world landscape of the chemical industry is rapidly changing. The western countries are losing their share due to high energy prices, labour cost, and currency appreciation. Thus, emerging countries like India and China are capitalising on this, pushing the industry to the next stage through development in technology, innovation, and trade. This trend is expected to continue in the future.

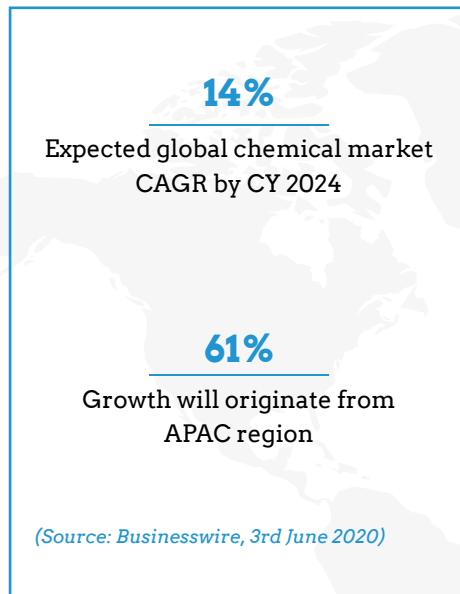

The size of the Indian chemical industry is ~USD 163 Billion, wherein Pharma, Agro, Dyes and Pigments, other speciality and Fine Chemicals contribute around 50% (Source: *Economic times*, , October 2019). Over the past ten years, the Indian chemical industry has clocked a CAGR of over 10% (Source: *Business Today*, February 2020). This growth is the testimony of structural advantage, diversified industry, promising export potential and high domestic consumption. Slowly and gradually, India is emerging as a preferred choice for chemical products, as domestic players are addressing environmental issues through adoption of best global practices and by staying committed towards sustainability programs. These augur well for the country as it already enjoys the advantage of cheap labour and easy availability of raw material. Going forward, in the near term, the Covid-19 landscape is bound to bring some volatility in the market. But, in longer term, the industry is expected to register a growth of 13-14% over the next 5 years owing to growth of strong intellectual property regime and infrastructure development like warehouses, waste management facilities and ports (Source: *Maeirvidorno*, December 2019).

Management Discussion and Analysis (Contd.)

Outlook for the global chemical production 2020

(Excluding pharmaceuticals)

Speciality Chemical: The next wave of growth

Speciality Chemicals are low volume, high margin products catering niche segments. Ever since China's chemical plant shutdown, owing to violation of environmental norms, Indian speciality companies have seen their fortune turn. Domestic companies have spent vital amount of money to comply with regulatory norms which has helped them gain market share. This increased their utilisation level, economies of scale and improved margins. Further, to meet the rising demand, the Indian Speciality Chemical industry also spent a decent Capex to build a world-class facility and move up the value chain at a rapid pace. This capital spending is likely to decrease the nation's chemical import bill. Indian speciality market looks promising, as the Chinese counterparts lose the power of better pricing due to rising environmental cost factor. This pace is expected to spur as Indians consume more food, wear more clothes and buy plastic.

Indian chemical industry quick facts

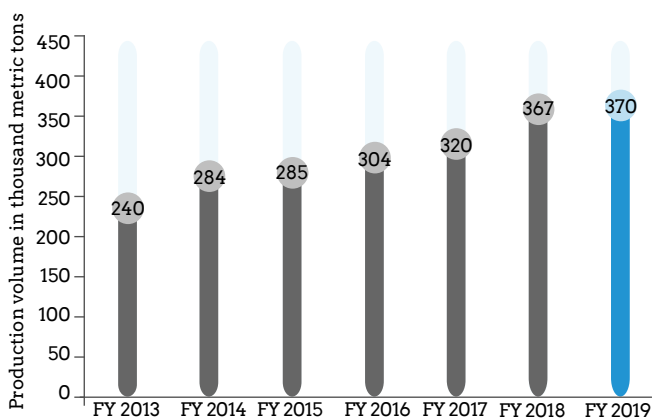

Dyestuff Industry

The growth of the chemical industry is majorly supported by the uptrend in Dyestuff industry. Textile constitutes ~80% of the total Dyestuff consumption, signifying the pivotal role it plays in pushing the Dyestuff market value *(Source: Trade Promotion council of India, August 2018)*. Dyes and Pigments are used in varied number of applications, thus making it safe in terms of any slowdown in specific end-user industry. In India, Dyestuff production is growing at a satisfying level wherein, Gujarat is a leader with over 75% market share *(Source: Financial express, 26th February 2020)*. Going forward, the scope for Dyestuff industry looks huge with

Management Discussion and Analysis (Contd.)

its production volume projected to hit 572.2 thousand tons in 2024, increasing at a CAGR of 9.11% from 2020-2024 (Source: *Economic times*, 14th May 2020). This production level could be challenged by growing Coronavirus (Covid-19) scare in near term for smaller domestic companies. However, at the same time, this could also open doors of opportunities for big players to grow their dominance through consolidation.

Production volume of Dyes and Pigments in India (in 1,000 metric tons)

(Source: Statista, 19th November 2019)

Maharashtra and Gujarat account for Dyestuff production in India
(Source: *Doing business in Maharashtra*)

Opportunities and Growth Drivers

Policy changes in China

As a step towards reducing the emissions and managing waste properly, the Chinese government laid down various stringent measures. This has led to an increase in the compliance cost. The Chinese government also declared some areas of the Yangtze river as a protected zone, mandating no factories to be built within the 1 kilometre of the river. These measures are expected to eliminate smaller companies from China. And the decreasing chemical production from Chinese companies is anticipated to shift the demand to other countries. These developments augur well for the Indian

chemical companies. Bodal Chemicals, with its high production capacity and export capability, stands at the forefront of meeting this demand from the western countries. (Source: *JM Financial Report*)

Lower tax rates

To revive the consumption and demand, the Indian Government decreased effective Corporate tax rate from 30% to 22%. This lower tax rate is expected to benefit Bodal Chemicals through increase in its profitability in terms of value as well as margins.

Low per capita consumption in chemical industry

India's chemical per capita consumption is 1/10th of the global standards (Source: *HDFC Securities*). Over the next decade, the domestic chemical per capita consumption is expected to increase owing to rising income level and industries. Bodal Chemicals is well positioned to cater the country's rising consumption through its expanding capacity and wide product portfolio.

Ease of doing business

India moved up from 77th position in 2018 to 63rd position in 2019 on the World Bank's ease of doing business index, riding the back of various favourable reforms and friendly policies. This is expected to attract more overseas end-user industries to set up a manufacturing base in the country. Bodal Chemicals, catering a wide range of industries, is bound to benefit from such shift of preference.

Social and physical infrastructure development

The industry requires good ports and connectivity to become competitive amongst peers. Responding to this, the Government has placed huge emphasis on infrastructure through ₹ 100 Lacs Crores investment under its five-year plan. This will help reinforce the existing ports while building new ones. These initiatives are expected to allow Bodal Chemicals with better supply turnaround time.

Threat

Competitiveness

The Government has allowed 100% FDI in chemical sector. This has resulted in domestic players facing stiff competition from foreign multinationals, capable of exerting strong price pressures on local markets. Bodal Chemicals views this as a healthy indicator of further thriving and leveraging on its attributes. Better pricing,

Management Discussion and Analysis (Contd.)

quality products, high volumes and strategic locations, compared to its peers, are some of the factors that places the Company in a better position to face this competition.

Company overview

Established in 1989, Bodal Chemicals is the leading Indian integrated chemicals manufacturer, catering 150+ global and domestic marquee clients. The Company offers 150+ types of Dyestuff, 25 varieties of Dye intermediates and 12

kinds of basic chemicals under its product portfolio. With nine manufacturing facilities situated in Gujarat and one located in Uttar Pradesh, domestic region remains Bodal Chemicals' primary revenue market. However, with time, the Company is also strengthening its footing in the overseas market through export, building diverse sales avenue. With its six operating subsidiaries, Bodal Chemicals is strengthening its position in marketing and trading sales domain.

Human Resource Management

It is important to adopt the best working methods to evolve with the changing industry scenario. This approach, along with the right team, is crucial for progress. The Company has overcome hurdles and thrived ahead amidst a rough operating environment. This has only been possible with the people of Bodal Chemicals, the most valued assets of the Company. They bring the Company's values to life while helping it achieve its full potential. Bodal Chemicals moves ahead with the approach of attracting the best talents. It further nurtures them to the global industry standards, so they can perform in an agile and collaborative manner.

The Company places great importance towards cultivating employees' skills, promoting a diverse workforce and building a pipeline of future leaders. The ambition is to create a great workplace where every employee contributes to the Company's success. For this purpose, the Company launched an ESOP earlier, to share success with recognised individuals who go 'above and beyond' to deliver outstanding results and make exceptional contributions to the business. Events like World Environment Day, Safety Week Celebration and Independence Day are celebrated with the aim of aligning and bringing together teams across all levels and the organisation. During the year, an HR mobile application was launched which automated many tasks, reducing

Management Discussion and Analysis (Contd.)

employees' dependency on HR. The application comprises and shares Company news, leave details, salary details, and other individual information in real time.

1,560

No. of employees as on
31st March 2020

Safety Health Environment

Safety

Bodal Chemicals takes various measures to protect its human life. Regular safety trainings for employees across all the chemical manufacturing units are organised. These trainings ensure the right maintenance of all the safety equipment. Moreover, the Company also has doctors and medical representatives, available through the day, at its health centre. These doctors and medical representatives are well-versed to tackle any emergencies. The Company also carries out regular health check-up for its employees.

