Brass fittings and forging specialty. The Company has a truly global presence with an unparalleled clientele in USA, Europe, Australia, Canada, South Africa, UAE & India. The high quality Products, Technical knowledge & infrastructure enable Company to encompass global markets.

Sprayking, a leading forging company renowned for its commitment to innovation and excellence, has its state-of-the-art Research and Development (R&D) facility. This cutting-edge facility represents a belief of Company in advancing forging technologies and processes, further solidifying Sprayking's position as an industry leader in its region.

Recent remarkable Development in the Company:

The company bought a new manufacturing facility in Gujarat's Jamnagar. Like the company's current manufacturing facility, the unit will produce brass and forging components and parts. This 3,000 square meter modern manufacturing plant is spread out. The company's market position will be strengthened with the installation of this production plant.

In an effort to grow the company, Sprayking Limited (Formerly known as Sprayking Agro Equipment Limited) recently purchased more than 51% share in M/s. Narmada Brass Industries. Mr. Hitesh Dudhagra founded the partnership venture Narmada Brass Industries in 2019. Narmada Brass produces copper brass goods at its own production facility. The manufacturing facility can produce 2,000 tons of forged goods annually. With this acquisition, the business is expanding rapidly and meeting new orders from the domestic and international markets.

Acquired its new manufacturing facility at Jamnagar, Gujarat with the view of expansion. The unit will be manufacturing brass and forging components/parts similar to the existing manufacturing facility of the Company. This new Manufacturing facility is spread over 3,000 sq. mtr which has been acquired by the Company on rent from the third party.

The Company has changed its name from Sprayking Agro Equipment Limited to Sprayking Limited.
