ICRA at a Glance

Incorporated in 1991, ICRA Limited was set up by the leading financial/investment institutions, commercial banks & financial services companies, as an independent and professional Investment Information and Credit Rating Agency. Formerly known as 'Investment Information and Credit Rating Agency of India Limited', today ICRA and its subsidiaries form the ICRA Group of Companies (Group ICRA). It is a public limited company, with its shares listed on the BSE and NSE.

Alliance with Moody's Investors Service

Moody's Investors Service (hereon, referred as 'Moody') is the ultimate parent company of the international Credit Rating Agency. Being the indirect largest shareholder of ICRA, its participation is supported by a Technical Services Agreement, that entails certain technical services provided by Moody's to ICRA. This agreement offers advantages to ICRA's in-house research capabilities, in the form of the Agency's access to Moody's global research base. Within this agreement, Moody's undertakes enrichment programmes for ICRA employees. The e-learning software licensed by Moody's from Intuition, and provision of financial writing training seminars to designated ICRA employees, gives the employees access to financial markets and other relevant courses.

Corporate Social Responsibility at ICRA

ICRA believes in integrating social and environmental concerns in its business operations. For ICRA, Corporate Social Responsibility (CSR) has been an important milestone.

ICRA's CSR milestone

Imparted skill training to more than 2,800 youths and women and nearly 70% were employed following the training Helped 2000+ women with entrepreneurship training to run their own businesses Facilitated inclusive education to more than 1,000 students by bringing them back to the mainstream Trained more than 400 teachers on mental health, which impacted more than 7,000 students

We, at ICRA, firmly believe that companies should wholeheartedly contribute towards CSR. We aim to constantly stay a step ahead in dealing with positive changes, create new value systems and contribute broadly to society. ICRA envisions to create stronger communities and enrich the lives of the less privileged through its mission of promoting education, empower youths with employable skills and livelihood and support the environment. To accomplish its mission, the following programmes have been conceptualised this financial year.

Skill Development Programmes

Digital Inclusion for Young Aspirants (DIYA)

This is a unique technology-driven skill development programme that creates a pathway towards digital age career opportunities for underprivileged youth and Women at Risk members like acid - attack victims, those facing domestic violence or other vulnerable categories. The training programme offers a fully digitised learning experience with employer-driven courseware delivered in a high-tech, blended-learning environment. Despite Covid-19 challenges, the programme managed to achieve the desired objective by adopting alternative tools and methods. The trainings were conducted online, integrated with cutting-edge technology of Cloud Learning Management System. It made learning more interesting

and enabled students to learn at their own pace while being safe at home. Other than the foundation training in IT skills, students were also trained in workplace English, workplace readiness web designing, digital marketing and subject-specific training like financial management, retail management, Tally and hardware and networking via various online medium and applications. This programme has been implemented in collaboration with the Anudip Foundation for Social Welfare in the rural areas of West Bengal.

Till date, the programme has benefitted around 2,833 youths with nearly 70% employment records.

Interaction with Women at Risk Candidates

Women Entrepreneurship Programme

ICRA is deeply committed to skill building and education with a special focus on empowering women. In collaboration with the Friends of Women's World Banking, India (FWWB), ICRA runs this programme in four districts of Gujarat: Gandhinagar, Ahmedabad, Kutch, and Mehsana.

The main aim of this programme is to equip women with financial education, digital literacy, business management skills, who are already involved in income-generating

Women receiving financial literacy training

activities at the household level, as well as women who show potential to take up any such activity. ICRA-FWWB programme supports the women to acquire business acumen, technical skills and reach out to larger markets, thereby helping them to create sustainable units. During the Covid-19 pandemic, initially trainings were imparted through text messages via group messaging, audio and video calls, etc. later, with the approval of the local government authority and following proper Covid-19 guidelines, skill training was imparted physically to the women in small groups.

The ICRA-FWWB programme has reached out to more than 2,000 women in the last three years, out of whom 50 per cent started new businesses while 12 per cent of the women diversified and approximately 5 per cent of the women expanded their existing businesses. This programme has benefited the women beneficiaries from low-income households.

Enterprise development training

Education Programmes

Residential Learning Camp

Poverty and lack of quality school facilities in villages keep many children away from schools. These children then become a part of the young workforce, with physical and psycho-social effects. As many tend to migrate for work, they are left to fend for themselves without family and adult support, making them vulnerable to the menace of trafficking.

ICRA, in collaboration with Seva Mandir, runs a programme which aims to educate out-of-school children and ensures completion of their education. Over a period of one cycle, three camps are conducted, each with a duration of 55-60 days. These provide a conducive environment for learning with a customised curriculum that works on the principle of multi-grade /multi-level teaching.

RLC encompasses interactive learning, nutrition support and sports for overall development of children

This child-centric curriculum helps students bridge their learning gap at their own pace.

During Covid -19, these camps were organised in the villages where these students resided, instead of a residential facility. Teachers divided these children into small hamlets of 5-6 and visited them regularly on-site with the permission of local authorities for imparting education, monitoring, follow-up, distribution of study material and dry ration and also medical kits, etc. The teachers have a close affinity with the children, their families and the community, thus ensuring smooth flow of operations as per the guidelines.

This programme till date has benefitted approximately 900 children in Udaipur, in collaboration with Seva Mandir.

Sponsorship Programme

ICRA supports to the students at the VIDYA School, Gurugram and Deepalaya in Mewat district of Haryana. Both the NGO-run schools house classrooms, laboratories, computers and a library. The quality of education and facilities are at par with some of the best public schools in the city. Both schools provide over 1,100 slum and/or village children with quality education along with the best infrastructure and facilities.

The aim is to provide opportunity for the rural village community to acquire recognised education in English medium curriculum, promote and provide quality and relevant education at an affordable cost and provide adequate opportunities that help the enrolled children to acquire academic learning, bring out their latent talents and other innate qualities. This will aid children to utilise

the opportunities of India's emerging economy and lead India into the future. The net outcomes shall be educated, healthy, well-developed all-round personalities who can look forward to better prospects of life and become selfreliant and responsible.

Like all other programmes during the Covid scenario, digital classes and online tutorials were conducted through various medium for the students. Almost 24x7 assistance was given by the teachers to the students who have accessibility issues. Students were also engaged virtually in physical activities like yoga, exercises, dance, music, etc, for their physical and mental well being.

ICRA provides holistic development to approximately 241 students through continuous educational support sponsorship through this programme.

Achievements:

The VIDYA school has transformed the methodology of instruction to reduce the learning gaps of the children. With the introduction of new changes in curriculum, the teaching faculty and the management are gearing up to prepare the students to face challenges that may arise due to variations in the teaching-learning process.

They are currently providing high-quality public school education at par with the nation's best institutions to over 1000 underprivileged children from the nearby slum areas. The school recently received the Brainfeed Award for School Excellence in April 2022.

The Deepalaya School bagged nine 1st positions and two 2nd positions in the district level art and craft competitions, handwriting and group dances held in the month of October 2021. A total of 19 students participated in these competitions.

Three students bagged first position in the Legal Literacy Competition at the District level and four secured first position and one bagged the fourth position at the block level.

Four students from our school participated in the district level national painting competition (on the spot) organised by the Haryana Child Welfare Council and stood second and third.

Glimpse of holistic development of the students under sponsorship programmes

Reinventing CSR with Employee Engagement

At ICRA, we believe, the employees are not only the backbone of a company, but they also constitute the nerve centre of all these projects. We firmly believe that collective action accelerates the desired outcomes and, therefore, the community, the implementation partner and ICRA plan to work cohesively towards a result-oriented initiative - both

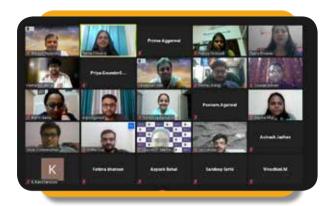

qualitatively and quantitatively. Each employee gets an opportunity to engage with these projects, thereby getting associated with the beneficiaries and adding value to the project with their skills and knowledge.

In the last two years of our employee volunteering initiatives, we have observed tremendous changes. A wave of change-makers, full of enthusiasm, emerged as CSR Champions who facilitate our volunteering initiatives at various locations. These champions identify, create and implement initiatives with great vigour - a great start to the Citizen Corporate Responsibility campaign. In these pandemic times various virtual activities were organised to connect employees with our ground level programmes.

Market and Business Overview

The credit rating business continued to face headwinds in terms of a Covid-19 pandemic-induced disruption to economic activity in Q1 FY2022 and Q4 FY2022, amidst the second and the third waves respectively, resulting in constrained credit demand. A heightened risk aversion had its impact across the corporate bond market, bank lending, structured finance and also in terms of flows into debt mutual funds, albeit there was some improvement over the low base of FY2021. But a broad resumption in economic activity, post the lifting of the less-restrictive lockdowns, supported by the Fiscal and Monetary Policy interventions, allowed businesses to recover, even as the recovery remains uneven and incomplete thus far.

The pandemic and the associated lockdowns affected activity in many sectors in FY2022, especially in the contact-intensive parts of the non-agricultural economy. While the YoY growth in Q1 FY2022 was high on a low base, the GDP remained below pre-pandemic levels. The two subsequent quarters did see a revival in economic activity. With the widening coverage of the Covid-19 vaccines, business and household sentiment improved. However, non-Government investment activity remained muted with a modest rise in capacity utilisation levels. While there was a fresh spike in Covid-19 infections in January 2022 led by the Omicron variant, which resulted in the re-imposition of localised restrictions, the rapid abatement of the third wave boosted economic activity in the later part of Q4 FY2022. Thereafter, the escalation of the geo-political conflict between Russia and Ukraine, and its impact on availability and prices of raw materials, has injected uncertainty into the macroeconomic outlook.

The bond issuances contracted in FY2022 by 19 % compared to the high base of FY2021, which was supported by regulatory measures such as targeted long-term repo operations (TLTROs) by the RBI and the Partial Credit Guarantee (PCG) scheme of the GoI for purchase of bonds issued by the NBFCs. The rising yields in the second half of FY2022 coupled with geo-political uncertainty shifted some borrowers to banks. Despite that the bond issuances recovered to pre-pandemic levels in absolute terms. Bank bond issuances constituted a higher proportion of FY2022 bond issuances compared with that in the previous year as Additional Tier I issuances got rolled over where call options were falling due. The outstanding stock of the commercial paper saw a small dip as low yields led to continued investor disinterest, except in highly rated borrowers.

Bank credit growth to large industries continued to be muted, reflecting a lack of demand. The 8% increase was supported by credit growth to Non-Banking Finance Companies / Housing Finance Companies and medium and small industries, the latter segments being supported by the Emergency Credit Line Guarantee Schemes of Government of India.

Unlike the previous year, FY2022 saw localised lockdowns in various parts of the country during which your Company was able to transact business in a seamless manner. Your Company was able to add some prominent and leading companies to its list of clients, and it also rated some novel transactions involving –

- First cross collateralised loan structure for retail malls
- Two of the largest Electric 2-wheeler Original Equipment Manufacturers
- Several SPVs of a group running Electric Vehicle (EV) bus operations
- First PTC transaction attempted by an NBFC-Peer-to-Peer lending platform
- First PTC transaction attempted by a co-working company
- Securitisation of trade receivables for a supplier to a large readymade garments company

Your Company's growth in the last financial year was led by the focus on the growth segments of the economy and being selective in certain unremunerative situations such as the small bank loan segment and entities that adopt only tender-based criteria for selecting rating agencies. Adoption of this approach has helped in improving the overall yield. The structured finance business saw improved traction over the previous year but has not yet returned to pre-pandemic levels. In terms of ratings quality, your Company has been appreciated for its accuracy and timely rating actions and continues to be a rating agency of choice for the issuers and investors.

Directors' Report

Corporate Sector

For the third year in succession, bank credit to the corporate sector remained muted in FY2022, driven by a lack of meaningful pick-up in investment activity. Borrowings through the bond route were restricted to PSUs and entities backed by strong promoters. Investor risk aversion and high systemic liquidity resulted in credit spreads on AAA and AA category corporate bonds witnessing a sharp compression with the spreads at lower than the average of the last five years. However, despite compression on credit spreads and finer rates in debt capital markets, the YoY issuances from the corporate sector declined by 28% in FY2022. The decline was driven by lower issuances from the PSUs in the corporate sector and against a high base of TLTRO led issuances from corporates in FY2021. Buoyant equity capital markets and private equity-led funding also supported the funding requirements of corporates. Leaner working capital cycle because of pent-up demand, supply chain dislocation and relatively softer commodity prices during FY2022 were other reasons for lower working capital demand, thereby moderating overall credit growth. However, rising commodity prices, which have further increased after the Russia-Ukraine conflict, are likely to pose higher working capital requirements and may result in improved credit demand. The private sector capital expenditure is also expected to revive in the latter half of FY2023, which could also be a positive for credit demand from corporates.

Financial Sector

Debt investors continued to remain cautious as asset quality concerns continued into FY2022 with the second phase of Covid in the first quarter and a minor scare caused by the third Covid wave in the last quarter of FY2022. The collection efficiencies dipped sharply in the first quarter of FY2022 before improving in the rest of the year. The restructuring window provided by the Reserve Bank of India helped lenders keep a lid on the reported asset quality indicators. With a significant slowdown in incremental business in the first quarter, the growth in assets under management were negligible in the first half. Despite a pick-up in the second half, the annual growth of the AUM for NBFCs/HFCs is estimated to be around 6-8% in FY2022. NBFCs/HFCs continue to focus on long-term resources, improve their Asset Liability Management (ALM) profile and maintain relatively limited usage of commercial papers (adjusted for the record levels of CP issuances for IPO financing). With a pick-up in disbursements by NBFC/HFCs, CP issuances could improve in FY2023, subject to investor appetite.

Heightened volatility around the second and third Covid-19 waves and expectations of a rise in interest rates slowed the growth in the AUM of debt MF schemes. While the overall AUM of debt MF schemes declined in FY2023, the AUM of shorter duration schemes improved marginally. Your Company continues to enhance its presence in the debt mutual fund scheme ratings with additions of more schemes from the existing fund houses.

Structured Finance

The domestic securitisation volumes witnessed an uptick to about Rs. 1.2 lacs crore in FY2022 as against about Rs. 0.9 lacs crore in FY2021 supported by the revival in sentiments as the impact of Covid-induced lockdowns reduced and disbursements of NBFCs and HFCs scaled up. Nonetheless, the volumes remained lower than pre-pandemic levels (Rs. 2 lacs crore volumes seen in FY2020) as the second wave of the pandemic had a bearing on securitisation undertaken in the first half of the fiscal. Adequate liquidity available in the system, especially for the higher rated entities, also led to lower need for securitisation of their assets. Growth in securitisation is expected to continue in line with the economic and credit growth in the country, further accelerated by new originators venturing into securitisation to support their funding needs.

The investor preference for retail loan pools of secured asset classes remained high with mortgage-backed loans being the dominant asset class in securitisation during the year followed by securitisation of commercial vehicle loans. Securitisation of unsecured asset classes, mainly microfinance loans and business loans, had witnessed a sharp decline in the post-Covid era. However, healthy demand for microfinance loan pools was seen in Q4 FY2022 as the concerns around asset quality abated for microfinance entities following a rebound in collections coupled with the need for such loan pools to meet priority sector lending (PSL) targets for banks.

In FY2022, your Company continued to maintain its position as a leading credit rating agency (CRA) in the Structured Finance segment. Your Company saw a sharp increase in the number of fresh transactions rated / loss estimation reports prepared during the year as the overall market size improved and also managed to deepen its presence by carrying out assignments

Directors' Report

for new originators, a few of which only recently entered the securitisation market. In FY2022, your Company was involved in rating relatively new structures such as the Revolver Structure for merchant loan receivables as well as securitisation of trade receivables. Your Company remained a leading agency for rating covered bond issuances during the year, though the issuances scaled down significantly in the second half of the fiscal. Your Company remains a thought leader in Structured Finance and continues to publish, on a periodic basis, reports on the securitisation market and new products and structures.

Outlook

On the near-term outlook for the economy, ICRA pegs the expansion in Indian GDP (at constant 2011-12 prices) in FY2023 at 7.2%, following the elevated commodity prices and fresh supply chain issues arising from the Russia-Ukraine conflict, as well as the renewed lockdowns in parts of China. Higher prices of fuels and items such as edible oils are likely to compress disposable incomes in the mid to lower income segments, constraining the demand revival in FY2023. However, the prescient extension of free foodgrains under the Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) until September 2022 may continue to offer some respite to the food budgets of vulnerable households. In the mid to upper income segments, normalisation of behaviours after the third wave is set to result in a pivot of consumption towards the contact-intensive services that were avoided during the pandemic, constraining the growth in demand for goods in FY2023. Even though exports of some items from India will rise to meet global demand amidst the supply crunch, ICRA expects a gradual rise in capacity utilisation to ~74-75% in Q3 FY2023, back-ending the broad-basing of private sector capacity expansion. The key upside to our projections is a faster-than-expected pick-up in Government spending, even as the execution risk has shifted to the state governments.

Inflation is expected to print well above the mid-point of the Monetary Policy Committee's medium-term target band of 2-6%. With the focus shifting to inflation management over supporting growth, and the modification in the wording on the policy stance, the Monetary Policy Committee (MPC) has clearly telegraphed an imminent change in the stance. We foresee a shallow rate hike cycle, with the repo rate being increased by 25 bps each in August and September 2022, entailing a negative real policy rate throughout FY2023. However, G-sec yields have already climbed, mirroring global trends, and we expect other interest rates to follow suit. The trajectory of the commodity prices and the borrowing costs would in turn have a bearing on the capital expenditure budgets and the viability of infrastructure investments ongoing and in the pipeline.

In FY2023, bank credit is expected to continue its momentum and is likely to grow at 8.9-10.1% compared to 9.7% in FY2022; however, the developments around the global impact of the Ukraine – Russia war would be an event to keep a close eye on. The high Government borrowings for FY2023 coupled with expectations of rise in the yield may restrict issuance of bonds until yields stabilise at higher levels. Cut down in extra budgetary resources by the Government also means lower issuances by PSUs, which may be a positive for other issuers. The issuances are, however, likely to be dominated by better rated entities as the impact of withdrawal of various regulatory stimulus is likely to pose challenges for many issuers. Hence despite the continued regulatory thrust to deepen the bond markets both by the Reserve Bank of India (RBI) and the Securities and Exchange Board of India (SEBI), larger issuers will continue to account for a majority of the issuances.

With no budgeted capital infusion by GoI into the public sector banks in FY2023, around Rs. 25000 crore of Additional Tier 1 (AT1) instruments with call options in FY2023 and banks' increasing appetite for housing and infrastructure assets, we can witness higher issuances in FY2023. We continue to expect the financial institutions to drive the bond issuance volumes as they scale up. With improvement in investor risk appetite and most NBFCs having resumed lending from Q3 FY2021, we expect bond issuances by the NBFCs and the HFCs to scale up and refinance existing debt, subject to investor appetite.

The significant investment outlay envisaged under the National Infrastructure Pipeline (NIP) wherein an investment of Rs. 111 trillion is expected during 2020-2025 in major infrastructure sub sectors - notably in Power, Roads, Railways and Urban Infrastructure - will give a fillip to the economy. While a large share of the funding will be coming from the Central and state allocations and public-sector infrastructure NBFCs, the corporate bond market is also expected to play a modest role, wherein Central PSUs in Power and Roads are expected to mobilise resources from the capital markets. Moreover, asset monetisation through InvITs is expected to gain traction in the next five years, which will benefit both the bond market issuances as well as bank loans through refinancing. Besides the infrastructure companies, general corporates in capital intensive sectors such as Oil & Gas, Metals, Telecom and Cement, are also expected to borrow from the capital markets. However, there is a risk of significant supply of Government bonds crowding-out corporate bonds.

Directors' Report

The securitisation market is poised for a healthy growth in FY2023 supported by improving economic conditions and growing business activities of NBFCs and HFCs. The higher disbursements seen in H2 FY2022 would also increase the quantum of eligible loans available to securitise in the current year after taking care of RBI's requirements for minimum holding period. The securitisation volumes though would remain exposed to any sharp rise in Covid-19 infections that may lead to lockdowns or restrictions by the Government which would disrupt business activities. ICRA expects securitisation volumes to continue to be supported by the requirement of banks to meet their PSL requirements. The increase in the purchase of non-PSL pooled loans is also a healthy trend that will result in healthy growth in issuance volumes. Any significant traction in the priority sector loan certificates (PSLCs) market or widespread adoption of the loan co-origination framework by banks for sourcing PSL assets could, however, restrict issuance volumes in the medium to long term.

Overall, your Company will benefit from the anticipated pick-up in the debt market and the infrastructure space.

