HCLTech recognized as Leader in all three quadrants of ISG Provider Lens™ Network – Oracle Cloud and Technology Ecosystem 2023 for the US

NEW YORK, US and NOIDA, India, March 15, 2024—[HCLTech](#), a leading global technology company, has been positioned as a Leader in the ISG Provider Lens™ Network's Oracle Cloud and Technology Ecosystem 2023 Assessment for the United States across all three quadrants namely Managed Services, Implementation and Integration Services and Consulting and Advisory Services.

This recognition underscores HCLTech's capacity to offer a full stack of Oracle cloud and technology services to clients, enabling them to accelerate their cloud adoption and business transformation.

The ISG report highlights HCLTech's strengths in the following areas:

- **Managed Services:** HCLTech's distinctive Oracle stack managed services ensure seamless end-to-end management, optimization and comprehensive support. This sets HCLTech apart within the Oracle technology stack ecosystem, highlighting its commitment to excellence and client satisfaction.
- **Implementation and Integration Services:** HCLTech's agile Oracle solutions, renowned for its efficiency and reliability, serves as the pivot for enterprises' cloud adoption and growth strategies.
- **Consulting and Advisory Services:** HCLTech's global Oracle expertise helps deliver agile services and strategic automation solutions tailored to enterprises' specific needs, budgets and landscapes.

"This accomplishment is a testament to the unwavering dedication and innovative spirit of the Oracle practice at HCLTech. Our experience and expertise, combined with cutting-edge advancements in the Oracle Cloud and Technology ecosystem, will continue to drive exceptional value for our global enterprise clients while building a foundation for future transformation initiatives," says Sadagopan Singam, Executive Vice President, Global Head of SaaS and Enterprise Applications, Digital Business, HCLTech.

"Renowned for its expertise in Oracle solutions, HCLTech delivers agile services and strategic automation, establishing itself as a trusted partner for end-to-end Oracle transformation services. It serves as the pivot for enterprises' cloud adoption and growth strategies," says Vishal Srivastava, Lead Analyst, ISG.
