**Operations**

Disbursement growth during the quarter was broad-based with a YoY growth of 13% and a sequential growth of 9%. We witnessed some slowdown in tractor disbursements during the current quarter largely led by uneven and sub-normal rainfall during monsoon in some parts of the sub-continent. In the first half, we disbursed Rs. 25,480 crore, a growth of 20% YoY, which led to a strong gross asset book size of Rs. 93,723 crore, resulting in growth of 13% during the first half of FY24.

Our market share position was maintained in Tractor, Pre-owned vehicles, Passenger vehicles and Three Wheelers segment. The SME asset book which is over Rs. 4,637 crore has grown 26% YoY and increased 4.1% sequentially. The book contributes 5% of the Business Assets.

Collection efficiency during the quarter remained strong at 96%, an improvement over the level observed in Q1 FY24 and marginal reduction over Q2FY23. With improving underwriting standards and focus on early bucket delinquency, the Company maintained its asset quality during the quarter with Stage-3 assets at 4.3% (4.3% as of June 2023), and Stage-2 assets, at 5.7% (an improvement over 6.4% as of June 2023). The Company continued its focus on

collections through use of digital payment channels and effective use of legal machinery. In absolute terms, however, the Gross Stage 3 assets went up from Rs. 3,770 crores as at June end to Rs. 4,024 crores as at September end. A large proportion of this increase is contributed by the tractor portfolio. The Company expects normalization during the second half.

The gap between GNPA (as per IRACP) and Gross Stage- 3 (as per IND-AS) is now range-bound and was at Rs. 1,199 crore as at September end (Rs. 1,144 crore as at June end). The restructured portfolio has now reduced to Rs. 1,502 crore at end of September 2023 from Rs. 1,860 crore as at the end of June 2023.

Balance Sheet remains strong with Capital adequacy at 18.7%. In addition, the company maintained a comfortable liquidity chest upwards of 2.5 months' requirements. The provision coverage on Stage 3 assets increased from 60.1% (as of June end) to 61.2% in current quarter.

The partnership with the State Bank of India to undertake co-lending for providing Priority Sector Loans will further bolster MMFSL's presence across India and help improve market share in pickups and small CVs segments. This association aims at reducing the turnaround time and contactless loan process. Furthermore, the company has acquired a 20% stake in Mahindra Insurance Brokers Ltd (MIBL) to make it a wholly-owned subsidiary.
