COMPLIANCE CERTIFICATE
(September 30th, 2023)

RG-2 COMPRISING OF SOLAR PROJECTS OF 570 MW

adani
Renewables

Contents

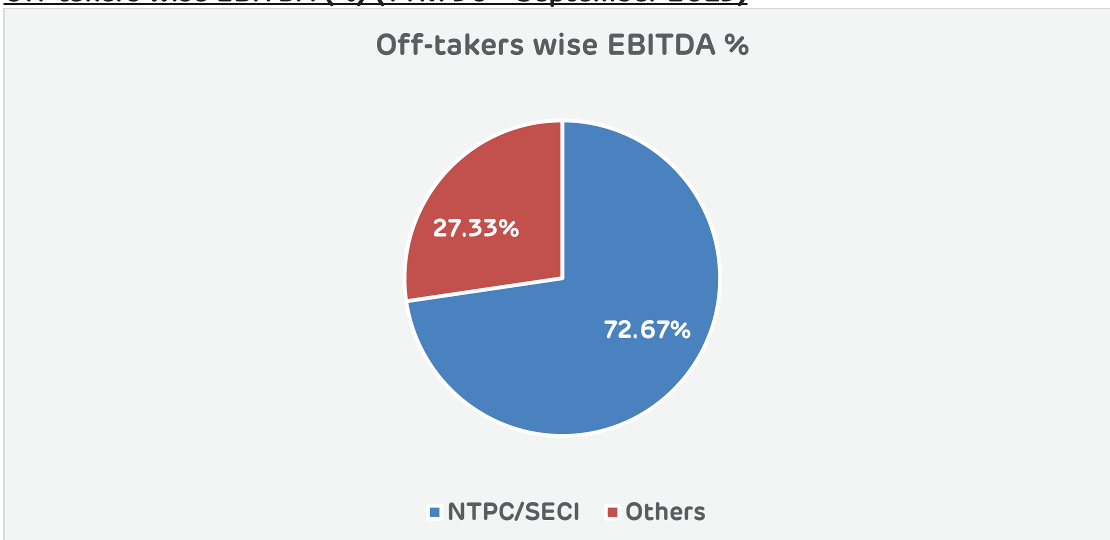
Executive Summary

Adani Green Energy Obligor Group (RG 2)

200 MW of Adani Renewable Energy (RJ) Limited (ARERJL), 350 MW of Wardha Solar (Maharashtra) Private Limited (WSMPL) and 20 MW of Kodangal Solar Parks Private Limited (KSPPL) formed an obligor group of 570 MW i.e. RG 2.

RG 2 had been assigned rating of BB+ by S&P, BBB- by Fitch and Ba1 by Moody's.

Off-takers wise EBITDA (%) (TTM 30th September 2023)



Recent Developments of AGEL

1. **Operational Capacity increases by 24% YoY to 8,316 MW:**
    - 1150 MW solar wind Hybrid plants in Rajasthan
    - 230 MW wind power plant
    - 212 MW solar power plants in Rajasthan

2. **RG 2 Portfolio achieved power generation performance above P75 Level in TTM Sept 23**
    - RG 2 Portfolio has achieved above P50 level in trailing 6 months (Apr 23 to Sept 23)
    - RG 2 Portfolio has achieved above P75 level in trailing 12 months (Oct 22 to Sept 23)
    - Sale of energy up by ~5% YoY backed by consistent Plant availability and improved solar irradiation.

3. ESG updates:

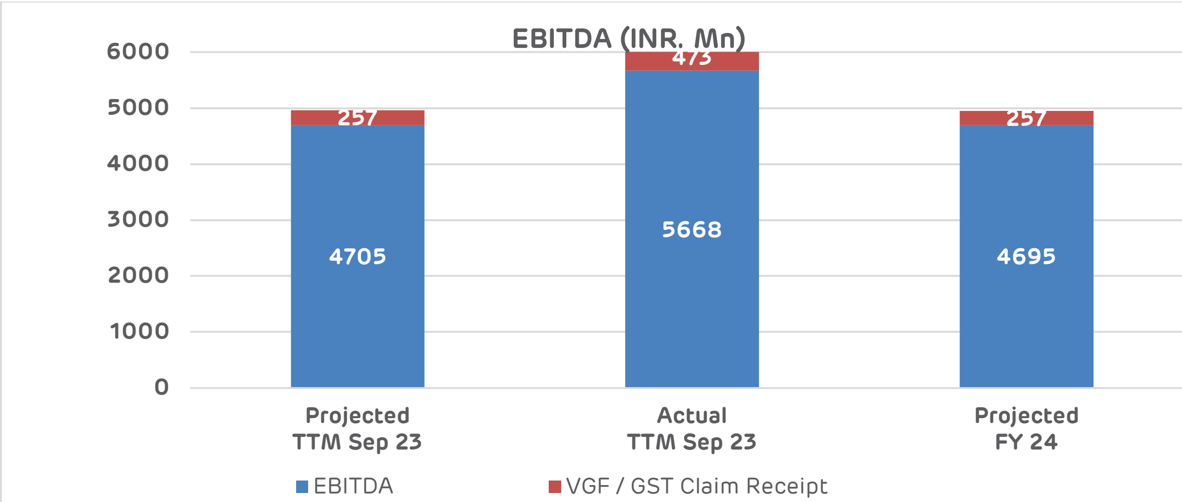
- AGEL's **Corporate Governance score upgraded to 7.4** in MSCI's ESG rating, highest scoring range relative to global peers and reflects best-in-class governance practices well aligned with investor interests.
- Ranked 1st in Asia and among Top 10 RE companies globally by ISS-ESG in its ESG Assessment
- AGEL's entire operating capacity is now 'Water Positive' (for plants with > 200 MW capacity), 'Single Use Plastic Free' and 'Zero Waste to Landfill' certified.
- Won the prestigious 'Platinum' Environment Award at Grow Care India Environment Management Awards 2022.
- Won '**Best Solar PV Plant**' and '**Best Wind Generator**' awards at The Retreat Conclave organized by Independent Power Producers Association of India.
- With an aim to reduce Scope 3 emissions, AGEL extensively engaged with the suppliers leading to 91% of manufacturing suppliers disclosing their GHG emissions through CDP supply chain program.

4. Regulatory Updates

- Entire 648 MW Kamuthi billing rate restored to PPA tariff Rs 7.01/kWh
- TANGEDCO agreed to pay LPS of Rs 181 Cr on delayed payment of past dues, out of which payment of Rs 95 Cr already received till date.

Financial performance

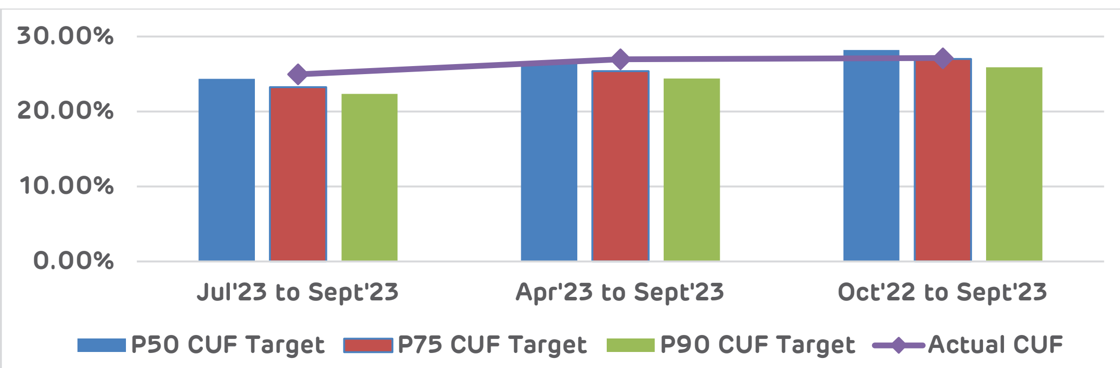
EBIDTA Projected vs Actual



*Projected EBITDA numbers are taken from financial model.

