Non-disclosure of criminal info: SC fines BJP, others

AGENCIES
New Delhi, 10 August

The Supreme Court on Tuesday slapped fines between ₹1 lakh and ₹5 lakh on the BJP, Congress, and six other political parties for failing to disclose details of candidates with criminal backgrounds in the Bihar Assembly Elections, *Bar & Bench* reported.

The SC had earlier directed these political parties to furnish the details on their official websites, in newspapers, and on social media. The report claimed the BJP, Congress, RJD, Janata Dal (U), CPI, and Lok Jan Shakti Party were fined ₹1 lakh for partial non-compliance. Two other parties — CPI (M) and NCP — were found to be in total non-compliance and were fined ₹5 lakh each for total non-compliance.

Cases against MPs, MLAs

Despite strict monitoring and directions, the number of pending cases against Members of Parliament and MLAs increased from 4,122 cases in December 2018 to 4,859 in September, 2020, the Supreme Court was informed on Tuesday.

Senior advocate Vijay Hansaria, appointed amicus curiae by the apex court, to assist it in a PIL for fast-tracking criminal cases against lawmakers, flagged

No parallel social media debate, SC tells Pegasus petitioners

Taking exception over "parallel proceedings and debates" on social media by some petitioners who have sought independent probe into the alleged Pegasus snooping issue, the Supreme Court Tuesday said there must be some discipline and they must have "some faith in the system".

A Bench headed by Chief Justice N V Ramana, which said it would take a call on August 16 on whether to issue notice to the Centre on pleas seeking probe into the Pegasus row, said it is not against debate but when the matter is pending in the apex court it should be deliberated upon here.

The Bench, also comprising justices Vineet Saran and Surya Kant, said it expects that petitioners who are interested in the matter would answer whatever queries the court would put to them by way of proper debate "in the court and not outside". "See, once you come to this court, we expect that debate is taking place here and we expect that they will answer the questions," the bench told the counsel appearing for the petitioners, adding, "They must have some faith in the system".

several reasons for increase in pendency such as state governments ordering withdrawal of cases, jurisdiction of special courts and fixed tenure of two years for judicial officers presiding the special courts for MPs and MLAs. The amicus curiae's report, filed through advocate Sneha Kalita, said in Bihar, which has been

submitting monthly status reports, there were 557 cases in September 2020 and the figure increased to 582 cases in July 2021. The 13th report by the amicus on pendency of cases against lawmakers was taken on record by a bench headed by Chief Justice N V Ramana and several directions were passed.

Sebi vets...

"But each issuance has different dynamics. So in this case, Alibaba and Ant group, both are being looked at for compliance issues," the regulatory source added.

If the market regulator views the two as a combined entity, it may impose some caveats and give a definite time frame to offload their stake to 25 per cent from the current 37 per cent. Paytm has already said that Ant group would shed its stake by 5 per cent as part of the IPO to comply with Sebi's PMC norms.

An email sent to Paytm remained unanswered.

The firm has also opted for declassification of Paytm founder and CEO Vijay Shekhar Sharma as a promoter. In July, Paytm's parent firm One97 Communications had filed draft documents for

an initial public offering (IPO) to raise ₹16,600 crore, surpassing Coal India's ₹15,000-crore IPO over a decade ago. The regulator is also vetting how and where the control lies as Ant group will continue to hold a significant stake post listing.

The regulator is also learnt to have sought clarity from the Reserve Bank of India (RBI) on the proposed listing in relation to foreign exchange regulations.

IPO filings...

Industry players said investment bankers and legal firms were working overtime as companies were looking to advance their listing plans to cash in on the positive sentiment.

"Several companies are accelerating their listing plans. Over the past one month, we have seen close to 20 filings. All this is happen-

ing on the back of buoyancy in the secondary market, stupendous post-listing performances and huge demand generated in IPOs," said Pranav Haldea, managing director, Prime Database, an IPO tracking firm.

Several IPOs to hit the market lately have seen demand of more than 100 times the shares on offer and attracted over 3 million applications. Also, most IPOs in 2021 have delivered mouth-watering returns to investors.

In the past decade, an average 40 DRHPs were filed with Sebi each year. The record for most filings in a year is 160 in 2006, followed by 121 in 2007, according to data provided by Prime Database. Skeptics say the high number of new filings and record IPOs are a sign of overheating in the market and a sign that investors should be cautious.

IPCC report...

Over the next 20 years, the global temperature is expected to reach or exceed 1.5 degree Celsius above the normal range, said the report authors.

In 2015 at the Paris COP21, India committed itself to sourcing 40 per cent of its energy demand from renewable sources as part of its Intended Nationally Determined Contribution (INDC). It also said it would reduce the emission intensity of its GDP by 33-35 per cent from 2005 levels by 2030.

Government officials said India is well on its way to meet its INDC targets. "As of 2016, India's emission intensity to GDP is 24 per cent. We have 14 years to meet the 33-34 per cent intensity and we will meet that. Second, the INDC of our renewable energy capacity has touched 38 per cent (including hydro) and we will touch 40 per cent soon," said a senior Environment Ministry official.

Another added "India need not do much more than what we have already committed", explaining that India was close to its targets because of several initiatives. "India will add 450 GW of

renewable energy target by 2030. We are giving an aggressive push to green hydrogen as a fuel. India has already commenced one of the largest programmes for greening the agriculture power supply through the PM-KUSUM scheme," said another official.

At various junctures, both the Power and Environment ministries have said that India will not declare Net Zero target.

India's stand is that it is the industrialised world, not developing countries, who should have Net Negative targets and moreover they should finance the green energy targets of India and other developing countries.

"The developed world has occupied 80 per cent of the carbon space already. Now you have to give space to others to develop, for instance, 800 million people are still without electricity in Africa. You can't say you come to net zero — no, sorry. These countries have to develop and that development will need steel, cement etc. You can't stop them," said R K Singh, who heads the Power Ministry and the Ministry of New and Renewable Energy in April at an event organised by the International Energy Agency.

Consequently, for the upcoming COP26 in Glasgow during November, India has no plan to announce any Net Zero target.

Sunita Narain, director general, Centre for Science and Environment, urged the government to take active steps to avoid a climate crisis.

"The government is sanguine about doing more than other countries in terms of comparable action to reduce CO2 emissions. We have no measurable targets to reduce emissions. Our INDC is to reduce not absolute emissions but the emission intensity of our economy," said Narain.

19.5 As required under Section 68(2)(d) of the Companies Act, the ratio of the aggregate of secured and unsecured debts owed by the Company shall not be more than twice the paid-up equity share capital and free reserves post Buy-back.

19.6 Unless otherwise determined by the Board and the Executive Committee, duly authorized by the Board, the Buy-back will be completed within a maximum period of six (6) months from the date of opening of the Buy-back. 19.7 Further, the Company shall not issue any equity shares or other securities including by way of bonus issue or convert any outstanding instruments into equity shares, till the expiry of the Buy-back Period in accordance with the Companies Act and the SEBI Buy-back Regulations. In compliance with the provisions of the Companies Act, the Company shall not raise further capital for a period of six (6) months from the expiry of the Buy-back period except by way of a bonus issue or in the discharge of subsisting obligations. Further, in accordance with the SEBI Buy-back Regulations, the Company shall not raise further capital for a period of one (1) year from the expiry of the Buy-back Period, except in discharge of its subsisting obligations.

19.8 Consequent to the Buy-back and based on the number of equity shares bought back by the Company from its shareholders as permitted under the SEBI Buy-back Regulations, the shareholding pattern of the Company would undergo a change.
