**EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013**

The following statement sets out all material facts relating to the Special Business mentioned under Item No. 5 to 7 of the accompanying Notice:

**ITEM NO. 5**

As per the provisions of Companies (Cost Records and Audit) Amendment Rules, 2014 notified by MCA vide its notification dated 31st December, 2014, Company's activities fall within the purview of Cost Audit requirement. Accordingly the Board, at its meeting held on 30th May, 2019, on the recommendation of Audit Committee, approved the appointment of M/s Ramanath Iyer & Co., Cost Accountants (Firm Registration No. 000019) at a remuneration of Rs. 1.75 /- Lakhs (Rupees One Lakh Seventy Five Thousand only) plus applicable taxes and Reimbursement of Out of pocket expenses incurred, for conducting the Cost Audit of the Cost records of the Company for the financial year 2019-20.

In accordance with the provisions of Section 148(3) of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration as mentioned above, payable to the Cost Auditors, as recommended by the Audit Committee and approved by the Board of Directors has to be ratified by the shareholders of the Company.

Accordingly consent and approval of the shareholders is being sought for passing an Ordinary Resolution as set out the Item No. 5 of the Notice for ratification of remuneration payable to M/s. Ramanath Iyer & Co., Cost Accountants (Firm Registration No. 000019) for financial year 2019-20.

None of the Directors of the Company, the Key Managerial Personnel of the Company or their relatives are, in any way concerned or interested financially or otherwise in the aforesaid resolution.

The Board recommends the Ordinary Resolution set out at Item No. 5 of the Notice for your approval.

**ITEM NO. 6**

The Shareholders vide their Special Resolution dated 30th September, 2016 approved the re-appointment of Mr. Dinesh Oswal as Managing Director of the Company for a period of five years w.e.f. 1st January, 2017 at remuneration specified in the Resolution.

However, due to expected inadequacy of profits, the Company made an application to the Central Government, Ministry of Corporate Affairs under Section 197 of the Companies Act, 2013 seeking approval for payment of remuneration to Mr. Dinesh Oswal as approved by the Shareholders. The Central Government, Ministry of Corporate Affairs, vide their letter SRN G41287038/2017-CL.VII dated 26th December, 2017 gave the approval for payment of remuneration as mentioned in the letter, to Mr. Dinesh Oswal, Managing Director for three financial years commencing from 1st January, 2017 upto 31st December, 2019. The total remuneration as mentioned in the Central Government's letter dated 26th December, 2017 was subject to the approval of the company in General Meeting as required by Section 197 (1) of the Companies Act, 2013. Accordingly, the shareholders in their Meeting held on 28th September, 2018 approved the payment of remuneration to Mr. Dinesh Oswal, Managing Director for three financial years commencing from 1st January, 2017 upto 31st December, 2019 as mentioned in the Central Government's Letter.

However, in the current year, slackness in the global demand coupled with high cotton prices and changing Global textile Scenario, because of Trade Dispute between Countries has severally affected Textile Sector. It is expected that Company's profitability will not be sufficient to pay the remuneration to the Managing Director as per the shareholder's approval vide their Special Resolution dated 30th September, 2016.

Pursuant to the provisions of Section 197 read with Schedule V of the Companies Act, 2013 as amended by Companies (Amendment) Act, 2017 which has become effective since September 12, 2018, in case of no profits or inadequate profits as calculated under section 198 of the Act, the Company may pay remuneration to the managerial person in excess of the ceiling limits as specified in the Schedule V subject to the approval of shareholders by way of Special resolution.

Having regard to above, the Board on the recommendation of Nomination and Remuneration Committee hereby seeks your approval for payment of Remuneration to Mr. Dinesh Oswal as already approved by Shareholders on 30th September, 2016 vide Special Resolution and also mentioned in the proposed Resolution, as 'Minimum Remuneration' for two years commencing from January 1, 2020 till the expiry of his current term i.e. upto December 31, 2021.

Mr. Dinesh Oswal may be deemed to be concerned or interested in the aforesaid resolution. Mr. Jawahar Lal Oswal (Chairman) and Mr. Kamal Oswal (Director), being relatives of Mr. Dinesh Oswal may be deemed to be concerned or interested in the said resolution.

None of the other Directors and Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the aforesaid resolution.

The Resolution as given in the notice may also be treated as an abstract of terms of Contract of Appointment under the provisions of Section 190 of the Companies Act, 2013.

