For **Infosys Limited**

**A.G.S. Manikantha**  
*Company Secretary*

## Infosys Collaborates with Skillsoft to Foster Digital Learning Through its Springboard Platform

*Helps equip learners with a rich content repository free of cost*

**Bengaluru, India – June 27, 2023:** [Infosys](#) (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, today announced that it has signed a Memorandum of Understanding (MoU) with [Skillsoft](#), a leading provider of transformative learning experiences, to revamp education and learning for students from class 6 to lifelong learners in India. Infosys will provide learners, free of cost, access to a rich repository of Skillsoft learning content designed to build technology, leadership and business, and behavioral skills through [Infosys Springboard](#).

Aimed at creating learning and employment avenues for school students, graduates, and lifelong learners, this collaboration will democratize learning for eager minds and prepare them to be future-ready. The content ranges from Skillsoft's basic to advanced level courses covering topics such as digital transformation, artificial intelligence (AI) and machine learning (ML), data science, cloud, cybersecurity, and effective communication and presentation. To cater to beneficiaries in Tier 2 and Tier 3 cities, all content will be augmented with commentaries in multiple Indian regional languages, including Hindi, Marathi, Gujarati, Tamil and in some international languages, enabling beneficiaries across the globe to transcend linguistic barriers.

"Infosys' collaboration with Skillsoft strongly aligns with the company's vision to democratize quality learning for lifelong learners. This collaboration, aided by commentaries in Indian regional language and international language subtitles, will transcend geographical boundaries and offer solid learning opportunities to learners across the world," said, **Thirumala Arohi, Senior Vice President and Head – Education, Training and Assessment – Infosys**.

"Like Infosys, Skillsoft is passionate about democratizing learning and providing access to upskilling and reskilling opportunities," said, **Apratim Purakayastha, Chief Product Officer and Chief Technology Officer, Skillsoft**. "Our collaboration with Infosys will give young learners access to quality content that will help them build mission-critical leadership and technology skills needed for success in the 21<sup>st</sup> century."

In line with its [ESG Vision 2030](#), Infosys aims to enable digital skills at scale and empower over 10 million people in India by 2025 through the Infosys Springboard program. Infosys Springboard continues to expand its reach to learners by growing its thriving community to more than 5.5 million registered users in India, since its launch.

### **About Infosys**

Infosys is a global leader in next-generation digital services and consulting. Over 300,000 of our people work to amplify human potential and create the next opportunity for people, businesses and communities. We enable clients in more than 56 countries to navigate their digital transformation. With over four decades of experience in managing the systems and workings of global enterprises, we expertly steer clients, as they navigate their digital transformation powered by the cloud. We enable them with an AI-powered core, empower the business with agile digital at scale and drive continuous improvement with always-on learning through the transfer of digital skills, expertise, and ideas from our innovation ecosystem. We are deeply committed to being a well-governed, environmentally sustainable organization where diverse talent thrives in an inclusive workplace

### **Safe Harbor**

Certain statements in this release concerning our future growth prospects, or our future financial or operating performance are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results or outcomes to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding the execution of our business strategy, our ability to attract and retain personnel, our transition to hybrid work model, economic uncertainties, technological innovations such as Generative AI, the complex and evolving regulatory landscape including immigration regulation changes, our ESG vision, our capital allocation policy and expectations concerning our market position, future operations, margins, profitability, liquidity, capital resources, and our corporate actions including acquisitions. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements are discussed in more detail in our US Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2023. These filings are available at [www.sec.gov](http://www.sec.gov). Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