Operational performance

The summary of operational performance of RG entities on aggregate basis is as follows:



- TTM Sept 23 performance has been above P75 level as compared to projection.
- Plant availability of RG-2 portfolio has been maintained at above 99%.

Covenant

RG-II on aggregate basis has achieved following ratios:

Summary of the Covenant						
Particulars	**Stipulated**	**Sep-21**	**Mar-22**	**Sep-22**	**Mar-23**	**Sept-23**

From:

Adani Renewable Energy (RJ) Limited

Wardha Solar (Maharashtra) Private Limited

Kodangal Solar Parks Private Limited

Dated: 22nd Dec 2023

Dear Sirs

Adani Renewable Energy (RJ) Limited, Wardha Solar (Maharashtra) Private Limited and Kodangal Solar Parks Private Limited **(together as "Issuers") – Note Trust Deed dated 15th October 2019 (the "Note Trust Deed")**

We refer to the Note Trust Deed. This is a Compliance Certificate given in respect of the Calculation Date occurring on September 30th, 2023. Terms used in the Note Trust Deed shall have the same meaning in this Compliance Certificate.

The Certificate is based on the following documents:

1. Restricted Group's Aggregated Accounts for 12 months period ended on September 30, 2023.
2. The Cash Flow Waterfall Mechanism as detailed in the Note Trust Deed.
3. Working annexure.

adani
Renewables

Computation of Operating Account Waterfall as per Note Trust Deed

We hereby make the Operating Account Waterfall and distributable amount Calculation.

Operating Account Waterfall calculation	INR Mn	INR Mn
Particulars	Oct 1, 2022 to Sept 30, 2023	Oct 1, 2021 to Sept 30, 2022
Opening cash balance (excluding reserves) (A)	**2,368**	**1,620**
Operating EBITDA (B) (Refer Annexure 7)	**6,141**	**5,914**
Working Capital Loan Drawl/ (Repayment) (C)	**-**	**(510)**
Working capital & Other Movements (D)	**(734)**	**(231)**
Capital Expenditure (E)	**(61)**	**(302)**
Cash Flow Available for Debt Servicing and Reserves (F=A+B+C+D+E)	**7,715**	**6,492**
Debt Servicing and other Reserves		
Interest Service (Refer annexure 6)	(2,373)	(2,372)
Debt Service (Repayment)	(820)	(753)
Total Debt Servicing and other Reserves (F)	**(3,192)**	**(3,124)**
Cash Available post Debt Servicing and Reserves (G = E+F)	**4,522**	**3,368**
Funds distributed in during the period (H)	**(1,448)**	**(1,000)**
Cash Available for transfer to Distribution Account (I = G+H)	**3,075**	**2,368**
Funds earmarked for prudent liquidity		
Funds earmarked for Capital Expenditure Payments	(50)	(50)
Funds earmarked for debt servicing	(1,580)	(1,580)
Funds earmarked for O&M expenses (equivalent to 1 month period)	(32)	(25)
Total Funds Earmarked (J)	**(1,662)**	**(1,655)**
Net Cash Available for transfer to Distribution Account (K = I+J)	**1,413**	**713**
Amount transferred to distribution account (L)	**-**	**-**
Net Cash Available for transfer to Distribution Account (M = L+M)	**1,413**	**713**

Note: Major reason for increase in Cash available for distributions YoY are (1) EBITDA increase Rs 227 Mn attributable mainly to better operational performance, (2) Previous year working capital loan repayment Rs 510 Mn which was not there in Current year resulting in additional cash inflow of Rs 510 Mn

We confirm that:

(a) in accordance with the workings set out in the attached Annexure 1, the Debt Service Cover Ratio for the Calculation Period ended on the relevant Calculation Date was **2.67:1**.

(b) copies of the Restricted Group's Aggregated Accounts in respect of the Calculation Period is attached.

(c) as at the Calculation Date, the aggregate amount for transfer to our Distributions Account in accordance with the Operating Account Waterfall is **INR 1413 Mn**.

(d) acting prudently the cash balance of **INR 1,662 Mn** is earmarked for debt servicing due in Oct-23, Capex Expenditure and O&M expense for 1 month.

(e) to the best of our knowledge having made due enquiry, no Default subsists.

Dear Ladies and Gentlemen

Adani Renewable Energy (RJ) Limited, Wardha Solar (Maharashtra) Private Limited and Kodangal Solar Parks Private Limited (incorporated in the Republic of India with limited liability) U.S.$362,500,000 4.625 per cent. Senior Secured Notes due 2039

In accordance with Clause 7.6 of the note trust deed dated 15th October 2019 (as amended and/or supplemented from time to time, the "**Note Trust Deed**") made between (1) Wardha Solar (Maharashtra) Private Limited, Adani Renewable Energy (RJ) Limited and Kodangal Solar Parks Private Limited (the "**Issuers**") and (2) the Note Trustee, we hereby certify and, in the case of paragraphs (h) and (i) below, confirm, on behalf of the Issuers, that:

(a) as at the Calculation Date, the aggregate amount for transfer to the Distribution Account in accordance with the Operating Accounts Waterfall and the Distribution Conditions is U.S.$;

INR 1,412 Mn **USD 17 Mn**

(b) in accordance with the workings set out in the attached Annexure 1, the Debt Service Cover Ratio for the Calculation Period ending on the relevant Calculation Date was

2.67 x :1

(c) in accordance with the workings set out in the attached Annexure 2, the Fund From Operations to Net Debt Ratio for the Calculation Period ending on the relevant Calculation Date was

19.13%

(d) in accordance with the workings set out in the attached Annexure 3, the Project Life Cover Ratio for the Calculation Period ending on the relevant Calculation Date was ;

1.88 x : 1

(e) as at the Calculation Date, the cash balance in each of the Project Accounts is as follows:

Account Name	Cash balance (INR Mn)
WSMPL	2208
KSPPL	86
ARERJL	781
Add: Amount transferred to distribution account	0
Less: Funds earmarked for debt servicing due in Oct'23	(1,580)

Total RG 2	1495

(f) the amount of Capital Expenditure undertaken or forecast to be undertaken by the Obligor in the six-month period commencing on the relevant Calculation Date is;

Apr 1, 2023 to Sep 30, 2023 **INR 32 Mn**
Oct 1, 2023 to Mar 31, 2024 **INR 50 Mn**

(g) the Issuers' EBITDA (on an aggregate basis) attributable to Sovereign Counterparties for the Calculation Period ending on the relevant Calculation Date is **0.73 x:1**

(h) we are acting prudently and the cash balance can be distributed as permitted under the relevant Transaction Documents;

(i) any maintenance as required under the CUF report has been completed; and

(j) to the best of our knowledge having made due enquiry, no Default subsists.