The draft of revised appointment agreement containing the details of revised salary, to be entered into between the Company and Sh. Dinesh Oswal, is available for inspection at the Registered Office of the Company

The Board recommends the Special Resolution set out at Item No. 6 of the Notice for your approval.

**ANNEXURE - VI****MANAGEMENT DISCUSSION AND ANALYSIS REPORT****ECONOMIC SCENARIO**

The Global economic activity is slowing down because of bruising trade War between U.S.A and china and other Geo Political uncertainty. The advance economies like U.S.A. and Europe etc., has shown either decelerated growth or moderate growth. In major emerging economy too, the economic activity remained weak due to slackness in global demand.

The Indian economy has also been severally affected. Seeing the prevailing scenario the Reserve Bank of India through its Monetary Policy statement has revised the G.D.P. from 7 percent to 6.9 percent. The private consumption, the mainstay of aggregate demand and economics activity continues to remain sluggish. The Central Government is making strenuous efforts to address the growth concern by boosting aggregate demand. Recently, the Reserve Bank of India has also reduced the repo rate, which augurs well for the economy. It is expected that the economic reforms initiated by the Government will start yielding positive results for the economy in the coming periods. The Government should also announce Fiscal stimulus to boost the sagging fortunes of the economy.

**INDUSTRY STRUCTURE AND DEVELOPMENTS**

The Indian Textile Industry is one of the largest in the World enjoying its presence in the entire value chain i.e. cotton, yarn, fiber and apparel. The uniqueness of the industry lies in its strength both in the organized and unorganized Sector. The unorganized and small players which suffered initially because of the teething problems in the implementation of the Goods and Services Tax, has successfully tackled the problems and have started their Journey on the growth path. The Textile Industry continues to hold a dominant position in country's economic structure because of its huge contribution towards employment generation, Industrial Output and Export earnings. The importance of the industry is evident from the fact that it is sustaining livelihoods of 45 million people by providing them employment directly, contributing 7% of Industry output in value term 4% to India's GDP, 14% to Index of Industrial Production(IIP) and contributing 15% to the country's total exports basket.(Source Annual Report 2017-18 of Ministry of Textiles).

As per current estimation, size of Indian Textile Industry is around \$137 billion but the Government of India through its National vision document has set the target for Indian Textile and apparel industry to \$350 billion by 2025. With this ambitious target the industry can change the job scenario and manufacturing landscape.

The Government is fully conscious of its role in achieving this ambitious target and therefore is taking several Initiatives in the form of policies and programmes for the Textile sector so that India becomes a Global Textile Hub.

Recently, on 8th March, 2019 the Ministry of Textile has notified the Scheme for Rebate of State and Central Taxes and Levy (ROSCTL) for export of Garment and made ups, to enhance their competitiveness in the Global Market. Your Management is quite optimistic that Industry with the support of favourable Government Policies and Programmes will be able to increase its share in Global Textile Markets.

In line with the global trends and to remain competitive, your company continues to modernize, upgrade and expand its capacities so that it remains globally competitive in terms of cost and quality.

**OPPORTUNITIES AND THREATS**

We would like to inform that presently India's share in the Global Textile export is just 5% which is minuscule as compared to China's share of 38%. The escalating tariff war between the two largest economies of the world U.S.A and China, has provided an opportunity to the Indian Textile Industry to attract the Global buyers who are looking for an alternative location outside China. India offers an ideal alternative, as two major things required to run textile Industry are cotton and work force and they are abundantly available in the country. The Textile Industry must effectively utilize its fundamental strength of strong production base, availability of good quality raw cotton, skilled man power etc. and become a Textile hub for the International Buyers. This is a huge opportunity and it must be availed by the Textile Industry.

Besides India's consumption growth story, driven by favourable demographic trends and rising disposable income are still present and will further push the growth of the textile industry. The Indian economy is emerging as a growth engine of the world and seeing huge opportunity of the retail sector in domestic markets several international players like Mark & Spencer, GAP, IZOD etc. have already established their presence in the Indian markets which will also create opportunity for the Textile Industry in the Domestic Market. Further, the Growth of the Indian E-Commerce companies like Amazon, Flipkart, Jabong and Myntra etc. has also provided an opportunity to the Indian Textile Industry to Increase its business in domestic Market.

