দেশ-বিদেশ ও রাজ্যের খবর

তিন দিনে এক লক্ষ, দেশে করোনা সংক্রমণ বাড়লেও কমছে মৃত্যুহার

সোমবার দেশে করোনা আক্রান্তের সংখ্যা ১১ লক্ষ ছাড়িয়ে গেল। পাশাপাশি, গত ২৪ ঘণ্টায় নতুন করে সংক্রামিত হয়েছেন ৪০ হাজার ৪২৫ জন। একদিনে এখনও পর্যন্ত এটাই সর্বোচ্চ। তবে, ভারতকে স্বস্তি দিচ্ছে করোনাজয়ীর সংখ্যা। সেইসঙ্গে প্রতিদিন কমছে মৃত্যুর হারও। এই পরিস্থিতিতে ভ্যাকসিন নিয়ে

নয়াদিল্লি: তিন দিনে আরও এক লক্ষ। আর এভাবেই বুলেটিন অনুযায়ী, গত ২৪ ঘণ্টায় দেশজুড়ে করোনায় প্রাণ হারিয়েছেন ৬৮১ জন। মোট মৃত্যু ২৭ হাজার ৪৯৭। সুস্থ হয়েছেন ২২ হাজার ৬৬৪ জন। মোট করোনাজয়ীর সংখ্যা ৭ লক্ষ ৮৬ জন। সুস্থতার হার ৬২.২২ শতাংশ। আইসিএমআর জানিয়েছে, রবিবার ২ লক্ষ ৫৬ হাজার ৩৯টি নমুনা পরীক্ষা হয়েছে। ১৯ জুলাই পর্যন্ত মোট ১ কোটি ৪০ লক্ষ ৪৭ হাজার

মহারাষ্ট্রের কারাডে করোনা মুক্ত মহিলার হাতে সদ্যোজাতকে তুলে দিচ্ছেন নার্স।-পিটিআই

পর্ব না মেটা পর্যন্ত এনআরএস

মেডিক্যাল কলেজ হাসপাতালের

'দ্বিতীয় ক্যাম্পাস' হতে চলেছে

মৌলালির স্টুডেন্টস হেলথ হোম।

হাসপাতালে ১১০ টি শয্যা করোনা

চিকিৎসার জন্য প্রয়োজন। তাই বক্ষ

রোগ বিভাগ স্থানান্তরিত হচ্ছে এই

জায়গায়। হাসপাতালের মানসিক

রোগ বিভাগ সরছে এনআরএস-

এরই চক্ষ বিভাগে। অর্থোপেডিক

বিভাগ আপাতত তাদের জায়গাতেই

কাজ করতে পারবে। হাসপাতাল সূত্রে

প্রসঙ্গত, বক্ষ রোগ, ত্বকের

চিকিৎসা ও অর্থোপেডিক— তিন

বিভাগ ও তাদের অংশ নিয়ে হচ্ছে

হাসপাতালের নতুন করোনা ওয়ার্ড।

রোগী কল্যাণ সমিতির চেয়ারম্যান

ডাঃ শান্তনু সেন বলেন, প্রয়োজন

পড়লে চক্ষু বিভাগকেও স্টুডেন্টস

হেলথ হোমে স্থানান্তরিত করা হবে।

আপাতত ওটাই আমাদের 'দ্বিতীয়

মেডিক্যাল কলেজের কর্তারা করোনা

চিকিৎসার জন্য কাছাকাছি হাসপাতাল

খঁজতে যান। আরজিকর-এর সঙ্গে

পরিকাঠামো দেখে স্থির হয়,

আরজিকর

এ খবর জানা গিয়েছে।

ক্যাম্পাস' হচ্ছে।

এদিকে রবিবার

আশার কথা শুনিয়েছেন এইমসের অধিকর্তা ডাঃ রণদীপ গুলেরিয়া। দেশীয় প্রযুক্তিতে তৈরি করোনা-টিকা 'কোভ্যাকসিন'-এর ট্রায়াল এদিন থেকে শুরু হয়েছে জানিয়ে তিনি বলেন, মানব শরীরে প্রয়োগের প্রাথমিক রিপোর্ট হাতে আসতে কমপক্ষে তিন মাস লেগে যাবে। দেশে তৈরি এই ভ্যাকসিন নিয়ে প্রত্যাশা প্রচুর। বিশ্বের যে দেশই প্রথম তা তৈরি করুক না কেন, ভারত গণহারে তার উৎপাদন করবে। আমরা উৎপাদনে সিদ্ধহস্ত।

সোমবার সকাল ৮টায় স্বাস্থ্যমন্ত্রকের দেওয়া

ভর্তিপ্রক্রিয়া চালাতে

স্কুলে শিক্ষকদের

চাই, উঠল দাবি

নিজম্ব প্রতিনিধি, কলকাতা: স্কুলে

একাদশ এবং দ্বাদশ শ্রেণীতে ভর্তি

সামলাতে শিক্ষকদের স্কুলে আনার

কোনও সরকারি নির্দেশ নেই। ভর্তি

প্রক্রিয়া সুষ্ঠভাবে সম্পন্ন করার জন্য

শিক্ষাসচিব এবং মধ্যশিক্ষা পর্যদের

যাতে শিক্ষকদের স্কুলে আনার ব্যাপারে

সরকারি আদেশ জারি হয়, সে ব্যাপারে

দ্বারস্থ হয়েছে একাধিক শিক্ষক সংগঠন।

একাদশ থেকে দ্বাদশ শ্রেণীতে ভর্তির

প্রক্রিয়া ১৫ আগস্টের মধ্যে শেষ করার

কথা বলেছিল উচ্চ মাধ্যমিক শিক্ষা

সংসদ। কিন্তু সোমবারই আরেকটি

বিজ্ঞপ্তি জারি করে বলা হয়েছে, যত

তাড়াতাড়ি সম্ভব সেই প্রক্রিয়া শেষ

থেকে স্কলগুলি নিজেদের ছাত্রদের

একাদশে ভর্তি করার প্রক্রিয়া শুরু

অন্য স্কুলের পড়য়াদের একাদশে

প্রক্রিয়াটি চলবে অভিভাবকদের

অভিভাবকদের ভিড় না বেড়ে যায়,

তাই একাদশ থেকে দ্বাদশে ভর্তির

তার জন্য স্কলে চাই শিক্ষকদের।

দাবিতেই চিঠি দিয়েছে সংসদকে।

প্রক্রিয়া আগে সারতে চাইছে সংসদ।

পশ্চিমবঙ্গ শিক্ষক সমিতি, পশ্চিমবঙ্গ

তৃণমূল মাধ্যমিক শিক্ষক সমিতি এই

মাধ্যমে। এই সময় যাতে স্কুলে

করবে। তা চলবে ১০ আগস্ট পর্যন্ত।

ভর্তিব প্রক্রিয়া শুকুব কথা ১১ আগস্ট।

চলবে ৩১ আগস্ট পর্যন্ত। এই বিজ্ঞপ্তি

জারি করেছিল মধ্যশিক্ষা পর্ষদ। গোটা

করতে হবে। অর্থাৎ এ মাসেই তা শুরু

করে দিতে হবে স্কুলগুলিকে। ১ আগস্ট

প্রক্রিয়া শুরু করে দিতে হচ্ছে। কিন্তু তা

৯০৮টি নমুনা পরীক্ষা হয়েছে।

এদিকে, করোনা থেকে সেরে উঠে সোমবার কাজে যোগ দিয়েছেন দিল্লির স্বাস্থ্যমন্ত্রী সত্যেন্দ্র জৈন। এদিন সকালেই সহকর্মীর কাজে যোগ দেওয়ার খবর ঘোষণা করেছিলেন মুখ্যমন্ত্রী অরবিন্দ কেজরিওয়াল। গত ১৭ জুন করোনা আক্রান্ত হয়েছিলেন সত্যেন্দ্র। বর্তমানে প্রতিদিন দিল্লিতে করোনা পরিস্থিতির উন্নতি হচ্ছে। এই পরিস্থিতিতে এইমস অধিকর্তা গুলেরিয়া বলেছেন, দেশের বিভিন্ন রাজ্যে সংক্রমণ আকাশ ছুঁলেও, দিল্লি আগেই সংক্রমণের শীর্ষে পৌঁছে গিয়েছে

কখন, কীভাবে অ্যান্টিবায়োটিক, ১৯টি নির্দেশ সরকারের

করোনা পর্বে স্টুডেন্টস হেলথ হোমে

হচ্ছে এন আর এসের দ্বিতীয় ক্যাম্পাস

হাসপাতালের রূপ দেওয়া হরে।

আইসিইউ, ডায়ালিসিস প্রভৃতি

এদিকে হাওড়ার একটি করোনা

হাসপাতালের কর্ণধার করোনায়

আক্রান্ত হয়েছেন। সেখানকার এক

পদস্থ কর্ত্রীও করোনায় আক্রান্ত।

• ২৪ ঘণ্টায় আক্রান্ত

• মোট আক্রান্ত

• ২৪ ঘণ্টায় মৃত

• মোট মৃত্যু

হয়েছেন।

মুড়কির

• মোট সক্রিয় আক্রান্ত

• একদিনে করোনা জয়ী

সেক্রেটারি বিভাগের তিন কর্মী।

অন্যদিকে, করোনা রোগীকে মুড়ি-

অ্যান্টিবায়োটিক দিতে বেসরকারি

হাসপাতালগুলিকে বারবার নিষেধ

করা সত্ত্বেও কাজ হয়নি। তাই এবার

আন্টিবায়োটিক সংক্রান্ত গাইডলাইন

মতো অপ্রয়োজনীয়

দেশে করোনা এক নজরে

• দেশে মোট আক্রান্ত ১১,১৮,০৪৩ জন। মৃত্যু ২৭,৪৯৭ জনের। সুস্থ হয়ে উঠেছেন ৭,০০,০৮৬

• শীর্ষে মহারাষ্ট্র। আক্রান্ত ৩ লক্ষ ১০ হাজার ৪৫৫ জন। মৃত ১১, ৮৫৪ জন

• দ্বিতীয় স্থানে তামিলনাড়। আক্রান্ত ১ লক্ষ ৭০ হাজার ৬৯৩ জন। মৃত ২,৪৮১ জন।

 তৃতীয় দিল্লি। ১ লক্ষ ২২ হাজার ৭৯৩ জন আক্রান্ত। মৃত্যু হয়েছে ৩,৬২৮ জনের।

🔹 চতুর্থ কর্ণাটক। আক্রান্ত ৬৩,৭৭২ জন। মৃত ১.৩৩১ জন।

• পঞ্চম উত্তরপ্রদেশ। আক্রান্ত ৪৯, ২৪৭ জন।

বলে মনে করা হচ্ছে। পাশাপাশি, এদিনই মারণ ভাইরাসে আক্রান্ত হয়েছেন মহারাষ্ট্রের বস্ত্রমন্ত্রী আসলাম শেখ। তিনি নিজেই ট্রাইট করে একথা জানিয়েছেন। বলেছেন, আমি বর্তমানে উপসর্গহীন এবং নিজেকে বিচ্ছিন্ন করে রেখেছি। আমার সংস্পর্শে যাঁরা এসেছেন, তাঁরা পরীক্ষা করান।