Environmental management

Bodal Chemicals is committed towards keeping its surrounding areas unimpacted by its manufacturing facilities. The Company responsibly uses and manages natural resources and concentrates on priority issues like climate change through its environmental management initiatives. The Company's water treatment plants testify as an evidence towards its best environmental practices. These plants give Bodal Chemicals a competitive advantage in terms of efficiency, performance, and productivity. The Company holds ISO 9001: 2015 and ISO 14001: 2015 certifications, showcasing its quality adherence.

Risk Management

The Company believes it is necessary to recognise business sustainability risks and opportunities on an ongoing basis. The Company embraces processes which continuously enhance risk awareness and promote a culture of effective risk management.

Risk	Impact	Mitigation
Economic externalities	Macroeconomic factors such as liquidity crisis, subdued consumption, trade wars and pandemic, can affect the business plan in near to medium term.	The Company hedges itself from the country and sector specific risks as it caters wide range of industries and exports to about 45 countries. Moreover, maintaining a strong financial position helps overcome any headwinds and turbulence in the economy.
Operational discrepancy	The chemical industry is complex and integrated. Any disruption across the value chain can ensue production loss, decreasing the revenue.	The Company carries out regular maintenance and inspection programmes to recognise any discrepancy before it erupts.
Cyclicality of the industry	The industry is determined by market demand and supply. Therefore, an increase in raw material's price can affect operating margin.	The Company manages its inventory effectively to ensure that the sales are met through right production volumes. Additionally, it also stays competitive by reducing raw material dependency on suppliers for procurement. This is done by strengthening the vertical as well horizontal product integration through in-house manufacturing.

Management Discussion and Analysis (Contd.)

Risk	Impact	Mitigation
Reputational risk	The Company is known as the reliable partner today. Therefore, any issue in the quality of the product and failure to comply with quality standards can impact its reputation.	The Company follows strict quality control processes and also adheres to all the applicable external standards across all manufacturing sites.
Sustainability risk	Any kind of soil and air pollution/leaks of harmful substances/tightening can result in legal penalties.	The Company takes Environmental, Social and Governance (ESG) into consideration for its sustainable growth. The Company has installed treatment plants at its facilities to save water and be energy efficient. It also covers various areas of CSR activities and stays committed to the best of governance.

Internal Control System and their Adequacy

Supply chain management

There are about 200 products manufactured and sold across more than 45 countries, resulting in a widespread supply chain network. Bodal Chemicals continually invests in initiatives for supply chain optimisation, capability building of its trade partners and the sales force. The constant observation and revision for all the manufacturing facilities helps get better response. The key to an efficient supply chain management system is the use of technology solutions and predictive analytics for capturing accurate data, making proper decisions.

Information technology

Information technology provides continuous support to business operations, offering competitive advantages to the Company. A comprehensive ERP system has been implemented which helps Bodal Chemicals to increase its supply chain and provides accurate forecasts for the sourcing and supply. The IT system and infrastructure are continuously examined and improved with appropriate and timely upgradation.

Cautionary Statement

Statements in the Directors' Report, Management Discussion and Analysis or elsewhere in this Annual Report, contain 'forward-looking statements' including, but without limitation, statements relating to the implementation of strategic initiatives and other statements relating to Bodal Chemicals' future business developments and economic performance. While these forward-looking statements indicate our assessment and future expectations concerning the development of our business, a number of risks, uncertainties and other unknown factors could cause actual developments and results to differ materially from our expectations. These factors include, but are not limited to, general market, macroeconomic, Governmental and regulatory trends, movements in currency exchange and interest rates, competitive pressures, technological developments, changes in the financial conditions of third parties dealing with us, legislative developments, and other key factors that could affect our business and financial performance. Bodal Chemicals undertakes no obligation to publicly revise any forward-looking statements to reflect future/likely events or circumstances.

INDEPENDENT AUDITOR'S REPORT

To The Members of BODAL CHEMICALS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **BODAL CHEMICALS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are

further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 49 to the standalone financial statements in which the Company describes the uncertainties arising from the COVID 19 pandemic. Our report is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Timely recognition of revenue (Refer Note 1.3 and Note 28 to the Standalone Financial Statements)</p> <p>We focussed on this area as a Key audit matter due to the risk of incorrect timing of revenue recognition. Since the Company focuses on revenue as a key performance measure, it could create an incentive for revenue to be recognized though the performance obligations have not been satisfied by the Company.</p>	<p>Principal audit procedures performed:</p> <p>Our audit procedures was a combination of test of controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Evaluated the design of internal controls relating to recording of revenues at reporting periods. • Selected a sample of invoices and tested the operating effectiveness of internal controls relating to revenue cut off's. • Performed cut-off procedures (early and late cut off's) for sample of revenue transactions at year-end by testing the underlying invoices to the related delivery documents.
2	<p>Existence and condition of inventories of raw materials, stock in process and finished goods (Refer to Note 10 to the Standalone Financial Statements)</p> <p>The Company has its inventories placed in the factories at various locations.</p> <p>The Company has a policy of performing physical verification of inventories across locations:</p> <ul style="list-style-type: none"> • during the year at reasonable intervals, and • also as on / or near to the balance sheet date. <p>On account of COVID-19 related lockdown restrictions, management was unable to perform year end physical verification of inventories and verification was carried out subsequently for some of the locations.</p> <p>Management has carried out other procedures to validate the existence and conditions of its inventory as at the year end, such as roll back procedures for inventories which were physically verified subsequent to year end and carrying out consumption analysis to determine the quantities of the inventory at the balance sheet date.</p> <p>We were not able to observe the physical verification of inventories that was carried out by the management subsequent to the year-end due to the COVID-19 related restrictions.</p> <p>In view of the foregoing, obtaining sufficient appropriate audit evidence regarding existence and condition of inventories as at the balance sheet date is identified as a key audit matter.</p>	<p>Principal audit procedures performed:</p> <p>We have performed the following alternate audit procedures to audit the existence and condition of inventories as per the guidance provided in SA 501 "Audit Evidence – Specific Considerations for Selected Items", as at the year-end, since we were not able to physically observe the physical stock verification:</p> <ul style="list-style-type: none"> • Understood and evaluated the management's internal control process to establish the existence and condition of inventories such as: <ul style="list-style-type: none"> a) the process of periodic physical verification carried out by the management, the scope and coverage of the periodic verification programme, the results of such verification including analysis and accounting of the discrepancies, if any; b) report of the Company's in-house internal audit team who physically verify the inventory of the Company at various locations. • Verified the stock movement analysis for the year in respect of key items of raw materials and finished goods at the factories to determine the quantities of inventory as at the balance sheet date. • Performed alternate procedures to audit the existence and condition of inventories, which includes inspection of supporting documentation relating to purchases, sales and production

INDEPENDENT AUDITOR'S REPORT (Contd.)

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Corporate Governance Report and Management Discussion & Analysis, but does not include consolidated financial statements, standalone financial statements and our auditor's reports thereon.
- Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy

and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT (Contd.)

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

INDEPENDENT AUDITOR'S REPORT (Contd.)

- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Bodal Chemicals Limited ("the Company") as of 31st March, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial

controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based

on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a program of verification of fixed assets to cover all the items in a phased manner over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, are held in the name of the Company based on the confirmations directly received by us from lenders.
- ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- iii) According to the information and explanations given to us, the Company has granted loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - (b) The schedule of repayment of principal and payment of interest has not been stipulated and in the absence of such schedule, we are unable to comment on the regularity of the repayments or receipts of principal amounts and interest.
- iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v) According to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of provisions of sections 73 to 76 of the Act and the rules framed there under and hence reporting under clause (v) of the Order is not applicable.
- vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii) According to the information and explanations given to us, in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods & Service Tax, Customs Duty, cess and other material statutory dues applicable to it to the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods & Service Tax, , Customs Duty, cess and other material statutory dues in arrears as at 31st March, 2020 for a period of more than six months from the date they became payable.
 - (c) Details of dues of Income Tax, Sales Tax, Excise Duty, Service Tax and Value Added Tax which have not been deposited as on 31st March, 2020 on account of disputes are given below:

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

Name of the statute	Nature of the Dues	Forum where dispute is pending	Period to which the amount relates	Amount involved (₹ in Million)	Amount unpaid (₹ in Million)
Income Tax Act, 1961	Demand for Tax	Commissioner of Income Tax (Appeals)	AY 2006-07 AY 2007-08 AY 2008-09 AY 2010-11 and AY 2016-17	62.84	29.66
		Deputy Commissioner of Income Tax	AY 2014-2015	0.72	0.72
		Assessing Officer	Various	6.37	6.37
Central Excise Act, 1944	Demand for Tax and Penalty	Customs Excise and Service Tax Appellate Tribunal	FY 2005-2015	28.70	27.99
		Commissioner (Appeals)	FY 2009-2015	2.96	2.93
The Finance Act, 1994	Demand for Tax and Penalty	Central Excise and Service Tax Appellate Tribunal	FY 2011-2017	3.42	3.42

viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to banks. The Company has not borrowed any amounts from financial institutions and government. The Company has not issued any debentures.

ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (ix) of the Order is not applicable.

x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.

xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.

xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2016 Order is not applicable.

xiii) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of paragraph 3 of the Order is not applicable to the Company.

xiv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

xv) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Notes to the Financial Statements

COMPANY BACKGROUND

Bodal Chemicals Limited ('the Company') is a public limited company incorporated in India. The registered office of the Company is located at Plot No. 123-124, Phase - I, G.I.D.C., Vatva, Ahmedabad - 382445, India.

The Company is engaged in the business of manufacturing of Dyes, Dye Intermediates and Basic Chemicals.

1 Significant Accounting Policies:

1.1 Statement of compliance:

The financial statements are prepared in accordance with and in compliance, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read along with Companies (Indian Accounting Standards) Rules, as amended and other provisions of the Act. The presentation of the Financial Statements is based on Ind AS Schedule III of the Act.