The details of all Authorised Investments in respect of each Project Account as at date of this Certificate are set in **Annexure 4**.

Terms not defined herein shall have the same meanings as provided in the Note Trust Deed and the Conditions.

Yours faithfully

Annexure 1

Workings for calculation of Debt Service Cover Ratio

	Particulars	Amount in INR Mn Oct 22 to Sept 23
	"**Debt Service Cover Ratio**" means, in relation to a Calculation Period ending on the relevant Calculation Date,	**2.67**
i)	"**Cashflow Available for Debt Service**" means, in respect of any period, the aggregate amount of CFADS Operating Revenue for that period (which, for the avoidance of doubt, includes interest revenue accrued by the Issuers on all Project Accounts (including the Distribution Accounts, to the extent any such interest is transferred to an Operating Account) to the extent not already included in CFADS Operating Revenue), less:	**8,508**
	(a) Operating Expenses paid in that period, other than any other Operating Expenses (including any Costs or fees payable in connection with the Existing Indebtedness, the Senior Secured Documents or any Additional Senior Debt or Additional Subordinated Debt and any Costs or break fees payable as a consequence of the repayment or prepayment of the Existing Indebtedness or any Hedge Termination Payments in respect of the Existing Indebtedness), in each case, funded by Permitted Finance Debt, equity contributions or shareholder loans or amounts withdrawn from a Project Account in accordance with these Conditions or the Project Accounts Deed;	(378)
	(b) Taxes paid by the Issuers in that period; and	-
	(c) amounts paid to the Security Trustee, each Representative under the Senior Secured Documents and any third party paying, transfer, or listing agents or registrars in relation to the Senior Debt,	-
	in each case for (b) and (c) of this definition, without double counting. For any Calculation Period commencing on the Closing Date, Cash flow Available for Debt Service will include any excess cash in the Operating Account on the Closing Date.	2,368
	"**CFADS Operating Revenue**" means Operating Revenue excluding (without double counting):	**6,519**
	Total Operating Revenue	6,598
	(a) non-recurring significant items (including, but not limited to, profits and losses on disposal of assets outside the ordinary course of business);	(80)

	(b) extraordinary items (including but not limited to profits or losses on termination of any Secured Hedging Agreement);	-
	(c) net payments received under any Secured Hedging Agreements;	-
	(d) any other non-cash items (including but not limited to property revaluations);	-
	(e) insurance proceeds, other than business interruption insurance proceeds or advance consequential loss of profit insurance proceeds or any proceeds applied towards reimbursement for repairs or reinstatement of an asset where the cost of the relevant repair or reinstatement is an Operating Expense;	-
	(f) proceeds of any Finance Debt or equity; and	-
	(g) any compensation, warranty claim or indemnity payment received under a Material Document, other than any amounts calculated with respect to or provided in lieu of revenue or where the cost, liability or loss being compensated for or the subject of the relevant warranty or indemnity is an Operating Expense.	-
ii)	the sum of scheduled principal repayment (to the extent not refinanced, prepaid or repaid, and/or marked for refinancing) adjusting, if applicable, any opening cash carried forward from the previous Calculation Period in the Operating Account, interest payments to Senior Creditors and payments of any Costs (of recurring nature) to Senior Creditors in relation to Senior Debt due or accrued during that period, without considering any Initial Termination Payment and where such Senior Debt is denominated in a currency other than INR the relevant amounts shall be calculated at the rate at which such Senior Debt is hedged under any Hedging Agreement.	**3,192**
	(a) Scheduled principal repayment	820
	(b) Finance Cost (excluding interest towards related party loan and other finance cost)	2,373

Annexure 2

Workings for the Fund from Operations to Net Debt Ratio

Particulars	**(Amounts in INR Mn) Oct 22 - Sept 23**
Fund From Operations to Net Debt Ratio	**19.13%**
"**Funds From Operations**" means EBITDA minus cash taxes paid and adjusted for any positive or negative adjustments in working capital minus cash net interest.	**3,768**
(a) EBIDTA	6,141
(b) Less Tax Paid	-
(c) Less Working Capital Movement	(1)
(d) Finance Cost (less interest towards related party loan charged to P&L)	2,373
"**Net Debt**" means the total indebtedness of the Issuer less any amounts held in the Senior Debt Restricted Amortization Account, the Senior Debt Service Reserve Accounts, the Senior Debt Restricted Reserve Accounts, the Subordinated Debt Service Reserve Accounts and the Senior Debt Redemption Accounts.	**19,703**
(a) Senior Secured Debt	24,431
(b) Cash Balance (In Various Reserve Accounts)	3,128
(c) DSRA Balance	1,600

Annexure 3

Workings for the Project Life Cover Ratio

Particulars	(Amounts in INR Mn) As on Sept 30 2023
"**Project Life Cover Ratio**" means the EBITDA forecast (on an aggregate basis) for the life of the PPAs and any residual value of assets (including cash or cash equivalents) at the end of a relevant PPA period at period N present valued at the weighted average lifecycle cost of Senior Debt outstanding on the Relevant Calculation Date divided by the Senior Debt. The EBITDA forecast for the purpose of the Project Life Cover Ratio will be based on P-90 CUF as forecast in the most recent Relevant Independent Consultant Report.	1.88

Σ(1 to n) EBITDA discounted at the estimated lifecycle cost of debt (over 1 to n) divided by Senior Debt outstanding at the Calculation Date.

1 to N being the remaining life of the PPAs in number of years.

For the purposes of this definition, "**Relevant Calculation Date**" means, in respect of a Transaction Date, the immediately preceding Calculation Date and in respect of a Calculation Date, such Calculation Date.

Independent Auditor's Report

To the Board of Directors of
Adani Green Energy Twenty Three Limited

Report on the Audit of Combined Financial Statements

Opinion

We have audited the Combined Financial Statements of the Restricted Group which consists of Wardha Solar (Maharashtra) Private Limited, Kodangal Solar Park Private Limited and Adani Renewable Energy (RJ) Limited (each, referred to as "Restricted Entity" and collectively referred to as "Restricted Group") which comprises the Combined Balance Sheet as at 30th September 2023, the Combined Statement of Profit and Loss (including other comprehensive income), the Combined Statement of Cash Flows and Combined Statement of Changes in Net Parent Investment for the twelve months ended 30th September 2023 and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "combined financial statements"). All Restricted Group entities are wholly owned subsidiaries of Adani Green Energy Twenty Three Limited ("AGE23L").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Combined Financial Statements for the twelve months ended 30th September 2023 read with Emphasis of matter para given below give a true and fair view in accordance with the basis of preparation as set out in note 2.2 to the Combined Financial Statements.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("Act"). Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Combined Financial Results* section of our report. We are independent of the Restricted Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the applicable provisions. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

Without modifying our opinion, we draw attention to Note 2.2 to the Combined Financial Statements, which describes that the Restricted Group has not formed a separate legal group of entities during the twelve months ended 30th September 2023 and which also describes the basis of preparation, including the approach to and purpose of preparing them. Consequently, the Restricted Group's Combined Financial Statements may not necessarily be indicative of the financial performances and financial position of the Restricted Group that would have occurred if it had operated as a single standalone group of entities during the year presented. The Combined Financial Statements have been prepared solely for the purpose as mentioned in note 2.1 to the Combined Financial Statements. As a result, the combined financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

We draw attention to Note 41 of the accompanying unaudited financial results, regarding the investigations completed by Securities and Exchange Board of India and hearing thereof by Hon'ble Supreme Court, including of matters referred to in the Report of the Expert Committee dated 6th May, 2023 constituted by the Hon'ble Supreme Court of India, whose final outcome is pending, in respect of the matters more fully described in aforesaid note. Our conclusion is not modified in respect of these matters.