অন্যদিকে, সংক্রমণ বাড়তেই লখনউয়ের বেশকিছু জায়গায় লকডাউন ঘোষণা করেছে উত্তরপ্রদেশ সরকার। ইতিমধ্যে লখনউয়ে করোনা আক্রান্তের সংখ্যা আডাই হাজার ছাডিয়েছে। যেখানে গত ৫ জুলাই পর্যন্ত এক মাসে লখনউয়ে করোনা রোগীর সংখ্যা ছিল মাত্র ৩২৯ জন। এছাড়া, রবিবারই কেরল সরকারের পক্ষ থেকে বলা হয়েছিল, রাজ্যে গোষ্ঠী সংক্রমণ শুরু হয়েছে। সেকথা মাথায় রেখে একসঙ্গে ৫০ হাজার পর্যন্ত করোনা রোগীর চিকিৎসার বন্দোবস্ত করেছে বিজয়ন সরকার। সেজন্য করোনা চিকিৎসার জন্য হাসপাতালের সংখ্যা বাডিয়ে ৫৬টি

মলিংয়ে ডিসকভারি স্কুল সফরে ব্রিটিশ প্রধানমন্ত্রী বরিস জনসন।-পিটিআই

পুজোর আগেই বাজারে আসছে অক্সফোর্ডের করোনা টিকা

নয়াদিল্লি: সম্ভাবনাই শেষপর্যন্ত সত্যি হচ্ছে। কোভিড-জব্দে টিকা আবিষ্কারের দৌড়ে বিশ্বকে টেক্কা দিতে চলেছে অক্সফোর্ড বিশ্ববিদ্যালয়। হিউম্যান ট্রায়াল শেষ। তাতে সাফল্যও মিলেছে। সব অঙ্ক মিলে গেলে আগামী দু'মাসের মধ্যেই বাজারে চলে আসবে করোনার প্রতিষেধক। অর্থাৎ, পজোর আগেই মিলতে পারে 'এজেডডি-১২২২' টিকা। এবং সত্যিই যদি তাই হয়, তা হলে বাঙালির শ্রেষ্ঠ উৎসবকে ঘিরে জমে ওঠা আশঙ্কার মেঘ অনেকটাই কেটে যাবে বলে মনে করা হচ্ছে। অক্সফোর্ডের এই সাফল্য ফলাও করে প্রকাশ করেছে মেডিক্যাল

জার্নাল 'ল্যান্সেট'। সোমবার তাদের তরফে জানানো হয়েছে, করোনার প্রতিষেধক আবিষ্কারে অক্সফোর্ডের গবেষণা সফল। প্রতিষেধকটি মানবদেহে শক্তিশালী প্রতিরোধ ক্ষমতা গড়তে সক্ষম। চূড়ান্ত পর্বে পরীক্ষামূলক প্রয়োগ চলছে। এই পর্বে সফল হলেই বাজারে আনার অনুমোদন মিলবে। তবে এই পর্বে টিকাটি প্রয়োগের পর মানব শরীরে সামান্য পার্শ্বপ্রতিক্রিয়া নজরে এসেছে। সারা পৃথিবীতে এই মুহুর্তে ১৪০টির বেশি ওয়ুধ প্রস্তুতকারক সংস্থা করোনা ভাইরাসের প্রতিষেধক তৈরির জন্য গবেষণ চালাচ্ছে। প্রতিটি প্রকল্পে নজর রাখছে বিশ্ব স্বাস্থ্য সংস্থা (হু)। এগুলির মধ্যে সবচেয়ে এগিয়ে রয়েছে অক্সফোর্ড বিশ্ববিদ্যালয়ের করোনা গবেষণা। পরীক্ষার স্তরে থাকা করোনা প্রতিষেধকের ন'কোটি ডোজ কেনার জন্য একাধিক ওষুধ প্রস্তুতকারক সংস্থার

স্কুল খোলার দিনক্ষণ জানতে চেয়ে কেন্দ্রের চিঠি, তাড়াহুড়োকে গুরুত্ব দিচ্ছে না রাজ্য

নিজম্ব প্রতিনিধি, কলকাতা: স্কুল করে থেকে খোলা যেতে সময়সীমা দিয়েছে ইউজিসি। সেখানে স্কুল নিয়ে সিদ্ধান্ত পারে, তা জানতে চেয়ে রাজ্যগুলিকে চিঠি পাঠিয়েছিল কেন্দ্রীয় মানবসম্পদ উন্নয়ন মন্ত্রক। সোমবারই মতামত জানানোর শেষ দিন ছিল। সংক্রমণ যখন উত্তরোত্তর বাডছে এবং গোষ্ঠী সংক্রমণের সম্ভাবনা উডিয়ে দেওয়া যাচ্ছে না. এমন সময় স্বাভাবিকভাবেই রাজ্য কোনও মতামত জানাতে পারেনি। ১৭ জুলাই রাজ্যগুলির স্কুল শিক্ষা সচিবের কাছে চিঠি পাঠিয়ে ২০ জুলাইয়ের মধ্যে অভিভাবকদের মতামত নিয়ে কেন্দ্ৰ জানাতে বলেছিল। সেটাও একটা অসম্ভব কাজ বলে মনে করছে বিকাশ ভবন। প্রসঙ্গত, রাজ্যের স্কুলগুলিতে ৩১ জুলাই পর্যন্ত ছুটি ঘোষণা করা আছে। সেই ছুটি বাড়ানোটা শুধু সময়ের অপেক্ষা বলেই মত বিকাশ

কেন্দ্রের ওই চিঠিতে বলা হয়েছিল, আগস্ট, সেপ্টেম্বর না অক্টোবর, কবে থেকে স্কুল খোলা হবে তা রাজ্যগুলি জানাক। প্রশাসনিকভাবে সিদ্ধান্ত নিলে চলবে না, অভিভাবকদের মতামত নিয়েই তা জানাতে হবে। স্কুল খোলার পর তাঁরা কী কী বন্দোবস্ত চাইছেন, সেটাও জানাতে হবে। এর পাশাপাশি আরও কোনও পরামর্শ থাকলে তাও জানাতে বলা হয়েছিল। কিন্তু পরিস্থিতি যে এখনই সিদ্ধান্ত নেওয়ার মতো নয়. তা স্পষ্ট করা হচ্ছে বিকাশ ভবনের তরফে। এই চিঠির বিষয়ে মতামত নেওয়ার জন্য শিক্ষামন্ত্রী পার্থ চট্টোপাধ্যায়কে ফোন করা হলেও তিনি তোলেননি।

শিক্ষাদপ্তরের এক শীর্ষ আধিকারিক বলেন, স্নাতক স্তরের পরীক্ষা নেওয়ার জন্যই ৩০ সেপ্টেম্বর পর্যন্ত চূড়ান্ত

জানার জন্য এত তাড়াহুড়ো কীসের? স্কুল করে খোলা উচিত সেই মতামত অভিভাবকদের দেওয়ার কথা নয়, সেটা দেবেন বিশেষজ্ঞরা। আর রাজ্যের প্রায় এক কোটি স্কুলপড়য়ার অভিভাবকদের মতামত নেওয়ার জন্য যেভাবে মাত্র চার দিন সময় দেওয়া হয়েছে, সেটিও হাস্যকর। তবে রাজ্য সরকার বিশেষজ্ঞ এবং বিভিন্ন মহলের সঙ্গে এ বিষয়ে কথাবার্তা চালাচ্ছে বলে তিনি জানান। খব শিগগিরই এ বিষয়ে একটি ঘোষণা করা হরে।

১৫ জুলাই রাজ্যের শিক্ষাসচিবদের নিয়ে একটি ভিডিও কনফারেন্স করেছিলেন মানবসম্পদ উন্নয়ন মন্ত্রকের আধিকারিকরা। সেখানে বিহার বা নাগাল্যান্ডের মতো কিছ রাজ্য, বিশেষ করে যেগুলিতে সংক্রমণের হার খুবই কম, তারা স্কুল খোলার সম্ভাব্য দিনক্ষণ কেন্দ্রকে জানায়। তবে অধিকাংশ রাজ্যই হয় এ বিষয়ে সিদ্ধান্ত নিতে পারেনি, নয়ত একটি নির্দিষ্ট সময়সীমা দিয়ে জানিয়েছে, তারপরেই সিদ্ধান্ত নেওয়া হবে। উদাহরণস্বরূপ বলা যায়, পুদুচেরি জানিয়েছে, ৩১ জুলাইয়ের পরই তারা এ বিষয়ে সিদ্ধান্ত নিতে পারবে। বিহার, হরিয়ানা, চণ্ডীগড় ১৫ আগস্টের পর থেকে, মণিপর এবং নাগাল্যান্ড ১ সেপ্টেম্বর থেকে স্কুল খোলার জন্য তৈরি। ওড়িশা অবশ্য ৩১ আগস্ট পর্যন্ত ছুটি ঘোষণা করে রেখেছে। অসমও ৩১ জুলাই পর্যন্ত ছুটির সময়সীমা আপাতত আর বাড়ানো হবে না বলেই জানিয়েছে। সেই বৈঠকে পশ্চিমবঙ্গের তরফে সাফ জানানো হয়েছিল যে, এখনই এ বিষয়ে কোনও সিদ্ধান্ত নেওয়া যাবে না।

করোনা গোষ্ঠী সংক্রমণ: সুর বদল

মেডিক্যাল অ্যাসোসিয়েশনে (আইএমএ)-র হাসপাতাল বোর্ডের চেয়ারপার্সন ডাঃ ভি কে মোঙ্গা বলেছিলেন. দেশে করোনা ভাইরাসের গোষ্ঠী সংক্রমণ শুরু হয়ে গিয়েছে। এদিন সেই বিবৃতি থেকে সম্পূর্ণ সরে এল আইএমএ। তারা স্পষ্টই জানিয়ে

Bartaman, 21.07.20, Kolkata

দিল, ডাঃ মোঙ্গা যা বলেছেন, তা তাঁর ব্যক্তিগত মত হিসেবে ধরে নেওয়াই ভালো। এর সঙ্গে সংস্থার কোনও সম্পর্ক নেই। এদিন সরকারিভাবে বিবৃতি দিয়ে আইএমএ জানিয়ে দিল, মহামারীর তথ্য দেওয়া সরকারি সংস্থার কাজ। জন সাধারণের কাছ থেকে সংগৃহীত তথ্য দিয়ে কখনও প্রকৃত তথ্য

কেউ যদি কোনও অভিমত ব্যক্ত করেন, তা ব্যক্তিগত মতামত হিসেবেই ধরা ভালো। একইসঙ্গে আইএমএ-র তরফে পূর্ণ আস্থা প্রকাশ করে বলা হয়েছে যে, জনস্বাস্থ্য কর্তৃপক্ষ ও চিকিৎসক মহল কোভিড পরিস্থিতি মোকাবিলায় পুরোপুরি সক্রিয়।

করোনা রোগীকে কখন, কেন, কীভাবে অ্যান্টিবায়োটিক দেওয়া হবে, কখন দেওয়া উচিত হবে না, অ্যান্টিবায়োটিক দেওয়ার কারণ কোথায় লিখে রাখতে হবে ইত্যাদি বিষয় নিয়ে ১৯টি নির্দেশের উল্লেখ করা হয়েছে।

এই রোগ জয় করে বাড়ি ফিরেছেন রাজ্যের প্রথম করোনা আক্রান্ত বৃহন্নলা জিয়া দাস। তিনি রাজ্যের একমাত্র বহন্নলা নার্সিংকর্মীও বটে। বাইপাসের ধারের একটি বড় প্রাইভেট হাসপাতালে কাজ করেন। এমআর বাঙ্গর হাসপাতালে ৬ জলাই ভর্তি হন। জ্বরের সমস্যা ছিল। ১০ দিনের চিকিৎসায় সুস্থ হয়ে ছুটি পান। প্রসঙ্গত, রাজ্যের মধ্যে প্রথম বহন্নলাদের জন্য আলাদা পাঁচ শ্যার ওয়ার্ড হয়েছে বাঙ্গুরে। জিয়া বলেন, সরকারি