Though, the outlook for the textile Industry is positive but it is facing the problem of stagnation in exports. The reduction in the duty drawback rates, High rate of interest, Blockage of capital due to slow refunds and slow down in the lending for fresh projects by the Bank are cause of concern for the Textile Industry. This will blunt the cost competitive advantage against the global competitors and may affect exports of the country. Moreover, the slow down in the world economies are also a cause of concern for the Textile Industry, as they are affecting Textile Exports of the country.

The relative success of the Spinning Industry is dependent on the availability of Raw Cotton at reasonable prices. The Raw cotton is the main Raw material (constituting approx. 60% of the total cost) for the manufacture of cotton yarn and it is dependent on the Nature i.e. Good/Bad Monsoon. So availability of raw cotton at reasonable prices is crucial for the spinning Industry. Any significant change in raw cotton prices can affect the performance of the Industry.

The Textile Industry is also not free from normal business risks and threats. The Textile exports continues to face stiff challenges from the small countries like Bangladesh, Vietnam, Sri Lanka, Pakistan and Taiwan etc., who have got the preferred treatment from the countries of European union and U.S. The currency fluctuations are also impacting the financial performance of the Textile Industry. The above mentioned factors have had and will continue to have a significant bearing on the financial performance of the Industry in the coming period too.

To enable the Industry to meet the global challenges, the Government through Policies should support the industry by working out suitable strategies/ policies so that Textile Industry is able to enhance its competitive advantage to achieve sustained growth in Exports as well as Domestic markets. The Industry on their part should also continuously modernize and upgrade its Technology to maintain its core competence and convert it into the competitive edge over others.

#### **FUTURE OUTLOOK**

We would like to inform you that the year gone by has been good for the Textile Industry but the current year has posed serious problems for the Textile Industry. The economic slow down in the world economies has lowered the demand for the Textile products resulting fall in the International prices. The high cotton prices coupled with slackness in global demand are affecting the fortunes of the Textile Industry. In the present Textile scenario, earning reasonable margins has become a challenging task because of which spinning mills have already cut down their production in the past few months. Even some mills have close down their operation because of the prevailing adverse factors. The future is still not clear. Your management is looking at the future with optimism and expects that situation will improve for better in the second half of the current financial year.

We expect that in this difficult period, Government will support the Spinning industry in the form of favorable Textile policies, incentives and other benefits which are of paramount importance for the future growth of the Industry.

#### **RISK AND CONCERNS**

No industry is free from normal business risk and concerns. Indian Textile Industry continues to face stiff competition from China, Bangladesh, Taiwan Sri Lanka and other emerging economies. The relative competitiveness of Industry is dependent upon the raw cotton prices, exchange rates and prevalent interest

rates regime. The primary raw material for the manufacturing of yarn is cotton with share of around 60% of total cost. Cotton being an agriculture produce, its supply and quality are subject to forces of nature i.e. Monsoon. Any increase in the prices of raw cotton will make the things difficult for the Textile Industry resulting weak demand and thin margins. Thus availability of raw cotton at the reasonable prices is crucial for the spinning industry. Any significant change in the raw cotton prices can affect the performance of the Industry.

The high rate of interest is affecting the financial performance of the textile industry. The Spinning industry being more capital intensive requires huge funds, long term as well as short term in the form of working capital for its running. The government must support the industry by providing cheap finance so that the industry remains financially viable. Moreover slow down in the lending for fresh projects by the Bank are also affecting expansion programme of the Industry. Though RBI has taken some remedial measures in this regard but still a lot more is required so that the Textile Industry could meet the challenges ahead.

In addition to the above, the other concerns like reduction in the duty drawback, higher transaction costs, high cost of labour, continuously increasing prices of raw material are posing a risk to the growth of Indian Textile Industry. The Government should extend a helping hand to the existing Textile Units so that they can become globally competitive and contribute towards the growth of the country.

#### **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company is maintaining an efficient and effective system of Internal Financial Control for facilitating accurate compilation of financial statements. The company's Internal Control systems are designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with procedures, laws and regulations. The Company's Internal Control system commensurate with the nature of its business and the size of its operations. In order to further strengthen the Internal Control system and to automate the various processes of the business, company is making use of Enterprises Resource Planning (ERP).

