(Company Secretary)

Rush to import petrol and diesel has already led to a surge in regional refining margins

ELIZABETH LOW AND DEBJIT CHAKRABORTY

lobal energy markets that have

prices jump just saw a fresh quirk: India,

typically Asia's leading petrol and diesel

exporter, has been forced to step up

37,000 barrels a day in the first half of July,

an eight-month high, according to prelim-

inary data by Vortexa Ltd. Diesel imports.

meanwhile, are set to surge to the highest

since February 2020 at about 69,000 barrels

a day in the period. Refiners such as Indian

Oil Corp and Bharat Petroleum Corp

recently sought to buy diesel for delivery

in June and July. The rare uptick has been

driven by a need to cover local shortfalls

even as India has emerged as a top buver

of shunned Russian crude following the

Petrol imports are set to rise to about

imports of the fuels.

thrown up plenty of anomalies in

2022 as flows get rerouted and

SURGE IN SHIPMENTS

■ Petrol imports are set to rise to about **37,000** barrels a day in the first half of July

■ Diesel imports are set to surge to the highest since February 2020 at about **69,000** barrels a day

■ The heightened import activity from India is shrinking Asia's pool of fuel

invasion of Ukraine, and its refiners go all out to produce fuels. Elevated international product prices have prompted India's private refiners to boost exports, creating a shortage that state processors are now rushing to address with extra imports. The heightened import activity from India is shrinking Asia's pool of fuel supplies at a time when China, which is also a key shipper of diesel and gasoline, has been cutting back. Planned fuel volumes from China for July have been reduced following refin-

to industry consultant OilChem. India's rush to buy petrol and diesel has already driven a surge in regional refining margins for both fuels, according to industry consultancy FGE, which said there have been fuel shortages in the states of Tamil Nadu and Gujarat. The country is expected to keep importing more fuel in the coming months, FGE BLOOMBERG said in a recent note.

Model by laws for states to run primary agri co-ops on cards

Cabinet approves grant of over ₹2,516 crore for computerisation of 63,000 PACS

SANJEEB MUKHERJEE

New Delhi, June 29

The Cabinet on Wednesday approved a grant of over ₹2,516 crore for computerisation of 63,000 Primary Agriculture Cooperative Societies (PACS). According to top officials, this is part of a gamut of measures that the government intends to take to make PACS economically viable.

The measures also include preparing a set of model bylaws for states to run and manage PACS. The model bylaws will enable PACS to offer a host of economic activities other than credit. This includes developing cold-storage facilities in villages, running PDS shops and providing locker facilities for rural depositors. PACS would also act as common service centres for government schemes. This would enable them to work in dairy, fisheries, irrigation and biogas sectors, among others.

Currently, there are 63,000 PACS in the country and the Centre has a target to scale them up to 3 lakh by 2025.

software for centralised monitoring of financial

transactions, around ₹ 4 lakh would be disbursed to each PACS. This will be shared among the Centre, states and NABARD.

The model bylaws, which are being prepared in consultation with states, will ensure that PACS become viable economic entities and are transparent in their functioning," a senior official from the newly-created ministry of cooperation said. At present, PACS fall within For computerisation and development of the jurisdiction of state governments. Though a crucial part of the rural ecosystem, PACS have

been grappling with problems. In fact, many of them have become defunct due to inappropriate financial practices. "The idea is ensuring that whenever a PACS becomes defunct, it is sent for liquidation, And, a new PACS is created in its place, which is transparent and viable," he official said.

He said computerisation of the 63,000 PACS, which will commence this fiscal year, will bring transparency in accounting. It would pave the way for them to diversify into other activities smoothly.

"The existing bylaws do not allow PACS to diversify from their core business. The Union cooperation ministry is in the process of drafting a model bylaw to enable them to offer several services," the official said.

The PACS constitute the lowest tier of the three-tier short-term cooperative credit system in the country, comprising 130 million farmers as members.

They account for 41 per cent (30 million farmers) of the KCC loans given by all entities in the country. Around 95 per cent of these loans (29.5 million farmers) through PACS are to small and marginal farmers.

Will deliver value on price bid for Citi deal, says **Axis Bank**

BHASKAR DUTTA Mumbai, 29 June

India's third largest private sector lender Axis Bank is confident of delivering value on the price that it is paying for Citi's retail business, Sanjeev Moghe, President & Head - Cards & Payments, said on Wednesday.

Moghe was replying to a query regarding recent media reports that spoke of the invocation of a 'clawback' clause in the deal along with a potential reduction in the total payment which Citi would receive because of shrinking customer bases and reve-

"We are very confident of what we have done diligence on, the price that we have bid on.... I think those parameters don't change. he said to reporters.