পবিকাঠামোয

চিকিৎসা পেয়ে এতদিনকার ধ্যান-ধারণা সম্পূর্ণ পাল্টে গেল। অসম্ভব ভালো ব্যবহার করেছেন বাঙ্গুরের স্বাস্থ্যকর্মী ও চিকিৎসকরা। তাঁর আর্জি, করোনা আক্রান্তদের সম্পর্কে ঘণা ও আতঙ্কের মানসিকতা এবার ত্যাগ করুক সমাজ। এদিকে, বারাকপুর-১'এর বিডিও করোনা আক্রান্ত

Centre issues norms for ₹1-lakh crore Agri Infra Fund scheme

UP, with ₹12,831 cr, gets the highest allocation followed by Rajasthan at ₹9,015 cr

VISHWANATH KULKARNI

Bengaluru, July 20 The Centre has issued guidelines for financing under the recently announced ₹1-lakh crore Agriculture Infrastructure Fund (AIF) scheme, that seeks to facilitate creation and strengthening of post-harvest manageand marketing ment infrastructure across the

Under the scheme, ₹1-lakh crore will be provided as loan by banks and financial institutions to farmers, Farmer Producer Organisations (FPOs), Primary Agriculture Co-operative Societies, agrientrepreneurs, start-ups, and marketing co-operatives, among others, to set up agriculture infrastructure, such as supply chain services, including e-marketing platform, primary processing centres, warehouses, silos, pack houses, assaying units, sorting and grading units, cold chains, logistics facilities and ripening chambers. Financing under the AIF

will also be extended to viable projects for building community farming assets, such as organic input production, bio-stimulant production units, infrastructure for smart and precision agriculture, projects identified for providing supply chain infrastructure for cluster of crops, including export clusters and projects promoted by central/ state/ local governments of their agencies under public-private partnerships (PPP).

	tion of financin	is inclind
200	States	Quantum (₹ crore)
300	Uttar Pradesh	12,831
	Rajasthan	9,015
	Maharashtra	8,460
a l	Madhya Pradesh	7,440
8	Gujarat	7,282
	West Bengal	7,260
	Andhra Pradesh	6,540
4	Tamil Nadu	5,990
	Punjab	4,713
	Karnataka	4,525
	Bihar	3,980
	Haryana	3,900
м.	Telangana	3,075
-	Total*	1,00,000

The scheme will be operational from the current financial year till 2029-30.

Loan component

Disbursements will be made in the first four years -₹10,000 crore in the current fiscal, and ₹30,000 crore

each over the next three years. The moratorium for repayment under this scheme may vary from six months to two years, an Agriculture Ministry note said.

All loans under this financing facility will have an interest subvention of 3 per

cent per annum up to a limit of ₹2 crore. This subvention will be available for a maximum period of seven years. For loans above ₹2 crore, the subvention will be limited to ₹2 crore, the Ministry said. The extent and percentage

of funding to private entrepreneurs out of the total financing facility may be fixed by a national-level monitoring committee consisting of officials from the Agriculture Ministry, states and NABARD, that will steer, guide and implement the project.

A Credit Guarantee coverage will be available for eligible borrowers from this financing facility under the Credit Guarantee Fund Trust for Micro and Small Enterprises for loans up to ₹2 crore. The fee for this coverage will be paid by the government.

All scheduled commercial

banks, scheduled co-operative banks, regional rural banks, small finance banks, NBFCs, and National Cooperative Development Corporation (NCDC) may participate in this financing facility after signing an MoU with NABARD/Department Agriculture.

Tentatively six states — Uttar Pradesh, Rajasthan, Maharashtra, Madhya Pradesh, Gujarat and West Bengal, are being allocated over half of this ₹1-lakh crore fund. The state-wise allocation has been worked out on the basis of the total value of agriculture and allied sectors of the

The Agri Infra Fund will be managed and monitored through an online MIS platform, and 24 per cent of the total grant-in-aid under the scheme should be utilised for SC/ST entrepreneurs, it said.

the tail of the trough is attract-Alignment of the rain-driving ing, at the opposite end, an incoming western disturbance monsoon trough across North-West India towards the foothills and a cyclonic circulation over is such that the intense wet spells South-West Rajasthan combine on view would continue varyto draw in rampaging flows

from the Arabian Sea.

ture from the Bay of Bengal that

The India Meteorological Department (IMD) said on Monday that the convergence of moist southerly to south-westerly winds from the Bay would continue over North-East and adjoining East India as would the same over North-West India from the Arabian Sea flows, over the next 2-3 days.

IMD forecasts even more

The IMD has forecast widespread rainfall with isolated heavy to very heavy falls over Bihar, hills of West Bengal, Sikkim, Arunachal Pradesh, Assam, Meghalaya and Nagaland, Manipur, Mizoram and Tripura during the next 4-5 days and the rainfall intensity may reduce thereafter.

This could be likely due to an expected formation of a lowpressure in the Arabian Sea close to the Kerala coast over the next few days, which could divert some of the intense flows headed into the Bay. Instead, the West Coast could likely slip under a spell of very heavy rainfall later during this week.

The IMD has forecast fairly widespread to widespread rainfall with isolated heavy to very heavy falls over Jammu & Kashmir, Ladakh, Himachal Pradesh, Uttarakhand, Punjab, Haryana, Chandigarh, Delhi and Uttar Pradesh during next two days.

$Oil seed \, imports \, zoom \, 226\%$ in four years, exports dip 14%

India is seen importing oilseeds more aggressively than exporting it. As per the government data for past four years, oilseeds imports to India have jumped 226 per cent as against 14 per cent dip in exports.

Data from the Directorate General of Foreign Trade (DGFT), as compiled by the Solvent Extractors' Association of India (SEA), showed that during 2019-20, India exported 1,068,215 tonnes of oilseeds worth ₹9,391 crore against 1,247,572 tonnes worth ₹9,060 crore in 2016-17.

On the other hand, India imported 520,871 tonnes of oilseeds for 2019-20 valued at ₹2,838 crore as against 159,330 tonnes worth ₹758 crore in 2016-17.

The SEA informed that under the current policy, export of oil-

seeds are freely allowed. Similarly, import is also freely allowed with import duty of 30 per cent + 4 per cent special additional duty (SAD).

"Import of oilseed, a raw material for domestic oil milling and solvent extraction industry, supports the processing and capacity utilisation. The export of oilseeds are decreasing year-byyear while imports of oilseeds are rising," BV Mehta, Executive Director, SEA, said in a state-

Major oilseeds imported to

India include soyabean at

360,649 (157,049) tonnes, sesameseed at 147,169 (87,538) tonnes and cottonseed at 7,412 Whereas, (7.868)tonnes. groundnut was the largest exported oilseed at 664,442 (489,187) tonnes, followed by sesameseed at 282,210 (312,003)

'₹300-cr worth illegal HT cottonseeds in the market'

Pune, July 20 About 50 lakh packets of Herbicide Tolerant (HT) Bt cotton (about 24 lakh kg) worth ₹300 crore are in circulation in Andhra Pradesh, Telangana and Maharashtra, according to the National Seed Association of India (NSAI), which says that this money is being siphoned off from legal business and goes into the hands of illegal players.

Illegal HT seeds are contaminating breeding material and parent lines of the seed companies, especially those selling BG2 cotton seeds, and State governments are taking action against licensed seed companies if HT genes are found even in a few lots of seeds.

"Now, HTBt cotton is pegged at about 15-20 per cent of total cotton cultivation. These 50 lakh packets of HTBt cotton seeds (of 450 gm each) are making a dent into seed companies' revenues. ₹300 crore is going to illegal play-

ers selling HTBt seeds, causing a huge loss to cottonseed sector in India," Indra Shekhar Singh, Director-Policy and Outreach, NSAI, told BusinessLine.

He added that the cotton seed economy is being disrupted because of flourishing illegal HTBt trade. The government must take immediate steps to stop the circulation of these seeds and initiate against action companies mar-

Contamination "This has been happen-

keting them.

ing for the last few years now. NSAI has repeatedly written to the Centre seeking action. Because of illegal HTBt, the larger seed sector has been contaminated and companies doing legal business are suffering because they are being punished even if a small amount of HTBt is found in

their seed lot. We are for technology but not at the cost of India's sovereignty. There are legal ways of bringing technology into the country, let us follow procedure abiding by independent agronomy, biosafety, analysis, etc,"

said Singh. Industry players

said tthe Centre is aware of companies which are into the illegal business and alleged that the fields are being contamin-

ated with HTBt and this was a way to 'finish' legal seed business.

Unapproved cotton

The Ministry of Agriculture had informed the Lok Sabha in February 2019 that the Department of Biotechnology had constituted a Field Inspection and Scientific Evaluation Committee to investigate the production of Bt cotton seeds with unapproved genes. The panel found that unapproved cotton was grown, on an average, on 15 per cent of the cotton-cultivable area in Andhra Pradesh, Gujarat, Maharashtra and Telangana, and 5 per cent in Punjab during the 2017-18 season. In June last year, Shetkari

Sanghatana – the apex body of farmers in Maharashtra – launched a 'civil disobedience' movement by sowing HTBt cotton to protest against the Centre's ban on GM crops. Over 1,000 farmers had participated in the movement and the farmers openly defied the ban on GM crop daring the government to take action. This year, again, the Sanghatana has launched a similar drive and claimed that about 25 per cent of the State's total cotton is under HT cotton, while in Telangana nearly a tenth of the cotton crop is covered by HT cotton grown on about 5-6 lakh

NEWS

After several failed bids, Liberty House now eyes the Indian renewable space

SURESH PIYENGAR THOMAS KTHOMAS

Having failed to acquire Amtek Auto, ABG Shipyard and Bhushan Power through the Insolvency and Bankruptcy process, Steel tycoon Sanjeev Gupta is redrawing his India strategy. Gupta is now eyeing acquisitions in India's renewable space in addition to opportunities in steel and aluminium industries.

"Given that India's demand for energy is growing and Modi government's drive for renew-

able energy we will be interested in investing in this space in India. We are keen on large scale renewable projects for producing hydrogen and then producing hydrogen steel," Gupta told BusinessLine in an interview.

Cautious approach

Since 2018, Gupta's Liberty House Group has been trying to acquire several Indian entities as part of its plans to expand through a string of acquisitions. However, the company has so far managed to get only Adhunik Metaliks and Zion Steel for ₹425 than what we had thought

dia. "In 2018, we had made big plans to gain momentum. But it has not worked out as we had planned. We underestimated the competition. So we have learned from that experience that we should be patient and not be in a hurry in a place like India. So far we have managed to secure one good asset. So our journey in India continues though it would take longer

earlier. We will do things cau-Gupta now wants to adopt a tiously going forward. But India hubs globally," Gupta added.

Under the new plan, Liberty House will focus on opportunities in steel, aluminium and renewable energy. "Over the next 12 months, we would acquire one more asset at least. So instead of putting together a string of pearls in one go, we will do it slowly adding one pearl at a time," Gupta explained.

"Going forward, we would fo-

Sanjeev Gupta, Founder, Liberty House Group

cus on steel, aluminium, and renewable energy. That's where you will see us participating in India. We are interested in min-

ing, especially iron ore. Downstream is not our primary focus," he said.

Amtek Auto fall-out

Liberty House's bids for Indian entities, especially in the case of Amtek Auto, fell through due to complications in the IBC process.

"IBC is a great thing that's happened to India. It's what attracted us to India. But perhaps we underestimated the process and time it would take to stabilise the rules. We were perhaps naive to think that India will go through with this process smoothly and quickly when take a final shape," Gupta said.

Adhunik & Zion Steel

For now, Liberty is focussing on ensuring more investments into Adhunik Metaliks and Zion Steel.

