EXPLANATORY STATEMENT**(Pursuant to Section 102 of the Companies Act, 2013)****Items to Special Business****Item No. 3****(Disclosure Pursuant to Regulation 36(5) of Listing Regulations)**

In terms of Section 139 of the Companies Act, 2013 ("the Act") read with the Companies (Audit and Auditors) Rules, 2014, made thereunder, lays down the criteria for appointment of Auditors. At 3rd Annual General Meeting of the Company, M/s Chaturvedi & Partners, Chartered Accountants (Firm Registration No. 307068E) were appointed in casual vacancy caused due to Resignation of M/s Narendra Singhania & Co., Chartered Accountants (Firm Registration No. 009781N), and hold office up to the conclusion of this Annual General Meeting.

On the recommendation of Audit Committee, the Board of Directors ('the Board') at its meeting held on August 19, 2020 has recommended the re-appointment of Chaturvedi & Partners, Chartered Accountants (Firm Registration No. 307068E), as Auditors of the Company to hold office for a period of 5 (Five) consecutive years from the conclusion of this (4th) Annual General Meeting till the conclusion of the 9th Annual General Meeting of the Company, to be held in year 2025. The Board also recommended the remuneration of Chaturvedi & Partners as set out in the Resolution relating to their appointment, for the approval of the Members.

Chaturvedi & Partners has more than 30 years of vast experience in Audit, Taxation and other services for various listed and unlisted companies, being Statutory Auditors. The firm has 7 (seven) partners and has a valid Peer Review certificate.

The Board considered various parameters like capability to serve a diverse and complex business landscape as that of the Company, audit experience in the Company's operating segments, market standing of the firm, clientele served, technical knowledge, relevant experience etc., and found Chaturvedi & Partners to be best suited to handle the scale, diversity and complexity associated with the audit of the financial statements of the Company.

The proposed Auditors have consented to the aforesaid re-appointment and confirmed that their re-appointment, if made, will be within the limits specified under Section 141(3)(g) of the Companies Act, 2013. They have further confirmed that they are not disqualified to be re-appointed as Auditors of the Company and certified that satisfies the criteria provided under section 141 of the Act and rules made thereunder.

None of the Directors or Key Managerial Personnel or their relatives, is concerned or interested, financially or otherwise, in the proposed resolution.

The Board of Directors recommends the Ordinary Resolution as set out at Item No. 3 of the Notice of the AGM for approval of the members.

Item No. 4

In terms of the Nomination and Remuneration Policy of the Company and based on the recommendations of Nomination and Remuneration Committee, the Board of Directors has appointed, subject to the approval of the members at the AGM, Shri Manish Garg (DIN: 01324631) as Non-Executive Independent Director of the Company, with effect from August 19, 2020. Shri Manish Garg has given his consent to act as Director. He has also given declaration to the effect that he is not disqualified from being appointed as Director in terms of Section 164 of the Act and that he meets the criteria of Independence as specified under Section 149 of the Act and the Listing Regulations.

In the opinion of the Board, Shri Manish Garg possess appropriate skills, experience & knowledge which would enable the Board to discharge its functions and duties effectively, and fulfils the conditions for appointment as an Independent Director as specified in the Act read with rules made thereunder and the Listing Regulations and that he is independent of the management. The disclosures including brief resume and other details prescribed under Regulation 26(4) and 36(3) of the Listing Regulations read with the provisions of the Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India ('SS-2') are provided above of the Notice.

Copy of Appointment Letter setting out terms and conditions of his appointment is available for inspection by Members at the Registered Office as well as at Corporate Office of the Company on all working days during normal business hours upto the date of AGM. The terms and conditions of their appointment, being Independent Directors, posted on the Company's website www.apmfinvest.com.

The Board of Directors recommends the Ordinary Resolution set out at Item No. 4 of the Notice of AGM for approval of the members.

None of the Directors or Key Managerial Personnel or their relatives except Shri Manish Garg, the proposed appointee, is concerned or interested, financially or otherwise, in this proposed Resolution.

Item No. 5

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the members by way of ordinary resolution, in case certain transactions with related parties exceeds such sum as is specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

However, pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations'), approval of the members through ordinary resolution is required for all material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis. For this purpose, a transaction is considered material, if the transaction/ transactions to be entered into individually or taken together with previous transactions during a Financial Year exceed 10% of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company.

Approval of the Members is sought to enable the Board for entering into contracts/ arrangements/ agreements/ transactions (including any modifications, alterations, amendments or renewal thereto) with the said parties subject to the limits mentioned below:

Name of Related Party:- APM Industries Limited

Nature of Relationship:- Promoters having significant influence

Nature of transaction:- Loans, unsecured, short term and long term

Amount:- up to Rs. 5 Crores.