Trends in Credit Quality of ICRA-rated Companies

The credit quality of India Inc. experienced a rebound in FY2022, on the heels of two consecutive years of pressures caused first by the slowdown in economic growth in FY2020 and then by the pandemic scarring in FY2021. As businesses and policymakers adapted to the challenges, and as the economic repair-work progressed, the incremental downside credit risks ebbed in FY2022.

- As a result, the instances of downgrades¹ of ICRA-assigned ratings in FY2022 (at 184 entities) reflected a downgrade rate² of a mere 6%. This was substantially lower than the recent high of 13% seen in FY2020 and the past 10-year average of 9%.
- In contrast, the upgrade rate³ of 19%, corresponding to upgrades of 561 entities, stood at a multi-year high vis-à-vis the past 10-year average of 11%.

Many corporate sectors are on a path to recovery. Further, there exists additional opportunities in sectors like Steel, Agricultural Produce, Textiles, and Electronics Goods to scale up exports. The Production-Linked Incentive (PLI) Scheme too promises to enhance the supply chain resilience, support import substitution, and create other positive externalities. At the same time, banks as well as Non-Banking Finance Companies (NBFCs) are currently comfortably capitalised while facing manageable asset quality pressures. In effect, with both the real sector and the financial sector in a relatively good health, the year FY2023 could well have been a year of moving beyond the 'rebound' growth.

However, following the Russia-Ukraine conflict, the risk of supply chain disturbances and the commodity price turmoil have raised the spectre of inflation across the globe. As policy rates, risk premia, and bond yields adjust on the upside, the capital flows search for safe havens, and currencies find their equilibrium, the policymakers and regulators would be induced to take centre stage as they attempt to strike a balance between growth and inflation. This means that India Inc. may have to continue to grapple with the challenge of rising input costs, energy costs, shipping and other logistics costs, besides potential supply disruptions. This could quickly translate into asset quality pressures for the financial sector. Further, the possibility of resurgence of a debilitating Covid wave cannot be ruled out. While the credit quality of India Inc. has improved substantially over the past one year, there are looming risks which stoke scepticism and would warrant a careful monitoring of the operating environment as the new fiscal beckons.

¹ The count of downgrades excludes the entities whose ratings were downgraded because of their non-cooperation with ICRA unless it was a case of a downgrade to the [ICRA]D category.

² Downgrade Rate is defined as the number of entities downgraded in the period of analysis as a percentage of the total number of rated entities as of the beginning of the period. The calculation of the downgrade rate excludes the [ICRA]D rated entities.

³ Upgrade Rate is defined as the number of entities upgraded in the period of analysis as a percentage of the total number of rated entities as of the beginning of the period. The calculation of the upgrade rate excludes the [ICRA]AAA and the [ICRA]A1+ rated entities.

NOTE: The data in this section does not include the ratings assigned to securitisation transactions, nor does it capture ratings that were in the 'Issuer Not Cooperating' (INC) category at the beginning of the year

Rating accuracy trends

The performance of any credit rating system is measured by metrics like default rates, stability rates and average default position. ICRA's robust methodologies and their consistent application over the years is reflected in the low default rates in the investment grade suggesting that ICRA's ratings have done well to distinguish between safer and riskier credits. The default rates along the rating scale, from AAA to C, have shown ordinality which reflects the ability at differentiating among credits across the risk spectrum. This apart, ICRA's ratings have demonstrated a healthy one-year rating stability depicted across all investment grade rating categories—a high rating stability suggests that ICRA's rating decisions do not get influenced by the stage of the business cycle but remain strongly focused on assessing the credit worthiness of entities through the cycle. Finally, the average default position (ADP) of ICRA-assigned ratings—a measure of the tendency of a rating agency to commit type-1 and type-2 errors—remains healthy and has systematically improved over the years.

Industry Research

The research reports of your Company continue to be well appreciated by various stakeholders for their analytical content. Your Company introduced multiple thematic reports across sectors covering relevant events and their impact on the industry which were particularly appreciated by the clients. These reports helped in positioning your Company as a thought leader. Some of these reports were – The Climate Series reports - India's goals for COP26, Impact of Productivity-Linked Incentive on India's Manufacturing Sector, Commodity Risks Due to Russia Ukraine face-off, Impact of Coal Prices on India Inc., Impact of Semiconductor Chip Shortage on Auto sector, Electrifying India's Bus Fleet, Impact of RBI's Regulatory Changes on MFIs, thematic reports on Commercial Vehicle Financing Companies, Captive NBFCs, and Bank Brokerages.

During the year FY2022, your Company has grown its client base by nearly 27% adding entities across sectors – Banks, NBFCs as well as a consulting firm. A high renewal rate amongst the existing clients underscores the quality of your Company's research reports. Your Company continues to actively engage with the investor community by regularly holding interactive sessions on macro economy, industries and rating round-ups through its webinar series, including a few high impact ones with Moody's Investors Service, thereby building a strong market franchise.

Your Company also enhanced the quality of the Credit Perspective Reports (CPRs) by making them more exhaustive and adding Rating Framework Overview, Business and Financial Outlook for the next 12-24 months, and the Environment-Social-Governance (ESG) commentary for listed entities, making ICRA CPRs more valuable for the investors.

ICRA Research has an ongoing coverage on more than 55 industries, including several sub-segments within the corporate, financial and structured finance sectors. ICRA remained a thought leader in the structured finance sector, publishing regular research notes on the securitisation market and credit quality trends across asset classes.

Franchise Development

Your Company took several initiatives to strengthen its franchise through outreach efforts even as the year, like the previous year, saw only virtual seminars and conferences. Your Company was quick to reach out to the market participants through webinars, the frequency of which was increased to address the evolving credit themes either on account of Covid-induced lockdown or geo-political risks. The timely series of webinars was appreciated for the coverage on various sectors. Some of these were coupled with media interactions to promote your Company's visibility and brand.

- Impart knowledge and skills to give feedback to other people about their job performance, behaviour and competencies

New hires go through a systematic on-boarding programme, designed to equip them adequately with the right skills and competencies to achieve their best potential. Apart from this, all employees, including the new hires, are trained online on the Code of Business Conduct, Conflict of Interest, Anti-Bribery & Corruption, Prevention of Sexual Harassment at Workplace & Information Security.

ICRA continues to focus on building a strong talent pipeline across levels through regular in-house Domain, Functional and Behavioural training, online learning platforms, team building and external programmes. Since employees attend external workshops also, we have started the practice of knowledge-sharing sessions. The approach is to build a culture whereby participants share knowledge and learnings from the external training attended. Post completion of the programme they must share the knowledge learnt across levels on the topics relevant to business need. Developing and strengthening capabilities of all employees has remained an ongoing priority. Deserving employees, who demonstrate high performance and potential, are awarded challenging assignments and higher responsibilities. They are provided adequate training and coaching to prepare them towards the same.

The Company's talent management strategy is focused on building leaders of tomorrow. We invest through world class leadership development programmes to build the talent bank in the organisation. The Company has a robust talent review programme and ensures a succession plan towards critical positions, annually.

Update Regarding Certain Matters

During the year ended March 31, 2022, the Company was dealing with following matters which arose in current and/or previous periods:

- (a) The Securities and Exchange Board of India ("SEBI") had enhanced the penalty amount from Rs. 25 lacs to Rs. 1 Crores during the quarter ended September 30, 2020 in respect of an adjudication proceeding initiated by it in relation to the credit ratings assigned to one of the Company's customer and the customer's subsidiaries. The Company had deposited the enhanced penalty amount under protest and had filed an appeal with the Securities Appellate Tribunal contesting the said order. The said appeal is under review. On this matter, the Company also co-operated with other government agencies in relation to queries received from them. Basis the foregoing and the legal counsel opinion obtained, the Company does not foresee any significant adverse implications on the Company.
- (b) The Company had received an anonymous complaint during the quarter ended September 30, 2021, making certain allegations around conflict of interest against two senior officials of the Company, who are no longer in employment.

Directors' Report

The Company had appointed an external firm to examine the allegations. During the year ended March 31, 2022, the Company has concluded the examination thereof and finalised the necessary action plan. The findings did not indicate any adverse financial impact.

Directors and Key Managerial Personnel

The Nomination and Remuneration Committee of your Company is in the process of identifying the full-time Group Chief Financial Officer.

Directors' Report

Independent Directors' Declaration

Pursuant to the provisions of Section 149(7) of the Companies Act, 2013 read with Schedule IV of Companies Act, 2013, the Independent Directors have submitted declarations that each of them meets the criteria of independence as provided in Section 149(6) of the Companies Act, 2013 along with rules made thereunder and Regulation 16(1)(b) of the Listing Regulations. There has been no change in the circumstances affecting their status as Independent Directors of the Company. The following Non-Executive Directors of the Company are independent in terms of Section 149(6) of the Companies Act, 2013 and the Listing Regulations:

- 1. Mr. Arun Duggal
- 2. Ms. Ranjana Agarwal
- 3. Ms. Radhika Vijay Haribhakti

Further, in terms of Section 150 of the Companies Act, 2013 read with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014, Independent Directors of the Company have confirmed that they have registered themselves with the databank maintained by the Indian Institute of Corporate Affairs (IICA) and have passed the proficiency test or avail the exemption from that, as applicable.

Directors' Responsibility Statement

As required under the provisions contained in Section 134 of the Companies Act, 2013, your Directors hereby confirm that:

- (i) in the preparation of the Annual Accounts for the year ended March 31, 2022, the applicable accounting standards have been followed and there are no material departures from the same;
- (ii) the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that year;
- (iii) the Directors had taken proper and sufficient care for the maintenance of adequate accounting records, in accordance with the provisions of the Companies Act, 2013, to safeguard the assets of the Company and to prevent and detect fraud and other irregularities;
- (iv) the Directors had prepared the Annual Accounts on a going concern basis;
- (v) the Directors had laid down the internal financial controls followed by the Company and that such internal financial controls are adequate and were operating effectively; and
- (vi) the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Policy on Directors' Appointment

The Nomination and Remuneration Committee works with the Board to determine the appropriate characteristics, skill and experience that are required of the members of the Board. The members of the Board should possess the expertise, skills and experience needed to manage and guide the Company in the right direction and to create value for all stakeholders. The members of the Board need to consist of eminent persons of proven competency and integrity with an established track record. Besides having financial literacy, experience, leadership qualities and the ability to think strategically, the members are required to have a significant degree of commitment to the Company and should devote adequate time in preparing for the Board meeting and attending the same. The members of the Board of Directors are required to possess the education, expertise, skills and experience in various sectors and industries needed to manage and guide the Company. The members are also required to look at strategic planning and policy formulations.

The members of the Board should not be related to any executive or independent director of the Company or any of its subsidiaries. They are not expected to hold any executive or independent positions in any entity that is in direct competition with the Company. Board members are expected to attend and participate in the meetings of the Board and its Committees, as relevant. They are also expected to ensure that their other commitments do not interfere with the responsibilities they have by virtue of being a member of the Board of the Company. While reappointing Directors on the Board and Committees of the

Directors' Report

Board, the contribution and attendance record of the concerned Director shall be considered in respect of such reappointment. Each Independent Director shall hold office as a member of the Board for a maximum term as per the provisions of the Companies Act, 2013 and the rules made thereunder, in this regard from time to time, and in accordance with the provisions of the Listing Regulations. The appointment of the Directors shall be formalised through a letter of appointment.

The Executive Directors, with the prior approval of the Board, may serve on the Board of any other entity if there is no conflict of interest with the Company's business.

Board and Directors' Performance Evaluation

The Board of Directors of the Company, based on the recommendations of the Nomination and Remuneration Committee, has formulated a Board and Directors' Performance Evaluation Policy, thereby setting out the performance evaluation criteria for the Board and its Committees and each Directors' performance, including the Chairman of the Company.

Your Company's Board had undertaken a formal performance evaluation in a comprehensive and structured manner as a part of the strengthening exercise. Based on the recommendations of the Nomination and Remuneration Committee, the Board has adopted a process of receiving anonymous feedback and discussing the same at the meeting to ensure the Directors' collective participation and meaningful discussion over the performance of the Board, its Committees, individual Directors and Chairperson of the Board.

Your Company's Board believes that trust in the evaluation process and its confidentiality is critical for the success of the evaluation exercise, therefore, the Board encourages fair and transparent evaluations and maintains anonymity of those providing the feedback.

During the evaluation process, various suggestions were made by individual Board members to further enhance the effectiveness of your Company's Board. The results of the feedback were discussed with the Board and its respective committee members. Individual feedback was shared by the Chairman with each Board member separately.

The Board of Directors of the Company believes that the effectiveness of its governance framework can continue to be improved through periodic evaluation of the functioning of the Board as a whole, its committees and individual directors' performance evaluation.

The Board of Directors acknowledges that Independent Directors on the Board have integrity and possess expertise and experience, including proficiency.

Auditors

M/s. B S R & Co. LLP, Chartered Accountants, were appointed as Statutory Auditors of your Company, at the 28th Annual General Meeting to hold office until the conclusion of the 33rd Annual General Meeting. As per the explanatory statement circulated to the members along with the notice of the Annual General Meeting, the annual fee for the financial year ending March 31, 2020 was proposed at 47,00,000 (Rupees Forty-Seven Lakh only), plus out-of-pocket expenses and taxes at the applicable rates, for the purpose of the statutory audit of the Company.

It was mentioned in the notice of the Annual General Meeting, that the Board of Directors and the Audit Committee shall be given the power to alter and vary the terms and conditions arising out of an increase in the scope of work, amendment in Auditing Standards or regulations and such other requirements resulting in change in scope of work. Any such change in the terms and conditions of appointment and remuneration of Statutory Auditors would be intimated in the Directors' Report of the Company in the relevant year.

The disclosures relating to fees paid/payable to Statutory Auditors have been made in the Corporate Governance Report annexed to this Report.

Comments on Auditors' Report

The Statutory Auditors have, in their report to the Members of the Company on the standalone financial statements of the Company, mentioned that the Company has not carried out physical verification of its property, plant and equipment during the year ended March 31, 2022.

Directors' Report

In this regard we wish to submit that the physical verification of the Company's property, plant and equipment during the year ended March 31, 2022 could not be carried out due to COVID-19 pandemic.

The notes to the financial statements referred to in the Auditors' Report are self-explanatory and do not call for any further comments.

The Statutory Auditors have not reported any incident of fraud to the Audit Committee of the Company in the year under review

Secretarial Audit

The Board of Directors of the Company has appointed M/s. Chandrasekaran Associates, Company Secretaries, as the Secretarial Auditor of the Company for the financial year 2021-22 in terms of Section 204 of the Companies Act, 2013 and Regulation 24A of the Listing Regulations. The Secretarial Audit Report for financial year 2021-22 has been annexed to this Report (Annexure IV). The Secretarial Audit Report does not contain any qualifications, reservations or adverse remarks.

The Secretarial Audit Report issued by the material subsidiary of the Company, ICRA Analytics Limited, is also annexed to this Report (Annexure IV-A).

Transfer to Reserves

Your Company proposes not to transfer any amount to the General Reserve.

Dividend

The Board of Directors recommends for approval of the Members at the forthcoming Annual General Meeting, payment of dividend of Rs. 28 per equity share for the financial year ended March 31, 2022. If the members approve the dividend at the forthcoming Annual General Meeting, the dividend shall be paid to: (i) all those members whose names appear in the Register of Members as on Friday, July 29, 2022; and (ii) all those members whose names appear on that date as beneficial owners as furnished by the National Securities Depository Limited and Central Depository Services (India) Limited.

Dividend Distribution Policy

Your Company has formulated a Dividend Distribution Policy ('the Policy') pursuant to Regulation 43A of the Listing Regulations. The objective of the Policy is to maintain stability in the dividend pay-out of the Company, subject to the applicable laws, and to ensure a regular dividend income for the members and long-term capital appreciation for all stakeholders of the Company.

Your Company would ensure to strike the right balance between the quantum of dividend paid and the amount of profits retained in the business for various purposes. The Board of Directors refers to this Policy while declaring/recommending dividends on behalf of the Company. Through this Policy, the Company would try to maintain a consistent approach to dividend pay-out plans, subject to the applicable laws. The Policy has been uploaded on the website of your Company at:

https://www.icra.in/RegulatoryDisclosure/ShowCodePolicyReport/7

Transfer to Investor Education and Protection Fund

The Company sends reminder letters to all members whose dividends are unclaimed to ensure that they receive their rightful dues. Your Company has also uploaded on its website, www.icra.in, information regarding unpaid/unclaimed dividend amounts lying with your Company.

During 2021-22, the unclaimed dividend amount of Rs. 1,32,066 towards the unpaid dividend account of the Company for the FY 2013-14 was transferred to the Investor Education and Protection Fund. The said amount had remained unclaimed for seven years, despite reminder letters having been sent to each of the members concerned.

Pursuant to Section 124(6) of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 and its amendments, all shares in respect of which dividend has not been paid or claimed for seven consecutive years or more, shall be transferred by the Company in the demat account of Investor Education and Protection Fund (IEPF) Authority ('the Authority') within a period of 30 days of such shares becoming due to be transferred to the IEPF, as per the procedure mentioned in the said Rules. Accordingly, your Company has transferred

Directors' Report

218 equity shares to the demat account of the Authority in accordance with the provisions of the Companies Act, 2013 and rules made thereunder. All benefits accruing on such shares viz. bonus shares, split, consolidation, fraction shares etc., except any right issue, shall also be credited to such a demat account.

Members may note that unclaimed dividend and shares transferred to the demat account of the Authority can be claimed back by them from the Authority by following the procedure mentioned in the said Rules.

Risk Management Policy

Your Company has formulated a risk management policy. This policy is a formal acknowledgement of the commitment of your Company to risk management. The aim of the policy is not to have the risk eliminated completely from the Company's activities, but rather to ensure that every effort is made by the Company to manage risks appropriately to maximise potential opportunities and minimise the adverse effects of risk. The Board and the Risk Management Committee monitor and review the risk management plan.

Risks and concerns are discussed in Section E of the Management Discussion and Analysis Report.

Internal Control System and their Adequacy

Your Company has an internal control system, commensurate with its size, nature of its business and complexities of its operations. The Board of Directors of your Company has adopted policies and procedures for ensuring the orderly and efficient conduct of your Company's business. The Board of Directors of your Company has laid down Internal Financial Controls to provide reasonable assurance with regard to recording and providing reliable financial and operational information, adherence to the Company's policies, safeguarding of assets and prevention and detection of frauds and errors, the accuracy and completeness of accounting records and timely preparation of reliable information. The Board and the Audit Committee regularly evaluate internal financial controls.

Corporate Social Responsibility

Your Company has constituted a Corporate Social Responsibility (CSR) Committee in accordance with Section 135 of the Companies Act, 2013. The CSR policy has been devised on the basis of the recommendations made by the CSR Committee. The composition of the CSR Committee, the CSR policy of the Company, details about the development and implementation of the policy and initiatives taken by the Company during the year as required under the Companies (Corporate Social Responsibility Policy) Rules, 2014, as amended, have been annexed to this report (Annexure V).

Business Responsibility Report

Your Company, in accordance with the provisions of Regulation 34(2)(f) of the Listing Regulations has prepared a Business Responsibility Report for the year 2021-22. The Business Responsibility Report has been annexed to this report (Annexure VI) and forms a part of the Director's Report.

Particulars of Contracts or Arrangements with Related Parties

Your Company has entered into contracts or arrangements with its related parties. The related-party transactions are disclosed in the financial statements for the year ended March 31, 2022. Considering the amendments to definition of the related parties effective from April 1, 2022, under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("Listing Regulations"), transactions between the unlisted material subsidiary of the Company, ICRA Analytics Limited ("ICRA Analytics"), and Moody's Corporation (including its affiliates) ("Moody's entities") for providing data outsourcing, research and IT support services, were approved by the Members of the Company as per the Listing Regulations, as the transaction(s) exceeds 10% of the annual consolidated turnover of previous financial year. The transactions are in the ordinary course of business of the concerned subsidiary and at an arm's length basis. Except this transaction, there have been no material-related party transactions as per Section 188(1) of the Companies Act, 2013 and as per Regulation 23 of the Listing Regulations. The required disclosures of information in Form AOC-2 in terms of Section 188 of the Companies Act, 2013 read with Rule 8(2) of the Companies (Accounts) Rules, 2014, are annexed to this report (Annexure VII).

Policy on Prohibition, Prevention and Redressal of Sexual Harassment

Your Company has formulated a Policy on Prohibition, Prevention and Redressal of Sexual Harassment of Women at Workplace in accordance with The Sexual Harassment of Women at Workplace (Prohibition, Prevention and Redressal) Act, 2013. The Company has constituted an Internal Committee for prevention and redressal of sexual harassment at the workplace, separately for all the branches. The Company has not received any complaint during the financial year ended March 31, 2022. The disclosures in relation The Sexual Harassment of Women at Workplace (Prohibition, Prevention and Redressal) Act, 2013 have also been made in the Corporate Governance Report.