1.2 Basis of Preparation of Financial Statements:

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy as mentioned in note 1.28 hitherto in use.

In addition, the financial statements are presented in INR and all values are rounded to the nearest million except when otherwise indicated

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the

measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- ▶ Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- ▶ Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- ▶ Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

1.3 Revenue Recognition:

a) Revenue from contracts with customer

Revenue is recognised when control of goods is transferred to a customer in accordance with the terms of the contract. The control of the goods is transferred upon delivery to the customers either at factory gate of the Company or specific location of the customer or when the goods are handed over to the freight carrier, as per the terms of the contract. A receivable is recognised by the Company when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

b) Other income

Eligible export incentives are recognised in the year in which the conditions precedent are met and there is no significant uncertainty about the collectability.

Notes to the Financial Statements (Contd.)

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

1.4 Lease

(i) Under Ind AS 116 Leases:

Effective from 1st April 2019, the Company adopted Ind AS 116 – Leases and applied the standard to all lease contracts existing as on 1st April 2019 using the modified retrospective method on the date of initial application i.e. 1st April 2019.

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease are recognized payments associated with these leases as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an

option to terminate the lease if the Company is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently amortised using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be amortised over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments to be paid over the lease term at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method.

(ii) Under Ind AS 17 Leases:

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

Notes to the Financial Statements (Contd.)

Refer Note 3 for details on transition to Ind AS 116 Leases.

1.5 Foreign currencies:

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

1.6 Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- ▶ Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- ▶ Net interest expense or income; and
- ▶ Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the Company recognises any related restructuring costs.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

1.7 Share Based Payments

Equity-settled share based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity settled share based payments transactions are set out in Note 50.

Notes to the Financial Statements (Contd.)

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the Employee Stock Options Outstanding Account.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

1.8 Taxation:

Income tax expense represents the sum of the current tax and deferred tax.

Current tax

The current tax payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.9 Property, plant and equipment:

Property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance Sheet at cost less accumulated depreciation and accumulated impairment losses.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Capital work-in-progress'.

Notes to the Financial Statements (Contd.)

Depreciation Methods, Estimated Useful Lives and Residual Value

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Useful lives of tangible assets

Estimated useful lives of the tangible assets are as follows:

Buildings	30-60 years
Plant & Machinery	20 years
Furniture & Fixtures	10 years
Vehicles	8-10 years
Office Equipments	3-5 years

Capital work in progress is stated at cost less accumulated impairment loss, if any.

1.10 Intangible Assets:

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being

accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

De-recognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Intangible assets are amortized on a straight-line basis over their technically assessed useful lives, as mentioned below:

Intangible Assets	Estimated Useful Lives (Years)
Software	5
License/Membership Fees	10
Website	5

1.11 Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Notes to the Financial Statements (Contd.)

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

1.12 Inventories:

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value after providing for obsolescence, if any. The comparison of cost and net realizable value is made on an item-by-item basis.

In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, First-in-First-Out (FIFO) method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing

materials, an appropriate share of fixed and variable production overheads as applicable and other costs incurred in bringing the inventories to their present location and condition.

Materials in transit are valued at cost-to-date.

1.13 Provision, Contingent Liabilities and Contingent Assets :

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A contingent liability exists when there is a possible but not probable obligation or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

1.14 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly

Notes to the Financial Statements (Contd.)

transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. Fair value measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.15 Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

An equity instrument is any contract that evidences a residual interest in the assets of a Company after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received, net of direct issue costs.

1.16 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortized cost

Notes to the Financial Statements (Contd.)

or fair value, depending on the classification of the financial assets.

Classification of financial assets

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- ▶ The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ▶ the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer paragraph of Impairment of financial assets.

A financial asset that meet the following conditions are subsequently measured at fair value through other comprehensive income:

- ▶ The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- ▶ the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI, refer paragraph of Impairment of financial assets.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset that do not meet the amortised cost criteria or FVTOCI criteria (see above) is measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the Company, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets

Notes to the Financial Statements (Contd.)

measured at amortized cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life

of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the

Notes to the Financial Statements (Contd.)

part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

1.17 Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations

are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Finance costs' line item.

1.18 Derivative Financial Instrument and Hedge Accounting:

The Company enters into forward exchange contracts to hedge against its foreign currency exposures relating to the firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes.

Recognition and measurement of fair value hedge:

Derivative financial instrument is initially recognised at fair value on the date on which a derivative contract is entered into and is subsequently measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of derivative financial instrument is recognised in the Statement of Profit and Loss. Derivative financial instrument is recognised as a financial asset in the Balance Sheet if its fair value as at reporting dates is positive as compared to carrying value and as a financial liability if its fair value as at reporting date is negative as compared to carrying value.

1.19 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of

Notes to the Financial Statements (Contd.)

transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.20 Operating Cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.21 Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

1.22 Borrowing Cost:

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, are added to the cost of those assets, up to the date when the assets are ready for their intended use. All other borrowing costs are expensed in the period they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.23 Government grants and Subsidies:

Government grants are recognised when there is a reasonable assurance that the Company will comply with the conditions attached to them and grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose

primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Balance Sheet and transferred to Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in Statement of Profit and Loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government's grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

1.24 Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.25 Earnings per share:

Basic earnings per equity share is computed by dividing the net profit/(loss) attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive

Notes to the Financial Statements (Contd.)

potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

1.26 Use of Estimates

The preparation of the financial statements in conformity with Ind-AS requires the management to make estimates and assumptions that affect the reported amount of assets and liabilities (including contingent liabilities) on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialize.

1.27 Critical Accounting Estimates and Judgements

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 1.6)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 1.9)
- Estimation of taxes (Note 1.8)
- Estimation of impairment (Note 1.11)

1.28 Change in Accounting Policies and Disclosures

Ind AS 116 Leases

Ind AS 116 supersedes Ind AS 17 Leases, including Appendix A of Ind AS 17 Operating Leases-Incentives, Appendix B of Ind AS 17 Evaluating the Substance of Transactions Involving the Legal Form of a Lease and Appendix C of Ind AS 17, Determining whether an Arrangement contains a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the Balance Sheet.

Lessor accounting under Ind AS 116 is substantially unchanged from Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 did not have an impact for leases where the Company is the lessor.

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of 1st April 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Company elected to use the transition practical expedient to not reassess whether a contract is or contains a lease at 1st April 2019. Instead, the Company applied the standard only to contracts that were previously identified as leases applying Ind AS 17 and Appendix C to Ind AS 17 at the date of initial application.

The effect of adoption Ind AS 116 as at 1st April 2019 (increase/ (decrease)) is, as follows:

Particulars	Amount (₹ in Million)
Assets	
Right-of-use Assets	0.52
Total Assets	0.52
Liabilities	
Lease liability obligation	0.52
Total Liabilities	0.52

The Company has lease contract for Leave Rights. Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception

Notes to the Financial Statements (Contd.)

date as either a finance lease or an operating lease. Refer to Note 1.4(ii) Leases for the accounting policy prior to 1 April 2019.

Upon adoption of Ind AS 116, the Company applied a single recognition and measurement approach for all leases except for short-term leases and leases of low-value assets. Refer to 1.4(i) Leases for the accounting policy beginning 1 April 2019. The standard provides specific transition requirements and practical expedients, which have been applied by the Company.

Leases previously classified as finance Leases

The Company did not have any finance leases.

Leases previously accounted for as operating leases

The Company recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The right-of-use assets for most leases were recognised based on the carrying amount as if the standard had always been applied, apart from the use of incremental borrowing rate at the date of initial application. In some leases, the right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Company also applied the available practical expedients wherein it:

- ▶ Relied on its assessment of whether leases are onerous immediately before the date of initial application;
- ▶ Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application;
- ▶ Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application;
- ▶ Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

Assets	Amount (₹ in Million)
Operating lease commitments as at 31st March 2019	-
Weighted average incremental borrowing rate as at 1st April 2019	10%
Discounted operating lease commitments as at 1st April 2019	0.52
Lease liabilities as at 1st April 2019	0.52

Adoption of the above standard did not have material financial impact on the Financial Statements of the Company.

1.29 Dividend distribution to equity shareholders

The Company recognises a liability to make dividend distributions to its equity holders when the distribution is authorised and the distribution is no longer at its discretion. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

In case of Interim Dividend, the liability is recognised on its declaration by the Board of Directors.

18.2 Rights, preferences and restrictions attached to shares

Equity shares

The Company has only one class of equity shares having a par value of ₹ 2/- per share. Each shareholder is eligible for one vote per share. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding. The dividend proposed by the board of directors is subject to the approval of the shareholders in the ensuing annual general meeting, except in case of interim dividend.

Notes to the Financial Statements (Contd.)

Preference shares

The Company has only one class of non-convertible, non-cumulative redeemable preference shares having a par value of ₹ 10/- per share. Each shareholder shall have a right to attend general meeting of the company and vote on resolutions directly affecting their interest. In the event of liquidation, the preference shareholders shall be entitled to a preferential right of return of the amount paid up on the shares, but shall not have any further right or claim over the surplus asset of the company.

18.3 Details of shares held by shareholders holding more than 5% of the aggregate shares in the Company.

Notes to the Financial Statements (Contd.)

19.1 Nature and purpose of Reserves

Capital Reserves

Capital reserve is created and utilised in accordance with the provisions of the Act.

Capital Redemption Reserve

Capital redemption reserve created during redemption of Preference Shares and it is a non-distributable reserve.

Securities Premium

Securities Premium has been created consequent to issue of shares at premium. These reserves can be utilised in accordance with Section 52 of the Companies Act, 2013.

Employee Stock Options Outstanding Account

The fair value of the equity-settled share based payment transactions is recognised in Statement of Profit and Loss with corresponding credit to Employee Stock Options Outstanding Account.

General Reserve

General reserve is created from time to time by way of transfer profits from retained earnings for appropriation purposes.

