Media Release

Certification for Fabric meant for Body Coverall of Personal Protective Equipment (PPE) for Covid-19

Approval will cater the augmented demand for PPE Kits

April 29, 2020, Surat: Shahlon Silk Industries Limited (BSE: 542862), one of the leading players in manufacturing of Man-made Fibre and Fabric in India, is pleased to announce the approval for manufacturing Fabric meant for Body Coverall of Personal Protective Equipment (PPE) for Covid-19 from “The South India Textile Research Association(SITRA)”. The company has overall woven fabric manufacturing capacity of 3.5 million meter per month.

The capacity will cater to the augmented demand for the PPE kits required for healthcare professionals attending to infected patients in isolation wards & the Intensive Care Units (ICU) and all the other National Healthcare services volunteer’s. The company has capacity and capabilities to manufacture PPE in addition to PPE fabric under the existing manufacturing setup without any further CAPEX/ investment. We are also in the process for approval of manufacturing Protective Suits from the respective nodal agency for PPE.

This product caters to wide range of protective apparels for medical, pharma, biotechnology, electronics and food & beverage industry.

Management Comment:

Commenting on the development, Mr. Dhirubhai Shah, Chairman, Shahlon Silk Industries Ltd., said *“Shahlon group, over the past few years, has focused on developing value added products and maintaining the quality, due to which we have gained a respectable name in the industry. The existing fabric manufacturing capacities of 2.5 million per month can be utilised for manufacture of the fabric meant for PPE as service to humanity during the time of this pandemic. The certification confirms the requirement of Ministry of Health & family welfare guidelines dated 02.02.2020. I would like to thank the entire team for this success.”*