Deposits

The Company has not accepted any public deposits and as such, no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

Maintenance of Cost Records

The Company is not required to maintain cost records as per sub-section (1) of Section 148 of the Companies Act, 2013.

Particulars of Loans, Guarantees and Investments

The particulars of loans, guarantees and investments are disclosed in the financial statements for the year ended March 31, 2022. During the year no security has been provided as per Section 186 of the Companies Act, 2013.

Vigil Mechanism/Whistle-Blower Policy

Your Company has established a vigil mechanism in compliance with the provisions of Section 177 (9) of the Companies Act, 2013, and Regulation 22 of the Listing Regulations. Your Company has adopted a Whistle-Blower Policy to report unethical/illegal/improper behaviour. Your Company has made employees aware of the Whistle-Blower Policy to enable them to report instances of leak of unpublished price sensitive information.

The said Policy also provides for adequate safeguards against victimisation of persons who use such vigil mechanism and makes provision for direct access to the chairperson of the Audit Committee in exceptional cases. Further, no stakeholders have been denied access to the Audit Committee.

Composition of the Audit Committee

Your Company has constituted an Audit Committee, the composition of which has been provided in the Corporate Governance Report. During the FY 2021-22, the Board accepted all the recommendations of the Audit Committee.

Secretarial Standards

During the year under review, the Company has complied with all the applicable provisions of Secretarial Standards issued by the Institute of Company Secretaries of India and notified by the Ministry of Corporate Affairs, Government of India.

Litigations

There are certain pending cases against your Company which are sub judice in court.

Besides this, the Company has filed an appeal before the Hon'ble Securities Appellate Tribunal (the 'SAT'), challenging the adjudication order in respect of an adjudication proceeding initiated by SEBI in relation to the credit ratings assigned to one of the Company's customer and the customer's subsidiaries (the 'Impugned Order') and deposited the penalty amount of INR 25 lacs as imposed vide the Impugned Order without prejudice to such appeal.

Further, the Securities and Exchange Board of India (SEBI), vide its order dated September 22, 2020, has enhanced the penalty amount to INR 1 crore on ICRA under Section 15HB of SEBI Act, 1992. The Company has filed an appeal challenging the SEBI enhancement order before the SAT and has deposited the additional penalty amount of INR 75 lacs, without prejudice to the rights and contentions of the Company.

Directors' Report

Covid-19

The first quarter of FY21-22 saw a sharp fall in economic activity across sectors – manufacturing as well as services - due to the lockdown imposed by the Central and the state Governments. The subsequent quarters saw a rebound in the economic activity as the lockdown was lifted. While the impact of this on the economy is still evolving, there is keenness on the part of the Government to ensure minimum disruption to economic activity while significantly ramping up vaccination efforts.

Rating opportunities in the near term are going to depend, among other things, on the revival in economic activity, trajectory of interest rates and Government spending to revive manpower intensive sectors that in turn would spur consumption.

Your Company has considered internal and external information and has performed an analysis based on the current estimates on your Company's capital and financial resources, profitability, liquidity position, assets, internal financial reporting and control, and demand for the Company's services. Your Company is of the view that based on its present assessment this situation does not materially impact your Company's capital and financial resources. However, the actual impact of Covid-19 may differ from that estimated due to unforeseen circumstances and your Company will continue to closely monitor any material changes to future economic conditions.

As on date of this Report, there has been no impact on the business due to non-fulfilment of any obligations by any party to existing contracts/agreements, except a few cases which are sub judice.

Your Company extended remote work for all employees across all locations for a major part of the year. In March 2022, the employees returned to working in offices across all locations. Your Company has demonstrated its ability to provide seamless delivery of high-quality and timely services to its clients even during the lockdown and with the employees working remotely.

Acknowledgements

Your Directors acknowledge the cooperation and assistance received from various institutions, Government agencies, members and professionals from different disciplines.

Your Directors also wish to place on record their appreciation of the contribution made by the members of the staff of your Company.

Corporate Governance Report

A. Company's Philosophy on Corporate Governance

Good governance encompasses the conduct of the Company's business in an ethical, transparent, fair and equitable manner, with due regard to the interests of the various stakeholders, and the exercise of proper control over the Company's assets and transactions.

B. Board of Directors

(i) Board Membership Criteria

The members of the Board of Directors of your Company are expected to possess the required expertise, skill and experience to effectively manage and direct your Company so that it can attain its organisational goals. The members are expected to be individuals with vision, leadership qualities and a strategic bent of mind with proven competence and integrity.

Each member of the Board of Directors of your Company is expected to ensure that his/her personal interest is not in conflict with your Company's interests. Moreover, each member is expected to use his/her professional judgment to maintain both the substance and the appearance of independence and objectivity.

(ii) Composition of the Board

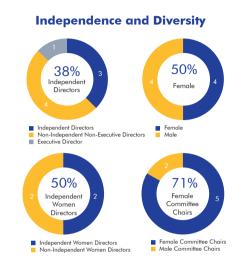

The Board of Directors of your Company has an optimum combination of Executive and Non-Executive Directors with a balanced structure.

As on the date of this report, the Board consists of eight members, one of whom is an Executive Director. Of the seven Non-Executive Directors, including four women Directors, three are Independent Directors and four Non-Executive Non-Independent Directors. The Chairman of the Board is a Non-Executive and Independent Director. Your Company believes in a balanced governance structure with the separation of the posts of a chairperson and a chief executive officer. Your Company acknowledges that while all directors have equal fiduciary responsibilities, appointing a Non-Executive and Independent Director as Chairman of the Board facilitates better engagement of, and by, the Independent Directors on the Board. The number of Non-Executive Directors is more than 50% of the total number of Directors.

Your Company believes that diverse backgrounds and perspectives improve Board decision-making and effectiveness. The Board has diversity with respect to gender, ethnicity, race, nationality, and age. It reviews its composition, diversity, structure, and other characteristics of effectiveness.

In compliance with Regulation 17A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), none of the Directors of your Company are serving in more than seven listed entities and none of the Independent Directors of your Company serve as Independent Director in more than seven listed entities. It also specifies that the Managing Director or Whole-time Director in any listed entity, would not serve as an Independent Director in more than three listed entities. The Managing Director of your Company does not serve as an Independent Director in any listed entity.

None of the Directors on the Board of your Company are members of more than ten committees or chairpersons of more than five committees, considering all the companies in which they are named directors - in compliance with Regulation 26(1) of the Listing Regulations.

The composition of the Board as on the date of this report and the other directorships (inclusive of Board committee assignments with respect to the Company and other companies) held, as on the date of this report by each of the Directors, is set out in the following table:

H. Auditors' Certificate on Corporate Governance

The Auditors' Certificate with respect to compliance with Schedule V (E) of the Listing Regulations, relating to Compliance Certificate on Corporate Governance, has been annexed to the Directors' Report and will be sent to the stock exchanges at the time of filing of the Annual Report.

I. CEO and CFO Certification

As required under Regulation 17(8) of the Listing Regulations, the CEO and CFO certificate has been annexed to the Directors' Report.

J. Reconciliation of Share Capital Audit

As stipulated by SEBI (Depositories and Participants) Regulations, 2018, a Reconciliation of the Share Capital Audit is carried out by an independent practising Company Secretary on a quarterly basis to confirm reconciliation of the issued and listed capital, shares held in dematerialised and physical mode, and the status of the Register of Members.

K. Mandatory Dematerialisation of Equity Shares

The Securities and Exchange Board of India (SEBI) has amended regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), whereby transfer of securities of a listed company would not be processed unless the securities are held in the dematerialised form. The said regulation came into effect from April 1, 2019. As on March 31, 2022, about 99.99% of the equity shares issued by the Company are held in dematerialised form. The remaining members holding shares in the physical form are requested to arrange the dematerialisation of their shares at the earliest to avoid any inconvenience in future for transferring those shares.

Certificate by Chief Executive Officer and Chief Financial Officer

(Pursuant to Regulation 17(8) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015)

We, Ramnath Krishnan, Managing Director & Group CEO, and Amit Gupta, Chief Financial Officer, of ICRA Limited (the "Company"), certify that:

- (a) We have reviewed the financial statements and the cash flow statement for the year ended March 31, 2022 and that to the best of our knowledge and belief:
 - (i) these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading; and
 - (ii) these statements together present a true and fair view of the Company's affairs and are in compliance with the existing accounting standards, applicable laws and regulations.
- (b) There were, to the best of our knowledge and belief, no transactions entered into by the Company during the year which were fraudulent, illegal or in violation of the Company's code of conduct.
- (c) We accept responsibility for establishing and maintaining internal controls for financial reporting and we have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which we were aware and the steps we have taken or propose to take to rectify these deficiencies.
- (d) We have indicated based on our most recent evaluation, wherever applicable, to the auditors and the Audit Committee:
 - (i) significant changes, if any, in internal control over financial reporting during the year;
 - (ii) significant changes, if any, in the accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
 - (iii) any instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

Annexure III

Management Discussion and Analysis Report

(Annexure to the Directors' Report)

A. Industry Structure and Developments

The rating business continued to face headwinds as the second and third waves of Covid-19 impacted credit demand as well as investor sentiment. Even as the third wave turned out to be less disruptive, the recovery of credit demand was impacted by the geo-political tensions due to the Russia-Ukraine war. The GDP grew well in FY2022 but it was on a low base of the previous year. Bank credit growth outpaced bond issuances but the growth largely came from the MSMEs and retail loan segments.

Bank credit growth to large industries was muted due to lack of meaningful pick-up in the investment cycle and low working capital demand as supply chain disruptions lowered inventory levels. Bank credit to MSMEs saw strong growth, which was supported by the Emergency Credit Line Guarantee Scheme [ECLGS], and because bank credit to NBFCs/HFCs was preferred over bonds with uncertain bond yields.

The bond issuances saw a dip in FY2022 compared with the high TLTRO-driven base of the previous year. A pick-up in bond issuances as the second wave of Covid-19 abated was less than expected due to issuer-investor tentativeness with inflation-led uncertainty on interest rates. The NBFCs continued to be the largest issuers of bonds but growth and collection efficiency concerns resulted in lower issuance than the prior year. Low CP yields continued to be attractive to borrowers but investor interest remained restricted to highly-rated corporates. The Structured Finance Ratings segment saw a pick-up in demand, although it did not rebound to pre-pandemic levels as multiple Covid-19 waves impacted disbursements and collection efficiencies of NBFCs, HFCs and MFIs.

Your Company's revenue growth was driven by its focus on evolving opportunities across corporate, infrastructure and financial segments. New approaches like revolving structure for merchant loan receivables and securitisation of trade receivables helped your Company consolidate its position as a frontrunner in structured finance ratings.

Our forecasts peg the expansion in Indian GDP in FY2023 at 7.2%, following the elevated commodity prices and fresh supply chain issues arising from the Russia-Ukraine conflict, as well as the renewed lockdowns in parts of China. Normalisation of behaviours after the third wave is set to result in a pivot of consumption towards the contact-intensive services that were avoided during the pandemic. Moreover, higher commodity prices could constrain growth in domestic demand for goods in FY2023, even though exports of some items from India will rise to meet global demand amidst the supply crunch. The key upside to our projections is a faster-than-expected pick-up in Government spending, even as execution risk has shifted to the state governments.

Inflation is expected to print well above the mid-point of the Monetary Policy Committee's medium-term target band of 2-6%, at 5.6% in FY2023. We foresee a stance change to neutral in Q1 FY2023, followed by a shallow rate hike cycle of 50 bps in Q2 FY2023, with the repo rate being increased by 25 bps each in August and September 2022. Market interest rates are likely to harden in FY2023, in line with global trends. However, we expect a modest pick-up in credit demand, thereby benefitting ICRA's business prospects.

(An overview of the market for rating services, including discussions on the various segments that comprise this market, is presented in the section titled Review of Operations in the Directors' Report.)

B. Opportunities and Threats

Opportunities

Opportunities in the ratings business are a function of the interplay of several factors and developments, some of which arise from the initiatives taken by us as a rating agency and our strengths, while the others arise from the environment we operate in. Short to medium term considerations and challenges aside, the bond market growth is expected to get a

Management Discussion and Analysis Report

fillip, as both the Securities and Exchange Board of India (SEBI) and the RBI have brought in regulations that require large corporates to increase reliance on financing through the capital market route. The risk appetite across rating levels is a constraining factor and it would augur well to have newer classes of investors like Alternate Investment Funds that may invest in credit-enhanced structures as well as high yielding credits. It may be noted that SEBI has made it mandatory for large corporates (defined as one with borrowings of more than Rs. 100 Crores) to raise not less than 25% of their incremental borrowings from the debt capital markets, provided they have a long-term rating of AA or above. In line with RBI's requirement of rating of bank loans for arriving at the computation of Capital Adequacy, the National Housing Bank now requires that the financing extended by them to Housing Finance Companies be rated.

SEBI has also mandated that monitoring of end use of proceeds of equity issues – whether initial public offer or follow on public offer or rights issue – are to be done only by credit rating agencies and not banks as was the requirement earlier. There is also a consultative paper put forth by SEBI on a proposed framework for Environment – Social – Governance (ESG) scoring/ratings for corporates. These steps not only present business opportunities for your Company but also signal the extent to which the regulators see Credit Rating Agencies as capable providers of certain risk assessments.

ICRA is well placed to benefit from each of the opportunities stated above, given its competitive strengths and strategic initiatives. We believe that our competitive strength primarily includes the rich database and research support that our products and services draw upon; our proven ability to make product and service innovations; the demonstrated track record of our ratings; our experienced and strong management team and pool of high-quality employee talent; and our close association with the Moody's Group.

Threats

The threats confronting our business have their foundation in such risks and concerns as are discussed in Section E of this report.

C. Segment-wise or Product-wise Performance

Details on the performance of the Company's operating activities are presented in the section titled Review of Operations in the Directors' Report. Highlights of performance of subsidiaries and their contribution to the overall performance of the Company during FY2021-22 are provided below.

I. ICRA Analytics Limited

Review of operations

During the year under review, ICRA Analytics Limited (ICRA Analytics), a material subsidiary of your Company registered a 23.07% growth in operating revenue to Rs. 141.07 Crores (previous year Rs. 114.63 Crores) and profit after tax (PAT) going up by 86.72% to Rs. 49.72 Crores (previous year Rs. 26.63 Crores).

With more than 20 years of experience in executing 10,000+ assignments, ICRA Analytics has acquired significant expertise across multiple domains, and serves banks, NBFCs, fund managers, intermediaries, investors and corporates. The domain expertise complemented with functional competence has helped ICRA Analytics design and implement products, services and solutions in Risk Management, Data Management, Financial and Accounting Analysis, Bond Valuation, Financial & Risk Advisory. Other than expanding its reach to hitherto unserved client segments, ICRA Analytics added new offerings to its portfolio, like Expected Credit Loss tool for NBFCs and banks, a Rating and Treasury Tracker for corporate treasuries, ESG data enrichment services. ICRA Analytics has successfully augmented its capability platform with new age technologies like analytics, automation and cloud, and these are being leveraged to launch contemporary cloud-hosted products with enhanced analytical proficiency for all client segments.

The process and compliance orientation evinced through the extant ISO27001:2013 and ISO9001:2015 certifications for entire company which enables ICRA Analytics to continue making improvements in productivity,

Management Discussion and Analysis Report

operations and security posture. Basis the certification exercise carried out during the year, ICRA Analytics has been re-certified as a Great Place to Work for the FY2022-23. Sustained focus on upskilling and engaging with the talent pool of 700+ trained and qualified personnel continue to remain a key initiative for ICRA Analytics, as it remains committed to adding value to its customers through innovation and efficiency.

Prospects

The market for outsourced services, particularly in data, analysis and business transformation support, remains attractive, although challenges of dynamic client requirements because of technological advancements and process automation persist. ICRA Analytics continues with its focus on improving its market access digitally, upgrading its technology footprint, and expanding its product portfolio to address customer needs in the current mode of hybrid working – both from office and remotely.

II. ICRA Lanka Limited

ICRA Lanka Limited (ICRA Lanka) a wholly-owned subsidiary of your Company, offers a wide range of rating services in the Sri Lankan market.

The financial performance of ICRA Lanka has improved during the financial year 2022 compared to the previous financial year. ICRA Lanka was able to record a 10% growth in its operating revenue, driven primarily by its initial rating, where the initial issue rating increased by 45%. The main driving factor is the National Savings Bank's 15 Bn debenture which was rated in September 2021. The surveillance income increased by 2% compared to the previous year. During the year under review, ICRA Lanka recorded a total revenue of Rs. 1.14 Crores (previous year Rs. 1.55 Crores).

In terms of the business strategy, ICRA Lanka expanded its research capability with regular research reports widely awaited by the market. Research content receives wide publicity via national media helping to boost the brand image and the brand presence among potential segments.

III. ICRA Nepal Limited

ICRA Nepal Limited (ICRA Nepal) a subsidiary of your Company, offers a wide range of rating services in the Nepalese market.

During the year under review, ICRA Nepal registered a growth of 26% in revenue from operations, mainly due to the increase in surveillance cases compared to the previous year and supported by moderate increase in fresh cases. After gradual removal of the lockdown and fewer Covid-19 cases, the mandate execution increased noticeably which resulted in increase in revenue along with profitability. Inflow of fresh mandates in FY2021-22 declined by \sim 11%.

As the rating culture in the current market is still at a nascent stage, information collection is still a challenge, and ICRA Nepal is exposed to the risk of not completing the assignments within time. The local market is now poised for more competition with additional two rating agencies. The regulatory risk associated with the change in policy on regulating the pricing-related matter, might impact the revenue and profitability profile going forward. After the introduction of the borrower rating, a surge in surveillance revenue can be seen in FY2021-22. The growth in surveillance part is expected in future as well which provides a medium-term visibility in growth.

On the long-term outlook, after introduction of determining the risk weight of the loans based on ratings, the Nepal Rastra Bank further introduced the improved risk weight, which is a positive step to offer better incentive to the borrowers. This will have a positive impact in the long-term growth of ICRA Nepal through increase in borrower rating.

Management Discussion and Analysis Report

During the year ICRA Nepal issued bonus shares of 20% of paid-up capital amounting to NPR 1 Crore after due approval from the members.

ICRA Nepal recorded a total revenue of NPR 11.39 Crore (previous year NPR 9.38 Crore) and declared a dividend and the amount towards dividend payable to the Company is NPR 0.73 Crore (previous year NPR 0.42 Crore).

D. Outlook

The long-term outlook for the ratings business remains positive, given the large funding requirements which would likely be raised through a combination of bank loans and bonds, though near-term challenges exist. The regulatory nudge to have a certain part of the financing come through the bond route is also a positive, though this move requires a significant improvement in the investor appetite. The new opportunities put forth by SEBI and NHB augur well for the credit rating agency. Your Company continues to take initiatives to retain its strong thought leadership and market position and is confident of tapping into the available opportunities as well as meeting the challenges posed inevitably by the changing environment.

E. Risks and Concerns

Your Company is involved primarily in the business of providing rating and related credit research services. Any economic slowdown in India may impact the volume of bank credit or debt securities issued in the domestic capital markets, and hence, have an adverse impact on your Company's business and revenues. Like last year, which saw a considerable impact on the economy due to the Covid-induced nationwide lockdown, the fresh spike in infections led to a localised lockdown. Future waves of the pandemic cannot be ruled out; however, the extent of its impact on the economy would remain uncertain. Your Company's services are dependent on the condition of the financial markets in India. Any increase in interest rates and credit spreads, foreign exchange fluctuations, defaults by significant issuers/borrowers, and other market and economic factors, both domestic and global, may negatively impact the issuance of credit-sensitive products and other financial services. A sustained period of volatility or weakness or a downturn in the financial markets domestically or internationally could have a materially adverse effect on our business and financial results.

Specifically, the bank loan rating business could get impacted if there is a credit slowdown or a change in ratings related regulation, resulting in a transition to internal rating models for assessing capital charges. The domestic debt capital market, on the other hand, is skewed towards higher-category credit-ratings. This may continue to constrain the volume of issuance in the Indian debt market, despite the regulatory allowance of partially credit-enhanced bonds. Currently, accessing overseas debt markets by certain Indian borrowers/issuers is regulated, and any change in the prevailing regulatory regime, such as liberalising access to the overseas markets for the raising of debt funds, may adversely impact the issuance of debt instruments in the domestic market.

Further, our market share or profitability may be affected by competition, which remains intense. In the event of our competitors come up with newer products and services, using sophisticated technology for customer requirements and/or offering innovative solutions or more competitive prices to our clients, there could be an adverse impact on our market share, thus affecting our results of operations and financial condition.

Additionally, our business is largely dependent on the recognition of our brand and our reputation. In this regard, prominent investment-grade defaults or multi-notch downgrades could negatively affect our reputation and our position as a quality credit rating agency. This, in turn, may adversely affect our business, operations, and financial condition.