Retained Earnings

Retained earnings represents the amount of profits of the Company earned till date net of appropriation that can be distributed by the Company as dividends considering the requirements of the Companies Act, 2013.

Financial Assets				
Measured at fair value through profit or loss				
Investments in quoted equity shares	54.66	-	-	54.66
Investments in quoted mutual fund	5.74	-	-	5.74
Derivative Assets	-	26.57	-	26.57

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, loans, other financial assets, borrowings, trade payables and other financial liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs).

Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- ✓ the use of quoted market prices or dealer quotes for similar instruments
- ✓ the fair value of forward foreign exchange contracts is determined using forward exchange rates at the Balance Sheet date
- ✓ The fair value of investments in Mutual Fund Units is based on Net Asset Value ("NAV") as stated by the issuers of these mutual fund units in the published statements as at the Balance Sheet Date. NAV represents the price at which the issuer will issue further units of Mutual Fund and the price at which issuers will redeem such units from investors.

Notes to the Financial Statements (Contd.)

38. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the Company is exposed to and how the Company manages the risk and the impact of hedge accounting in the financial statements

Risk

Credit Risk

Liquidity Risk

Market Risk

- Foreign Exchange Risk
- Interest Rates
- Security Price

(A) Credit Risk Management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

The Company is making provision on trade receivables based on Expected Credit Loss Model (ECL) as below:

No. of Days for which amount is due	<=60 Days	61-120 Days	121-180 Days	181-360 Days	>360 Days
% of Provision	0%	0.25%	0.50%	0.75%	1%

Reconciliation of loss allowance provision

(₹ in Million)		
Reconciliation of Loss Allowance	2019-20	2018-19
Opening Balance	3.46	6.22
(Reversal) / Recognition of loss allowance measured as per ECL	(1.68)	(2.76)
Closing Balance (As reported in Note 12)	1.78	3.46

(B) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability at all times.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring Balance Sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Other Financial Liabilities	132.58	-

(C) Market Risk Management

i) Foreign Currency Risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US\$ and EURO. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

(A) Foreign currency risk exposure

Particulars	(₹ in Million)			
	31st March 2020		31st March 2019	
	USD	EUR	USD	EUR
Financial Assets				
Trade Receivables	13.54	-	12.78	-
Loan	1.03	-	-	-

Borrowings	20.36	-	15.30	-
Net Exposure	(9.34)	(0.03)	(5.67)	(0.00)

Notes to the Financial Statements (Contd.)

(B) Foreign currency forward contract outstanding as at the Balance Sheet date.

(₹ in Million)

Particulars	As At 31st March 2020		As At 31st March 2019	
	Sell	Buy	Sell	Buy
Forward contact USD	3.70	-	15.05	-

The forward contracts have been entered into to hedge the foreign currency risk on trade receivables and borrowings.

(C) Sensitivity (+/-5%)

(₹ in Million)

Currency	2019-20			2018-19		
	Movement in Rate	Impact on PAT	Impact on Other Equity	Movement in Rate	Impact on PAT	Impact on Other Equity
USD	5.00%	(26.36)	(26.36)	5.00%	(12.76)	(12.76)
USD	-5.00%	26.36	26.36	-5.00%	12.76	12.76
EUR	5.00%	(0.10)	(0.10)	5.00%	(0.00)	(0.00)
EUR	-5.00%	0.10	0.10	-5.00%	0.00	0.00

Note: Amount below ₹ 5,000 is denoted as 0.00

ii) Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March 2020 and 31st March 2019, the Company's borrowings at variable rate were mainly denominated in INR & USD.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

(Amount in ₹)

Particulars	31st March 2020	31st March 2019
Variable Rate borrowings	2,382.96	1,352.54
Fixed Rate Borrowings	-	-

Notes to the Financial Statements (Contd.)

At the end of reporting period the Company had the following variable rate borrowings.

(₹ in Million)

Particulars	31st March 2020			31st March 2019		
	Average Interest Rate	Balance	%of Total Loan	Average Interest Rate	Balance	%of Total Loan
Cash Credit Facility	8.77%	402.62	16.90%	8.96%	296.65	21.93%
Working Capital Loan Facility	8.33%	450.00	18.88%	-	-	-
Packing Credit Facility	3.13%	648.49	27.21%	3.32%	356.95	26.39%
Buyers Credit Facility	2.44%	110.80	4.65%	-	-	-
Bills Discounting Facility	3.13%	771.05	32.36%	3.32%	698.94	51.68%
Net Exposure		2,382.96	100%		1,352.54	100%

Sensitivity (+/- 1%)

(₹ in Million)

	Movement in Rate	As at	
		31st March 2020	31st March 2019
Interest rates	1.00%	17.72	8.80
Interest rates	-1.00%	(17.72)	(8.80)

iii) Security Price Risk

The Company's exposure to securities price risk arises from investments held by the Company and classified in the Balance Sheet at fair value through profit or loss.

To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Sensitivity (+/-5%)

(₹ in Million)

Particulars	Investment in Quoted Securities			
	31st March 2020		31st March 2019	
Movement in Rate	5%	-5%	5%	-5%
Impact on PAT	1.14	(1.14)	1.85	(1.85)

39. CAPITAL MANAGEMENT

The Company's objectives when managing capital are to

- ✓ safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- ✓ Maintain an optimal capital structure to reduce the cost of capital.

Notes to the Financial Statements (Contd.)

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the Balance Sheet).

Particulars	31st March 2020	31st March 2019
Net Debt	2,260.67	1,287.44
Total Equity	9,601.82	8,352.20
Debt Equity Ratio	0.24	0.15

40. INCOME TAXES

(₹ in Million)

Particulars	31st March 2020	31st March 2019
Current Tax	271.34	613.90
Taxes of earlier years	3.01	4.47
Deferred Tax	(72.39)	165.72
Total Tax Expenses (excluding deferred tax benefit on OCI)	201.96	784.09

Reconciliation of tax expenses and the accounting profit multiplied by Tax Rate

41. SEGMENT INFORMATION

The Company's primary segment is identified as business segment based on nature of products, risks, returns and the internal business reporting system and secondary segment is identified based on the geographical location of the customers as per IND AS 108 - 'Operating Segments'. The Company is principally engaged in a single business segment viz., "Dyes, Dyes Intermediates and Basic Chemicals".

The geographical segment has been considered for disclosure as secondary segment.

Two secondary segments have been identified based on the geographical locations of customers i.e. domestic and export. Information about geographical segments are as below.

1. Information about Geographical Areas

(₹ in Million)

Particulars	2019-2020			2018-2019		
	Domestic Operations	External Operations	Total	Domestic Operations	External Operations	Total
Segment Revenue	7,159.31	4,965.07	12,124.38	7,839.70	5,953.92	13,793.62
Carrying Cost of Segment Assets	13,427.93	1,129.27	14,557.20	11,470.06	884.15	12,354.21

2. Information about Major Customers

No customers individually accounted for 10% or more revenue during financial year ending on 31st March 2020 and 31st March 2019

Particulars	2019-20	2018-19
Revenue from Top Customer	6%	9%
Revenue from Top 5 consumers	23%	29%

Past service cost and loss/(gain) on curtailments and settlement	-	-
Expenses recognised in the profit & loss	10.79	8.13

(c) Expenses recognised in the Other Comprehensive Income

Particulars	31st March 2020	31st March 2019
Remeasurement		
Expected return on plan assets	0.57	1.11
Actuarial (Gain) or Loss	(20.89)	5.60
Net (Income) / Expenses recognised in OCI	(20.32)	6.71

Sensitivity Analysis

Particulars	31st March 2020	31st March 2019
Projected Benefit obligation on current assumptions		
Data effect of change in Rate of		
- Discounting by +0.5%	54.85	61.44
- Salary Increase by +0.5%	60.03	67.69
- Employee Turnover by +10%	58.09	64.85
Data effect of change in Rate of		
- Discounting by -0.5%	60.17	68.40
- Salary Increase by -0.5%	54.97	61.95
- Employee Turnover by +10%	56.66	64.65

Significant Actuarial Assumptions

Particulars	31st March 2020	31st March 2019
Discount Rate	6.85%	7.55%
Salary Escalation	4.00%	8.00%
Attrition Rate	2%-10%	2%-10%

The estimates of future salary increases, considered in actuarial valuation have taken into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Notes to the Financial Statements (Contd.)

The rate used to discount other long term employee benefit obligation (both funded and unfunded) is determined by reference to market yield at the Balance Sheet date on high quality corporate bonds. The currency and term of the corporate bond or government bond is consistent with currency and estimated term of the post employment benefit obligation.

The estimated term of the Obligation is around 11.40 years. The yields on the government bonds as at the valuation date were 6.85% (P.Y. 7.55%).

45. CONTINGENT LIABILITIES AND COMMITMENTS

(₹ in Million)

Particulars	As at 31st March 2020	As at 31st March 2019
(a) Contingent Liabilities		
1) Disputed matters in appeals/contested in respect of:		
i. Income Tax	69.93	67.14
ii. Excise	31.67	30.90

(₹ in Million)

Particulars	2019-20	2018-19
i) Construction / Acquisition of any Assets	-	-
ii) Purposes other than (i) above	14.90	34.84

Represents actual outflow during the year.

- c. Amount unspent during the year ₹ 25.80 Million (P.Y.: ₹ Nil)

Notes to the Financial Statements (Contd.)