Regulation 23 (7) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 provides that all entities falling under the definition of related parties shall not vote to approve any related party transaction, irrespective of whether the entity is a party to the transaction or not. Therefore, none of the Promoter Group entities holding share(s) will vote on the above Resolution.

The material contracts/arrangements/transactions with APM Industries Limited have been approved by the Audit Committee and Board of Directors for recommending the same to the Members of the Company for their approval.

The Board of Directors recommends the Ordinary Resolution set out at Item No. 5 of the Notice of AGM for approval of the members.

None of the Directors except Shri Sanjay Rajgarhia, Vice-chairman, Ajay Rajgarhia, Managing Director and Anisha Mittal, Director or Key Managerial Personnel of the Company are interested, financial or otherwise, in the proposed resolution.

MANAGEMENT DISCUSSION AND ANALYSIS

[Schedule V – Regulation 34(3) of SEBI (LODR) Regulations, 2015]

Introduction

Management Discussion and Analysis mainly comprise of the statements which, inter-alia, involve predictions based on perceptions and may, therefore, be prone to uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which are forward looking within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

a) INDUSTRY STRUCTURE AND DEVELOPMENTS

Over the past few years, NBFCs have undergone a significant transformation and today they form an important component of India's financial system. NBFCs play a vital role as an alternative to banks in resource mobilisation and credit intermediation, especially for the under-served segments of the economy. NBFCs, with their unique ability to identify, access, appropriately price and service the segments not addressed by traditionally by banks, have grown significantly ahead of the Indian aggregate credit growth over the last decade.

India has a diversified financial sector undergoing rapid expansion with many new entities entering the market along with the existing financial services firms. The Government of India has introduced several reforms to liberalise, regulate and enhance this industry. With a combined push by the Government and private sector, India is undoubtedly one of the world's most vibrant capital markets.

Domestic financial markets were influenced by evolving domestic and global developments and the outbreak of COVID-19 in India. The Indian Government is using a multi-pronged approach to minimise the spread of the pandemic, address health related issues and give support to the economy while the RBI has been taking multiple steps to keep the financial system operating as usual.

b) OPPORTUNITIES & THREATS**Opportunities:**

Digital ecosystem development pushed by the government as well as regulators and other market participants offer opportunities to provide better customer experience and become more efficient. With the increase in usage of smartphone across various geographies and continuous growth towards data connectivity adoption, the Company foresees a big opportunity to understand customers better and offer more personalized services and offerings in a cost-efficient way.

Threats:

A few key points have been noted below that could pose a threat to the business in the long term:

- Due to the severity of COVID-19 impact on macroeconomic activities, the RBI announced 3-month moratorium from March 01, 2020 to May 31, 2020 and later extended it by another 3 months till August 31, 2020. In the current environment with near term uncertainty on economic growth, the extended moratorium might create moral hazards and impact the borrower behaviour and repayment culture. It will be more critical for lenders to closely engage with all the borrowers and manage evolving borrower behavioural patterns.
- Increased competition from other NBFCs and banks.
- The change in policies and regulations by the Government from time to time.

c) SEGMENT-WISE PERFORMANCE

The Company has only one line of business, i.e., Financing and Investment Activities during the year under review, hence no segment wise information is required. The Company has no activity outside India. Therefore, there is no geographical segment.

d) OUTLOOK

The NBFCs are being recognised as being vital for the growth of Indian economy. NBFCs are here to stay and play an important role in economic growth and financial inclusion. As India's economy grows, the requirement for credit will rise more than proportionately. We need both banks and NBFCs to rise to the occasion and power the economy with free flowing credit lines. NBFCs with robust business models, strong liquidity mechanisms and governance & risk management standards are poised to reap the benefit of the market opportunity.

NBFCs that are well prepared with their business continuity and contingency plans can quickly bounce back in the post COVID-19 era. With proper planning and strategic initiatives, NBFCs can limit and overcome the impact of this disruption.

e) RISKS & CONCERNS

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company risk management framework. Company is exposed to specific risks that are particular to its business and the environment within which it operates including economic cycle, market risk and credit risks. Managing risk effectively also helps in achieving the desired outcome,

while fixing responsibility and accountability. The Company is especially focuses on improving sensitivity to assessment of risks and improving methods of computation of risk weights.

f) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has appointed M/s M M Sharma & Co., Chartered Accountants, an outside agency as its Internal Auditors, who conduct internal audit for various activities. The Company has developed adequate internal control system commensurate to its size and business. The reports of Internal Auditors are submitted to the Audit Committee which further reviews the adequacy of Internal Control System

g) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATING PERFORMANCE

The operating performance of the Company has been discussed in the Directors Report under the head financial summary and state of Company affairs/operations. The Profit/(Loss) Before Tax for the year 2019-20 was (Rs. 668.19 Lakhs) as against Rs. 317.09 in the year 2018-19. Your Directors are expecting improvement in the performance of the Company in coming years

h) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company attaches importance to the dignity of employee irrespective of position and highly values the cultural diversities of employees. Human Resource is valued as an extremely important and strategic resource and your Company believes in employee empowerment across the entire organization in order to achieve organizational effectiveness.

