Sub.: NES Data Centre Rents Out Entire 4 MW Infrastructure Facility.

Dear Sir/Ma'am,

In accordance with Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to update our stakeholders on a major milestone achieved by its subsidiary NES Data Private Limited ('NES').

Please refer to the attached press release for a detailed overview of this development.

Kindly take the same on records.

Thanking You,
For TCC Concept Limited

Umesh Kumar Sahay

NES Data Centre Rents Out Entire 4 MW Infrastructure Facility

Pune, 13 December 2024: NES, the Data Centre business subsidiary of TCC, has successfully rented its entire 4 MW IT & Infra Load capacity Data Centre located in Hinjewadi, Pune to a leading Datacentre infrastructure, equipment and services company. This state-of-the-art facility, equipped with cutting-edge technology, represents a significant milestone for NES.

The data centre, designed to support high-density racks across its expansive facility, will provide the client with substantial IT infrastructure and bulk bandwidth capabilities. This marks a major customer acquisition for NES, setting a strong foundation for its operations and growth.

The signing of this contract highlights the trust placed by the client in NES's advanced technology, operational excellence, and the strategic location of the Hinjewadi data centre. This milestone underscores NES's commitment to delivering top-tier data solutions to meet the evolving demands of the industry.

Mr. Umesh Sahay, Managing Director stated that "We are delighted to announce the 100% leasing of our 4 MW NES Data Centre in Pune by a leading Datacentre infrastructure, equipment and services company, showcasing trust in our technology, strategic location, and commitment to excellence. This milestone marks a strong start for NES's journey in the data centre industry."

About NES Data

NES Data, a newly incubated new-age business subsidiary of TCC, provides comprehensive data center solutions. Its offerings include Colocation Services (shared or full rack infrastructure with top-tier reliability), Caged Infrastructure (standard or customized caged solutions for enhanced security), White Space (dedicated floor space for custom-built rack solutions), and Managed Services (24x7 support across three shifts for seamless operations).