49. Process for closing the Manufacturing facilities of the Company in Gujarat were started on 22nd March 2020 following countrywide lockdown due to COVID-19. The Company has since obtained required permissions and restarted its manufacturing facilities partially on 11th May, 2020. Based on the immediate assessment of the impact of COVID-19 on the operations of the Company and on-going discussions with customers, vendors and service providers, the Management as of now believes of its ability to serve customers, obtain regular supply of raw materials and logistics services after resumption of the operations. In assessing recoverability of trade receivables, the Company has considered subsequent recoveries, past trends, and internal and external information available up to the date of issuance of these Financial Statements. In assessing recoverability of inventories, the Company has considered the latest selling prices and customers' orders on hand. The Company believes that there is no impact on its ability to meet its liabilities as and when they fall due. There is no material change in the internal control environment of the Company. However, the extent and duration of COVID-19 is currently unknown and depends on future developments that are uncertain. Any resultant outcome and impact on business, due to this, is unpredictable. In developing the assumptions and estimates relating to the uncertainties as at the Balance Sheet date in relation to the recoverable amounts of the assets including investments, loans and other receivables, the management has used internal and external sources of information to the extent determined by it, including economic forecasts as at the date of approval of these financial statements. The impact of the same may differ from that estimated as at the date of approval of these financial statements due to the impact of the pandemic and the Company will continue to closely monitor the developments.

50. SHARE BASED PAYMENTS

- a) The Company initiated the "ESOP 2017" for all eligible employees in pursuance of the special resolution approved by the Shareholders in the Annual General Meeting held on 23rd September 2017. The Scheme covers eligible employees (except promoters or those belonging to the promoters' group, independent directors and directors who either by himself or through his relatives or through any body-corporate, directly or indirectly holds more than 10% of the outstanding Shares of the Company). Under the Scheme, the Nomination and Remuneration Committee of directors of the Company, administers the Scheme and grants stock options to eligible directors or employees of the Company. The Committee determines the employees eligible for receiving the options and the number of options to be granted subject to overall limit of 1,000,000 options.

Option	Number of shares granted	Grant Date	Expiry Date	Exercise Price (₹)	Fair Value of the option (₹)
ESOP 2017 – II	162,900	21/05/2019	20/05/2021	50	68.09
ESOP 2017 - III	163,900	12/02/2020	11/02/2022	10	66.40

- b) Compensation Expenses arising on account of the Share Based Payments

(₹ in Million)

Particulars	Year ended 31st March 2020	Year ended 31st March 2019
Employee Share Based Payments (refer note 33)	10.47	14.20

Notes to the Financial Statements (Contd.)

The relevant details of the Scheme are as under:

Particulars	Grant I	Grant II	Grant III
Date of Grant	13/01/2018	21/05/2019	12/02/2020
Date of Board/NRC Approval	13/01/2018	21/05/2019	12/02/2020
Date of Shareholders' Approval	23/09/2017	23/09/2017	23/09/2017
No. of Options Granted	146,200	162,900	163,900
Method of Settlement	Equity	Equity	Equity
Vesting Period	1 Year	1 Year	1 Year

Options Outstanding at the beginning of the year	146,200	-	-
Options granted during the year	-	162,900	163,900
Options exercised during the year	141,400	-	-
Options lapsed during the year	4,800	-	-
Options Outstanding at the end of the year	-	162,900	163,900

Particulars	Grant I	Grant II	Grant III
Date of Grant	13/01/2018	21/05/2019	12/02/2020
Stock Price at the date of grant	168.70	115.40	76.45
Exercise Price	50.00	50.00	10.00
Expected Volatility	31.00%	42.83%	46.11%
Expected Life of the Option	1 Year	1 Year	1 Year
Risk Free Interest Rate	7.45%	7.30%	7.74%
Weighted average fair value of options granted during the year	123.52	68.09	66.40

- 51.** The Company acquired further shares in Trion Chemicals Private Limited ("Trion") and raised its shareholding to 100% during the month of March, 2020. Accordingly Trion has been considered as a wholly Owned Subsidiary of Bodal Chemicals Ltd.

A Scheme of Amalgamation of Trion Chemicals Private Limited (a wholly owned subsidiary) with the Company (the "Scheme") has been approved by the Board of Directors of the Company at their meeting held on 27th May 2020, with appointed date of 1st April 2019. The Scheme is yet to be filled with the National Company Law Tribunal (NCLT). Pending the necessary regulatory approvals, the effect of the Scheme has not been given in the financial statements.

52. ACQUISITION OF SEN-ER BOYA KIMYA TEKSTIL SAN. TIC. LTD.

52.1 During the year, the Company has acquired 80% stake in Sen-Er Boya Kimya Tekstil San.Tic. Ltd (Sen-er) and Sen-er becomes subsidiary company of the Company.

52.2 During the year, Sen-er incorporated Senpa Dis Ticaret Anonim Sirketi (Sen-pa) as a wholly owned subsidiary at Istanbul, Turkey on 05th December 2019. Hence, Sen-pa is the step down subsidiary of Bodal Chemicals Ltd.

Notes to the Financial Statements (Contd.)

53. During the year, the Company has incorporated a wholly owned subsidiary named Bodal Bangla Ltd. in Bangladesh.

54. During the year, the Company has added ₹ 11.41 Million as Capital in Bodal Chemicals Trading (Shijiazhuang) Co., Ltd. (wholly owned subsidiary of the Company).

55. MONEY RECEIVED AGAINST SHARE WARRANTS:

In terms of approval of shareholders of the Company through postal ballot, of which result has been declared on 28th June 2019, and as per the applicable provisions of Securities and Exchange Board of India (ICDR) Regulations, 2018, the Company has allotted 1,50,00,000 warrants on preferential basis on 12th July 2019, to promoters' group and non-promoters at ₹ 115/- each to be converted into equal number of equity shares of ₹ 2/- each at a premium of ₹ 113/- per share on exercise of the option of conversion by the warrant holders within 18 months from the date of the allotment of warrants i.e. 12th July 2019.

As per terms and conditions of said issue, the Company has received ₹ 28.75 per warrant i.e. 25% of ₹ 115/-, aggregating ₹ 431.25 Million for allotment of warrants from allottees.

Further, if warrant holders fail to pay balance money to exercise his/her right to convert the warrant into equity shares within 18 months, option attached to equity shares warrant shall stand lapsed and upfront payment of 25% money shall be forfeited.

56. Disclosure pursuant to SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Section 186 of the Companies Act, 2013

Loans and advances in the nature of Loans to subsidiaries.

Sr. No.	Name of the Company (Subsidiary)	(₹ in Million)			
		Outstanding Amount		Maximum amount outstanding during the year	
		As at 31st March 2020	As at 31st March 2019	2019-20	2018-19
1	SPS Processors Pvt. Ltd.	971.38	336.37	971.38	336.37

INDEPENDENT AUDITOR'S REPORT

To The Members of BODAL CHEMICALS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **BODAL CHEMICALS LIMITED** ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2020, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2020, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further

described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in the sub-paragraphs (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 50 to the consolidated financial statements in which the Company describes the uncertainties arising from the COVID 19 pandemic. Our report is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Timely recognition of revenue (Refer Note 1.5 and Note 30 to the Consolidated Financial Statements)</p> <p>We focussed on this area as a Key audit matter due to the risk of incorrect timing of revenue recognition. Since the Group focuses on revenue as a key performance measure, it could create an incentive for revenue to be recognized though the performance obligations have not been satisfied by the Group.</p>	<p>Principal audit procedures performed:</p> <p>Our audit procedures was a combination of test of controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Evaluated the design of internal controls relating to recording of revenues at reporting periods. • Selected a sample of invoices and tested the operating effectiveness of internal controls relating to revenue cut off's. • Performed cut-off procedures (early and late cut off's) for sample of revenue transactions at year-end by testing the underlying invoices to the related delivery documents.
2	<p>Existence and condition of inventories of raw materials, stock in process and finished goods (Refer to Note 11 to the Consolidated Financial Statements)</p> <p>The Parent Company has its inventories placed in the factories at various locations.</p> <p>The Parent Company has a policy of performing physical verification of inventories across locations:</p> <ul style="list-style-type: none"> • during the year at reasonable intervals, and • also as on / or near to the balance sheet date. <p>On account of COVID-19 related lockdown restrictions, the Parent management was unable to perform year end physical verification of inventories and verification was carried out subsequently for some of the locations.</p> <p>Parent Management has carried out other procedures to validate the existence and conditions of its inventory as at the year end, such as roll back procedures for inventories which were physically verified subsequent to year end and carrying out consumption analysis to determine the quantities of the inventory at the balance sheet date.</p> <p>We were not able to observe the physical verification of inventories that was carried out by the parent management subsequent to the year-end due to the COVID-19 related restrictions.</p> <p>In view of the foregoing, obtaining sufficient appropriate audit evidence regarding existence and condition of inventories as at the balance sheet date is identified as a key audit matter.</p>	<p>Principal audit procedures performed:</p> <p>We have performed the following alternate audit procedures to audit the existence and condition of inventories held by the Parent as per the guidance provided in SA 501 "Audit Evidence – Specific Considerations for Selected Items", as at the year-end, since we were not able to physically observe the physical stock verification:</p> <ul style="list-style-type: none"> • Understood and evaluated the Parent management's internal control process to establish the existence and condition of inventories such as: <ul style="list-style-type: none"> a) the process of periodic physical verification carried out by the management, the scope and coverage of the periodic verification programme, the results of such verification including analysis and accounting of the discrepancies, if any; b) report of the Parent's in-house internal audit team who physically verify the inventory of the Parent at various locations. • Verified the stock movement analysis for the year in respect of key items of raw materials and finished goods at the factories to determine the quantities of inventory as at the balance sheet date. • Performed alternate procedures to audit the existence and condition of inventories, which includes inspection of supporting documentation relating to purchases, sales and production

INDEPENDENT AUDITOR'S REPORT (Contd.)

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board' Report including Annexures to Board's Report, Corporate Governance Report and Management Discussion & Analysis, but does not include the consolidated financial statements, standalone financial statements and our auditor's reports thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, is traced from their financial statements audited by other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and

estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement

INDEPENDENT AUDITOR'S REPORT (Contd.)