i) LONG TERM AND SHORT TERM STRATEGY OF COMPANY

Your Company is continuously reviewing the evolving situation in the light of COVID-19 and playing a responsible role in minimising the adverse impact of the pandemic on its businesses and the stakeholders' interests. Company continued to focus on sustainability of performance with steady margins, stable asset quality and focused growth by increasing the proportion of our existing good profile customer.

k) SIGNIFICANT CHANGES IN FINANCIAL RATIOS

During the year, the significant changes in the financial ratios of the Company, which are 25% or more as compared to the previous year are summarized below:

Financial Ratios	FY 2019-20	FY 2018-19	Change in %	Reason for Change
Debtors Turnover Ratio	Not Applicable	Not Applicable	-	-
Inventory Turnover (RM)	Not Applicable	Not Applicable	-	-
Interest Coverage Ratio	3.60	-	100	Borrowing taken during the year

Independent Auditor's Report**To The Members of APM Finvest Limited****Report on the Audit of Ind AS Financial Statements****1. Qualified Opinion**

We have audited the accompanying Ind AS financial statements of APM Finvest Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as Financial Statements).

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of the matter described in "Basis for Qualified Opinion" mentioned below, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020 and its losses, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 46 to the Financial Statements regarding non-compliance related to maintenance of minimum Net Owned Fund of Rs. 200 lakhs as on March 31, 2020 pursuant to Section 45IA of the Reserve Bank of India Act, 1934 and relevant rules and regulations to continue to hold the Certificate of Registration (CoR) as a Non-Banking Finance Company (NBFC).

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended March 31, 2020. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report: -

Key audit matters	How the matter was addressed in our audit
A) Changes to the financial statements due to transition to Ind AS	
<p>On 1 April 2019, the Company adopted the Indian Accounting Standard ("Ind AS") notified by the Ministry of Corporate Affairs with effect from April 01, 2018 being transition date.</p> <p>The Company has followed Ind AS notified under Section 133 of the Companies Act 2013 ("the Act"), read with the relevant rules for preparation of the Financial Statements.</p> <p>As a part of the transition from previous GAAP to Ind AS, the major areas of impact for the Company are:</p> <ul style="list-style-type: none"> • Impairment of financial instruments • Classification and Measurement of financial instrument. • Recognition of deferred tax liabilities • Presentation and disclosures of the Financial Statements 	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understood the methodology planned by the management to give impact to the transition adjustments. • Assessed that the adjustments made for the financial statements are in lines with the Ind AS requirements. • Tested the accuracy of key inputs used in the calculation and independently evaluated the reasonableness of the assumptions made for the adjustments. • Assessed the accuracy of the computations. • Verified the appropriateness of the disclosures required for the first-time adoption of Ind AS. • Tested management review controls over completeness and measurement of disclosures in Financial Statements.

B) Fair Valuation of Investments

As at March 31, 2020 the Company has investments valuing Rs 5943.94 lakhs comprising units of Mutual Fund, Alternate Investment Funds, Quoted Equity Shares and Tax-free Bonds. Given the volume and value of transactions executed by the Company throughout the year and considering involvement of fair valuation, we determined the existence and valuation of investments as a key audit matter of our audit. The units in Mutual Fund and Alternate Investment Fund are valued based on Net Asset Value (NAV) per unit of the respective fund. Quoted Equity Shares are valued as per last traded value on reporting date on the stock exchange. The Company's disclosures are included in Note 2.3(b) and Note 7 to the financial statements, which outline the accounting policy for investment and details of the investments and its valuation.

Our audit procedures included the following:

- Obtained an understanding of the process, policy and controls around investments in Mutual Fund, Quoted Equity Shares, Alternate Investment Funds and Tax-Free bonds.
- Tested relevant internal controls relating to accounting of purchase and sale of investment transactions, accounting of fair valuation at reporting date and controls over existence of investments.
- Compared the particulars of investments in Mutual Funds, Alternate Investment Fund, Tax Free Bonds and Equity Shares to the statements and confirmations provided by the mutual fund and depository participants. We traced the NAV from statement issued by the Mutual Fund/Alternate Investment Fund and tested mathematical accuracy of fair valuation of Mutual Fund/Alternate Investment Fund. We traced valuation of Equity as per rate list provided by the Depository.
- Evaluated the disclosures in relation to Investments made in the financial statements.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including its Annexures, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. Other Information as described above paragraph is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Management Discussion and Analysis, Board's Report including its Annexures, Corporate Governance and Shareholder's information, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance to correct the same. If material misstatement of the other information remains uncorrected, we may take appropriate action considering our legal rights and obligations, to seek and have the uncorrected misstatement appropriately brought to the attention of the user for whom the Auditor's Report is prepared.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern,

disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The comparative financial information of the Company for the year ended March 31, 2019 and the opening balance sheet as at April 1, 2018 included in these financial statements, have been prepared by the management after adjusting previously issued audited financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 to comply with Ind AS. The previously issued financial statements were audited by the predecessor auditor whose report for the financial year ended March 31, 2018 and March 31, 2019 dated April 16, 2018 and June 20, 2019 respectively expressed an unmodified opinion on those financial statements. Adjustments made to the previously issued financial statements to comply with Ind AS have been audited by us.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the company has not paid/ provided any managerial remuneration covered under section 197 of the Act to its directors during the year.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There was no amount which was required to be transferred to the Investor Education and Protection Fund by the Company during the year under review.

Report on the Internal Financial Controls Over Financial Reporting under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of APM Finvest Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date which includes internal financial controls over financial reporting.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable

assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

1. Corporate information

APM Finvest Limited (the Company) is incorporated under the provisions of the Companies Act, 2013 ("the Act") and is registered under Section 45-IA of Reserve Bank of India Act, 1934 to carry on the business of a non-public deposit accepting Non-Banking Finance Company vide Certificate of Registration number B-10.00247. The registered office of the company is located at SP-147, RIICO Industrial Area, Bhiwadi, District Alwar, Rajasthan-301019. The Company is engaged in the business of Finance and Investments. The Company Equity shares are listed in Bombay Stock Exchange w.e.f. August 02, 2019.

2. Basis of Preparation and Significant accounting policies**2.1 Statement of Compliance**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended, the relevant provisions of Companies Act, 2013 and guidelines/directions issued by the Security and Exchange Board of India (SEBI) and Reserve Bank of India, as applicable

The financial statements for the year ended March 31, 2020 of the Company is the first financial statements prepared in compliance with Ind AS. The Company has prepared its financial statements up to the year ended March 31, 2019 in accordance with generally accepted accounting principles in India, including accounting standards notified under Section 133 of the Companies Act, 2013 read with Companies (Accounting Standards) Rules, 2006 ("Previous GAAP"). The date of transition to Ind AS is April 01, 2018. An explanation of how the transition to Ind AS has affected the Company's equity financial position, financial performance and its cash flows is provided in Note 3. Refer note 3 below for the details of first time adoption exemptions availed by the Company

2.2 Basis of preparation and presentation of financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division III of Schedule III to the Companies Act, 2013, as applicable to the financial statements.

The financial statements have been prepared on the accrual and going concern basis in accordance with accounting principles generally accepted in India except for certain financial assets and liabilities which have been measured at fair value as explained in relevant accounting policies. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The financial statements for the year ended on 31 March 2020 with comparative figures for the year ended on 31 March 2019 and Ind AS opening balance sheet as on 1 April 2018 with their relevant notes and disclosures were adopted by the Company's Board of Directors on June 19, 2020.

2.3 Summary of significant accounting policies**a) Use of Estimates**

The preparation of financial statements in conformity with Ind AS requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates include useful lives of intangible assets, expected credit loss on loan, future obligations in respect of retirement benefit plans, fair value measurement etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

b) Financial Instruments**Classification**

A Financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instruments of another entity.

Financial assets, other than equity, are classified into, Financial assets at fair value through other comprehensive income (FVOCI) or fair value through profit and loss account (FVTPL) or at amortised cost. Financial assets that are equity instruments are classified as FVTPL or FVOCI. Financial liabilities are classified as amortised cost category and FVTPL.

The classification depends on the the Company's business model and contractual terms of the financial assets' cash flows - for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

After Business Model test, the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

Initial Recognition and Measurement

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in the Statement of profit or loss.

Financial assets and financial liabilities, with the exception of loans, debt securities and deposits are recognised on the trade date i.e. when a Company becomes a party to the contractual provisions of the instruments. Loans, debt securities and deposits are recognised when the funds are transferred to the customer's account. Trade receivables are measured at the transaction price.

Subsequent measurement

Financial assets at amortised cost

Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently these are measured at amortised cost using effective interest method less any impairment losses.

Debt Instruments at FVOCI

Debt instruments that are measured at FVOCI have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding and that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets. These instruments largely comprise long-term investments made by the Company.

FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI. Interest income and gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified from OCI to profit or loss.

Equity Instruments at FVOCI

These include financial assets that are equity instruments as defined in Ind AS32 "Financial Instruments: Presentation" and are not held for trading and where the Company's engagement has elected to irrevocably designate the same as Equity instruments at FVOCI upon initial recognition. Subsequently, these are measured at fair value and changes therein are recognised directly in other comprehensive income, net of applicable income taxes.

Gains and losses on these equity instruments are never recycled to profit or loss.

Dividends from these equity investments are recognised in the statement of profit and loss when the right to receive the payment has been established.

