Commenting on the performance Raj P Narayanam, Founder and Executive Chairman, Zaggle Prepaid Ocean Services Limited said,

"I am thrilled to share that we reported our highest ever quarterly revenues with healthy growth across all profitability metrics. During the quarter we had a 35.1% YoY growth in revenues and a 56.4% YoY growth in Adjusted EBITDA (before ESOP expenses). Our record-breaking performance is a result of our product portfolio's strategic diversification and the successful launch of credit card offerings.

Recently, with Torrent Gas Limited joining as a client, we've entered the fleet loyalty card program, offering significant volume and margin potential. Employing an efficient end-to-end closed-loop system, we are tapping into India's vast fleet spends market estimated to be worth Rs. 730 Bn.

In 9MFY24, our revenue growth was over 37.0% with an Adjusted EBITDA Margin (before ESOP expense) of 55.3%. This performance is in line with our full year guidance of 40% to 50% revenue growth at an Adjusted EBITDA Margin (before ESOP expense) between 11% and 13%.

We see encouraging momentum in our business and are dedicated to maintaining the upward trajectory. Our unwavering commitment to innovation and excellence shall foster growth, solidifying our position as a leader in the industry."