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities

included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Other Matters

- (a) We did not audit the financial statements of 5 subsidiaries, whose financial statements reflect total assets of ₹ 2,803.92 Million as at 31st March, 2020, total revenues of ₹ 2,231.26 Million and net cash outflows amounting to ₹ 5.36 Million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.
- (b) We did not audit the information of 2 subsidiaries, whose financial information reflect total assets of ₹ 18.51 Million as at 31st March, 2020, total revenues of ₹ 47.31 Million and net cash outflows amounting to ₹ 0.16 Million for the year ended on that date, as considered in the consolidated financial statements. These financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

- As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements / information of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- On the basis of the written representations received from the directors of the Parent as on 31st March, 2020 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

INDEPENDENT AUDITOR'S REPORT (Contd.)

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group;

- ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts;
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended 31st March, 2020, we have audited the internal financial controls over financial reporting of Bodal Chemicals Limited (hereinafter referred to as "Parent") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that

were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT (Contd.)

established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matter paragraph below, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to three subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

Notes to the Consolidated Financial Statements

COMPANY BACKGROUND

The consolidated financial statements comprise financial statements of Bodal Chemicals Limited ('the Parent/ Company'), its subsidiaries (collectively, 'the Group') for the year ended 31st March 2020.

The Parent is a public limited company domiciled and incorporated in India under the Indian Companies Act, 1956. The registered office of the Parent is located at Plot No. 123-124, Phase – I, G.I.D.C., Vatva, Ahmedabad - 382445, India.

The Group is engaged in the business of manufacturing of Dyes, Dye Intermediates and Basic Chemicals. Further details about the business operations of the Group are provided in Note 43 – Segment Information

1 Significant Accounting Policies:

1.1 Statement of compliance:

The consolidated financial statements of the Group are prepared in accordance with and in compliance, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read along with Companies (Indian Accounting Standards) Rules, as amended and other provisions of the Act. The presentation of the consolidated Financial Statements is based on Ind AS Schedule III of the Act.

1.2 Basis of Preparation of Financial Statements:

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy as mentioned in note 1.31 hitherto in use.

In addition, the consolidated financial statements are presented in INR and all values are rounded to the nearest million except when otherwise indicated.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- ▶ Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- ▶ Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- ▶ Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

1.3 Basis of Consolidation:

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Control is achieved when the Group:

- ▶ has power over the investee;
- ▶ is exposed, or has rights, to variable returns from its involvement with the investee; and
- ▶ has the ability to use its power to affect its returns.

Notes to the Consolidated Financial Statements (Contd.)

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- ▶ the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- ▶ potential voting rights held by the Group, other vote holders or other parties;
- ▶ rights arising from other contractual arrangements; and
- ▶ any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included

in the consolidated Statement of Profit and Loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. The Goodwill is determined separately for each subsidiary company and such amounts are not set off between different entities.

Following subsidiary companies have been considered in the preparation of the consolidated financial statements:

Sr. No.	Name of Subsidiary	Country of Incorporation	Extent of Holding/ Voting Power (%) as on March 31, 2020	Extent of Holding/ Voting Power (%) as on March 31, 2019
1	SPS Processors Private Limited	India	70.00%	70.00%
2	Trion Chemicals Private Limited (Wholly owned Subsidiary)(refer note 54)	India	100.00%	59.00%
3	Bodal Chemicals Trading Private Ltd. (w.e.f. 7th December 2018)	India	100.00%	100.00%

Notes to the Consolidated Financial Statements (Contd.)

Sr. No.	Name of Subsidiary	Country of Incorporation	Extent of Holding/ Voting Power (%) as on March 31, 2020	Extent of Holding/ Voting Power (%) as on March 31, 2019
4	Bodal Chemicals Trading (Shijiazhuang) Co., Ltd. (w.e.f. 3rd January 2019)	China	100.00%	100.00%
5	Sen-er Boya Kimya Tekstil Sanayi Ve Ticaret Ltd. (w.e.f 8th August 2019)	Turkey	80.00%	N.A.
6	Bodal Bangla Ltd. (w.e.f. 22nd September 2019)	Bangladesh	100.00%	N.A.
7	Senpa Dis Ticaret Anonim Sirketi (100% subsidiary of Sen-er Boya Kimya Tekstil Sanayi Ve Ticaret Ltd.)	Turkey	80.00%	N.A.

1.4 Changes in the Group's ownership interests in existing subsidiaries:

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Group.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS).

The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

1.5 Revenue Recognition:

a) Revenue from contracts with customer

Revenue is recognised when control of goods is transferred to a customer in accordance with the terms of the contract. The control of the goods is transferred upon delivery to the customers either at factory gate of the Group or specific location of the customer or when the goods are handed over to the freight carrier, as per the terms of the contract. A receivable is recognised by the Group when the goods are delivered to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue is measured based on the consideration to which the Group expects to be entitled as per contract with a customer. The consideration is determined based on the price specified in the contract. Contracts with customers are for short-term, at an agreed price. The contracts do

Notes to the Consolidated Financial Statements (Contd.)

not grant any rights of return to the customer. Returns of goods are accepted by the Group only on an exception basis. Revenue excludes any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax.

b) Other income

Eligible export incentives are recognised in the year in which the conditions precedent are met and there is no significant uncertainty about the collectability.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

1.6 Lease

(i) Under Ind AS 116 Leases:

Effective from 1st April 2019, the Group adopted Ind AS 116 – Leases and applied the standard to all lease contracts existing as on 1st April 2019 using the modified retrospective method on the date of initial application i.e. 1st April 2019.

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months

or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently amortised using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be amortised over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments to be paid over the lease term at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method.

Notes to the Consolidated Financial Statements (Contd.)

(ii) Under Ind AS 17 Leases:

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

1.7 Foreign currencies:

In preparing the consolidated financial statements of each individual entity of the Group, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the statement of comprehensive income. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

1.8 Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement

benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- ▶ Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- ▶ Net interest expense or income; and
- ▶ Remeasurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the Group can no longer withdraw the offer of the termination benefit and when the Group recognises any related restructuring costs.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to

Notes to the Consolidated Financial Statements (Contd.)

employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

1.9 Share Based Payments

Equity-settled share based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity settled share based payments transactions are set out in Note 51.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the Employee Stock Options Outstanding Account.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

1.10 Taxation:

Income tax expense represents the sum of the current tax and deferred tax.

Current Tax

The current tax payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that

are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Notes to the Consolidated Financial Statements (Contd.)

1.11 Property, plant and equipment:

Property, plant and equipment for use in the production or supply of goods or services, or for administrative purposes, are stated in the Balance Sheet at cost less accumulated depreciation and accumulated impairment losses.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as 'Capital work-in-progress'.

Depreciation Methods, Estimated Useful Lives and Residual Value

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Useful lives of tangible assets

Estimated useful lives of the tangible assets are as follows:

Buildings	30-60 years
Plant & Machinery	20 years
Furniture & Fixtures	10 years
Vehicles	8-10 years
Office Equipments	3-5 years

Capital work in progress in stated at cost less accumulated impairment loss, if any.

1.12 Intangible Assets:

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

De-recognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in profit or loss when the asset is derecognised.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Intangible assets are amortized on a straight-line basis over their technically assessed useful lives, as mentioned below:

Intangible Assets	Estimated Useful Lives (Years)
Software	5
License/Membership Fees	10
Website	5

Notes to the Consolidated Financial Statements (Contd.)

1.13 Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an

impairment loss is recognised immediately in profit or loss.

1.14 Inventories:

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realisable value after providing for obsolescence, if any. The comparison of cost and net realisable value is made on an item-by-item basis.

In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, First-in-First-Out (FIFO) method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads as applicable and other costs incurred in bringing the inventories to their present location and condition.

Materials in transit are valued at cost-to-date.

1.15 Provision, Contingent Liabilities and Contingent Assets:

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A contingent liability exists when there is a possible but not probable obligation or a present obligation

Notes to the Consolidated Financial Statements (Contd.)

that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the consolidated financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

1.16 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. Fair value measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for measurements that have some similarities to fair

value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.17 Financial Instruments

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the

Notes to the Consolidated Financial Statements (Contd.)

acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by a Group are recognised at the proceeds received, net of direct issue costs.

1.18 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- ▶ The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ▶ the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortized cost, refer paragraph of Impairment of financial assets.

A financial asset that meet the following conditions are subsequently measured at fair value through other comprehensive income:

- ▶ The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- ▶ the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI, refer paragraph of Impairment of financial assets.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset that does not meet the amortized cost criteria or FVTOCI criteria (see above) is measured at FVTPL. In addition, debt instruments that meet the amortized cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Notes to the Consolidated Financial Statements (Contd.)

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the Group, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the

lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Group measured loss allowance for a financial instrument at lifetime expected credit loss in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Group again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Notes to the Consolidated Financial Statements (Contd.)

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

1.19 Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Finance Costs' line item.

1.20 Derivative Financial Instrument and Hedge Accounting:

The Group enters into forward exchange contracts to hedge against its foreign currency exposures relating to the firm commitments. The Group does not enter into any derivative instruments for trading or speculative purposes

Recognition and measurement of fair value hedge:

Derivative financial instrument is initially recognised at fair value on the date on which a derivative contract is entered into and is

Notes to the Consolidated Financial Statements (Contd.)

subsequently measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of derivative financial instrument is recognised in the Statement of Profit and Loss. Derivative financial instrument is recognised as a financial asset in the Balance Sheet if its fair value as at reporting dates is positive as compared to carrying value and as a financial liability if its fair value as at reporting date is negative as compared to carrying value.

