#### ANNEXURE 'D' TO THE BOARD'S REPORT MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### Industry structure, development and outlook

The Indian economy registered a slowdown in 2019-20 with the GDP growth falling from 6.8 per cent in 2018-19 to 5% in 2019-20. Although, the reduction in the current account deficit as a per cent to GDP and growth in foreign direct investment and foreign portfolio investment has given some positive curve. Of the structural reforms, the Goods and Services Tax has been the most historic reform, which has had its challenges and is gradually maturing by amendment and rectification. The government has taken measures to reduce stress in the real estate sector, Insolvency and Bankrupcy Code, 2016 has helped in insolvency resolution within the given time frame. The effects of making India digital in various sectors of the economy, emphasis on MSMEs, Start-ups, defence manufacturing, automobiles, electronics and medical devices under Make in India will be seen in years to come.

The economic impact of the Covid-19 pandemic in India has been largely disruptive. The announcement of the economic package in mid-May 2020 and economic relief measures has helped the respective sector but India's growth estimates were downgraded to 2 per cent. The stock markets in India posted worst losses in history with extreme volatility. The issue of migrant workers and availability of labour force will be critical. Unemployment, income drop are inevitable. With temporarily suspension or significantly reduced operations in all non essential sectors, the impact is yet to come and be determined.

The Food and Beverage (F&B) sector globally and in India, has undergone a transformation, moving away from a sub-segment to a full-fledged segment capable of functioning independently of traditional retail. The market size in F&B sector has seen a steady growth which was poised for further growth. As outbreak of Covid-19 pandemic wreak havoc across the world, the F&B business started to feel its heat from March, 2020 in India. The lockdown has had an unfortunate impact on the F&B sector. State of lockdown and restrictions by the Government on travel is bound to bring an unprecedented phase in the history of F&B sector. The performance of F&B sector has declined sharply in the first quarter of 2020. The sector will see cash flows and the levels of improvement depending on the medicine / vaccine for Covid-19, its containment and sentiments of the people. The situation currently is extremely fluid and very difficult to project and foresee. The sector will take time to revive which will be gradual. Budget reallocations, diversion of marketing spends, diversification of business will be key for survival.

#### Opportunities and Threats, Risks and concerns

The implementation of online retail in F&B has finally taken off and is growing exponentially. Today, the numbers of internet users have increased which resulted into ordering the food online and also in finding out the best restaurant as per food preference. The change in F&B landscape has been due to structural shifts like increasing urbanization, rising disposable incomes, rising trend of socializing, nuclear families, all of which have orchestrated a change in the way India dines. More space allocated for F&B in malls, food festivals, events, pop ups, increased allocations for restaurants in commercial buildings are some of the key trends and opportunities to boost the sector. The operators in F&B Sector have turned to be innovative in not only their cuisine but also their operation format, invest in increasing visibility and pop up, Kiosk units, establish local connect with their catchment area leading to tapping segments which offers growth potential.

Despite all the opportunities created and generated as mentioned above, the current scenario of the ongoing Covid-19 pandemic has huge impact and threat on the F&B sector and is a major hurdle in the growth of F&B sector and survival of micro, small and medium units. All the positive attributes, efforts mentioned above for boosting F&B sector has gone futile in the times of Covid-19 pandemic.

Apart from Covid-19 pandemic the F&B sector has its ongoing concerns such as hiring and retaining quality skilled and unskilled manpower, high attrition rate, strict adherence to health and safety regulations, risk of fire, setting competitive menu prices, spoilt / wastage of food, procurement and fluctuating price of raw materials, multiple taxes and its cascading effect, numerous clearance / licenses /approvals from authorities, high real estate cost.

Our objectives are to obtain reasonable assurance about whether that standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decision of the users taken on the basis of theses standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in circumstances. Under Section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control with reference to financial statements in place and the operating effectiveness of such controls.

whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair
presentation.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be through to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so should reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of Vidli Restaurants Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered

## **Management's Responsibility for Internal Financial Controls**

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to Standalone financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

## **Auditors' Responsibility**

Accountants of India (the "Guidance Note")

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls with Reference to Financial Statments

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annual Report 2019-2020

## **Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with respect to financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