"The Covid has disrupted the turnaround plan else we would have been operational already. But we plan to start operations by September. We also have

plans to upgrade and expand Adhunik," Gupta said.

When asked about policy support required from th ment, Gupta said that the focus should only be on supporting industry on the supply side.

"There has been big clean up in corporate sector post-IBC (insolvency and bankruptcy code) which is good. Now is the time to invest again with the support of banks and financial institutions. The government role should be to boost investment rather than putting trade barriers," he said.

Zydus Wellness to focus on nutrition, immunity play

MEENAKSHI VERMA AMBWANI

New Delhi, July 20

Zydus Wellness Ltd, known for brands such as Complan, Sugar Free and Glucon-D, is set to make a stronger play in the nutrition and immunity-boosting space with new launches across its brands, to meet the evolving needs of consumers in the pandemic.

Tarun Arora, CEO, Zydus Wellness Ltd, said, "We have a portfolio which has a strong nutrition play and our products are well-poised to meet consumer's needs for healthier lifestyles and we are looking to strengthen this further. We are in the process of working on launching a new product which offers consumers support in boosting immunity in the next few weeks.'

Brands integration

Last year, the company had completed the acquisition of Heinz's India consumer wellness business that consists of brands Nycil, Complan, Glucon-D and Sampriti

"We have completed the integration process and have been looking at new launches under all the brands with strong growth plans. While the spread of the pandemic delayed some of the plans for 2020, but integration of the business helped reduce costs and enabled us to become more agile in these challenging times," he added.

In line with its strategy, the company has forayed into the chocolate spreads segment under its brand Nutralite. This comes in two variants which include calciumenriched Nutralite Choco Spread besides the quinoabased protein-enriched variant. It has been launched on the e-commerce platform for now. The company plans to roll-out new launches under brands Complan, Glucon-D and Sugar Free.

Replying to a query on demand and supply chain trends, Arora said, "In terms of supply chains, things have been progressively improving and supply chains are now running closer to full potential. While local lockdowns in various regions are still being imposed but the impact has been minimal and we are leveraging on learnings from April and May to navigate these

Centre issues norms for ₹1-lakh crore Agri Infra Fund scheme

UP, with ₹12,831 cr, gets the highest allocation followed by Rajasthan at ₹9,015 cr

VISHWANATH KULKARNI

Bengaluru, July 20 The Centre has issued guidelines for financing under the recently announced ₹1-lakh crore Agriculture Infrastructure Fund (AIF) scheme, that seeks to facilitate creation and strengthening of post-harvest manageand marketing ment infrastructure across the

Under the scheme, ₹1-lakh crore will be provided as loan by banks and financial institutions to farmers, Farmer Producer Organisations (FPOs), Primary Agriculture Co-operative Societies, agrientrepreneurs, start-ups, and marketing co-operatives, among others, to set up agriculture infrastructure, such as supply chain services, including e-marketing platform, primary processing centres, warehouses, silos, pack houses, assaying units, sorting and grading units, cold chains, logistics facilities and ripening chambers.

Financing under the AIF will also be extended to viable projects for building community farming assets, such as organic input production, bio-stimulant production units, infrastructure for smart and precision agriculture, projects identified for providing supply chain infrastructure for cluster of crops, including export clusters and projects promoted by central/ state/ local governments of their agencies under public-private partnerships (PPP).

The scheme will be operational from the current financial year till 2029-30.

Loan component

Disbursements will be made in the first four years -₹10,000 crore in the current fiscal, and ₹30,000 crore

each over the next three years. The moratorium for repayment under this scheme may vary from six months to two years, an Agriculture Ministry note said.

All loans under this financing facility will have an interest subvention of 3 per

cent per annum up to a limit of ₹2 crore. This subvention will be available for a maximum period of seven years. For loans above ₹2 crore, the subvention will be limited to ₹2 crore, the Ministry said.

The extent and percentage of funding to private entrepreneurs out of the total financing facility may be fixed by a national-level monitoring committee consisting of officials from the Agriculture Ministry, states and NABARD, that will steer, guide and implement the project.

A Credit Guarantee coverage will be available for eligible borrowers from this financing facility under the Credit Guarantee Fund Trust for Micro and Small Enterprises for loans up to ₹2 crore. The fee for this coverage will be paid by the government.

All scheduled commercial

banks, scheduled co-operative banks, regional rural banks, small finance banks, NBFCs, and National Cooperative Development Corporation (NCDC) may participate in this financing facility after signing an MoU with NABARD/Department Agriculture.

Tentatively six states — Uttar Pradesh, Rajasthan, Maharashtra, Madhya Pradesh, Gujarat and West Bengal, are being allocated over half of this ₹1-lakh crore fund. The state-wise allocation has been worked out on the basis of the total value of agriculture and allied sectors of the

The Agri Infra Fund will be managed and monitored through an online MIS platform, and 24 per cent of the total grant-in-aid under the scheme should be utilised for SC/ST entrepreneurs, it said.

seeds with unapproved genes.

The panel found that unap-

proved cotton was grown, on an

average, on 15 per cent of the cot-

ton-cultivable area in Andhra Pra-

desh, Gujarat, Maharashtra and

Telangana, and 5 per cent in Pun-

In June last year, Shetkari

Sanghatana – the apex body of

farmers in Maharashtra –

launched a 'civil disobedience'

movement by sowing HTBt cot-

ton to protest against the Centre's

ban on GM crops. Over 1,000

farmers had participated in the

movement and the farmers

openly defied the ban on GM crop

daring the government to take

action. This year, again, the

Sanghatana has launched a sim-

ilar drive and claimed that about

25 per cent of the State's total cot-

ton is under HT cotton, while in

Telangana nearly a tenth of the

cotton crop is covered by HT cot-

ton grown on about 5-6 lakh

jab during the 2017-18 season.

Assam flood situation grim

even as IMD sees more rain

Villagers row a makeshift raft through a flooded field to reach a

VINSON KURIAN

Alignment of the rain-driving monsoon trough across North-West India towards the foothills is such that the intense wet spells on view would continue varyingly for the next few days over North-West India, East India and North-East India, likely aggravating the flooding and landslide risk in the region.

The Central Water Commission has indicated at the possibility of severe to extreme floods in the main Brahmaputra River from Dibrugarh to Dhubri districts. It is already flowing in severe flood situation in Jorhat and Sonitpur. Downstream of Tezpur, the river has started rising in Guwahati.

Floods and landslides in Assam have left at least 107 dead with Prime Minister Narendra Modi assuring Chief Minister Sarbananda Sonowal of all possible support to ride out the situation. The Assam State Disaster Management Authority said that 81 had died in the floods, while 26 perished in landslides.

Trough alignment

Meanwhile, the head of the monsoon trough is in the normal position over North-West India, while its tail - after breaking loose off anchor in the Bay of Bengal a few days ago — has moved towards the foothills, giving both North-East India and adjoining East India a severe lashing, which continued into Monday.

While it is the south-westerly winds with boatloads of mois-

ture from the Bay of Bengal that the tail of the trough is attracting, at the opposite end, an incoming western disturbance and a cyclonic circulation over South-West Rajasthan combine to draw in rampaging flows from the Arabian Sea.

The India Meteorological Department (IMD) said on Monday that the convergence of moist southerly to south-westerly winds from the Bay would continue over North-East and adjoining East India as would the same over North-West India from the Arabian Sea flows, over the next 2-3 days.

IMD forecasts even more

The IMD has forecast widespread rainfall with isolated heavy to very heavy falls over Bihar, hills of West Bengal, Sikkim, Arunachal Pradesh, Assam, Meghalaya and Nagaland, Manipur, Mizoram and Tripura during the next 4-5 days and the rainfall intensity may reduce thereafter.

This could be likely due to an expected formation of a lowpressure in the Arabian Sea close to the Kerala coast over the next few days, which could divert some of the intense flows headed into the Bay. Instead, the West Coast could likely slip under a spell of very heavy rainfall later during this week.

The IMD has forecast fairly widespread to widespread rainfall with isolated heavy to very heavy falls over Jammu & Kashmir, Ladakh, Himachal Pradesh, Uttarakhand, Punjab, Haryana, Chandigarh, Delhi and Uttar Pradesh during next two days.

Oilseed imports zoom 226% in four years, exports dip 14%

India is seen importing oilseeds more aggressively than exporting it. As per the government data for past four years, oilseeds imports to India have jumped 226 per cent as against 14 per cent dip in exports.

Data from the Directorate General of Foreign Trade (DGFT), as compiled by the Solvent Extractors' Association of India (SEA), showed that during 2019-20, India exported 1,068,215 tonnes of oilseeds worth ₹9,391 crore against 1,247,572 tonnes worth ₹9,060 crore in 2016-17.

On the other hand, India imported 520,871 tonnes of oilseeds for 2019-20 valued at ₹2,838 crore as against 159,330 tonnes worth ₹758 crore in 2016-17.

The SEA informed that under the current policy, export of oil-

seeds are freely allowed. Similarly, import is also freely allowed with import duty of 30 per cent + 4 per cent special additional duty (SAD).

"Import of oilseed, a raw material for domestic oil milling and solvent extraction industry, supports the processing and capacity utilisation. The export of oilseeds are decreasing year-byyear while imports of oilseeds are rising," BV Mehta, Executive Director, SEA, said in a state-

India include soyabean at 360,649 (157,049) tonnes, sesameseed at 147,169 (87,538) tonnes and cottonseed at 7,412 Whereas, (7.868)tonnes. groundnut was the largest exported oilseed at 664,442 (489,187) tonnes, followed by sesameseed at 282,210 (312,003)

Major oilseeds imported to

'₹300-cr worth illegal HT cottonseeds in the market'

NEWS

Pune, July 20 About 50 lakh packets of Herbicide Tolerant (HT) Bt cotton (about 24 lakh kg) worth ₹300 crore are in circulation in Andhra Pradesh, Telangana and Maharashtra, according to the National Seed Association of India (NSAI), which says that this money is being siphoned off from legal business and goes into the hands of illegal players.

Illegal HT seeds are contaminating breeding material and parent lines of the seed companies, especially those selling BG2 cotton seeds, and State governments are taking action against licensed seed companies if HT genes are found even in a few lots of seeds.

"Now, HTBt cotton is pegged at about 15-20 per cent of total cotton cultivation. These 50 lakh packets of HTBt cotton seeds (of 450 gm each) are making a dent into seed companies' revenues. ₹300 crore is going to illegal play-

dia. "In 2018, we had made big

plans to gain momentum. But it

has not worked out as we had

planned. We underestimated

the competition. So we have

learned from that experience

that we should be patient and

not be in a hurry in a place like

India. So far we have managed to

secure one good asset. So our

journey in India continues

though it would take longer

ers selling HTBt seeds, causing a huge loss to cottonseed sector in India," Indra Shekhar Singh, Director-Policy and Outreach, NSAI,

told BusinessLine. He added that the cotton seed economy is being disrupted because of flourishing illegal HTBt trade. The government must take immediate steps to stop the circulation of these seeds and initiate

Contamination

companies mar-

keting them.

action

Metaliks and Zion Steel for ₹425 than what we had thought

Gupta now wants to adopt a tiously going forward. But India

against

"This has been happening for the last few years now. NSAI has repeatedly written to the Centre seeking action. Because of illegal HTBt, the larger seed sector has been contaminated and companies doing legal business are suffering because they are being punished even if a small amount of HTBt is found in

earlier. We will do things cau-

hubs globally," Gupta added.