Separately, please also refer to the sections on 'Update regarding certain matters' in the Directors Report, which are self-explanatory.

Management Discussion and Analysis Report

Risk Mitigation

- To mitigate business risks arising from changes in economic and market conditions and in regulations that influence the volume of debt issuance, your Company constantly monitors developments on these fronts and adjusts its business strategies accordingly.
- Your Company evaluates itself periodically against its peers to mitigate competition-related risks. To prevent brand
 dilution, your Company remains focused on maintaining the robustness of its ratings and gradings while at the same
 time promoting brand ICRA through seminars and conferences, apart from the publication of research reports.
- The Company keeps a close watch on key regulatory developments to anticipate changes and their potential impact on its business.
- The Company, both unilaterally and through its participation in industry forums, responds to consultation papers and discussions initiated by the regulators, the Government and other policymakers on any key regulatory changes that can have an impact on its business.

(1) Operational Risk/Technology-Related Risk

The Company has to rely on clients/third parties for the adequacy and accuracy of information (relating to such clients), which may not always be independently verifiable. While we have a systematic feedback method of gathering this information, even so, we depend largely on clients and third-party sources to obtain information relating to them. We may also rely on representations as to the accuracy and adequacy of the information obtained. The quality of the ratings that we assign is inherently dependent upon the accuracy of the information presented to us. If inaccurate or misleading facts are presented to us we run the risk of our ratings not being able to reflect the actual credit risk.

The Company's ability to conduct business may be adversely impacted with the increase in cyber-crime. This may in turn lead to financial loss, disruption or damage to the reputation of an organisation due to some failure of its information technology systems. Lack of information security controls, both with respect to process and technology, may lead to a breach of confidential data, data privacy and in turn cause loss in business.

With the complexity of our business increasing, sound information system controls are needed, and we have established these in our organisation.

Risk Mitigation

- To mitigate such security risks, and thereby the losses arising due to such risks, the Company has established a
 formal information security governance structure and strategy and monitoring mechanisms, with defined roles
 and responsibilities. The risk management approach has been followed to identify and address risks for people,
 processes and technology.
- To mitigate the risks, your Company has designed the Information Security Management System (ISMS) with various policies, procedures and guidelines in place to set the security controls for ICRA.
- The implementation is planned to mitigate all identified risks in a phase-wise manner to develop and implement stringent process and technological controls.
- Periodic and frequent IT advisory is being shared with ICRA employees related to spam, phishing attacks, ransomware and cyber security related areas.

Management Discussion and Analysis Report

(2) Policy Risk

Material changes in the regulations that govern us or our businesses could affect the results of our operations. Most of the Company's revenues come from rating services, which are influenced by regulatory requirements. If there are changes in the regulatory requirements of compulsory rating for certain instruments or for certain investors to invest in rated instruments, there may be a decrease in the demand for ratings. This is also the case if there are changes in regulations that negatively impact the level of issuance of debt instruments in the domestic market. This in turn may affect our business, revenues and financial condition.

(3) Political Risk

Political instability could adversely affect the general economic conditions in India, which in turn could impact our financial results and prospects, as could adverse changes in specific laws and policies pertaining to banking and finance companies, foreign investment and other matters affecting investment in securities. Additionally, any adverse change in the economic liberalisation policies—a major factor encouraging private participation in infrastructure—could have a significant impact on infrastructure development, business and economic conditions in India, and this in turn may affect our financial results and prospects.

(4) Liquidity Risk/Financial Risk

The extent of liquidity/financial risk is influenced by various factors such as maturity of liabilities and degree of reliance on secured sources of funding.

Risk mitigation

- The Company has remained debt free ever since it was incorporated and has always sought to finance all its expansion and diversification plans with internal accruals.
- A sound liquidity position makes it possible for the Company to discharge all its payables within the stipulated time.

(5) Investment Risk

The Company has made, and may continue to make, investments in mutual funds, corporate deposits, and other marketable securities, the returns on which would be impacted by changes in interest rates and volatility in the financial markets. Besides, the Company has made investments in subsidiaries, the return from which depends on their individual performance.

Risk Mitigation

- The Company has set up an investment committee, which periodically reviews the performance of its investment portfolio.
- The Company makes provisions for diminution in the carrying value of investments if the diminution in the fair market value of any long-term investment is considered permanent, and regularly evaluates changes in the financial markets.

(6) Regulatory Non-Compliance Risk

Your Company complies with all the applicable laws, rules and regulations, and makes business decisions based on comprehensive advice, provided both by its internal counsels and by acknowledged external counsels.

The regulatory non-compliance risk arises because of changes in corporate laws, the SEBI credit rating regulations, accounting standards, tax laws, and/or any other applicable rules and regulations as may be amended from time to time. Your Company being a credit rating agency is required to comply with a new and tighter set of rules that has been mandated by SEBI in June 2019, while executing rating assignments and while maintaining the ratings under continuous surveillance. Given the increasing regulatory oversight, the impact of slippages in compliance could be high.

Management Discussion and Analysis Report

Risk mitigation

- The Company has put in place a comprehensive compliance framework to manage compliance-related issues.
 Respective Compliance team members track regulatory and statutory requirements and notify changes to stakeholders periodically.
- The Board of Directors is informed periodically about compliance with the various laws and rules in force.
- Compliance officers keep themselves abreast of all amendments in the various applicable laws and regulations.
- The Company also makes provisions in the balance sheet when required and regularly evaluates the adequacy
 of such provisions for legal risks relating to past events.
- Management audits are conducted to ensure compliance with the relevant provisions of the applicable laws and regulations.

The Company obtains legal advisory services and seeks legal advice wherever necessary to avoid any non-compliance with the applicable laws, rules and regulations.

(7) Attrition Risk

Our performance and success depend largely on our ability to nurture and retain the continued service of our skilled personnel. We face a continuing challenge of recruiting and retaining suitably skilled people, as we continue to grow. There is significant competition for management and other skilled persons in the financial services industry with our competitors and other financial services entities offering better compensation and incentives. Our inability to attract talent, our high attrition or our inability to motivate our existing employees, will result in our business and operations getting affected.

Risk Mitigation

We are committed to providing the best work environment and facilities to employees at all levels. We provide a culture that promotes transparency and flexibility and is fulfilling and purposeful. Our work environment has helped create an engaging workplace that enables individuals to realise their potential.

To promote a culture of ethics, trust, respect, openness & collaboration, periodic connect, including Townhalls, NOVA sessions etc with employees are conducted to address concerns in a systematic manner. ICRA implements a quarterly engagement calendar to keep employees motivated and engaged. To revitalise the work environment, we actively promote a culture of celebration and success at work. We provide regular extended support with our employee-friendly policies like Work from Home, transport support guidelines, creche support for employees' children, maternity-related benefit for our women colleagues and employee assistance programmes. We have a structured rewards and recognition programme called 'iStrive' on a half-yearly basis. The aim is to appreciate and thank all performance enthusiasts who continually strive to make a difference to the Company through ICRA's Digital R&R platform – Applaud.

We reward people fairly, equitably and consistently in accordance with their value to the organisation. Our reward management strategy adopts a 'total reward' approach which emphasises the importance of considering all aspects of reward as a coherent whole, integrated with other Human Resource (HR) initiatives designed to achieve the motivation, commitment, engagement and development of employees. Deserving employees, who demonstrate high performance and potential, are eligible to participate in the long-term/deferred incentive plan focused on retaining critical talent in the Company. We continually benchmark the compensation with the industry and the competition it offers.

Management Discussion and Analysis Report

F. Internal Control Systems and their Adequacy

The Management is responsible for establishing and maintaining controls and procedures for the Company, following the review by the Audit Committee and the Board of Directors. Accordingly, the Management has designed such controls and procedures, or caused such controls and procedures to be designed under its supervision, as to ensure that material information relating to your Company, including its subsidiaries, is made known to the Management by others within those entities. It has also designed such internal control over financial reporting or designed such internal control over financial reporting under its supervision, to provide reasonable assurance regarding the reliability of the financial statements.

(An overview of Internal Control Systems and their adequacy, is presented in the section titled Internal Control System and their Adequacy in the Directors' Report.)

G. Discussion on Financial Performance with respect to Operational Performance

The key features of the Company's financial performance for the year ended March 31, 2022 are presented in the accompanying financial statements, which have been prepared in accordance with the Indian Accounting Standards (referred to as IndAS) as prescribed under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act. The financial statements have been prepared on a historical cost basis and on an accrual basis, except for certain financial instruments, which are measured at fair value at the end of each reporting period. ICRA's Management accepts responsibility for the integrity and objectivity of these financial statements.

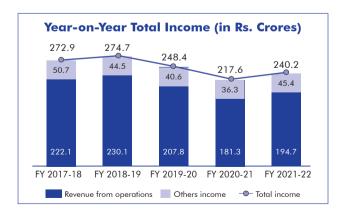

The financial information discussed in this section is derived from the Company's audited financial statements.

I. Results of operation

The financial performance of the Company is summarised as under:

(a) Incomes

			(in Rs. Crores)
Particulars	FY 2020-21	FY 2021-22	Growth (%)
Revenue from	181.3	194.7	(7%)
operations			
Other income	36.3	45.4	(25%)
Total Income	217.6	240.2	(10%)

In terms of business segments, during FY 2021-22, your Company's operating revenue on year-on-year growth was healthy, on a low base. Your Company's revenue growth was driven by its focus on evolving opportunities across corporate, infrastructure and financial segments. The ratings business continued to face headwinds as the second and third waves of Covid-19 impacted the credit demand as well as investor sentiment.

Management Discussion and Analysis Report

Other income

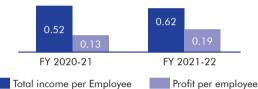

Other income primarily consists of dividend received from subsidiary companies, interest income on fixed deposits and investments, gain on financial assets carried at fair value through profit or loss and rental income. A significant portion of the Company's investments are in the form of bank deposits (current and fixed); other income in the FY 2021-22 increased by 25% from the previous year, primarily driven by higher dividend from material subsidiary.

Expenses

(in Rs. Crores)

Particulars	FY 2020-21	FY 2021-22	Growth (%)
Employee benefit	110.0	111.4	1%
expense			
Finance costs	1.7	1.5	-13%
Depreciation and	5.2	5.3	2%
amortisation			
Other expenses	28.9	28.5	-1%
Total expenses	145.9	146.8	1%

Employee benefits expenses increased 1% to Rs. 111.4 Crores in FY 2021-22 from Rs.110.0 Crores in FY 2020-21. The increase in employee benefit expenses was primarily due to increase in incentive plan expenses in FY 2021-22, offset by the decrease in salaries and allowances, and staff welfare expenses. Employee benefit expenses, as a percentage of revenue from operations, decreased during the period under review as compared with the previous fiscal.

Your Company's revenues from operations and profit after tax per employee both increased during FY 2021-22 as compared to FY 2020-21.

Depreciation and amortisation expenses increased by 2% in FY 2021-22 over the previous fiscal due to depreciation on assets capitalised in the year.

Other expenses are marginally lower in FY 2021-22 compared to the previous fiscal, due to savings in legal and professional charges, primarily due to the reduction in costs related to regulatory matters, as most of these issues are brought to closure. Expenses related to repairs and maintenance, recruitment were also lower in FY 2021-22. The savings were offset by increased spending on IT infrastructure, and increased provisioning for bad debts. Like in FY 2020-21, the Company was in work-from-home mode of operations for most of the year, leading to continued savings in travel and office running expenses. The Company's contribution towards Corporate Social Responsibility (CSR) as prescribed under Section 135 of the Act, was also higher in FY 2021-22, and increased from Rs. 1.9 Crores in FY 2020-21 to Rs. 2.1 Crores in the current year.

Other expenses as a percentage of revenue from operations decreased during the period under review compared to the previous fiscal.

Total expenses increased by 1% to Rs. 146.8 Crores in FY 2021-22 from Rs. 145.9 Crores in FY 2020-21.

Management Discussion and Analysis Report

II. Property, plant and equipment

Property, plant and equipment (net) of the Company were as under:

(in Rs. Crores)

Particulars	As on March 31, 2021	As on March 31, 2022	Growth (%)
Buildings	6.0	5.7	-5%
Computers and data processing units	0.6	1.5	142%
Furniture and fittings	0.6	0.4	-25%
Office equipment	0.2	0.1	-22%
Electrical installation and equipment	0.2	0.2	-29%
Vehicle	0.0	0.0	-80%
Leasehold improvements	0.5	0.2	-55%
Right-of-use assets – building	16.5	13.7	-17%
Total	24.6	21.9	-11%

Your Company added Rs. 1.6 Crores to gross block, comprising Rs. 1.5 Crores in computers and data processing units and Rs. 0.03 Crores in office equipment, electrical installations and equipment during FY 2021-22. Your Company also added Rs. 0.7 Crores in Right-of-use assets in the year.

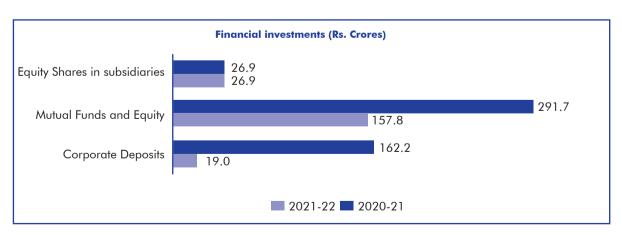

During the period under review, your Company deducted Rs. 0.2 Crores from the gross block on the disposal of various assets.

III. Intangible assets

1,50,00,000 Equity Shares of Rs. 10 each	15.00	15.00
Issued, subscribed and fully paid up:		
96,51,231 Equity Shares of Rs. 10 each (previous year 96,51,231 Equity Shares of Rs. 10 each)	9.7	9.7
Equity Share Capital	9.7	9.7

The issued, subscribed and paid-up capital stood at Rs. 9.7 Crores divided into 96,51,231 equity shares of Rs. 10 each.

(b) Other equity

Other equity consists of capital reserve, capital redemption reserve, general reserve, other comprehensive income and retained earnings. Other equity of the Company stood at Rs. 655.1 Crores as on March 31, 2022 against Rs. 604.9 Crores as on March 31, 2021.

VI. Financial liabilities

(in Rs. Crores)

Particulars	As on March 31, 2021	As on March 31, 2022	Growth (%)
Non-current			

Management Discussion and Analysis Report

(a) Other financial liabilities	13.5	11.2	-17%
Current			
(a) Trade payables	3.3	6.4	91%
(b) Other financial liabilities	6.6	5.3	-19%

Other financial liabilities-Non-current decreased from Rs. 13.5 Crores as at March 31, 2021 to Rs. 11.2 Crores as at March 31, 2022. These liabilities represent the capitalisation of future lease payments on present value on account of adoption of Ind AS 116.

Trade payables increased to Rs. 6.4 Crores as on March 31, 2022, compared to Rs. 3.3 Crores as on March 31, 2021, primarily due to increase in provisions for expenses.

Other financial liabilities-Current decreased at the end of fiscal 2021-22 mainly due to reduction in current lease liabilities and other payables to employees.

VII. Other liabilities

(in Rs. Crores)

Particulars	As on March 31, 2021	As on March 31, 2022	Growth (%)
Other non-current liabilities	0.00	0.00	
Other current liabilities	55.7	51.3	-8%
Total other liabilities	55.7	51.3	-8%

Other current liabilities consist of unearned revenue, statutory dues payable and advances received from customers. Total other current liabilities decreased by 8% as on March 31, 2022 as against March 31, 2021 mainly due to reduced statutory dues and lower unearned revenue.

VIII. Key financial ratios

Key financial ratios are provided in the table below.

Particulars	As on March 31, 2021	As on March 31, 2022
Debtors turnover (no. of days)	32	19
Inventory turnover	N.A.	N.A.
Interest coverage ratio	N.A.	N.A.
Current ratio	4.3	3.4
Debt equity ratio	N.A.	N.A.
Operating profit margin (%)	19.5%	24.6%
Net profit margin (%)	24.3%	30.5%
Return on net worth (%)	8.6%	11.0%

N.A.: Not applicable

There is significant change, i.e. change of 25% or more, compared to the immediately previous financial year, in key financial ratios. The decrease in debtor's turnover (no. of days) was the result of the Company's efforts in improving its collection cycle. The decrease in current ratio was mainly due to the reduced balances with banks in deposits accounts with original maturity less than 12 months.

Management Discussion and Analysis Report

The operating profit and net profit margins were favourably impacted by the increase in revenue, with a lower corresponding rise in expenses. Increase in PAT has led to an improvement in the return on net worth.

Group ICRA Vision and Values Workshop

We held the Jyotirgamaya - ICRA Vision & Values workshop on August 27 & 28, 2021. Considering the Covid restrictions in view, the workshop was organised on a hybrid mode across three locations – Mumbai, Delhi & Kolkata. About 70 of our senior and middle management members participated in person at the three locations and some more joined online. The workshop was an outstanding success in multiple dimensions

- Extensive engagement of the leaders across plenaries, workgroups and individual interactions
- Strong sense of a collective ICRA Group identity, possibly for the first time ever and better understanding of all the businesses
- Very high level of alignment seen on the future vision for creating an ICRA 2.0
- A sense of urgency at a personal level, to accomplish the changes required to facilitate the transformation of ICRA

As a part of the preparation for the workshop, inputs were obtained through organisation-wide surveys, small group discussions as well one-on-one sessions with senior leadership. Multiple themes emerged from these engagements:

- Acknowledgement of ICRA's strong foundation legacy & brand
- Impact on our (market) reputation & self-confidence due to events in FY 20/21
- Unanimous view on necessity to accelerate investment in technology
- Planning for talent & capabilities given the evolving expectations
- Defining a clear strategic position and path what ICRA 2.0 would look like

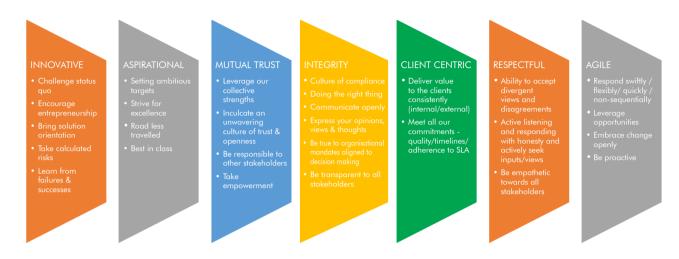

These inputs were factored into the design of the workshop, with a focus on getting additional insights as well as transparent discussions on what is impeding our efforts and the alternate way forward. Using these themes, four small groups, consisting of leaders from multiple functions, worked to develop ideas around business strategy, technology, people and organisation. These will be factored into the five-year strategic plan that is being formulated.

Participants also expressed their dreams for the ICRA Group. The dreams are exciting and are quite possible to be converted into reality if we put ourselves to work together as a team with unflinching commitment and diligence. These are being synthesised into a common vision statement, that will continue to inspire and guide us as we travel into the future. There were also discussions on behavioural norms that will espouse these values. The Vision and Values of the organisation and a full-blown cascade plan has been charted as a fallout of the workshop, which will be an integral part of the culture of the organisation.

It may, however, undertake and support projects/programmes in the other areas as may be recommended by the Corporate Social Responsibility Committee ("CSR Committee") and approved by the Board of Directors of the Company if the same are permissible under Schedule VII of the Companies Act, 2013 (the "Act") or any other provisions of the Act and the rules.

ICRA Corporate Social Responsibility ("CSR") Policy ("Policy") contains the approach and direction given by the Board of Directors of the Company, considering the recommendations of the CSR Committee ("CSR Committee"), and includes guiding principles for selection, implementation and monitoring of activities as well as formulation of the Annual Action Plan.

The Policy also acts as a guideline for the Company for undertaking CSR activities in line with the Company's CSR mission within the areas and/or subjects enumerated under Schedule VII of the Act for supporting local communities on a variety of socially desirable activities with a view to enable high impact.

As per the CSR Mission, ICRA focuses on three intervention areas – education; skill development & livelihoods; and environment sustainability. All projects or programmes are aimed at improving the quality of life of the communities and environment.

Section E: Principle-wise performance

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGO/Others?

ICRA requires its employees and directors to conduct themselves according to the highest standards of integrity and ethics in all their business activities. We firmly believe that ethical conduct is good for business performance because it is essential for maintaining a relationship of trust with our customers. Our business conduct is also regulated by and in compliance with many laws relating to fraud, deceptive acts, bribery and corruption, consumer protection, competition,

Business Responsibility Report 2021-22

unfair trade practices, and property, including intellectual property such as patents, trademarks and copyrights. With this conviction, the Company has in place a Code of Business Conduct ("Code") which is adopted by all its subsidiaries as well. The Code details ICRA and its subsidiaries' commitment towards maintaining a high standard of integrity and considers ethics and values as an integral part of the way the business is conducted. The Company has zero tolerance for bribery and corruption, therefore, it has adopted the Anti-Bribery & Anti-Corruption Policy (the ABAC Policy) which is also applicable to its subsidiaries. The ABAC Policy sets forth the obligations that every employee(s) needs to abide by and encourages employees to take necessary steps to report any act of suspicion to the compliance department. For service providers and vendors, compliance of anti-corruption laws is mandatory, and they need to maintain accurate financial records and promptly notify ICRA of any possible violation(s) of such laws and co-operate with any investigations or audits by ICRA for such potential violation(s).