Independent Auditor's Report *(Continued)*

Responsibilities of Management and Those Charged with Governance for the Combined Financial Statements

The Management of AGE23L is responsible for the preparation and presentation of these Combined Financial Statements that give a true and fair view of the state of affairs, results of the operations, changes in net parent investment and cash flows in accordance with the basis of preparation as set out in note 2.2 to these Combined Financial Statements. This includes maintenance of adequate accounting records for safeguarding of the assets of each restricted entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Combined Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Combined Financial Statements.

In preparing the Combined Financial Statements, the Management of AGE23L is responsible for assessing the ability of each restricted entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Restricted Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the Combined Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Combined Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Combined Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Restricted Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report *(Continued)*

Auditor's Responsibilities for the Audit of the combined financial statement. ***(Continued)***

- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparation of Combined Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Combined Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Restricted Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Combined Financial Statements, including the disclosures, and whether the Combined Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Restriction on distribution or use

These Combined Interim Financial Statements have been prepared by AGE23L's management solely for the purpose of fulfilling the requirement of Offering Circular (OC). This report is issued solely for the aforementioned purpose and also for the purpose of upload on the website of the Company and the Stock Exchanges as may be applicable and accordingly may not be suitable for any other purpose, and should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent. Further, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

1 General Information

Adani Green Energy Limited ('the Ultimate Holding Company') along with its subsidiaries (herein collectively referred to as the "Group") are companies domiciled in India and primarily involved in Solar power generation.

The Restricted Group - 2 entities which are all under the common control of the Ultimate Holding Company through it's subsidiary (Adani Green Energy Twenty Three Limited) comprise of the following entities (refer note 37):-

Entities forming part of Restricted Group - 2	Principal activity	Country of Incorporation	% Held by Holding Company	
			30th September, 2023	30th September, 2022
Wardha Solar (Maharashtra) Private Limited	Solar Power Generation	India	100	100
Kodangal Solar Park Private Limited	Solar Power Generation	India	100	100
Adani Renewable Energy (RJ) Limited	Solar Power Generation	India	100	100

2.1 Purpose of the combined financial statements

Restricted Group - 2 has issued USD denominated Green bonds listed on Singapore Exchange Securities Trading Limited (SGX-ST). The Special Purpose Combined Financial Statements presented herein reflect the Restricted Group - 2's results of operations, assets and liabilities and cash flows as at and for the year ended 30th September, 2023. The basis of preparation and significant accounting policies used in preparation of these Special Purpose Combined Financial Statements are set out in note 2.2 and 3 below.

2.2 Basis of preparation

The Combined Financial Statements of the Restricted Group - 2 have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 amended from time to time (except Ind AS - 33 on Earnings Per Share) and other accounting principles generally accepted in India and the Guidance Note on Combined and Carve-out Financial Statements issued by the Institute of Chartered Accountants of India (ICAI).

As these combined financial statements have been prepared on a combined basis, it is not meaningful to show share capital or provide an analysis of reserves. Net parent investment, therefore, represents the difference between the assets and liabilities pertaining to combined businesses. Share capital of Restricted Group - 2 is held by the Holding Company. Earnings Per Share have not been presented in these Combined Financial Statements, as Restricted Group - 2 did not meet the applicability criteria as specified under Ind AS 33 – Earnings Per Share.

Management has prepared these combined financial statements to depict the historical financial information of the Restricted Group - 2.

The Combined Financial Statements have been prepared on a going concern basis under the historical cost convention except for Investments in mutual funds and certain financial assets and liabilities that are measured at fair values whereas net defined benefit (asset)/ liability are valued at fair value of plan assets less defined benefit obligation at the end of each reporting period, as explained in the accounting policies below.

As per the Guidance Note on Combined and Carve Out Financial Statements, the procedure for preparing combined financial statements of the combining entities is similar to that of consolidated financial statements as per the applicable Accounting Standards. Accordingly, when combined financial statements are prepared, intra-group transactions and profits or losses are eliminated. All the inter group transactions are undertaken on Arm's Length basis. The information presented in the Special Purpose Combined Financial Statements of the Restricted Group - 2 may not be representative of the financial position that might have existed if the combining businesses had been done on a stand-alone basis.

Net Parent Investment represents the aggregate amount of Share Capital, Compulsory Convertible Preference Shares (Instrument entirely Equity in nature) and other equity of Restricted Group - 2 of entities as at the respective period end and does not necessarily represent legal Share Capital for the purpose of the Restricted Group - 2.

Accordingly, the following procedure is followed for the preparation of the Combined Financial Statements:

(a) Combined like items of assets, liabilities, equity, income, expenses and cash flows of the entities of the Restricted Group - 2.

(b) Eliminated in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Restricted Group - 2.

These are Combined Financial Statements and may not be necessarily indicative of the financial performance, financial position and cash flows of the Restricted Group - 2 that would have occurred if it had operated as separate stand-alone entities during the year presented or the Restricted Group - 2's future performance. The Combined Financial Statements include the operation of entities in the Restricted Group - 2, as if they had been managed together for the year presented.

Transactions that have taken place with the Unrestricted Group (i.e. other entities which are a part of the Group and not included in the Restricted Group - 2 of entities) have been disclosed in accordance of Ind AS 24, Related Party Disclosures. The preparation of financial information in conformity with Ind AS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Restricted Group - 2's accounting policies.

Income taxes are arrived at by aggregation of the tax expenses actually incurred by the combining businesses, after considering the tax effects of any adjustments which is in accordance with the Guidance Note on Combined and Carve-Out Financial Statements issued by the ICAI.

3 Significant accounting policies

a. Property, plant and equipment

i. Recognition and measurement

Property, plant and equipment are stated at acquisition cost grossed up with the amount of tax / duty benefits availed, less accumulated depreciation and accumulated impairment losses, if any.

All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, are capitalised along with the respective asset.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the items and restoring the site on which it is located. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

When significant parts of plant and equipment are required to be replaced at intervals, the Restricted Group depreciates them separately based on their specific useful lives and they are accounted for as separate items (major components) of property, plant and equipment.

ii. Subsequent measurement

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Restricted Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Subsequent costs are depreciated over the residual life of the respective assets.

iii. Depreciation

Depreciation is recognised so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using Straight Line method. The useful life of property, plant and equipment is considered based on life prescribed in part C of Schedule II to the Companies Act, 2013, except in case of the Plant and machinery, wherein the life of the assets has been estimated at 30 years based on technical assessment taking into account the nature of assets, the estimated usage of the assets, the operating condition of the assets, anticipated technical changes, manufacturer warranties and maintenance support. In case of major components identified, depreciation is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

iv. Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

b. Intangible Assets

i. Recognition and measurement

Intangible assets acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses.