Under the new plan, Liberty

House will focus on opportunit-

ies in steel, aluminium and re-

newable energy. "Over the next

12 months, we would acquire

one more asset at least. So in-

stead of putting together a

string of pearls in one go, we will

do it slowly adding one pearl at a

time," Gupta explained.

their seed lot. We are for technology but not at the cost of India's sovereignty. There are legal ways of bringing technology into the country, let us follow procedure abiding by independent agronomy, biosafety, analysis, etc,"

said Singh. Industry players

said tthe Centre is aware of companies which are into the illegal business and alleged that the fields are being contamin-

ated with HTBt and this was a way to 'finish' legal seed business.

Unapproved cotton

The Ministry of Agriculture had informed the Lok Sabha in February 2019 that the Department of Biotechnology had constituted a Field Inspection and Scientific Evaluation Committee to investigate the production of Bt cotton

Sanjeev Gupta, Founder,

Liberty House Group

After several failed bids, Liberty House now eyes the Indian renewable space ing, especially iron ore. Down-

stream is not our primary fo-

Amtek Auto fall-out

cus," he said.

Liberty House's bids for Indian entities, especially in the case of Amtek Auto, fell through due to complications in the IBC process.

"IBC is a great thing that's happened to India. It's what attracted us to India. But perhaps we underestimated the process and time it would take to stabilise the rules. We were perhaps naive to think that India will go through with this process smoothly and quickly when take a final shape," Gupta said.

Adhunik & Zion Steel

For now, Liberty is focussing on ensuring more investments into Adhunik Metaliks and Zion

"The Covid has disrupted the turnaround plan else we would have been operational already. But we plan to start operations by September. We also have

plans to upgrade and expand Adhunik," Gupta said.

When asked about policy support required from th ment, Gupta said that the focus should only be on supporting industry on the supply side.

"There has been big clean up in corporate sector post-IBC (insolvency and bankruptcy code) which is good. Now is the time to invest again with the support of banks and financial institutions. The government role should be to boost investment rather than putting trade barriers," he said.

Zydus Wellness Ltd, known for brands such as Complan, Sugar Free and Glucon-D, is set to make a stronger play in the nutrition and immunity-boosting space with new launches across its brands, to meet the evolving needs of consumers in the pandemic.

Tarun Arora, CEO, Zydus Wellness Ltd, said, "We have a portfolio which has a strong nutrition play and our products are well-poised to meet consumer's needs for healthier lifestyles and we are looking to strengthen this further. We are in the process of working on launching a new product which offers consumers support in boosting immunity in the next few weeks.'

Brands integration

Last year, the company had completed the acquisition of Heinz's India consumer wellness business that consists of brands Nycil, Complan, Glucon-D and Sampriti

"We have completed the integration process and have been looking at new launches under all the brands with strong growth plans. While the spread of the pandemic delayed some of the plans for 2020, but integration of the business helped reduce costs and enabled us to become more agile in these challenging times," he added.

In line with its strategy, the company has forayed into the chocolate spreads segment under its brand Nutralite. This comes in two variants which include calciumenriched Nutralite Choco Spread besides the quinoabased protein-enriched variant. It has been launched on the e-commerce platform for now. The company plans to roll-out new launches under brands Complan, Glucon-D and Sugar Free.

Replying to a query on demand and supply chain trends, Arora said, "In terms of supply chains, things have been progressively improving and supply chains are now running closer to full potential. While local lockdowns in various regions are still being imposed but the impact has been minimal and we are leveraging on learnings from April and May to navigate these challenges.'

Centre issues norms for ₹1-lakh crore Agri Infra Fund scheme

UP, with ₹12,831 cr, gets the highest allocation followed by Rajasthan at ₹9,015 cr

VISHWANATH KULKARNI

Bengaluru, July 20 The Centre has issued guidelines for financing under the recently announced ₹1-lakh crore Agriculture Infrastructure Fund (AIF) scheme, that seeks to facilitate creation and strengthening of post-harvest manageand marketing ment infrastructure across the

Under the scheme, ₹1-lakh crore will be provided as loan by banks and financial institutions to farmers, Farmer Producer Organisations (FPOs), Primary Agriculture Co-operative Societies, agrientrepreneurs, start-ups, and marketing co-operatives, among others, to set up agriculture infrastructure, such as supply chain services, including e-marketing platform, primary processing centres, warehouses, silos, pack houses, assaying units, sorting and grading units, cold chains, logistics facilities and ripening chambers.

Financing under the AIF will also be extended to viable projects for building community farming assets, such as organic input production, bio-stimulant production units, infrastructure for smart and precision agriculture, projects identified for providing supply chain infrastructure for cluster of crops, including export clusters and projects promoted by central/ state/ local governments of their agencies under public-private partnerships (PPP).

same over North-West India

The IMD has forecast widespread rainfall with isolated heavy to very heavy falls over Bihar, hills of West Bengal, Sikkim, Arunachal Pradesh, Assam, Meghalaya and Nagaland, Manipur, Mizoram and Tripura during the next 4-5 days and the rainfall intensity

This could be likely due to an expected formation of a lowpressure in the Arabian Sea close to the Kerala coast over the next few days, which could divert some of the intense flows headed into the Bay. Instead, the West Coast could likely slip under a spell of very heavy rainfall

The IMD has forecast fairly

$Oil seed \, imports \, zoom \, 226\%$ in four years, exports dip 14%

India is seen importing oilseeds more aggressively than exporting it. As per the government data for past four years, oilseeds imports to India have jumped 226 per cent as against 14 per cent dip in exports.

Data from the Directorate General of Foreign Trade (DGFT), as compiled by the Solvent Extractors' Association of India (SEA), showed that during 2019-20, India exported 1,068,215 tonnes of oilseeds worth ₹9,391 crore against 1,247,572 tonnes worth ₹9,060 crore in 2016-17.

On the other hand, India imported 520,871 tonnes of oilseeds for 2019-20 valued at ₹2,838 crore as against 159,330 tonnes worth ₹758 crore in 2016-17.

The SEA informed that under the current policy, export of oil-

seeds are freely allowed. Similarly, import is also freely allowed with import duty of 30 per cent + 4 per cent special additional duty (SAD).

"Import of oilseed, a raw material for domestic oil milling and solvent extraction industry, supports the processing and capacity utilisation. The export of oilseeds are decreasing year-byyear while imports of oilseeds are rising," BV Mehta, Executive Director, SEA, said in a state-

Major oilseeds imported to India include soyabean at 360,649 (157,049) tonnes, sesameseed at 147,169 (87,538) tonnes and cottonseed at 7,412 Whereas, (7.868)tonnes. groundnut was the largest exported oilseed at 664,442 (489,187) tonnes, followed by sesameseed at 282,210 (312,003)

'₹300-cr worth illegal HT cottonseeds in the market'

Pune, July 20 About 50 lakh packets of Herbicide Tolerant (HT) Bt cotton (about 24 lakh kg) worth ₹300 crore are in circulation in Andhra Pradesh, Telangana and Maharashtra, according to the National Seed Association of India (NSAI), which says that this money is being siphoned off from legal business and goes into the hands of illegal players.

Illegal HT seeds are contaminating breeding material and parent lines of the seed companies, especially those selling BG2 cotton seeds, and State governments are taking action against licensed seed companies if HT genes are found even in a few lots of seeds.

"Now, HTBt cotton is pegged at about 15-20 per cent of total cotton cultivation. These 50 lakh packets of HTBt cotton seeds (of 450 gm each) are making a dent into seed companies' revenues. ₹300 crore is going to illegal play-

ers selling HTBt seeds, causing a huge loss to cottonseed sector in India," Indra Shekhar Singh, Director-Policy and Outreach, NSAI, told BusinessLine.

He added that the cotton seed economy is being disrupted because of flourishing illegal HTBt trade. The government must take immediate steps to stop the circulation of these seeds and initiate against action companies mar-

Contamination "This has been happen-

keting them.

ing for the last few years now. NSAI has repeatedly written to the Centre seeking action. Because of illegal HTBt, the larger seed sector has been contaminated and companies doing legal business are suffering because they are being punished even if a small amount of HTBt is found in

their seed lot. We are for technology but not at the cost of India's sovereignty. There are legal ways of bringing technology into the country, let us follow procedure abiding by independent agronomy, biosafety, analysis, etc,"

said Singh. Industry players

said tthe Centre is

aware of companies

which are into the illegal business and alleged that the fields are being contaminated with HTBt and this was a way to 'finish' legal

seed business.

Unapproved cotton The Ministry of Agriculture had informed the Lok Sabha in February 2019 that the Department of Biotechnology had constituted a Field Inspection and Scientific Evaluation Committee to investigate the production of Bt cotton seeds with unapproved genes. The panel found that unapproved cotton was grown, on an average, on 15 per cent of the cotton-cultivable area in Andhra Pradesh, Gujarat, Maharashtra and Telangana, and 5 per cent in Punjab during the 2017-18 season.

In June last year, Shetkari Sanghatana – the apex body of farmers in Maharashtra – launched a 'civil disobedience' movement by sowing HTBt cotton to protest against the Centre's ban on GM crops. Over 1,000 farmers had participated in the movement and the farmers openly defied the ban on GM crop daring the government to take action. This year, again, the Sanghatana has launched a similar drive and claimed that about 25 per cent of the State's total cotton is under HT cotton, while in Telangana nearly a tenth of the cotton crop is covered by HT cotton grown on about 5-6 lakh

After several failed bids, Liberty House now eyes the Indian renewable space

SURESH PIYENGAR THOMAS KTHOMAS

Having failed to acquire Amtek Auto, ABG Shipyard and Bhushan Power through the Insolvency and Bankruptcy process, Steel tycoon Sanjeev Gupta is redrawing his India strategy. Gupta is now eyeing acquisitions in India's renewable space in addition to opportunities in steel and aluminium industries.

"Given that India's demand for energy is growing and Modi government's drive for renew-

able energy we will be interested in investing in this space in India. We are keen on large scale renewable projects for producing hydrogen and then producing hydrogen steel," Gupta told BusinessLine in an interview.

Cautious approach

Since 2018, Gupta's Liberty House Group has been trying to acquire several Indian entities as part of its plans to expand through a string of acquisitions. However, the company has so far managed to get only Adhunik Metaliks and Zion Steel for ₹425 than what we had thought

dia. "In 2018, we had made big plans to gain momentum. But it has not worked out as we had planned. We underestimated the competition. So we have learned from that experience that we should be patient and not be in a hurry in a place like India. So far we have managed to secure one good asset. So our journey in India continues though it would take longer

earlier. We will do things cau-Gupta now wants to adopt a tiously going forward. But India hubs globally," Gupta added.

Under the new plan, Liberty House will focus on opportunities in steel, aluminium and renewable energy. "Over the next 12 months, we would acquire one more asset at least. So instead of putting together a string of pearls in one go, we will do it slowly adding one pearl at a time," Gupta explained.

"Going forward, we would fo-

Sanjeev Gupta, Founder, Liberty House Group

cus on steel, aluminium, and renewable energy. That's where you will see us participating in India. We are interested in min-

ing, especially iron ore. Downstream is not our primary focus," he said.

Amtek Auto fall-out

Liberty House's bids for Indian entities, especially in the case of Amtek Auto, fell through due to complications in the IBC

process. "IBC is a great thing that's happened to India. It's what attracted us to India. But perhaps we underestimated the process and time it would take to stabilise the rules. We were perhaps naive to think that India will go through with this process smoothly and quickly when take a final shape," Gupta said.

Adhunik & Zion Steel

For now, Liberty is focussing on ensuring more investments into Adhunik Metaliks and Zion Steel.

"The Covid has disrupted the turnaround plan else we would have been operational already. But we plan to start operations by September. We also have plans to upgrade and expand Adhunik," Gupta said.

When asked about policy supoort required from th ment, Gupta said that the focus should only be on supporting industry on the supply side.