Fair value through Profit and loss account

Financial assets are measured at FVTPL unless it is measured at amortised cost or at FVOCI on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

Fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Other Financial Liabilities

These are measured at amortised cost using effective interest rate.

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Reclassification

If the business model under which the Company holds financial assets undergoes changes, the financial assets affected are reclassified. The classification and measurement requirements related to the new category apply prospectively from the first day of the first reporting period following the change in business model that result in reclassifying the Company's financial assets.

Derecognition of financial assets and liabilities

Derecognition of financial assets due to substantial modification of terms and conditions:

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between initial recognition and maturity of the financial asset. A modification affects the amount and/or timing

of the contractual cash flows either immediately or at a future date. In addition, the introduction or adjustment of existing covenants of an existing loan may constitute a modification even if these new or adjusted covenants do not yet affect the cash flows immediately but may affect the cash flows depending on whether the covenant is or is not met (e.g. a change to the increase in the interest rate that arises when covenants are breached)

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI).

When assessing whether or not to derecognise a loan to a customer, amongst others, the Company considers the following factors: If the modification is such that the instrument would no longer meet the SPPI criterion.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Derecognition of financial assets other than due to substantial modification

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, the Company has transferred its contractual rights to receive cash flows from the financial asset.

A transfer only qualifies for derecognition if either:

- i. The Company has transferred substantially all the risks and rewards of the asset, or
- ii. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Derecognition of Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit or Loss.

Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for the financial assets. ECL is the weighted average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expect to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the financial assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

The Company recognises loss allowances for ECLs on the following financial instruments that are not measured at FVTPL:

Loans and advances to customers;

Debt investment securities;

Trade and other receivable;

Credit-impaired financial assets

A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Credit-impaired financial assets are referred to as Stage 3 assets. Evidence of credit-impairment includes observable data about the following events:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- the disappearance of an active market for a security because of financial difficulties; or
- It may not be possible to identify a single discrete event—instead, the combined effect of several events may have caused financial assets to become credit-impaired.

A loan is considered credit-impaired when a concession is granted to the borrower due to a deterioration in the borrower's financial condition.

Significant increase in credit risk

The Company monitors all financial assets and financial guarantee contracts that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with

the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Company's historical experience and expert credit assessment.

Definition of default

Critical to the determination of ECL is the definition of default. The definition of default is used in measuring the amount of ECL and in the determination of whether the loss allowance is based on 12-month or lifetime ECL, as default is a component of the probability of default (PD) which affects both the measurement of ECLs and the identification of a significant increase in credit risk.

The Company considers the following as constituting an event of default:

- the borrower is past due more than 90 days on any material credit obligation to the Company; or
- the borrower is unlikely to pay its credit obligations to the Company in full.

The definition of default is appropriately tailored to reflect different characteristics of different types of assets.

When assessing if the borrower is unlikely to pay its credit obligation, the Company takes into account both qualitative and quantitative indicators. The information assessed depends on the type of the asset, for example in corporate lending a qualitative indicator used is the admittance of bankruptcy petition by National Company Law Tribunal, which is not relevant for retail lending. Quantitative indicators, such as overdue status and non-payment on another obligation of the same counterparty are key inputs in this analysis. The Company uses a variety of sources of information to assess default which are either developed internally or obtained from external sources.

With the exception of POCI financial assets (which are considered separately below), ECLs are required to be measured through a loss allowance at an amount equal to:

- 12-month ECL, i.e. lifetime ECL that result from those default events on the financial instrument that are possible within 12 months after the reporting date, (referred to as Stage 1); or
- full lifetime ECL, i.e. lifetime ECL that result from all possible default events over the life of the financial instrument, (referred to as Stage 2 and Stage 3).

A loss allowance for full lifetime ECL is required for a financial instrument if the credit risk on that financial instrument has increased significantly since initial recognition (and consequently to credit impaired financial assets). For all other financial instruments, ECLs are measured at an amount equal to the 12-month ECL.

ECLs are a probability-weighted estimate of the present value of credit losses. These are measured as the present value of the difference between the cash flows due to the Company under the contract and the cash flows that the Company expects to receive arising from the weighting of multiple future economic scenarios, discounted at the asset's EIR.

The Company measures ECL on an individual basis, or on a collective basis for portfolios of loans that share similar economic risk characteristics.

Fair Value Measurement

On initial recognition, all the financial instruments are measured at fair value. For subsequent measurement, the Company measures certain categories of financial instruments as explained above at fair value on each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a nonfinancial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

"Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: inputs for the asset or liability that are not based on observable market data.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred, if any.

c) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Revenue recognition

Revenue is recognised on accrual basis to the extent it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. However, where the ultimate collection of revenue lacks reasonable certainty, revenue recognition is postponed.

(i) Interest income

Interest income is recognised in the Statement of Profit and Loss and for all financial instruments except for those classified as held for trading or those measured or designated as at fair value through profit or loss (FVTPL) is measured using the effective interest method (EIR).

The calculation of the EIR includes all fees and points paid or received between parties to the contract that are incremental and directly attributable to the specific lending arrangement, transaction costs, and all other premiums or discounts. For financial assets at FVTPL transaction costs are recognised in profit or loss at initial recognition.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses (ECLs)). For financial assets originated or purchased credit-impaired (POCI) the EIR reflects the ECLs in determining the future cash flows expected to be received from the financial asset.

The EIR is computed

- a. As the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) in estimating the cash flows
- c. Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(ii) Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

(iii) Fees Income

Fees income is recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable, unless included in the effective interest calculation.

(iv) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Company on the reporting date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss. Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL is recognised as Profit/ (Loss) on sale of specific financial instruments. However, net gain/loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

Dividend, Interest and gain or loss on sale of investment are recognized as FVTPL are accounted separately on realization.

(v) Other operational revenue

Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

d) Dividends on ordinary shares

The Company recognises a liability to make cash or non-cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value remeasurement recognised directly in equity. Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

e) Property, Plant and Equipment

Property, plant and equipment (PPE) are initially recognized at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost) directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight- line method ("SLM") in the manner prescribed in schedule II to the Act. Management believes that the useful lives of the assets defined in Schedule II of the Act reflect the periods over which these assets are expected to be used.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is recognized in statement of profit and loss.

Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Direct expenses and administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalised as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of Balance Sheet are disclosed as "Intangible assets under development".

Intangible assets are amortised on straight line basis over the estimated useful life determined by the terms of the agreement / contract.. The method of amortisation and useful life are reviewed at the end of each accounting year with the effect of any changes in the estimate being accounted for on a prospective basis.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are recognised in profit or loss when the asset is derecognised

f) Leases

The Company's lease asset class primarily consists of lease for building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases). For these short-term, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

g) Impairment of Property, plant and equipment (PPE) and intangible assets other than goodwill

As at the end of each accounting year, the Company reviews the carrying amounts of its PPE and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the PPE and intangible assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined:

- in the case of an individual asset, at the higher of the net selling price and the value in use; and
- in the case of a cash generating unit (the smallest identifiable Company of assets that generates independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. For this purpose, the impairment loss recognised in respect of a cash generating unit is allocated first to reduce the carrying amount of any goodwill allocated to such cash generating unit and then to reduce the carrying amount of the other assets of the cash generating unit on a pro-rata basis.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit), except for allocated goodwill, is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount

h) Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized accordingly reversed in the statement of profit and loss.

i) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

j) Employee benefits:**Short term employee benefits:**

Employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Defined Contribution plans

Contributions to defined contribution schemes such as employees' state insurance, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Post-employment benefits:

The Company operates defined benefit plan in the form of gratuity and compensated absence. The liability or asset recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the said obligation is determined by discounting the estimated future cash out flows, using market yields of government bonds that have tenure approximating the tenures of the related liability. The interest expenses are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest expense on the net defined benefit liability or asset is recognised in the Statement of Profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in other equity in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

k) Cash and Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise Cash on hand, Cash at bank and deposits with an original maturity of three months or less, deposits held at call with financial institutions, highly liquid investments which are readily convertible to known amounts of cash and subject to an insignificant risk of changes in value. For the purpose of presentation in the statement of cash flows, Cash and cash equivalents consist of Cash on hand, Cash at bank, short term deposits and highly liquid investments as defined above, as they are considered an integral part of the Company's cash management.

l) Foreign currency transactions and translation

The Company's financial statement is presented in Indian Rupees (INR), which is the company's functional currency and presentation currency.

Transactions in foreign currencies are initially recorded by the Company at the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing spot rate. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences arising on such settlement or translation at rates different from those at which they were initially recorded, are recognised in the statement of profit and loss in the year in which they arise.

m) Operating Segments

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Company to make decisions for performance assessment and resource allocation. The reporting of segment information is the same as provided to the management for the purpose of the performance assessment and resource allocation to the segments. Segment accounting policies are in line with the accounting policies of the Company.

n) Income taxes

Tax expense recognized in the statement of profit and loss comprises the sum of current tax and deferred tax except the ones recognized in the other comprehensive income or directly in equity.

Current tax

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity)

Deferred tax

Deferred tax is provided, using the balance sheet method, on all deductible temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets on unutilized tax losses are recognized to the extent it is probable that the underlying tax loss will be utilized against future taxable income. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Tax relating to items recognized outside profit or loss is recognised outside profit or loss (either in other comprehensive income or equity).