The Company has also appointed S.C. Vasudeva & Co., Chartered Accountants Firm, as Internal Auditors of the Company for the financial year 2019-20. The Company is also having Internal Audit Department to test the adequacy and effectiveness of Internal Control Systems laid down by the Management and suggests improvement in the systems. Internal Audit Reports are discussed with the Management. During the year, Company's Internal Controls were tested and no reportable weakness in the system was observed.

Apart from this, an Audit Committee consisting of three

non executive directors has been constituted. All the significant audit observation and follow up action thereon are taken care of by the Audit Committee. The Audit Committee met four times during the financial year under review. The Company has also established a Vigil Mechanism as per section 177(9) of Companies Act, 2013 read with Rule 7 of the Companies (Meeting of Board and its Powers) Rules, 2014.

#### **FINANCIAL OPERATION AND PERFORMANCE**

The Company is operating in single segment only i.e. Textile. We are pleased to inform you that during the year under review, company performed exceedingly well. It achieved a total income from operations of Rs. 2,317.85 crores as against Rs. 2,142.19 crores showing an increase of 8.20% over the previous year. On profitability front too, the company substantially improved its performance and earned a net profit Rs. 65.72 crores as against loss of 32.18 crores. The detailed performance has already been discussed in the Director's Report under the column 'Operational Review and State of Affairs'.

#### **MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS**

Beyond Balance Sheet lies Company's singly biggest Asset Human Resources. The Company is of firm belief that the Human Resources are the driving force that propels a Company towards progress and success. The Company continued its policy of attracting and recruiting the best available talent so that it can face business challenges ahead. The Company also offers attractive compensation packages to retain and motivate the professionals so that they can give their best. The total permanent employee's strength of the Company was 14486 as on 31st March, 2019. The industrial relation continued to remain cordial during the year.

#### **SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS**

The SEBI LODR (Listing Obligation and Disclosure Requirement) (Amendment) Regulations, 2018 has mandated that Company should provide detail of Significant Changes in Key financial ratios. We would like

to inform you that in the following key financial ratios there have been Significant Change as compared to the last year:

Particulars	Financial Year 2018-19	Financial Year 2017-18
INTEREST COVERAGE RATIO EBIT/Finance Cost	2.89	0.07
DEBT EQUITY RATIO Long term debt/Equity	0.14	0.22
OPERATING PROFIT MARGIN RATIO Gross Profit/Turnover	11.68	6.31
NET PROFIT MARGIN RATIO Net Profit/ Turnover	2.82	-1.51
CHANGE IN RETURN ON NET WORTH PAT/Networth	11.36	-3.93

As the members must be aware that year 2017-18 was a very difficult period for Textile Industry and the company suffered a loss of Rs. 31.20 Crores resulting adverse impact on the Interest coverage Ratio, Operating Profit Margin Ratio, Net Profit Margin Ratio and Change In Return on Net Worth. Further, change in Debt Equity ratio is primarily on account of repayment of Log Term Debt and partially because of improvement in financial performance during the current year. Your management is quite optimistic that the performance will improve in the coming period.

#### **CAUTIONARY STATEMENT**

Though the statement and views expressed in the above said report are on the basis of best judgment but the actual future results might differ from whatever is stated in the report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, but does not include the standalone financial statements and our auditors' report thereon. The Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. When we read the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable,

matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to

draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section

133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
  - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of NAHAR SPINNING MILLS LIMITED of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **NAHAR SPINNING MILLS LIMITED("the Company")** as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an

understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based

on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Nahar Spinning Mills Limited is engaged in the business of manufacture of cotton yarn/blended yarn and hosiery knitwears. The company is a public Limited company domiciled in India and is incorporated under the provisions of Companies Act applicable in India, Its shares are listed in recognized stock exchanges of India. The registered office of the company is located at 373, Industrial Area 'A', Ludhiana.

**II. Significant accounting policies**

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

**(a) Basis of Preparation****(i) Compliance with Ind AS**

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies Indian Accounting Standard Rules, 2015 notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act. The Financial statements of the company for the year ended 31 March, 2019 have been approved by the Board of Directors at their meetings held on 30th May, 2019.

The financial statements of the company have been prepared on going concern basis and historical cost basis except certain financial assets and liabilities measured at fair value and defined benefit plans- assets measured at fair value.

The Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**(ii) Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

**(iii) Current/Non-current classification :**

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

**(b) Foreign currency translation**

Items included in the financial statements of each of the company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of profit and loss.

**(c) Revenue recognition**

(i) Revenue arises mainly from the sale of manufactured and traded goods.