To enhance market understanding and confidence, ICRA has also adopted the Code of Professional Conduct that articulates the standards of: maintaining high quality and integrity in the rating process; managing any conflict of interest; responsibilities to the investing public and issuers; and governance, risk management and training. Moreover, ICRA also has in place a Code of Conduct for the members of the Board of Directors and the Senior Management, which enshrines the scope and extent of their duties. Regular trainings and communications have taken place and continue to be planned to create awareness and educate employees about their responsibilities under the applicable codes. Additionally, there are separate guidelines to deal with any conflict of interest for investment/trading in securities. Any contravention of these guidelines is subjected to disciplinary action and appropriate reporting.

ICRA supports an open-door communication and encourages employees to resolve grievances that involve the work environment by holding discussions with immediate supervisors or other senior managers. ICRA has, therefore, adopted a Whistle-Blower Policy and Grievance Redressal Mechanism in this regard. ICRA has established a vigilance and grievance redressal mechanism whereby directors and employees are encouraged to report unethical or improper activities through established channels, enabling an ethical and corruption-free work environment. Employees may report any grievances, suspected/ actual violations of any laws or Company codes or policies by another employee, etc., to appropriate authorities under this policy. All grievances/complaints that are reported are resolved by or under the direction of the ICRA Grievance Committee and/or nominee appointed by the ICRA Grievance Committee. The committee consists of 'EVP & Regional Head-West', 'Head, Human Resources' and 'General Counsel'. Under the Whistle-Blower Policy (capitalised terms used in this paragraph without definition shall have the respective meanings ascribed in the Whistle-Blower Policy), any unethical and/or improper malpractices and/or events reported on the ICRA Integrity Hotline or otherwise will be thoroughly investigated under the supervision of the Managing Director, by any Investigator(s) appointed by the Managing Director, unless the complaint is against any Director, in which case, it will be thoroughly investigated by the Investigator(s) appointed and supervised by the chairperson of the Audit Committee, or if the complaint is against the chairperson of the Audit Committee, in which case, then it will be thoroughly investigated by the Investigator(s) appointed and supervised by the Chairman of the Company. In any case, the Investigator(s) shall conduct an enquiry to ascertain the truth contained in the concern or complaint, if any, and shall authorise any person to collect the necessary supporting evidence to consider the facts and circumstances thereon. Notwithstanding the foregoing, no investigation need be conducted under this Policy in relation to any such reported event that is also the subject of a separate investigation under any Code.

- 2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.
 - In this financial year, 13 stakeholder complaints were received and 100% of the complaints have been resolved. For details on shareholders/investors complaints and resolution, refer to the 'Stakeholders Relationship Committee' section under Corporate Governance Report of this Annual Report.

Business Responsibility Report 2021-22

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their lifecycle

 List up to three of your products or services whose design has incorporated social or environmental concerns, risks and/ or opportunities.

ICRA had several products and services other than credit rating of securities that helped towards promoting sustainable sources of energy and, also, towards building sustainable businesses, however, pursuant to the SEBI (Credit Rating Agencies) (Amendment) Regulations, 2018 along with its subsequent amendment(s) and clarifications issued by SEBI from time to time in this matter, a credit rating agency shall not carry out gradings and other related non-rating activities, hence, these activities have been transferred to our wholly-owned subsidiary, ICRA Analytics Limited ("ICRA Analytics").

ICRA Analytics, carried out Solar Power rating for solar firms in requirement of various utilities and authorities executing solar projects. The Solar Power rating reflects the Channel Partners' ability to undertake the solar projects. The entities rated includes system integrators (SI) as well as renewable energy service companies (RESCO) for both solar photovoltaic and solar thermal applications. The Government of India has set a target of 100GW by 2022 from Solar Power Installation out of the 175 GW target from overall Renewable Energy Installation target, which is further targeted to be 500 GW of Renewable Energy by 2030. A significant portion of which must be achieved from Grid Interactive Solar Rooftop PV plants players. To achieve the desired objective, it is crucial to identify and promote these firms/ channel partners which have the capacity and capability to undertake these projects. By rating solar companies, the Company provided reliable third-party opinion which could be used by end-users while making decisions, thereby promoting renewable and sustainable sources of energy.

During financial 2021-22, ICRA Analytics also carried out ESCO grading, for companies which were involved in a performance-based contract with a client to implement measures which reduced energy consumption, under the aegis of the Bureau of Energy Efficiency (BEE). The ESCOs carried out energy audits and implemented energy efficiency projects in serviced organisations. Energy efficiency is recognised as one of the most cost-effective solutions to meet the growth in energy demand. There are savings in energy consumption, which otherwise would have been generated from fossil fuel-based generation. Energy efficiency also plays a vital role in promoting sustainability and at the same time mitigates climate change. This apart, energy efficiency paves the way for the current economic development without compromising on future resource availability. By carrying out ESCO grading, ICRA Analytics provided reliable third-party opinion which can be suitably used by end-users while taking decisions to deploy/employ ESCOs, thereby promoting energy efficiency.

- 2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):
 - i. Has reduction during sourcing/production/distribution been achieved since the previous year throughout the value chain?

- 4. Has the Company taken any steps to procure goods and services from local and small producers, including communities surrounding their place of work?
 - If yes, what steps have been taken to improve their capacity and capability of local and small vendors?
 - To make the procurement of goods and services in a prudent manner, ICRA has adopted a procurement policy that ensures high-value procurement. While evaluating vendors, the Company encourages in providing opportunities to local and small vendors. While carrying out business with them, the Company ensures timely payments and if required during the bulk procurement, support is also extended in the form of an advance payment.
- 5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also provide details thereof, in about 50 words or so.

Principle 3: Businesses should promote the well-being of all employees

We, at ICRA follow 'employee-first' philosophy in everything we do, and we deeply care about our employee's well-being. We give the employees a listening ear from the first day of their joining and constantly strive towards providing them a healthy and motivating work environment. The processes and initiatives are planned to allow employees maximum benefit and well-being.

As part of our pre-onboarding, new joiners are assigned a buddy to familiarise them with the organisation and the work culture. This helps the new joiners feel prepared and confident about their first day. 'Happy Hour' is organised within the 60 days of their joining which is a group interaction and helps them bond and is like an ice-breaker for the new hires. Additionally, one-to-one interactions are planned as part of the 'Nova Chats' which help employees have candid conversations with the HR team within the first 90 days and is an important listening initiative. To equip the team members better with the industry best practices as well as the internal processes, Bootcamps are organised which prepare the employees better for their job. Once the office re-opened, we organised team-building activities for all the new joiners who joined us during the lockdown phase. It helped us increase the camaraderie quotient amongst the employees. In addition to the formal connects with the HR, Group ICRA Townhall and Department wise Townhalls are organised to increase the leadership connect with all the leaders.

Fun is an important part of the overall well-being as it helps us to rejuvenate and perform better in all spheres of life. Life at ICRA is full of many fun engagement sessions for our employees. Employees exchange their experiences and thoughts through formal and informal engagement initiatives throughout the year. Festivals are also celebrated wherein the extended ICRA family - employees as well as their family members can participate. We organised ICRA's Got Talent, Children's Day Painting Competition, Quiz contests, Dussehra: Let's do our bit video story. We ensure a strong culture of recognition and appreciation for the top performers through our bi-annual recognition programme, iStrive. Individual awards and team awards are given to recognise significant and outstanding value-added contributions of the employees and the teams at work. Acknowledging team efforts encourages employees to appreciate the inputs of their team members and hence, fostering a culture of belongingness and collective efforts.

We understand the importance of mental and emotional well-being and thus we also have a tie-up with Workplace Options, for a robust Employee Assistance Programme (EAP). This comprises a toll-free helpline, available 24*7*365 for employees and their families in case they need any stress related to work, family, legal, financial etc. The employees can call the helpline and enroll for the video and face-to-face sessions as part of the counselling sessions and the organisation doesn't have any privy to these confidential details. As part of the EAP sessions, we also conduct regular sessions for employees like Effective Stress Management, A success strategy for home working, Psychosocial risk for Managers etc.

Business Responsibility Report 2021-22

A sense of alignment is important for anyone to give their best in personal and professional lives. In line with our overall Group ICRA organisational objectives, we conducted the Vision and Values workshop in August 2021 to formulate a new set of values and vision for Group ICRA. As part of the Cascade sessions, we have released the Group ICRA Vision and Values video on LinkedIn and other social media platforms. Additionally, the branding collaterals like screensavers, desktop wallpapers, Zoom backgrounds have been released, which act as strong physical reinforcement of the Vision we want to achieve and the Values we imbibe in our day-to-day lives, for all the employees.

The Company prohibits sexual harassment and believes that all employees have the right to be treated with dignity and respect. An Internal Complaints Committee is constituted in accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. ICRA takes considerable effort and ensures employees are aware of the POSH Act through e-learning programmes and workshops.

8. What percentage of your under-mentioned employees were given safety & skill upgradation training last year?

Employee safety is of prime importance to us. The Company conducts quarterly fire safety trainings, and evacuation drills for employees across all branches. Employees are sensitised about the safety norms and they are also educated, and demonstrations are held on the use of fire-fighting equipment. Due to Covid-19 pandemic and employees' work-from-home schedules such training could not be conducted. However, as we are back in office, we continue to focus on equipping employees with the requisite knowledge and skill and quarterly office drills are conducted for all employees who are in office. All our office facilities are fully equipped with the appropriate fire safety equipment.

Business Responsibility Report 2021-22

Principle 4: Businesses should respect the interest of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalised

1. Has the Company mapped its internal and external stakeholders?

ICRA believes that building strong relationships with the stakeholders by engaging them on an equitable basis helps grow our business. We acknowledge their contribution in achieving each milestone and enabling us to create a value-driven business. Our key stakeholders are our shareholders, employees, vendors, customers and regulators. For transparency, we have established a mechanism for communication with all our stakeholders. We conduct shareholder meetings, share information about the Company's performance and key developments on the Company's website and disseminate relevant information timely to external stakeholders through a defined medium.

The employees are the assets of our Company and we value their dedication and their discretionary effort to help the Company succeed, and we endeavour to provide them a safe, healthy, cultured, and competitive environment. We acknowledge their strengths and, therefore, to enhance their knowledge, we provide regular learning opportunities. To have two-way communication with employees, we have platforms like town hall meetings, pulse meet sessions, NOVA chat sessions, etc. so that every employee can interact with the senior management team. Employees are also motivated to participate in various engagement opportunities that are highlighted in Principle 3.

Customers are the lifeblood of our business and we take pride in providing quality and valued services to them. To strengthen the relationship with our customers, we have various communication channels. In addition to having regular interactions with them we also share insights on recent economic, financial, infrastructure, sectoral matters and other developments through the ICRA insight-newsletter, seminars and regular webinars.

- Out of the above, has the Company identified the disadvantaged, vulnerable and marginalised stakeholders?

 - ICRA and its subsidiaries are committed to complying with all environmental, health and safety laws and regulations of the country and localities in which we do business. The Company believes it is our obligation to respect the environment in the worldwide communities where we operate and live. We are committed to operating in a way that protects and preserves our environment and natural resources and maintains a healthy, safe and environmentallysound workplace.
- Does the Company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.
 - The Company is extremely conscious of its operations and has taken some initiatives in the limited space. We manage our operations to make optimum use of resources. E-waste' (end-of-life electrical and electronic equipment products), given its environmental and health hazards, has become a long-term, serious social problem and an environmental threat, which needs immediate attention. E-waste contains toxic and hazardous materials and chemical flame retardants, which has the potential to leak into the soil and water. To conserve natural resources and energy, needed to produce new electronic equipment from virgin resources, electronic equipment can be refurbished, reused, and recycled instead of being land filled. The Company consciously monitors to take steps like using cloud-based servers to reduce energy consumption, endorsement of various environment awareness campaigns, making use of reusable cups and plates, encouraging employees to make use of platforms like video conferencing and audio chatting, installation of LED lights etc.
- Does the Company identify and assess potential environmental risks? Y/N
- Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?
- Has the Company undertaken any other initiatives on clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.
 - Please refer principle 6 point 2. Due to Covid-19 scenario we have not done any other initiatives this year.
- Are the emissions/waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

No

Number of show-cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on the end of Financial Year.

Principle 8: Businesses should support inclusive growth and equitable development

1. Does the Company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

Yes, the Company and its group companies have been undertaking various activities under Corporate Social Responsibility ("CSR"), in compliance with Section 135 of the Companies Act, 2013 (the "Act") read with Schedule VII of the Act. The policy has been laid down and the Annual Plan is prepared and implemented under the guidance of the CSR Committee and the Board of the Company. We envision to create stronger communities and enrich the lives of the less privileged through its mission of promoting education, empowering youths with employable skills and livelihood. Each programme has its own monitoring system and a mechanism that ensures transparency and quality. To create a much larger impact, the Company provides ICRA employees a platform to contribute and engage in the CSR activities. Under the volunteering initiative, we conduct various activities that help in strengthening the projects. Through this medium we also ensure that each employee is deeply aware of the social concerns and his/her duties towards society. It helps in embedding social responsibility into the system, thus making the idea of CSR sustainable.

The brief details about the projects are as follows:

a) Digital Inclusion for young Aspirants (DIYA): DIYA is a technology-driven skills development programme for atrisk youth, building a pathway to secure digital livelihood – this partnership has ensured a transformation for 2427 youth and placed at least 70% of them in jobs. The training programme offers a fully digitised learning experience with employer-driven courseware delivered in a high-tech, blended-learning environment. DIYA is a digital empowerment foundation, designed for careers in e-commerce, logistics, retail, mobile payments, banking and finance, telecom, and other sectors. To support DIYA, a comprehensive student lifecycle management system provides extensive analytics for a much large student base. This digital empowerment foundation aspires to the youth through this digital inclusion programme. The future of the country depends on the youth and it is our effort to nurture them with love & care.

The partnership with Anudip Foundation has also constantly evolved and grown and in FY 2021-22, Anudip Foundation has started working on a new segment- Women at Risk - acid attack victims, at risk of domestic violence or other vulnerable categories and successfully completed the training of 21 vulnerable women.

- b) The Residential Camp (RLC): In the rural districts of Rajasthan, the poverty and lack of quality school facilities wean away many children from schools. This camp is designed to bridge the learning gap and provide an accelerated curriculum so that these children can complete their education through the one-year residential camp. Over the period of one cycle, three camps are conducted for 55-60 days each. These provide basic literacy skills, operations of maths and personal hygiene, it also focuses on regular health check-ups, co-curricular activities like sports, cultural programmes like dancing and singing and computer basics. This year ICRA extended its support to two camps for 100 children. This project is being implemented in collaboration with Seva Mandir.
- c) Sponsorship Programmes: The other notable projects being run along with Vidya Integrated Development for Youths and Adults (VIDYA), Gurugram and Deepalaya, Mewat provides education to underprivileged children. Under this project, students are encouraged to achieve their full potential in the academic, creative, physical, emotional, spiritual and moral sphere. ICRA is currently sponsoring 241 students under these programmes.

Business Responsibility Report 2021-22

- d) Women Entrepreneurship Programme: The project has a holistic approach to women's entrepreneurship development, incorporating financial education, business management, digital literacy and local livelihood skills. The approach aims to make these enterprises run by these rural women in Gujarat sustainable, by providing skills that utilise local knowledge and resources so that their household income is enhanced. From the year 2019-22, this programme has reached out to 2000+ women in the various districts of Gujarat. ICRA is committed to train 700 women this year with Friends of WWB, India as an implementing partner.
- 2. Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures or any other organisation?
 - Each project is implemented through partners who have the strength, expertise and experience in their respective thematic areas. The rigorous protocol of conducting due diligence is followed in finalising the like-minded partner. Please refer the above point to know more about the partners.
- 3. Have you done any impact assessment of your initiative?
 - Each CSR project is result-oriented, so a mechanism of reviewing all its initiatives is placed wherein the progress of each project is assessed on a quantitative and a qualitative parameter along with its overall impact on the beneficiaries. The desired objectives (performance parameter) of all the projects are stated at the commencement of the project and regular monitoring, review and course correction measures are taken, if required.
- 4. What is your Company's direct contribution to community development projects Amount in INR and the details of the projects undertaken?
 - The total expenditure in the FY 2021-22 is Rs. 181.19 lacs. Please refer CSR Annual Report for more details.
- 5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so
 - Community development is the ultimate agenda of all the initiatives undertaken by the Company. The projects are designed to reflect the need of the beneficiaries. ICRA encourages active participation of the key stakeholders in the implementation of the projects and ensures sustainability of the programmes.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

- 1. What is the percentage of customer complaints/consumer cases pending as on the end of the financial year?
 - None

Independent Auditor's Report

To the Members of ICRA Limited

Report on the Audit of the Standalone Financial Statements Opinion

We have audited the standalone financial statements of ICRA Limited (the "Company"), which comprise the standalone balance sheet as at 31 March 2022, and the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Revenue recognition

See note 3.2 to the Standalone Financial Statements

The key audit matter

The revenue relating to rating and grading, where customers' acceptance is required, is recognized upon issuance of press release or disclosure of unaccepted ratings on the Company's website. For other cases, revenue is recognized upon transfer of control of promised services to the customers.

There is a risk that revenue is recognized for all services before the transfer of control of the service to customer is completed.

How the matter was addressed in our audit

Our audit procedures included:

- Obtained an understanding of the revenue business process.
- Evaluation of the design and implementation and operating effectiveness of internal controls relating to revenue recognition process.
- Assessed the appropriateness of revenue recognition policy adopted by the Company.
- On selected sample of contracts, tested revenue recognition, and our procedures included:
 - evaluating the identification of performance obligations;
 - considering the terms of the contracts to determine the transaction price; and

The key audit matter	How the matter was addressed in our audit
	inspection of the date of transfer of control of service and recording of revenue at an appropriate
	date. • Tested revenue recognition for cut-off transactions on sample basis to assess whether the customer has obtained the control of service and whether the timing
	 of revenue recognition is appropriate. Assessed the adequacy of the disclosures in accordance with the relevant accounting standard.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect

a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error,
 design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate
 to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India
in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs
3 and 4 of the Order, to the extent applicable.

- 2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a) The Company has disclosed the impact of pending litigations as at 31 March 2022 on its financial position in its standalone financial statements Refer Note 28(a) and 29 to the standalone financial statements.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - d) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.

- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.
- e) The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.
- (C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

- (ii) (a) The Company is a service company, primarily rendering rating, research and other services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has made investment in other parties during the year. The Company has not made any investments in companies, firms or limited liability partnerships. The Company had granted loans to its employees during the earlier years.
 - (a) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, the investments made are, prima facie, not prejudicial to the interest of the company. Further, the Company has not provided guarantees, given security, granted loans or advances in the nature of loans during the year.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given to employees, in our opinion, the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular.

- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given to employees.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013. In respect of the investments made by the Company, the provisions of Section 186 of the Companies Act, 2013 have been complied with.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

Annexure B to the Independent Auditor's report on the standalone financial statements of ICRA Limited for the period ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of ICRA Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ICRA Limited

1 Corporate information

ICRA Limited ('the Company') was set up in 1991 by leading financial/ investment institutions, commercial banks and financial services companies as an independent and professional Investment Information and Credit Rating Agency. ICRA is a public limited Company incorporated and domiciled in India, with its registered office in New Delhi. It is listed on BSE Limited and the National Stock Exchange of India Limited. It has various subsidiaries involved in rating, management consulting and outsourcing and information services etc.

2 Basis of preparation

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Companies Act, 2013 ("The Act") (as amended from time to time).

These standalone financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these standalone financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 Impairment of assets.

These standalone financial statements are presented in Indian Rupees (Rs.) which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs and upto two decimal places, unless otherwise stated.

These standalone financial statements were authorised for issue by the Company's Board of Directors on May 12, 2022.

2.1 Use of estimates, judgements and assumptions

In preparing these standalone financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of income, expenses, assets and liabilities. Actual results may differ from these estimates and assumptions.

Estimate and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised prospectively.

The Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and in the relevant notes to the standalone financial statements. Changes in estimates are accounted for prospectively.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the standalone financial statements.

a) Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractual and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgements and the use of estimates regarding the outcome of future events.

b) Revenue recognition

In case of initial rating, a portion of the fee is allocated towards first year surveillance based on management's estimate. Surveillance fees from second year onwards is recognised when there is reasonable certainty of collection. The assessment of reasonable certainty involves exercise of significant judgements on client co-operation for surveillance which includes receipt of information for performing surveillance rating and realisation of fees.

c) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Assumptions and estimation uncertainties

The key assumptions concerning the future uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

i) Impairment of non-financial assets and investment in subsidiaries

Non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of cash inflows of other assets or CGU's.