"There has been big clean up in corporate sector post-IBC (insolvency and bankruptcy code) which is good. Now is the time to invest again with the support of banks and financial institutions. The government role should be to boost investment rather than putting trade barriers," he said.

Zydus Wellness to focus on nutrition, immunity play

MEENAKSHI VERMA AMBWANI

New Delhi, July 20

Zydus Wellness Ltd, known for brands such as Complan, Sugar Free and Glucon-D, is set to make a stronger play in the nutrition and immunity-boosting space with new launches across its brands, to meet the evolving needs of consumers in the pandemic.

Tarun Arora, CEO, Zydus Wellness Ltd, said, "We have a portfolio which has a strong nutrition play and our products are well-poised to meet consumer's needs for healthier lifestyles and we are looking to strengthen this further. We are in the process of working on launching a new product which offers consumers support in boosting immunity in the next few weeks.'

Brands integration

Last year, the company had completed the acquisition of Heinz's India consumer wellness business that consists of brands Nycil, Complan, Glucon-D and Sampriti

"We have completed the integration process and have been looking at new launches under all the brands with strong growth plans. While the spread of the pandemic delayed some of the plans for 2020, but integration of the business helped reduce costs and enabled us to become more agile in these challenging times," he added.

In line with its strategy, the company has forayed into the chocolate spreads segment under its brand Nutralite. This comes in two variants which include calciumenriched Nutralite Choco Spread besides the quinoabased protein-enriched variant. It has been launched on the e-commerce platform for now. The company plans to roll-out new launches under brands Complan, Glucon-D and Sugar Free.

Replying to a query on demand and supply chain trends, Arora said, "In terms of supply chains, things have been progressively improving and supply chains are now running closer to full potential. While local lockdowns in various regions are still being imposed but the impact has been minimal and we are leveraging on learnings from April and May to navigate these challenges.'

Centre issues norms for ₹1-lakh crore Agri Infra Fund scheme

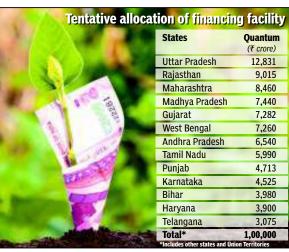

UP, with ₹12,831 cr, gets the highest allocation followed by Rajasthan at ₹9,015 cr

VISHWANATH KULKARNI

Bengaluru, July 20 The Centre has issued guidelines for financing under the recently announced ₹1-lakh crore Agriculture Infrastructure Fund (AIF) scheme, that seeks to facilitate creation and strengthening of post-harvest manageand marketing ment infrastructure across the

Under the scheme, ₹1-lakh crore will be provided as loan by banks and financial institutions to farmers, Farmer Organisations Producer (FPOs), Primary Agriculture Co-operative Societies, agrientrepreneurs, start-ups, and marketing co-operatives, among others, to set up agriculture infrastructure, such as supply chain services, including e-marketing platform, primary processing centres, warehouses, silos, pack houses, assaying units, sorting and grading units, cold chains, logistics facilities and ripening chambers. Financing under the AIF

will also be extended to viable projects for building community farming assets, such as organic input production, bio-stimulant production units, infrastructure for smart and precision agriculture, projects identified for providing supply chain infrastructure for cluster of crops, including export clusters and projects promoted by central/ state/ local governments of their agencies under public-private partnerships (PPP).

The scheme will be operational from the current financial year till 2029-30.

Loan component

Disbursements will be made in the first four years -₹10,000 crore in the current fiscal, and ₹30,000 crore

each over the next three years. The moratorium for repayment under this scheme may vary from six months to two years, an Agriculture Ministry note said.

All loans under this financing facility will have an interest subvention of 3 per

cent per annum up to a limit of ₹2 crore. This subvention will be available for a maximum period of seven years. For loans above ₹2 crore, the subvention will be limited to ₹2 crore, the Ministry said. The extent and percentage

of funding to private entrepreneurs out of the total financing facility may be fixed by a national-level monitoring committee consisting of officials from the Agriculture Ministry, states and NABARD, that will steer, guide and implement the project.

A Credit Guarantee coverage will be available for eligible borrowers from this financing facility under the Credit Guarantee Fund Trust for Micro and Small Enterprises for loans up to ₹2 crore. The fee for this coverage will be paid by the government.

All scheduled commercial

banks, scheduled co-operative banks, regional rural banks, small finance banks, NBFCs, and National Cooperative Development Corporation (NCDC) may participate in this financing facility after signing an MoU with NABARD/Department Agriculture.

Tentatively six states — Uttar Pradesh, Rajasthan, Maharashtra, Madhya Pradesh, Gujarat and West Bengal, are being allocated over half of this ₹1-lakh crore fund. The state-wise allocation has been worked out on the basis of the total value of agriculture and allied sectors of the

The Agri Infra Fund will be managed and monitored through an online MIS platform, and 24 per cent of the total grant-in-aid under the scheme should be utilised for SC/ST entrepreneurs, it said.

ture from the Bay of Bengal that the tail of the trough is attracting, at the opposite end, an incoming western disturbance and a cyclonic circulation over South-West Rajasthan combine to draw in rampaging flows

from the Arabian Sea. The India Meteorological Department (IMD) said on Monday that the convergence of moist southerly to south-westerly winds from the Bay would continue over North-East and adjoining East India as would the same over North-West India from the Arabian Sea flows, over the next 2-3 days.

IMD forecasts even more

The IMD has forecast widespread rainfall with isolated heavy to very heavy falls over Bihar, hills of West Bengal, Sikkim, Arunachal Pradesh, Assam, Meghalaya and Nagaland, Manipur, Mizoram and Tripura during the next 4-5 days and the rainfall intensity may reduce thereafter.

This could be likely due to an expected formation of a lowpressure in the Arabian Sea close to the Kerala coast over the next few days, which could divert some of the intense flows headed into the Bay. Instead, the West Coast could likely slip under a spell of very heavy rainfall

later during this week. The IMD has forecast fairly widespread to widespread rainfall with isolated heavy to very heavy falls over Jammu & Kashmir, Ladakh, Himachal Pradesh, Uttarakhand, Punjab, Haryana, Chandigarh, Delhi and Uttar Pradesh during next two days.

Oilseed imports zoom 226% in four years, exports dip 14%

India is seen importing oilseeds more aggressively than exporting it. As per the government data for past four years, oilseeds imports to India have jumped 226 per cent as against 14 per cent dip in exports.

Data from the Directorate General of Foreign Trade (DGFT), as compiled by the Solvent Extractors' Association of India (SEA), showed that during 2019-20, India exported 1,068,215 tonnes of oilseeds worth ₹9,391 crore against 1,247,572 tonnes worth ₹9,060 crore in 2016-17.

On the other hand, India imported 520,871 tonnes of oilseeds for 2019-20 valued at ₹2,838 crore as against 159,330 tonnes worth ₹758 crore in 2016-17.

The SEA informed that under the current policy, export of oil-

seeds are freely allowed. Similarly, import is also freely allowed with import duty of 30 per cent + 4 per cent special additional duty (SAD).

"Import of oilseed, a raw material for domestic oil milling and solvent extraction industry, supports the processing and capacity utilisation. The export of oilseeds are decreasing year-byyear while imports of oilseeds are rising," BV Mehta, Executive Director, SEA, said in a state-

Major oilseeds imported to India include soyabean at 360,649 (157,049) tonnes, sesameseed at 147,169 (87,538) tonnes and cottonseed at 7,412 Whereas, (7.868)tonnes. groundnut was the largest exported oilseed at 664,442 (489,187) tonnes, followed by sesameseed at 282,210 (312,003)

'₹300-cr worth illegal HT cottonseeds in the market'

Pune, July 20 About 50 lakh packets of Herbicide Tolerant (HT) Bt cotton (about 24 lakh kg) worth ₹300 crore are in circulation in Andhra Pradesh, Telangana and Maharashtra, according to the National Seed Association of India (NSAI), which says that this money is being siphoned off from legal business and goes into the hands of illegal players.

Illegal HT seeds are contaminating breeding material and parent lines of the seed companies, especially those selling BG2 cotton seeds, and State governments are taking action against licensed seed companies if HT genes are found even in a few lots of seeds.

"Now, HTBt cotton is pegged at about 15-20 per cent of total cotton cultivation. These 50 lakh packets of HTBt cotton seeds (of 450 gm each) are making a dent into seed companies' revenues. ₹300 crore is going to illegal play-

ers selling HTBt seeds, causing a huge loss to cottonseed sector in India," Indra Shekhar Singh, Director-Policy and Outreach, NSAI,

told BusinessLine. He added that the cotton seed economy is being disrupted because of flourishing illegal HTBt trade. The government must take immediate steps to stop the circulation of these seeds and initiate

action

ing for the last few years now. NSAI has repeatedly written to the Centre seeking action. Because of illegal HTBt, the larger seed sector has been contaminated and companies doing legal business are suffering because they are being punished even if a small amount of HTBt is found in

their seed lot. We are for technology but not at the cost of India's sovereignty. There are legal ways of bringing technology into the country, let us follow procedure abiding by independent agronomy, biosafety, analysis, etc,"

said Singh. Industry players

said tthe Centre is aware of companies which are into the illegal business and alleged that the fields are being contamin-

ated with HTBt and this was a way to 'finish' legal seed business.

Unapproved cotton

The Ministry of Agriculture had informed the Lok Sabha in February 2019 that the Department of Biotechnology had constituted a Field Inspection and Scientific Evaluation Committee to investigate the production of Bt cotton seeds with unapproved genes. The panel found that unapproved cotton was grown, on an average, on 15 per cent of the cotton-cultivable area in Andhra Pradesh, Gujarat, Maharashtra and Telangana, and 5 per cent in Punjab during the 2017-18 season. In June last year, Shetkari

Sanghatana – the apex body of farmers in Maharashtra – launched a 'civil disobedience' movement by sowing HTBt cotton to protest against the Centre's ban on GM crops. Over 1,000 farmers had participated in the movement and the farmers openly defied the ban on GM crop daring the government to take action. This year, again, the Sanghatana has launched a similar drive and claimed that about 25 per cent of the State's total cotton is under HT cotton, while in Telangana nearly a tenth of the cotton crop is covered by HT cotton grown on about 5-6 lakh

NEWS

After several failed bids, Liberty House now eyes the Indian renewable space

SURESH PIYENGAR THOMAS KTHOMAS

Having failed to acquire Amtek Auto, ABG Shipyard and Bhushan Power through the Insolvency and Bankruptcy process, Steel tycoon Sanjeev Gupta is redrawing his India strategy. Gupta is now eyeing acquisitions in India's renewable space in addition to opportunities in steel and aluminium industries.

"Given that India's demand for energy is growing and Modi government's drive for renew-

able energy we will be interested in investing in this space in India. We are keen on large scale renewable projects for producing hydrogen and then producing hydrogen steel," Gupta told BusinessLine in an interview.

Cautious approach

Since 2018, Gupta's Liberty House Group has been trying to acquire several Indian entities as part of its plans to expand through a string of acquisitions. However, the company has so far managed to get only Adhunik Metaliks and Zion Steel for ₹425 than what we had thought

dia. "In 2018, we had made big plans to gain momentum. But it has not worked out as we had planned. We underestimated the competition. So we have learned from that experience that we should be patient and not be in a hurry in a place like India. So far we have managed to secure one good asset. So our journey in India continues though it would take longer

earlier. We will do things cau-Gupta now wants to adopt a tiously going forward. But India hubs globally," Gupta added.

Under the new plan, Liberty House will focus on opportunities in steel, aluminium and renewable energy. "Over the next 12 months, we would acquire one more asset at least. So instead of putting together a string of pearls in one go, we will do it slowly adding one pearl at a time," Gupta explained.