To determine whether to recognise revenue, the Company follows a 5-step process:

1. Identifying the contract with a customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue is measured at fair value of consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and service tax, etc.

Revenue is recognised either at a point in time or over time, when (or as) the Company satisfies performance

obligations by transferring the promised goods or services to its customers.

*Sale of goods*

Revenue from sale of goods is recognised when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods.

*Rendering of services*

Revenue from services is recognised as and when the services are rendered and on the basis of contractual terms with the parties.

- (ii) **Export Incentives**- Export incentives are recognised on post export basis.
- (iii) **Interest income** - Interest income from debt instruments is recognised using the effective interest rate method.
- (iv) **Dividend income** - Dividends are recognised in profit or loss only when the right to receive payment is established
- (v) **Rental Income**- Rental income is accounted for on accrual basis.
- (vi) **Scrap** (i.e empties, wastage etc. Other than production ) is accounted for on sale basis
- (vii) **Income and other Claims** -Revenue in respect of claims is recognised when no Significant uncertainty exists with regard to the amount to be realised and ultimate Collection thereof .

**(d) Government Grant**

Grants from the government are recognised at their fair value when there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grant relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to purchase of property, plant and equipment are included in non-current liabilities as deferred income and are recognised in the statement of profit or loss over the period of useful life of asset.

**(e) Income Tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction by the end of the reporting period adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. . Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In that case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

**(f) Trade receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

**(g) Cash and Cash Equivalents :**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other bank balances and bank overdrafts.

**(h) Inventories**

Inventories are valued at cost or net realizable value, whichever is lower. However to determine the cost, the following methods are adopted:-

- 1 a) For Raw Material on moving weighted average method plus direct expenses.  
b) For Stores and Spares on moving weighted average method plus direct expenses  
c) For Work - in - Process, cost of Raw Material plus appropriate share of manufacturing expenses/relevant Overheads/conversion cost depending upon the stage of completion.
- 2) For Finished goods, cost of raw material plus conversion costs, packing cost and other overheads incurred to bring the inventories to their present condition and location.
- 3) Further Wastage and Rejections are valued at net realizable value only.
- 4) Goods in Transit are valued at cost.

**(i) FINANCIAL ASSETS****(i) Classification**

- The company classifies its financial assets in the following measurement categories -
- Those to be measured subsequently at fair value (either through other comprehensive income or through Statement of profit and loss), and
- Those measured at amortised cost

The classification depends on the company's business model for managing the financial assets and the contractual terms of cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at the fair value through other comprehensive income.

**(ii) Measurement**

At initial recognition, the company measures a financial asset at its fair value plus transaction cost that are directly attributable to the acquisition of the financial asset. In the case of a financial asset at fair value through profit or loss, transaction costs of financial assets are expensed in the Statement of profit and loss.

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss.

**(iii) Impairment of financial assets**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less cost of disposal and its value in use.

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

**(iv) Derecognition of financial assets**

A financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

**(j) Impairment of Non-Financial assets**

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable amount. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from assets or group of assets (cash-generating units). Non-Financial assets suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period

**(k) Non- Current assets held for sale:**

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their carrying amount and fair value less cost to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt

Non-current assets are not depreciated or amortised while they are classified held for sale. Interest and other expenses attributable to the liabilities of disposal, company classified as held for sale, continue to be recognised.

**(l) Derivatives that are not designated as hedges**

The company enters into certain derivatives/forward contracts to hedge foreign currency risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss

**(m) Property, plant and equipment**

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment if any. Cost directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use.

**Depreciation methods, estimated useful lives and residual value**

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in the Schedule II to the Companies Act, 2013.

- a) In Garment Division at Ludhiana, depreciation is charged on W.D.V. basis
- b) In all other units, depreciation is charged on Straight Line basis

The residual values are not more than 5% of the original cost of the assets.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other 'non-current assets' and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

**(n) Investment Properties**

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and cost of the item can be measured reliably.

Investment properties are depreciated using the written down value method over the useful life of 60 years.

**(o) Intangible assets****Computer software**

Computer software are stated at cost less accumulated amortisation and impairment ,if any.

**Amortisation methods and periods**

The company amortises the computer software with a finite useful life over the period of 6 years.

**(p) Trade and other payables**

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid.

