Independent Auditor's Review Report on Unaudited Standalone Financial Results for the Quarter Ended 30th June 2020 of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

**To the Board of Directors of
Power Finance Corporation Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results of Power Finance Corporation Limited (the "Company") for the quarter ended 30.06.2020 together with the notes thereon (the "Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors of the Company, in its meeting held on 13.08.2020, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 as amended read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited standalone financial results prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatements.

Other Matters

5. The Company has continued to provide expected credit loss in respect of loan assets and undisbursed letter of comfort as required under Ind AS 109, on the basis of document provided by an independent expert appointed by the Company. Since the calculation parameters require certain technical and professional expertise, we have relied upon the expected credit loss calculation so provided by the said independent expert.

6. Refer Note. 7 of the standalone financials results regarding the impact of COVID-19 pandemic on the Company. Management is of the view that there is no reason to believe that the pandemic will have any significant impact on the ability of the Company to continue as a going concern.

Our conclusion on the statement is not modified in respect of above matters.

The outbreak of COVID-19 has caused significant disturbances in financial structures across the globe. In India, nationwide lockdown was declared by Central Government from 25.03.2020 till 31.05.2020. However, with the easing of lockdown restrictions across the country, the economic activities are gradually resuming. The Company continues to leverage its technological capabilities to carry its operations remotely as well.

Although, some challenges are being faced by the borrower entities from temporary disruptions in their cash flows, leading to extended working capital cycles and deferment of capex plans. In these tough times, the Government and other regulators have been responding actively by introducing various measures to keep the economy functioning by easing out cash flow constraints. The Ministry of Power and Ministry of New and Renewable Energy have come up with various measures to ease out the challenges being faced by various power sector entities including reduction in late payment surcharge, waiver of fixed charges, and interest rate charges, ensuring "must-run" status to renewable energy generation facilities, etc.

The Government of India, as a part of its Covid-19 package announcement, has also announced liquidity injection of ₹ 90,000 crore to the State Discoms in the form of State Government guaranteed loans through the Company and its subsidiary viz. REC Ltd. Out of its portion of ₹ 45,000 crore, the Company has sanctioned an amount of ₹ 30,607.21 crore till 31.07.2020 under this scheme of liquidity package to eligible Discoms.

Further, in accordance with RBI guidelines relating to COVID-19 Regulatory Package dated 27.03.2020, 17.04.2020 and 23.05.2020, the Company has offered moratorium on payment of instalments falling due between March 1, 2020 and August 31, 2020 to eligible borrowers. In pursuance of the moratorium policy, an amount of ₹ 11,497 crore falling due till 30.06.2020 has been granted moratorium. The days past due (DPD) calculation has been kept in suspension (staging standstill) for the accounts where moratorium is sanctioned, at the same level that existed on date of commencement of moratorium.

The Company continues to be well geared to meet its funding needs. It holds sufficient liquidity as well as adequate undrawn lines of credits from various banks. Considering high credit worthiness and well-established relationship of the Company with lenders, it can continue to mobilise sufficient funds from domestic & international markets.

In view of the above, the Management believes that there will not be significant impact of this outbreak in continuing its business operations, in maintaining its financial position and in assessing its ability to continue as a going concern. However, the impact of this pandemic on the Company will, inter alia, continue to be dependent on future developments relating to duration & severity of Covid-19, and any further actions by the Government & Regulatory bodies to contain its impact on the power sector and on the NBFCs. The Company shall also continue to closely monitor any material changes arising of uncertain future economic conditions and potential impact on its business.

The outbreak of COVID-19 has caused significant disturbances in the financial structures across the globe. In India, nationwide lockdown was declared by Central Government from 25.03.2020 till 31.05.2020. However, with the easing of lockdown restrictions across the country, the economic activities are gradually resuming. The Group continues to leverage its technological capabilities to carry its operations remotely as well.

Although, some challenges are being faced by the borrower entities from temporary disruptions in their cash flows, leading to extended working capital cycles and deferment of capex plans. In these tough times, the Government and other regulators have been responding actively by introducing various measures to keep the economy functioning by easing out cash flow constraints. The Ministry of Power and Ministry of New and Renewable Energy have come up with various measures to ease out the challenges being faced by various power sector entities including reduction in late payment surcharge, waiver of fixed charges, and interest rate charges, ensuring "must-run" status to renewable energy generation facilities, etc.

The Government of India, as a part of its Covid-19 package announcement, has also announced liquidity injection of ₹ 90,000 crore to the State Discoms in the form of State Government guaranteed loans through the Company and its subsidiary viz. REC Ltd. The Group has sanctioned an amount of more than ₹ 60,000 crore till 31.07.2020 as part of this liquidity package to eligible Discoms.

Further, in accordance with RBI guidelines relating to COVID-19 Regulatory Package dated 27.03.2020, 17.04.2020 and 23.05.2020, the Company and its subsidiary viz. REC Ltd. have offered moratorium on payment of instalments falling due between March 1, 2020 and August 31, 2020 to eligible borrowers. In pursuance of the moratorium policy, an amount of ₹ 21,635 crore falling due till 30.06.2020 has been granted moratorium. The days past due (DPD) calculation has been kept in suspension (staging standstill) for the accounts where moratorium is sanctioned, at the same level that existed on date of commencement of moratorium.

The Group continues to be well geared to meet its funding needs. It holds sufficient liquidity as well as adequate undrawn lines of credits from various banks. Considering high credit worthiness and well-established relationship of Group companies with lenders, it can continue to mobilise sufficient funds from domestic & international markets.

In view of the above, the Management believes that there will not be significant impact of this outbreak in continuing its business operations, in maintaining its financial position and in assessing its ability to continue as a going concern. However, the impact of this pandemic on the Group will, inter alia, continue to be dependent on future developments relating to duration & severity of Covid-19, and any further actions by the Government & Regulatory bodies to contain its impact on the power sector and on the NBFCs. The Group shall also continue to closely monitor any material changes arising of uncertain future economic conditions and potential impact on its business.