The residual values, useful lives and method of depreciation of Intangible Assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

ii. Amortisation

Amortisation is recognised using Straight Line method over their estimated useful lives. Estimated useful life of the Computer Software is 5 years.

iii. Derecognition

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of any intangible asset are measured as the difference between net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

c. Capital Work in Progress

Expenditure related to and incurred during implementation (net of incidental income) of capital projects to get the assets ready for intended use is included under "Capital Work in Progress (including related inventories)". The same is allocated to the respective items of property plant and equipment on completion of construction / erection of the capital project / property plant and equipment. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

d. Financial Instruments

Recognition and measurement

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A financial asset (except for trade receivable) and financial liability is initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the Statement of Profit and Loss .

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a legally enforceable right (not contingent on future events) to off-set the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

e. Financial assets

Initial recognition and measurement

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Restricted Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified based on assessment of business model in which they are held. This assessment is done for portfolio of the financial assets. The relevant categories are as below:

Financial assets measured at amortised cost

Financial assets that meet the following conditions are subsequently measured at amortised cost using effective interest rate (EIR) method (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):
• the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
• Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The effective interest rate method is a method of calculating the amortised cost of financial assets and of allocating interest income over the relevant period.
The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and transaction costs and other premiums or discounts) through the expected life of the financial assets, or where appropriate, a shorter period, to the net carrying amount on initial recognition.
Interest is recognised on an effective interest basis for debt instruments other than those financial assets classified as at Fair Value through Profit and Loss (FVTPL).

Financial assets measured at fair value through Other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it meets both of the following conditions and is not designated as at FVTPL:
• the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
• the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value through profit and loss

Financial assets which are not measured at amortised cost or FVTOCI and are held for trading are measured at FVTPL.
Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in statement of profit or loss. The net gain or loss recognised in statement of profit or loss incorporates any dividend or interest earned on the financial asset.

Business Model Assessment

The Restricted Group makes an assessment of the objectives of the business model in which a financial asset is held because it best reflects the way business is managed and information is provided to management.
The assessment of business model comprises the stated policies and objectives of the financial assets, management strategy for holding the financial assets, the risk that affects the performance etc. Further management also evaluates whether the contractual cash flows are solely payment of principal and interest considering the contractual terms of the instrument.

Derecognition of financial assets

The Restricted Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Restricted Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

Impairment of Financial assets

The Restricted Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset, including inter corporate deposits.

Expected credit loss is the difference between all contractual cash flows that are due to the Restricted Group in accordance with the contract and all the cash flows that the Restricted Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. The Restricted Group estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

The Restricted Group assesses at each balance sheet date whether a financial asset or a Group of financial assets is impaired. Ind AS 109, 'Financial Instruments' requires expected credit losses to be measured through a loss allowance. The Restricted Group recognizes credit loss allowance using the lifetime expected credit loss model. The Restricted Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

The Restricted Group's financial assets comprise of investments, cash and cash equivalents, trade receivables, other bank balances, interest accrued on bank deposits, security deposits, intercorporate deposits, other receivables and derivative financial instruments. These assets are measured subsequently at amortised cost except for derivative assets which are measured at FVTPL.

f. Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Restricted Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Restricted Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Restricted Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and inter corporate deposits, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

All financial liabilities are measured at amortised cost using the effective interest rate method or at FVTPL.

Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the Statement of Profit and Loss.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost. Similarly, interest bearing loans and borrowings are subsequently measured at amortised cost using effective interest rate method. Trade credits include Buyer's credit.

Financial liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability.

Fair Values are determined in the manner designed in note "t".

Derecognition of financial liabilities

The Restricted Group derecognises financial liabilities when, and only when, the Restricted Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss .

Derivative Financial Instruments

Initial recognition and subsequent measurement

The Restricted Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps, cross currency swaps, principal only swap and coupon only swap. Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the Statement of Profit and Loss as Foreign Exchange (Gain) / Loss except those relating to borrowings, which are separately classified under Finance Cost and those pertaining to the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

g. Inventories

Inventories in the nature of stores and spare parts are carried at the lower of cost and net categorized value after providing for obsolescence and other losses were considered necessary. Net realisable value in respect of stores and spare parts is the estimated current procurement price in the ordinary course of the business. Cost of Inventories comprises all cost of purchase and other cost incurred in bringing inventories to their present location and condition. In determining the cost, weighted average cost method is used.

Stores and Spares which do not meet the definition of property, plant and equipment are accounted as inventories.

h. Current and non-current classification

The Restricted Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

• Expected to be realised or intended to be sold or consumed in normal operating cycle or
• Held primarily for the purpose of trading or
• Expected to be realised within twelve months after the reporting period, or
• Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after reporting period.

All other assets are classified as non-current.

A liability is current when:

• It is expected to be settled in normal operating cycle or
• It is held primarily for the purpose of trading or
• It is due to be settled within twelve months after the reporting period, or

• There is no unconditional right to defer the settlement of the liability for at least twelve months after reporting period.

The Restricted Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their categorized in cash and cash equivalents. The Restricted Group has identified twelve months as its operating cycle.

i. Foreign currency transactions and translation

These Financial Statements are presented in Indian Rupees (₹), which is also the Restricted Group's functional currency.

Foreign currencies

Transactions in foreign currencies are initially recorded by the Restricted Group at its functional currency spot rates at the date the transaction first qualifies for recognition.

Exchange differences are recognized in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction, which are included in the cost of those assets when considered as adjustment to interest costs on those foreign currency borrowings.

j. Government grants

Government grants are not recognised until there is reasonable assurance that the Restricted Group will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in Statement of profit and loss on a systematic basis over the periods in which the Restricted Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Restricted Group should purchase, construct or otherwise acquire non current assets, the cost of assets are presented at gross value and grants thereon are recognised as deferred revenue in the balance sheet and transferred to statement of profit and loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Restricted Group with no future related costs are recognised in profit and loss in the period in which they become receivable.

k. Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are rendered to the customer at an amount that reflects the consideration to which the Restricted Group expects to be entitled in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer or on account of change in law. Revenue also excludes taxes or other amounts collected from customers in its capacity as an agent. If the consideration in a contract includes a variable amount, the Restricted Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods/services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The accounting policies for the specific revenue streams of the Restricted Group are summarized below:

i) Revenue from power supply

The Restricted Group's contracts in form of Power Purchase Agreements (PPA) entered with State Distribution Companies for the sale of electricity generally include one performance obligation. The Restricted Group has concluded that revenue from sale of electricity, net of discounts, incentives / disinsentives if any, should be recognised at the point in time when electricity is transmitted to the customers.

ii) Sale of other goods (spares)

The Restricted Group's contracts with customers for the sale of goods (spares) generally include one performance obligation. Revenue from the sale of other goods is recognised at the point in time when control of the asset is transferred to the customers, generally on delivery of the goods.

iii) Interest income is recognised on Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Restricted Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

iv) Late Payment Surcharge(LPS) and interest on late payment for power supply are recognized on reasonable certainty to expect ultimate collection or otherwise based on actual collection whichever is earlier.

Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Restricted Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Restricted Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due and the amount is billable.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Restricted Group has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognised as revenue when the Restricted Group performs obligations under the contract.

l. Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

m. Taxation

Tax on Income comprises current and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current income tax relating to items recognised outside statement of profit or loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss.