Investment in subsidiaries are tested for impairment at least annually or when events occur or changes in circumstances indicate that the recoverable amount of the asset or CGU's to which these pertain is less than its carrying value.

The recoverable amount of a CGU or an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU or asset.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other available fair value indicators.

ii) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgements in making these assumptions and selecting the inputs to the impairment calculation, based on Company's history, existing market conditions as well as forward looking estimates at the end of each reporting period.

iii) Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, withdrawal rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iv) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the standalone balance sheet that cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

v) Recognition of deferred tax assets

Deferred tax assets are recognised for temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which they can be used. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

2.2 Fair value measurement

The Company measures both its financial and non-financials assets and liabilities such as investments, security deposits, loan to staff, trade payables, payable to employees etc. at fair value at each standalone balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

3 Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Division II of Schedule III to the Act.

Based on the nature of activities of the Company, the Company has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

3.2 Revenue recognition

The Company earns revenue primarily from the rating, grading, surveillance and other services.

The first year rating and grading fees includes free surveillance for first twelve months or the period of instrument, whichever is shorter, from the date of rating and grading. A portion of the fee is allocated towards first year free surveillance based on management's estimate. The revenue related to initial rating and grading is recognised upon issuance of press release or disclosure of unaccepted ratings on the Company's website. Surveillance fee, to the extent of reasonable certainty of collection, is recognised over the surveillance period (ignoring fractions of months).

For other services, revenue is recognised upon transfer of control of promised services to the customers.

Unearned revenue represents advance billing for which services have not been rendered.

Unbilled revenue represents services rendered for which invoices are yet to be raised.

Out of pocket expenses which are recoverable from customers, are recognised both as expenditure and revenue.

3.3 Other income

Dividend income is recognised when the unconditional right to receive the income is established, which is generally when shareholders approve the dividend.

Interest income on bank deposits is recognised using effective interest rate, on time proportionate basis.

For accounting policy on income from other financial instruments refer para 3.4.

3.4 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Trade receivable and debt securities are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company became party to the contractual provision of the instrument.

A financial asset or financial liability is initially recognised at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, financial asset is classified as measured at:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI) debt investments
- FVTOCI equity investments or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for mapping of financial assets.

A financial asset is measured at amortised cost if both of the following condition are met and it is not designated as FVTPL.

- the asset is held within a business model whose objective is to hold assets and collect contractual cash flows; and
- the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A 'debt investment' is measured at FVTOCI if both of the following conditions are met and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in Other comprehensive income (OCI) (designated as FVTOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Subsequent measurement and gains and losses

Financial assets at amortised cost	These assets are subsequently measured at amortised cost using effective interest
	method. The amortised cost is reduced by impairment losses. Interest income and
	impairment are recognised in profit and loss. Any gain or loss on derecognition is
	recognised in profit and loss.
Debt investments at FVTOCI	These assets are subsequently measured at fair value. Interest income under effective
	interest method and impairment are recognised in profit and loss. Other net gains
	and losses are recognised in OCI. On derecognition, gains and losses accumulated
	in OCI reclassified to profit and loss.
Equity investments at FVTOCI	These assets are subsequently measured at fair value. Dividend is recognised as
	income in profit and loss unless the dividend clearly represents recovery of part of
	the cost of the investment. Other net gains and losses are recognised in OCI and are
	not reclassified to profit and loss.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including
	any interest or dividend income are recognised in profit and loss.

Financial liabilities:

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is designated as such on initial recognition. Financial liabilities are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are measured at amortised cost using effective interest method. Interest expense and foreign exchange gains or losses (if any) are recognised in profit and loss. Any gain or loss on derecognition is also recognised in profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial liabilities

The Company derecognises a financial liability when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit and loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.5 Property, plant and equipment

Recognition and measurement

Property, plant and equipment and capital work in progress are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprise of its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other cost directly attributable to bring the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful life, then they are accounted for as separate item of property, plant and equipment.

An item of property, plant and equipment or any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the standalone statement of profit and loss when the asset is derecognised.

Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefit associated with the expenditure will flow to the Company. All other expenditure is recognised in the standalone statement of profit and loss.

Depreciation

Depreciation is calculated on cost of item of property, plant and equipment (except leasehold improvements) less their estimated residual value over their estimate useful lives using written down value method and is recognised in the standalone statement of profit and loss. Assets acquired under leasehold improvements are depreciated using straight line method over the primary period of the lease or useful life of the assets, whichever is shorter. The primary lease period for this purpose includes any lease period extendable at the discretion of the lessee.

The estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life as per schedule II (in years)
Buildings	60
Computers and data processing units (including Servers, Network)	3-6
Furniture and fittings	10
Office equipment	5
Electrical installation and equipment	10
Vehicles	8

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Depreciation method, useful lives and residual value are reviewed at each financial year-end and adjusted if appropriate. Management believes that its estimates of useful lives as given above, represents the period over which management expects to use these assets.

Depreciation on addition/ disposal is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready to use (disposed off).

Assets individually costing up to Rs. 5,000 are fully depreciated in the year of purchase.

3.6 Intangible assets

Recognition and measurement

Intangible assets acquired separately are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in the standalone statement of profit and loss.

Amortisation

Amortisation is calculated to write off the cost of the intangible assets over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in the standalone statement of profit and loss.

The estimated useful lives of items of intangible assets is as follows:

Asset	Useful life (in years)
Computer softwares	5 - 7

Amortisation method, rate and residual value are reviewed at each financial year-end and adjusted, if appropriate. Management believes that its estimates of useful lives as given above, represents the period over which management expects to use these assets.

Amortisation on addition/ disposal is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready to use (disposed off).

Intangible assets under development

Identifiable intangible assets under development are recognised when the Company controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Intangible assets under development is measured at historical cost and not amortised. These assets are tested for impairment on an annual basis.

3.7 Leases

The Company's significant lease arrangements are primarily in respect of office premises. The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.)

(All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising from owned office premises is accounted for on a straight-line basis over the lease term and is included in other income in the standalone statement of profit or loss due to its operating nature.

Rental income arising from sub-leasing of office premises is accounted for on a straight-line basis over the lease term and is included in other income in the standalone statement of profit and loss.

3.8 Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment as per Ind AS 27 Consolidated and Separate Financial Statements. On disposal of investment in subsidiaries, the difference between net disposal proceeds and the carrying amounts is recognised in the standalone statement of profit and loss.

3.9 Impairment

Impairment of financial instruments

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are debt instruments and are measured at amortised cost, e.g., loans, debt securities, deposits, trade receivables and bank balance.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For other financial assets, ECL is measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised, is presented as expense or income in the standalone statement of profit and loss.

Impairment of non-financial assets and investment in subsidiaries

Non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of cash inflows of other assets or CGU's.

Investment in subsidiaries are tested for impairment at least annually or when events occur or changes in circumstances indicate that the recoverable amount of the asset or CGU's to which these pertain is less than its carrying value.

The recoverable amount of a CGU or an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU or asset.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment loss is recognised in the standalone statement of profit and loss.

An impairment loss in respect of assets, which has been recognised in prior years, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment has been recognised.

3.10 Non-current assets held for sale

Non-current assets retired from active use and held for disposal are stated at the lower of their net book value and net realisable value. Any resultant loss on a disposal group is allocated first to goodwill (if any), and then to remaining assets and liabilities on pro-rata basis, except that no loss is allocated to financial assets, deferred tax assets and employee benefit assets which continue to be measured in accordance with the Company's other accounting policy. Assets and liabilities classified as held for sale are presented separately in the standalone balance sheet. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in the standalone statement of profit and loss.

Once classified as held for sale, property, plant and equipment and intangible assets are no longer depreciated or amortised.

If the criteria for classifying assets in to held for sale are no longer met, the Company cease to classify the assets as held for sale.

The Company measures a non-current asset that ceases to be classified as held for sale at the lower of:

- its carrying amount before the assets were classified as held for sale, adjusted for any depreciation, amortisation or revaluations that would have been recognised had the assets not been classified as held for sale, and
- its recoverable amount at the date of the subsequent decision not to sell.

3.11 Projects work-in-progress

Projects work-in-progress represent direct cost incurred against rating and grading cases wherein work has been initiated but rating and grading is yet to be concluded and amount is expected to be recovered.

3.12 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, balances with bank, Short-term deposits and investments with original maturities of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the standalone statement of cashflows, cash and cash equivalent consists of cash on hand, balances with bank, short-term deposits and investments as stated above, net of outstanding bank overdrafts (if any).

3.13 Foreign currencies

The Company's standalone financial statements are presented in Indian rupee, which is also its functional currency.

Transactions in foreign currencies are translated into the functional currency at the exchange rate at the date of the transaction or an average rate if the average rate approximate the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

3.14 Employee benefits

Short-term employee benefit

All employee benefits which are expected to be settled wholly before twelve months after the end of annual reporting period in which the employees render the related service are short-term employee benefits. Short-term employee benefit obligations are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognised for the amount expected to be paid as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Defined contribution plan

The Company makes specified monthly contributions towards government administered Provident Fund scheme and Employees' State Insurance. Obligation for contributions to defined contribution plan is recognised as an employee benefit expense in profit and loss in the period during which the related services are rendered by employees. The Company has no obligation, other than the contribution payable in the scheme.

Defined benefit plan

The Company's gratuity benefit plan is a defined benefit plan. The gratuity liability for employees of the Company is funded through gratuity fund established as a Gratuity Trust. The Company's net obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value of economic benefits and the fair value of any plan assets is deducted.

The calculation of defined benefit obligation is performed as at the standalone balance sheet date and determined based on actuarial valuation using the Projected Unit Credit Method by a qualified actuary. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirement.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on government securities as at the standalone balance sheet date.

Remeasurements of the net defined liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the standalone statement of profit and loss.

Other long-term employee benefits

Long term individual payout ('LTIP') plan and compensated absences are other long-term benefits provided by the Company.

The Company's net obligation in respect of LTIP is the amount of benefit that employees have earned in return for their services in the current and prior periods and discounted to determine its present value. From the financial year 2018-19, the LTIP is funded by the ICRA Employees Welfare Trust. Hence, the Company has charged such employees' expense in the standalone statement of profit and loss with a corresponding credit to Capital Reserve.

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by a qualified actuary as at the standalone balance sheet date using Projected Unit Credit method on the additional amount expected to be paid/ availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense for non-accumulated compensated absences is recognised in the period in which absences occur.

3.15 Share based payments

The Company recognises compensation expense relating to share-based payments using fair value in accordance with Ind AS 102 'Share based payments'. The estimated fair value of awards is charged to income on a straight line basis over the service period for each separating vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

3.16 Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future losses are not provided for.

3.17 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the standalone financial statements.

3.18 Income tax

Income tax comprises current and deferred tax. It is recognised in profit and loss except to the extent that it relates to an item recognised directly in equity or other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous year. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intention to realise the asset and settle the liability on a net basis, or simultaneously.

Deferred tax

Deferred tax is recognised for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred tax assets are recognised for deductible temporary differences and unused tax losses to the extent that it is probable that future taxable profit will be available against which they can be used. Deferred tax assets and liabilities are measured using tax rate and tax laws that have been enacted or substantially enacted by the balance sheet date and are expected to apply to taxable income in the year in which those temporary differences are expected to be recovered or settled. The effect of change in tax rate on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or the substantive enactment date. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.19 Earnings per share

The basic earnings per share are calculated by dividing the net profit attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, net profit attributable to equity shareholders during the year and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the year unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Anti dilutive effect of any potential equity shares are ignored in the calculation of diluted earnings per share.

3.20 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM"). Revenues, expenses, assets and liabilities, which are common to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been treated as "unallocated revenues/ expenses/ assets/ liabilities", as the case may be. The Company is primarily engaged in the business of Rating, research and other services.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

3.21 Corporate social responsibility (CSR) expenditure

The Company charges its CSR expenditure during the year to the standalone statement of profit and loss.

3.22 Recent accounting pronouncements

On March 23, 2022, the Ministry of Corporate Affairs ("MCA") through notifications, amended the existing Ind AS. The same shall come into force from annual reporting period beginning on or after April 01, 2022. Key amendments and its impact as envisaged by the management is summarised below:

Ind AS 37 - Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its standalone financial statements.

Ind AS 109 - Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its standalone financial statements.

Ind AS 106 - Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its standalone financial statements.

These amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

Nature of reserves

a) Capital reserve

Capital reserves represents amount of LTIP plan funded by ICRA Employees Welfare Trust ("ESOP Trust") to the employees of the Company. (Refer note 35)

b) Capital redemption reserve

The Company has bought back equity shares and as per the provisions of the Companies Act, 2013, is required to create capital redemption reserve.

c) General reserve

The General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to the standalone statement of profit and loss.

(d) Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the balance sheet date.

(e) Other comprehensive income

Other comprehensive income comprises remeasurement of defined benefit plans, which represents the following as per Ind AS 19, Employee Benefits(a) actuarial gains and losses (b) the return on plan assets, excluding amounts included in net interest on the net defined benefit liability (asset); and (c) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability (asset)

The Company is contesting the demand and the management believes that its position will likely be upheld in the appellate process. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Company's financial position and results of operations.

"The Supreme Court on February 28, 2019 had provided its judgement regarding inclusion of other allowances such as travel allowances, special allowances, etc. within the expression 'basic wages' for the purpose of computation of contribution of provident fund under the Employees' Provident Fund and Miscellaneous Provisions Act, 1952. There are interpretive challenges on the application of the Supreme Court Judgement including the period from which judgment would apply, consequential implications on resigned employees etc. Further, various stakeholders have also filed representations with Provident fund authorities. All these factors raises significant uncertainty regarding the implementation of the Supreme Court Judgement. Owing to the aforesaid uncertainty and pending clarification from regulatory authorities in this regard, the Company has not recognised provision for the provident fund contribution on the basis of above mentioned order for past periods till March 31, 2019. However, from April 1, 2019, the Company has started inclusion of such allowances within the expression of 'basic wages' for the purpose of computation of provident fund. Additionally, the Company is involved in other disputes, lawsuits, claims and/ or regulatory inspections, including commercial matters that arise from time to time in the ordinary course of business. The Company believes that none of these matters, either individually or in aggregate, are expected to have any material adverse effect on its standalone financial statements.

- 29 During the year ended March 31, 2022, the Company was dealing with following matters which arose in current and/or previous periods:
 - (a) The Securities and Exchange Board of India ("SEBI") had enhanced the penalty amount from Rs. 25 lakhs to Rs. 1 crore during the quarter ended September 30, 2020 in respect of an adjudication proceeding initiated by it in relation to the credit ratings assigned to one of the Company's customer and the customer's subsidiaries. The Company had deposited the enhanced penalty amount under protest and had filed an appeal with the Securities Appellate Tribunal contesting the said order. The said appeal is under review. On this matter, the Company also co-operated with other government agencies in relation to queries received from them. Basis the foregoing and the legal counsel opinion obtained, the Company does not foresee any significant adverse implications on the Company.
 - (b) The Company had received an anonymous complaint during the quarter ended September 30, 2021, making certain allegations around conflict of interest against two senior officials of the Company, who are no longer in employment. The Company had appointed an external firm to examine the allegations. During the year ended 31 March 2022, the Company has concluded the examination thereof and finalized the necessary action plan. The findings did not indicate any adverse financial impact."

34 Employee benefits

a) Defined contribution plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund and Employees' State Insurance which are the defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the standalone statement of profit and loss as they accrue. The amount recognised as an expense towards contribution to these schemes aggregate to Rs. 400.99 lakhs for year ended March 31, 2022 (previous year Rs. 403.49 lakhs) and is included in "Employee benefits expense".

b) Defined benefit plans

The Company has a defined benefit gratuity plan, governed by the Payment of Gratuity Act, 1972. Plan entitles an employee, who has rendered at least five years of service to gratuity at the rate of fifteen days salary for every completed year of service or part thereof in excess of six months, based on the rate of salary last drawn by the employee concern.

The defined benefit plan for gratuity is administered by a single gratuity fund trust that is legally separate from the Company. The trustees of the gratuity fund comprises four employees. The trustees of the gratuity fund is required to act in the best interests of the members and/or their beneficiaries in accordance with the provisions of trust deed. This defined benefit plan exposes the Company to actuarial risks, such as interest rate risk and market (investment) risk.

(iv) Actuarial assumptions

Principal actuarial assumptions at the reporting date are as under:

Particulars	As at March 31, 2022	As at March 31, 2021
Discount rate	6.10%	5.70%
Future salary escalation rate		
- For first five years	10.00%	10.00%
- Thereafter	7.00%	7.00%
Withdrawal rate	20.00%	20.00%
Retirement age	60	60
Mortality rate	Indian Assured Lives <i>I</i> (modified) Ult.	Mortality (2006-08)

The estimates of future salary escalation rate, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Assumptions regarding future mortality are based on the published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumptions.

As at March 31, 2022, the weighted-average duration of the defined benefit obligation was 5 years (March 31, 2021: 5 years).

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

(v) Sensitivity analysis

Reasonable possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumption constant, would have affected the defined obligation by the amounts shown below:

Particulars	Sensitivity level		Impact on benefit ol	
	As at	As at	As at	As at
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Assumptions				
Discount rate	0.5% Increase	0.5% Increase	(20.25)	(23.97)
	0.5% Decrease	0.5% Decrease	21.11	25.02
Future salary escalation rate	0.5% Increase	0.5% Increase	15.43	19.45
	0.5% Decrease	0.5% Decrease	(15.46)	(19.37)
Withdrawal rate	5% Increase	5% Increase	(7.73)	(20.23)
	5% Decrease	5% Decrease	2.89	12.04

The sensitivity results above determine their individual impact on defined benefit obligation at the end of year. In reality, the plan is subject to multiple external experience items which may move the defined benefit obligation in similar or opposite directions, while the plan's sensitivity to such changes can vary over time.

The following payments are expected in future years:

Particulars	As at
	March 31, 2022
March 31, 2023	210.89

35 From the financial year 2018-19, the ESOP Trust introduced LTIP Plan as an incentive to reward a cash amount to the eligible employees of the Company. Based on the estimation, expense of Rs. 248.11 lakhs (previous year Rs. 450.13 lakhs) has been recognised and correspondingly, accounted as an adjustment to the capital reserve of the Company.

36 Share based payment

The Company's Employee Stock Option Schemes ("ESOSs") provide for the grant of stock options to eligible employees and whole time directors of the Company and its subsidiaries. The ESOSs are administered through ESOP Trust. The Trust transfers shares to the eligible employees upon exercise of the options by such employees.

During financial year 2018-19, the Company had introduced a new stock option scheme namely "ESOS 2018" effective from June 28, 2018. The grant price shall be as decided by the Nomination and Remuneration Committee ('N&RC') of the Company. The number of options and terms could vary at the discretion of the N&RC. Till March 31, 2022, the Company has not granted any option under ESOS 2018.

b) Fair value of financial liabilities

Particulars	Carrying values		Fair values		
	As at	As at	As at	As at	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021	
Financial liabilities measured at amortised cost					
Lease liabilities	1,381.17	1,601.62	1,381.17	1,601.62	
Trade payables	636.50	333.52	636.50	333.52	
Others financial liabilities	268.82	407.87	268.82	407.87	
Total	2,286.49	2,343.01	2,286.49	2,343.01	

The fair value of the financial assets and liabilities represents the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- a) The fair values of the quoted investments in equity shares and mutual funds are based on market price and net asset value (NAV) at the reporting date.
- b) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Management has assessed that fair value of trade receivables, cash and cash equivalents, other bank balances, investments, trade payables, other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

40.2 Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- Level 1: Quoted prices for identical instruments in active markets.
- Level 2: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement are observable, either directly or indirectly.
- Level 3: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities:

40.3 Financial risk management objectives and policies

Risk management framework

The Board has overall responsibility for establishing and governing the Company's risk management framework. The Board has delegated monitoring and reviewing of the risk management plan to the Risk Management Committee. The Company has constituted a Executive Risk Committee, a Risk management team and functional sub-committees which are responsible to identify, analyse, mitigate and monitor risks as per risk management framework. The primary risks and mitigation actions are also placed before the Risk Management Committee and the Board.

The Company is exposed to various risks in relation to financial instruments. The Company's financial assets and liabilities are summarised in note 40.1. The main types of financial risks are market risk (price risk), credit risk and liquidity risk.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes may result from changes in foreign currency rate, interest rate, price and other market changes. The Company's exposure to market risk is mainly due to price risk.

