Misstatement can arise from a fraud or error and consider material, if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with the SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial results, whether due to

evidence that is sufficient and appropriate to our basis of opinion. The risk of not detecting a
material misstatement resulting from fraud is higher than for one resulting from error, as fraud
involves collusions, forgery, intentional omissions, misrepresentations, or override of internal
control.