In March, 2022, Axis Bank said that it would purchase Citi's retail business in a transaction worth Rs 12,235 crore. Moghe said on Wednesday that Axis Bank was confident of the integration happening "smoothly" over a period of 18 to 24

Moghe was speaking at an event announcing a collaboration between Axis Bank and Eazydiner.

The tie-up offers the 3 crore card customers of Axis Bank discounts of up to 40 per cent on certain credit cards and heavy discounts on birthdays in more than 10,000 restaurants.

'Strengthen communication in tough times'

BS REPORTER Mumbai, 29 June

Central banks must strengthen their communication about policy in turbulent times like the coronavirus pandemic and use alternative indicators and data sources, said Reserve Bank of India (RBI) governor Shaktikanta Das on Wednesday.

"Central banks on their part are both producers and users of statistics for policy actions as well as for assessing the outcomes of their actions," he said at the cen-

tral bank's Statistics Day Conference.

"They also need to establish stronger communication of their policies and actions in such turbulent times. Thus, central banks

challenges by focussing on alternative indicators and data sources for monitoring the effects of the pandemic in all its dimensions. More than 95 per cent of National Statistical Offices

(NSOs) had partially or completely stopped face-to-face data collection in May 2020, he said citing a survey by the United Nations and the World Bank.

April and May 2020 were the worst in terms of mobility as the country went into a lockdown in

too had to cope with all these the last week to March 2020 to curb the spread Covid-19. "The Ministry of Statistics and

Programme Implementation was

compelled to publish imputed

figures for Consumer Price Index

(CPI) for two consecutive months during the first wave of the pandemic in 2020 due to immense difficulty in collection of prices for many items." Das said Covid-19 had prompted statistical innovations, but the disruption the disease caused also posed challenges to build public trust in the

No Indian city in QS top-100 list for best higher education UK unveils 75 scholarships on 75th

VINAY UMARJI Ahmedabad, June 29

No city in India is in the top-100 of the Best Student Cities Ranking prepared by global higher education consultancy QS (Quacquarelli Symonds). However, it shows Asia growing as a destination of higher education.

Mumbai, India's highestranked student city, is at 103rd spot, scoring high for affordability but it struggled on metrics for student mix and desirability. Delhi, the second best Indian city on the chart, was ranked 114th,

down from 110 last year. India doubled its representation with two new entries: Chennai (125th) and Delhi (129th).

Crude Oil...

"This will help increase revenue for the government. This decision will attract many national and international companies to do exploration and production in India. We are committed to make a \$4-billion investment and contribute to 50 per cent of India's domestic hydrocarbon output," said Anil Agarwal, chairman of

Vedanta. Anish De, global sector lead, power and utilities, KPMG, and national leader, energy, natural resources and chemicals, KPMG India: "Given that we are an importing nation, marketing freedom practically means no impact on the exchequer. Earlier, who would get how much crude was determined by the government. Now, producers will get the commercial freedom to decide the buyer."

According to a government statement, this move shall ensure marketing freedom for all exploration and production (E&P) operators. The condition in PSCs to sell crude oil to the government or its nominee or government companies shall further spur economic activaccordingly be waived off. ities and incentivise making All E&P companies will now be free to sell crude oil from oil and gas sector. It builds their fields in the domestic market," it said. Government revenues like royalty and

cess will continue to be cal-

across all contracts.

According to industry experts, this decision should help attract investments into ness and facilitating more lyst, HDFC Securities. the sector and may lead to the introduction of exchanges and also e-auction of domestic crude in the longer run.

We welcome the move. This should mostly benefit oil was a buver-dominated market -- once volume was allocated, pricing power used to be minimal for the seller. We may see new trends like e-auction because of this," said P Elango, managing director of Hindustan Oil Exploration Company (HOEC). India's exploration sector

already had marketing and pricing freedom under the Open Acreage Licensing (OALP) Policy and Discovered Small Field (DSF) regimes. The latest decision would mean that crude oil from the New Exploration Licensing Policy (Nelp) and Pre-Nelp regimes would also have the privilege of marketing and pricing freedom. In 2021-22, India's domestic crude oil production was 29.7 mt, while the import was around 212 mt.

"This decision will investments in the upstream on a series of targeted transformative reforms rolled out since 2014. The policies relating to production,

culated on a uniform basis infrastructure, and market- of dollar shortages following ing of oil and gas have been made more transparent with a focus on ease of doing busioperational flexibility to ernment statement added.