**(q) Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period

**(r) Borrowing costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

**(s) Provisions and contingent liabilities**

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

**(t) Employee benefits**

**(i) Short term obligations**

Liabilities for wages and salaries, including non-monetary benefits if any, that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

**(ii) Other long term employee benefit obligations**

The liabilities if any, which needs to be settled after 12 months from the end of the period in which the employees render the related services are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method.

**(iii) Post-employment obligations**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Re measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

**(iv) Defined contribution plans**

Contribution to Provident Fund is made in accordance with the provisions of the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and is charged to the Statement of Profit and Loss.

**(u) Estimates and judgements**

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management has made judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities as at the date of financial statements and reported amount of income and expenses during the period.

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Designation of financial assets /liabilities through FVTPL
- Estimation of defined benefit obligation
- Recognition of deferred tax assets for carried forward tax losses

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on company and that are believed to be reasonable under the circumstances.

**(v) Cash Flow Statement :**

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS)-7 "Statement of Cash Flows" using indirect method for operating activities.

**Recent accounting pronouncement**

In March 2019, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying amendments to Ind AS 12, 'Income taxes', Ind AS 19, 'Employee benefits', Ind AS 23, 'Borrowing costs and also Ind AS 116 'Leases'. These amendments rules are applicable to the Company from 1 April 2019.

**Ind AS 116- Leases:**

On 30 March 2019, MCA has notified Ind AS 116, Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees - leases of 'low-value' assets and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under Ind AS 116 is substantially unchanged from today's accounting under Ind AS 17. Lessors will continue to classify all leases using the same classification principle as in Ind AS 17 and distinguish between two types of leases: operating and finance leases.

The standard permits two possible methods of transition:

- Full retrospective - Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors.
- Modified retrospective - Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application

Ind AS 116, which is effective for annual periods beginning on or after 01 April 2019, requires lessees and lessors to make more extensive disclosures than under Ind AS 17. The Company is evaluating the requirements of this new standard on its financial statements.

**Appendix C to Ind AS 12, Uncertainty over income tax treatment:**

The Interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of Ind AS 12 and does not apply to taxes or levies outside the scope of Ind AS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The Interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately
- The assumptions an entity makes about the examination of tax treatments by taxation authorities
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates
- How an entity considers changes in facts and circumstances

An entity has to determine whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty should be followed.

The standard permits two possible methods of transition:

- Full retrospective approach - Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and
- Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The interpretation is effective for annual reporting periods beginning on or after 01 April 2019. The Company is evaluating the impact of this amendment on its financial statements.

**Amendments to Ind AS 19, Plan amendment, curtailment or settlement:**

The amendments to Ind AS 19 address the accounting when a plan amendment, curtailment or settlement occurs during a reporting period. The amendments specify that when a plan amendment, curtailment or settlement occurs during the annual reporting period, an entity is required to:

- Determine current service cost for the remainder of the period after the plan amendment, curtailment or settlement, using the actuarial assumptions used to remeasure the net defined benefit liability (asset) reflecting the benefits offered under the plan and the plan assets after that event
- Determine net interest for the remainder of the period after the plan amendment, curtailment or settlement using: the net defined benefit liability (asset) reflecting the benefits offered under the plan and the plan assets after that event; and the discount rate used to remeasure that net defined benefit liability (asset).

The amendments also clarify that an entity first determines any past service cost, or a gain or loss on settlement, without considering the effect of the asset ceiling. This amount is recognised in profit or loss. An entity then determines the effect of the asset ceiling after the plan amendment, curtailment or settlement. Any change in that effect, excluding amounts included in the net interest, is recognised in other comprehensive income.

The amendments apply to plan amendments, curtailments, or settlements occurring on or after the beginning of the first annual reporting period that begins on or after 01 April 2019, with early application permitted. These amendments will apply only to any future plan amendments, curtailments, or settlements of the Company. The Company does not expect any impact on its financial statements of such amendment.

**Amendments to Ind AS 23 Borrowing costs:**

The amendments clarify that an entity treats as part of general borrowings any borrowing originally made to develop a qualifying asset when substantially all of the activities necessary to prepare that asset for its intended use or sale are complete.

An entity applies those amendments to borrowing costs incurred on or after the beginning of the annual reporting

period in which the entity first applies those amendments. An entity applies those amendments for annual reporting periods beginning on or after 01 April 2019, with early application permitted. The Company is evaluating the impact of this amendment on its financial statements.