Deferred tax assets are generally recognized for all deductible temporary differences, carry forward of unused unabsorbed depreciation and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be category, except when the deferred tax asset relating to temporary differences arising at the time of transaction that affects neither the accounting profit or loss nor the taxable profit or loss.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized outside the Statement of Profit and Loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be category. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The Restricted Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

n. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) (net off distribution on Unsecured Perpetual Securities whether declared or not) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for the effects of dividend, interest and other charges relating to the dilutive potential equity shares by weighted average number of shares plus dilutive potential equity shares.

o. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Restricted Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. When the Restricted Group expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Restricted Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of amount cannot be made. Contingent liabilities may arise from litigation, taxation and other claims against the Restricted Group. Where management's assessment that the outcome is uncertain or cannot be reliably quantified, the claims are disclosed as contingent liabilities unless the likelihood of an adverse outcome is remote.

Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

p. Impairment of non-financial assets

At the end of each reporting period, the Restricted Group reviews the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Restricted Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted.

The Restricted Group bases its impairment calculation on detailed budget and forecast calculations, which are prepared separately for each of the Restricted Group's cash-generating unit to which the individual assets are allocated. For longer periods, a long term growth rate is calculated and applied to project future cash flows. To estimate cash flow projections beyond periods covered by the most recent budget / forecasts, the Restricted Group estimates cash flow projections based on estimated growth rate.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of profit or loss.

q. Leases

At inception of a contract, the Restricted Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Restricted Group as a Lessee:

The Restricted Group recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments are expensed on a straight-line basis over the lease term.

Right of Use Assets:

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Restricted Group by the end of the lease term or the cost of the right-of-use asset reflects that the Restricted Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

Lease Liability

The lease liability is initially measured at the present value of the lease payments to be paid over the lease term at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Restricted Group's incremental borrowing rate. Generally, the Restricted Group uses its incremental borrowing rate as the discount rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method. The carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

For a lease modification that is not a separate lease, at the effective date of the modification, the lessee accounts for the lease modification by remeasuring the lease liability using a discount rate determined at that date and the lessee makes a corresponding adjustment to the right-of-use asset.

r. Hedge Accounting

The Restricted Group designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as cash flow hedges.
To qualify for hedge accounting, the hedging relationship must meet all of the following requirements :
- there is an economic relationship between the hedged items and the hedging instruments,
- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the entity actually hedges and the quantity of the hedging instrument that the entity actually uses to hedge that quantity of hedged item.
- the effect of credit risk does not dominate the value changes that result from that economic relationship,

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Restricted Group documents whether the hedging instrument is highly effective in offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk.

Cash flow hedges

The Restricted Group designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions.
When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative / hedging instruments is recognized in the cash flow hedging reserve being part of other comprehensive income. The Effective portion of cash flow hedges is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss.
If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively.
If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction.

For any other cash flow hedges, the amount accumulated in OCI is reclassified to profit or loss as reclassification adjustment in the same period or periods during which the hedged cash flows affect profit or loss.

s. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.
Cash and cash equivalents for the purpose of Statement of Cash Flow comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

Other Bank deposits

Bank balances in the balance sheet comprise fixed deposit with maturity of more than three months but less than twelve months and balance held as margin money. Margin money comprise of bank deposits restricted as to withdrawal or usage and are used to collateralize certain debt related obligations required under the Trust and Retention Account agreement entered with the various lenders and restricted under other arrangements. Margin money bank deposits are classified as current and non-current based on management expectation of the expiration date of the underlying restrictions. Interest on these bank deposits is presented as investing cash flows.

t. Fair Value Measurement

The Restricted Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Restricted Group.
The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.
The Restricted Group's management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value and for non-recurring fair value measurement such as asset under the scheme of business undertaking.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.
The Restricted Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Restricted Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as unquoted financial assets and financial liabilities.

For the purpose of fair value disclosures, the Restricted Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

u. Asset retirement obligations

Upon the expiration of the PPA or, if later, the expiration of the lease agreement, the Group is required to remove the solar power plants located on leasehold land and restore the land to its original condition.

An amount equivalent to the asset retirement obligation is recognised along with the cost of solar power plants and is depreciated over the useful life of plant and equipment. The amount recognised is the present value of the estimated future expenditure determined using existing technology at current prices and escalated using appropriate inflation rate till the expected date of restoration and discounted up to the reporting date using the appropriate risk adjusted interest rate specific to the liability. Any change in the present value of the estimated asset retirement obligation other than the periodic unwinding of discount is adjusted to the asset retirement provision and the carrying value of the corresponding plant and equipment. In case reversal of the provision exceeds the carrying amount of the related asset, the excess amount is recognised in the Consolidated Statement of Profit or Loss and is included in 'Other income'. The unwinding of discount on provision is recognised in the Statement of Profit or Loss and is included in 'Finance costs'.

3.1 Use of estimates and judgements

The preparation of the Restricted Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the acRestricted Grouping disclosures including contingent liabilities. The estimates and associated assumptions are based on experience and other factors that management considers to be relevant. Actual results may significantly differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis by the management of the Restricted Group. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Key Sources of Estimation uncertainty:

The key assumptions concerning the future and other key sources of estimation uncertainty and judgements at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments may change due to market changes or circumstances arising that are beyond the control of the Restricted Group. Such changes are reflected in the assumptions when they occur.

i) Useful lives and residual value of property, plant and equipment

In case of the power plant assets, in whose case the life of the assets has been estimated at 30 years for solar power generation projects based on technical assessment, taking into account the nature of the assets, the estimated usage of the asset, the operating condition of the asset, anticipated technological changes, manufacturer warranties and maintenance support, except for major components identified, depreciation on the same is provided based on the useful life of each such component based on technical assessment, if materially different from that of the main asset.

ii) Fair value measurement of financial instruments

In estimating the fair value of financial assets and financial liabilities, the Restricted Group uses market observable data to the extent available. Where such Level 1 inputs are not available, the Restricted Group establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

• Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

• Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

• Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

iii) Taxes

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies and future recoverability of deferred tax assets. The amount of the deferred income tax assets considered realisable could reduce if the estimates of the future taxable income are reduced. In assessing the recoverability of deferred tax assets, the Restricted Group relies on the same forecast assumptions used elsewhere in the financial statements.

iv) Impairment of Non Financial Assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted future cash flows model. The recoverable amount is sensitive to the discount rate used for the discounted future cash flows model as well as the expected future cash-inflows.

v) Impairment of Financial Assets

The impairment provisions for trade receivables are made considering simplified approach based on assumptions about risk of default and expected loss rates. The Restricted Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on the Restricted Group's past history and other factors at the end of each reporting period. In case of other financial assets, the Restricted Group applies general approach for recognition of impairment losses wherein the Restricted Group uses judgement in considering the probability of default upon initial recognition and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

(vi) Government Grant

Significant management judgment is required to determine the timing and extent of recognition of any grants received from Government. They can only be recognized upon reasonable assurance that the entity will comply with the conditions attached to the grant.

vii) Recognition and measurement of provision and contingencies

The Restricted Group recognises a provision if it is probable that an outflow of cash or other economic resources will be required to settle the provision. If an outflow is not probable, the item is treated as a contingent liability. Risks and uncertainties are taken into account in measuring a provision.

