provide them with essential business information and help them connect with potential investors, clients and partners and the AIFintech100 list showcases the finest companies serving as a key reference for financial institutions seeking cutting-edge AI solutions to solve industry-specific challenges, drive efficiency, and create new customer propositions.

Think360.ai has made it to FinTech Global's Top 100 list for having demonstrated significant ability to solve industry problems, innovate, grow in terms of capital raised, increase revenue and gain customer traction. In the solutions they provide, they have been able to provide clients with potential cost savings, efficiency improvements, improve the value chain and generate more revenue for clients.

The other Asia-Pacific companies that were named in FinTech Global's list are Singapore's Bolttech, Australia's BGL Corporate Solutions, Japan's Cinnamon AI, and Malaysia's Finology. Think360.ai making it to the Top 100 list is a seminal event in the company's journey to establish itself as an AI powerhouse for the FS segment and will bolster CAMS and Think360.ai analytics and AI offerings to clients.

Computer Age Management Services Limited made a strategic investment in TAIPL by way of a secondary acquisition amounting to 55.42% of the total paid-up share capital in April 2023. The product and solution suite of Think360 AI is being offered with the Account Aggregator services, which has significantly enhanced the product offerings in the digital public infrastructure space.

This communication will also be available on the Company's website at the below mentioned link:
