Comptroller and Auditor General (CAG) had flagged serious lapses in tax audits of charitable institutions in an audit report.

In the audit report, tabled in Parliament on Monday, the CAG asked the I-T Department to amend existing legislation to prevent the misuse of tax exemption granted to charitable trusts, including educational trusts.

"Certain trusts/institutions are taking undue benefits by availing of the permissible accumulation of 15% out of the current year's income and then transferring the rest of the income to other trusts," said the report.

Taking note of the rampant misuse of exemptions by educational trusts, the audit report pointed out that the tax department should consider granting registration to educational trusts or institutions on the condition that separate accounts be maintained for educational and non-educational activities.

## GRANT THORNTON BHARAT-CII REPORT

# India-UK Trade Likely to Double by 2030

Our Bureau

New Delhi: Aided by greater economic engagement, global supply chains diversification and overall ease of doing business, bilateral trade between India and the UK is likely to double by 2030 from the current level, Grant Thornton Bharat and the Confederation of Indian Industry (CII) said in the second edition of the Britain Meets India Report 2022, launched on Thursday.

India's trade in goods and services with the UK increased to \$31.34 billion in 2022 from \$19.51 billion in 2015. In January, India and the UK formally launched talks for an FTA and have set the deadline for concluding talks by Diwali.

"One of the key highlights of the India-UK economic relationship during this period was laying the groundwork for the India-UK FTA... As an outcome of these interventions, trade between India and the UK is expected to double by 2030," they said in the report.

## FTA Expected by End of Oct

New Delhi: India and the UK aim to conclude the free trade agreement by the end of October this year, commerce and industry ministry said in a statement on Thursday, adding that the two countries talked for the fifth round of talks for the agreement on July 29.

The talks were held in a hybrid manner with some of the teams meeting in New Delhi and majority of officials joining virtually.

"For this round of negotiations, technical experts from both sides came together for detailed draft treaty text discussions in 85 separate sessions covering 15 policy areas," the ministry said.

New Delhi: Resumption of orders from the US and Japan, new markets such as Argentina, and at least 50% higher per unit realisation have helped revive India's mango exports. Exports of the fresh fruit to Japan have doubled to 50 tonnes in the current season from 24.52 tonnes exported in 2021-22 while around 1,000 tonne mangoes have been exported to the US.

Similarly, mangoes are being sent to South Korea after a two-year gap due to the Covid-19 pandemic, and Malaysia has assured imports of Alphonso, Kesur and Banganpalli varieties of mango, officials said.

"There is a 10-15% rise in mango exports in this season as compared to last. Exports have recovered," said an official.

**MEDIA RIGHTS AUCTION PROCESS**

# Broadcasters, ICC Still at Loggerheads over Auction

Claim clarifications by ICC 'lack clarity'; no ambiguity, says official close to council

Gaurav.Laghate  
@timesgroup.com

Mumbai: India's top four broadcast networks — Disney Star, Zee Entertainment Enterprises (ZEE), Sony Pictures Networks India (SPN), and Viacom18 — continue to be at loggerheads with the International Cricket Council (ICC) over the issue of 'lack of transparency' in the media rights auction process.

ET has learned that all four broadcasters, the only contenders for ICC media rights for India, are not satisfied with clarifications provided by the world cricket governing body last week and have expressed their strong disapproval of proposed adoption of a hybrid system for the bidding process. Three out of the four broadcasters are of the view that if the ICC doesn't agree to their "valid demands", they should boycott the auctions completely, but a decision on the same is yet to be taken.

On August 5, the broadcasters had received responses from the

Disney Star, ZEE, SPN and Viacom18 unhappy with ICC over lack of transparency in media rights auction process

3 out of 4 broadcasters say if ICC doesn't agree to their valid demands, they should boycott auctions completely, but decision is yet to be taken

On August 5, the broadcasters had received responses from ICC Business Corp. which have, "ironically, made the situation worse," a top exec said

They had asked for either e-auction, or same-day opening of bids in case of closed bidding, in presence of all bidders

ICC Business Corporation, which have, "ironically, made the situation worse," a top executive said.

"The revised process has failed to address our concerns on the lack of a fair and transparent bidding process highlighted by us during the clarification process and has instead created more ambiguities for bidders," one of the broadcasters told ET.

They had asked for either an e-auction, or same-day opening of the bids in the case of closed bidding, in the presence of all the bidders. But ICC has suggested a hybrid system, where in first round of selection will entail the evaluation group assessing the closed bids to decide whether to recommend bids to

ICC Board for approval to award the media rights, or to trigger e-auction round 2 process (EAR2P).

"The 'clarification' issued by ICC has in fact generated 'lack of clarity' since broadcasters are not able to make their business plans due to overall confusion," said a top executive at one of the networks. "We are not able to propose a bidding fee, since we don't know when and whether EAR2P will be implemented and under what scenario."

However, defending the ICC's stand, a senior person close to the ICC board said that there is no ambiguity, whatsoever:

**Noted Reports on Under-reporting of Gross Revenue, says Tata Comm**

Our Bureau

Mumbai: Tata Communications Thursday said it had noted reports of under-reporting of gross revenue but cannot comment on the matter for now considering parts of the matter are sub-judice.

The statement came after BSE asked the Tata Group company's telecom venture for clarification about media reports that said it had under-reported gross revenues, leading to lower payouts to the government. "We have taken note of the recent news reports alluding to under-reporting of gross revenue," Tata Communications said.

**Prithish Nandy Communications Q1 Revenue Surges**

Mumbai: Indian production company Prithish Nandy Communications (PNC) has posted a 1,224% jump in revenues for the quarter ended June.

The top line surged to ₹12.8 crore, from ₹96.8 lakh, while net loss increased marginally to ₹77.5 lakh, from ₹69.7 lakh in the corresponding quarter of previous fiscal.

PNC is the production house behind the Mumbai chapter of the international show 'Modern Love', as well as 'Four More Shots Please!', the third season of which is likely to release in the current quarter.

The Mumbai Chapter of 'Modern Love' was globally premiered on Amazon Prime Video on May 13, across 240 nations and territories.

The company said it will start filming a new original series, a campus-based story, later this year. — Our Bureau

**Allcargo Brings Down its Debt to Comfortable Levels**

Anirban.Chowdhury  
@timesgroup.com

Mumbai: Allcargo Logistics will continue to focus on digitisation and has reached comfortable levels as far as its debt reduction is concerned, senior executives at the company, told ET. Up to 60% of Allcargo's business is done digitally and this percentage will increase in the coming quarters, said vice chairman VS Parthasarathy.

The company has retired ₹300 crore of debt in the last one year and has brought down its debt-to-equity ratio from 1.21 to 0.41, said Parthasarathy. Its current net debt now stands at ₹558 crore, said chief financial officer Deepal Shah, the lowest in the last two and half years. The company reduced long-term debt by 13% and short-term debt by 36% during the quarter. Close to ₹300-350 crore more will be retired once it completes the sale of its wa-

rehousing business to Blackstone Group, added chief strategy officer Ravi Jakhar.

"Some money is sitting in our books as convertible instruments that convert to equity. And then there are SPVs in which some of the properties are held which get sold. So the loans on those get reduced," said Jakhar.

Late last night, Allcargo reported net profit for April-June increased 165% to ₹280 crore.