1.21 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

1.22 Operating Cycle:

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.23 Cash and Cash Equivalents:

The Group considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

1.24 Borrowing Cost:

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, are added to the cost of those assets, up to the date when the assets are ready for their intended use. All other borrowing costs are expensed in the period they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.25 Segment Reporting:

The Group's operating segments are established on the basis of those components of the Group that are evaluated regularly by the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

1.26 Government grant and Subsidies:

Government grants are recognised when there is a reasonable assurance that the Group will comply with the conditions attached to them and grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Balance Sheet and transferred to Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in Statement Profit and Loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a governments grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

1.27 Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Notes to the Consolidated Financial Statements (Contd.)

1.28 Earnings per Share:

Basic earnings per equity share is computed by dividing the net profit/(loss) attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

1.29 Use of Estimates:

The preparation of the consolidated financial statements in conformity with Ind-AS requires the management to make estimates and assumptions that affect the reported amount of assets and liabilities (including contingent liabilities) on the date of the consolidated financial statements and the reported amount of revenues and expenses during the reporting period. The management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialize.

1.30 Critical Accounting Estimates and Judgements

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting

period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 1.8)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 1.11)
- Estimation of taxes (Note 1.10)
- Estimation of impairment (Note 1.13)
- Estimation of provision and contingent liabilities (Note 1.15)

1.31 Change in accounting policies and disclosures

Ind AS 116 Leases

Ind AS 116 supersedes Ind AS 17 Leases, including Appendix A of Ind AS 17 Operating Leases-Incentives, Appendix B of Ind AS 17 Evaluating the Substance of Transactions Involving the Legal Form of a Lease and Appendix C of Ind AS 17, Determining whether an Arrangement contains a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the Balance Sheet.

Lessor accounting under Ind AS 116 is substantially unchanged from Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 did not have an impact for leases where the Group is the lessor.

The Group adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of 1st April 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Group elected to use the transition practical expedient to not reassess whether a contract is or contains a lease at 1st April 2019. Instead, the Group applied the standard only to contracts that were previously identified as leases applying Ind AS 17

Notes to the Consolidated Financial Statements (Contd.)

and Appendix C to Ind AS 17 at the date of initial application.

The effect of adoption Ind AS 116 as at 1st April 2019 (increase/ (decrease)) is, as follows:

Particulars	Amount (₹ in Million)
Assets	
Right-of-use Assets	1.36
Total Assets	1.36
Liabilities	
Lease liability obligation	1.36
Total Liabilities	1.36

The Group has lease contract for Leave Rights. Before the adoption of Ind AS 116, the Group classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. Refer to Note 1.4(ii) Leases for the accounting policy prior to 1st April 2019.

Upon adoption of Ind AS 116, the Group applied a single recognition and measurement approach for all leases except for short-term leases and leases of low-value assets. Refer to 1.4(i) Leases for the accounting policy beginning 1st April 2019. The standard provides specific transition requirements and practical expedients, which have been applied by the Group.

Leases previously classified as finance Leases

The Group did not have any finance leases.

Leases previously accounted for as operating leases

The Group recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The right-of-use assets for most leases were recognised based on the carrying amount as if the standard had always been applied, apart from the use of incremental borrowing rate at the date of initial application. In some leases, the right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the

incremental borrowing rate at the date of initial application.

The Group also applied the available practical expedients wherein it:

- ▶ Used a single discount rate to a portfolio of leases with reasonably similar characteristics;
- ▶ Relied on its assessment of whether leases are onerous immediately before the date of initial application;
- ▶ Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application;
- ▶ Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application;
- ▶ Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

Assets	Amount (₹ in Million)
Operating lease commitments as at 31st March 2019	-
Weighted average incremental borrowing rate as at 1st April 2019	10%
Discounted operating lease commitments as at 1st April 2019	1.36
Lease liabilities as at 1st April 2019	1.36

Adoption of the above standard did not have material financial impact on the Financial Statements of the Group.

1.32 Business Combinations and Goodwill

The Group accounts for its business combinations under acquisition method of accounting.

Acquisition related costs are recognised in Statement of Profit and Loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

If the initial accounting for a business combination

Notes to the Consolidated Financial Statements (Contd.)

is incomplete as at the reporting date in which the combination occurs, the identifiable assets and liabilities acquired in a business combination are measured at their provisional fair values at the date of acquisition. Subsequently adjustments to the provisional values are made within the measurement period, if new information is obtained about facts and circumstances that existed as of the acquisition date and, if known, would have resulted in the recognition of those assets and liabilities as of that date; otherwise the adjustments are recorded in the period in which they occur.

Purchase consideration paid in excess of the fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in other comprehensive income (OCI) and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Group recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the

acquisition date, allocated to each of the Group's cash generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Changes in ownership that do not result in a change of control are accounted for as equity transactions and therefore do not have any impact on goodwill. The difference between consideration and the non-controlling share of net assets acquired is recognised within equity.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, with adjustments only to harmonise accounting policies.

1.33 Dividend distribution to equity shareholders

The Group recognises a liability to make dividend distributions to its equity holders when the distribution is authorised and the distribution is no longer at its discretion. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

In case of Interim Dividend, the liability is recognised on its declaration by the Board of Directors.

19.2 Rights, preferences and restrictions attached to shares

Equity shares

The Parent Company has only one class of equity shares having a par value of ₹ 2/- per share. Each shareholder is eligible for one vote per share. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Parent Company, after distribution of all preferential amounts, in proportion of their shareholding. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend.

Notes to the Consolidated Financial Statements (Contd.)

Preference shares

The Parent Company has only one class of non-convertible, non-cumulative redeemable preference shares having a par value of ₹ 10/- per share. Each shareholder shall have a right to attend general meeting of the Parent Company and vote on resolutions directly affecting their interest. In the event of liquidation, the preference shareholders shall be entitled to a preferential right of return of the amount paid up on the shares, but shall not have any further right or claim over the surplus asset of the Parent Company.

Foreign Currency Translation Reserve	(17.94)	-
Total	8,642.17	8,049.20

20.1 Nature and purpose of Reserves

Capital Reserves on Consolidation

Capital Reserve on Consolidation represents the additional net assets received by the Parent pursuant to acquisition of 70% holding in SPS Processors Pvt. Ltd.

Capital Reserves

Capital reserve is created and utilised in accordance with the provisions of the Act.

Capital Redemption Reserve

Capital redemption reserve created during redemption of Preference Shares and it is a non-distributable reserve.

Securities Premium

Securities Premium has been created consequent to issue of shares at premium. These reserves can be utilised in accordance with Section 52 of the Companies Act, 2013.

Employee Stock Options Outstanding Account

The fair value of the equity-settled share based payment transactions is recognised in Statement of Profit and Loss with corresponding credit to Employee Stock Options Outstanding Account.

General Reserve

General reserve is created from time to time by way of transfer profits from retained earnings for appropriation purposes.

Retained Earnings

Retained earnings represents the amount of profits of the Group earned till date net of appropriation that can be distributed by the Company as dividends considering the requirements of the Companies Act, 2013.

Foreign Currency Translation Reserve

The exchange differences arising from the translation of financial statements of foreign subsidiaries with functional currency other than the Indian rupee is recognised in other comprehensive income and is presented within equity.

Notes to the Consolidated Financial Statements (Contd.)

Particulars	(₹ in Million)			
	Level 1	Level 2	Level 3	Total
Financial Assets and liabilities measured at fair value 31st March 2019				
Financial Assets				
Measured at fair value through profit or loss				
Investments in quoted equity shares	54.66	-	-	54.66
Investments in quoted mutual Fund	5.74	-	-	5.74
Derivative Assets	-	26.58	-	26.58

The Group has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, loans, other financial assets, borrowings, trade payables and other financial liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: The fair value of financial instruments that are measured on the basis of entity specific valuations using inputs that are not based on observable market data (unobservable inputs).

Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- ✓ the use of quoted market prices or dealer quotes for similar instruments
- ✓ the fair value of forward foreign exchange contracts is determined using forward exchange rates at the Balance Sheet date
- ✓ The fair value of investments in Mutual Fund Units is based on Net Asset Value ("NAV") as stated by the issuers of these mutual fund units in the published statements as at the Balance Sheet Date. NAV represents the price at which the issuer will issue further units of Mutual Fund and the price at which issuers will redeem such units from investors.

40. FINANCIAL RISK MANAGEMENT

The Group's activities expose it to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the Group, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

This note explains the sources of risk which the Group is exposed to and how the Group manages the risk and the impact of hedge accounting in the financial statements

Notes to the Consolidated Financial Statements (Contd.)

Risk

Credit Risk

Liquidity Risk

Market Risk

- Foreign Exchange Risk
- Interest Rates
- Security Price

(A) Credit Risk Management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

The Group is making provision on Trade Receivables based on Expected Credit Loss Model (ECL) as below:

No. of Days for which amount is due	<=60 Days	61-120 Days	121-180 Days	181-360 Days	>360 Days
% of Provision	0%	0.25%	0.50%	0.75%	1%

Reconciliation of loss allowance provision

		(₹ in Million)	
Reconciliation of Loss Allowance	2019-20	2018-19	
Opening Balance	4.92	6.34	
Addition due to Acquisition of Subsidiary	2.00	0.19	
(Reversal) / Recognition of loss allowance measured as per ECL	19.32	(1.61)	
Write off Bad Debts	(16.55)	-	
Closing Balance (refer note 12)	9.69	4.92	

(B) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability at all times.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, the Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring Balance Sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Notes to the Consolidated Financial Statements (Contd.)