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

o) Commitment

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- estimated amount of contracts remaining to be executed on capital account and not provided for
- and other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

p) Statement of cash flows

Statement of cash flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of :

- changes during the period in operating receivables and payables transactions of a non-cash nature;
- non-cash items such as depreciation, provisions, deferred taxes, unrealised gains and losses; and
- all other items for which the cash effects are investing or financing cash flows.

q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events including bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Provisions, contingent liabilities and Contingent assets**Provisions**

Provisions are recognized only when

- the Company has a present obligation (legal or constructive), as a result of a past event; and
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- when a reliable estimate of the amount of the obligation can be made at the reporting date.

Provision is measured using the cash flows estimated to settle the present obligation and discounted to their present values, where the time value of money is material. These estimates are reviewed at the end of each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent Liabilities

Contingent liabilities are disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company, or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets

Contingent assets are not recognized. However, when inflow of economic benefits is probable, related asset is disclosed.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

s) Events occurring after the Balance Sheet date

Impact of events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date are adjusted to respective assets and liabilities.

3. Transition to Ind AS**3.1 Explanation of transition to Ind AS**

As stated in Note 2.1, the Company's financial statements for the year ended March 31, 2020 are the first annual financial statements prepared by the Company in order to comply with Ind AS. The adoption of Ind AS was carried out in accordance with Ind AS 101, using April 01, 2018 as the transition date. The transition was carried out from Previous GAAP (based on the AS framework) to Ind AS. The effect of adopting Ind AS has been summarized in the reconciliations provided below.

Ind AS 101 generally requires full retrospective application of the Standards in force at the first reporting date. However, Ind AS 101 allows certain exemptions in the application of particular Standards to prior periods in order to assist companies with the transition process.

3.2 Exemptions Availed:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has availed the exemptions regarding classification of the financial assets and financial liabilities in accordance with Ind AS-109 on the basis of facts and circumstances that existed at the date of transition to Ind AS.

3.3 Reconciliations

The accounting policies as stated above in Note 2.3 have been applied in preparing the financial statements for the year ended March 31, 2020, the financial statements for the financial year ended March 31, 2019 and the preparation of an opening Ind AS statement of financial position as at April 1, 2018. In preparing its opening Ind AS Balance Sheet and Statement of Profit and Loss for the financial year ended March 31, 2019, the Company has adjusted amounts reported in financial statements prepared in accordance with Previous GAAP.

3.4 An explanation of how the transition from Previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables:

i. **Reconciliation of equity:**

(Rs. in lakhs)

Footnotes to the Reconciliations

a) Fair Valuation of Investments

Under the previous GAAP, investments in equity instruments and mutual funds were classified as long term investments or current investments based on the intended holding period and realisability. Long term investments were carried at cost less provision for other than temporary decline in the value of such investment. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value through Profit or loss.

b) Impairment Loss on Loans are provided by the management either rate prescribed by RBI or ECL working whichever is higher.

c) **Deferred tax**The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred taxes has resulted in charge to the Retained Earnings, on the date of transition, with consequential impact to the Statement of Profit and Loss for the subsequent periods.

d) The previous GAAP figures have been reclassified to conform to Ind AS presentation requirements for the purposes.

*The section 115BAA in the Income Tax Act, 1961, provides existing domestic companies with an option to pay tax at a concessional rate of 22% plus applicable surcharge and cess. The reduced tax rates come with the consequential surrender of specified deductions/incentives. The option needs to be exercised within the prescribed time for filing the return of income under section 139(1) of the Income Tax Act, 1961, for assessment year (AY) 2020-21 or subsequent AYs. Once exercised, such an option cannot be withdrawn for the same or subsequent AYs. These financial statements are prepared on the basis that the Company would avail the option to pay income tax at the lower rate. Consequently, the opening deferred tax asset (net) has been remeasured at the lower rate.

37. Financial risk management

The Company is mainly engaged in Investment and Finance Activities. The Company's principal financial liabilities comprise borrowings and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include loans, Investments, cash and cash equivalents and receivables.

The risk management policies of the Company are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company is exposed to credit risk, credit risk, liquidity risk and operational and business risk. The Company's management oversees the management of these risks to ensure the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company's policies and risk objectives. The major risks are summarised below:

37.1 Credit risk on financial assets

Credit risk is the risk that the counterparty will not meet its obligations under a financial instrument or a customer contract, leading to financial loss. The Company is exposed to credit risk from its financing activities towards Loans to various clients. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Credit risk has always been managed by the company through credit approvals, establish credit limits and continuous monitoring the credit worthiness of customers to which the company grants credit terms in the normal course of business.

Financial assets are written off when there is no reasonable expectation of recovery, such as a borrower failing to engage in a repayment plan with the Company. Where loans/interest have been written off, the Company continues to engage in enforcement activity to attempt to recover the loans/receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables/loans based on historical trend available external and internal credit risk factors such as financial condition, ageing of accounts receivable etc., industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends.