Price risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because changes in the market prices, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Company has adopted disciplined practices including position sizing, diversification, valuation, loss prevention, due diligence and exit strategies in order to mitigate losses as defined in Board approved investment policy.

Notes to the Standalone Financial Statements for the year ended March 31, 2022 (Contd.)

(All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

The Company is exposed to price risk arising mainly from investment in equity shares and investment in mutual funds recognised at fair value through profit or loss. The detail of such investments are given in note 40.1. If the prices had been higher/lower by 1% from the market prices exisiting as at the reporting date, profit would have been increased/decreased by Rs. 291.66 lakhs and Rs. 157.76 lakhs for the year ended March 31, 2022 and March 31, 2021 respectively.

b) Credit risk

Credit risk is the risk of financial loss to the Company if customer or counterparty to financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customer and investment in mutual funds and deposits with banks.

To manage credit risk, the Company periodically reviews its receivables from customer for any non-recoverability of the dues, taking into account the inputs from business development team and ageing of trade receivables. The management establishes an allowance for impairment that represents its expected credit losses in respect of trade and other financial assets. The management uses a simplified approach for the purpose of computation of expected credit loss. While computing expected credit loss, the management consider historical credit loss experience adjusted with forward looking information.

Movement in the expected credit loss allowance is as follows:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Loss allowance at the commencement of the year	245.48	371.99
Changes in loss allowance, net	5.51	(126.51)
Loss allowance at the end of the year	250.99	245.48

The Company invests its surplus funds as per the investment policy of the Company, which has been approved by the Board of Directors. Deposits are held with only high rated banks.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficultly in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. For the Company, liquidity risk arises from obligations on account of financial liabilities - Lease liabilities, Trade payable and other financial liabilities.

Liquidity risk management

The Company continues to maintain adequate amount of liquidity to meet strategic and growth objectives. The Company's finance department is responsible for liquidity and fund management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through forecasts on the basis of expected cash flows.

Total	1,143.94	734.85	969.57	2,848.36

40.4 Capital Management

The primary objective of the Company's capital management is to maximise the shareholder value. For the purpose of Company's capital management, capital includes issued equity capital, share premium and all other reserves and surplus attributable to the equity shareholders of the Company. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, returns capital to shareholders, issues new shares and raises money through borrowings.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

40.5 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cashflows often exposure will fluctuate because of change in foreign exchange rates. The Company's exposure to foreign currency changes is not material.

41 Transfer pricing

The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income-tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company has maintained adequate documentation for the international transactions entered into with the associated enterprises during the financial year and expect such records to be in existence in accordance with the requirements of the law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the standalone financial statements, particularly on the amount of tax expense and that of provision for taxation.

44 Leases

A As a lessee

- a) The Company's significant lease arrangements are in respect of office premises. The lease term for these leases ranges between 11 months and 9 years which includes a lock-in period and in certain cases are renewable by mutual consent on mutually agreeable terms. These options are negotiated by management and aligned with the Company's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised.
- **b)** The Company has discounted lease payments using the applicable incremental borrowing rate, which is 10% for measuring the lease liability.

Comments

- 1. The movement is primarily on account of other income (dividend, income on investment) during the year.
- 2. The change is primarily on account of delays in collection in the previous year considering covid-19.
- 3. The movement in net capital turnover ratio is on account of decrease in working capital during the year.

Independent Auditor's Report

To the Members of ICRA Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of ICRA Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2022, and the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2022, of its consolidated profit and other comprehensive loss, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

Revenue recognition

See note 3.2 to the consolidated financial statements

The key audit matter	How the matter was addressed in our audit
The revenue relating to rating and grading, where customers' acceptance is required, is recognized upon issuance of press release or disclosure of unaccepted ratings on the Holding Company's website. For other cases, revenue is recognized upon transfer of control of promised services to the customers. There is a risk that revenue is recognized for all services before the transfer of control of the service to customer is completed.	 Our audit procedures included: Obtained an understanding of the revenue business process. Evaluation of the design and implementation and operating effectiveness of internal controls relating to revenue recognition process. Assessed the appropriateness of revenue recognition policy adopted by the Company. Evaluated the reasonableness of the significant judgements and estimation involved in the recognition of revenue.
	 On selected sample of contracts, tested revenue recognition, and our procedures included: evaluating the identification of performance obligations; considering the terms of the contracts to determine the transaction price; and inspection of the date of transfer of control of service and recording of revenue at an appropriate date. Tested revenue recognition for cut-off transactions on sample basis to assess whether the customer has obtained the control of service and whether the timing of revenue recognition is appropriate. Assessed the adequacy of the disclosures in accordance with the relevant accounting standard.

Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
 or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements/financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets (before consolidation adjustments) of ₹ 3,602.34 lakhs as at 31 March 2022, total revenues (before consolidation adjustments) of ₹ 168.93 lakhs and net cash inflows (before consolidation adjustments) amounting to ₹ 4.42 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

One of the subsidiaries is located outside India whose financial statements and other financial information has been prepared in accordance with accounting principles generally accepted in its country and which has been audited by other auditor under generally accepted auditing standards applicable in its country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiary located outside India is based on the report of other auditor and the conversion adjustments prepared by the management of the Holding Company and audited by us.

(b) The financial statements of two subsidiaries, whose financial statements reflect total assets (before consolidation adjustments) of ₹ 1,562.97 lakhs as at 31 March 2022, total revenues (before consolidation adjustments) of ₹ 609.97 lakhs and net cash inflows (before consolidation adjustments) amounting to ₹ 98.54 lakhs for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. These unaudited financial statements have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. (A) As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries, as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, as noted in the "Other Matters" paragraph:
 - a) The consolidated financial statements disclose the impact of pending litigations as at 31 March 2022 on the consolidated financial position of the Group Refer Note 28 (a) and 29 to the consolidated financial statements.
 - b) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2022.
 - c) There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies incorporated in India during the year ended 31 March 2022.
 - d) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies incorporated in India to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Holding Company or its subsidiary companies incorporated in India or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies incorporated in India from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary companies incorporated in India shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
 - (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (d) (ii) contain any material mis-statement.

- e) The dividend declared or paid during the year by the Holding Company and its subsidiary companies incorporated in India is in compliance with Section 123 of the Act.
- (C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Holding Company and its subsidiary companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditor's report on the consolidated financial statements of ICRA Limited for the period ended 31 March 2022

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2022, we have audited the internal financial controls with reference to consolidated financial statements of ICRA Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. Corporate information

ICRA Limited ('the Company' or 'Holding Company') was set up in 1991 by leading financial/ investment institutions, commercial banks and financial services companies as an independent and professional Investment Information and Credit Rating Agency. ICRA is a public limited Company, incorporated and domiciled in India with its registered office in New Delhi. It is listed on BSE Limited and the National Stock Exchange of India Limited.

It has various subsidiaries involved in rating, management consulting and outsourcing and information services, etc. These consolidated financial statements comprise the Company and its subsidiaries including step down subsidiaries (collectively known as 'the Group') as detailed below:

Name of the entities	Country of incorporation	Ownership in % either directly or through subsidiaries
ICRA Analytics Limited (formerly ICRA Online Limited)	India	100%
Pragati Development Consulting Services Limited	India	100%
ICRA Employees Welfare Trust	India	NA
PT. ICRA Indonesia*	Indonesia	99%
ICRA Lanka Limited	Sri Lanka	100%
ICRA Nepal Limited	Nepal	51%

^{*} Under liquidation.

2. Basis of preparation

2.1 Statement of compliance

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ('The Act') read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Companies Act, 2013 (as amended from time to time).

These consolidated financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Group takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 Impairment of assets.

The consolidated financial statements were authorised for issue by the Company's Board of Directors on May 12, 2022.

2.2 Basis of consolidation

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year. The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits/ losses, unless cost/ revenue cannot be recovered.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has right to, variable returns from its involvement with the entity and has ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognised as 'Goodwill' being an asset in the consolidated financial statements. The said Goodwill is not amortised, however, it is tested for impairment at each Balance Sheet date and the impairment loss, if any, is provided for. On the other hand, where the share of equity in subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus' in the consolidated financial statements.

Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity.

Non-controlling interests in the net assets of consolidated subsidiaries consists of:

- (a) The amount of equity attributable to non-controlling interests at the date on which investment in a subsidiary is made; and
- (b) The non-controlling interests share of movements in equity since the date parent subsidiary relationship came into existence.

The profit and other comprehensive income attributable to non-controlling interests of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss and Consolidated Statement of Changes in Equity.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related non-controlling interest and other component of equity. An interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in consolidated profit or loss.

2.3 Functional and presentation currency

The consolidated financial statements are presented in Indian Rupee (₹), which is also the Company's functional currency and reporting currency of the Group. All values are rounded to the nearest lakh, unless otherwise stated.

2.4 Use of estimates, judgements and assumptions

In preparing these consolidated financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of income, expenses, assets and liabilities. Actual results may differ from these estimates and assumptions.

Estimate and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised prospectively.

The Group has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and in the relevant notes to the consolidated financial statements. Changes in estimates are accounted for prospectively.

Judgements

In the process of applying the accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

a. Provisions and contingent liabilities

The Group estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Group, including legal, contractual and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgements and the use of estimates regarding the outcome of future events.

b. Revenue recognition

In case of initial rating, a portion of the fee is allocated towards first year surveillance based on management's estimate. Surveillance fees from second year onwards is recognised when there is reasonable certainty of collection. The assessment of reasonable certainty involves exercise of significant judgements on client co-operation for surveillance which includes receipt of information for performing surveillance rating and realisation of fees.

c. Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Assumptions and estimation uncertainties

The key assumptions concerning the future uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a. Impairment of non-financial assets and goodwill

Non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of cash inflows of other assets or CGUs.

Goodwill arising from a business combination is allocated to CGUs or Group of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of a CGU or an asset is the higher of its fair value less costs of disposal and its value in use.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU or asset.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are considered. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other available fair value indicators.

b. Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The respective entities of the Group use judgements in making these assumptions and selecting the inputs to the impairment calculation, based on history, existing market conditions as well as forward looking estimates at the end of each reporting period.

c. Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined at entity level using actuarial valuations. An actuarial valuation involves various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, withdrawal rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed by entities at each reporting date.

d. Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the consolidated balance sheet cannot be measured based on quoted prices in the active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e. Recognition of deferred tax assets

Deferred tax assets are recognised for temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

2.5 Fair value measurement

The Group measures both its financial and non-financial assets and liabilities such as investments, security deposits, loan to staff, trade payables, payable to employees etc. at fair value at each balance sheet date using valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.)

(All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

3.1 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Division II of Schedule III to the Act.

Based on the nature of activities of the Group, the Group has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

3.2 Revenue recognition

The Group earns revenue primarily from the rating (including grading and research), management consulting, outsourcing and information services and other services.

In rating and grading services, the first year rating and grading fees includes free surveillance for first twelve months or the period of instrument, whichever is shorter, from the date of rating and grading. A portion of the fee is allocated towards first year free surveillance based on management's estimate. The revenue related to initial rating and grading is recognised upon issuance of press release or disclosure of unaccepted ratings on the Company's website.

Surveillance fee, to the extent of reasonable certainty of collection, is recognised over the surveillance period (ignoring fractions of months).

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

ii) In consulting:

- Revenue from contracts priced on a time and material basis are recognised when services are rendered and related costs are incurred.
- b. Revenue from time bound fixed price contracts are recognised over the life of the contract using the Proportionate Completion Method, with contract costs determining the degree of completion. When reliable estimates of revenue cannot be made or when revenue is contingent on events that are beyond the control of the entity, revenue is recognised under the Completed Contract Method. Foreseeable losses on contracts are recognised when probable.
- iii) Revenue related to subscription fees of data products, research reports, and annual maintenance charges and any other periodic charges are recognised over the related subscription period. Revenue from sale and customisation of software is recognised on acceptance of deliverable by client on completion of work or reaching milestone as per agreement with client.
- iv) Revenue from outsourced services in respect of period based assignments of maintenance and management of data, income is recognised over the period of assignment.
- v) Revenue from other service arrangements is recognised as and when services are rendered and related costs are incurred, in accordance with the terms of the specific contracts.
- vi) Unearned revenue represents advance billing for which services have not been rendered.
- vii) Unbilled revenue represents services rendered for which invoices are yet to be raised.
- viii) Out of pocket expenses which are recoverable from customers, are recognised both as expenditure and revenue.

3.3 Export incentive

Export benefits available under prevalent schemes are accrued in the year in which the services are exported and there is no uncertainty in receiving the same.

3.4 Government grants and subsidies

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants that compensate for expenses incurred are recognised in the Consolidated Statement of Profit and Loss, as other operating income on a systematic basis in the periods in which the expense are recognised.

3.5 Other income

Dividend income is recognised when the unconditional right to receive the income is established, which is generally when shareholders approve the dividend.

Interest income on bank deposits is recognised using effective interest rate, on time proportionate basis.

For accounting policy on income from other financial instruments refer para 3.6.

3.6 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Trade receivable and debt securities are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group became party to the contractual provision of the instrument.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.)

(All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

A financial asset or financial liability is initially recognised at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, financial asset is classified as measured at:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI) debt investments
- FVTOCI equity investments or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for mapping of financial assets.

A financial asset is measured at the amortised cost if both of the following conditions are met and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets and collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A 'debt investment' is measured at FVTOCI if both of the following conditions are met and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual term of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL.

Subsequent measurement and gains and losses

Financial assets at amortised cos	These assets are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains or losses and impairment are recognised in profit and loss. Any gain or loss on derecognition is recognised in profit and loss.
Debt investments at FVTOCI	These assets are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains or losses and impairment are recognised in profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI reclassified to profit and loss.
Equity investments at FVTOCI	These assets are subsequently measured at fair value. Dividend is recognised as income in profit and loss unless the dividend clearly represents recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit and loss.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income are recognised in profit and loss.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is designated as such on initial recognition. Financial liabilities are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are measured at amortised cost using effective interest method. Interest expense and foreign exchange gains or losses (if any) are recognised in profit and loss. Any gain or loss on derecognition is also recognised in profit and loss.

Derecognition

Financial assets

The Group derecognises a financial asset when:

- the rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Financial liabilities

The Group derecognise a financial liability when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.7 Property, plant and equipment

Recognition and measurement

Property, plant and equipment and capital work-in-progress are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprise of its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other cost directly attributable to bring the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful life, then they are accounted for as separate item of property, plant and equipment.

An item of property, plant and equipment or any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Consolidated Statement of Profit and Loss when the asset is derecognised.

Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefit associated with the expenditure will flow to the Group. All other expenditure is recognised in the Consolidated Statement of Profit and Loss.

Depreciation

Depreciation is calculated on cost of item of property, plant and equipment (except leasehold improvements) less their estimated residual value over their estimate useful lives using written down value method and is recognised in the Consolidated Statement of Profit and Loss. Assets acquired under leasehold improvements are depreciated using straight line method over the primary period of the lease or useful life of the assets, whichever is shorter. The primary lease period for this purpose includes any lease period extendable at the discretion of the lessee.

The estimated useful lives of items of property, plant and equipment are as follows:

Asset	Useful life as per schedule II (in years)
Buildings	60
Computers and data processing units (including Servers and Network installation)	3-6
Furniture and fittings	10
Office equipment	5
Electrical installation and equipment	10
Vehicles	8

Depreciation method, useful lives and residual value are reviewed at each financial year-end and adjusted, if appropriate. Management believes that its estimates of useful lives as given above, represents the period over which management expects to use these assets.

Depreciation on addition/ disposal is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready to use (disposed off).

Assets individually costing up to ₹ 5,000 are fully depreciated in the year of purchase.

Capital work-in-progress

Capital work-in-progress assets in the course of construction for supply of services or administrative purposes, are carried at cost, less any recognised impairment loss. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment. Costs associated with the commissioning of an asset are capitalised where the asset is available for use but incapable of operating at normal levels until a period of commissioning has been completed.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

3.8 Goodwill and other intangible assets

Goodwill

For goodwill that arises on consolidation refer note 2.2. Subsequent measurement is at cost less any accumulated impairment losses.

Goodwill is not amortised and is tested for impairment annually.

Other intangible assets

Recognition and measurement of purchased intangible assets

Intangible assets acquired separately are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and accumulated impairment losses (if any).

Recognition and measurement of internally generated intangible assets

Internally generated goodwill is not recognised as an asset. Other internally generated intangible assets comprise software, expenditure on research activities undertaken for developing a new product, is recognised in the Consolidated Statement of Profit and Loss as incurred.

Development expenditure on internally generated intangible assets is capitalised as a part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and use or sell the asset. Otherwise, it is recognised in Consolidated Statement of Profit and Loss as incurred. Subsequent to the initial recognition, the asset is measured at cost less accumulated amortisation and accumulated impairment losses.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in the Consolidated Statement of Profit and Loss.

Amortisation

Amortisation is calculated to write off the cost of the intangible assets over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Consolidated Statement of Profit and Loss. Internally generated Intangible asset is depreciated under straight line method over the useful life of the assets.

The estimated useful lives of items of intangible assets for the current and comparative periods are as follows:

Asset	Useful life (in years)
Computer softwares	5-10
Internally generated intangible assets	3-5

Amortisation method, rate and residual value are reviewed at each financial year-end and adjusted, if appropriate. Management believes that its estimates of useful lives as given above, represents the period over which management expects to use these assets.

Amortisation on addition/ disposal is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready to use (disposed off).

Intangible assets under development

Identifiable intangible assets under development are recognised when the Group controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured.

Intangible assets under development is measured at historical cost and not amortised. These assets are tested for impairment on an annual basis.

3.9 Impairment

Goodwill

Goodwill is tested for impairment on an annual basis or whenever there is an indication that goodwill may be impaired. For goodwill impairment testing, the carrying amount of the CGUs (including allocated goodwill) is compared with its recoverable amount by the Group. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of the future cash flows expected to be derived from the CGU. Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU prorata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognised in the Consolidated Statement of Profit and Loss and is not reversed in the subsequent period.

Impairment of financial instruments

The Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments, and are measured at amortised cost, e.g., loans, debt securities, deposits, trade receivables and bank balance.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For other financial assets, ECL is measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised, is presented as expense or income in the Consolidated Statement of Profit and Loss.

Impairment of non-financial assets

Non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of cash inflows of other assets or CGU's.

The recoverable amount of a CGU or an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU or asset.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment loss is recognised in the Consolidated Statement of Profit and Loss.

An impairment loss in respect of assets, other than goodwill, which has been recognised in prior years, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment has been recognised.

3.10 Non-current assets held for sale

Non-current assets retired from active use and held for disposal are stated at the lower of their net book value and net realisable value. Any resultant loss on a disposal group is allocated first to goodwill (if any), and then to remaining

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

assets and liabilities on pro-rata basis, except that no loss is allocated to financial assets, deferred tax assets and employee benefit assets which continue to be measured in accordance with the Group's other accounting policy. Assets and liabilities classified as held for sale are presented separately in the consolidated balance sheet. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in the Consolidated statement of profit and loss.

Once classified as held for sale, property, plant and equipment and intangible assets are no longer depreciated or amortised.

If the criteria for classifying assets to held for sale are no longer met, the Group ceases to classify the assets as held for sale.

The Group measures non-current assets that ceases to be classified as held for sale at the lower of:

- its carrying amount before the assets were classified as held for sale, adjusted for any depreciation, amortisation or revaluations that would have been recognised had the assets not been classified as held for sale, and
- its recoverable amount at the date of the subsequent decision not to sell.

3.11 Projects work-in-progress

Projects work-in-progress represent direct cost incurred against rating and grading cases wherein work has been initiated but rating and grading is yet to be concluded and amount is expected to be recovered.

3.12 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, balances with bank, short-term deposits and investments with original maturities of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cashflows, cash and cash equivalent consists of cash on hand, balances with bank, short-term deposits and investments as stated above, net of outstanding bank overdrafts (if any).

3.13 Foreign currencies

Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency at the exchange rate at the date of the transaction or an average rate if the average rate approximate the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Foreign operations

The assets and liabilities of foreign operations are translated in to Indian rupee, INR. the functional currency of the Company, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated using an average exchange rate if the average rate approximates the actual rate at the date of transaction. All resulting exchange differences recognised in other comprehensive income.

The cumulative amount of the exchange differences is presented in a separate component of equity until disposal of the foreign operation. When the exchange differences relate to a foreign operation that is consolidated but not wholly-owned, accumulated exchange differences arising from translation and attributable to non-controlling interests are allocated to, and recognised as part of, non-controlling interests in the consolidated balance sheet.

On the disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation, recognised in other comprehensive income and accumulated in the separate component of equity, shall be reclassified from equity to profit and loss (as a reclassification adjustment) when the gain or loss on disposal is recognised.

