Sub: Corporate Announcement – Delivery of 5000th Shipset of Single Aisle Flap-Track-Beam Assembly to Airbus

Ref: Scrip Code: 505242 / DYNAMATECH

Dear Sir / Madam,

We are happy to inform you that the Company has successfully delivered the 5000th shipset of Single Aisle Flap-Track-Beam Assembly for Single Aisle Aircraft (A318, A319, A320 & A321) Family to Airbus. The Company along with its partner Spirit AeroSystems have successfully globalized the production of a Class-1 Flight Critical Assembly that plays an important role in Flight Take-off and Landing.

This is the first instance that a functional aero-structure of a major commercial jet is being manufactured by an Indian Private Company. Dynamatic Technologies is the global single source supplier of Flap-Track-Beam Assemblies and has over 160 technicians and engineers dedicated to the program.

"It is a milestone moment for India and Dynamatic, having demonstrated sustained excellence in producing complex wing-movables, as a global sole supplier for Airbus. It underlines Airbus' commitment to 'Make-In-India' as a critical element of its global procurement strategy. It is also a testament to the benefits of teaming with Spirit AeroSystems, the world's leading aero structure manufacturer.

We kindly request you to take this intimation on record.

Thanking you,

Yours sincerely,

For **Dynamatic Technologies Limited**

Shivaram V
