Sir / Madam,

Subject: Clarification on news article on entering MOU with Honeywell

Ref: Your email dated 29th September, 2022

In reference to your above referred communication, we wish to clarify that, the information published in the newspaper is factually incorrect with respect to date of signing of MOU, i.e. 27th September, 2022. The MoU was actually exchanged between HAL and Honeywell in the Farnborough Airshow on 20th July, 2022, without having financial implication for exploring the possibility of framing a mutually acceptable Business Plan for development and manufacture of high power Turbo generator. Hence, no contractual arrangements have been made with Honeywell on the matter.

Hope it clarifies the matter.

Kindly advise, if any further information is required on the matter from our side.

Thanking you,

Yours faithfully,
For Hindustan Aeronautics Limited