As at March 31, 2020, the company did not consider there to be any significant concentration of credit risk, which had not been adequately provided for. The carrying amount of the financial assets recorded in the financial statements, grossed up for any allowances for losses, represents the maximum exposure to credit risk.

37.2 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and market price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans, investments, borrowings and fixed deposits.

37.2.1 Interest rate risk

The interest rate risk exposure is mainly from changes in fixed and floating interest rates. The interest rates are disclosed in the respective notes to the financial statement of the Company.

The breakup of the financial assets and liabilities on the basis of interest rate is as under:

(ii) Measurement of fair values

The above table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Input other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3- Inputs for the assets or the liabilities that are not based on observable market data (unobservable Inputs).

(i) Valuation Methodologies of financial instruments measured at fair value

-Listed Equity shares are measured on the basis of closing rate of the stock exchange where equity shares are listed.

-Mutual Funds are measured based on the published net asset value (NAV) by AMFI and are classified as Level 1.

-Alternative Investments Funds and Fixed Maturity Plan are measured on the latest NAV provided by the fund house and are classified as level 3.

(ii) Fair value of financial assets and liabilities measured at amortised cost :-

43 Scheme of Arrangement

Pursuant to the order of the National Company Law Tribunal ('the NCLT'), Jaipur, the Finance and Investment Undertaking of APM Industries Limited ('AIL' or 'the Demerged Company') has been merged into APM Finvest Limited ('AFL' or 'the Resulting Company') w.e.f. April 1, 2018, being the appointed date.

Pursuant to the Scheme of Arrangement ("the Scheme") under Section 230 to 232 of the Companies Act, 2013 as approved by the NCLT, Jaipur on May 24, 2019:

- a) The assets and liabilities of AIL pertaining to the Finance and Investment Undertaking as on the appointed date have been transferred to AFL at their respective book values as appearing in the books of accounts of AIL.
- b) The employees of the Finance and Investment Undertaking as on the appointed date have been transferred to AFL.
- c) Summary of assets and liabilities transferred from AIL to AFL as on April 1, 2018 is as under:

Particulars	Amount (Rs. in lakhs)
Assets	
Financial Assets	
Non-current investment	6,927.85
Loans to body corporates	350.00
Interest accrued but not due on loan	6.25
Interest accrued on investments	6.36
Balance with bank (on current account)	1.09
Liabilities	
Financial Liabilities	
Provision for bonus	(0.19)
Non-Financial Liabilities	
Statutory dues payable	(0.01)
Deferred tax liabilities	(208.26)
Net assets	7,083.09

The difference between the values of assets and liabilities transferred amounting to Rs. 7,083.09 lakhs pursuant to the Scheme is recorded as Capital Reserve in the books of AFL.

- d) The authorised share capital of AIL to the extent of Rs. 2,500 lakhs divided into 12,500,000 equity shares of Rs. 2 each has been transferred to AFL and the authorised share capital of AFL has been increased by the said amount.
- e) The equity share capital of AFL held by AIL on the appointed date has been cancelled. The equity share capital so cancelled, has been credited to the capital reserves of AFL. Accordingly, APM Finvest Limited ceased to be a subsidiary of APM Industries Limited from the appointed date.
- f) In consideration of the transfer and vesting of the Finance and Investment Undertaking, On June 20, 2019 AFL has allotted equity shares of face value of Rs. 2 each at par to the equity shareholders of AIL for every 1 equity shares of face value of Rs. 2 each held by them in AIL.

44 The company is exclusively engaged in the business of finance and investments as per Ind AS 108 "Operating Segment" specified under section 133 of the Companies Act, 2013, hence, there are no reportable business segments.

45 The novel corona virus (COVID-19) outbreak has disrupted the social, economic and financial structures in the country from the end of February 2020. The Country faced a national lockdown from March 25, 2020 to May 31, 2020. The reduction in the stock markets valuations on account of the COVID-19 pandemic, have impacted the valuation of Company's investments and profitability. During the year ended March 31, 2020, the sharp decrease in fair value of investments between March 1, 2020 to March 31, 2020, as a result of changes in their prices, has resulted in accounting of net loss on fair value changes of Rs 794.05 lakhs, as at March 31, 2020. This has also impacted the calculation of Net Owned Funds (NOF) of the Company as at March 31, 2020. The Company will continue to monitor closely any material changes to the future economic conditions on a continuous basis.

46 The Company could not comply the requirement of maintaining minimum Net Owned Fund of Rs. 200 lakhs as on March 31, 2020 to continue to hold the Certificate of Registration (CoR) as NBFC pursuant to Section 45IA of the Reserve Bank of India Act, 1934 read with relevant rules and regulations issued there under for the reasons stated in Note 45 above. The Management is taking necessary steps for compliance of the same.

47 The following disclosure is required pursuant to RBI Circular dated March 13,2020 Circular no. RBI/2019-20/170 DOR/NBFC.CC.PD NO.109/22.10.106/2019-20 :-