**27. Contingent Liabilities not Provided for:**

- a) Excise/Service/Sales Tax/Income Tax/ Other Government Authorities have raised demands of Rs. 525.26 Lacs (31 March 2018:Rs.499.23) out of Which a sum of Rs. 19.90 Lacs (31 March 2018: Rs. 13.90 lacs) has been deposited against said demand. Further these demands have been contested in appeal and no Provision has been made in the financial statement.
- b) The Madhya Pradesh Government's Ordinance to collect cess on Captive Power generation was declared ultravires by the Hon'ble Supreme court vide order dated 09/12/2003. But the State Government subsequently enacted an Act namely M.P.Upkar (Sanshodhan Tatha Vidhimanyatakarar) Adhinyam 2004 on 15th April 2004 which deemed to have come in to force from 29.06.2001. After the above act, the M.P.High Court passed an order dated 31/08/2007 to collect the dues of Cess from Captive Power plant users along with interest. According to this order, on the disputed amount, Rs. 217.16 Lacs (31 March 2018: Rs.205.53 lacs) is payable as interest. The above referred order has been challenged by some actual users in Hon'ble Supreme Court and matter being sub-judice, hence liability has not been provided for in the books.
- c) The Company has given Corporate Guarantees for Rs. Nil Lacs (31 March 2018:Rs. 4,000 Lacs) to the term lenders in respect of financial assistance granted to M/s Nahar Poly Films Limited, Ludhiana.
- d) Levy of Entry Tax on certain items including yarn by the Punjab Government is subjudice before the Hon'ble Punjab & Haryana High Court. The Punjab Government has deferred the same subject to undertaking by the company that if the same is hold valid by the Hon'ble High Court, then company will deposit the same w.e.f the date of undertaking. The amount of such entry tax is Rs. 153.50 Lacs (31 March 2018: Rs.153.50 Lacs). It has no material effect on the profitability of the company as either company will get refund or get ITC of the same.

**32. Significant accounting judgements, estimates and assumptions**

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

**Defined benefit plans (gratuity benefits)**

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables end to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 36.

**Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**Impairment of non-financial assets**

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculations based on a DCF model.

**33. Financial risk management objective and policies**

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

**(A) Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risks. Financial instruments affected by market risk include loans and borrowings, deposits and payables/receivables in foreign currencies.

**a) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The company is carrying its borrowings primarily at variable rates. For floating rates borrowings the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point Increase or decrease is used when reporting interest rate risk internally to Key management personnel and represents management's assessment of the reasonably possible change in interest rates

	<b>31st March</b>	<b>(Rs. in Lacs)</b>
	<b>2019</b>	<b>31st March</b>
		<b>2018</b>
Variable rate borrowings	<b>84,347.68</b>	81,697.54
Fixed rate borrowings	<b>4,326.82</b>	17,948.26

**Interest rate sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	<b>Effect on Profit before tax</b>	
	<b>31st March 2019</b>	<b>31st March 2018</b>
Increase by 50 basis points	<b>(421.74)</b>	(408.49)
Decrease by 50 basis points	<b>421.74</b>	408.49

**b) Foreign currency risks**

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in international currencies as part of the business is transacted in foreign currencies and consequently the company is exposed to foreign exchange risk. The Company's exposure in foreign currency is in loans, trade receivables and advances and trade payables.

	<b>USD</b>	<b>USD</b>
Forward contracts against exports	164.29	283.05
Forward contracts against imports	37.00	-

**iii) Price risk**

The Company's exposure price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments, the Company diversifies its portfolio of assets.

**B) Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables)

**Credit risk management**

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

(i) Low credit risk on reporting date

(ii) Moderate credit risk

The Company provides for expected credit loss based on the following:

<b>Assets Group</b>	<b>Basis of Categorisation</b>	<b>Provision for expected credit loss</b>
Low credit risk	Cash and cash equivalents, other bank balances, loans, trade receivables and other financial assets	12 month expected credit loss
Moderate credit risk	Trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment.

Recoveries made are recognised in statement of profit and loss.

#### **Cash & cash equivalents and bank deposits**

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

#### **Trade receivables**

Credit risk related to trade receivables are mitigated by taking bank guarantees/letter of credit, from customers where credit risk is high. The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become one year past due.