"Going forward, we would fo-

Sanjeev Gupta, Founder, Liberty House Group

cus on steel, aluminium, and renewable energy. That's where you will see us participating in India. We are interested in min-

ing, especially iron ore. Downstream is not our primary focus," he said.

Amtek Auto fall-out

Liberty House's bids for Indian entities, especially in the case of Amtek Auto, fell through due to complications in the IBC process.

"IBC is a great thing that's happened to India. It's what attracted us to India. But perhaps we underestimated the process and time it would take to stabilise the rules. We were perhaps naive to think that India will go through with this process smoothly and quickly when take a final shape," Gupta said.

Adhunik & Zion Steel

For now, Liberty is focussing on ensuring more investments into Adhunik Metaliks and Zion

"The Covid has disrupted the turnaround plan else we would have been operational already. But we plan to start operations by September. We also have

plans to upgrade and expand Adhunik," Gupta said.

When asked about policy support required from th ment, Gupta said that the focus should only be on supporting industry on the supply side.

"There has been big clean up in corporate sector post-IBC (insolvency and bankruptcy code) which is good. Now is the time to invest again with the support of banks and financial institutions. The government role should be to boost investment rather than putting trade barriers," he said.

Zydus Wellness to focus on nutrition, immunity play

MEENAKSHI VERMA AMBWANI

New Delhi, July 20

Zydus Wellness Ltd, known for brands such as Complan, Sugar Free and Glucon-D, is set to make a stronger play in the nutrition and immunity-boosting space with new launches across its brands, to meet the evolving needs of consumers in the pandemic.

Tarun Arora, CEO, Zydus Wellness Ltd, said, "We have a portfolio which has a strong nutrition play and our products are well-poised to meet consumer's needs for healthier lifestyles and we are looking to strengthen this further. We are in the process of working on launching a new product which offers consumers support in boosting immunity in the next few weeks.'

Brands integration

Last year, the company had completed the acquisition of Heinz's India consumer wellness business that consists of brands Nycil, Complan, Glucon-D and Sampriti

"We have completed the integration process and have been looking at new launches under all the brands with strong growth plans. While the spread of the pandemic delayed some of the plans for 2020, but integration of the business helped reduce costs and enabled us to become more agile in these challenging times," he added.

In line with its strategy, the company has forayed into the chocolate spreads segment under its brand Nutralite. This comes in two variants which include calciumenriched Nutralite Choco Spread besides the quinoabased protein-enriched variant. It has been launched on the e-commerce platform for now. The company plans to roll-out new launches under brands Complan, Glucon-D and Sugar Free.

Replying to a query on demand and supply chain trends, Arora said, "In terms of supply chains, things have been progressively improving and supply chains are now running closer to full potential. While local lockdowns in various regions are still being imposed but the impact has been minimal and we are leveraging on learnings from April and May to navigate these challenges.'

Centre issues norms for ₹1-lakh crore Agri Infra Fund scheme

UP, with ₹12,831 cr, gets the highest allocation followed by Rajasthan at ₹9,015 cr

VISHWANATH KULKARNI

Bengaluru, July 20 The Centre has issued guidelines for financing under the recently announced ₹1-lakh crore Agriculture Infrastructure Fund (AIF) scheme, that seeks to facilitate creation and strengthening of post-harvest manageand marketing ment infrastructure across the

Under the scheme, ₹1-lakh crore will be provided as loan by banks and financial institutions to farmers, Farmer Producer Organisations (FPOs), Primary Agriculture Co-operative Societies, agrientrepreneurs, start-ups, and co-operatives, marketing among others, to set up agriculture infrastructure, such as supply chain services, including e-marketing platform, primary processing centres, warehouses, silos, pack houses, assaying units, sorting and grading units, cold chains, logistics facilities and ripening chambers.

Financing under the AIF will also be extended to viable projects for building community farming assets, such as organic input production, bio-stimulant production units, infrastructure for smart and precision agriculture, projects identified for providing supply chain infrastructure for cluster of crops, including export clusters and projects promoted by central/ state/ local governments of their agencies under public-private partnerships (PPP).

ä	States	Quantu (₹ crore
	Uttar Pradesh	12,83
	Rajasthan	9,01
	Maharashtra	8,46
6	Madhya Pradesh	7,440
1	Gujarat	7,282
	West Bengal	7,260

The last	Karnataka	4,525
-	Bihar	3,980
	Haryana	3,900
	Telangana	3,075
-	Total*	1,00,000

The scheme will be operational from the current financial year till 2029-30.

Loan component

Disbursements will be made in the first four years -₹10,000 crore in the current fiscal, and ₹30,000 crore

each over the next three years. The moratorium for repayment under this scheme may vary from six months to two years, an Agriculture Ministry note said.

All loans under this financing facility will have an interest subvention of 3 per

cent per annum up to a limit of ₹2 crore. This subvention will be available for a maximum period of seven years. For loans above ₹2 crore, the subvention will be limited to ₹2 crore, the Ministry said.

The extent and percentage of funding to private entrepreneurs out of the total financing facility may be fixed by a national-level monitoring committee consisting of officials from the Agriculture Ministry, states and NABARD, that will steer, guide and implement the project.

A Credit Guarantee coverage will be available for eligible borrowers from this financing facility under the Credit Guarantee Fund Trust for Micro and Small Enterprises for loans up to ₹2 crore. The fee for this coverage will be paid by the government.

All scheduled commercial

banks, scheduled co-operate ive banks, regional rural banks, small finance banks, NBFCs, and National Cooperative Development Corporation (NCDC) may participate in this financing facility after signing an MoU with NABARD/Department Agriculture.

Tentatively six states — Uttar Pradesh, Rajasthan, Maharashtra, Madhya Pradesh, Gujarat and West Bengal, are being allocated over half of this ₹1-lakh crore fund. The state-wise allocation has been worked out on the basis of the total value of agriculture and allied sectors of the

The Agri Infra Fund will be managed and monitored through an online MIS platform, and 24 per cent of the total grant-in-aid under the scheme should be utilised for SC/ST entrepreneurs, it said.

ture from the Bay of Bengal that the tail of the trough is attract-Alignment of the rain-driving ing, at the opposite end, an incoming western disturbance monsoon trough across North-West India towards the foothills and a cyclonic circulation over is such that the intense wet spells South-West Rajasthan combine

to draw in rampaging flows from the Arabian Sea. The India Meteorological Department (IMD) said on Monday that the convergence of moist southerly to south-westerly winds from the Bay would continue over North-East and adjoining East India as would the same over North-West India

IMD forecasts even more

the next 2-3 days.

from the Arabian Sea flows, over

The IMD has forecast widespread rainfall with isolated heavy to very heavy falls over Bihar, hills of West Bengal, Sikkim, Arunachal Pradesh, Assam, Meghalaya and Nagaland, Manipur, Mizoram and Tripura during the next 4-5 days and the rainfall intensity may reduce thereafter.

This could be likely due to an expected formation of a lowpressure in the Arabian Sea close to the Kerala coast over the next few days, which could divert some of the intense flows headed into the Bay. Instead, the West Coast could likely slip under a spell of very heavy rainfall later during this week.

The IMD has forecast fairly widespread to widespread rainfall with isolated heavy to very heavy falls over Jammu & Kashmir, Ladakh, Himachal Pradesh, Uttarakhand, Punjab, Haryana, Chandigarh, Delhi and Uttar Pradesh during next two days.

$Oil seed \, imports \, zoom \, 226\%$ in four years, exports dip 14%

India is seen importing oilseeds more aggressively than exporting it. As per the government data for past four years, oilseeds imports to India have jumped 226 per cent as against 14 per cent dip in exports.

Data from the Directorate General of Foreign Trade (DGFT), as compiled by the Solvent Extractors' Association of India (SEA), showed that during 2019-20, India exported 1,068,215 tonnes of oilseeds worth ₹9,391 crore against 1,247,572 tonnes worth ₹9,060 crore in 2016-17.

On the other hand, India imported 520,871 tonnes of oilseeds for 2019-20 valued at ₹2,838 crore as against 159,330 tonnes worth ₹758 crore in 2016-17.

The SEA informed that under the current policy, export of oil-

seeds are freely allowed. Similarly, import is also freely allowed with import duty of 30 per cent + 4 per cent special additional duty (SAD).

"Import of oilseed, a raw material for domestic oil milling and solvent extraction industry, supports the processing and capacity utilisation. The export of oilseeds are decreasing year-byyear while imports of oilseeds are rising," BV Mehta, Executive Director, SEA, said in a state-

Major oilseeds imported to India include soyabean at 360,649 (157,049) tonnes, sesameseed at 147,169 (87,538) tonnes and cottonseed at 7,412 Whereas, (7.868)tonnes. groundnut was the largest exported oilseed at 664,442 (489,187) tonnes, followed by sesameseed at 282,210 (312,003)

'₹300-cr worth illegal HT cottonseeds in the market'

Pune, July 20 About 50 lakh packets of Herbicide Tolerant (HT) Bt cotton (about 24 lakh kg) worth ₹300 crore are in circulation in Andhra Pradesh, Telangana and Maharashtra, according to the National Seed Association of India (NSAI), which says that this money is being siphoned off from legal business and goes into the hands of illegal players.

Illegal HT seeds are contaminating breeding material and parent lines of the seed companies, especially those selling BG2 cotton seeds, and State governments are taking action against licensed seed companies if HT genes are found even in a few lots of seeds.

"Now, HTBt cotton is pegged at about 15-20 per cent of total cotton cultivation. These 50 lakh packets of HTBt cotton seeds (of 450 gm each) are making a dent into seed companies' revenues. ₹300 crore is going to illegal play-

ers selling HTBt seeds, causing a huge loss to cottonseed sector in India," Indra Shekhar Singh, Director-Policy and Outreach, NSAI, told BusinessLine.

He added that the cotton seed economy is being disrupted because of flourishing illegal HTBt trade. The government must take immediate steps to stop the circulation of these seeds and initiate action against

Since 2018, Gupta's Liberty House Group has been trying to acquire several Indian entities as part of its plans to expand through a string of acquisitions. However, the company has so far managed to get only Adhunik Metaliks and Zion Steel for ₹425 than what we had thought

dia. "In 2018, we had made big plans to gain momentum. But it has not worked out as we had planned. We underestimated the competition. So we have learned from that experience that we should be patient and not be in a hurry in a place like India. So far we have managed to secure one good asset. So our journey in India continues though it would take longer

earlier. We will do things cau-Gupta now wants to adopt a tiously going forward. But India hubs globally," Gupta added.

Under the new plan, Liberty House will focus on opportunities in steel, aluminium and renewable energy. "Over the next 12 months, we would acquire one more asset at least. So instead of putting together a string of pearls in one go, we will do it slowly adding one pearl at a time," Gupta explained.

"Going forward, we would fo-

Sanjeev Gupta, Founder, Liberty House Group

cus on steel, aluminium, and renewable energy. That's where you will see us participating in India. We are interested in min-

ing, especially iron ore. Downstream is not our primary focus," he said.

Amtek Auto fall-out

Liberty House's bids for Indian entities, especially in the case of Amtek Auto, fell through due to complications in the IBC process.

"IBC is a great thing that's happened to India. It's what attracted us to India. But perhaps we underestimated the process and time it would take to stabilise the rules. We were perhaps naive to think that India will go through with this process smoothly and quickly when take a final shape," Gupta said.

Adhunik & Zion Steel

For now, Liberty is focussing on ensuring more investments into Adhunik Metaliks and Zion Steel.

"The Covid has disrupted the turnaround plan else we would have been operational already. But we plan to start operations by September. We also have plans to upgrade and expand Adhunik," Gupta said.

When asked about policy suport required from th ment, Gupta said that the focus should only be on supporting industry on the supply side.