During the current year, the Restricted Group has remeasured the cost of asset retirement obligation which best represents the present value of estimated future expenditure. Accordingly, the same is considered in the carrying value of the corresponding plant and equipment and asset retirement provision. The remaining carrying value of Asset retirement obligation included in plant and equipment will be equally depreciated over the remaining useful file of corresponding plant and equipment.

viii) Identification of a lease

Management assesses applicability of Ind AS 116 - 'Leases', for PPAs. In assessing the applicability, the management exercises judgement in relation to the underlying rights and risks related to operations of the plant, control over design of the plant etc., in concluding that the PPA do not meet the criteria for recognition as a lease.

(ix) Recognition of Revenue from Power Supply

In case of pending tariff regulatory matters, the recognition of revenue is a matter of judgement based on facts and circumstances. The Group evaluates the fact pattern and circumstances, for each such regulatory matters. The revenue is recognised only when there is probability that the Group is entitled to the collection of consideration, as per the principles enunciated under Ind AS 115.

4.1 Property, Plant and Equipment

For maturity profile of lease liabilities, refer note 33 of maturity profile of financial liabilities.

33 Financial Instruments and Risk Review :

The Restricted Group - 2's risk management activities are subject to the management direction and control under the framework of Risk Management Policy as approved by the Board of Directors of entities forming part of Restricted Group - 2. The Management ensures appropriate risk governance framework for the Restricted Group - 2 through appropriate policies and processes and that risks are identified, measured and managed properly.

The Restricted Group - 2's financial liabilities other than derivatives comprise mainly of borrowings and interest accrued on the same, trade and other payables. The Restricted Group - 2's financial assets other than derivatives comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Restricted Group - 2 has exposure to the following risks arising from financial instruments:
- Market risk;
- Credit risk; and
- Liquidity risk

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and price risk.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Restricted Group - 2's exposure to the risk of changes in market interest rates relates primarily to the Restricted Group - 2's Non-current debt obligations with floating interest rates.

The Restricted Group - 2 manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings.During the year, The Restricted Group - 2's borrowings from banks, bonds and related parties are at fixed rate of interest. Short term borrowing from bank was repaid during the year.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuations at the end of the reporting period. The said analysis has been carried on the amount of floating rate Non-current liabilities outstanding at the end of the reporting period. A 50 basis point increase or decrease represents the management's assessment of the reasonably possible change in interest rates.

Since all the non current borrowings of Restricted Group - 2 are hedged, there will be no impact in the profit and loss on account of change in interest rate.

ii) Foreign Currency risk

Foreign Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Restricted Group - 2 is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Restricted Group - 2's operating and financing activities as the The Restricted Group - 2 has foreign currency borrowings in the nature of bonds and import of spares for operations.The Restricted Group - 2 has hedged 100% of its foreign currency borrowings to that extent, the Restricted Group - 2 is not exposed to foreign currency risk.

Every 1% depreciation / appreciation in the exchange rate between the Indian rupee and U.S.dollar and other currencies on the exposure relating to foreign currency creditors and acceptances of EURO 0 million as on 30th September, 2023 and $ 0 million and EURO 0 million as on 31st March, 2023, would have decreased/increased the Restricted Group - 2's profit for the period as follows :

	As at 30th September, 2023 (₹ in Millions)	As at 31st March, 2023 (₹ in Millions)
Impact on profit / (loss) for the period / year (before tax)	0	0

iii) Price risk

The Restricted Group - 2 does not have price risk.

Credit risk

Trade Receivable:

Major receivables of the Restricted Group - 2 are from State and Central distribution Companies (DISCOM) which are Government entities and Unrestricted Group Entities and Others. The Restricted Group - 2 is regularly receiving its dues from DISCOM. Delayed payments, if any, carries interest as per the terms of agreements. Trade receivables are generally due for lesser than one year, accordingly in relation to these dues, the Restricted Group - 2 does not foresee any significant Credit Risk.

Other Financial Assets:

This comprises mainly of deposits with banks, investments in mutual funds and other intercompany deposits. Credit risk arising from these financial assets is limited and there is no collateral held against these because the counterparties are Unrestricted Group Entities, banks and recognised financial institutions. Banks and recognised financial institutions have high credit ratings assigned by the credit rating agencies.Intercompany deposits are placed with fellow subsidiary Companies.

Liquidity risk

Liquidity risk is the risk that the Restricted Group - 2 will encounter difficulty in meeting the obligations associated with its financial liabilities. The Restricted Group - 2 monitors its risk of shortage of funds using cash flow forecasting models and matching profiles of financial assets and liabilities. These models consider the maturity of its financial investments, committed funding and projected cash flows from Restricted Group - 2 's operations. The Restricted Group - 2 's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure. Having regard to the nature of the business wherein the Restricted Group - 2 is able to generate fixed cash flows over a period of time, any surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in highly marketable debt mutual funds with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities or lent to group entities (within Adani Green Energy Limited) at market determined interest rate.

The Restricted Group - 2's entities expects to generate positive cash flows from operations in order to meet its external financial liabilities as they fall due. The Restricted Group - 2's entities have unconditional financial support from Ultimate Holding Company including extension of repayment terms of borrowings, as and when needed.

Maturity profile of financial liabilities:

The table below provides details regarding the remaining contractual maturities of financial liabilities based on contractual undiscounted payments.

(₹ in Millions)

As at 30th September, 2023	Notes	Less than 1 year	1 to 5 year	More than 5 Years	Total
Borrowings*	17 and 21	828	7,313	22,578	30,719

Carrying value of Lease liabilities as on 30th September, 2023 is ₹ 509 millions (as at 31st March, 2023 ₹ 519 millions)

Capital Management

The Restricted Group - 2's objectives for managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth. The Restricted Group - 2's overall strategy remains unchanged from previous year.

The Restricted Group - 2 sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation, debt securities and other Non-current/current borrowings. The Restricted Group - 2's policy is to use current and non-current borrowings to meet anticipated funding requirements. The Restricted Group - 2 monitors capital on the basis of the net debt to equity ratio.

The Restricted Group - 2 believes that it will able to meet all its current liabilities and interest obligations in a timely manner, since most of the current liabilities are from Unrestricted Group entities.

The Restricted Group - 2's capital management ensures that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest bearing loans and borrowing in the current year. No changes were made in the objectives, policies or processes for managing capital.

Particulars	Note	As at 30th September, 2023 (₹ in Millions)	As at 31st March, 2023 (₹ in Millions)
Debt	17 and 21	30,465	30,582
Cash and cash equivalents and bank deposits (including DSRA and Current investments)	6, 10, 12 and 13	4,728	4,095
Net Debt (A)		25,737	26,487
Total Net Parent Investment (B)	16	6,433	5,694
Total Net Parent Investment and net Debt (C)=(A+B)		32,170	32,181
Net Debt to Equity (A/C)		**80%**	**82%**

34 Derivatives and Hedging

(i) Classification of derivatives

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are accounted for at fair value through profit or loss. Information about the derivatives used by the Restricted Group and outstanding as at the end of the financial year is provided below:

Particulars	Financial Assets		Financial Liabilities	
	As at 30th September, 2023	As at 31st March, 2023	As at 30th September, 2023	As at 31st March, 2023
Derivatives not designated as Hedging Instruments:	-	-	-	-
Derivatives designated as Hedging Instruments:	**2,374**	**2,046**	**72**	**10**
Forward contracts and Principal Only Swap	2,374	2,046	72	10

(ii) Hedging activities

Foreign Currency Risk

The Restricted Group-2 is exposed to various foreign currency risks as explained in note 33 above. The Restricted Group - 2 has hedged 100% of its foreign currency borrowings to that extent, The Restricted Group - 2 is not exposed to foreign currency risk.