Maturities of financial instruments as on 31st March 2020

(₹ in Million)

	Within 12 months	After 12 months

(C) Market Risk Management

i) Foreign Currency Risk

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US\$ and EURO. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

(A) Foreign currency risk exposure

Particulars	31st March 2020					31st March 2019				
	USD	EUR	TL	RMB	TAKA	USD	EUR	TL	RMB	TAKA

TAKA	-5.00%	(0.04)	(0.04)	-	-	-

ii) Cash flow and fair value interest rate risk

The Group's main interest rate risk arises from borrowings with variable rates, which expose the Group to cash flow interest rate risk. During 31st March 2020 and 31st March 2019, the Group's borrowings at variable rate were mainly denominated in INR & USD.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

(₹ in Million)

Particulars	31st March 2020	31st March 2019
Variable Rate borrowings	2,471.35	1,521.40
Fixed Rate Borrowings	-	10.27

Notes to the Consolidated Financial Statements (Contd.)

At the end of reporting period the Group had the following variable rate borrowings.

(₹ in Million)

		31st March 2020	31st March 2019
Interest rates	1.00%	18.49	9.90
Interest rates	-1.00%	(18.49)	(9.90)

iii) Security Price Risk

The Group's exposure to equity securities price risk arises from investments held by the Group and classified in the Balance Sheet at fair value through profit or loss.

To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

Sensitivity (+/-5%)

(₹ in Million)

Particulars	Investment in Quoted Securities			
	31st March 2020		31st March 2019	
Increase/(decrease)	5%	-5%	5%	-5%
Impact on PAT	1.14	(1.14)	1.85	(1.85)

Notes to the Consolidated Financial Statements (Contd.)

41. CAPITAL MANAGEMENT

The Group's objectives when managing capital are to

- ✓ safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- ✓ Maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Group monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the Balance Sheet, including non-controlling interests).

Particulars	(₹ in Million)	
	31st March 2020	31st March 2019
Net Debt	2,420.74	1,635.80
Total Equity	9,366.99	8,302.86
Debt Equity Ratio	0.26	0.20

42. INCOME TAXES

-Discounting by -0.5%	62.26	70.12
-Salary Increase by -0.5%	56.85	63.46
-Employee Turnover by +10%	58.60	66.27

Significant Actuarial Assumptions

Particulars	31st March 2020	31st March 2019
Discount Rate	6.85%	7.55%
Salary Escalation	4.00%	8.00%
Attrition Rate	2%-10%	2%-10%

Notes to the Consolidated Financial Statements (Contd.)

The estimates of future salary increases, considered in actuarial valuation have taken into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The rate used to discount other long-term employee benefit obligation (both funded and unfunded) shall be determined by reference to market yield at the Balance Sheet date on high quality corporate bonds. The currency and term of the corporate bond or government bond shall be consistent with currency and estimated term of the post employment benefit obligation.

The estimated term of the Obligation is around 11.67 years. The yields on the government bonds as at the valuation date were 6.85% (PY: 7.55%).

(b) Commitments		
i. Estimated amount of Contracts remaining to be executed on capital account and not provided for, net of advances.	26.09	32.33

Future cash outflows in respect of the above are determinable only on receipt of Judgments /decisions pending with various forums/authorities. Based on the decisions of the Appellate authorities and the interpretations of other relevant provisions, the Group has been legally advised that the additional demand raised is likely to be either deleted or substantially reduced and accordingly no provision is considered necessary.

49. TRANSITION TO IND AS 116 'LEASES'

With effect from 1st April 2019, the Group has adopted Ind AS 116 "Leases" and applied the standard to lease contracts existing on the date of initial application using the modified retrospective approach. The Group has recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the Balance Sheet as on 31st March 2019. There is no impact on retained earnings as on 1st April 2019. The adoption of Ind AS 116, did not have any material impact on the financial result of the Group.

Disclosure under Ind AS 116 Leases:

(₹ in Million)

Particulars	Amount
Balance as at 1st April 2019	-
Lease Liabilities on account of adoption of Ind AS 116	1.36
Addition due to Business Combination	8.31
Finance Costs incurred during the year	0.76
Net Payments of Lease Liabilities	(2.43)
Balance as at 31st March 2020	8.00

Notes to the Consolidated Financial Statements (Contd.)

50. Process for closing the Manufacturing facilities of the group in Gujarat and Uttar Pradesh were started on 22nd March 2020, following countrywide lockdown due to COVID-19. The Group has since obtained required permissions and restarted its manufacturing facilities partially on 11th May 2020. Based on the immediate assessment of the impact of COVID-19 on the operations of the Group and on-going discussions with customers, vendors and service providers, the Management as of now believes of its ability to serve customers, obtain regular supply of raw materials and logistics services after resumption of the Operations. In assessing recoverability of trade receivables, the Group has considered subsequent recoveries, past trends, and internal and external information available up to the date of issuance of these Consolidated Financial Statements. In assessing recoverability of inventories, the Group has considered the latest selling prices and customers' orders on hand. The Group believes that there is no impact on its ability to meet its liabilities as and when they fall due. There is no material change in the internal control environment of the Group. However, the extent and duration of COVID-19 is currently unknown and depends on future development that are uncertain. Any resultant outcome and impact on business, due to this, is unpredictable. In developing the assumptions and estimates relating to the uncertainties as at the Balance Sheet date in relation to the recoverable amounts of the assets including investments, loans and other receivables, the management has used internal and external sources of information to the extent determined by it, including economic forecasts as at the date of approval of these financial results. The impact of the same may differ from that estimated as at the date of approval of these financial results due to the impact of the pandemic and the Group will continue to closely monitor the developments.

51. SHARE BASED PAYMENTS

- a) The Parent Company initiated the "ESOP 2017" for all eligible employees in pursuance of the special resolution approved by the Shareholders in the Annual General Meeting held on 23rd September 2017. The Scheme covers eligible employees (except promoters or those belonging to the promoters' group, independent directors and directors who either by himself or through his relatives or through any body-corporate, directly or indirectly holds more than 10% of the outstanding Shares of the Parent Company). Under the Scheme, the Nomination and Remuneration Committee of directors of the Parent Company, administers the Scheme and grants stock options to eligible directors or employees of the Parent Company. The Committee determines the employees eligible for receiving the options and the number of options to be granted subject to overall limit of 1,000,000 options.

Option	Number of shares granted	Grant Date	Expiry Date	Exercise Price (₹)	Fair Value of the option (₹)
ESOP 2017 – II	162,900	21/05/2019	20/05/2021	50	68.09
ESOP 2017 - III	163,900	12/02/2020	11/02/2022	10	66.40

- b) Compensation Expenses arising on account of the Share Based Payments

(₹ in Million)

Notes to the Consolidated Financial Statements (Contd.)

54. The Group acquired further shares in Trion Chemicals Private Limited (“Trion”) and raised its shareholding to 100% during the month of March, 2020. Accordingly, Trion has been considered as a wholly Owned Subsidiary of Bodal Chemicals Ltd.

A Scheme of Amalgamation of Trion Chemicals Private Limited (a wholly owned subsidiary) with the Parent Company (the “Scheme”) has been approved by the Board of Directors of the Company at their meeting held on 27th May 2020, with appointed date of 1st April 2019. The Scheme is yet to be filled with the National Company Law Tribunal (NCLT). Pending the necessary regulatory approvals, the effect of the Scheme has not been given in the Consolidated Financial Statements.

55. BUSINESS COMBINATIONS

During the year, the Group has acquired the 80% stake in SEN-ER BOYA KIMYA TEKSTIL SAN.TIC. LTD (Sen-er) and Sen-er becomes subsidiary company of the Parent. The Parent Company has accounted for the said acquisition in its books as a business acquisition in terms of Ind AS 103 - ‘Business Combinations’. Such Business Combination required that the assets and liabilities of Sen-er should be accounted at fair value in the Consolidated Financial Statements at acquisition date. The Parent Company for the purposes of allocation of Purchase price consideration, is in the process of making a final determination of fair values of intangible assets i.e. customer base as at the acquisition date i.e. 8th August 2019, which is expected to be completed within a year as stipulates time given by the Ind AS 103. Pending the final determination in this regard, the business combination has been accounted on the provisional fair values of customer base, if any, would be retrospectively applied on final determination of the fair values.

The purchase price has been allocated based on the management’s estimates:

Goodwill arising on acquisition

	(₹ in Million)
Consideration transferred	317.94
Less: fair value of identifiable net assets acquired	185.76
Goodwill arising on acquisition	132.18

Net cash outflow on acquisition of subsidiary

	(₹ in Million)
Consideration paid in Cash	317.94
Less: Cash and cash equivalent balance acquired	(17.20)
The consideration for acquisition has been paid in cash.	300.74

Assets acquired and liabilities recognised at the date of acquisition

	(₹ in Million)
Current Assets	
Cash and cash equivalents	17.20
Trade and other receivables	371.64

Notes to the Consolidated Financial Statements (Contd.)

	(₹ in Million)
Inventories	124.69
Non-Current assets	
Plant and equipment & Right of Use Asset	13.91
Other Non-Current Assets	1.31
Current liabilities	
Trade payable	163.61
Borrowing	40.80
Other Current Liabilities	84.77
Non-Current liabilities	
Non-Current Liabilities	7.37

Non –controlling interests

The non – controlling interest (20% ownership interest in Sen-er) is recognised at the acquisition date and amounted to ₹ 46.44 Million.

Impact of acquisitions on the results of the Group

Included in the profit for the year is ₹ 7.79 Million attributable to the additional business generated by Sen-er. Revenue for the year includes ₹ 472.79 Million in respect of Sen-er.

56. During the year, Sener Boya Kimya Tekstil Sanayi Ve Ticaret Anonim Sirketi, subsidiary of Bodal Chemicals Ltd at Turkey, incorporated Senpa Dis Ticaret Anonim Sirketi as a wholly owned subsidiary at Istanbul, Turkey on 5th December 2019. Hence, Senpa Dis Ticaret Anonim Sirketi is the step-down subsidiary of Bodal Chemicals Ltd.

57. Donation made to Political Party during the financial year 2019-20 under provisions of Section 182 of the Companies Act, 2013.