"There has been big clean up in corporate sector post-IBC (insolvency and bankruptcy code) which is good. Now is the time to invest again with the support of banks and financial institutions. The government role should be to boost investment rather than putting trade barriers," he said.

Zydus Wellness to focus on nutrition, immunity play

MEENAKSHI VERMA AMBWANI

New Delhi, July 20

Zydus Wellness Ltd, known for brands such as Complan, Sugar Free and Glucon-D, is set to make a stronger play in the nutrition and immunity-boosting space with new launches across its brands, to meet the evolving needs of consumers in the pandemic.

Tarun Arora, CEO, Zydus Wellness Ltd, said, "We have a portfolio which has a strong nutrition play and our products are well-poised to meet consumer's needs for healthier lifestyles and we are looking to strengthen this further. We are in the process of working on launching a new product which offers consumers support in boosting immunity in the next few weeks.'

Brands integration

Last year, the company had completed the acquisition of Heinz's India consumer wellness business that consists of brands Nycil, Complan, Glucon-D and Sampriti

"We have completed the integration process and have been looking at new launches under all the brands with strong growth plans. While the spread of the pandemic delayed some of the plans for 2020, but integration of the business helped reduce costs and enabled us to become more agile in these challenging times," he added.

In line with its strategy, the company has forayed into the chocolate spreads segment under its brand Nutralite. This comes in two variants which include calciumenriched Nutralite Choco Spread besides the quinoabased protein-enriched variant. It has been launched on the e-commerce platform for now. The company plans to roll-out new launches under brands Complan, Glucon-D and Sugar Free.

Replying to a query on demand and supply chain trends, Arora said, "In terms of supply chains, things have been progressively improving and supply chains are now running closer to full potential. While local lockdowns in various regions are still being imposed but the impact has been minimal and we are leveraging on learnings from April and May to navigate these challenges.'

Centre issues norms for ₹1-lakh crore Agri Infra Fund scheme

UP, with ₹12,831 cr, gets the highest allocation followed by Rajasthan at ₹9,015 cr

VISHWANATH KULKARNI

Bengaluru, July 20 The Centre has issued guidelines for financing under the recently announced ₹1-lakh crore Agriculture Infrastructure Fund (AIF) scheme, that seeks to facilitate creation and strengthening of post-harvest manageand marketing ment infrastructure across the

Under the scheme, ₹1-lakh crore will be provided as loan by banks and financial institutions to farmers, Farmer Producer Organisations (FPOs), Primary Agriculture Co-operative Societies, agrientrepreneurs, start-ups, and marketing co-operatives, among others, to set up agriculture infrastructure, such as supply chain services, including e-marketing platform, primary processing centres, warehouses, silos, pack houses, assaying units, sorting and grading units, cold chains, logistics facilities and ripening chambers.

Financing under the AIF will also be extended to viable projects for building community farming assets, such as organic input production, bio-stimulant production units, infrastructure for smart and precision agriculture, projects identified for providing supply chain infrastructure for cluster of crops, including export clusters and projects promoted by central/ state/ local governments of their agencies under public-private partnerships (PPP).

The scheme will be operational from the current financial year till 2029-30.

Loan component

Disbursements will be made in the first four years -₹10,000 crore in the current fiscal, and ₹30,000 crore

each over the next three years. The moratorium for repayment under this scheme may vary from six months to two years, an Agriculture Ministry note said.

All loans under this financing facility will have an interest subvention of 3 per

cent per annum up to a limit of ₹2 crore. This subvention will be available for a maximum period of seven years. For loans above ₹2 crore, the subvention will be limited to ₹2 crore, the Ministry said.

The extent and percentage of funding to private entrepreneurs out of the total financing facility may be fixed by a national-level monitoring committee consisting of officials from the Agriculture Ministry, states and NABARD, that will steer, guide and implement the project.

A Credit Guarantee coverage will be available for eligible borrowers from this financing facility under the Credit Guarantee Fund Trust for Micro and Small Enterprises for loans up to ₹2 crore. The fee for this coverage will be paid by the government.

All scheduled commercial

banks, scheduled co-operative banks, regional rural banks, small finance banks, NBFCs, and National Cooperative Development Corporation (NCDC) may participate in this financing facility after signing an MoU with NABARD/Department Agriculture.

Tentatively six states — Uttar Pradesh, Rajasthan, Maharashtra, Madhya Pradesh, Gujarat and West Bengal, are being allocated over half of this ₹1-lakh crore fund. The state-wise allocation has been worked out on the basis of the total value of agriculture and allied sectors of the

The Agri Infra Fund will be managed and monitored through an online MIS platform, and 24 per cent of the total grant-in-aid under the scheme should be utilised for SC/ST entrepreneurs, it said.

seeds with unapproved genes.

Assam flood situation grim

even as IMD sees more rain

Villagers row a makeshift raft through a flooded field to reach a

VINSON KURIAN

Alignment of the rain-driving monsoon trough across North-West India towards the foothills is such that the intense wet spells on view would continue varyingly for the next few days over North-West India, East India and North-East India, likely aggravating the flooding and landslide risk in the region.

The Central Water Commission has indicated at the possibility of severe to extreme floods in the main Brahmaputra River from Dibrugarh to Dhubri districts. It is already flowing in severe flood situation in Jorhat and Sonitpur. Downstream of Tezpur, the river has started rising in Guwahati.

Floods and landslides in Assam have left at least 107 dead with Prime Minister Narendra Modi assuring Chief Minister Sarbananda Sonowal of all possible support to ride out the situation. The Assam State Disaster Management Authority said that 81 had died in the floods, while 26 perished in landslides.

Trough alignment

Meanwhile, the head of the monsoon trough is in the normal position over North-West India, while its tail - after breaking loose off anchor in the Bay of Bengal a few days ago — has moved towards the foothills, giving both North-East India and adjoining East India a severe lashing, which continued into Monday.

While it is the south-westerly winds with boatloads of mois-

ture from the Bay of Bengal that the tail of the trough is attracting, at the opposite end, an incoming western disturbance and a cyclonic circulation over South-West Rajasthan combine to draw in rampaging flows from the Arabian Sea.

The India Meteorological Department (IMD) said on Monday that the convergence of moist southerly to south-westerly winds from the Bay would continue over North-East and adjoining East India as would the same over North-West India from the Arabian Sea flows, over the next 2-3 days.

IMD forecasts even more

The IMD has forecast widespread rainfall with isolated heavy to very heavy falls over Bihar, hills of West Bengal, Sikkim, Arunachal Pradesh, Assam, Meghalaya and Nagaland, Manipur, Mizoram and Tripura during the next 4-5 days and the rainfall intensity may reduce thereafter.

This could be likely due to an expected formation of a lowpressure in the Arabian Sea close to the Kerala coast over the next few days, which could divert some of the intense flows headed into the Bay. Instead, the West Coast could likely slip under a spell of very heavy rainfall later during this week.

The IMD has forecast fairly widespread to widespread rainfall with isolated heavy to very heavy falls over Jammu & Kashmir, Ladakh, Himachal Pradesh, Uttarakhand, Punjab, Haryana, Chandigarh, Delhi and Uttar Pradesh during next two days.

$Oil seed \, imports \, zoom \, 226\%$ in four years, exports dip 14%

India is seen importing oilseeds more aggressively than exporting it. As per the government data for past four years, oilseeds imports to India have jumped 226 per cent as against 14 per cent dip in exports.

Data from the Directorate General of Foreign Trade (DGFT), as compiled by the Solvent Extractors' Association of India (SEA), showed that during 2019-20, India exported 1,068,215 tonnes of oilseeds worth ₹9,391 crore against 1,247,572 tonnes worth ₹9,060 crore in 2016-17.

On the other hand, India imported 520,871 tonnes of oilseeds for 2019-20 valued at ₹2,838 crore as against 159,330 tonnes worth ₹758 crore in 2016-17.

The SEA informed that under the current policy, export of oil-

seeds are freely allowed. Similarly, import is also freely allowed with import duty of 30 per cent + 4 per cent special additional duty (SAD).

"Import of oilseed, a raw material for domestic oil milling and solvent extraction industry, supports the processing and capacity utilisation. The export of oilseeds are decreasing year-byyear while imports of oilseeds are rising," BV Mehta, Executive Director, SEA, said in a state-

Major oilseeds imported to

India include soyabean at 360,649 (157,049) tonnes, sesameseed at 147,169 (87,538) tonnes and cottonseed at 7,412 Whereas, (7.868)tonnes. groundnut was the largest exported oilseed at 664,442 (489,187) tonnes, followed by sesameseed at 282,210 (312,003)

'₹300-cr worth illegal HT cottonseeds in the market'

NEWS

Pune, July 20 About 50 lakh packets of Herbicide Tolerant (HT) Bt cotton (about 24 lakh kg) worth ₹300 crore are in circulation in Andhra Pradesh, Telangana and Maharashtra, according to the National Seed Association of India (NSAI), which says that this money is being siphoned off from legal business and goes into the hands of illegal players.

Illegal HT seeds are contaminating breeding material and parent lines of the seed companies, especially those selling BG2 cotton seeds, and State governments are taking action against licensed seed companies if HT genes are found even in a few lots of seeds.

"Now, HTBt cotton is pegged at about 15-20 per cent of total cotton cultivation. These 50 lakh packets of HTBt cotton seeds (of 450 gm each) are making a dent into seed companies' revenues. ₹300 crore is going to illegal play-

ers selling HTBt seeds, causing a huge loss to cottonseed sector in India," Indra Shekhar Singh, Director-Policy and Outreach, NSAI, told BusinessLine.

He added that the cotton seed economy is being disrupted because of flourishing illegal HTBt trade. The government must take immediate steps to stop the circulation of these seeds and initiate against action

Contamination "This has been happen-

companies mar-

keting them.

ing for the last few years now. NSAI has repeatedly written to the Centre seeking action. Because of illegal HTBt, the larger seed sector has been contaminated and companies doing legal business are suffering because they are being punished even if a small amount of HTBt is found in

their seed lot. We are for technology but not at the cost of India's sovereignty. There are legal ways of bringing technology into the country, let us follow procedure abiding by independent agronomy, biosafety, analysis, etc,"

said Singh. Industry players

SURESH PIYENGAR able energy we will be interested in investing in this space in Into acquire Amtek

THOMAS KTHOMAS Having failed

Auto, ABG Shipyard and Bhushan Power through the Insolvency and Bankruptcy process, Steel tycoon Sanjeev Gupta is redrawing his India strategy. Gupta is now eyeing acquisitions in India's renewable space in addition to opportunities in steel and aluminium industries.

"Given that India's demand for energy is growing and Modi government's drive for renewdia. We are keen on large scale renewable projects for producing hydrogen and then producing hydrogen steel," Gupta told BusinessLine in an interview.

Cautious approach Since 2018, Gupta's Liberty House Group has been trying to acquire several Indian entities as part of its plans to expand through a string of acquisitions. However, the company has so far managed to get only Adhunik Metaliks and Zion Steel for ₹425 than what we had thought

dia. "In 2018, we had made big plans to gain momentum. But it has not worked out as we had planned. We underestimated the competition. So we have learned from that experience that we should be patient and not be in a hurry in a place like India. So far we have managed to secure one good asset. So our journey in India continues

though it would take longer

earlier. We will do things cau-Gupta now wants to adopt a tiously going forward. But India

hubs globally," Gupta added. Under the new plan, Liberty House will focus on opportunities in steel, aluminium and renewable energy. "Over the next 12 months, we would acquire one more asset at least. So instead of putting together a string of pearls in one go, we will do it slowly adding one pearl at a

time," Gupta explained. "Going forward, we would foSanjeev Gupta, Founder,
