

Assocham MSME of The Year Award

Prevest DenPro wins Assocham "MSME of The Year Award"

Prevest DenPro Limited, a leading Indian manufacturer of dental materials was bestowed with MSME of the Year Award in 8th MSME Excellence Awards & Summit organized by ASSOCHAM at Hotel Taj Mahal, New Delhi on 9th March 2022. The award was received by Mr. Atul Modi Managing Director and Mrs. Namrata Modi Executive Director from Hon'ble Minister of MSME Sh. Narayan Tatu Rane and Sh. B.B.Swain, IAS, Secretary Ministry of MSME in the presence of a large number of dignitaries, officials and representatives of industries and commerce.

ASSOCHAM MSME Excellence Awards recognize and honor MSME enterprises for their pioneering efforts and contributions made to various segments of economy through their achievements and performance. Prevest DenPro which has a successful business track record of manufacturing high quality of dental materials and global presence in more than 80 countries was chosen for the category of MSME of the year. Mrs. Namrata Modi Executive Director expressed happiness to receive this prestigious award and said that we are happy that our efforts are recognized and appreciated at national level for our contribution to the Indian economy. She further said that our company has received many awards for outstanding performance in the past and we are very proud of being awarded with this MSME of the year award and thank ASSOCHAM for honoring us with this special award. Mr. Atul Modi Managing Director of Prevest DenPro said that our company has made pioneering efforts in developing high quality of dental materials indigenously and making them popular worldwide. He further said that our products comply with European standards. Some products have been approved by USFDA and we are going through the process of getting USFDA approvals for more products. He further stated that our company is the 1st Dental company to be successfully listed on BSE SME Exchange and is now poised for rapid growth with diversification into oral hygiene, oral care and biomaterial products. The company is also setting up a state-of-the-art research center for developing innovative dental materials to be in pace with the growing needs of modern dentistry.

The Hon'ble Minister and other dignitaries present on this occasion praised the MSME for their valuable contribution towards the nations economy