#### **Other financial assets measured at amortised cost**

Other financial assets measured at amortized cost includes loans and advances to employees, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

#### **i) Trade Receivables**

Customer credit risk is managed by each business location subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed and individual credit limits are defined in accordance with the assessment both in terms of number of days and amount.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 5.2. Trade receivables are unsecured but considered goods subject to provision made thereon.

**(C) Liquidity risk**

The Company monitors its risk of a shortage of funds by estimating the future cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, cash credit facilities and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturity within 12 months can be rolled over with existing lenders. The Company has access to the following undrawn borrowing facilities at the end of the reporting periods -

	<b>31st March 2019</b>	31st March 2018

**34. Capital Management**

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions

and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade payables, less cash and cash equivalents.

	<b>31st March 2019</b>	31st March 2018
Borrowings	<b>88,674.50</b>	99,645.80
Trade payables	<b>2,836.88</b>	6,678.54
Less: Cash and cash equivalents	<b>118.70</b>	178.21
<b>Net debt</b>	<b><u>91,392.68</u></b>	<u>106,146.13</u>
Equity	<b>87,696.18</b>	81,855.23
<b>Capital and net debt</b>	<b><u>1,79,088.86</u></b>	<u>188,001.36</u>
Gearing ratio	<b>51.03</b>	56.46

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March 2019 and 31st March 2018.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2. value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

**c. Fair value of financial assets and liabilities measured at amortised cost**

<b>Total financial liabilities</b>	<b>82,182.16</b>	<b>82,182.16</b>	<b>88,629.09</b>	<b>88,629.09</b>

The carrying amounts of trade receivables, trade payables, advances to employees, cash and cash equivalents and other bank balances are considered to be the same as their fair values, due to short term nature.

The fair values for security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

## INSTRUCTIONS

### 1. General Instructions:

- a. There will be one Ballot Form/e-voting for every Client ID No./Folio No., irrespective of the number of joint holders.
- b. Members have option to vote either through remote e-voting or through Ballot Form at the AGM. If a member has casted vote via remote e-voting, then vote cast by him/her via ballot form at the AGM shall be considered as invalid.
- c. Voting in the e-voting cannot be exercised by a proxy. However, corporate and institutional members shall be entitled to vote through their authorised representatives with proof of their authorization, as stated below under instruction no. 2(b).
- d. Any query in relation to the Resolutions proposed to be passed at the ensuing AGM may be addressed to Company Secretary, at the Registered Office of the Company.
- e. The Scrutinizer's decision on the validity of a Ballot/E-voting shall be final and binding.

### 2. Instructions for voting physically by Ballot Form:

- a. This Form must be completed and signed by the Member who is desirous of exercising his/her vote at the 39<sup>th</sup> Annual General Meeting, as per specimen signature registered with the Company or Depository Participant, as the case may be. In case of joint holding, this Form must be completed and signed (as per the specimen signature registered with the Company) by the first named Member and in his/her absence, by the next named Member.
- b. In respect of shares held by corporate and institutional members (companies, trusts, societies, etc.), the completed Ballot Form should be accompanied by a certified copy of the relevant Board Resolution/appropriate authorization, with the specimen signature(s) of the authorized signatory(ies) duly attested.
- c. Voting rights shall be reckoned in proportion to the paid-up equity shares registered in the name of the Member as on cut off date i.e. 23<sup>rd</sup> September, 2019.
- d. The consent must be accorded by recording the assent in the column 'FOR' or dissent in the column 'AGAINST' by placing a tick mark (√) in the appropriate column in the Ballot Form. The assent or dissent received in any other form shall not be considered valid.
- e. Members are requested to fill the Ballot Form in indelible ink and avoid filling it by using erasable writing medium(s) like pencil.
- f. Incomplete, unsigned or incorrectly ticked Ballot Forms will be rejected.
- g. The Scrutinizer shall immediately after the conclusion of Annual General Meeting first count the votes cast at the meeting, thereafter unblock the votes cast through remote e-voting in the presence of atleast two witnesses not in the employment of the Company and make, not later than three days of conclusion of the meeting, a Consolidated Scrutinizer's Report of the total votes cast in the favor or against, if any, forthwith to the Chairman of the Company.
- h. The results declared along with the consolidated scrutinizer's report shall be placed on the website of the Company [www.owmnaahar.com](http://www.owmnaahar.com) and on the website of CDSL [www.cdslindia.com](http://www.cdslindia.com).