The items of consolidated cash flow statement are translated at the respective average rates (yearly for profit and loss related items and annual for Balance Sheet related items) or the exchange rate that approximates the actual exchange rate on date of specific transaction. The effect of changes in exchange rates on cash and cash equivalents held in a foreign currency is reported separately as part of the reconciliation of the changes in cash and cash equivalents during the period.

3.14 Employee benefits

Short-term employee benefit

All employee benefits which are expected to be settled wholly before twelve months after the end of annual reporting period in which the employees render the related service are short-term employee benefits. Short-term employee benefit obligations are measured on an undiscounted basis and expensed as the related service is provided. A liability is recognised for the amount expected to be paid as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Defined contribution plan

The Indian entities of the Group makes specified monthly contributions towards government administered Provident fund scheme and Employees' State Insurance. Obligation for contributions to defined contribution plan is recognised as an employee benefit expense in profit and loss in the period during which the related services are rendered by employees. The Group has no obligation, other than the contribution payable in the scheme.

Defined benefit plan

The Group's gratuity benefit plan is a defined benefit plan. The gratuity liability for employees of the Holding Company and one of the subsidiary entities viz. ICRA Analytics Limited, is funded through gratuity fund established as a Gratuity Trust. The Group's net obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value of economic benefits and the fair value of any plan assets is deducted.

The calculation of defined benefit obligation is performed as at the Balance Sheet date and determined based on actuarial valuation using the Projected Unit Credit Method by a qualified actuary. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirement.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on government securities as at the Balance Sheet date.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Remeasurements of the net defined liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The respective entity of the Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Consolidated Statement of Profit and Loss.

Other long-term employee benefits

Long-term individual payout ('LTIP') plan and compensated absences are other long-term benefits provided by the Group.

The net obligation in respect of LTIP is the amount of future benefit that employees have earned in return for their services in the current and prior periods; that benefit is discounted to determine its present value.

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by a qualified actuary as at the Balance Sheet date using Projected Unit Credit method on the additional amount expected to be paid/ availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense for non-accumulated compensated absences is recognised in the period in which absences occur.

3.15 Share based payments

The Group recognises compensation expense relating to share-based payments using fair value in accordance with Ind AS 102 'Share based payments'. The estimated fair value of awards is charged to income on a straight line basis over the service period for each separating vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

3.16 Leases

The Group's lease asset classes primarily consist of leases for offices. The Group, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

Group as a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising from owned office premises is accounted for on a straight-line basis over the lease term and is included in other income in the consolidated statement of profit or loss due to its operating nature.

Rental income arising from sub-leasing of office premises is accounted for on a straight-line basis over the lease term and is included in other income in the consolidated statement of profit and loss.

3.17 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future losses are not provided for.

3.18 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the consolidated financial statements.

3.19 Income tax

Income tax comprises current and deferred tax. It is recognised in profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable in respect of previous year. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates enacted or substantially enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis, or simultaneously.

Deferred tax

Deferred tax is recognised for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets is also recognised in respect of unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Deferred tax assets and liabilities are measured using tax rate and tax laws that have been enacted or substantially enacted by the balance sheet date and are expected to apply to taxable income in the year in which those temporary differences are expected to

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

be recovered or settled. The effect of change in tax rate on deferred tax assets and liabilities is recognised as income or expense in the period that includes the enactment or the substantive enactment date. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.20 Earnings per share

The basic earnings per share are calculated by dividing the net profit attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, net profit attributable to equity shareholders during the year and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the year unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Anti dilutive effect of any potential equity shares is ignored in the calculation of diluted earnings per share.

The Group is primarily engaged in the business of Rating, research and other services and Consulting, outsourced and market services etc.

3.21 Corporate social responsibility (CSR) expenditure

The Group charges its CSR expenditure during the year to the Consolidated Statement of Profit and Loss.

3.22 Segment reporting

An operating segment is a component of the group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM"). Revenues, expenses, assets and liabilities, which are common to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been treated as "unallocated revenues/ expenses/ assets/ liabilities", as the case may be.

3.23 Recent accounting pronouncements

On March 23, 2022, the Ministry of Corporate Affairs ("MCA") through notifications, amended the existing Ind AS. The same shall come into force from annual reporting period beginning on or after April 01, 2022. Key amendments and its impact as envisaged by the management is summarised below:

Ind AS 37 - Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct

labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its consolidated financial statements.

Ind AS 109 - Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

Ind AS 106 - Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Group does not expect the amendment to have any significant impact in its consolidated financial statements.

The amendments are extensive and the Group will evaluate the same to give effect to them as required by law.

Nature of reserves

a) Capital reserve

Capital reserve represents profit on sale of shares of the Company by ICRA Employees Welfare Trust ('ESOP Trust').

b) Capital redemption reserve

The Company has bought back equity shares and as per the provisions of the Companies Act, 2013, is required to create capital redemption reserve.

c) Treasury shares

The treasury shares of the Company is used to settle share options exercised by the employees.

d) General reserve

The General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to the Consolidated Statement of Profit and Loss.

e) Foreign currency translation reserve

Exchange differences arising on translation of non integral operations and accumulated in separate reserve within equity. On the disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation, recognised in other comprehensive income and accumulated in the separate component of equity, shall be reclassified from equity to consolidated statement of profit and loss.

f) Retained earnings

This reserve represents undistributed accumulated earnings of the group as on the balance sheet date.

g) Other comprehensive income

Other comprehensive income comprises remeasurement of defined benefit plans, which represents the following as per Ind AS 19, Employee Benefits:

- (a) actuarial gains and losses
- (b) the return on plan assets, excluding amounts included in net interest on the net defined benefit liability (asset); and
- (c) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability (asset)

[#]Amount deposited under protest 35.69 lacs (previous year ₹ 35.69 lakh) against the service tax claims.

The Group is contesting the demand and the management believes that its position will likely be upheld in the appellate process. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Group's financial position and results of operations.

The Supreme Court on February 28, 2019 had provided its judgement regarding inclusion of other allowances such as travel allowances, special allowances, etc. within the expression 'basic wages' for the purpose of computation of contribution of provident fund under the Employees' Provident Fund and Miscellaneous Provisions Act, 1952. There are interpretive challenges on the application of the Supreme Court Judgement including the period from which judgment would apply, consequential implications on resigned employees etc. Further, various stakeholders have also filed representations with Provident fund authorities. All these factors raises significant uncertainty regarding the implementation of the Supreme Court Judgement. Owing to the aforesaid uncertainty and pending clarification from regulatory authorities in this regard, the Indian entities of the Group has not recognised provision for the provident fund contribution on the basis of above mentioned order for past periods till March 31, 2019. However, from April 1, 2019, the entities have started inclusion of such allowances within the expression of 'basic wages' for the purpose of computation of provident fund.

Additionally, the Group is involved in other disputes, lawsuits, claims and/ or regulatory inspections including commercial matters that arise from time to time in the ordinary course of business. The Group believes that none of these matters, either individually or in aggregate, are expected to have any material adverse effect on its consolidated financial statements.

29 During the year ended March 31, 2022, the Company was dealing with following matters which arose in current and/or previous periods:

- (a) The Securities and Exchange Board of India ("SEBI") had enhanced the penalty amount from Rs. 25 lakhs to Rs. 1 crore during the quarter ended September 30, 2020 in respect of an adjudication proceeding initiated by it in relation to the credit ratings assigned to one of the Company's customer and the customer's subsidiaries. The Company had deposited the enhanced penalty amount under protest and had filed an appeal with the Securities Appellate Tribunal contesting the said order. The said appeal is under review. On this matter, the Company also co-operated with other government agencies in relation to queries received from them. Basis the foregoing and the legal counsel opinion obtained, the Company does not foresee any significant adverse implications on the Company.
- (b) The Company had received an anonymous complaint during the quarter ended September 30, 2021, making certain allegations around conflict of interest against two senior officials of the Company, who are no longer in employment. The Company had appointed an external firm to examine the allegations. During the year ended 31 March 2022, the Company has concluded the examination thereof and finalized the necessary action plan. The findings did not indicate any adverse financial impact.

30 Corporate Social Responsibility expenditure

ICRA Limited and ICRA Analytics Limited constituted a Corporate Social Responsibility (CSR) Committee in accordance with Section 135 of the Act, which requires a company, meeting the applicability threshold, to spend at least 2% of its average net profit for the immediately preceding three financial years on CSR activities. Further, as per local regulation requirement, ICRA Nepal Limited needs to spend 1% of profit on CSR activities. The expenditure incurred / to be incurred on CSR activities are as under:

34 Employee benefits

a) Defined contribution plans

The Group makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund and Employees' State Insurance Fund which are the defined contribution plans. The Group has no obligations other than to make the specified contributions. The contributions are charged to the Consolidated Statement of Profit and Loss as they accrue. The amount recognised as an expense towards contribution to these schemes aggregate to ₹ 685.47 lakh for the year ended March 31, 2022 (previous year ₹ 649.29 lacs) and is included in "Employee benefits expense".

b) Defined benefit plans

The Group has a defined benefit gratuity plan, governed by the Payment of Gratuity Act, 1972. Plan entitles an employee, who has rendered at least five years of service, to gratuity at the rate of fifteen days salary for every completed year of service or part thereof in excess of six months, based on the rate of salary last drawn by the employee concern.

For ICRA Limited and ICRA Analytics Limited, the defined benefit plan for gratuity is administered by gratuity trusts which are legally separate from the entities. The trustees of the gratuity trusts are required to act in the best interests of the members and/or their beneficiaries in accordance with the provisions of trust deeds.

This defined benefit plan exposes the group to actuarial risks, such as interest rate risk and market (investment) risk.

	(modifie	d) Ult.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

The estimates of future salary increases, considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Assumptions regarding future mortality are based on the published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumptions.

As at March 31, 2022 the weighted-average duration of the defined benefit obligation was 5 years (March 31, 2021: 5 years).

(v) Sensitivity analysis

Reasonable possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumption constant, would have affected the defined obligation by the amounts shown below:

Particulars	Sensitivity level		Impact on benefit ol	
	As at	As at	As at	As at
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Assumptions				
Discount rate				
Increase	0.5% -1%	0.5% -1%	(37.14)	(40.06)
Decrease	0.5% -1%	0.5% -1%	39.04	42.10
Future salary escalation rate

Decrease	0.5% -1%	0.5% -1%	(31.82)	(34.38)
Withdrawal rate				
Increase	5%	5%	(3.93)	(19.14)
Decrease	5%	5%	(6.90)	7.93

The sensitivity results above determine their individual impact on defined benefit obligation at the end of year. In reality, the plan is subject to multiple external experience items which may move the defined benefit obligation in similar or opposite directions, while the plan's sensitivity to such changes can vary over time.

The following payments are expected in future years:

35 Share based payment

Description of share based payment arrangement

The Group's Employee Stock Option Schemes ("ESOSs") provide for the grant of stock options to eligible employees and whole time directors of the Company and its subsidiaries. The ESOSs are administered through ESOP Trust. The Trust transfers shares to the eligible employees upon exercise of the options by such employees.

During financial year 2018-19, the Group had introduced a new stock option scheme namely "ESOS 2018" effective from June 28, 2018. The grant price shall be as decided by the Nomination and Remuneration Committee ('N&RC') of the Company. The number of options and terms could vary at the discretion of the N&RC. Till March 31, 2022, no options have been granted under ESOS 2018.

Total	2,949.42	3,526.37	2,949.42	3,526.37	

The fair value of the financial assets and liabilities represents amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

- a) The fair values of the quoted investments in equity shares and mutual funds are based on market price and net asset value (NAV) at the reporting date.
- b) For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Management has assessed that fair value of trade receivables, unbilled revenue, cash and cash equivalents, other bank balances, investments, trade payables, other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

38.2 Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

The categories used are as follows:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

The following table provides the fair value measurement hierarchy of the Group's assets and liabilities:

38.3 Financial risk management objectives and policies

Risk management framework

The Board has overall responsibility for establishing and governing the Group's risk management framework. The Board has delegated monitoring and reviewing of the risk management plan to the Risk Management Committee. The Group has constituted a Executive Risk Committee, a Risk management team and functional sub-committees which are responsible for identifying, analysing, mitigating and monitoring risks as per risk management framework. The primary risks and mitigation actions are also placed before the Risk Management Committee and the Board.

The Group is exposed to various risks in relation to financial instruments. The Group's financial assets and liabilities are summarised in note 37.1. The main types of financial risks are market risk (price risk), credit risk and liquidity risk.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes may result from changes in foreign currency rate, interest rate, price and other market changes. The Group's exposure to market risk is mainly due to price risk.

Price risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market prices, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or by factors affecting all similar financial instruments traded in the market. The Group has adopted disciplined practices including position sizing, diversification, valuation, loss prevention, due diligence and exit strategies in order to mitigate losses as defined in board approved investment policy.

The Group is exposed to price risk arising mainly from investment in equity shares and investment in mutual funds recognised at fair value through profit or loss. The detail of such investments are given in note 37.1. If the prices had been higher/ lower by 1% from the market prices existing as at the reporting date, profit would have been increased/ decreased by ₹ 291.66 lakh and ₹ 157.76 lakh for the year ended March 31, 2022 and March 31, 2021 respectively.

b) Credit risk

Credit risk is the risk of financial loss to the Group if customer or counterparty to financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customer and investment in mutual funds and deposits with banks.

To manage credit risk, the Group periodically reviews its receivables from customer for any non-recoverability of the dues, taking into account the inputs from business development team and ageing of trade receivables. The management establishes an allowance for impairment that represents its expected credit losses in respect of trade and other financial assets. The management uses a simplified approach for the purpose of computation of expected credit loss. While computing expected credit loss, the management consider historical credit loss experience adjusted with forward looking information.

Movement in the expected credit loss allowance is as follow:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Loss allowance at the commencement of the year	1,120.33	754.71
Changes in loss allowance, net	(321.32)	365.62

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

Loss allowance at the end of the year	799.01	1,120.33

c) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. For the Group, liquidity risk arises from obligations on account of financial liabilities - Trade payable and other financial liabilities including lease liabilities.

Liquidity risk management

The Group continues to maintain adequate amount of liquidity to meet strategic and growth objectives. The Group's finance department is responsible for liquidity and fund management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Group's liquidity position through forecasts on the basis of expected cash flows.

The table below summarises the maturity profile of the Group's financial liabilities are as under:

As at March 31, 2022	< 1 year	1 to 3 years	> 3 years	Total

Other financial liabilities	870.19	179.82	-	1,050.01
Total	2,126.05	936.09	969.57	4,031.71

38.4 Capital Management

The primary objective of the Group's capital management is to maximise the shareholder value. Equity share capital and other equity are considered for the purpose of group's capital management. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, returns capital to shareholders, issues new shares and raises money through borrowings.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

39 Transfer pricing

The Indian entities of the Group has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income-tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Indian entities of the Group have maintained adequate documentation for the international transactions entered into with the associated enterprises and expect such records to be in existence in accordance with the requirements of the law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the consolidated financial statements, particularly on the amount of tax expense and that of provision for taxation.

The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired. The goodwill is on account of the investment in subsidiaries as of March 31, 2022 and March 31, 2021 respectively. Allocation of goodwill by segments as of March 31, 2022 and March 31, 2021 is as follows:

Knowledge Services (previously known as outsourced and Information	122.53	122.53
services) (Refer note 48)		

Allocation of goodwill to cash-generating units

Goodwill has been allocated for impairment testing purposes to their underlying segment. The recoverable amount is determined based on value in use calculation, which uses future cash flow projections based on financial budgets and plans approved by the management and applicable discount rate.

Budgeted Projections are based on same expected gross margins throughout the period. The cash flows beyond five-year period have been extrapolated using a steady growth rate. As at March 31, 2022, the estimated recoverable amount of the CGU exceeded its carrying amount, hence impairment is not triggered.

Notes to the Consolidated Financial Statements for the year ended March 31, 2022 (Contd.) (All amounts in Rupees lakh, except share data, per share data and where otherwise stated)

The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount.

Following key assumptions were considered while performing Impairment testing

Budgeted Projections: The values assigned to the assumption reflect past experience and are consistent with the management's plans for focusing operations in these markets. The management believes that the planned market share growth per year for the next five years is reasonably achievable.

The values assigned to the key assumption are consistent with external sources of information.

- 12. Pursuant to Section 123(5) of the Companies Act, 2013, and Regulation 12 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, regarding use of electronic payment modes for making payments to investors, Members are requested to update their bank account and latest address details with their respective Depository Participants (for shares held in the electronic form) or submit duly completed NECS mandate forms (available on the Company's website) along with a photocopy of their cheques to the Company's Registrar and Share Transfer Agent, Link Intime India Private Limited (for shares held in the physical form). Our Registrar and Share Transfer Agent will take due note of the same for payment of dividend. Your Company provides Direct Credit (DC), Real Time Gross Settlement (RTGS), National Electronic Clearing Service (NECS) for payment of dividend. Through DC/RTGS/NECS, Members can receive their dividend electronically by way of direct credit to their bank accounts. This obviates problems like loss/fraudulent interception of dividend warrants during postal transit while also expediting payment. It is strongly recommended that Members opt for DC/RTGS/NECS, if not done already. Members may kindly note that DC/RTGS/NECS details are accessed from the Depositories (for shares held in the electronic form) and from the Company's Registrar and Share Transfer Agent (for shares held in the physical form) and used for payment of dividend.
- 13. Members desiring any information on the accounts of the Company are requested to write to the Company at least 10 (ten) days prior to the date of the Annual General Meeting to enable the Company to keep the information ready.
- 14. Members may write to the Company Secretary of the Company for the annual accounts of the subsidiary companies. The annual accounts of the subsidiary companies for the financial year ended March 31, 2022 are available on the website www.icra.in under Investors section. The annual accounts shall also be available for inspection by any Member at the Registered Office of the Company.
- 15. In all correspondence with the Company or with its Share Transfer Agent, Members are requested to quote their Client ID Number and their DP ID Number if the shares are held in the dematerialised form; in case the shares are held in the physical form, they must quote their folio number.
- 16. The Register of Members and Share Transfer Books of the Company shall remain closed from Saturday, July 30, 2022 to Wednesday, August 3, 2022 (both days inclusive) for determining the names of Members eligible to receive the dividend declared, if any, on the equity shares of the Company.
- 17. If the Members approve the payment of dividend at the forthcoming Annual General Meeting, the dividend shall be paid to all those Members whose names appear in the Register of Members as on Friday, July 29, 2022 ("Record Date"), and to all those Members whose names appear as beneficial owners as per the details furnished by National Securities Depository Limited ("NSDL") and Central Depository Services (India) Limited ("CDSL") on the close of business hours as on that date.
- 18. Those Members who have not yet encashed/claimed the dividend of the Company for any/all of the financial years, 2014-15, 2015-16, 2016-17, 2017-18, 2018-19, 2019-20 and 2020-21 are requested to encash/claim the same immediately. In terms of Section 124(5) of the Companies Act, 2013, the Company shall be required to transfer the unclaimed/unpaid dividend of the Company on the expiry of seven years from the date it became due for payment, to the "Investor Education and Protection Fund".

The details of the un-encashed/unclaimed dividend for the FY 2014-15 to FY 2020-21 as on March 31, 2022 are as under:

Dividend for the financial year	Unclaimed/Unpaid Dividend as on March 31, 2022 (Rs.)	Due date of transfer to Investor Education and Protection Fund
2014-15	1,03,752.00	September 15, 2022

2019-20	2,33,566.00	October 28, 2027
2020-21	1,47,234.00	September 2, 2028

Pursuant to Section 124(6) of the Companies Act, 2013 and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 and its amendment Rules, all shares in respect of which dividend has not been paid or claimed for seven consecutive years or more shall be transferred by the Company in the demat account of Investor Education and Protection Fund ("IEPF") Authority within a period of thirty days of such shares becoming due to be transferred to the IEPF as per the procedure mentioned in the said Rules.

- 19. Pursuant to Finance Act, 2020, dividend income will be taxable in the hands of Members w.e.f. April 1, 2020 and the Company is required to deduct tax at source from dividend paid to Members at the prescribed rates. For the prescribed rates for various categories, the Members are requested to refer to the Finance Act, 2021 and amendments thereof. The Members are requested to update their PAN with the Registrar and Share Transfer Agent of the Company, Link Intime India Private Limited (in case of shares held in physical mode) and Depositories (in case of shares held in demat mode).
- 20. A resident individual Member with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by email to delhi@linkintime.co.in by 11:59 p.m. IST on Friday, July 29, 2022. Members are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%.
- 21. Non-resident Members can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits by sending an email to delhi@linkintime.co.in. The aforesaid declarations and documents need to be submitted by the Members by 11:59 p.m. IST on Friday, July 29, 2022.

22. Voting through electronic means

- 1. In compliance with Section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of the Listing Regulations, the Company is pleased to offer electronic voting ("E-voting") facility to the Members to cast their votes electronically on all resolutions set forth in the Notice convening the 31st AGM of the Company.