All these hedges are accounted for as cash flow hedges.

Interest Rate Risk

The Restricted Group-2 is exposed to interest rate risks on floating rate borrowings as explained in note 33 above.

(iii) Hedge Effectiveness

There is an economic relationship between the hedged items and the hedging instruments as the terms of the hedge contracts match the terms of hedge items. The Restricted Group-2 has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the foreign exchange and interest rate are identical to the hedged risk components. To test the hedge effectiveness, the Restricted Group-2 compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

(iv) Source of Hedge ineffectiveness

In case of foreign currency risk and interest rate risk, the main source of hedge ineffectiveness is the effect of the counterparty and the Restricted Group-2's own credit risk on the fair value of hedge contracts, which is not reflected in the fair value of the hedged items. The effect of this is not expected to be material.

(v) Disclosures of effects of Cash Flow Hedge Accounting

Hedging instruments

The Restricted Group-2 has taken derivatives to hedge its borrowings and Interest accrued thereon.

Particulars	Less than 1 year	1 to 5 year	More than 5 Years	Total
Forward contracts and Principal Only Swap				
As at 30th September, 2023	1,239	26,792	-	28,031
Nominal Amount				
As at 31st March, 2023				
Nominal Amount	1,236	26,920	-	28,156

(vi) The effect of the cash flow hedge in the Statement of Profit and Loss is as follows:

Particulars	As at 30th September, 2023	As at 31st March, 2023
Cash flow Hedge Reserve at the beginning of the period / year	(709)	(528)
Total hedging (loss) recognised in OCI	58	(242)
Income tax on above	(15)	61
Ineffectiveness recognised in profit or loss	-	-
Cash flow Hedge Reserve at the end of the period / year	(666)	(709)

The Restricted Group-2 does not have any ineffective portion of hedge.

(vii) The outstanding position of derivative instruments is as under:

Nature	Purpose	As at 30th September, 2023		As at 31st March, 2023	
		Nominal Value (₹ in Millions)	Foreign Currency (USD in Million)	Nominal Value (₹ in Millions)	Foreign Currency (USD in Million)
Forward Contract	Hedging of Bond Interest accrued but not due	1,239	15	1,236	15
Principal only Swap	Hedging of Foreign Currency Bond Principal	26,792	323	26,920	328
	Total	**28,031**	**338**	**28,156**	**343**

The details of foreign currency exposures not hedged by derivative instruments are as under :-

	Currency	As at 30th September, 2023		As at 31st March, 2023	
		Nominal Value (₹ in Millions)	Foreign Currency (in Million)	Nominal Value (₹ in Millions)	Foreign Currency (in Million)
Creditors and Acceptances	**USD**	-	-	3	0
Creditors and Acceptances	**EURO**	0	0	1	0
	Total	**0**	**0**	**4**	**0**

(Closing rate as at 30th September, 2023 : INR/USD-83.05 and INR/EUR-88.14 and as at 31st March, 2023 : INR/USD-82.17 and INR/EUR-89.44)

35 Fair Value Measurement :

Note:

Refer footnote 1 of Cash Flow Statement for conversion of unpaid Interest on ICD taken and given respectively from / to Unrestricted Group Entities in to the ICD balances as on reporting date as per the terms of Contract.

38 The Restricted Group - 2's activities during the period revolve around renewable power generation. Considering the nature of The Restricted Group - 2's business, as well as based on reviews by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one reportable segment in accordance with the requirements of Ind AS - 108 – ''Operating Segments'', prescribed under Companies (Indian Accounting Standards) Rules, 2015. As the Restricted Group - 2's entire revenues are from domestic sales, no separate geographical segment is disclosed.

39 **Contract balances:**

(a) The following table provides information about receivables and contract assets from the contracts with customers.

(₹ in Millions)

Particulars	**As at 30th September, 2023**	**As at 31st March, 2023**
Trade receivables (refer note 11)	149	160
Unbilled Revenue (refer note 11)	368	456

The unbilled revenue primarily relate to the Restricted Group's right to consideration for power supply but not billed as at the reporting date.

(b) Reconciliation the amount of revenue recognised in the statement of combined profit and loss with the contracted price: (₹ in Millions)

Particulars	**For the twelve months ended 30th September, 2023**	**For the twelve months ended 30th September, 2022**
Revenue as per contracted price	5,062	4,842
Adjustments		
Discount on Prompt Payments	35	71
Transmission Expenses	12	4
Revenue from contract with customers	**5,015**	**4,767**

The Restricted Group - 2 does not have any remaining performance obligation for sale of goods.

40 **Recent Pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1st April, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company does not expect this amendment to have any significant impact in its financial statements.

41 During the year ended 31st March, 2023, a short seller report was published in which certain allegations were made on certain Adani Group Companies including Adani Green Energy Limited, the Ultimate Deemed Holding Company. A writ petition was filed in the matter with the Hon'ble Supreme Court ("SC"), and during the court proceedings, the Securities and Exchange Board of India ("SEBI") has represented to the SC that it was investigating the allegations made in the short seller report for any violations of applicable SEBI Regulations. The SC, in terms of its order had also constituted an expert committee to investigate and advise into the various aspect of existing laws and regulations and also directed the SEBI to consider certain additional aspects in its scope. The expert committee submitted its report to the Hon'ble Supreme Court ("SC"), finding no regulatory failure. During the current period, the SEBI has submitted its status report on investigation to the SC. The said matter is subject to outcome by the Supreme Court.

To uphold the principles of good governance, Adani Green Energy Limited, the Ultimate Deemed Holding Company, had undertaken review of transactions referred in the short seller's report (including those pertaining to the Company) through an independent law firm, for the year ended 31st March, 2023, and the opinion confirms that the Ultimate Deemed Holding Company and its subsidiaries are in compliance with applicable laws and regulations. Based on the foregoing and pending final outcome of the regulatory investigations and related proceedings as mentioned above, the management of the Company has decided not to carry out an additional independent investigation in the matter. Further, the management of the Company is of the view that there is not likely to have any impact on the financial results in this regard.

42 The Company do not have any transaction to report against the following disclosure requirements as notified by MCA pursuant to amendment to Schedule III:

1. Title deeds of immovable property not in the name of the Company
2. Crypto Currency or Virtual Currency
3. Benami Property held under Benami Transactions (Prohibition) Act, 1988 (45 of 1988)
4. Registration of charges or satisfaction with Registrar of Companies
5. Transaction with Struck off Companies
6. Related to Borrowing of Funds:
   - (i). Willful defaulter
   - (ii). Utilization of borrowed fund and share premium
   - (iii). Discrepancy in utilization of borrowings

43 **Personnel Cost**

Entities forming part of Restricted Group - 2 does not have any employee. The operational management and administrative functions of the entities forming part of Restricted Group - 2 are being managed by Ultimate Holding Company.

44 Events occurring after the Balance sheet Date

The Restricted Group - 2 evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the special purpose combined financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the special purpose combined financial statements. There are no subsequent events to be recognized or reported that are not already disclosed.

45 Approval of financial statements

The financial statements were approved for issue by the board of directors on 29th November, 2023.

The notes referred above are an integral part of the Combined Financial Statements
