2006 में यह 4.8 और 2008 में भी यह 4.1 रहा था। हालांकि दिन के समय गणतंत्र दिवस पर शीतलहर का प्रकोप कम देखने को मिला है। 2014 में गणतंत्र दिवस के दिन अधिकतम तापमान महज 14 डिग्री रहा था।

- India experienced a "second wave" of the COVID-19 pandemic during April-May 2021 which led to imposition of regional lockdowns. As the second wave subsided, restrictions were gradually lifted, and some industry sectors witnessed faster than expected ramp up in Q2 because of increasing vaccination pace and pent-up demand. With the outbreak of new variant of coronavirus, the world is now experiencing a "third wave" and as a precautionary measure, some states in India have started reimposition of localized/ regional restrictions. Due to such restrictions on business and individual activities, COVID-19 may continue to cause volatility in Indian economy including reduction in global and local economic activities. Since the pandemic is still ongoing, the extent to which it will continue to impact the Company's results will depend on ongoing as well as future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact whether government-mandated or elected by us.
- The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended.
- During the nine months ended December 31, 2021, the Company has allotted 25,63,083 equity shares of ₹10/- each, pursuant to the exercise of options under the approved employee stock option scheme.
